NOTES

IMPORTANT NOTES:

1. As you are aware, in view of the situation arising due to COVID-19 pandemic, the Ministry of Corporate Affairs (“MCA”) has vide its circular nos. 14/2020 and 17/2020 dated April 8, 2020 and April 13, 2020 respectively, in relation to “Clarification on passing of ordinary and special resolutions by companies under the Companies Act, 2013 and the rules made thereunder on account of the threat posed by Covid-19”, circular no. 20/2020 dated May 5, 2020 and General Circular No.2/2022 dated May 5, 2022 in relation to “Clarification on holding of annual general meeting (AGM) through video conferencing (VC) or other audio visual means (OAVM)” and Circular no. 02/2021 dated January 13, 2021 in relation to “Clarification on holding of annual general meeting (AGM) through video conferencing (VC) or other audio visual means (OAVM)” (collectively referred to as “MCA Circulars”) and Securities and Exchange Board of India (“SEBI”) vide its circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 in relation to “Additional relaxation in relation to compliance with certain provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 – Covid-19 pandemic” and circular no. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated January 15, 2021 in relation to “Relaxation from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 due to the CoVID -19 pandemic” (collectively referred to as “SEBI Circulars”) permitted the holding of the Annual General Meeting (“AGM”) through VC / OAVM, without the physical presence of the Members at a common venue. In compliance with the MCA Circulars and SEBI Circulars, the AGM of the members of the Company is being held through VC/ OAVM. The registered office of the Company shall be deemed to be the venue for the AGM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 8, 2020, April 13, 2020 and May 5, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting’s agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/ OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 8, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members which are body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.spiceislandsapparelslimited.in The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. In continuation of this Ministry’s General Circular No. 20/2020 dated May 5, 2022 and after due examination, MCA has decided to allow companies whose AGMs were due to be held in the year 2022, or become due in the year 2022, to conduct their AGMs on or before 31.12.2022, in accordance with the requirements provided

NOTES

in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January, 13, 2021. This date has been further extended till 31.12.2022 vide Ministry's General Circular No. 2/2022 dated May 5, 2022.

8. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition and re-lodged transfers of securities. Further, SEBI vide its circular no. SEBI/HO/MIRSD/RTAMB/CIR/P/2020/236 dated December 2, 2020 had fixed March 31, 2021 as the cut-off date for re-lodgment of transfer deeds and the shares that are re-lodged for transfer shall be issued only in demat mode. In view of this and to eliminate all risks associated with physical shares and for ease of members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, Link Intime India Pvt. Ltd (Link In time) for assistance in this regard.

THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- i. The voting period begins on **Monday September 26, 2022** from 9:00 a.m. and ends on **Wednesday September 28, 2022** at 5:00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cutoff date i.e. September 23, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- ii. Shareholders who have already cast vote electronically would not be entitled to vote again at the AGM but they can attend the AGM virtually.
- iii. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015; listed entities are required to provide remote e-voting facility to its shareholders in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided by SEBI to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.
- iv. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT

(Pursuant to Section 102 of the Companies Act, 2013)

In the Conformity with the provision of Section 102 of the Companies Act, 2013, the following Explanatory Statement sets out all material facts relating to the business under Item no. 3 to 4 as mentioned in the accompanying Notice.

Item no. 3

The Company may have to render support for the business requirements of its Subsidiary Companies or Associate or Joint Venture or group entity or any other person in whom any of the Director of the Company is deemed to be interested (collectively referred to as the "Entities"), from time to time. However, owing to certain restrictive provisions contained in Section 185 of the Companies Act, 2013 ('the Act'), the Company was unable to extend financial assistance by way of loan to such Entities.

In this regards the Company has received requests from Seven Islands Ventures Private Limited (Earlier Known as Bhupco Alloys Private Limited) to provide security in connection with loans to be taken by them from banks/financial institution up to the extent of Rs. 1.5 Crore (Rupees One Crore Fifty Lakhs Only). The Board of Directors seek consent of the Members by way of a Special Resolution pursuant to Section 185 of the Act (as amended by the Companies (Amendment) Act, 2017) for making loan(s) or providing financial assistance or providing guarantee or securities in connection with the loans taken or to be taken by the Entities for the working capital requirements including purchase of fixed assets as may be required from time to time for the expansion of its business activities and other matters connected and incidental thereon for their principal business activities.

