- 3. To appoint a Director in place of Sh. Vigyan Arora, who retires by rotation and being eligible, offers himself for reappointment.
- 4. To confirm payment of Interim Dividend as Final Dividend on Equity Shares declared by the Board of Directors
- 5. To appoint Auditors and to fix their remuneration and for this purpose to consider and, if thought fit, to pass the following resolution with or without modification(s) as an ordinary resolution:

"**RESOLVED THAT** the retiring Auditors M/s Jain & associates, Chartered Accountants, SCO 819-20 Sector 22-A, Chandigarh (Membership No. FCA 089477) be and are hereby reappointed as Auditors of the Company to hold office till the conclusion of the next Annual General Meeting of the Company on a remuneration to be fixed by the Board of Directors of the Company."

#### SPECIAL BUSINESS:

6. TO CONSIDER AND, IF THOUGHT FIT, TO PASS WITH OR WITHOUT MODIFICATION(S), THE FOLLOWING RESOLUTION AS SPECIAL RESOLUTION:

"Resolved that Mrs. Sarita Rani Bansal, who was appointed as an additional Director of the Company by the Board of Directors and who holds office upto the date of the ensuing Annual General Meeting under Section 260 of the Companies Act, 1956 and in respect of whom the Company has, under Section 257 of the said Act, received notice in writing proposing his candidature for the

office of the Director, be and is hereby appointed as Director of the Company, liable to retire by rotation.

#### 7. TO CONSIDER AND, IF THOUGHT FIT, TO PASS WITH OR WITHOUT MODIFICATION(S), THE FOLLOWING RESOLUTION AS SPECIAL RESOLUTION:

"Resolved that Mr. Dilbag Singh Sidhu, who was appointed as an additional Director of the Company by the Board of Directors and who holds office upto the date of the ensuing Annual General Meeting under Section 260 of the Companies Act, 1956 and in respect of whom the Company has, under Section 257 of the said Act, received notice in writing proposing his candidature for the office of the Director, be and is hereby appointed as Director of the Company, liable to retire by rotation.

#### 8. TO CONSIDER AND, IF THOUGHT FIT, TO PASS WITH OR WITHOUT MODIFICATION(S), THE FOLLOWING RESOLUTION AS SPECIAL RESOLUTION:

"Resolved that Mr. Karunasagar, who was appointed as an additional Director of the Company by the Board of Directors and who holds office up to the date of the ensuing Annual General Meeting under Section 260 of the Companies Act, 1956 and in respect of whom the Company has, under Section 257 of the said Act, received notice in writing proposing his candidature for the office of the Director, be and is hereby appointed as Director of the Company, liable to retire by rotation.

#### 9. TO CONSIDER AND, IF THOUGHT FIT, TO PASS WITH OR WITHOUT MODIFICATION(S), THE FOLLOWING RESOLUTION AS SPECIAL RESOLUTION:

"RESOLVED THAT in partial modification of the Special Resolution passed by the Shareholders of the Company in their Annual General Meeting held on 30.09.2010 and in terms of Section 198, 269, 309, 310 and all other applicable Provisions, if any, of the Companies Act, 1956 read with Schedule XIII to the said Act (including any Statutory modification(s) or re-enactment thereof for the time being in force), approval of the Members of the Company be and is hereby accorded to the payment of remuneration of Mr. Sat Paul Bansal, Chairman cum Managing Director of the Company @ 5% of the Net Profits of the Company earned during a Financial Year, with a liberty to the Board of Directors of the Company to alter and vary the terms and conditions and/or remuneration without referring the same again to the Shareholders, provided that the remuneration of the Chairman cum Managing Director shall never exceed the limits specified under Schedule XIII to the Companies Act, 1956 or any statutory modification(s) or re-enactment thereof.

**RESOLVED FURTHER THAT** Mr. Sat Paul Bansal, Chairman cum Managing Director of the Company, who is presently being paid salary @ Rs. 15.00 lacs per month will continue to be paid the on-account salary of Rs. 15.00 lacs per month during the term of his appointment.

**RESOLVED FURTHER THAT** in case on finalization of the Net Profits of the Company for any Financial Year, the amount of 5% of the Net Profits is calculated to be higher or lower than the amount of salary already paid to Mr. Sat Paul Bansal, the differential of plus or minus as the case may be shall be adjusted at the time of finalization of Net Profits of the Company.

