1. OPERATIONS:

Indian Economy reeling under recession has affected your Company also resulting in sluggish demand in transport sector. Further the rate of interest being charged by the banks in borrowings and offered by the banks on Fixed Deposits was going up and as a result, the Company had to accordingly revise the rate of interest payable to the depositors. This increased the cost of funds. The increasing cost of the borrowed funds has negated the advantage of better margins.

2. DIVIDEND:

In view of the consolidation of existing business activities and to conserve the resources, your Directors are constrained not to recommend any dividend for this year.

3. PROSPECTS FOR CURRENT YEAR:

The Government, with a view to revive the economy and to contain the recessionary trend came out with various stimulus packages. RBI too have initiated number of steps to bring down the rate of interest charged by the banks. Demand in the commercial vehicles has also started picking up. With these measures, your Company expects that the availability of borrowed funds, at a lesser cost, will help in reducing the cost of funds and thus pave way to improve its profitability.

In view of volatile market conditions, your Directors feel that it is not an opportune time to bring Rights Issue and as such, for the time being, it is being deferred.

4. RESERVES:

During the year under review, the Company has transferred from the Profit to Reserves:

(i) Special Reserve Rs.7 lacs in terms of RBI (Amendment Ordinance, 1997 effective from 09th January, 1997 and

(ii) General Reserve Rs.1lac, leaving a balance of Rs.26.61 lacs in Profit & Loss A/c.

5. RBI'S GUIDELINES TO NON BANKING FINANCE COMPANIES (NBFCs) ON PRUDENTIAL NORMS & CREDIT RATING

Your Directors are happy to inform that the Company has followed and complied with RBI guidelines and as against minimum requirement of 12%, the Company's Capital Adequacy Ratio is 21.35%

M/s. CARE Limited has downgraded the Company's rating from BBB to BB+ which denotes the Company's Public Deposits to offer inadequate safety for timely servicing of debt obligations and carry high credit risk. The main reasons for the downgrade is attributed by M/s. CARE to be the global recession, the margin in the business of the Company is less in the competing market of commercial vehicle financing and sluggish demand in transport sector.

6. DIRECTORATE:

Shri Rajiv Gupta and Shri Arun Mitter retire by rotation and are eligible for reappointment as Director of the Company. Mr. M K Madan was appointed as a Director to fill in the casual vacancy caused by the resignation of Director Mr. Bipin B Bhavsar. SCHEDULE 'Q': SIGNIFICANT ACCOUNTING POLICIES

1. Basis of presentation:

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with Generally Accepted Accounting Principles ('GAAP') and in compliance with the Accounting Standards specified in the Companies (Accounting Standards) Rules, 2006 notified by the Central Government and the other provisions of the Companies Act, 1956. Insurance and other claims are accounted for as and when admitted by the appropriate authorities.

The preparation of accounts under GAAP requires the management to make estimates and assumptions that affect the reported amounts of assets and liability and disclosures of contingent liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the year. Examples of such estimates include the useful lives of fixed assets, provision for doubtful debts/advances, future obligations in respect of retirement benefit plans, etc. Actual results could differ from these estimates. Any revisions to accounting estimates are recognised prospectively in the current and future periods. Wherever changes in presentation are made, comparative figures of the previous year are regrouped accordingly.

a. Asset financing:

Income is proportionately accounted on accrual basis over the period of the agreement.

Overdue compensation collected is taken to the credit of sundry creditors considered as income only on receipts of the total outstanding installments. Insurance and other claims are accounted for as and when admitted by the appropriate authorities.

b. Reserve Bank of India Guidelines:

The Company has complied with the guidelines issued by the Reserve Bank of India (RBI) in respect of Prudential Norms for Income Recognition and Provisions for Non-Performing Assets.

2. Fixed assets:

A. On assets related to asset financing business:

The assets are not capitalised on payment to supplier on purchase since the titles and possessions are with the hirer and the same is reflected as current assets on entering into an Asset Financing agreement for the said assets.