The Members may note that Board of Directors would carefully evaluate proposals and provide such loan, guarantee or security through deployment of funds out of internal resources/accruals and/or any other appropriate sources, from time to time, only for principal business activities of such Entities.

Accordingly, the Directors recommend the matter and the resolutions set out under item no. 3 for the approval of the Members by way of passing a special resolution.

All the Directors except for the Independent Directors are concerned or interested in the aforesaid resolution, financially or otherwise. However no key managerial personnel's or any of their relatives is concerned or interested in the resolution.

Item no. 4

Pursuant to the provisions of Section 186 of the Companies Act, 2013 and rules made there under, the company is required to obtain prior approval of the members by way of special resolution passed in the general meeting in case the amount of investment, loan, guarantee or security proposed to be made is more than the higher of sixty percent of the paid up share capital, free reserves and securities premium account or one hundred percent of free reserves and securities premium account.

As a measures of achieving business objective, permission of members is sought pursuant to the provisions of section 186 of the Companies Act, 2013 to give powers to the Board of Directors for acquiring by way of subscription, purchase or otherwise securities of anybody corporate and/or to give loan to anybody corporate or person in one or more tranches and from time to time, upto the maximum of Rs. 10 crores outstanding at any point of time notwithstanding that the aggregate amount of all the loans/guarantees/securities/investment so far made together with the proposed loans/guarantees/security/investment to be made, exceeds the limit prescribed under section 186 of the Companies act, 2013.

Accordingly, the Directors recommend the matter and the resolutions set out under item no. 4 for the approval of the Members by way of passing a special resolution.

All the Directors except for the Independent Directors are concerned or interested in the aforesaid resolution, financially or otherwise.

NOTES

Item no. 5

In the interest of administrative and operational convenience, it is proposed to maintain all the statutory registers and copies of annual return at the office of the Company located at 125-A, Mittal Tower, 210 Nariman Point, Mumbai – 400021, which is not registered Office of the Company.

Under Section 94 of the Companies Act, 2013, in order to give effect to this change in the place at which such registers and returns are to be kept, the approval of the members of the Company is required.

Accordingly, the Directors recommend the matter and the resolutions set out under item no. 5 for the approval of the Members by way of passing a special resolution.

None of the Directors and KMP of the Company and their relatives are concerned or interested in the aforesaid resolution.

DIRECTOR'S REPORT

To,
The Members,

Your Directors have pleasure in presenting their Thirty Fourth Annual Report on the business and operations of the Company and the accounts for the financial year ended March 31, 2022.

1. **FINANCIAL RESULTS AND OPERATIONS**

The Company's financial performance, for the financial year ended March 31, 2022 is summarized as below;

	STANDALONE 2021-22 Rs (in lacs)	STANDALONE 2020-21 Rs (in lacs)
Revenue from operations(net) and other income	278.76	675.57
Loss Before Tax	(130.29)	(217.84)
Provision for tax (Deferred Tax / Previous Year tax adjustment)	0	0
Loss for the period of continuing operations	(131.65)	(217.84)
Less : Other Comprehensive Income	0	0
Loss After Tax	(131.65)	(217.84)
Balance brought forward from previous year	(816.61)	(598.77)
Deficit Carried to next year's account	(948.26)	(816.61)

The company in its last board meeting / AGM chose to suspend operations owing to the on-going Covid pandemic in India as well its customers markets. The view taken was with continuous supply chain disruptions and increase in prices of raw materials across the board, the company only complete orders in hand till a clearer picture emerges.

The company continues to keep operations suspended only completing those orders that were delayed / deferred.