**RESOLVED FURTHER THAT** notwithstanding anything contained hereinabove, where, during the term of employment of the Chairman cum Managing Director, in the event in any Financial Year, the Company has no profits or its profits are inadequate, unless otherwise approved by the Central Government, the Remuneration payable to the Chairman cum Managing Director including Salary, Perquisites and any other Allowances, shall be governed and be subject to the ceiling provided under Section II of part II of Schedule XIII to the Companies Act, 1956 or such other limits as may be prescribed by the Government from time to time.

"**RESOLVED FURTHER THAT** the Board of Directors be and is hereby authorized to take all steps as may be necessary, proper and expedient to give effect to this resolution."

Place: Chandigarh Date: August 17, 2012 By order of the Board of Directors for **PAUL MERCHANTS LIMITED** 

SD/-HARDAM SINGH (COMPANY SECRETARY)

# **MANAGEMENT DISCUSSION & ANALYSIS REPORT**

#### a. Industry Structure and Developments and Segment wise performance

#### WESTERN UNION MONEY TRANSFER DIVISION

In India, as for cross border remittance market is concerned only inward money transfer services are allowed by Reserve Bank of India in private sector. For regulating the market, RBI has prescribed Money Transfer Service Scheme (MTSS) which is subjected to review every year now. At present Western Union Financial Services Inc., USA owns the biggest market share in remittance market in India which is around 72%. PML holds 31.45% market share of Western Union business in India. Western Union operates in India with its 16 Principal Agents and PML is their biggest Principal Agent in entire South and South East Asia Region.

As per an estimate, more than 215 million people (about 3% of the world's population) live outside their countries of birth. International migration - the movement of people across international boundaries has enormous implications for growth & welfare in both origin and destination countries. International migration boosts world incomes. By allowing workers to move to places where their productivity cab be best used, migration results in an increase in aggregate output and income. Remittances generally reduce the level and severity of poverty and frequently lead to higher human capital accumulation, higher health and education expenditures, better access to information and communication technologies, greater financial access, reduction of child labor and help households to be better prepared for adverse shocks such as droughts, earthquakes, loss of income and cyclones. Diasporas can be an important source of trade, capital, technology, and knowledge for origin countries. The top migrant destination country is United States followed by the Russian Federation, Germany, Saudi Arabia, and Canada. In recent times, a surge of migrant flows to Spain, Italy, and the United Kingdom, mainly from Eastern Europe as well as Latin America and North Africa has been noticed. The six Gulf Cooperation Council countries (Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the United Arab Emirates) have also seen a significant increase in migrant flows in the past few years, mostly from South Asia and East Asia. However, new migration flows in all regions have weakened in recent times because of the global financial crisis. The top recipients of officially recorded remittances in 2011 were India (\$58 billion), China (\$57 billion), Mexico (\$24 billion), and the Philippines (\$23 billion). Other large recipients included Pakistan, Bangladesh, Nigeria, Vietnam, Egypt and Lebanon.

PML continued to excel in its flagship Division and remained ahead of its peers by a big margin. PML continued its position as a leader in International Inward Money Transfer Services and as a testimonial to this position, Western Union conferred its highest honor "APAC Agent of the Year -2011" on PML in a glittering ceremony held at Bali (Indonesia). The Award was presented by Mr.

Hikmet Ersek, President, Chief Executive Officer and Director of Western Union. In the same ceremony PML was bestowed with coveted awards like BUSINESS CHAMPION 2011 and LOCATION ACTIVATION CHAMPION. This part, the Company set a new benchmark in terms of number of transactions processed in a single calendar month. In the month of August, 2011, PML processed a total of 5,30,801 WUMT transactions which is am all time record by any Principal Agent of Western Union world over. This part, PML breached 5 lac mark 6 times in the year under review. Recognizing this achievement, Mr. Anil Kapoor, the then Managing Director – South & South East Asia of Western Union presented a Memento to PML. These awards show ample light on passion and dedication, PML has shown in taking this business segment to next levels. On the date of presentation of this report, PML has 717 own offices and more than 21000 Franchisee Locations across the country, which are fully geared up to provide quality service to the customers. PML continues to grow from strength to strength and is making a strong presence felt through aggressive and productive network expansion in all states of the country. UP continues to be #1 state for WU in India for inward remittances, closely followed by Tamil Nadu and Punjab. For PML, Punjab is #1 contributor for business volumes, closely followed by UP and Tamil Nadu. During the year, PML added over 3000 locations in its already vast network and another more than 1500 locations are in the pipeline, to be added till the month of October. Middle East continues to be the strongest corridor for inward remittances to India. Within Middle East, Saudi Arabia continues to grow as a very major corridor. Emerging corridors within Middle East are Qatar and Bahrain. Outside of Middle East strongly emerging corridors are Australia, France & Italy.

