payments from the customers is posing challenges for meeting the cash flow needs. However the Group has actively engaged in resolving each of the aspects associated with the respective revenue generating units by effectively addressing the core issues which would enable a quick turnaround in the situation and the management is confident that the efforts would result in the operating units generating positive cash flows. The approved CDR scheme & additional funding to the company and the lenders approvals of the cost overrun proposals for the projects under construction and the effort to bring strategic investors, disposal of assets, would also bring in the additional cash flows into the system. Cumulatively, the Group is confident that the initiatives narrated above would address the bottlenecks and make the operating units viable, augmenting the EPC activity to normal level and thus does not foresee any eventual cash flow mismatch in terms of meeting its financial obligations including that of the lenders, vendors and others and also will have adequate cash flows to support the implementation of ongoing projects which are capitalizing interest and expenses during the period of construction including the low level period of construction. This is an emphasis of matter in the auditor's report for the year ended March 31, 2014, March 31, 2015, March 31, 2016 and continued for the period ended September 30, 2016.

The Hon'ble Commission after hearing the matter disposed off the petition through final order dated August 20, 2014 stating that LTHPL may approach the Hon'ble Commission once the Project is nearing COD. With no immediate relief available regarding tariff increase, LTHPL terminated the PPA with effect from September 18, 2014 in line with the provisions of PPA. This Statement which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
2. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquires of company personnel and analytical procedures applied to the financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. Attention is drawn to the fact that the figures for the corresponding quarter and half year ended September 30, 2015 including the reconciliation of the consolidated net profit/loss for the period under Indian Accounting Standards ("Ind AS") of the corresponding period with the consolidated net profit/loss for the period reported under previous generally applicable accounting principles ("GAAP"), as reported in these consolidated financial results have been approved by the Board of Directors but have not been subjected to review or audit.

The financial results of these subsidiaries have been prepared in accordance with the respective accounting framework and have been reviewed by other auditors who have submitted their review conclusions, prepared under generally accepted auditing standards of their respective countries, to the management of the respective overseas subsidiaries, copies of which have been provided to us by the Company. The Management of the Company has converted these financial results of these overseas subsidiaries to accounting principles generally accepted in India, for the purpose of preparation of the Company's consolidated financial results. Our conclusion, thus insofar relates to amounts included in respect of these overseas subsidiaries, is based solely on the reports of other auditors.
- d) We did not review the financial results of certain overseas subsidiaries, whose financial results reflect total assets of Rs. 184.58 Crores as at September 30, 2016 and total revenue of Rs. 8.63 Crores for the quarter ended September 30, 2016. - f) We did not review the financial results of certain associates, whose financial results reflect the Group's share of Profit of Rs. 0.50 Crores for the quarter ended September 30, 2016. These financial results and other financial information of these associates have been prepared by the management and our review report on the consolidated financial results is based solely on the management accounts.
5. Without qualifying our review conclusion, attention is invited to
- a) (i) Note 4 to the consolidated financial results, regarding the adequacy of disclosure concerning the Group's ability to meet its financial obligations including repayment of various loans and unpaid interest and the ability to fund various obligations pertaining to operations including unpaid/overdue creditors, for ensuring/commencing normal operations and further investments required towards ongoing projects under construction. These matters essentially require the Group to garner such additional cash flows to fund and meet the requirements.
- (ii) The Group incurred a Net Loss of Rs. 293.37 Crores and Rs. 791.64 Crores for the quarter and half year ended 30<sup>th</sup> September 2016 respectively and has unpaid loans and other unpaid dues aggregating Rs. 5,606.16 Crores falling due over next twelve month period which also includes repayment of loans sanctioned under Corporate Debt Restructuring (CDR) scheme in respect of which, the Group obtained certain reliefs in relation to repayment timelines of loans and accumulation of unpaid interest and additional funding for commencing normal operations.
- (iii) In view of certain variances in sanctioned/contracted terms under CDR scheme in regard to disbursements made and their utilization thereon, together with considerable delay in implementation of CDR scheme, eventually did not enable the Group to achieve the anticipated revival in performance levels of operations at EPC. Consequently, continued incurrence of further losses and cost overruns in projects under constructions due to delayed execution have been reported. As explained by the management, though the Group has recommenced operations at EPC as well implementation works at the projects which are under construction, taking into account the continued limitations on availability of required funds, in our view, there may be further delays in achieving optimal operations at EPC and in timelines envisaged for implementation of projects under constructions which may result in further cost overruns, requiring the Group to arrange further funding for such additional costs. As further explained by the management, the Group is making efforts to reorganise the funding pattern including participation by strategic investors to ensure the completion of under construction projects and disposal of assets to meet the funding gaps. In regard to projects under implementation, the management's approach includes appraising the lenders