COVID-19 has caused significant disruptions to businesses across India. The management has considered the possible effects, if any, that may impact the carrying amounts of inventories, receivables, and intangibles. In making the assumptions and estimates relating to the uncertainties as at the balance sheet date in relation to the recoverable amounts, the management has considered subsequent events, internal and external information and evaluated economic conditions prevailing as at the date of approval of these financials results. The management expects significant impairment to the carrying amounts of the machinery but not the immovable assets. The management will continue to closely monitor any changes to future economic conditions and assess its impact on the operations.

Considering overall financial position and drain on the resources, attempts are being made to curtail expenditure and keep strict monitoring of financial resources. As of now business continues to remain suspended.

2. **DIVIDEND**

Having regards to the losses incurred there is no question of any dividend being recommended.

3. **RESERVES**

During the year under review no amount was transferred to reserves.

DIRECTOR'S REPORT

4. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry structure & developments

Even though Govt has announced policies to revive the Textile & Garment Industry overall sentiment is low on account of increased costs across the board. In overseas markets recovery is still slow due to conflict & rising costs in Europe.

Opportunities and Threats

Due to the ongoing conflict in Europe, inflation in European economies is expected to hit all time highs thereby hampering recovery.

Segment wise or product wise performance

As the Company has suspended operations, it is only completing orders that have been delayed / deferred on account of Covid led lockdowns. The orders under completion were largely for Children's garments.

Outlook

Overall, the outlook is muted as demand is adversely affected in overseas markets due to conflict, inflation and record price increases. The company continues to keep operations suspended till such time a clearer picture emerges on market recovery.

Risk and concerns

Compliances are very much in place for overall required international expectations.

Internal control systems and adequacy

As an extension of above, there is a machinery function to regulate and control the expected parameters in the job work environment to ensure a first-class work situation and consequent quality output.

Discussion on financial performance with respect to operational performance.

Against an emerging market and consequent changes of product movements, we too have had to go through a different product mix to flow along with. The impact, financial and / or otherwise, is being investigated.

Material development in Human Resources / Industrial relation front including number of people employed

In the field that we are in it is a must that we tune well with the changes around us which not only mean changes in product lines as required but also realignment of the human resources available in order that the Company moves ahead in the competitive environment.

5. CHANGE IN NATURE OF BUSINESS

The Company continues to undertake the garment activity and during the year under review there is no change in the nature of its business.

6. MATERIAL CHANGES AND COMMITMENTS AFFECTING FINANCIAL POSITION BETWEEN THE END OF THE FINANCIAL YEAR AND DATE OF REPORT

There have been no material changes and commitments affecting the financial position of the Company between the end of the financial year and the date of the report.

DIRECTOR'S REPORT

7. **SUBSIDIARY COMPANIES**

The Company does not have any Subsidiary/Associate Company.

8. **CORPORATE GOVERNANCE**

Corporate Governance is about commitment to values, ethical business conduct and about considering all stakeholder's interest in conduct of business. Transparency and accountability are the two basic tenets of Corporate Governance. Your Company continues to lay great emphasis on the broad principles of Corporate Governance. Spice Island's philosophy on Corporate Governance is stated below:

PHILOSOPHY OF SPICE ISLANDS APPARELS LTD. ON CORPORATE GOVERNANCE:

At Spice Islands Apparels Ltd, we believe in adopting the "Best Practices" followed in the area of Corporate Governance. We emphasize the need for transparency and accountability in our businesses, in order to protect the interest of our stakeholders.

Corporate Governance is a continuous journey towards sustainable value creation for all the stakeholders.

Our vision is to be the most trusted partner for every stakeholder and we are committed to provide fair, transparent and equitable treatment to our stakeholders.

Our core value system is guided by the principles of accountability, transparency, timely disclosure and dissemination of price sensitive information and matters of interest to the investors ensuring compliance with the applicable acts, laws, rules and regulations and conducting business in a best ethical manner. Accordingly, Corporate Governance stands on the aforesaid broad pillars of transparency, fairness in action, accountability and responsibility towards all the stakeholders.

