Press Release

Good Luck Steel Tubes Limited won Award for Export Excellence

The Company has won the 44th EEPC India Regional Award (Northern) for Export Excellence for the year 2011-12 in the product group Tubes, Pipes and Hollow Profiles and Tube or pipe fittings, of Iron or Steel under Large Enterprise Category.

The award ceremony was held on 15th September, 2014 at Hotel The Lalit, Barakhamba Avenue, New Delhi. Mr. Pravin Kumar, DGFT, Ministry of Commerce, Govt. of India was the chief guest of the award ceremony.

The Engineering Export Promotion Council (EEPC) was set up in 1955 under the sponsorship of Ministry of Commerce, Govt. of India, for export promotion of engineering goods, projects and services from India. It is the largest Export Promotion Council having membership of nearly 12,000 from amongst large Corporate Houses, Star Trading Houses, Small & Medium Scale Units (SME), Trading Houses, etc.

About Good Luck :

Good Luck Group is an ISO 9001 certified organization, engaged in manufacturing and exporting of wide range of Automobile CDW Tubes, Forged Engineering Products, T&D Towers & Boiler Structure, Galvanized Pipes, Roofing Sheets & Annealed Sheets. Our Group is one of India's leading and fastest growing business groups with over 1800 employees and having plants and units at different locations. With all requisite facilities and domain expertise, Good Luck have the capacity to manufacture & process around 1,70,000 MT of various steel products.

Company is going to inaugurate its dream project of expanded CDW Tube capacity to be used for High end Automobiles by Dec. 2014. A further technological milestone project in forging Division is set to start in year 2015.

Good Luck is headed by an experienced Board of Directors and managed by highly skilled and capable professionals. A double pronged approach using state-of-the-art technology as well as exploiting indigenous potential is the Company philosophy that has served it well. Years of research and careful Co-Ordination of methodology has resulted in qualitatively superior products meeting stringent customer norms, manufactured by cost effective production techniques.

People say challenges are plenty but Good Luck Says the possibilities are infinite.
