For Piccadily Agro Industries Limited Sd/- Sd/-(Kartikeya Sharma) (Harvinder Chopra) Director Executive Director

Management Discussion and Analysis Report:

India is the largest consumer of sugar in the world with an average annual increase in demand of the order of about 8 lakh tones. For the current 11th plan period, with higher GDP growth, the rate of increase in the consumption of sugar is likely to be higher. The Planning Commission has after a study, come to the conclusion that demand for sugar would continue to rise at the compounded rate of 5.37% per annum. After applying the same growth rate of 5.37% at the end of 11th plan period i.e. in the year 2011-12, the total demand of sugar for domestic consumption in India, would reach a level of 290 lakh tones. To produce this amount of sugar, the requirement of sugar cane would be to the order of 455 million tones. To meet the additional requirement of cane, the area under sugar cane cultivation is required to be increased. This situation calls for a major change in the current practices of sugar cane cultivation and this requires large investment. It bears repetition therefore that beyond the promotional activities by the Sugar factories ,Government may also lend its support to accelerate the pace of development activities.

In the recent past, some price increases of finished sugar have taken place but the cost of production has also increased due to high cane prices. Also the sugar production has declined to 14.50 million tones (estimated) - almost half the normal output. The price rise in case of sugar has been the minimal as compared with various essential commodities. The Government procures 10% of production of sugar as levy sugar for distribution to the BPL population through ration shops. This sugar is compulsorily requisitioned by the Government from the factories at a price about half the cost of production of sugar, thereby causes serious losses to Sugar industry. The levy price has been fixed at the statutory minimum prices (SMP) of cane fixed by Central Government, but the factories have to pay State advised prices (SAP) which is more than statutory minimum prices (SMP)

Source :- Indian Sugar Mills Association (ISMA)

Future prospects

The sugar output in India is likely to touch 14.5 million tones during the season of 2008-2009 as against the record production of 26.3 million tones of last season 2007-2008. The steep shortfall in the production of sugar has been mainly due to area under sugarcane has been diverted to other crops and the industry suffered not only due to payment of high cane prices but also due to short duration of the crushing season and there is no nexus between the price of Sugar cane and the finished product sugar.

In the recent past, some price increases have taken place but not without reason. As a matter of fact sugar cane prices have also increased in the Northern India. The cost of production of sugar has also increased.

Import of Sugar

Once the sugar production declines, then imports of sugar takes place to maintain adequate availability of sugar in the country. In such a situation, the Government has been importing white as well as Raw sugar. White sugar has been imported on duty free basis through Public sector companies like NAFED, STC, MMTC etc upto 10 Lakh tones until 1st August 2009. White sugar imports are around 40000 to 50000 tones.

Similarly raw sugar imports have also been permitted on duty free basis for the same period upto 1st August 2009. In regard to raw sugar, the total contracts which have been executed add upto nearly 3 million tones. Already about 1.5 to 2 million tones have arrived and the balance should arrive very shortly. Some more imports have also been made by traders. Raw sugar is converted into finished sugar by the sugar mills and refineries.

We hope that government of India may lay full emphasis on increasing the cultivation of sugar cane through incentives and will correct the shortcomings of Indian sugar policy.

Ethanol

In October 2007, the Cabinet Committee on Economic Affairs had approved 10 percent ethanol blending on a mandatory basis from October 2008 across the country, excluding J&K and the Northern Eastern States. The deadline however has lapsed and now only 5 percent blending is under implementation. The 5% blending was introduced in November 2007. The Petroleum Ministry has proposed a reduction in the customs duty on denatured alcohol and molasces from 7.5% to 5% to stabilize the 5% blending in view of dip in the Sugarcane output.

Distillery

The Alcohol Industry in India can be divided into the following five categories .

- 1. Industrial Alcohol
- 2. Potable Alcohol.
- 3. Mixed Distilleries (Industrial Alcohol & Potable Alcohol)
- 4. Bottling Plants(Purchasing Alcohol and bottling alcoholic beverages)
- 5. Distilleries producing atcohol from cupstrates other than molasses.

