CHAIRMAN'S STATEMENT

Ladies & Gentlemen,

1. On behalf of the Board of Directors, I have immense pleasure in welcoming all of you to the 98th "Annual General Meeting" of the Company and share with you all, some of the Company's significant achievements during the year 2013-14.
2. During the year 2013-14, the Company has achieved a **turnover of ₹ 1,612 crore**, which is a **growth of 5%** over the previous year 2012-13. The Company's **Profit Before Tax** recorded as **₹ 187.23 crore** and **Net Profit** as **₹ 121.46 crore**. The Company's **Net Worth** has also gone up by **11%** over the previous year.
3. During 2013-14, the Company has delivered **two (02) ships** (IPV Class) to the Indian Coast Guard and progressed the work on **seventeen (17) other ships** including four (04) ASW Corvettes, four (04) WJFACs, eight (08) LCUs and most prestigious order of MOPV for our neighboring country Mauritius. Overall, during the year the company has progressed the work on seventeen (17) ships which is a remarkable achievement. The Company also launched the first ship of Landing Craft Utility (LCU) MK-IV class during the year in the presence of Shri Ashok Kumar Gupta, IAS, Additional Secretary (Defence Production).
4. The first Anti-Submarine Warfare Corvette (ASWC), "INS Kamorta" was delivered to Indian Navy on 12th July 2014. The ASW Corvette is a frontline warship with anti-submarine warfare capability with advanced stealth features including very low signature radiated under water noise. The successful construction of ASWC by your company show cases the capability of the shipyard to build most complex and most advanced frontline warship for the nation. I am happy to inform that, the ship was commissioned on 23 Aug 2014 by Hon'ble Raksha Mantri Shri Arun Jaitley in the august presence of Admiral R K Dhowan, Chief of Naval Staff and other distinguished guests.

5. These accomplishments were possible only due to the guidance and unstinted support of the Government of India, especially the Department of Defence Production and I am extremely grateful to them. The active role of the members of the Board of Directors, especially the Independent Directors, the dedicated efforts put in by the Officers, Supervisors and Workers of the Company as well as the trust and confidence reposed by our valued customers, the Indian Navy, the Indian Coast Guard and the Ministry of Home Affairs.

Performance highlights of the year 2013-14

10. **Awards & Recognition** : The Company during the year has received "**Best Performing Defence Shipyard Award**" for 2010-11 and 2011-12 from Hon'ble Raksha Mantri. The Company also received second prize (Region-C) of the prestigious **Indira Gandhi Rajbhasha Puraskar** for the year 2011-12 from **Honourable President of India** and "**PSE Excellence Award 2013**" from DPE-ICC in recognition to the **CSR & Sustainability efforts** of the Company. **GRSE** received a **Certificate of Appreciation for being a Model Total Quality Management Company by CII for 2013**. **GRSE**,

Director (Finance), Shri K. K. Rai won the **BT Star PSU Excellence Award 2014**, “**The Star PSU Director (Finance) for Outstanding Performance**” in the Category of Non Maharatna & Navratna PSUs. The Company was conferred the **IIIE Performance Excellence Award in the Golden Category (Financial & Operational Strength)**, for the year **2012-13**. The **QC Teams** of the Company also executed very well this year and won **three (3) “Par Excellence” and seven (7) “Excellent” Awards** in the National Convention Organised by the Quality Circle Forum of India.

11. **Certification** : GRSE is the **first Ship Building organisation in the country and the first DPSU** to get accreditation on **Integrated Management System** harmonizing **ISO 14001:2004 (Environment Management System)**, **BS OHSAS 18001:2007 (Occupational Health & Safety Assessment Standard)**, and **EN ISO 50001:2011 (Energy Management System)**.
12. **Corporate Governance** : The Company's philosophy on Corporate Governance is based on the principles of honesty, integrity, accountability, adequate disclosures, legal compliances, transparency in decision making and avoiding conflicts of interest. The Company gives importance to adherence to adopted corporate values and objectives and discharging social responsibilities as a corporate citizen. The Company believes in customer satisfaction, financial prudence and commitment to values. Our corporate structure, business and disclosure practices have been aligned to our Corporate Governance Philosophy.

Shipbuilding and Production Achievements

13. The Company's Shipbuilding and Engineering activities have registered a substantial growth due to greater thrust on enhanced productivity, improved quality control and dedicated human resource. The following are the main achievements for this year.

(a) **Infrastructure Up-gradation** : The new “**Integrated Shipbuilding Facility**” has been successfully completed and the same was inaugurated by Hon'ble Raksha Rajya Mantri, Shri Jittendra Singh, on 06 Jun 13. The 1st ship constructed at the new inclined berth was Offshore Patrol Vessel for Mauritius Government (MOPV) was successfully launched on 02 Aug 13. Subsequently, two Landing Craft Utility (LCU) ships are being concurrently constructed at the new Inclined Berth (keel laid on 30 Aug 13).

(b) **Delivery of Ships** : During the year, GRSE has

delivered two (02) ships to Indian Coast Guard, ICGS “Rajveer” and ICGS “Rajdhvaj”.

(c) **Launching of Ships** : During the year GRSE has **launched** first ship of **Landing Craft Utility (LCU) MK-IV** class of ships.

(d) **Keel Laying** : During the year, GRSE laid the **Keel of the first two LCUs** and of the **first follow-on WJFACs for Indian Navy**.

(e) **Start Production** : The Company also **commenced the production of eight (08) ships** for the Indian Navy.

(f) **Portable Steel Bridges** : Your Company has supplied 33 Bridges during 2013-14 amounting to **₹ 36.56 crore**. During the year, your Company have entered in to an MOU with Govt of Odisha for supply of about 100 bridges a year on turnkey basis. A similar MOU was signed with the Govt of Chattisgarh too.

(g) **Deck Machinery** : Deck Machinery Unit has achieved a remarkable feat in this year by way of successful supply and carrying-out of HATs of Rail less Helo Traversing System to handle a helicopter on board ship for P28 ASW Corvettes. Being the only proven indigenous supplier of such systems, the company has bagged orders for 5-NOPVs and 3-CTSs from Pipavav & ABG Shipyards respectively. Good numbers of further offers are under process. You will be pleased to know that this has an indigenous content of about 72%. The Unit has supplied 58 Nos. – Equipment to various shipyards and also towards in-house consumptions and registered a value of production/turnover of ₹ 12.76 crore. The present order book position for various Deck Machinery items and Naval Pumps is about ₹ 63 crore.

(h) **Engine Department (Ranchi)** : The Value of Production achieved by Engine Department during the year under review amounted to ₹ 5.40 crore. This is mainly because of low order book and aging of assembly & test facilities. In order to expanding the business, modernisation of assembly & test facilities of marine engines has been undertaken. On completion of this up-gradation, Engine Division will enter in to an extended MOU with MTU Asia for production of Marine Engines at SKD level and this is likely to get business of about ₹ 428 crore in phased manner in next ten years.

(i) **Order Book Position** : The present order book position of the Company is **₹ 10,404 crore**. Out of these, **sales** of approximately **₹ 5,257 crore** have been completed and the **balance order book** is approximate **₹ 5,147 crore**.

(j) **Bench Marking** : Five Shipyards GRSE, MDL, GSL, CSL & HSL, jointly appointed M/s PWC to benchmark the performance. M/s PWC has already submitted their report which is under implementation.

