**Independent Auditors' Report
To the Members of RUCHI SOYA INDUSTRIES LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **Ruchi Soya Industries Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2014, the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;

Had the Scheme, approved by the Hon'ble High Court, not prescribed the accounting treatment as described in note 2(M), the accumulated balance in the General Reserve and Securities Premium account as at March 31, 2014 would have been higher by ` 5,193.54 lac and ` 23,842.30 lac respectively, profit for the year would have been lower by ` 2,008.35 lac, the accumulated balance in Statement of Profit and Loss as at March 31, 2014 would have been lower by ` 15,858.52 lac, the balance in Revaluation Reserve would have been ` 24,989.16 lac as against to ` Nil and the balance in Business Development Reserve would have been ` Nil.

However, the aggregate balance in Reserves and Surplus as at March 31, 2014 would have remained the same.

- b) Attention is drawn to Note 34, relating to remuneration paid to the Managing Director in excess of the permissible limits by ` 66.97 lac, which has since been recovered by the Company. The Company is in process of applying to the Central Government for the necessary approval. The said amount will be paid and charged to the profit and loss account on receipt of necessary approval.

Ruchi Soya Industries Limited

Performance for the year ended on March 31, 2014

May 30, 2014; Mumbai: Ruchi Soya Industries Limited (Ruchi Soya) has announced its audited financial results for the year (FY 2013-14) ended March 31, 2014. Net sales during the FY 2013-14 stood at Rs. 24,381 crore, slightly down by 6.75% from 26,146 crore in the last FY. Earnings before Interest and Finance Cost, Tax, Depreciation & Amortisation (EBITDA) stood at Rs. 733.75 crore as against Rs. 941.63 crore recorded in the previous year. Profit before tax stood at Rs. 49.72 crore as against Rs. 303.54 crore. With a higher provision of taxation, more particularly the deferred tax, Profit after Tax stood at Rs. 13.42 crore as against Rs. 236.26 crore.

Sale of Textured Soya Protein (TSP) or Soya Food stood at Rs. 177 crore, registering an impressive rise of 39.36% from Rs. 127 crore. Branded sales stood at Rs. 6,965 crore, registering healthy growth of 12.01% from Rs. 6,218 crore.

Commenting on the performance, **Founder and Managing Director, Mr. Dinesh Shahra** said, "The anomaly in import duty structure on crude and refined palm oil in India had an adverse impact on the performance of oil refining industry in India. The anomaly was partially corrected only in January 2014. Lower crop size of soybean in India resulting in lesser availability of seeds in the market, lack of parity, led to lower utilization of crushing capacities in India. Fluctuating USD INR Exchange rate and the consequent higher hedging cost also had an adverse impact on the profitability of the Company.

With the new and stable Government in India, we expect the import duty structure rationalized further, economy to get a boost, rupee to stabilize and improvement in the overall business sentiments.

Branded sales have been growing both in value and percentage of the total sales of Ruchi Soya. Textured Soya Foods as a category has been growing, providing great business opportunity for us. We are in the process of innovating new products in this category, which will help us strengthening our leadership position in Soya Foods and Edible Oils category in India.

Our popular brands 'Nutrela' and 'Sunrich' have been revitalized. 'Ruchi Gold' continues to be India's largest single oil brand. Joint ventures signed by the company during the fiscal will soon start yielding a positive outlook on our performance. We are making efforts to keep the costs under check, continue our focus on branded sales that can yield better margins and look forward to a better performance on a sustained basis in the times to come."
