Suzlon Group successfully acquires Big Sky wind park from Edison Mission Energy.

Pune: Suzlon Group, the world's leading and India's largest wind turbine manufacturer today announced via their fully owned US based subsidiary SWECO that they have successfully acquired Big Sky wind park from Edison Mission Energy.

The wind park consisting of 114 S88 turbines located in Illinois is Suzlon Group's biggest wind park in the US and one of the best performing installations in the country.

SWECO, CEO Duncan Koerbel said, "We are very pleased to have worked with our long-time customer Edison Mission on this transaction. Our relationship with Edison Mission dates back to the earliest days of Suzlon doing business with the US and we are pleased to have been their partner. We look forward to continuing that relationship with NRG Energy, Inc."

About Suzlon Group:

The Suzlon Group is ranked as the world's fifth largest* wind turbine supplier, in terms of cumulative installed capacity and marketshare, at the end of 2012. The company's global spread extends across Asia, Australia, Europe, Africa and North and South America with approximately 23,500 MW of wind energy capacity installed, operations across over 30 countries. The Group offers one of the most comprehensive product portfolios – ranging from sub-megawatt onshore turbines at 600 Kilowatts (KW), to the 6.2 MW 6.2M152 offshore turbine, with a vertically integrated, low-cost, manufacturing base. The Group –headquartered at Suzlon One Earth in Pune, India – comprises Suzlon Energy Limited and its subsidiaries, including Senvion SE. Visit us at www.suzlon.com
