Note 2

The Target Company has outstanding convertible securities viz . Optionally convertible Cumulative Redeemable Preference Shares (OCCRPS). Total paid up share capital of the Target Company assuming full conversion of Optionally convertible Cumulative Redeemable Preference Shares (OCCRPS) is not ascertainable due to following reasons:

The OCCRPS were allotted pursuant to CDR package. As the ratio of conversion of convertible Preference shares into equity shares is dependent on the price to be calculated on the 'Relevant Date', which is future date, it is not possible to ascertain the number of equity shares to be allotted on conversion and hence the paid up equity capital of the company after the conversion of the proposed preference shares into equity shares is not ascertainable.
