## SCHEDULE ANNEXED TO AND FORMING PART OF THE ACCOUNTS FOR THE YEAR ENDED MARCH 31, 2008

## 14. NOTES TO ACCOUNTS:

## 1. SIGNIFICANT ACCOUNTING POLICIES

## a) ACCOUNTING CONVENTION:

. These accounts have been prepared under historical cost convention on accrual basis of accounting and to comply in all the material aspects with (a) applicable accounting principles in India; (b) the Accounting Standards issued by the Institute of Chartered Accountants of India; and (c) relevant provisions of the Companies Act, 1956.

### b) USE OF ESTIMATES:

The preparation of Financial statement requires the management to make estimates and assumptions considered in the reported amount of assets and liabilities (including Contingent liabilities) as on the date of financial statements and the reported income and expenses during the reporting period. Management believes that the estimates used in the preparation of the financial statement are prudent and reasonable. Any revision to accounting estimates is recognized prospectively in current and future periods.

## c) FIXED ASSETS:

Fixed assets are stated at historical cost less accumulated depreciation and impairment losses. Cost includes purchase / acquisition cost and incidental cost incurred to bring the assets to their location and working condition.

Carrying amount of cash generating units/assets is reviewed at Balance Sheet date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount is estimated at net selling price or value in use whichever is higher. Impairment loss, if any, is recognized whenever the carrying amount exceeds recoverable amount.

### d) INVESTMENTS:

Long-term investiments are stated at cost less provision for permanent diminution in value of such investments, if any

## e) REVENUE RECOGNITION:

- i) Sales are recognized on transfer of significant risks and rewards to the customer.
- ii) Insurance, sales tax refund and other claims are accrued when there is reasonable certainty of their realization.

## 1) DEPRECIATION:

Depreciation on computers is charged on straight line basis and for other assets, on the written down value basis at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956. Assets costing Rs. 5,000 or less are depreciated fully in the year of acquisition.

## g) RETIREMENT BENEFITS:

## Defined contribution plans:

The Company makes superannuation contribution to specific contribution plan for qualifying employees. Under the scheme the Company is required to contribute a specified percentage of the payroll costs to fund the benefits.

## Defined benefit plans:

Company's liability towards long term compensated absences is determined by the independent actuaries, using the projected unit credit method.

## h) EARNING PER SHARE:

The Company reports basic and diluted Earnings Per Share (EPS) in accordance with Accounting Standard 20 on "Earning Per Share".

Basic EPS is computed by dividing the net profit or loss for the year by the weighted average number of Equity Shares outstanding during the year.

## i) TAXATION:

Income taxes are accounted for in accordance with Accounting Standard 22 on "Accounting for Taxes on Income". Tax expenses comprise of current tax deferred tax and fringe benefit tax.

(Rs. in 000)

## NOTES (Contd.)

Current tax is measured at the amount expected to be paid to the tax authorities using the applicable tax rates and tax laws

Deferred tax assets and deferred tax liabilities are recognized for future tax consequences attributable to the timing differences between taxable incomes and accounting income that are capable of reversal in one or more subsequent period and are measured using tax rates enacted or substantially enacted as at the Balance Sheet date. Deferred tax Assets arising from timing difference are recognized unless in the management judgement, only to the extent there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized. The carrying amount of deferred tax asset is revised at each Balance Sheet date.

Fringe Benefit tax is determined at current rate on expenses falling within the fringe benefits as defined under the Income Tax Act, 1961.

## j) ACCOUNTING FOR PROVISIONS AND CONTINGENT LIABILITIES AND CONTINGENT ASSETS:

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognised nor disclosed in the financial statements.