Future Outlook

14. GRSE's stated vision is to become a world class shipbuilder. A road map is being evolved for achieving this objective based on performance review of GRSE for the preceding five years and findings of SWOT Analysis carried out during the year. From the SWOT it has emerged that there are great opportunities available for the Company to build Defence and Coastal Security Vessels. Accordingly, the Company's efforts are being focussed on exploiting such opportunities based on the Company's strength and on minimizing the adverse effect of its weaknesses. The strength of infrastructure and production facilities is being leveraged to have strategic alliances to address the emerging opportunities and reducing the impact of perceived threats.
15. The initiatives taken during the year 13-14 include:
 - a) Commissioning of the 2nd phase of Modernisation Program in July 2013.
 - b) Completion of a Benchmarking Study to understand ship production processes best in the world and plan to implement the good practises prevalent across the world.
 - c) Continual improvement in skill set of employees through various trainings and workshops.
 - d) Regular brainstorming sessions on formulation of immediate, short and long term business strategies and implementation of points discussed, with monitoring at appropriate levels.
16. GRSE is planning to use the land available at Raichak, West Bengal, for making blocks/panels for ships, over the next 6-10 years through PPP model in association with Indian Private Entity.
17. The Company has entered into a MoU with HSL on 19 Apr 14 intending to explore future co-operation opportunities in ship building & ship repair. The first project in consideration is 05 Nos Fleet Support Ship for Indian Navy for which a consortium is being formed between GRSE & HSL.
18. **Export Initiatives** : Over the last one year the GRSE Team has aggressively focussed on undertaking various Export Initiatives including **participation in prestigious exhibitions**. During this year, the GRSE

team has been actively pursuing for export orders from countries such as **Vietnam, Philippines, Venezuela and Peru** for products ranging from **Landing Ship Tanker Large, Light Frigates to Fast Patrol Boats and Bailey Bridges**.

19. **Industrial Relations** : Industrial relations situation during the period across all Units of the Company including DEP, Ranchi was generally peaceful and harmonious.
20. **Corporate Social Responsibility** : Corporate Social Responsibility (CSR) is an integral part of the Company's corporate philosophy. CSR activities aim to benefit the marginalized sections of the local community through different projects that enhance income through creation of sustainable livelihood opportunities and improving the quality of life. The GRSE CSR Policy focuses on the following thrust areas :
 - (i) Health Care.
 - (ii) Education & Skill Development.
 - (iii) Community Development.

ACKNOWLEDGEMENTS

21. I would like to conclude by thanking the Central and State Government Authorities, Naval and Coast Guard Authorities, and the Shareholders for their continued trust and confidence they have reposed in us. I would like to place on record our sincere thanks to the Comptroller & Auditor General of India, the Principal Director of Commercial Audit, the Statutory and Branch Auditors, and the Principal Controller of Defence Accounts (Navy) for their valuable suggestions and co-operation. I acknowledge the patronage of our Bankers, suppliers and Business Associates. I also acknowledge with gratitude the continual assistance and guidance received from Indian Navy and Indian Coast Guard. Last, but not the least, I appreciate the dedication and hard work put in by all the employees of the Company to achieve its goal and the Board of Directors who have supported and guided the Company to put it on a path of accelerated growth.

Thanking you all,

Kolkata,

 - That the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
 - That the Directors have prepared the annual accounts on a going concern basis.

Performance of Ship Division :

43. The Value of Production of the Ship Division in the financial year 2013-14 has increased to ₹ 1605 crore from ₹ 1346.72 crore in the last year, a growth of more than 19%.
44. It is a great honour for GRSE to launch the first ever export ship of OPV for Government of Mauritius successfully in time. This prestigious export order is the first ship launched from newly built Inclined Berth at main works with the continuous dedication and expertise of GRSE personnel.
45. With the commissioning of modernisation facilities at Main Yard, shipbuilding capacity of the Company has been doubled. MOPV, Yard 3021 has already been launched from the new Inclined Berth and undocked from new Dry Dock after successful completion of post launch out-fitting work. New Dry Dock is now being used for post launch out-fitting work of the first LCU.
46. GRSE has achieved this improvement in performance of ship division primarily because of introduction of various productivity improvement tools and continuous effort by all categories of employees. Pre-outfitting at block stage, analysis of detail work package, unremitting monitoring on material status & project activities, continuous interaction with sub-contractors, yard modernization, constant dedication of all employees are the key reasons behind this achievement.
47. Following major cardinal events were achieved during the financial year 2013-14 :

Future Outlook :

48. Modernisation facilities at Main Yard have enhanced facilities for Integrated Construction which will result in considerable reduction in build period of ships. GRSE intends to adopt Integrated Construction Technology for construction of last 04 ships of LCU project using in-house know how. Contract for P-17A ships is being finalised with the concept of Integrated Construction technology in order to improve quality and reduction in build period for future warships.
49. GRSE is fully committed to build quality ships for Indian Navy, Coast Guard & export orders. With takeover of Rajabagan Dockyard (RBD), the company has become the biggest Defence Shipyard in India. RBD has been refurbished / converted into a full fledged shipyard from where number of ships had already been delivered to Indian Navy & Indian Coast Guard and more ships will roll out in future. In RBD, the production line for construction of IPV / WJFAC class of ships have been streamlined and fine-tuned with an aim of delivering one ship at every two months interval. With this, GRSE is the only DPSU shipyard established with two independent production lines for big ships as well as small ships.
50. At the same time, the Shipyard is also developing the outsourcing base with adequate quality assurance coverage for hull fabrication, plumbing, cabling, hull outfit etc, to strengthen the Company's efforts for meeting demand delivery schedules and customer satisfaction. To meet the demand of P-17A ships, steel throughput needs to be increased considerably. Accordingly, new sub-contractors for fabrication and erection of hull blocks are being developed to meet the demand. Use of latest technology for in-house fabrication

and erection of blocks is being adopted to increase productivity.

51. To facilitate construction of future project including of P-17A by Integrated Construction technology and also to cater to significant increased demand of steel through put, the Company is considering a proposal of creation of a new Hull Block fabrication facility with suitable EOT cranes and other infrastructure facilities for fabricating atleast 04 blocks (each weighing up to 65 tons) at a time. The facility will also cater to all needs pertaining to outfitting jobs in these blocks. The facility may be set up at Raichak site and adoption of PPP model is being considered at ship stands. The fabricated & outfitted blocks will be transported through river route to Main Yard.
52. The Company has started induction of fresh blood for revamping the aging man power base. The Company has also embarked upon new measures for modernisation, not only for layout of plant, machinery, dock & berth facilities, but also for technology up-gradation in planning software, design tools, Networking & e-mailing software etc. to achieve higher productivity in the coming year.
53. Consistent with the acquisition of the additional facilities, the Company is endeavouring to obtain further orders for Naval and Coast Guard Ships for optimization of capacity utilization. The company is also targeting Export Order for light Frigates LSTs, FACs & FIBs etc. The Company has participated in a tender of Philippines for delivery of 2 Nos. Light Frigate for Philippines Navy and has been shortlisted on the basis of capability. Further discussions are being proposed and efforts are being made to bag the order.
54. The Company has entered into an MoU with Hindustan Shipyard Limited (HSL) has been signed between HSL & GRSE on 19 Apr14 intending to explore future co-operation opportunities in ship building & ship repair. The first project in consideration is 05 Nos Fleet Support Ship for Indian Navy for which a consortium is being formed between GRSE & HSL.
55. Considering the increase in requirement of owners with respect to more definitive validations of new designs at tender stage, and as well as to cope up with the requirement of various specialized design analysis for the on-going

projects viz. LCU, MOPV and future projects including P17A, ASW-SWC, Fleet Support Ship etc. The Company has entered into an MoU on 14 Dec 2012 to undertake specialized analysis / validation with IIT Kharagpur, being a premier institute in the country and is reckoned with as the most prolific centre for developmental research in Naval Architecture. The MoU will facilitate development of R&D projects, generation of in-house design data and strengthen in-house capability for design of advanced shipbuilding projects.