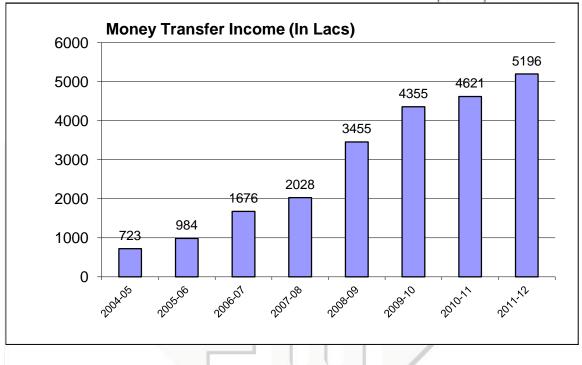

Strategic Tie ups for extending its reach to most potential areas has been the hall mark of PML's success journey in this segment. During the year under review, PML Tied up with Punjab Grameena Bank for offering WUMTs through over 600 of their branches in Punjab, Tied up with Aryavrat Grameena Bank for offering WUMTs through over 600 of their branches in Uttar Pradesh subject to approval by RBI. Further, Tied up with Basix for offering WUMTs through their over 2000 franchisee outlets in Punjab, Maharashtra, Assam, Tripura, Meghalaya and Orissa and Tied up with Adarsh Credit Cooperative Society to offer WUMTs through their 350+ owned branches

The Gross Income of the Company from this segment grew to Rs. 89.01 crores in the year under review as compared to last year figure of Rs. 75.47 crores registering a growth of 18%. Net income grew to Rs. 51.96 crores in the year under review as compared to last year figure of Rs. 46.21 crores registering a growth of 12%.

The Gross Inward Remittances increased to Rs. 10742 crores as compared to last year figure of Rs. 8356 crores registering a growth of 29%.

# PAUL MERCHANTS LTd.

http://www.paulmerchants.net

Despite the current global economic weakness, remittance flows are expected to continue growing, with global remittances expected to exceed \$593 billion by 2014, of which \$441 billion will flow to developing countries. PML is positively hopeful for the above figures to shoot upwards in the coming years as the global economy is showing remarkable signs of recovery and in the past too, this segment has shown the tendency of surpassing all crude estimates because of its unique nature.

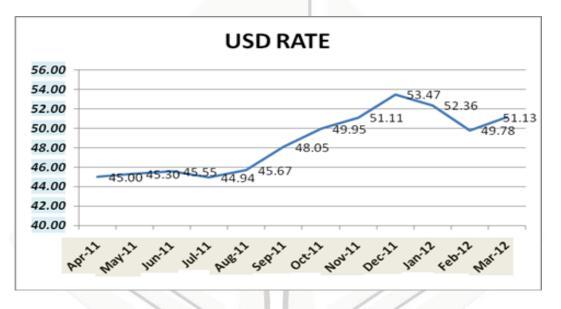

# FOREX DIVISION

The year gone by has been a tough year for global Forex Markets. It was not a kind year which could predict trends or directions. The Traders generally depend on fundamental data to dictate directions in the forex market, but the uncertainty in Europe and other parts of the Globe coupled with floundering global economic recovery were a recipe for daily bouts of volatility that had not been witnessed since past few years. Choppy markets made setting risk parameters a new art form. Patience and risk management were the watchwords for the year. The year began with a calm optimism that the worst times were behind and that circumstances would improve on all fronts. Hope quickly transformed into fear as both man-made and natural disasters took their toll. In March, a devastating earthquake, followed by an equally devastating tsunami, rocked Japan, stalling their energy grid and export industry in neutral for months on end. Oil, like most commodities, benefited from the dilution of the Dollar. Prices continued their upward swing into Half way mark of 2011, but soon began a long decline when the global economic recovery faltered. China and other emerging economies began ratcheting back their respective growth engines, reflecting the weakening

demand from the West. Headline measures of inflation in major advanced economies continued to soften in March 2012. Amongst the BRICS, while headline inflation moderated in Brazil and Russia in March, it edged up in China.

