(E) Management Discussion and Analysis Report :

Industry Structure and Developments: The contribution of IT & BPO Sector in India's economy is much higher than its export achievement or the brand equity in foreign markets that has raised India's economy profile abroad. The BPO industry today boosts over turnover of \$ 12 billion & employs 23,00,000 staffs. The NASSCOM - Mckinsey 2009 report estimates that the combine IT & BPO industry workforce is increasing by 26% annually. Despite of global meltdown India is still the leader in the world in IT & BPO.

BPO Business – BPO business providing software & services to companies outside its border has experienced growth rate as much as 50% in a single year. In the last eight years average growth has been 33.7%. Though due to slowdown in US economy this is expected to reduce between 21-24% but even the projected growth rate of 21-24% is robust and in sync with the industry target of achieving \$60-62 billion of exports by 2010 as stated by NASSCOM. The gross revenue from domestic segment experienced growth to register revenue of \$ 13 billion. It is expected that the industry will grow further by 15-20% in the year 2009-10 despite the current situation.

BPO Destinations – India, Malayasia, Vietnam, Singapore, Philippines, Latin America, Eastern Europe, South Africa and recently Egypt is considered as a significant BPO destinations. The industry creates lot of job opportunities for youth and brings overall growth for the country.

Future of Indian BPO – The Conventional Custom Application Development continues to remain the dominant service line which is expected to witness steady growth. This service line accounts for 49% of Indian IT service exports & will continue to dominate. The other service lines witnessing attraction include IT consulting, Staffing Solutions, Infrastructure Management Services and R & D and System Integration. Revenue from exports of software services and BPO will reach about \$ 72 billion for the next fiscal year, according to data released by the NASSCOM. BPO boom has arrived in West Bengal also. New players are coming and FDI investment is also forseen. Indian IT companies have successfully scaled up operation and made a mark in the global outsourcing business market. Post presidential election in US it was interpreted that BPO industry will be affected but still India is witnessing growth.

Risks & Concerns for Indian It Industry — Though demand conditions have been optimistic, the Indian IT sector is exposed to certain risks which may hinder growth. An apprciating Rupee, slow down in US economy, shortage of skilled manpower, limitations in domestic infrastructure and competition from other global players. Services provided at a low cost by China, Philippines and Vietnam are threat to Indian Companies. The employment and growth has reduced to 16%. Apart from this increasing activities of global MNC's is making it difficult for employee retention for Indian Companies.

On the financial front wage inflation of 15% can reduce the top line as well as the bottom line of the companies. Shortage of experienced and skilled call centre professionals is another concern for the industry. In voice based operations infrastructural support as to Zero break down is another contingenous factor which affects revenue.

Opportunities and threats – Growth in IT and ITES industry is spreading. Having made indeilible mark in global BPO business this sector is thriving in KPO. According to the market report this new outsourcing avenue for Indian BPO market estimates that the world BPO market is worth US \$234 billion with the contribution from India worth \$5.7 billion. India is a major KPO player in the world has inherent advantages because of its intellectual and Internet resource.

On the other side, the threats are increased attrition, saturated infrastructure, regular political issues and reliability of the project performance, meeting customer requirements and getting payment. Given the fact that the industry is growing at a compounded annual rate (CAGR) of 33.7% certain issues like data security and lack of product expertise pose serious threats to the growth of this industry. The IT Act Amendment Bill 2006 has been rolled out from Dec. 2008 as it is expected to herald a new, more stringent IP policy structure.

Growth – According to Nasscom-Mckinsey study, the IT-enabled services sector was due to employ 1.1 million people and earn \$ 1 billion by 2008. The rapid growth is throwing up winners and the losers who didinearly everything right and are now set to take on a larger share of the BPO pie even as they gear to meet

competition from the world's largest BPO coprporations which are eyeing India. About 8-10 Indian groups are set to clock \$ 100 million in revenues in the next 14-18 months, purely on the strength of their present contacts.