Yard Modernisation :

56. The new "Interated Shipbuilding Facility" was inaugurated by Hon'ble RRM Shri Jitendra Singh on 06 Jun13. The shipbuilding infrastructure with following major facilities created under Phase-II modernization will provide the adequate base in implementation of Integrated Construction of ships, using advanced Modular Shipbuilding technology. Overall, this modernisation is facilitating in reduction of 'build period' of ship with improvement in quality of ship construction.

(i) **Dry Dock** and **Inclined Berth** for building large ships.

(ii) **Module Hall** (99x30 M) with telescopic sliding roof arrangement, to facilitate integration of Mega-Hull blocks weighing up to 225 Tons.

(iii) **Goliath Crane** of 250 Tons capacity, covering above Dry Dock, Inclined Berth and Module Hall, for handling of Mega-Hull blocks weighing up to 225 Tons, to enable Modular Shipbuilding.

(iv) **Paint Cell** for blasting and painting of hull blocks at controlled conditions of temperature and humidity.

(v) **Portable Shelters** for Dry Dock and Inclined Berth, to provide protection during inclement weather.

57. The 1st ship constructed at the new Inclined Berth was Offshore Patrol Vessel for Mauritius Government (MOPV) with keel laying in Apr 12 and successful launching of ship on 02 Aug 13. Subsequently, two Landing Craft Utility (LCU) ships are being concurrently constructed at the new Inclined Berth (keel laid on 30 Aug 13).
58. Utilization of the new Dry Dock was commenced with underwater outfitting work of 1st Anti-Submarine Warfare Corvette (ASWC) with successful docking and un-docking of the ship. Thereafter, underwater work of MOPV was carried out. Currently, another Landing Craft Utility (LCU) ship is being constructed at new Dry Dock.

Engineering Division :

59. The Value of Production achieved by the Engineering Division during the financial year 2013-14 amounted to ₹ 49.32 crore.

Portable Steel Bridge Unit :

60. This Unit has supplied 33 - Bridges during 2013-14 amounting to ₹ 36.56 crore supplied to Army, NRRDA (National Rural Road Development Agency), various state PWDs, export to Bhutan and many other private customers.
61. In view of stiff competition, the Company has decided to cut down the delivery period from normal 6 months to 2-3 months and in good number of cases, supplies have been affected on ex-stock basis. Benefitting from this your Company supplied 16 Bridges within 35 days during Jul - Aug 2013, to meet Uttarakhand landslide disaster management.
62. During this year, supplied 7 Bridges to Army have been delivered towards the road connectivity between Imphal and Myanmar. This year the Company has executed export orders worth ₹ 4.69 crore to Bhutan.

63. The sustained efforts initiated during last year to expand business potential and search for new customers have yielded results now. During Nov 2013 we have entered in to an MOU with Govt of Odisha for supply of about 100 bridges on turnkey basis. A similar MOU was signed with the Govt of Chattisgarh too.
64. Now, our order book is about ₹ 65 crore and good many orders are in final stages of awarding.
65. Our in-house R&D team is in the final stages of live load testing of an upgraded version of Portable Steel Bridges with the use of improved "Panel 10'x7' size". Design of this upgraded version of bridges was verified by CSIR-Structural Engineering Research Centre, Chennai.

Deck Machinery and Naval Pump Unit :

66. Deck Machinery Unit has achieved a remarkable feat in this year by way of successful supply and carrying-out of HATs of Rail less Helo Traversing System to handle a helicopter on board ship. Being the only proven indigenous supplier of such systems, the company has bagged orders for 5-NOPVs and 3-CTSs from Pipavav & ABG Shipyards respectively. Good numbers of further offers are under process. You will be pleased to know that this has an indigenous content of about 72%.
67. The Unit has supplied 58 Nos. – Equipment to various shipyards and also towards in-house consumptions and registered a value of production/turnover of ₹ 12.76 crore. The present order book position for various Deck Machinery items and Naval Pumps is about ₹ 63 crore.
68. **Engine Department (Ranchi) :** The VOP achieved by this Division stood at ₹ 5.40 crore during 2013-14. This is mainly because of low order book and aging of assembly & test facilities.
69. Moving in the direction of expanding the business, an order has been placed on M/s Triveni Infratech to modernize the assembly & test facilities of Marine Engines. This includes setting-up of dust & sound proof work area and other related facilities. On completion of this up-gradation, Engine Division will enter in to an extended MOU with MTU Asia for production of Marine Engines at SKD level and this is likely to get business of about ₹ 428 crore in phased manner in next ten years.

Conservation of Energy :

70. The shipyard continued its endeavour towards optimum utilization of various energy inputs. GRSE became the first Ship Building Industry in the country and the first DPSU to get accreditation on Integrated Management System harmonizing ISO 14001:2004 (Environment Management System), BS OHSAS 18001:2007 (Occupational Health & Safety Assessment Standard), and EN ISO 50001:2011 (Energy Management System) by world renowned certification body TUV NORD, Germany.
71. Energy audit is conducted in all the units of shipyard to optimize consumption of all type of energies in use i.e. coal, electricity, petroleum etc. Real time Power factor correction of the power distribution system is consistently maintained in the shipyard through implementation of thyristor based automatic power factor correction mechanism with intelligent reactive power management system in the substation.
72. In accordance with the recommendation of energy audit report the shipyard implemented the followings energy conservation measures:
 - (i) The luminous efficacy and colour rendering index of metal halide lamp being much better than the conventional HPMV lamp, 250 watt metal halide luminaries are introduced in the yard replacing 400 watt HPMV luminaries resulting energy conservation to the tune of 22% approximately.
 - (ii) The shipyard is increasingly replacing T₈(36 watt) lamp by energy efficient T₅ (28 watt) lamp as the luminous efficacy of the later is almost double compared to T₈ lamps ensuring 23% reduction in energy consumption.
 - (iii) The shipyard has replaced conventional energy inefficient pumps by energy efficient mono-block pumps resulting 34% reduction in energy consumption without compromising the demand of existing fresh water requirement of the yard.
73. Use of Bureau of Energy Efficiency accredited star rated window air conditioners have extensively been adopted in the yard. Renewable energy in the form of solar is constantly being used by the yard for general illumination which resultantly ensures ecologically sustainable growth of India's energy security challenge.

74. Consistent effort to minimize distribution loss in compressed air and water supply system has been adopted as part of conservation of energy. Use of aluminium, termed as eco-friendly green metal, as roofing and cladding sheets, in shops replacing asbestos has been adopted which reduces direct greenhouse gas emission to the extent of 14%.
75. Holistic approach like introduction of battery operated material handling equipment, ensuring proper voltage profile at every level in lighting distribution network, extensive use of translucent sheets in shop floors to allow plenty of natural light in shop floor etc have been adopted as part of energy conservation initiatives. The cost of energy input during the year under review was 0.60% of the total value of production as against 0.71% that of last year, despite 9% increases in the power tariff in the intervening period. During financial year 2013-14, a reduction of 17.49% in energy consumption has been recorded in the shipyard.
76. This shipyard has been rated as excellent in MoU criteria in financial year 2012-13 under "Sustainable Development" category.

Technology Adoption, Absorption and Innovation:

77. Lighting energy saver has been introduced in the shipyard as a pilot project to limit excess voltage build up across gas discharge lamps which resultantly reduced energy consumed by the lamps. Thus the energy conservation to the tune of 25% has been achieved and a recurring saving of ₹ 4.4 lakhs per annum of the energy bill. This initiative prevented premature failure of lamps & ballasts also considerably.
78. Advanced energy saver for air conditioners has been introduced in the shipyard also as another pilot project to ensure reduction of energy consumption by 26.66% approximately and a recurring saving of ₹ 73 lakhs per annum of the energy bill.

