#### DIVIDEND :

Your Directors do not recommend dividend on Equity shares for the Financial Year ended 31st March, 2008.

#### PERFORMANCE REVIEW :

During the financial year under review, the export sales have increased to Rs. 1666.70 lakhs as compared to export sales of Rs. 1469.17 lakhs during the previous year. Even though the Company posted higher export sales in 2007-08 as compared to the previous year, the export sales performance was lower than expected mainly because of the competition from low cost suppliers, which have put severe pressure on already thin margins. Furthermore, the impact of the appreciating rupee towards a major part of the last financial year also had an adverse effect on the Company's performance. However, the Company is making all possible effort to face the challenges ahead.

Your Company had fully set up a Home Textiles Unit in Gujarat and commercial production started on 1st September 2006. However, the Unit started making losses since inception and efforts to turn the Unit around were not successful. As it became a drain on the Company's resources, the Home Textiles unit was disposed off by way of outright sale of machineries, equipments and installations on 01-01-2008.

#### CHANGE OF REGISTERED OFFICE :

The Registered Office of the Company was shifted within the local limits of the city from 7, Sambhunath Mullick Lane, Kolkata - 700 007 to 'Patodia House', 23 Circus Avenue, Kolkata - 700 017 with effect from 31st October, 2007. The latter had earlier been our Export Division Office and it was considered in the Company's best interest to shift the Registered Office to the Export Division Office at 23, Circus Avenue, Kolkata - 700 017.

#### QUALITY MANAGEMENT SYSTEM CERTIFICATE :

The Company was awarded QUALITY MANAGEMENT SYSTEM CERTIFICATE on 12.5.2008 for Exports of Various Yarn, Fabric, Garments and Made-ups by the Norsk Akkreditering of Norway.

#### PARTICULARS OF EMPLOYEES :

Particulars of Employees as required under Sub-section (2A) of Section 217 of the Companies Act, 1956 and the rules made thereunder are not applicable for the year under review.

#### DIRECTORS :

Shri Krishna Prasad Bagaria and Smt. Sheela Patodia, Directors of the Company retire by rotation and are eligible for re-appointment.

#### DIRECTORS RESPONSIBILITY STATEMENT :

#### MANAGEMENT DISCUSSION AND ANALYSIS

We have pleasure in submitting the Management Discussion & Analysis Report on the Company's business.

#### A) INDUSTRY STUCTURE AND DEVELOPMENTS

The Textile industry in India continues to play an important role both as a producer and as an exporter of cotton and other types of yarn. The year under review was difficult for the yarn exporters and the situation became more favourable only towards the end of the year. During 2007-08, Yarn Syndicate Ltd. had exported cotton yarn, viscose yarn, polyester yarn, polyester viscose yarn, polyester textured yarn, polyester cotton yarn and jute yarn to countries like Belgium, Bulgaria, U.K., China, Hong Kong, Korea, Philippines, Sri Lanka, Brazil, Egypt, Kenya, Israel, South Africa.

The Company, which had launched its Home Textiles Unit on 1st September 2006, has disposed off this Unit on 1st January, 2008 as the venture was forced to operate in a highly competitive environment and proved to be commercially unviable.

The export market for yarn remains extremely competitive and consequently, margins are low. Furthermore, the rising rupee rise has had a negative impact on yarn exports. The hardening rupee had left yarn exporters with fewer export orders, which had resulted in lower exports for yarn. The export scenario has improved with the weakening of the rupee and that impact is only now being felt. In spite of the difficulty being faced, the Company is making all possible effort to increase the volume of its exports and is committed in maintaining its policy in terms of style, quality, pricing and timely delivery of goods to our international customers.

#### B) OPPORTUNITIES AND THREATS

The export market for textile and yarn has grown appreciably for countries like India and exports from India of yarn has increased significantly over the past several years. Over a period of many decades, the Company has developed a strong and impeccable reputation in the textile yarn export business. Considerable portion of our business is by way of repeat orders from regular customers over the years. In our drive to expand our export market, the company continues to explore new export markets. Since beginning of this year, yarn exports have increased and Indian yarn exports have recovered on weakening of the rupee.

The global textile and yarn industry is extremely competitive and Indian exporters have to compete against low cost suppliers like China, Vietnam, Indonesia and Bangladesh. Also, changes on the exchange rate front have impacted the export market of yarn.

#### C) OUTLOOK

The outlook for the Indian yam export market looks promising. The depreciation of the rupee against the US dollar since January 2008 has made exports attractive once again. The Textile & Clothing industry is the largest and prominent sector in Indian economy in terms of manufacturing, foreign exchange earnings and employment generation. The Government of India has plans to create a development council to identify the problems faced by the textile industry and suggest possible solutions with an aim to double the country's share in global textile trade from current 4% to 8%. The weakening of the rupee against the dollar has made the export scenario much brighter and India with its capability for producing high quality cotton yarn and skilled workforce is capitalizing to increase on its market share of the global varn trade. Yarn Syndicate Limited, a pioneering export house, is making every effort to increase on its export order position and always making special efforts to explore new markets.

#### D) SEGMENT-WISE PERFORMANCE

The Company is engaged in the business of export of yarn and till 31.12.2007 was also engaged in job works of Home Textile products and the business of export of yarn is the reportable segment.

#### E) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper internal control system, which provides adequate safeguards and effective monitoring of the transactions and ensures that all assets are safeguarded and protected against loss from unauthorized use or disposition.

The Company has an internal audit system, which ensures that the company's control mechanism is properly followed and all statutory requirements are duly complied with.

Moreover, an audit committee of the Board of Directors comprising of non-executive Directors regularly review the audit plans, adequacy of internal control as well as compliance of accounting standards.

Please refer to 'Performance Review' in the Board of Directors' Report.

#### MATERIAL **DEVELOPMENTS** HUMAN RESOURCES/ INDUSTRIAL IN RELATIONS

We had ensured safe and healthy working conditions in the Unit and have continued with our policy to ensure safe and healthy working conditions in other premises of the Company taking into account of health and safety of all concerned, besides conservation of natural resources and protection of the environment.

A major factor for the continued growth of your organization is the constructive support of Banks, Institutions, Suppliers, Export Promotion Organisations, executives, employees, creditors and the confidence shown by them in the Company. Employer-Employee relations in all the offices of the company were cordial throughout the year under review.

The number of people employed by the Company total 20 in all.

#### H) **CAUTIONARY** STATEMENT

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations are "Forward looking statements". Actual results may differ materially from those expressed or implied. Important factors that could make a difference to the company's operations include, among others, economic conditions affecting demand/supply, the exchange rate of the Rupee vis-à-vis the U. S. Dollar and price conditions in the domestic and overseas markets, also effect of political situations, change in the Government regulations on Export, tax laws and other statutes and incidental factors over which the company does not have any control.