Securities and Exchange Board of India has issued guidelines on the Corporate Governance for all listed companies through clause 49 of the erstwhile Listing Agreement and now embodied in Securities and Exchange Board of India SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015. At Spice Islands Apparels Ltd., we are not only committed to follow the prescribed corporate practices embodied in various regulatory provisions but also the best international practices. We also believe that good governance practices flow from the culture and mindset of the top management and percolate down in the organizations

Since the paid up capital of the Company is less than Rs. 10 Crore and net worth is below Rs. 25 Crore, the Company is exempted from Corporate Governance provision as specified in regulations 17 to 27 and Clause (b) to (i) of sub-regulation (2) of regulation 46 and para C, D and E of Schedule V of SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015. If same provisions are applicable to the Company at a later date, than the Company shall furnish the information as specified in Clause 49.

Attention of Member is also drawn to Circular No. CIR/CFD/POLICY CELL/7/2014 dated September 15, 2014, whereby certain class of Companies was exempted from compliance of erstwhile Clause 49 of the Listing Agreement and your Company falls in the said Defined Class.

Accordingly, the information required under said clauses are not furnished hereafter. However, the Board of Directors at Company level has enforced complete adherence to the Corporate Governance norms.

9. **ANNUAL RETURN**

Pursuant to Section 92 of the Companies Act, 2013 read with Rule 12 of The Companies (Management and Administration) Rules, 2014 and Section 134 (3) (a), the copy of Annual Return can be accessed on the website of the Company <http://www.spiceislandsapparelslimited.in>

INDEPENDENT AUDITORS' REPORT

To the Members of Spice Islands Apparels Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the financial statements of Spice Islands Apparels Limited ("the Company"), which comprise the balance sheet as at 31st March 2022, and the statement of profit and loss, (statement of changes in equity) and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit/loss, (changes in equity) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (Sas) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 56 to the financial statements, which indicates that the Company's capital deficiency further increased as at March 31, 2022 because of its continuing net losses from operations. Company's net worth stands at a negative of Rs 52,07,096/- as at 31st March, 2022. As stated in the note, this condition indicates the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. In response to this matter, management continues to strengthen its strategy to expand its market in order for the Company to increase its sales and eventually generate profit. The management has undertaken several cost cutting measures, to cut down the losses. Net losses of the Company manifested a slight decrease from Rs. (2,18,32,783) in 2021 to Rs. (1,32,14,946) in 2022. Management believes Company's financial statements have been prepared assuming that the Company will continue as a going concern which contemplates the realization of assets and the settlement of liabilities in the normal course of business. In connection with our audit, we have performed audit performance audit procedures to evaluate management's assumptions as to the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT

Key Audit Matters	How our audit addressed the key audit matter
<p>Going Concern</p> <p>The Company has booked an operating loss during the year. Further, the cumulative retained earnings have become negative due to continuous losses.</p> <p>Considering the judgment and estimates involved as a part of determination of going concern concept, it is considered to be a key audit matter.</p>	<p>We have performed the following key procedures:</p> <ol style="list-style-type: none"> 1. We considered whether events or conditions exist that may cast significant doubt on the entity's ability to continue as a going concern. 2. Evaluated management's assessment of the Company's ability to continue as a going concern and in doing so considered if the management's assessment includes all relevant information. 3. Evaluated Management's plan for future action including efforts to streamline its process, reduce expenditures, reduce reliance on major customers, disposing off assets.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safe guarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Paragraph 41(b) of this SA explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(c) explains that when law, regulation or applicable auditing standards expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

INDEPENDENT AUDITORS' REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and there as on able ness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safe guards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 (the Order) issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extend applicable.
2. As required by section 143(3) of the Act we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
 - c) The Balance sheet, the Statement of Profit and Loss, and the Cash Flow statement dealt with by this report are in agreement with the books of account.

**Annexure B to the Independent Auditors' Report**

On the financial statements of Spice Islands Apparels Limited for the period ended 31 March 2022.