ERP & IT in GRSE :

79. The highlights of the year in the area of ERP & IT are as follows :
- (i) **Implementation of SAP** in Provident Fund accounting and administration is in advanced stage and under trial in 2013-14 and has gone live w.e.f. Apr 2014.

(ii) 8 Nos. of **interactive Kiosks** have been set up in Main, FOJ, RBD, Taratala, 61 Park, DEP Ranchi Units.

(iii) To maintain business continuity in case of any **unforeseen natural or man-made disaster** in the main Data Centre, the Company has established a DR System through '**Co-located Managed Solution**' methods at Mumbai.

(iv) To track movement of physical files, a **file tracking system** has been implemented.

(v) **Structured Training on ERP** has been imparted to RBD, Material, Security and Maintenance departments.

80. A drive has been taken to leverage IT for maximum benefit in the production area at docks & berths. Following initiatives are in process to make **Production area more IT enabled** :

(i) **View Drawing in Production area** : The final drawings released by the Design department are being viewed by the production team through shop floor computers. This facility is enabling production team to view the drawings in 2-D and 3-D mode and getting real time updates of the drawings. They do not have to wait for paper copy of the drawings.

(ii) **Network Availability at the dock and berth area** : Both Wired and Wireless Network connectivity are being provided to the nearest point of the docks and berths. This is facilitating production team to view different status report and updates in SAP, project progress, labour booking and many more.

(iii) **Handheld for Production personnel**: Production personnel will be given 10.5" Tab Handheld to access their email, documents, MIS dashboard and many more on the go. This mobile facility will provide better communication and updates on their day to day activities and control.

(iv) **Enterprise Level Project Monitoring System (PMS)** :The PMS project for LCU is in progress. This enterprise level software facility will provide project progress and PERT chart at any point of time during execution.

e-Procurement & Reverse Auction :

81. e-Procurement is the key component of Mission Mode Project under national e-governance plan. It has several advantages such as cost saving, saving in time, safety, security, speed and above

all, transparency in achieving efficiency in procurement. Following Milestone were achieved during the year :

(i) Value of materials procured through e-mode has been ₹ 710.24 crore in 2013-14 compared to ₹ 467.99 crore in 2012-13 and increase of 51%. From Apr 13 to Mar 14, GRSE Material Department achieved average 97% through e-procurement mode.

(ii) Wider participation of vendors in e-procurement has been achieved. Number of Vendors registered with GRSE e-procurement system has risen from 1400 to 1660 during 2013-14, an increase of nearly 18%.

(iii) 779 nos. of tenders floated through e-procurement mode for the FY 2013- 14 compared to 578 nos. of tenders in FY-2012-13.

(iv) Approximately 300 nos. of vendors obtained on-line training on e-procurement procedure in FY 2013-14.

e-Auction :

82. In order to leverage the technology resources in achieving speed, efficiency, transparency and higher market value, the Company opted for e-Auction platform for transaction of its disposal activities. Total sale through e-Auction in 2013-14 was ₹ 2.73 crore.

Quality Assurance :

GRSE CSR activities aim to benefit the marginalized sections of the local community through different projects that enhance income through creation of sustainable livelihood opportunities and improving the quality of life. The GRSE CSR Policy focuses on the following thrust areas :

- (i) Health Care.
- (ii) Education & Skill Development.
- (iii) Community Development.

96. **Modalities/Mechanism of CSR implementation:**

Baseline Surveys are conducted in the vicinity of our factories to identify the needs and areas of concern of the local community and other stakeholders primarily in the surrounding areas of the factories. A Board Level Committee on CSR & Sustainability headed by an Independent Director monitors the progress of various CSR & Sustainability projects.

97. **Towards creating CSR awareness among employees :**

- (i) CSR training is imparted to executives entrusted with implementing CSR and Sustainability projects.
- (ii) In house training programmes are organized for the employees in association with National CSR Hub.
- (iii) CSR initiatives and events are highlighted in the Company’s House Magazine.

98. **Major CSR Projects Undertaken :**

(i) **Skill Development / Vocational training – An initiative for harnessing human resource and empowering youth :**

GRSE has entered into Tripartite MoU on 09 Jan 14, with Indian Institute of Engineering Science and Technology (IEST, formerly Bengal Engineering and Science University (BESU) and Kolkata Police to provide vocational training. Vocational training has been imparted to about 755 local unemployed youths during the year. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. Industry structure and developments, strengths, weaknesses, opportunities and threats, major initiatives undertaken and planned to ensure sustained performance and growth :

Industry Structure & Development :

1. Survey of global shipbuilding industry revealed that, some of the top European shipyards building warships for Navies of the world are DCNS (France), Fincantieri (Italy), Kockums AB (Sweden), Navantia (Spain), TKMS (Germany) etc. The main advantages these shipyards offer are latest technology, top quality in construction and quick delivery due to shorter build periods. This is primarily due to the modern shipbuilding infrastructure available and modern shipbuilding processes followed in these yards, besides the ship design & build procedures and work culture prevalent there. Further, the fact that ship design is frozen prior to commencement of construction is one of the most important factor that contributes to reduced build periods, abroad.
2. The global economic and industrial scene has gone through turbulent changes since the onset of Global Liquidity Crisis (GLC) in the second half of 2008. The economic downturn and consequent reduction in international cargo traffic has seriously impacted the global shipbuilding industry.
3. Further, the Policy of Liberalisation, opening of economy and private sector participation in defence contracts are issues which have a direct bearing on the market environment, performance imperatives and bottom line of GRSE. The situation is demanding GRSE to step-up performance in terms of productivity, cost competitiveness, quality, timely delivery etc. GRSE would also be required to upgrade processes and products in line with latest technology.
4. The ambitious modernization project in its Main Yard, with an outlay of approximately ₹ 530 crore has been completed. With completion of this Integrated Shipbuilding Facility, the Company is now in a position to meet the challenges and be

competitive in domestic and global markets. The Raja Bagan Dock (RBD) Unit, acquired from CIWTC in Jul 2006, is also being renovated and upgraded. Acquisition of this Unit has led to considerable enhancement of the Company's shipbuilding capacity.

SWOT Analysis :

5. In the changing environment, your Company has carried out SWOT analysis and identified following strengths, weaknesses, opportunities and threats:

Strengths

6. (a) Good infrastructure for shipbuilding facilitating simultaneous construction of several large and small ships.
(b) Excellent in-house capability for ship design, system integration and Project Management.
(c) Competent and highly skilled human resource at all levels.
(d) Fully computerized network encompassing the entire gamut of operations. This is enabling us to monitor production activities closely and process other activities faster.
(e) e-procurement and e-auction system
(f) Financially strong Company
(g) Long standing relationships with main customers like Indian Navy and Indian Coast Guard.

Weaknesses

7. (a) Shortage of space in the Main Works of the Company, shortage of manpower in some Units / Departments / Categories and high average age of employees, which is around 52 years.
(b) Location of GRSE in thickly populated residential areas having narrow roads.
(c) Constraints of a riverine shipyard due to limitations in the depth and width of navigable channel.

Opportunities

8. (a) Acquisition plan of Indian Navy and Coast Guard for significant increase in fleet size.
(b) Export potential of small and medium size

warships and patrol vessels to Latin America, South East Asia, West Asia and African countries.

(c) AMC, LTSA, ARC, Repair and Refit of Ships have got significant business potential.

(d) Offset policy implemented by Govt. in Defence Import Contracts & consequent TOT/new product opportunities.

Threats, Challenges, Risks and Concerns

9. (a) Increased competition from other players in the field.