As India integrates into a seamless world, it cannot remain impervious to developments abroad. The unfolding of the Euro zone crisis and uncertainty surrounding the global economy have impacted the Indian economy causing drop in growth, higher current account deficit and declining capital inflows. Export growth has slowed in the third quarter of fiscal 2011-12, while imports remained high, partly because of continued high international oil prices. At the same time, foreign institutional investment flows have declined, straining the capital account and the rupee exchange rate. In the current fiscal 2011-12, on month-to-month basis the rupee depreciated by 12.4 per cent from 44.97 per US dollar in March 2011 to 51.13 per US dollar in March 2012.

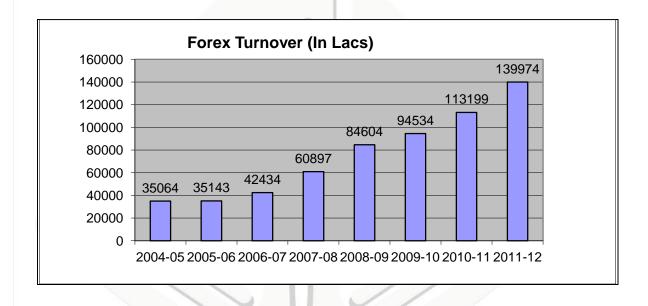

Widening trade deficit, high inflation and eurozone debt issues have been attributed to the fall in rupee value against the dollar Rupee reached a peak of 43.94 on July 27, 2011, and lowest at 54.23 per US dollar on December 15, 2011 indicating a depreciation of 19 per cent During fiscal 2011-12, forex reserves reached all time high level of US \$ 322.2 billion at end August 2011. However, it declined to US \$ 292.8 billion at end January 2012 indicating a fall of US \$ 12.0 billion from US \$ 304.8 billion at end-March,2011. The decline in reserves is partly due to intervention by the Reserve Bank of India to stem the slide of Rupee against US dollar.

The currency market was under pressure during August-December 2011 due to a slowdown in capital inflows reflecting global uncertainty. However, conditions eased in the last quarter reflecting a pick up in capital inflows as well as the impact of policy measures undertaken to improve dollar supply and contain speculation.

Company's Forex division continued to register noteworthy growth in the current fiscal. A Big chunk of revenue in this segment has been generated by Currency business. The Company has been able to increase its market share in outbound Tourism remittances, which is the result of a number of initiatives. Despite sluggish period for overseas education wherein traffic to Australia and U.K was very negligible ,the company was able to maintain it's previous year's levels of outward remittance. Further, the Company successfully handled the voluminous activity of distribution of Saudi Riyal to Haj Pilgrims in association with IndusInd Bank during the year 2011 for the Second time in row. During this activity, the Company distributed currency to the tune of approx. Rs. 367.50 crores.

The total turnover from this division increased to Rs. 1399.74 crores as compared to last year figure of Rs. 1131.99 crores registering a growth of 24%.

The incremental figure in itself, though does not sound phenomenal but considering the fact that half of the year was a period of consolidation only, whatever growth has occurred, has occurred only in a short span of time. As the industry has gained momentum now, next year hopefully will be more rewarding year because this segment is being focused by the Company as an engine of growth for the overall growth of the Company.

#### TRAVEL DIVISION

After a difficult period that recast much of the Travel & Tourism (T&T) industry's landscape, the sector is slowly recovering from the economic downturn. Despite its recent difficulties, the T&T sector is widely recognized as a critical sector worldwide and one that provides significant potential for economic growth and

development. A growing national T&T sector contributes to employment, raises national income, and can improve a country's balance of payments. The Indian tourism industry showed a tremendous growth of 8.9 percent which is almost double as what was expected to be around 4-5 percent in 2011 by the United Nations World Trade Organization (UNWTO). India also did well as compared to the other Asian countries as more than 6.29 million tourists visited India in the past year.

The changing lifestyles, rising income levels and opening up of international laws have thrown enormous opportunities for growth of Tours & Travel Industry. The Indian cityscape has undergone a significant change with gigantic high-rise residential complexes equipped with state-of-the-art facilities, a robust infrastructure network and retail centers that cater to global lifestyle needs. The catalyst for this transformation is the 360 degree change in the lifestyle choices made by the modern Indian consumer. In totality, these signs of prosperity mark India's sustained economic growth over the past decade.

India's travel, tourism and hospitality industry is one of the fastest growing service industries in the country thanks to a burgeoning middle class, increasing purchasing power, a rising inflow of foreign tourists, and successful government campaigns promoting 'Incredible India'. In 2011 alone, travel and tourism contributed to 6.4% of the GDP, and is forecast to rise by 7.3% in 2012. In terms of employment, travel and tourism directly supported 24,975,000 jobs (5% of employment) in 2011, and is expected to rise by 3% in 2012. Foreign Exchange Earnings (FEE) from tourism in 2011 were \$16,564 million with a growth of 16.7% over 2010.

