**Review report to the Board of Directors of Datamatics Global Services Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results ("the Statement") of Datamatics Global Services Limited ("the Company") for the quarter and half year ended September 30, 2015 except for the disclosures regarding 'Public Shareholding', 'Promoters and Promoters Group Shareholding' and investor complaints which have been traced from disclosures made by the management and have not been reviewed by us. This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures, applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. The Company has an investment of Rs.799.17 million in three of its wholly owned subsidiaries and also extended loans and advances of Rs. 213.89 million to these subsidiaries as on September 30, 2015. The net worth of these subsidiaries have declined. We are given to understand that, these investments are for long term and of strategic nature and the management is confident of turning around the subsidiaries in the near future. In view of this, we are unable to comment on whether provision if any, for the diminution in the value of investments is required to be made.
4. During the quarter, Datamatics Global Services GmbH, a subsidiary company has filed for voluntary winding up / liquidation / de-registration procedure. As informed to us, the procedure generally takes at least a year and Subsidiary Company is currently carrying on all its operations as usual. As per the management, appropriate provision for the diminution in value of investments of subsidiary can be done once the net realisable assets can be ascertained. In view of this, the said investment has been stated at cost (i.e. Rs. 195.95 million) as at September 30, 2015.

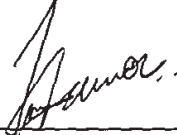

5. Based on our review conducted and read together with paragraph 3 and 4 above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards prescribed by Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed information required to be disclosed in terms of clause 41 of the listing agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.