Report on the Internal Financial Controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

(Referred to clause (f) of paragraph 2 under 'Report on other Legal and Regulatory requirements' Section of our report to the members of Spice Islands Apparels Limited of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Spice Islands Apparels Limited ("the Company") as of 31 March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

INDEPENDENT AUDITORS' REPORT

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. Company Overview

Spice Island Apparels Limited is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on three stock exchanges in India. The company is engaged in the manufacturing and selling of knitted and woven garments. The company caters to both domestic and international markets. The Company also deploys its surplus funds in financial activities.

Basis for preparation of Financial Statements

2. 01 Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on 27th May, 2022

2.02 Functional and presentation currency

These financial statements are presented in Indian Rupees (in Lacs), which is also the Company's functional currency.

2.03 Basis of measurement

The financial statements have been prepared on the historical cost basis except for financial assets and financial liabilities that are measured at fair value (refer accounting policies regarding financial instrument).

2.04 Use of estimates and judgments

In preparing these financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

These estimates are reviewed on an ongoing basis. Subsequent revisions to accounting estimates are recognised prospectively.

Assumptions and estimations

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ended 31 March 2022 or subsequent year/ years is included in the following notes:

- Note 3.02: Useful lives of various of Property, Plant and Equipment
- Note 55: Fair Value of Financial Instruments
- Note 53: Accounting for Defined Benefit Plan - measurement of defined benefit obligation - key actuarial assumptions.
- Note 3.06: Expected Credit Losses associated with its assets carried at amortized cost
- Note 62: Estimation of uncertainties relating to the global health pandemic from COVID-19

2.05 Current vs Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

Significant Accounting Policies for the year ended 31st March, 2022

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.06 Measurement of fair values

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The management regularly reviews significant unobservable inputs and valuation adjustments.

Measurement of fair values

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in the following notes:

- Financial Instruments - Refer Note 55

Significant Accounting Policies

3.01 Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Effective April 1, 2018, the Company has applied Ind AS 115: Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue. The impact of the adoption of the standard on the financial statements of the Company is insignificant

Sale of Goods:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, since it is the primary obligor in all of its revenue arrangement, as it has pricing latitude and is exposed to inventory and credit risks. Revenue is stated net of goods and service tax and net of returns, chargebacks, rebates and other similar allowances. These are calculated on the basis of historical experience and the specific terms in the individual contracts. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing components, noncash consideration, and consideration payable to the customer (if any). The Company estimates variable consideration at contract inception until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Other Operating revenue is recognised on accrual basis.

Export Incentives:

Export entitlements are recognized as income when the right to receive credit as per the terms of the scheme is established in respect of the exports made and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds. As the Company derives a substantial portion of its revenue from export of goods, such incentives is recognised as "Other Operating Income"

Rendering of Services:

Revenue from services rendered is recognised in the profit or loss as the underlying services are performed and is recognised net of service tax and goods and service tax (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest Income:

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income

Dividend income from investments is recognized when the right to receive payment has been established, provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Significant Accounting Policies for the year ended 31st March, 2022

Impact of COVID-19

The Company has evaluated the impact of COVID-19 resulting from (i) the possibility of constraints to render services/ provide goods; (ii) onerous obligations; (iii) Constraints in delivering goods due to the lockdown and restraint in movement of goods. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties relating to revenue in future periods.

3.02 Property, Plant & Equipment, Intangible Assets and Work-in-Progress

Recognition and Measurement

All items of property, plant and equipment, including freehold land, are initially recorded at cost. Cost of property, plant and equipment comprises purchase price, non refundable taxes, levies and any directly attributable cost of bringing the asset to its working condition for the intended use. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria is met. Freehold land has an unlimited useful life and therefore is not depreciated.

The cost of an item of property, plant and equipment is recognized as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The cost includes the cost of replacing part of the property, plant and equipment and borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying property, plant and equipment. The accounting policy for borrowing costs is set out in note below.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied.

Subsequent Measurement

Subsequent to initial recognition, property, plant and equipment other than freehold land are measured at cost less accumulated depreciation and any accumulated impairment losses. The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Disposal/Write-off

An item of property, plant and equipment is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of property, plant and equipment, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is derecognized.