(b) Non-availability of qualified and reliable vendors for outsourced services /works.

(c) Geographical location and political environment [HP, HS].

(d) Competition for Engineering Products.

(e) Serious efforts by private shipyards to enter Naval Shipbuilding and Ship repair market.

(f) Low profit margins in construction of small ships and boats.

(g) Prospects of commercial shipbuilding industry are significantly affected.

10. From the above SWOT analysis it emerges that there are great opportunities available for the Company to build Defence and Coastal Security Vessels. Accordingly, Company's efforts are being focused on exploiting such opportunities based on the Company's strength and on minimizing the adverse effect of its weaknesses. The strength of infrastructure and production facilities are leveraged to have strategic alliances to address the emerging opportunities and reducing the impact of perceived threats.

Major initiatives undertaken and planned to ensure sustained performance and growth :

11. Various initiatives have been undertaken by the Company to ensure sustained growth in the years to come. The initiatives taken are in the areas as enumerated in succeeding paragraphs.

Research & Development and Technology Absorption, Adaptation & Innovation :

12. The Company continues its efforts in the field of development of design of warships as also development of its engineering products. The core strength of the Company lies in its own in-house design capability. Recently the Company has given

an impetus to Research and Development (R & D) activities in indigenous shipbuilding by successfully inducting Water Jet Fast Attack Crafts in the service of Indian Navy. In the area of Ship Design, the Company has made major contribution to the design of ASW Corvettes being built for the Indian Navy.

13. The Company have successfully got verified the design of our in-house developed Portable Steel Bridge for Single & Double Lane with a higher load carrying capacity. This would be the launch pad for new segment of GRSE Bridges on proprietary basis.

Infrastructure Modernisation and Diversification :

14. In order to construct warships of larger size, your company has embarked upon a modernisation programme in its main unit at a cost of ₹ 530 crore. The modernisation is completed in May 2013 and inaugurated in June 13. Availability of such modernisation infrastructure facilities enable the shipyard to undertake construction of large-size ships with modular construction concept in a shorter time frame with more accuracy.

IT Initiatives – ERP System :

15. GRSE in its modernisation drive has fully made operational the state of the Art Information and Communication System in the company. The hardware and software are in place and GRSE is already started deriving rich benefit out of this drive.

16. To maintain business continuity in case of any **unforeseen natural or man-made disaster** in the main Data Centre, the Company has established a DR System through '**Co-located Managed Solution**' methods at Mumbai.

17. To track movement of physical files, a **file tracking system** has been implemented.

18. With a view to consolidate the progress made on the IT front, users are being given training on continuous basis.

Marketing & Business Development :

19. GRSE for the past few years has been expanding both internally and externally. Both these developments have been possible because of increased productivity. It has resulted in the healthy order Book. Accordingly, GRSE has been in the process of formulating a strong and magnified marketing policy based on design, promotion and price line.

20. The Central Design Office in GRSE has been the core area of all round shipbuilding activities and GRSE has, over the years, been in a constant process of upgrading the technology. This up-gradation of technology through design efforts has brought laurels as well as capturing order from Navy with sole design efforts. Our input design for LCU submitted to Navy has received wide recognition and acceptance, as a result of which we have been awarded with the orders of LCU.
21. GRSE with a view to expand the horizon of shipbuilding activities has also embarked upon business promotion through direct correspondence with foreign countries for acquiring orders from overseas market as well as by participation in various exhibitions occurring at different places of the world.
22. In fact, we have received enquiries from overseas about our products. We are executing order from Govt. of Mauritius for OPV. The ongoing support services coupled with timely delivery of materials has also encouraged the existing customers to place new orders on GRSE. We have received order for delivery of WJFAC to Indian Navy during 2012-13.
23. GRSE has also established a separate department for looking after business development and marketing activities and the main thrust areas of the said department are as follows :
 - (a) Development of business opportunities in India and abroad, including Market Survey for assessing business prospect in India and abroad.
 - (b) Interaction with customers, including broadening of customer base and relation management.
 - (c) Selection and Appointment of Marketing Representatives in India and abroad to explore new market for launching the products of GRSE.
 - (d) Publicity and advertisement for projecting entity profile and product profile of the company.

Customer Satisfaction :

24. The Company has received Excellent Grading on Customer Satisfaction in Design Segment of Ship and Very Good in Delivery Segment of Ship conducted by an external agency for the financial year 2013-14.

Quality Assurance :

25. The Company continues to accord utmost importance to Quality Assurance activities, reflecting its strong commitment for Product quality and customer satisfaction. The Yard has an established Quality Assurance Department with well experienced QC Inspection team, who are continuously trained in adopting updated inspection methodologies and best practices. The team undertakes inspection checks at every stage of the construction as per detailed Quality Assurance plans (QAP) so as to ensure that right from the initial receipt inspection of raw materials, all fabrication processes upto the final Ship acceptance trials are monitored both by internal and external Inspection agencies. In addition to defect identification, the yard has focused on defect avoidance, through awareness training, alongwith on the job monitoring. The yard personnel are constantly encouraged to carryout self-inspection and root cause analysis in order to identify appropriate corrective and preventive measures for achieving continual improvement in quality of products.

Specific Measures with regard to Risk Management, Cost Reduction, Indigenisation, etc. :

Risk Management :

26. Over the years, the Company has evolved adequate risk management measures. These are internally reviewed from time to time to identify new risks associated with different areas of its operations and to evolve suitable mitigation measures.

Cost Reduction :

27. The Company has initiated measures for cost reduction in production and other areas, viz. in the areas of inventory control, labour productivity, outsourcing, energy conservation, support services and design and progress monitoring.

Import Substitution / Indigenisation :

28. The Company continues to encourage indigenous manufacturers for production and supply of critical items required for ship construction and manufacture of engineering products.
29. The Deck Machinery Unit of the Company has achieved a remarkable task during this year by way of carrying out successful Factory Acceptance Trials of Rail less Helo Traversing System to handle a

helicopter on board ships of P-28 Class ASWC. This is the 'first of its class design' built by GRSE in tie-up with M/s Mac Taggart Scott, UK, who is the pioneer in Helicopter Handling System in the world. This is a simple, safe and full proof system capable of handling any type of helicopter irrespective of its design. This has an indigenous content of about 72%.

- 30. During the year, the company have supplied the first in-house developed Telescopic Boat Davit for P-28 Ships. The system feature of this davit is the capability of auto-tensioning the boat during launching & recovery at high seas. This innovative effort enabled us to exploit market opportunities for different capacities of electro-hydraulic telescopic davits for Coast Guard / Naval Ships.

Internal Control System and their adequacy :

- 31. The Company has an effective internal control system supported by Enterprise Resource Planning (ERP) platform i.e. SAP for its main business processes. The internal control system of the Company has withstood the test scrutiny of the Internal Auditors as well as the Statutory Auditors. These cover various important aspects of the business processes pertaining to financial propriety, safety and utilization of the resources of the Company, accurate reporting and compliance with applicable statutes as also the policies laid down by the Audit Committee and Board of Directors from time to time.
- 32. The Company prepares an Internal Audit Plan every year, duly approved by the Audit Committee, and conducts reviews covering financial, operational and risk mitigation areas.
- 33. The Internal Control System in vogue in the Company ensures that the resources of the Company are optimally used for the business purpose and are safeguarded from loss, misuse and physical impairment. It also ensures that the accounting records reflect the true picture and that the financial information are reliable.
- 34. The role and scope of the Internal Audit is reviewed by the Audit Committee of the Board of Directors. All findings and suggestions are reported to the Audit Committee and to the Board periodically and corrective actions, wherever required, are initiated.

