Commenting on the Company's performance for FY2016, Mr. Prayasvin Patel, CMD said "We had a sequential improvement in the margins of gear business as a result of a better product mix and efficiencies in manufacturing. The quarter was very eventful for the company as we booked two large scale orders in the naval defence space. Despite the headwinds in the economy, these orders will add momentum to our business as we enter the new fiscal. In the material handling business, while we grapple with macro-economic challenges, we have been able to improve consolidated financial position on a quarter on quarter basis. Going forward, we will strive to ensure that we continue excelling in our technology and execution such that our reputation continues to enhance in the market place."

Corporate Action

Dividend

The Board of Directors of the Company has recommended a dividend of 55% (Rs. 1.10 per share) for its shareholders.

Merger of Elecon and Elecon EPC

Key Highlights

- Shareholders of Elecon EPC will receive for every 2 (Two) Equity shares held, 37 (Thirty Seven) Equity shares in Elecon.
- Strategy remains unchanged, with continued focus on delivering attractive growth, sustainable development and long term value for shareholders.
- Completion expected in last quarter of FY 2017 subject to all regulatory and shareholder approvals.

Mr. Prayasvin Patel, Chairman and Managing Director of Elecon, said *"The merger of Elecon EPC into Elecon was necessitated as some of the advantages that we envisaged in the earlier demerger did not percolate down to both the divisions. While we did see some momentum in the Transmission business, the material handling business was bogged down by tough industry and macroeconomic conditions. We believe the merger of the EPC business back into the parent would deliver economies of scale and financial benefits that would benefit both the Company and the shareholders."*

He also added, *"The independent Directors unanimously recommend the proposed combination and we as a Company are committed to our objective of maximizing shareholder returns over a long term period."*

Mr. Pradipt Patel, Director of Elecon EPC, said *"The merger with Elecon will enable smooth functioning of business verticals currently housed within Elecon EPC and would improve operational efficiencies within the said verticals. India's EPC Industry is facing a slow down due to various reasons including delay in governmental clearances, environmental approvals and land acquisitions etc. The Company's strategy on moving away from EPC projects and focusing solely on the equipment's business would further cement the consolidation with Elecon which is being envisaged."*

Strategic Rationale:

- The Scheme envisages amalgamation of Elecon EPC into Elecon, resulting in consolidation of the business in one entity and strengthening the position of the merged entity, by enabling it to harness and optimize the synergies of the two companies.
- The proposed amalgamation of Elecon EPC into Elecon is in line with the global trends to achieve size, scale, integration and greater financial strength and flexibility and in the interests of maximizing shareholder value.
- The merged entity is likely to achieve higher long-term financial returns that could not be achieved by the companies individually.

- Elecon EPC and Elecon believe that the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of Elecon EPC and Elecon pooled in the merged entity, will lead to increased competitive strength, cost reduction and efficiencies, productivity gains, and logistic advantages, thereby significantly contributing to future growth.
- Enable Elecon to use the resources of Elecon EPC and vis-a-versa and generate synergy in operations.
- The consolidated entity would be able to utilize its full potential and leverage on the combined financial strength as well as optimize the use of resources for the purpose of future growth.
- Reduction of overheads and other expenses, facilitate administrative convenience and ensure optimum utilization of available services and resources.

Benefits for Shareholders of Elecon:

- It is projected that businesses of Elecon and Elecon EPC consolidated and housed under one entity would result in significant improvement in profitability and operational efficiency as well as enable focused growth of both the business verticals. This would result in significant improvement in returns to shareholders of Elecon.

Proposed Transaction

- Merger of Elecon EPC with Elecon through court approved Scheme of Arrangement under Section 391-394 of the Companies Act, 1956 or corresponding applicable provisions of Companies Act, 2013.
- On completion of merger, shareholders of Elecon EPC (except Elecon) will receive for every 2 Equity Shares held:
 - 37 equity shares in Elecon of face value Rs. 2 per share
- No shares will be issued by Elecon towards shares held by it in Elecon EPC and all those shares would be cancelled as part of the Scheme.
- Following completion of amalgamation of Elecon EPC with Elecon:
 - Promoter's shareholding in Elecon will increase from 57.34% to 58.58%
 - Public shareholding in Elecon will decrease from 42.66% to 41.42%
- The Transaction is subject to approval from public shareholders of Elecon, shareholders of Elecon EPC, Stock Exchanges where equity shares of Elecon are listed, Securities and Exchange Board of India, Gujarat High Court and other regulatory authorities as applicable.
- The Transaction will be tax neutral for Elecon, Elecon EPC and their shareholders under Indian Laws.
- All the existing equity shares of Elecon will continue to be listed on BSE Limited and National Stock Exchange of India Limited coupled with fresh shares being issued by Elecon to the shareholders of Elecon EPC.
- Accounting for the Transaction would be done as per Purchase Method as prescribed by Accounting Standard 14 issued by Institute of Chartered Accountants of India. Under this method, all the assets and liabilities of Elecon EPC would be recorded in the books of Elecon at their fair market value. Difference between net assets recorded in the books of Elecon and consideration issued in the form of equity shares of Elecon would be either be recorded as goodwill or capital reserve, as the case may be.