Capital Work-in-Progress

Capital work-in-progress includes cost of property, plant and equipment that are not ready for their intended use. Capital work-in-progress included property, plant and equipment are not depreciated as these assets are not yet available for use.

Transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognized as of April 01, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Depreciation

Depreciable amount for assets in the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on the property, plant and equipment is provided on straight line method, over the useful life of the assets, as specified in schedule II to the companies Act, 2013 and is recognised in the statement of profit and loss.

Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis. Building constructed on leasehold land is depreciated based on the useful life specified in schedule II to the companies Act, 2013 where the lease period of the land is beyond the life of the building. In other cases, building constructed on leasehold lands are amortised over the primary lease period of the lands.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.03 Intangible Asset

Recognition and Measurement

The items of intangible assets, with finite life, are measured at cost less accumulated amortisation and impairment losses, if any. Cost of an item of intangible assets comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any cost directly attributable to bringing the asset to its working condition for its intended use.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure on internally generated goodwill and brands, is recognised in profit or loss when incurred.

Disposal/Write-off

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in profit or loss when the asset is derecognized.

3.03 Intangible Asset (continued)

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying values as at 1 April 2016 under previous GAAP of all its intangible assets recognised as at 1 April 2016, measured as per previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Significant Accounting Policies for the year ended 31st March, 2022

Amortisation

Amortisation is calculated to write-off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation in the statement of profit and loss. The estimated useful life of intangibles are as follows:

Asset	Management estimate of useful life (years)
Computer software	5

The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

3.04 Non-current Assets Held for sale

The Company classifies a non-current asset (or disposal group) as held for sale if it satisfies the following conditions:

- the asset (or disposal group) is available for immediate sale in its present condition
- the management is committed to a plan to sell the asset
- a buyer has been located or atleast a programme is in place to locate a buyer
- the sale is expected to be completed within a year

The asset held for sale is recognized at carrying amount except in cases where the fair value less cost to sell is lower than the carrying amount.

The company recognizes the impairment lose at write down of the asset to fair value less cost to sell.

3.05 Inventories:

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials and accessories:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Finished goods and work in progress:

Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on first in, first out basis.

Trading Goods:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

3.06 Impairment

i. Impairment of financial instruments

The Company recognises loss allowances for expected credit losses on:

- financial assets measured at amortised cost; and
- financial assets measured at FVOCI- debt investments.

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt securities at FVOCI are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 180 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for a security because of financial difficulties.

3.06 Impairment (continued)

The Company measures loss allowances at an amount equal to lifetime expected credit losses, except for the following, which are measured as 12 month expected credit losses:

- debt securities that are determined to have low credit risk at the reporting date; and
- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

In all cases, the maximum period considered when estimating expected credit losses is the maximum contractual period over which the Company is exposed to credit risk.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 180 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is 180 days or more past due.

A. Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive). As a

Significant Accounting Policies for the year ended 31st March, 2022

practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forwardlooking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

B. Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

C. Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

The Company's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.07 Financial Instruments

i. Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

A. Financial assets

On initial recognition, a financial asset is classified as measured at

- amortised cost
- Fair value through other comprehensive income (FVOCI) - debt investment;
- Fair value through other comprehensive income (FVOCI) - equity investment; or
- Fair value through profit & loss- (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

3.07 Financial Instruments (continued)

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Significant Accounting Policies for the year ended 31st March, 2022

B. Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

C. Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

3.07 Financial Instruments (continued)

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the

contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

D. Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

D.1 Financial assets: Subsequent measurement and gains and losses

Debt investments at FVOCI These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss.

Equity investments at FVOCI These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to profit or loss.

E. Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

iii Derecognition

A. Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

B. Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the

Significant Accounting Policies for the year ended 31st March, 2022

modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

iv. Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.08 Foreign Currency Transactions:

Initial recognition:

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Measurement of foreign currency monetary items at the Balance Sheet date:

Foreign currency monetary items (other than derivative contracts) of the Company and its net investment in non-integral foreign operations outstanding at the Balance Sheet date are restated at the year-end rates.