Majority of distilleries are producing Alcohol from Sugar Cane Molasses and Grain. Alcohol industry is a State controlled and output &inputs are controlled by State Excise Departments controls the distilleries in most of States. Alcohol industry is second largest source of revenue to the State Exchequers and the Industry turnover is Rs. 6000 Crores.

The Distillery of the company was commissioned in the year 2007 and since then it has been continuously improving the various grades of spirits ENA/RS. The company has ambitious plans to enter into Indian made Foreign Liquor (IMFL) Section by introducing its own brands in the market.

Out Look / Projection:

The company's projection on crushing of Sugarcane for the current crushing season 2009-10 is 25 lac quintals. Company has been making all out efforts to encourage & motivate the farmers to cultivate the crop of sugarcane by providing the guarantee for the cane loans, pesticides, seeds to the cane growers.

Risk and Concern

The urban people in India are now becoming health conscious and firmly believe that consuming of sugar in any form has adverse effect on human health. As a result of this people have restricted the consumption of Sugar. Studies by various health organizations have found no evidence where the sugar has been related to Diabetics or any other illness.

Internal Control System & their adequacy-

The auditors have felt that the company has a reasonable system of authorization at proper levels with necessary controls on the purchase of sugar cane, issue of materials and components & other related system of Internal control is commensurate with the size of the company. They also felt that the company has a reasonable system of recording receipts of raw materials and components and the company is recording the sales and purchase through the software. The Software engineers regularly check software programme.

Material Development in HRD/IR

The current strength of the company is 70 and company engages the contract labour during off-season and in season.

CORPORATE GOVERNANCE

In compliance with the Corporate Governance requirements as stipulated in clause 49 of the Listing Agreement with the Stock Exchange Mumbai (BSE), the company has been incorporating for the past few years, a separate section on Corporate Governance in its Annual Report. The shareholders and investors would have found the information informative and useful. Company's policies on the Corporate Governance and due compliance report on specific areas where ever applicable for the financial year ended 31st March 2009 are given here under divided into following areas:

1. Company's philosophy on Corporate Governance

AUDITOR'S REPORT

То

The Members of

PICCADILY AGRO INDUSTRIES LIMITED,

We have audited the attached Balance Sheet of M/s PICCADILY AGRO INDUSTRIES.LIMITED as at 31st March 2009 and the Profit & Loss Account and Cash Flow Statement of the Company for the year ended on that date annexed thereto. These Financial Statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amount and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

- 1. As required by Companies (Auditors' Report) Order 2004, issued by the Central Government of India in terms of Section 227(4A) of the Companies Act 1956, we annex hereto a statement on the matters specified in paragraph 4 and 5 of the said order.
- 2. Further to our comments in the annexure referred to in paragraph 1 above, we report that:
- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, the Company has kept proper books of accounts as required by law, so far as appears from our examination of the books.
- c) The Balance Sheet and Profit and Loss Account and the Cash Flow Statement dealt with by this report are in agreement with the books of accounts.
- d) In our opinion, the Balance Sheet, Profit & Loss Account and the Cash Flow Statement dealt with by this report are in compliance with Accounting Standards specified by The Institute of Chartered Accountants of India referred to in Section 211(3C) of Companies Act, 1956.
- e) On the basis of the written representations received from the Directors as on 31.3.2009 & taken on record by the Board of Directors, we report that none of the Directors is disqualified from being appointed as a Director in terms of Clause (g) of sub-section (1) of Sec 274 of the Companies Act, 1956.
- . f) In our opinion and to the best of our information and according to explanations given to us, the said accounts read together with notes thereon, give the information required by the Companies Act, 1956 in the manner so required and also give a true and fair view.
 - i) In the case the Balance Sheet, of the state of affairs of the Company as at 31st March 2009.

ii) In the case of Profit and Loss Account, of the Profit for the year ended on that date.

iii) \cup In case of Cash Flow Statement, of the cash flows for the year ended on that date.