During the year, PML made big strides in the growth & expansion of this business segment. Company successfully launched its two much awaited and ambitious travel portals <u>www.pmlholidays.com</u> on B2B platform and <u>www.travelyatra.in</u> on B2C platform. With this launch, Company's online presence have become 24\*7. Direct tie ups with various airlines, national & International vendors have been enhanced to reduce intermediaries so that cost effective solutions can be extended to consumer. Company made its participation in various domestic and international travel meets/events & PHD Chamber of Commerce to explore new vistas in this phenomenal industry.

During the year under review, the Company achieved Turnover in this Division of Rs. 29.94 crores registering a growth over past year by 17.50%.

During the period under review, International and domestic markets saw ticketing and hotel bookings moving online in a big way on both B2B and B2C platforms making it must for big players to ensure online presence. Airlines moving fast towards zero commission and transaction fee model which might reduce profitability in future but will ensure more transparent dealings. IATA planned for weekly payments from fortnightly payments which will be road end for many

small players, consolidation by and growth of big players, less credit flotation, more cash transaction but will require better service and client handling. Margins showed dipping trend due to increasing competition in ticketing. Market saw maturing clients with shift to individual travel from group travel, requests for new destinations, online search & buy, etc.

Company got Appreciation by PHD Chamber of Commerce for participation as technical expert at Heritage conclave Chaired by Honorable Minister of tourism, Mr. Subodh Kant Sahai for participation. Became member with various expert committees i.e. Chandigarh, Punjab, Entertainment and Tourism committees with PHD, Familiarization trips by DMC's, airlines, hotels in recognition of outstanding contribution, etc. During the year, the Company appointed more than 300 sub agents who will be offering services through Company's newly launched Portal.

The growth is expected to increase steadily in the year to come. The coming months of 2012 are going to be very busy for various Travel Agencies in India as more and more international tourists will be coming in to see the colorful India. Looking ahead, it is obvious that we have entered a period of political and economic uncertainty. Nevertheless, we are optimistic for further solid growth in 2012. This positive outlook is based on solid underlying demand factors in mature markets together with rising incomes and higher demand in emerging markets. Amid the economic uncertainty in Europe and the USA, Asia continues to be one of the key drivers of the world economy. The outlook for Asian travel next year is also very positive.

#### **Opportunities & Threats**

#### **OPPORTUNITIES**

While the global economic climate remains volatile with major concerns that the sovereign debt crisis in Europe may bring with it a global wave of severe socioeconomic changes, the Indian services sector remains confident and buoyant. In contrast to the continuing uncertainty in Europe and the USA, Asia is still booming in economic terms. China, South Korea, South-East Asia and India have all grown well this year. Salaries are gradually rising in such countries and as people have greater disposable income, their desire and ability to travel abroad increase. Indeed, Asia Pacific is now home to more wealthy people than all of Europe. These positive developments are expected to give a boost to all three business divisions of the Company.

#### THREATS

The outlook for the Global economy in coming year is clear, but it isn't pretty: recession in Europe, anaemic growth at best in the United States and a sharp slowdown in China and in most emerging-market economies. Asian economies are exposed to China. Latin America is exposed to lower commodity prices (as

both China and the advanced economies slow). Central and Eastern Europe are exposed to the Eurozone. And turmoil in the Middle East is causing serious economic risks – both there and elsewhere – as geopolitical risk remains high and thus high oil prices will constrain global growth. All these global factors have tendency to effect operations of the Company because all business divisions of the Company are effected by Global developments. This apart, rising competition and shrinking margins is another factors which contributes to the risk profile of the Company.

# c) OUTLOOK

Stepping into the year 2012-13, the Company hopes to multiply its revenues by adding new products and services to its kitty. Talks are going on to launch commercial payments both inward & outward through Western Union business Solutions and also Domestic money transfer is in the pipeline. The Travel Portals launched in this year are also expected to make remarkable contribution to the commercials of the Company. Company is in process of further expanding its Forex operations through own offices and franchisee Network as per Regulatory framework. The company hopes to take its growth wheel at the higher pedestal in the year to come.

