- 9 months EBITDA increased to Rs.287 Cr from Rs.271 Cr.
- 9 months PBT increased to a profit of Rs.3 Cr from loss of Rs.52 Cr.

Reduction in Finance cost by Rs. 22 Cr.

Record in REC sales in November/December 2017.

Orient Green Power Company Limited (OGPL) a leading independent renewable energy-based power generation company in India has announced its results for the quarter and nine months ended December 31, 2017.

Commenting on the performance Mr. Venkatachalam Sesha Ayyar, Managing Director and CEO - OGPL, said: “We are pleased to report continued momentum in our Financial Performance. The strong growth in the first nine months period has been made possible by improved grid availability and significant reduction in Finance Costs”.

“We have completed the sale of the loss making Biomass business to a Group company during the 3rd quarter. This will reduce our overall debt by over Rs. 300 Crores along with over Rs. 50 Crores of accumulated losses”.

“The resultant OGPL will be strong wind based independent Power Producer having 425 MW of portfolio with attractive tariffs.”

“Our focused efforts to reduce interest costs have received a significant boost, with the transfer of biomass debts as well as refinancing significant share of debt in the wind business”.

Performance Update

- **Strong Business Performance due to structural improvements in the wind business:**

Grid availability has been consistently above 95% for the last few quarters providing buoyancy to the revenue performance. TANGEDCO evacuated record wind power (5,000 Mw+) in the month of July, a national and state record. Solid support from regulators and electricity distribution companies / SEBs is contributing to a favorable outlook for the industry. High levels of grid availability are enabling the Company to realize evacuation of nearly all power generated from its wind assets, significantly narrowing the gap between potential and actual performance.

- **Turnaround in Financial Performance:**

(Rs. in Crores)

	9M FY18	9M FY17	%
REVENUES	389	385	1%

EBIT	180	147	23%
EBIT%	46%	38%	+800 bps
PBT	3	(52)	140%
PBT%	1%	(14%)	+1500 bps

- **Completed transfer of Biomass Assets:**

OGPL has transferred all of its Biomass Assets to Subsidiary of SVL Limited. This has been undertaken at an Enterprise Valuation of Rs. 272 crore. This comprises Rs. 193 crore of debt taken over and Rs.81 crore of cash.

- **Sharp Reduction in Finance Costs:**

Interest Cost has reduced from **Rs. 199 Crores** in 9 months ended December 31, 2016 to **Rs. 177 Crores** in 9 months ended December 31, 2017.

- **Sharp increase in REC trading in November and December 2017.**

The month of November and December 2017 registered a record levels of REC trading and the company sold and realized about 19% and 47% respectively of the certificates issued for sales as against usual level of 4% to 5%. As a result, our closing inventory of REC Certificate is 281,281 units in December 2017 as against a closing of 470,344 units in March 2017.

2. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of the company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Based on our review conducted as above and read with our comments in paragraph 4 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the applicable Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other recognised accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI(Listing Obligation and Disclosure Requirements) Regulations,2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

ended September 30, 2017. As further stated in this note, the transfer of one biomass power undertaking under a slump sale is under progress awaiting secured creditors approval.

- iii. As stated in Note No.7 to the Statement, considering the restrictive covenants by consortium banks on the subsidiary viz. Beta Windfarm Private Limited, the company has on prudent basis not recognised the finance income consequent to fair valuation of investment in preference shares.
- iv. As stated in Note No. 8 to the Statement, the Board of directors of the Company, in its meeting held on January 24, 2018 accorded its approval to sell the Investments in one of the subsidiaries viz. Amrit Environmental Technologies Private Limited, subject to approvals from secured creditors and other regulators. Since the investment has been fully provided for in the financial statements, no further provision is required to be made during the quarter.

Our conclusion is not modified in respect of the matters described in the above paragraph.