on various strategic initiatives, requesting modification in repayment timelines and additional funding for completion of the project including cost overruns. The proposals by the management are under evaluation by lenders which envisage that certain projects under construction have the ability to fulfill its part of obligations both financial and otherwise to complete the projects, which have not been independently assessed by us. The impact, if any on the consolidated financial results on account of non-achievement of any of the envisaged initiatives including the lenders concurrence for the proposals are currently not ascertainable at this point in time.

(iv) Notwithstanding the efforts as stated above to meet the funding obligations which would involve time to materialise, these consolidated financial results have been prepared based on the assumption, and considering the project budgets and estimates of the management which are based on technical aspects and inputs and management's assessment to get requisite further additional funding from various sources explained above. Relying on the above, no adjustments have been made in these consolidated financial results towards any possible impact on account of low key operations and delayed execution of projects under implementation.

- b) Note 5 (a) to the consolidated financial results, which explains the management's assessment with respect to the order of Haryana Electricity Regulatory Commission (HERC) dated January 23, 2015, in regard to the litigation in respect of tariff determination in terms of the power purchase agreement relating to one of the power generating units of Lanco Amarkantak Power Limited (LAPL), a step down subsidiary of the Company. Out of the total claim, of Rs. 195.23 Crores, LAPL, during the Quarter, received a sum of Rs. 93.40 Crores pursuant to the orders of HERC. However, LAPL is pursuing its claim for the balance amount before APTEL, in the meanwhile, LAPL also recognised, Rs. 24.43 Crores towards interest as receivable, and filed a petition before HERC in this regard. The contentions of the management in regard claim pertaining to balance tariff amount as well as interest, is dependent on the outcome of pending petitions before the appropriate forums.
- c) Note 5 (b) to the consolidated financial results, in regard to one of the power generating units of LAPL, a step down subsidiary of the Company, revenue continues to be recognized by LAPL on provisional basis, based on the tariff filing submitted to power purchaser for approval of tariff for the period 2014 - 2019. Pending the tariff determination, no adjustments have been made in these consolidated financial results.
- d) Note 6 to the consolidated financial results, which explains the matter in Lanco Teesta Hydro Power Limited (LTHPL), an associate of the Company relating to termination of Long Term PPA with Maharashtra State Electricity Distribution Company Limited (MSEDCL) and the time and consequential cost overrun of the project and the management's plans to meet the cost overrun of the project. There has been an extension of Commercial Operation Date (COD) due to the circumstances beyond the control of LTHPL resulting in extended execution of the Hydropower project. Lenders in their efforts to revive the Project, resorted to the Strategic Debt Restructuring (SDR) Scheme under the Reserve Bank of India (RBI)

guidelines, wherein, the lenders had converted a portion of outstanding debt and unpaid interest into equity shares, to facilitate subsequent strategic divestment. In the opinion of management, the execution of the project with the increased cost and extended timelines for bringing the assets to its intended use is still viable even taking into account the current level of low implementation activities which does not amount to interruption thus continued to capitalise all the costs including interest. The management expects that suitable arrangements for power sale would be completed in the due course and therefore the carrying value of the project asset doesn't warrant any adjustment.