#### d) Risks and Concern

Falling Rupee value, rising food inflation, lukewarm GDP growth and falling employment levels globally are some of the risks which can badly effect Inward Remittances. Forex Division and Travel Division of the Company. The global recession is likely to affect the hospitality and travel industry just as much – if not more – than any other sector, as both consumers and businesses may feel hesitant to spend money on travel and lodging. Cyber security has been a big concern for a number of sectors and the Company is taking steps from time to time for augment its IT security. Collective stimulus and liquidity injections by major central banks, decelerating growth in emerging-market economies, speculative moves in selected commodities and persistent Europe-centred financial stress currently dominate investor sentiment in foreign exchange markets

#### e) Internal Control System and their adequacy

The Company has a proper and adequate system of internal controls commensurate with nature and its size to ensure that all properties & assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorized, recorded, vouched and reported correctly. Regular review of the systems is conducted by the Audit Committee of the Company. The Company's internal control systems are further supplemented by an extensive programme of internal audit and also by Concurrent Audit by an

independent firm of Chartered Accountants. For this purpose, a separate Audit and Inspection Department has been created which is headed by an experienced Chartered Accountant. The Internal Controls and Audits are subject to periodic review by the management. The internal control system is designed to ensure that all financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets. A separate Monitoring Cell is in place to monitor individual transactions as well as Company procedures so as to ensure that controls are working properly.

#### f) Financial Performance vis-a-vis Operational Performance

During the year under review, Total Revenue of the Company was Rs. 1528 crores, an increase of 23.5% over 2010-11. Profit before tax (PBT) was Rs. 24.07 Crores and Profit after tax was Rs. 16.08 crores. The Company effected 55,84,240 Western Union transactions as against 46,00,550 last year, an increase of 21%. The total operating income of the Company is Rs. 81.82 crores as compared to last year figure of Rs. 70.72 crores.

#### g) Developments on Human Resources & Industrial Relations Front

During the year under review, the Company took number of initiatives on Human Resources Development front to infuse further motivation in the human capital of the Company. During the process of entering a transaction with the Company, a customer comes into contact with our people at each stage of the transaction. All the employees can be at their best only if they love what they do and feel a sense of belonging. To instill this, the company has put in place initiatives like people get incentives and promotion who are identified as outstanding performers. Further, people are identified who are having leadership potential and road map for their career growth is given to them so that they go an extra yard to achieve the pinnacle of their career. We strongly believe that people are our biggest assets. Unlike products and processes, skills and abilities cannot be easily replicated by competitors and this quality will remain unique to every organization.

The Company has very smooth and cordial relationships with its Human Resources and there has not been any strikes, lock outs, agitations etc. The Company believes that the Human Resources is one of key elements to achieve the objectives and strategies of the Company. A fair & equitable work environment is provided to the employee. All are having equal opportunities to grow with the Organizations people are made to believe that growth of Organization is in fact the growth of each Individual. Therefore, People are the pivotal force to accelerate the growth. The Company has always been mindful and very conscious of the fact safety, work environment and health aspects of people are given highest importance.

#### QUALITY POLICY

The Company is committed to provide services of highest quality to its customers. For the achievement of world class quality in the services offered by it in all business divisions, it is utmost necessary that each employee is aware of its quality policy, mission and objectives. For this purpose, the Company has posted this information on its Website. The Company has been certified as ISO 9001:2008 by TUV Rheinland, Germany. The Management on its part is fully committed to quality and provides all resources, guidance and assistance to accomplish this task.

#### SAFETY, HEALTH AND ENVIRONMENT POLICY

The Company is committed to prevent injury and ill health and continually improve its safety, health and environment, legal and other requirements through institutionalizing proactive safety, health and environment management strategies.

#### **CORPORATE GOVERNANCE SECTION**

#### 1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Company's philosophy on Corporate Governance aims to ensure establishing and practicing a sound system of good corporate governance which will not only meet Company objectives but will render assistance to the management in managing the company's business in an ethical, compliant, efficient and transparent manner for achieving the corporate objectives so as to provide services to the utmost satisfaction of the customer and to conduct business in a manner which add value to the Company's brand all its stakeholders like shareholders, employees, customers, suppliers, vendors etc.

The Company believes that good corporate governance is essential to attain long term goals and mission of the Company. It is Company's belief that ethics and business go together. The Code of conduct implemented by the Company places high premium on ethics.