- 35. The Company, being a Government Company, is also subject to audit by Comptroller & Auditor General of India.

Financial / Operational Performance Strategy & Objectives :

- 36. The main objectives of the financing strategy of the Company are as follows :
 - (a) To make available funds through effective cash flow management without resorting to borrowing.
 - (b) To maintain highest credit rating to be able to raise funds at most economical rates.
 - (c) To meet the expectations of various stakeholders.
 - (d) To effectively do tax planning thereby improving the post tax yield to the shareholders.
 - (e) To prudently invest the surplus funds of the Company.
- 37. The Company continues to accord the highest priority to each of the objectives listed above.
- 38. During the year, the funding of incremental working capital requirement and the additional capital expenditure were met entirely from the Company's own resources without resorting to any external borrowing, besides improving the earnings on deployment of short term surplus funds.

The shipyard is also committed to provide a healthy and safe workplace for our employees, business partners, visitors and to ensure a neutral or positive environmental impact from our operations. Our vision is to continue to be an environmentally responsible organisation through an Integrated Environment Management approach making continuous improvements in the management of the environmental impact of our operations.
42. The Company has taken following actions in this direction :-
- (a) Effluent treatment plants of combined capacity 6.5 Cu Mtrs per day installed in the yard to prevent water pollution is in operation round the clock to treat the automobile waste.
 - (b) Fume filtration system for CNC air plasma plate cutting machine have been introduced to reduce air pollution in an effort to provide a healthy and safe working environment for our employees, business associates, personnel visiting the yard and neighbours.
 - (c) Fume extraction system for extraction of fumes generated during welding process is instituted in structural shops as well as on board ships.
 - (d) Open blasting that used to cause air pollution has been discontinued, instead vacuum blasting process has been adopted.
 - (e) Chipping operation that generates high level of noise is being carried out during off working hours and ear plugs are provided to the all the employees who are involved in this activities. Arc

gouging is being carried out to the extent possible in lieu of chipping.

(f) Afforestation activity in the shipyard is vigorously followed to provide green and clean environment. A lush green belt in and around the factory is an example of Company's commitment to pollution control, Safety, Health Protection and Environment. At an average 300 saplings are planted every year in the yard.

(g) Guard walls and diaphragm walls along the bank of river Hooghly have been constructed to prevent land erosion. Trees are also planted in a systematic, planned and organised manner along the coast line to reduce soil erosion.

(h) Operation of foundry has been discontinued to reduce air pollution.

(i) Galvanising operation has been discontinued.

(j) Battery operated material handling equipments are introduced to reduce noise and air pollution as also for fuel conservation.

(k) Translucent sheets in workshops are extensively used as a routine activity to utilize natural lighting to the maximum extent possible to reduce energy consumption and in turn CO₂ emission indirectly.

(l) Aluminium roofing and cladding sheets recognized worldwide as green material is used as roofing material in shops.

(m) The average power factor of this yard has so far been recorded as 99.70, the maximum and minimum being 99.87 and 99.04 respectively during the present financial year. Performance is being constantly monitored to maintain the optimum power factor and consumption of power to reduce demand and emission of GHG indirectly.

(n) Other energy conservation measures like installation of electronic ballasts, compact fluorescent lamps, TL₅ luminaires, LED luminaires, Solar powered street lighting system, VVVF type control systems, Bureau of Energy Efficiency accredited star rated window AC machines, solid state control system and energy efficient compressors, solar water heating system etc have been taken in the yard to reduce CO₂ emission indirectly.

43. GRSE has obtained consent to emit gaseous effluent and to discharge liquid effluent under the provisions of the Air (Prevention and Control of Pollution) Act, 1981, Environmental (Protection) Act, 1986 and Water (Prevention and Control of Pollution) Act, 1974 respectively from West Bengal Pollution Control Board.
44. GRSE has also obtained authorization from West Bengal Pollution Control Board for storage, transport and disposal of hazardous waste under the purview of Hazardous Wastes (Management, Handling & Tran boundary Movement) Rules, 2008 and in accordance with Environment (Protection) Act, 1986.

Conservation of Energy :

45. The yard continued its endeavor to conserve the energy. Through energy audit conducted in all the units of the shipyard in Kolkata, we continue to optimize consumption of energy i.e. coal, electricity, petroleum etc.. Power factor of the system is consistently maintained at optimal level.
46. In accordance with the recommendation of energy audit the shipyard has introduced energy saving 250 Watt metal luminaries replacing conventional 400 Watt HPMV/HPSV Luminaries.
47. Use of Bureau of Energy Efficiency accredited star rated window air conditioners have extensively been adopted in the yard. Renewable energy in the form of solar is constantly being used by the yard for general illumination which resultantly ensures ecologically sustainable growth of India's energy security challenge.
48. Consistent effort to minimize distribution loss in compressed air and water supply system has

been adopted as part of conservation of energy. Use of aluminum, termed as eco friendly green metal, as roofing and cladding sheets, in shops replacing asbestos has been adopted which reduces direct green house gas emission to the extent of 14%.

49. The Shipyard has been rated as excellent in MoU criteria in 2012-13 under the category sustainable development.

Corporate Social Responsibility :

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF
GARDEN REACH SHIPBUILDERS & ENGINEERS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of GARDEN REACH SHIPBUILDERS & ENGINEERS LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2014, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with General Circular No. 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

**COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA
UNDER SECTION 619(4) OF THE COMPANIES ACT, 1956 ON
THE ACCOUNTS OF GARDEN REACH SHIPBUILDERS & ENGINEERS
LIMITED, KOLKATA FOR THE YEAR ENDED 31 MARCH 2014.**

The preparation of financial statements of **Garden Reach Shipbuilders & Engineers Limited, Kolkata** for the year ended 31 March 2014 in accordance with the financial reporting framework prescribed under the Companies Act, 1956 is the responsibility of the management of the Company. The Statutory Auditors appointed by the Comptroller and Auditor General of India under Section 619(2) of the Companies Act, 1956 are responsible for expressing opinion on these financial statements under section 227 of the Companies Act, 1956 based on independent audit in accordance with the Standards on Auditing prescribed by their professional body, the Institute of Chartered Accountants of India. This is stated to have been done by them vide their Audit Report dated 15 July 2014.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit under Section 619(3)(b) of the Companies Act, 1956 of the financial statements of Garden Reach Shipbuilders & Engineers Limited, Kolkata for the year ended 31 March, 2014. This supplementary audit has been carried out independently without access to the working papers of the statutory auditors and is limited primarily to inquiries of the Statutory Auditors and Company personnel and a selective examination of some of the accounting records. On the basis of my audit nothing significant has come to my knowledge, which would give rise to any comment upon or supplement to Statutory Auditor's report under Section 619(4) of the Companies Act, 1956.

NOTES TO ACCOUNTS

1. SIGNIFICANT ACCOUNTING POLICIES

I. BASIS OF ACCOUNTING :

- i) The financial statements are prepared under the historical cost convention on accrual basis of accounting, in accordance with the Generally Accepted Accounting Principles (GAAP). GAAP comprises mandatory accounting standards as prescribed by the Companies (Accounting Standards) Rules, 2006, as applicable, the relevant provisions of the Companies Act, 1956 and the provisions of the Companies Act, 2013 (to the extent notified and applicable).
- ii) In preparing the financial statements in conformity with accounting principles generally accepted in India, Management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of financial statements and the accounts of revenue and expenses during the reported period. Actual result could differ from those estimates. Any revision to such estimates is recognised in the period the same is determined.

II. FIXED ASSETS :

- i) Fixed Assets procured by the Company are shown at Cost. Capital Works executed internally are valued at prime cost plus appropriate overheads. No charges for supervision are levied on civil capital projects.