Treatment of exchange differences:

Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognized as income or expense in the Statement of Profit and Loss.

3.09 Employee Benefits

a) Short Term Employee Benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are recorded as expense as the related service is provided. Benefits such as salaries, short term compensated absences etc., and the expected cost of bonus is recognized in the period in which the employee renders the related services. A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for the related service

b) Post-Employment Benefits

The Company participates in various employee benefit plans. Pensions and other post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial and investment risks are borne by the employee. The expenditure for defined contribution plans is recognised as an expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks are borne by the Company. The present value of the defined benefit obligations is calculated by an independent actuary using the projected unit credit method.

Defined contribution plans

Employees receive benefits from a provident fund and employee state insurance funds. The employer and employees each make periodic contributions to the plan as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted

for as defined contribution plans and the contributions are recognised as employee benefit expenses in the Statement of Profit and Loss as they fall due based on the amount of contribution required to be made.

Defined Benefit plans

In accordance with the Payment of Gratuity Act, 1972, applicable for Indian companies, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. Company's liability towards Gratuity are actuarially determined at each balance sheet date using the projected unit credit method. Actuarial gains and losses are recognized in the Statement of Profit and Loss in the period of occurrence.

3.10 Borrowing Cost

Borrowing costs consists of interest, ancillary costs and other costs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised as part of the cost of such assets upto the assets are substantially ready for their intended use or sale.

The loan origination costs directly attributable to the acquisition of borrowings (e.g. loan processing fee, upfront fee) are amortised on the basis of the Effective Interest Rate (EIR) method over the term of the loan.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

3.11 Leases

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- a. the Contract involves the use of an identified asset
- b. the Company has substantially all of the economic benefits from use of the asset through the period of lease
- c. the Company has the right to direct the use of asset

Leases as Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. When ever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term

Significant Accounting Policies for the year ended 31st March, 2022

lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease

Leases as Lessee

As at the date of commencement of the lease, the Company recognises a right of use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases) and low value leases. For these short term leases, the Company recognises the lease payments as an operating expense on a straight line basis over the period of lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease and related prepaid amount plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses

ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the market. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. The Right-of-Use asset has been disclosed within the same line item as that within which the corresponding underlying asset would be presented. Where the Right-of-Use asset meets the definition of Investment Property such items has been presented in Balance sheet as Investment Property. Lease liability have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

In the previous financial year due to uncertainties lease was cancelled. Thus in the previous year Lease liability and corresponding Right-of-use asset was derecognised.

3.11 Leases (Continued)

The following is the summary of practical expedients elected on initial application:

1. Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application
2. Used hindsight in determining the lease term where the contract contains options to extend or terminate the lease

3. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
4. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application

3.12 Earnings per Share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

3.13 Income Tax

a. Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b. Minimum Alternate Tax ('MAT')

Minimum Alternate Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the Statement of Profit and Loss. The credit available under the Income-tax Act, 1961 in respect of MAT paid is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

c. Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities not recognised if the temporary differences arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction

Significant Accounting Policies for the year ended 31st March, 2022

that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interest are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3.14 Provisions and Contingencies

a. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

b. Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

3.15 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

3.16 Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated.

3.17 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

3.18 GST input credit

GST input credit is accounted in the books in the period in which the underlying service as well as invoice is received and when there is no uncertainty in availing / utilizing the credits.

51 Segment Reporting

An operating segment is a component of the company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Makers (Board of Directors) to make decisions about resources to be allocated to the segments and assess their performance. The Company's sole business segment is manufacturing of textiles consisting of yarn, fabrics and garments. Consequently, the management believes that there are no reportable segments as required under Ind AS 108 - 'Segment Reporting'.

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Transfers between Level 1, Level 2 and Level 3

There were no transfers between Level 1, Level 2 or Level 3 during the year ended 31 March 2022 and 31 March 2021 respectively.

Valuation technique used to determine fair value

The management assessed that cash and cash equivalents, trade receivables, trade payables, short term borrowings and other current liabilities and assets approximate their carrying amounts due to the short-term maturities of these instruments.