The Company is committed to moral accountability, social responsibility, strict compliance with the law and consistent and coherent approach and has a strong, independent and knowledgeable Board charged with the responsibility to:-

- > Ensure legal and ethical conduct by all associated with the Company.
- Protect the interest of the investors, customers, employees, lenders, suppliers and the community.
- Support investments and decisions that serve the interest of the Company and the stakeholders and caution in cases of investments and decisions which may not benefit the Company.
- Prevent conflicts of interest and ensure that the right people are making the decisions and monitor, on ongoing basis, the results of the decisions that are likely to affect the Company most.

### **CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE**

То

The Members of Paul Merchants Limited

We have examined the compliance of conditions of Corporate Governance by Paul Merchants Limited for the year ended March 31, 2012, as stipulated in Clause 49 of the Listing Agreement of the said Company with the Stock Exchanges.

The Compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the Financial Statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the Listing Agreement.

We state that no investor grievance is pending for a period exceeding one month with the Company.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

#### Auditor's Report

#### To the Members of Paul Merchants Ltd.:

We have audited the attached Balance Sheet of **M/s Paul Merchants Ltd**. as at 31<sup>st</sup> March, 2012 and the Profit and Loss Account and Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan & perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

- 1. As required by the Companies (Auditors Report) Order, 2003 issued by the Central Government of India in terms of Section 227 (4A) of the Companies Act, 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 & 5 of the said order.
- 2. Further to our comments in the Annexure referred to above we report that:
  - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of accounts as required by law have been kept by the company so far as appears from our examination of the books;
  - c) The Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of accounts;
  - d) In our opinion, the Balance Sheet, Profit & Loss Account and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in Sub section 3(C) of Section 211 of the Companies Act, 1956 to the extent applicable.
  - e) According to the information & explanation given to us and on the basis of representations made by all the Directors of the company, we report that none of the Directors of the company are disqualified as on 31<sup>st</sup> March 2012 from being appointed as Director under section 274(1)(g) of the Companies Act, 1956.

- f) In our opinion and to the best of our information and according to the explanation given to us the said Balance Sheet and the Profit & Loss Account read together with the notes thereon gives the information required by the Companies Act, 1956 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India :
  - i) insofar as it relates to the Balance Sheet of the state affairs of the company as at  $31^{st}$  March, 2012.
  - ii) insofar as it relates to the Profit & Loss Account, of the Profit of the company for the year ended on that date.
  - iii) insofar as it relates to Cash Flow Statement, of the Cash Flows for the year ended on that date.

#### Annexure: Re. Paul Merchants Ltd.

Referred to in paragraph 1 of Our Report of even date

- 1. (i) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (ii) These fixed assets have been physically verified by the management during the year and there is a regular program of verification which in our opinion is reasonable having regard to the size of the company and nature of its assets. No material discrepancies were noticed on such verification;
  - (iii) No substantial part of fixed assets has been disposed off during the year and according to the information and explanation given to us, we are of the opinion that it has not affected the going concern status of the company;
- 2 (i) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable.
  - (ii) The procedures of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business;
  - (iii) The company is maintaining proper records of inventory. No material discrepancies were noticed on verification between the physical stocks and the book records as per the physical verification statement received from the management.
- According to the information and explanations given to us, the company has not granted or taken any loans, secured or unsecured to or from companies, firms or other parties covered in the register maintained under section 301 of the Companies Act 1956.
- 4. In our opinion and according to information and explanation given to us, there are adequate internal control procedure commensurate with the size of the company and the nature of its business with regard to purchase of inventories, fixed assets and sale of goods. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control.
- According to information and explanation given to us, there are no such contracts or arrangements that need to be entered into a register in pursuance of section 301 of the Act.
- 6. According to information and explanation given to us the company has not accepted any deposits from the public during the year.

