# POLE Position

# POLE POSITION

“We have attained the **Pole Position** as a player within the consumption based industries of India. With strong consumption growth and impressive demand from retailers, our retail malls have become highly ‘sought after’ destinations by top-end national and international brands. These are amongst the most productive shopping centres in their respective locations, with their aggregate consumption sales surpassing some of India’s leading FMCG players. Most importantly, our creativity in developing the alternative asset classes on a build-and-sale model is also nothing short of the kind of energy we have placed behind our retail assets – and the results are showing themselves.

Our pole position gives us the privileges enjoyed in a seller’s market. Our world-class assets give us the ability to attract high-quality retailers and also earn strong rental yields, with handsome upsides and cash flows. Our pole position also allows us to engage with the best of breed stakeholders – investors, lenders and talent. This also gives us confidence to imagine and undertake larger and more ambitious projects.”

# PHOENIX MALLS ARE BEST IN CLASS AND IRREPLACEABLE

Market Leader Premium

- ❖ Our malls get the best brands at the highest rents
- ❖ Akin to the newspaper business, where the best brands pay a significant premium to advertise in the leading newspaper

Difficult to Replicate &  
Limited Competition

- ❖ It is very difficult to create city centric destinations of 3 to 4 Mn Sq Ft
- ❖ Currently no under development project in Pune, Mumbai, Bangalore and Chennai which is comparable to the Phoenix Marketcity mixed use developments.
- ❖ Head start for 5-6 years

Robust Growth to Continue

- ❖ Organized Retail has only a 6 to 7% penetration
- ❖ Expected to grow at a CAGR of 18 to 25% in coming years.
- ❖ 100% FDI in single-brand approved by Government
- ❖ 51% FDI in multi-brand approved by Government
- ❖ Good malls see a 20 to 40% CAGR in Sales in the first 3 to 4 years