While the effects of the economic crisis were expected to linger in the near term future the Indian BPO industry displayed resilience and tenacity in countering the unpredictable conditions and reiterating the viability of India's fundamental value proposition. Consequently, India managed to retain its leadership position in the global sourcing market.

At the same time, Nasscom survey showed that substantial growth would take place over the two years enabling the industry to get past the \$ 60 billion export target in FY 2011. Export revenues touched \$ 47.3 billion in FY 2009, accounting for 66% of the total IT-BPO industry revenues.

Segment-wise or Product-wise performance — In view of the identical geographical location and the same product, i.e. ITES, there is hardly any need for separate segmental reporting.

Outlook: In view of the bright future prospect of the I.T. enabled services, the Company has adopted the model of mergers & acquisitions and to expanded its operation in more than one location in India specially in Special Economic Zone (SEZ). The Company is at par with other existing 100% Export Oriented Units (EOU). The Company envisagas to start a HR Development for call centre staffing separately, as an IIR activity. The Company has not received allotment of Land from Govt. of W. B. as such the Company has not expanded the size of call centre as envisaged last year but is pursuing with the State Govt, for the land in the right location. Company's plan of SEZ is still in process but due to uncertainity in the SEZ policy of the Govt, the Company has adopted the policy of wait and watch to ascertain the cost implemention and element of profitability before it goes ahead. The Company has already procured an order of High Court for merger with another five companies of diversity and to carry out its activities in more than one location and more than one development centre. In case of 'SEZ', the Company will need sufficient funds & may have to increase the Share Capital of the Company, bringing the clause of developer as real state from ancilliary objects to main object, more acquisitions & mergers, setting the focus for I.T. industry to I.T. infrastructure development activity more & will have to do the conequential amendment in the Memorendum & Articles of Association of the Company including change of name if required. The Company also envisages and for the the software development centres at more than one placeinside India as well as abroad to get the benefit of effective manpower & infrastructure.

Internal Control System and their adequacy — The Company has an Internal Control and Audit System Commensurate with its size and nature of its business.

Discussion on financial performance with respect to operational performance — The company has made profit during the year but revenue has reduced due to lack of working in optimum capacity and heavy manpower attrition and non availability of appropriate manpower who can maintain the standards and quality of delivery. The Company also tried for new manpower development but it is taking time. Certain laws, introduced by the Federal Government in USA against outsourcing of Government jobs to India and after the vanishing of the charm of e-commerce in world economy, the Company's performance has been severely affected and the Company has no option but to identify new avenues of software services. The Company has commenced HR services additionally apart from last year's activities of Medical Transciption, Animation, Call Centre and other non-voice based KPO services but the results have not been derived to the extent desired. The Company is hopeful for better results.

Material development in Human Resources/Industrial Relation front, including No. of people employed – Number of old employees were reduced in view of the low production and of course new skilled manpower was introduced for Medical Transcription and Call Centre and there is a smooth operational relations with the employees of the Company. The Company has outsourced the work to the professional consultants. The Company has attempted lately to develop the required skilled human resource for the future prospective projects in KPO in good hope. The Company has taken up International Staffing as a business activity and new avenue for revenue which has strengthen its manpower in domestic and international market. West Bengal has come up strongly as IT HUB and many BPO and other industy players have started or likely to start their operations. Manpower of professionals in IT/ITES has crossed 50,000 in Kolkata and is expected to cross 2,00,000 in next three years. Staffing has become a part of the industry in domestic and international market. To bridge the gap, the company has targeted to explore market of manpower development, manpower resourcing, developing and delivering under the new name of LENSEL JOBS ONLINE and hopeful of success.

AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

To the Members of LEE & NEE SOFTWARES (EXPORTS) LIMITED

We have examined the compliance of Corporate Governance by Lee & Nee Softwares (Exports) Limited for the year ended 31st March, 2009 as stipulated in clause 49 of the Listing Agreement of the said Company with the Stock Exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in clause 49 of the above mentioned Listing Agreement.

As required by the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India, we state that the Share transfer division has certified that as at March 31, 2009, there were no investor grievances remaining unattended/pending for more than 30 days.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

AUDITORS' REPORT

Τo,

The Members of M/s. Lee & Nee Softwares (Exports) Ltd.

