Press Release

Good Luck on Expansion Spree

Ghaziabad, March 31, 2015: Good Luck Steel Tubes Ltd, an engineering product manufacturing conglomerate with an annual turnover of around Rs 1,200 crore, today the Board of Directors in its meeting approved the proposed expansion plan of its structure division to make a foot mark and tap the potential in focus sector, i.e. Railway, Defence and Power (renewable & non renewable).

Board of directors once again congratulated Execution Team for successful commissioning of its Auto Tubes Plant in the month of Nov' 14, well ahead of its schedule and approved to kick start the expansion of its structure division with a cap of maximum 40 crore under the second phase of business expansion.

Identifying the huge potential of fabricated support structure solutions in Railway, Defence and Power sector in India and overseas, the company is coming up with an expansion of its structure division with the new & modern facilities. The expansion once completed will contribute additional approx. Rs. 100 cr. to top line and significantly to bottom line.

The financial need will be met by debt and promoter's contribution. The Management is positively hopeful for its financial closure by April, 2015 and commissioning of the new facility by the end of March, 2016.
