- The loss is due to sale of old furniture and fixtures and no loss was incurred under the head 'Land and Building'.
- The reduction in Dividend is on account of sluggish performance of Banks in general due to economic slowdown. Many peer Banks have declared even lower dividends.
- Book value of the shares is exclusive of the revaluation reserve.
- Nomination facility would take some more time as amendment in the legislation is required. As nomination facility is available for dematerialised shares, shareholders are encouraged to dematerialise their shares.
- The observation to diversify CSR activities is well taken. To benefit many, CSR activities like fixing of fans and tube lights and installation of water filters in schools, etc., have been implemented through Branches. The Management is advised to diversify the activities still further.

- The logo of SBI is commonly adopted by all Associate Banks and this gives an inherent strength to the group.