We have audited the attached Balance Sheet of M/s. Lee & Nee Softwares (Exports) Ltd. as on 31st March, 2009 and the Profit & Loss Account and Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

- 1. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
- 2. As required by the Companies (Auditors' Report), Order, 2003, issued by the Central Government of India in terms of section 227 (4A) of the Companies Act, 1956, and on the basis of such checks as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraph 4 and 5 of the said order.
- 3. Further to our comments in the Annexure referred to in paragraph 1 above, we report that :
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief, were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account have been kept by the Company as required by law so far as appears from our examination of such books of Head Office and its branches.
 - c) The Balance Sheet and Profit & Loss Account and Cash Flow Statement referred to in this report, are in agreement with the books of account at Head Office and its branches.
 - d) In our opinion, subject to notes on accounts, the Balance Sheet and Profit and Loss Account and Cash Flow Statement dealt with by this report have been prepared in compliance with the accounting standards referred to in sub-section (3C) of Section 211 of the Companies Act 1956.
 - e) On the basis of the confirmation received from the Directors and taken on record by the Board of Directors, none of the Directors is disqualified as on 31.3.2009 from being appointed a Director of the Company under Section 274(1)(g) of the Companies Act 1956.
 - f) In our opinion and to the best of our information and according to the explanation given to us, the said accounts read together with Company's accounting policies and other notes thereon of **schedule '14'** for which we have relied on managements perception, give the information required by the Companies Act, 1956, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India.
 - i) in the case of Balance Sheet, of the state of affairs of the Company as on 31st March, 2009 and
 - ii) in the case of Profit and Loss Account, of the profit of the Company for the year ended on that date.
 - iii) in the case of Cash Flow Statement of the Cash flows for the year ended on that date.

SCHEDULE '14' SIGNIFICANT ACCOUNTING POLICIES AND NOTES ON ACCOUNTS

A. SIGNIFICANT ACCOUNTING POLICIES:

The financial statement has been prepared under historical cost convention and as going concern concept and in accordance with generally accepted accounting principles and provisions of the Companies Act, 1956 as well as guidelines prescribed by the Institute of Chartered Accountants of India.

a) Method of Accounting:

The Company follows the mercantile system of accounting and generally the accrual concept in preparing the accounts except dividend, Audit Fee and Fringe Benefit Tax which is recorded on cash basis.

b) Revenue/Expenses Recognition:

Revenue and Expenses are recognised only when accrued and their collection and payment is reasonably certain. Software development income has been accounted for contractually though the payments are received progressively. Software Development expenses and/or copy right fees are accounted for on satisfactory completion.

c) Accounting of Software Package Development:

Expenses incurred on development of software packages are shown under work in progress till the package/product are fully developed.

d) Fixed Assets:

All Fixed Assets are stated at cost inclusive of expenses incurred to put them for use less accumulated depriciation and impairments, if any.

e) Investments :

Investments are stated at cost. The management perceives all the investments in securities as long term save and except mentioned as current investment in the Schedule "4".

f) Depreciation

Depreciation on all Fixed Assets has been provided on written down value method at the rates specified in schedule XIV to the Companies Act, 1956 on prorata basis.

g) Valuation of Inventories:

Software packages/product and printed materials are valued at cost. Finished goods excluding developed software package are valued at lower of cost or if any estimated net realisable value. Work-in-progress including the cost of developed software is taken at estimated cost.

h) Foreign Currency Transaction:

i) Transactions in Foreign Currency are normally recorded at prevailing exchange rate, at the time of the transaction. The resultant gain or loss on realisation of foreign currency is recognised in Profit & Loss Account as exchange fluctuation.

B. NOTES ON ACCOUNTS (SCHEDULE-10):

- 1) Contingent Liabilities not provided for :
 - a) E-accounting business procurement fee, amounting to contracts value for Rs.NIL yet to be executed has not been provided for (previous year Rs.27,00,000/-)