Fair values of assets and liabilities have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

- i) The fair value of Investment in listed Equity shares and mutual funds and are based on price quotations at reporting date.
- ii) The Fair value of Investment in unlisted equity shares have been determined based on Net Asset Value Method

59 Disclosure with respect to Micro, Small and Medium Enterprises

The Ministry of Micro, Small and Medium Enterprises has issued an office memorandum dated 26 August 2008 which recommends that the Micro and Small Enterprises should mention in their correspondence with its customers the Entrepreneurs Memorandum Number as allocated after filing of the Memorandum in accordance with the 'Micro, Small and Medium Enterprises Development Act, 2006' ('the MSMED Act'). However as on date, the Company has not received any information with regard to vendors who have obtained registration under the said act. Accordingly, the Company has disclosed the entire amount as payable to vendors other than Micro, small and Medium enterprise.

60 Financial risk management

The Company has exposure to following risks arising from financial instruments-

- credit risk
- market risk
- liquidity risk

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's audit committee oversees how management monitors compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relations to the risks faced by the Company.

A Market Risk

Market risk is the risk that changes in market prices, such as interest rates and foreign exchange rates, will affect the Company's income and its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters.

Currency risk

The Company operates internationally and a major portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk to the extent that there is mismatch between the currencies in which its sales and services and purchases from overseas suppliers in various foreign currencies. Market Risk is the risk that changes in market prices such as foreign exchange rates will effect company's income or value of its holding financial assets/ instruments. The exchange rate between the Rupee and foreign currencies has changed substantially in recent years and may fluctuate substantially in the future. Consequently, the results of the Company's operations are adversely affected as the Rupee appreciates/ depreciates against US dollar (USD), Euro (EUR), and British Pound (GBP).

B Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates, in cases where the borrowings are measured at fair value through profit or loss. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

(a) Exposure to interest rate risk:

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows:

Particulars	As at 31 March 2022	As at 31 March 2021
Fixed-rate instruments:		
Financial liabilities	13.78	33.04
Variable-rate instruments:		
Financial assets	-	
Financial liabilities	51.57	117.76
	<u>65.35</u>	<u>150.80</u>

Significant Accounting Policies for the year ended 31st March, 2022

(Rs. in Lacs)

(b) Fair value sensitivity analysis for fixed-rate instruments

The Company's fixed rate instruments are carried at amortised cost. They are therefore not subject to interest rate risk as defined Ind AS 107, since neither the carrying amount nor future cash flows will fluctuate because of change in market interest rates.

(c) Cash flow sensitivity analysis for variable-rate instruments

A reasonable possible change of 1% (100 basis points) in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below:

	As at 31 March 2022	As at 31 March 2021
Impact on Profit and Loss Statement		
Loan and Borrowing		
Increase by 1%	0.65	1.51
Decrease by 1%	(0.65)	(1.51)
Impact on Equity (Net of Tax)		
Loan and Borrowing		
Increase by 1%	0.48	1.12
Decrease by 1%	(0.48)	(1.12)

B Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities. The carrying amount of financial assets represents the maximum credit exposure. Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has always been managed by each business segment through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. More than 90% of the Company's customers have been transacting with the Company for continuous periods, and no significant impairment loss has been recognized against these customers due to the realisation within the credit period. In monitoring customer credit risk, customers are reviewed according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry and existence of previous financial difficulties

Particulars	Less than 3 months	3-12 months	More than 12 months	Total
As at 31 March, 2022	74.46	0.00	3.01	77.46
As at 31 March, 2021	67.88	0.00		67.88

C Liquidity Risk

Liquidity is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing the liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

To ensure continuity of funding, the Company primarily uses short-term bank facilities in the nature of bank overdraft facility, cash credit facility and short-term borrowings to fund its ongoing working capital requirements and growth needs. The Company believes that the working capital met by short term borrowings is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived. The Company closely monitors its liquidity position and maintains adequate source of funding.
