

## **Sasken Achieves a Microsoft Silver Mobility Competency**

*Sasken earns distinction through demonstrated technology success and customer commitment.*

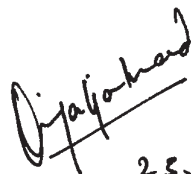

Bangalore, 23<sup>rd</sup> Jan, 2014 - Sasken Communication Technologies Ltd. (BSE: 532663 & NSE: SASKEN), today announced it has achieved Silver Mobility competency, demonstrating its ability to meet Microsoft Corp. customers' evolving needs in today's dynamic business environment.

To earn a Microsoft silver competency, partners must successfully demonstrate expertise through rigorous exams, culminating in Microsoft certifications. To ensure the highest quality of services, Microsoft requires customer references for successful implementation and customer satisfaction.

Sasken offers end-to-end solutions for smart devices that comprises of BSP base porting, driver development, OS migration, application development and services such as customization, verification, validation and certification and works closely with semiconductor vendors, OEMs and enterprise customers in areas of both Windows Phone and Windows Embedded software.

"This Microsoft Silver Mobility competency showcases our expertise in today's technology market and demonstrates our knowledge of Microsoft and its products," said Ravi T.V.S, Associate Vice President, Engineering. "Our plan is to accelerate our customers' success by serving as technology advisors for their business demands."

"By achieving a silver competency, organizations have proven their expertise in specific technology areas, placing them among the top 5 percent of Microsoft partners worldwide," said Phil Sorgen, Corporate Vice President, Worldwide Partner Group at Microsoft Corp. "When customers look for an IT partner to meet their business challenges, choosing a company that has attained Microsoft competencies is a smart move. These are highly qualified professionals with access to Microsoft technical support and product teams."
