### ACHIEVE

#### TIRUPATI INDUSTRIES (INDIA) LIMITED TO INVEST Rs. 150 Crores, BECOME INDIA'S LARGEST METALLIC COMPOUNDS PLAYER

Tirupati Industries (India) Limited, India's leading Vegetable Oils and Specialty Chemicals player under its MONOPOLY & GEMChem brands respectively, takes pride in informing the Stock Exchange and its shareholders at large about the Company's decision to invest Rs. 150 crores over next three years in the Company's fast expanding chemicals division with the aim of becoming India's largest fully integrated Metallic Compounds manufacturer.

In its Specialty Chemicals (Metallic Compounds) segment, the Company is a prominent player with products from a composite range of metals like Molybdenum, Bismuth, Cobalt, Cadmium, Nickel, Tungsten, Selenium, Silver and Manganese. There are other players in the country dealing with these items, however they do not offer products from all metals but rather manufacture products based only on 1 or 2 metals. Tirupati's products are of different grades and are value added with Commercial, LR and AR grades that are of very high purity and very low impurity levels.

Under the proposed expansion the Company plans scale up of its facilities by tripling its current capacity, acquiring units & will invest in its core competencies of manufacturing and strengthening its technological competence by continuously improving manufacturing processes and yields of products. To improve market share domestically, we focus on excellence in quality, timely deliveries, being price competitive and having innovative marketing and pricing strategies. Globally GEMChem will increase its presence in America, Asia & Africa by appointing distributors there.

Along with its massive Metallic Compounds Business, the chemicals range includes more than 3000 products including various LR, AR, ACS Grade Reagents, High Purity Acids and Solvents, Buffer Tablets, pH Indicator Solutions, Indicator Papers, Karl Fischer Reagents, Biological Stains, Ion Pairing Reagents, Clinical, Diagnostic Reagents, Biodiesel, Methyl Esters, Specialty Chemicals amongst a wide range of other products.

#### About Tirupati Industries (India) Limited:

TIRUPATI INDUSTRIES (INDIA) LIMITED is a forty two year old Company and is now a highly diversified player in the Vegetable Oils and Chemicals (that include Laboratory Reagents, Specialty Chemicals and Methyl Esters) segment under the brands MONOPOLY and GEMChem respectively. Over the next 5 years the company aims to constantly develop and market innovative edible oils designed for every demographic to give many benefits. For our chemicals our mission is to be the leader in providing an array of high quality chemicals to industries across various sectors. Due to its excellent quality and timely deliveries, the company would be a 'PREFERRED SUPPLIER' to many customers. The unit is ISO 9001:2008 certified.
