

PRESS RELEASE

Infosys Receives Daimler Supplier Award 2014

Bangalore, March 12, 2015: Infosys (NYSE: INFY), a global leader in consulting, technology, outsourcing and next-generation services, today announced that it has been honored with the coveted Daimler Supplier Award 2014 at the Mercedes-Benz Center in Stuttgart, Germany at a ceremony attended by 450 representatives of the major suppliers and about 200 representatives of Daimler management.

Infosys received the prestigious Daimler Supplier Award in the Outstanding Quality category, for professionalism in the provision of IT Data Center Services. The award was presented by Wilfried Porth, Member of the Board of Management of Daimler AG, Human Resources and Director of Labor Relations and Mercedes-Benz Vans and Wendelin Wolbert, Head of International Procurement Services.

Infosys has been working with Daimler for over 12 years with its cars, trucks and financial services business units across the globe. As a trusted partner for Daimler, Infosys has been delivering on key projects such as consulting for key business functions along with application development & support for both SAP-based and custom technology platforms.

Last year, Infosys successfully completed a large & complex transition program to take over support operations of Daimler's European Data Centre based in Stuttgart. Infosys has efficiently managed the operations since then. The additional responsibility of running the infrastructure operations of one of the key regional sales and manufacturing units has reinforced the trust that Daimler puts on Infosys.

Daimler AG honors outstanding performance of its direct and indirect supplier community annually with the Daimler Supplier Award. While working with suppliers, Daimler follows its cooperation model called the Daimler Supplier Network. This model is based on the principles of performance and partnership. Performance is measured in terms of quality, cost, delivery reliability and innovative strength. The partnership is based on trust and open communication.

Quotes:

Wendelin Wolbert, Head of International Procurement Services

"Infosys has successfully completed a complex transition and is now running thousands of Applications and Servers in Daimlers European Data Center. We thank Infosys for the reliability, flexibility , continuous improvements, and outstanding quality of their IT Services"

Sachin Sarode, Mercedes-Benz R&D India Pvt. Ltd.

"Infosys has demonstrated highly professional approach in the delivery of IT Managed Data Center Services. They managed a service transition with a high level of commitment and deftness to ensure that Daimler business was not impacted during the transition."

Jürgen Steffl, Global Commodity Manager IT Operation Services

"We also appreciate multiple service improvement initiatives of Infosys to further improve the service delivery. The key to success was the great collaboration between Procurement, IT and Infosys."

Sanjay Jalona, Executive Vice President and Global Head- High-Tech & Manufacturing and Engineering Services

"Throughout our long-standing relationship, we have focused on reliably delivering value through initiatives that transform the operations of Daimler and bring innovative solutions to their problems. This is the first time in many years that an IT partner has been presented with a Daimler Best Supplier Award. It is testament to the maturity of our automotive business as well as our growing presence in Germany."

Safe Harbor

Certain statements in this release concerning our future growth prospects are forward-looking statements regarding our future business expectations intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2014 and on Form 6-K for the quarters ended June 30, 2014, September 30, 2014 and December 31, 2014. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. In addition, please note that the date of this press release is mentioned at the beginning of the release, and any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of this date. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company unless it is required by law.