Cost means cost of acquisition inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs, if any.

- ii) Software cost is capitalized where it is expected to provide future enduring economic benefits. Capitalization costs include license fees and costs of implementation/system integration services. The costs are capitalised in the year in which the relevant software is implemented for use.
- iii) Retirement of Assets: Unserviceable fixed assets are valued at the net realisable value. In case

the net realisable value is not available, the same is considered at 5% of original cost as scrap value.

- iv) Fixed Assets acquired with financial assistance from outside agency either wholly or partially are capitalised at net cost to the company.

III. DEPRECIATION :

A. Depreciation on Fixed Assets

- (i) Depreciation on Fixed Assets, not being assets mentioned in (ii) to (iv) below, is charged on straight-line method based on Schedule XIV to the Companies Act, 1956 as amended from time to time.
- (ii) Depreciation on software, computer hardware & accessories
 - a) For assets acquired up to 31 Mar 2001, depreciation is charged on straight-line method @ 16.21%.
 - b) In respect of assets acquired after 31 Mar 2001, depreciation is charged on straight-line method @ 19% so as to write off 95 % of the original cost on the expiry of 5 years.
- (iii) The rates of depreciation of Furniture, Fixture and office equipment have been applied on straight line method at @19% w.e.f 1st April, 2010.
- (iv) Depreciation on second hand assets -

Depreciation on second hand assets is charged on straight-line method to write off 95% of the cost on the basis of estimated life of asset.
- (v) Pro-rata depreciation / amortization is charged from / upto date on which the assets are ready to be put to use / are deleted or discarded.

B. Leasehold properties

Leasehold properties are amortized evenly over the period of the lease.

IV. IMPAIRMENT OF ASSETS :

On the basis of annual assessment, impairment loss, if any, is provided. Impairment loss is the shortfall of the recoverable amount vis-à-vis the carrying amount. The recoverable amount is determined for defined Cash Generating Units (CGU).

V. VALUE OF INVENTORIES :

Inventories other than Work in Progress arising under Construction contract are valued at the lower of cost and net realisable value. The cost is determined as under :

- i) (a) Raw materials, stores and spares : Valued at weighted average rates.
(b) Inplant items : Valued at standard cost.
- ii) Equipment for specific projects : Valued at cost.
- iii) Stores in transit and non-stock items : Valued at cost.

Note :

- a) Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its location. Cost includes taxes and duties and is net of credit under CENVAT and VAT, where applicable.
- b) Inplant items are valued at standard cost for convenience taking into account normal level of activity and regularly reviewed.
- iv) Obsolete, slow-moving and defective inventories are identified at the time of physical verification and where necessary provision is made for such inventories. Project specific stores not moving for 4 years and more from the date of delivery of a vessel are valued at 50% on review. Such valuation at 50% on review is also made in respect of materials not for any specific project which do not move for 4 years or more from the date of receipt.
- v) Scrap : Valued at estimated net realisable value.
- vi) Inter-transfer items (Pending final transfer) : At cost, limited to transfer price.
- vii) Work-in-progress : Valuation of work-in-progress is done on the following basis and the term cost includes all overheads.

1. Recognition of revenue - Valuation of Work in Progress

a) Cost Plus Contracts :

"At cost incurred plus profits accrued up to the reporting date as per Contract / Letter of Intent."

b) Fixed Price Contracts :

(i) Where profit can be reliably measured :

"At costs incurred up to the reporting date plus profits recognized under percentage completion method in the proportion the actual costs incurred bear to the estimated total cost to completion as on that date".

(ii) Where loss is anticipated :

"When it is probable that total contract costs will exceed the total contract revenue, the expected loss is fully recognized as an expense immediately, irrespective of physical progress achieved on the reporting date."

c) Ship Repair Contracts :

- (i) Work done against contracts extending up to 12 months is valued at cost or realizable value, whichever is lower. Profit, if any, is recognized in the year in which the repair is completed.
- (ii) For contracts extending beyond 12 months, the valuation is done as per policy for construction contracts as stated above.

d) Others :

All items other than the above have been valued at lower of cost and net realisable value.

VI. REVENUE RECOGNITION :

Revenue is recognized and accounted for if there is no significant uncertainty in collection of the amount of consideration.

(A) SALES :

1. Sales other than Turnkey Projects :

- a) Sales against contracts are reflected in the accounts of the year in which the deliveries are made to the customer.
- b) Sale values are ascertained in accordance with contractual provisions.
- c) Where the contract prices are not finalized, sales are accounted for on provisional basis.
- d) Additional revenue, in respect of contracts completed in earlier years, is accounted for as sales in the year in which such revenue materializes.
- e) Credit notes issued to customers and deductions accepted are reduced from sales in the year in which they are effected.
- f) Sales include Excise duty and Service Tax,

wherever applicable, and excludes Value Added Tax, Central Sales Tax, Works Contract Tax etc.

- g) Revenue Recognition in respect of ongoing construction contracts is done using percentage completion method as stated in para V(vii)(1) above.

2. Sales in case of Turnkey Projects :

- a) If part delivery and payment is provided in the contract, sales on part delivery are accounted for.
- b) In case of an indivisible contract, or specific items thereof, sales are considered on completion and handing over of the project.

(B) INTEREST INCOME :

Interest Income is accounted for on accrual basis in time proportion inclusive of related tax deducted at source.

VII. GRANTS/SUBSIDY :

- (i) Capital Grants / Subsidies

Capital grants/Subsidies relating to specific assets are reduced from the gross value of the assets and capital grants for project capital subsidy are credited to Capital Reserve and retained till the requisite conditions are fulfilled.

- (ii) Revenue Grants / Subsidies

Government grants related to revenue items are adjusted with the related expenditure. If not related to a specific expenditure, it is taken as income.

VIII. BORROWING COST :

Borrowing costs are capitalized as part of qualifying assets. Other borrowing costs are considered as revenue expenditure.

IX. INSURANCE CLAIMS :

Amounts due against insurance claims are accounted for on accrual basis; in respect of claims not finally settled by the underwriter, credits are reckoned, based on the company's estimate of the realisable value.

X. TAXES ON INCOME :

Current tax is determined as the amount of tax payable in respect of taxable income for the period in accordance with the Income Tax Act, 1961.

Deferred tax is recognized on timing difference

between taxable income and accounting income subject to consideration of prudence and provided for as per the tax rates and laws that have been enacted or substantively enacted as on the Balance Sheet date. Deferred tax assets on unabsorbed depreciation and carrying-forward of losses are not recognized unless there is virtual certainty that there will be sufficient future taxable income available to realize such assets.

29.4 Russian (USSR) deferred State Credit :

An inter-governmental agreement between Russian Federation and Government of India was reached for restructuring of Russian deferred state credit in Rouble in connection with procurement of weapon systems for cost-plus P25 ships built and delivered by the Company to Indian Navy. As per the said agreement, the outstanding debt in Rouble as on 01.04.1992 was converted to Indian Rupees at the difference in Rupee-Rouble exchange rate between 01.04.90 and 01.04.1992 and such amount of exchange rate difference was rescheduled by Government Of India under a deferred rupee payment arrangement payable over 45 years till 2037. These rescheduled payments are also reimbursable by Indian Navy. Such amount is accordingly held as Foreign Suppliers Deferred Credit as at 31.03.2014 and aggregated to ₹ 2512.08 lakhs (Previous year ₹ 2295.50 lakhs).

