MULTIPLEXES WITNESSING RAPID GROWTH

NUMBER OF SCREENS

**Multiplexes currently account for
~ 27% market share of the screens,
however account for
more than 40% of box office collections**

FACTORS DRIVING GROWTH IN MULTIPLEXES:

- Superior location, destination and parking facilities.
- State of art equipment (high quality video and audio), superior interiors, ambience and service.
- Multiple screens in one location offer a wider variety of content to the patrons. Further, different screen sizes provide programming flexibility. This results in higher occupancy ratios.
- Strong demographics, rising disposable incomes and discretionary spends.

INDIAN FILM EXHIBITION INDUSTRY

MULTIPLEX INDUSTRY IS IN CONSOLIDATION PHASE

The Indian multiplex industry has undergone significant consolidation over last decade.

Industry leaders have grown not only through organic screen additions, but also through acquisition of smaller regional multiplex chains and single screen players.

As a result of this consolidation, the top four players account for ~ 70% of multiplex screens.
