### **STONE INDIA'S BIO-TOILET ENTERING BANGLADESH MARKET**

ICCO Cooperation, a leading Dutch NGO through its Bangladesh Programme Office has executed Agreement with the company to set-up its ENBIOLET – the patented bio-toilet in Dhaka under Gates Foundation Sanitation evaluation grant. On successful completion of this project, the company eyes a major business opportunity in one of the World's most densely populated country.

Company has executed agreement with Rotary Club of Central Calcutta in co-operation Rotary Club of Reynolda, Winston, Salem, USA for Global Grant Program of Rotary International to set-up bio-toilet blocks in Rural Girl's school in West Bengal.

Further to our last communication on this matter, World Vision, in addition to Ranchi programme office, the Burdwan, West Bengal; Faridabad & Kanpur programme offices have executed agreement and released order for the bio-toilet. World Vision India has more than 160 programme offices across India.

Company sees a major growth in FY15 in this new business diversification. More than 1000 installations are currently operating in Pan India.
