2 The above results were reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on May 19, 2015

3 The Auditors have qualified their report on the Consolidated Financial Statement of the Company for the year ended 31st March 2015 commenting that based on the disclaimer of opinion given by the auditors of the subsidiary, in their report on the Consolidated Financial Statement of Certus Investment & Trading Limited, Mauritius, they are unable to express their opinion on the carrying value of Long term loans and advances amounting to Rs. 1249.80 lacs, short term advances of Rs 3419.54 lacs and current liabilities amounting to Rs. 950.12 lacs, included in the consolidated financial statements of the Company

In this regard it is clarified as below:

As regards the short term advance of Rs. 3419.54 lakh carried in the Consolidated Financial Statement (CFS), it has been confirmed that as on date the subsidiary has recovered Rs. 2199.82 lakh, representing more than 60% of the dues and the balance will be collected during the current year.

As regards the Long Term Loans and Advances of Rs. 1249.80 lakh in the CFS, which represent the advance paid to the technology partner for knowhow, there is time till December 2016 to avail the same. It is also being explored if the rights can be transferred to other interested parties and hence at present no adjustment is deemed necessary.

In the light of the above it is expected that these matters will have no impact on the Consolidated Financial Statement.

- 4 The Company suspended the operations of Epichlorohydrin plant from April 2013 owing to continuous losses. Availability of cheaper imports led to lower price realization and lower demand for this product. The Management has been exploring the possibility of using this plant for manufacture of an alternate product. Pursuant to this, an Associate Company has shown interest in utilizing this plant facility with suitable modifications to manufacture one of their raw materials and detailed engineering study in this regard is in progress. The Company has been granted Environmental Clearance by the MoEF(Ministry of Environment and Forests and Climate change) vide letter dated 15th May, 2015 and actions taken for other clearances. Production of the alternate product is expected to be commenced within 18 months after obtaining the necessary clearances. Based on the estimated future revenues that would be generated by the plant with the production of the alternate product, the management is of the view that the recoverable value of the plant will be higher than the carrying value of Rs.1,224 lakhs as on the balance sheet date and hence no provision for impairment is considered necessary. The Auditors have drawn attention to the above in their report on the Financial Statements for the year 2014-15.
- 5 Exceptional item represent provision towards diminution in the value of investment in an Associate Company (Petro Araldite Private Limited).
- 6 Pursuant to the transitional provisions prescribed in Schedule II to the Companies Act, 2013, the Company has fully depreciated the carrying value of assets (determined after considering the revised useful life as prescribed by Schedule II), net of residual value, where the remaining useful life of the asset was determined to be nil as on April 1, 2014, and has adjusted an amount of Rs.1410.69 lakhs (Rs. 2041.53 net of deferred tax of Rs.630.84 lakhs) against the opening Surplus balance in the Statement of Profit and Loss under Reserves and Surplus. The depreciation expense in the Statement of Profit and Loss for the year is lower by Rs. 983.21 lakhs consequent to the adoption of revised useful life as prescribed by Schedule II of the Companies act, 2013.
- 7 Employee benefits expense for the year includes an amount of Rs.344.27 lakhs towards compensation to the employees who had opted for early retirement from service during the year.
- 8 The Company operates in only one segment, namely, Industrial Intermediate Chemicals.
- 9 The figures for the quarters ended 31st March 2015 and 31st March 2014 are the balancing figures between the audited figures in respect of the full financial year and the published year-to-date figures upto the third quarter of the respective financial years.
- 10 Figures for the previous periods have been regrouped and reclassified, wherever considered necessary.