- e) Note 7 (a) to the consolidated financial results, which explain land dispute at Lanco Hills Technology Park Private Limited (LHTPPL), a subsidiary of the Company, the ultimate outcome of these matters cannot presently be determined. The management of LHTPPL, based upon its assessment and legal advice obtained, is confident of the outcome of the matter in its favour.
- f) Note 7 (b) to the consolidated financial results, in relation to LHTPPL, with regard to recoverability of cost of Development Work in Progress and Capital Work in Progress pending capitalization, which in the opinion of the management is based on its business plans envisaged on certain market assertions towards new developmental initiatives, is completely recoverable and does not warrant any adjustments in these consolidated financial results towards the carrying value. As the realization of carrying values of both categories of Work in Progress is dependent on certain factors detailed in the note and the impact if any on the consolidated financial results on account of non-achievement of envisaged initiatives is currently not ascertainable at this point in time.
- g) Note 8 to the consolidated financial results, which explain the management's view with respect to the impact of unprecedented flash floods in Uttarakhand that seriously affected Lanco Mandakini Hydro Energy Private Limited (LMHEPL), a step down subsidiary of the Company implementing a Hydel Power Project of 76 MW capacity. The insurance survey was completed and the claims were lodged with the insurer. LMHEPL had received an interim payment from the Insurer in the financial year 2014-15 against the claim lodged. During the quarter, the restoration works were being carried out, and suitable submissions as represented by the management, were made to the Insurance Surveyors. In the assessment of management, the potential damage to the carrying value of asset is unlikely to exceed the expected insurance claim. The management is also confident that the project would achieve its scheduled commercial operation within the timelines approved/to be approved by the lenders and regulator. Relying on the assessment of the management which have not been independently evaluated by us, no adjustments have been made in these consolidated financial results.
- h) Note 9 to the consolidated financial results, dealing with cancellation of coal blocks by the Honourable Supreme Court, which included coal mine jointly allotted to Tamil Nadu Electricity Board and Maharashtra State Mining Corporation Limited, the Allottees. Mahatamil Mining and Thermal Energy Limited (MMTEL), a subsidiary of the Company, entered into Coal Mining Services Agreement with the Allottees of the mine, pursuant to

which, MMTEL incurred an amount of Rs. 204.66 Crores towards the Project, the realizability of which is dependent on the compensation to be awarded under the Ordinance issued by Government of India. The Company has obtained a legal opinion in this regard based on which, the amount incurred is considered to be recoverable, notwithstanding the denial of obligation by the Allottees in regard to certain cost components, and no adjustments have been made in these consolidated financial results.

- i) Note 10 to the consolidated financial results, in relation to the carrying value of assets held by step down subsidiaries of Lanco Resources International Pte Limited (LRIPL) a subsidiary of the Company, in view of continued losses exceeding net worth of LRIPL, considering the management's initiatives to be implemented with significant financial resources to be deployed in the mining activity and the development of associated infrastructure, being the port, the management is of the view that the carrying value of the assets are realizable at the value stated therein. Accordingly, no adjustments have been made in these consolidated financial results.
- j) Note 11 to the consolidated financial results, in relation to the carrying value of asset of Lanco Hoskote Highway Limited (LHHL), and Lanco Devihalli Highways Limited (LDHL), subsidiaries of the Company, which have been incurring losses ever since the commencement of commercial operation and accumulated losses incurred so far eroded the net worth significantly. Taking into consideration the management's assessment of the situation including its efforts, the management of the Company is of the view that the carrying value of the asset is realizable at the value stated therein. Accordingly no adjustments have been made in these consolidated financial results.
- k) Note 12 to the consolidated financial results, in relation to Lanco Kanpur Highways Limited (LKHL), a subsidiary of the Company, has received a notice of termination to the Concession Agreement from National Highways Authority of India (NHAI) and LKHL has also issued a notice of termination to NHAI. Arbitration proceedings have been initiated to settle the claims and the counter claims associated with the termination as per the Concession Agreement. As on September 30, 2016 LKHL has incurred certain costs towards the project, the realizability of these amounts is dependent on the outcome of the arbitration proceedings. Accordingly no adjustments have been made in these consolidated financial results.
- l) Note 13 to the consolidated financial results, which explain the structuring undertaken by the management during the year ended March 31, 2012. The Company's investment as of March 30, 2012 in various subsidiaries and associates was transferred to wholly owned step down subsidiaries and to an associate of wholly owned step down subsidiary aggregating to Rs. 6,815.51 Crores that required lenders and customer approval. Management has received many such approvals aggregating to 96% in value, of the lenders consenting to the structuring, the management is confident of receiving balance approvals from lenders and customer and has taken the effect of these transfers while preparing these consolidated financial results. In case any of these residual approvals are not granted, the management will have to revisit the

