Hindustan Zinc Limited Commissions Sewage Treatment Plant at Udaipur

Hindustan Zinc has commissioned the first Sewage Treatment Plant (STP) in Udaipur, India's city of lakes. It is the first sustainable development project of its kind in Rajasthan and has been constructed as per a tripartite agreement between Hindustan Zinc, Udaipur Municipal Corporation (UMC) and Urban Improvement Trust (UIT). The STP will treat 20 million litres of sewage per day.

The project has been completed in a record time of 14 months at a cost of over Rs 70 crore.

The STP is vital for the city of Udaipur, which is witnessing rapid urbanization and is a popular tourist destination. It will treat city's sewage leading to a substantial reduction in sewage inflow to the lakes and help maintain the beauty of lakes. Additionally, it will generate manure that will be sold by UMC to local bodies.

Hindustan Zinc is a pioneer in adopting clean green technology for its operations. The Company has water conservation as a focus area and most of its operations are working on zero discharge principle. Gainful waste utilization and power from wind and heat recovery are other green initiatives.

The STP project is a major step not only towards treatment of sewage in Udaipur but also in building a sustainable environment and conservation of water.

About Hindustan Zinc

HZL is one of the world's largest integrated producers of Zinc-Lead and a leading producer of Silver globally. It has a metal production capacity of one million tonnes per annum with its Lead-Zinc mines in Rampura Agucha, Sindesar Khurd, Rajpura Dariba, Zawar and Kayad; primary smelter operations at Chanderiya, Dariba and Debari, all in the state of Rajasthan; and finished product facilities in the state of Uttarakhand. HZL is focused on growth and long-term term sustainability on the back of its high-quality assets, long mine life of over 25 years and low cost base. The Company is a subsidiary of the BSE and NSE listed Sesa Sterlite Limited (ADRs listed on the NYSE), a part of London listed diversified metals and mining major, Vedanta Resources plc.

Disclaimer

This press release contains "forward-looking statements" - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behavior of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