B. On other assets:

- Capitalised at acquisition cost including directly attributable cost such as freight, insurance and specific installation charges for bringing the assets to its working condition and use.
- b. Expenditure relating to existing fixed assets is added to the cost of the assets where it increases the performance / life of the assets, as assessed earlier.

c. Fixed assets are eliminated from financial statement, either on disposal or when retired from active use and such retired assets are disposed off soon thereafter.

3. Investments:

- Long term investments are valued at cost after providing for any diminution in value, if such diminution is of other than temporary in nature.
- Current investments are carried at lower of cost or market value. The determination of carrying costs such investments is done on the basis of specific identification.

4. Employee benefits:

a. Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, short term compensated absences etc. and expected cost of bonus, ex-gratia are recognized in the period in which the employee renders the related service.

b. Defined contribution plan

The Company's contributions paid / payable during the year to provident fund are recognized in the profit and loss account.

c. Defined benefit plan

The Company's liabilities towards gratuity is determined using the Projected Unit Credit Method, which considers each period of service as giving rise to additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Actuarial gain and losses are recognized immediately in the profit and loss account as income or expenses.

d. Long-term employee benefits

The obligation for long-term benefits, such as, leave encashment is accrued and accounted for on the basis of terms of employment.

5. Depreciation:

Depreciation on fixed assets has been provided on written down value method, at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956.

6. Foreign currency transactions:

- The reporting currency of the Company is Indian Rupee.
- b. Foreign currency transactions are recorded on initial recognition in the reporting currency, using the exchange rate at the date of transaction. At each balance sheet, foreign currency monetary items are reported using closing rate. Exchange difference

that arises on settlement of monetary items are recognized as income or expense in the period in which they arise in other cases.

7. Securitization transactions:

The Company enters into securitisation transaction through direct assignment route, where such portfolios of receivables are assigned directly to the purchaser. Such securitised receivables are de-recognised in the balance sheet when they are sold (true sale criteria) and sale consideration is received from the purchaser.

Gain or loss from the sale of receivables is computed as a difference between sale consideration and book value. Any loss arising on account of the sale is accounted accordingly and reflected in the profit and loss account for the period during which the sale is effected and profit/ premium, if any, arising on account of sale is amortised over the life of the securitised receivables. Expenses of securitisation transaction are, however, accounted upfront as required by guidelines issued by the RBI on securitization vide Circular No. DBOD.NO.BP.BC.60/21.04.048/2005-06 dated 1st February, 2006.

8. Borrowing costs:

- b Deferred tax is recognized on timing difference between the accounting income and taxable income for the year, and quantified using the tax rates and laws enacted or substantially enacted as on the balance sheet date.
- c Deferred tax assets are recognized and carried forward only to the extend that there is a reasonable certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized.

10. Events occurring after the date of balance sheet :

Events occurring after the date of balance sheet are considered upto the date of adoption of the accounts, where material.

11. Provisions and contingent liabilities:

 Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- ii) the Company has a present obligation as a result of a past event;
- iii) a probable outflow of resource is expected to settle the obligation; and
- iv) the amount of the obligation can be reliably estimated.
- b. Reimbursement expected in respect of expenditure required to settle a provision is recognized only when it is virtually certain that the reimbursement will be received.

Consequently, the Company has received the communication DNBS MRO NO 2893/2.13.001/2008-09 dated April 03, 2009 from the Reserve Bank of India to:

- Stop with immediate effect accepting of fresh public deposits and renewal of existing public deposits.
- 2. Reduce within 3 years from the date of downgrading the FD level to Rs.10 Crores.

The Company has made a submission to the Reserve Bank of India to consider a period of 8 years time instead of 3 years for reducing the deposit levels as also to consider renewals at 75% of existing levels and accepting of new deposit at 50% of existing levels during this period .the Company is awaiting RBI's reply.

Keeping in mind the requirements of the RBI to reduce the FD levels, the Company would be scaling down its operation till such time. It does not arrange for alternative long term funds for its operations.

The Company has strong internal control system in place and is always reviewed continuously to meet the challenges of changing requirements.

Financials:

The Company had to face severe competition and as a result the margin / earning was not adequate. The Company has selectively done the business, though, there was a scope for business provided the competitive rates of private banks are matched.