structure and the consequential impact would then be recorded in these consolidated financial results.

- m) Note 14 to the consolidated financial results, in relation to Lanco Vidarbha Thermal Power Limited (LVTPL), a step down subsidiary of the Company, which explains the matter before the Maharashtra Electricity Regulatory Commission (MERC) relating to termination of Long Term Power Purchase Agreement (PPA) with Maharashtra State Electricity Distribution Company Limited (MSEDCL) and the Bank Guarantee encashment of Rs. 51 Crores by MSEDCL for delay in commissioning of the project beyond the Scheduled Commercial Operation Date (SCOD) as per PPA. Based on the management analysis and representation and relying on the legal expert opinion, management is of the opinion that the company can recover the Bank Guarantee amount encashed and further it is not liable to pay liquidated damages of Rs. 351.90 Crores claimed by MSEDCL. Relying on the assessment of the management on the non-tenability of the claim towards levy of liquidated damages no adjustment has been made in these consolidated financial results.
- n) Note 15 to the consolidated financial results, which explains the matter in the case of Lanco Anpara Power Limited (LAnPL), a step down subsidiary of the Company, relating to the Order received from APTEL on 30<sup>th</sup> November 2016, which has set aside and remanded the matter to Uttar Pradesh Electricity Regulatory Commission (UPERC) for a fresh consideration of UPERC's earlier order dated 23<sup>rd</sup> November 2015 towards compensation for changes in RFP/PPA conditions in respect of coal supply and power purchase payments. Whereas, following the Orders of UPERC dated 23<sup>rd</sup> November 2015, LAnPL has recognised revenue of Rs. 679.19 Crores upto 30<sup>th</sup> September 2016 (which includes Rs. 49.71 Crores and Rs. 99.25 Crores for the Quarter and period ended 30<sup>th</sup> September 2016 respectively). The management is evaluating the implications of the Order with the legal experts, pending reassessment by UPERC, the financial impact, if any arising on account of the APTEL Order is not reckoned in these consolidated financial results.
- o) Note 16 to the consolidated financial results, which explains the contractual commitment of the Himavat Power Limited (HPL), a step down subsidiary of the Company, to supply power to the Power Procurer. Based on the management assertions, that suitable arrangements would be made to obtain extension of time from the power procurer, the execution of the Project with extended timelines for bringing the asset to its intended use is still viable, notwithstanding the allowability of interest costs for the extended period for tariff determination and therefore no adjustments are made to these consolidated financial results.

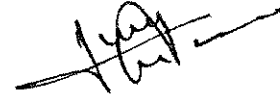

Our conclusion is not qualified in the respect of the matters reported in paragraph 4 and 5.

6. Based on our review conducted as stated above and based on the consideration of the other reports of the other auditors as referred to in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited consolidated financial results

prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 as modified by Circular No. CIR/CFD/FAC/62/2016 dated 5<sup>th</sup> July 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.