- 7. In our opinion, the company has an internal audit system commensurate with its size and nature of its business.
- In our opinion and according to information and explanation given to us, the company is not required to maintain cost records as specified u/s 209(1)(d) of the Companies Act, 1956.
- 9. (i) The company is regular in depositing with appropriate authorities undisputed statutory dues towards Provident fund, Income Tax, Wealth Tax and Service Tax. According to information and explanation given to us Sales Tax, Customs duty and excise duty, cess or any other material statutory dues are not applicable to the company.
  - (ii) According to information and explanation given to us, no undisputed amount payable in respect of Provident fund, Income Tax, Wealth Tax, Sales Tax, Service Tax, Customs duty, Excise Duty and cess were in arrears, as at 31<sup>st</sup> March, 2012 for a period of more that six months from the date they became payable.
  - (iii) According to information and explanation given to us, there are no dues of Provident fund , Income Tax, Wealth Tax, Sales Tax, Service Tax, Customs duty, Excise Duty and cess which have not been deposited on account of any dispute.
- 10. In our opinion, the company has no accumulated losses as on 31.3.2012. Moreover the company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- 11. In our opinion and according to information and explanation given to us, the company has not defaulted in repayment of its dues to any financial institution or bank or debenture holders;
- 12. According to information and explanation given to us the company has not granted any loans and advances on the basis of security by way of pledge of shares, debentures or other securities during the year under audit.
- In our opinion, the company is not a chit fund or *nidhi* mutual benefit fund/society.
   Therefore, the provisions of clause 4(xiii) of the Company (Auditor's Report) Order,
   2003 (as amended) are not applicable to the company.
- 14. In our opinion, the proper records have been maintained of the transactions dealing and trading in shares, securities and other investments. The company has held shares in its own name to the extent possible.
- 15. According to information and explanation given to us the company has not given any guarantees for loans taken by others from banks or financial institutions.

- 16. In our opinion, the term loans have been applied for the purpose for which they were raised.
- 17. According to the information and explanation given to us and on an overall examination of the balance sheet of the company, we report that no funds raised on short-term basis have been used for long-term investment. No long-term funds have been used to finance short-term assets except permanent working capital.
- 18. According to information and explanation given to us, the company has not made any preferential allotment of shares to parties and companies covered in the Register maintained under section 301 of the Act.
- 19. According to information and explanation given to us no Debentures were issued by the company.
- 20. The Company has not raised any monies by way of public issues during the year.
- 21. According to information and explanation given to us, no fraud on or by the company has been noticed or reported during the course of our audit.

# SIGNIFICANT ACCOUNTING POLICIES

#### A. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention, except for certain fixed assets which are revalued, in accordance with the generally accepted accounting principles in India and the provisions of the Companies Act, 1956.

#### **B.** Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/ materialised.

#### C. Own Fixed Assets

Fixed Assets are stated at cost net of recoverable taxes and includes amounts added on revaluation, less accumulated depreciation and impairment loss, if any. All costs, including financing costs, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the fixed assets are capitalised.

#### **D.** Depreciation

Depreciation on fixed assets is provided to the extent of depreciable amount on written down value method (WDV) at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956 over their useful life on pro-rata basis.

#### E. Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

#### F. Foreign Currency Transactions

- 1. The Company undertakes Inward Money Transfer Services in Association with Western Union Financial Service Inc. U.S.A. and in the process receives the remittances from Western Union in US Dollars, which are credited to the Company's Bank account at the exchange rates prevailing on the date of receipt.
- 2. Similarly all other Foreign Currency transactions have also been recorded at exchange rate prevailing on the date of the transaction.
- 3. Foreign Currency Fixed Deposits, Balances in Foreign Currency Bank Accounts and other Foreign Currency receivables or payables are valued at year end rates and

gains/losses due to exchange rate differences have been adjusted in Profit & Loss Account.

#### **G.** Investments

Current investments are carried at lower of cost and quoted/fair value, computed category wise. Non-Current Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary.

#### H. Inventories

Stock of Foreign Currency/TC and Stock of Shares held for trading purposes has been valued at cost.

#### I. Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of Foreign Exchange and Services. Dividend income is recognized on receipt basis. Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

#### J. Employee Benefits

The entity makes contributions to statutory provident funds in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952 and Employee State Insurance Act, 1948. Provident Fund and ESI are defined contribution schemes and the contributions are charged to the profit and loss account of the year when the contributions to the respective fund is due. There are no other obligations other than the contribution payable to the fund.

Leave encashment which are short term compensated absences are charged to profit and loss account of the year in which it is due.

#### K. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets (if any) are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit and Loss account.

#### L. Forex Hedging Transactions

In respect of Forex hedging transactions, gains / losses on settlement and losses on restatement are recognised in the Profit and Loss account except in case where they relate to the acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.

#### M. Provision for Current and Deferred Tax

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income-tax Act, 1961. Deferred tax resulting from "timing difference" between taxable and accounting income is accounted for using the tax rates and laws that are enacted or substantively enacted as on the balance sheet date. Deferred tax asset is recognised and carried forward only to the extent that there is a virtual certainty that the asset will be realised in future.

#### N. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

# **NOTES ON FINANCIAL STATEMENTS**

The previous year figures have been regrouped / reclassified, wherever necessary to conform to the current year presentation.