29.5 ICD to Hindustan Cables Ltd. : An amount of ₹ 457.75 lakhs (₹ 200 lakhs as Principal and ₹ 257.75 lakhs as interest) was outstanding as on 31st March, 2002 from Hindustan Cables Ltd. (HCL), which is a sick PSU. As the case was registered by BIFR, full provision was made in the Accounts of 2003-04. As per directive of BRPSE, the revival scheme as prepared by HCL's consultants was put up before Dept. of Heavy Industry, BRPSE & BIFR. Dept. of Heavy Industries (DHI) made advertisement inviting expression of interest from interested PSUs for joint venture formation. In response, Rashtriya Ispat Nigam Ltd. (RINL) had shown interest in HCL's Hyderabad Unit. HCL has informed that recently Ordnance Factory Board (OFB) has shown keen interest for taking over all units of HCL and discussions are currently in progress both with OFB and RINL. No modalities however, have been decided yet. HCL has confirmed that the company's dues will be taken care of in the Restructuring Scheme.

29.6 a) The Company follows a general practice of undertaking physical verification of fixed assets in every 3 years. Such physical verification is carried out in a phased manner following verification programme. In the current year, such physical verification has been done in the Main, FOJ and 61, Park units. Discrepancies found have been dealt with in the Accounts. Physical verification of fixed assets in remaining locations have been completed and the same is under reconciliation.

b) Out of three docks and two slipways taken over from CIWTC Ltd. on 1st July 2006, Dry Dock No.2 has been capitalized. Dry dock No. 1 although technically operational cannot be exploited for production until the rectification of leaking valves gets completed, hence the expenditure incurred in Dry dock No. 1 have been carried in Capital Work-in-progress. Other facilities are still under repair and have remained non-operational, due to which cost of acquisition of these assets and subsequent capital expenditure have continued to be carried forward as capital work-in progress.

c) The land for setting up the Diesel Engine Plant at Ranchi was obtained free of cost from Heavy Engineering Corporation Ltd., Ranchi (HEC) in 1966 as a part of industrialization drive at the behest of MoD, Govt. of India and Govt. of Bihar. Deed for transfer of land is yet to be executed. Later HEC had vide a letter of 07 Aug 1999 raised a claim for a 30 year lease effective from 01.04.1996 of ₹1488 lakhs as one-time premium and a sum of ₹148.8 lakhs p.a. being 10% of the said premium as annual lease rent which GRSE had repudiated. HEC has now in April 2013 referred the issue to PMA of Govt. of India for arbitration with a claim including the one-time premium and annual lease rent till 30.09.2013 contemplated through their letter of 07 Aug 1999, as mentioned above. GRSE, apart from having submitted a letter of facts disputing such claim to PMA has also filed a Civil Suit to a competent Civil Court at Ranchi with prayer for permanent injunction of restraining HEC from interfering with GRSE's irrevocable right to the use of the land. The hearing of the case is in progress. Accordingly, a sum of ₹ 4092.00 lakhs has been shown as contingent liability being not acknowledged as debt. {Refer Note 29.20 (a) (i)}

29.19 In Note no. 8, statutory liabilities under Other current liabilities include an old provisional amount of ₹ 97.41 lakhs in respect of Sales Tax. In so far as all known and recorded positions of Sale Tax cases are concerned, there is no such liability. This appears to be a provision created in any past year, the settlement of which has already taken place and accounted for rendering the provision redundant. However, before this amount is finally adjusted for any write-back, more detailed scrutiny will be undertaken in the year 2014-15 and appropriate action will be taken. Pending such scrutiny such provision is being held as an abundant caution.

All these amounts have not been acknowledged as debts and accordingly not provided for in the accounts as all the demands are under different stages of appeal.
- b) Central Excise Authorities have raised a demand of ₹ 17.90 lakhs (Previous Year ₹ 17.90 lakhs) against clearance to goods to Naval Stores Dept of Indian Navy. Since the company has made appeal before CESTAT, EZB, and Kolkata against the impugned demand, the same has not been acknowledged as debt and accordingly not provided for in the accounts.
- c) Service Tax Authorities have raised a demand of ₹ 121.30 lakhs (Previous Year ₹ 121.30 lakhs) against imposition of Service Tax on technical fees paid to foreign technicians prior to 18.04.2006. Since the company has made appeal before the CESTAT, EZB, Kolkata against the impugned demand with due approval of CoD, the same has not been acknowledged as debt and accordingly not provided for in the accounts.
- d) Contingent liability on account of income tax amounts to ₹ 654.39 lakhs (Previous year ₹ 1185.00 lakhs) towards disallowance made by Income tax authority for the A.Y.2008-09 on account of addition of consumption of raw material (Rs.515.68 lakhs), excess dividend tax liability computed for AY 2011-12 (₹ 18.56 Lakhs) and addition for delayed deposit of P.F contribution for AY 2011-12 (₹ 120.15 lakhs). All disputes has not been acknowledged as debt and accordingly not provided for in the accounts as all the issues are under different stages of appeal.
- e) The contractual delivery date of yard 3017 was October 2012. Due to various reasons not attributable to and beyond the control of the company, including certain entirely extraneous factors to the contract guiding the construction of the said vessel, the delay in delivery of ships was experienced. The issue of such delay has been taken up with the Indian Navy for appropriately addressing and assisting in controlling such delay and re-fixing the date of delivery of the ship.

The Warship Overseeing Superintendent, on-site representative of the customer, Indian Navy has recommended for extension of delivery of the ship for further processing at IHQ (N). The IHQ (N) has also forwarded the same to Ministry of Defence for processing for delivery extension of the said ship. As there is no present obligation or any likelihood of any economic outflow taking place, no provision for

- liquidated damages has been made in the Accounts in this regard. The contingent liability of ₹ 8244.00 lakhs, however, has been shown under (a)(iii) above.
- f) Similarly, the contractual delivery date of Yard 3018 was July 2013. The nature of ship construction is such that in case of a project involving warships to be constructed and delivered in series with contractual time schedule, the delay in delivery of 1st of Class of the series impacts cascadingly in delivery of the follow-on ships of the project. This is because of the fact that the construction of a warship is fundamentally design driven involving proving of the various hitherto unknown system platforms and their integration and connectisation to various control mechanisms.
- The company has taken up in right earnest with Indian Navy with regard to expected consequential delay in delivery of Yard 3018 which is now slated for in the last quarter of 2014-15. It is firmly believed that given the circumstances, Indian Navy will also favourably dispose of the issue by recommending extension of delivery of the said ship. As such there is no present obligation or any likelihood of any economic outflow taking place on account of any liquidated damages and therefore, no provision has been made in the Accounts in this regard. A contingent liability of ₹ 7488.00 lakh, however, has been shown under (a) (iii) above.
- g) The amounts shown under above contingent liabilities represent the best possible estimates arrived at on the basis of available information. The uncertainties and timing of the cash flows are dependent on the outcome of the different legal processes which have been invoked by the Company or the claimants as the case may be and therefore cannot be estimated accurately. The Company does not expect any reimbursement in respect of above contingent liabilities.
- h) In the opinion of the management no provisions is considered necessary for the disputes mentioned above on the grounds that there are fair chances of successful outcome of appeals.
- i) There have been certain changes/modifications in the accounting policies on i) Basis of Accounting ii) Fixed Assets iii) Value of Inventories iv) Retirement Benefits v) Claims vi) Cash Flow Statement and vii) Cash & Cash Equivalents which have neither any financial effect in the current year nor in the previous year, being elaboration and enunciation of the actual basis followed. (Refer accounting policies I (i), II (iv), V, XI, XVI, XX, XXI of Note 1)
- However with respect to the change in the policy for Provisions in the Accounts against Contingent Liability with effect from the current year, provision has been made for ₹ 4.82 lacs in the current year. Had the policy been in place during previous year, the corresponding amount of provision would have been ₹ 1.48 lacs (Refer accounting policy XXII of Note 1)
