## STATE OF AFFAIRS OF THE COMPANY AND FUTURE OUTLOOK:

The Company passing through a critical phase during the year under review in view of recession in the country due to demonetization, which resulted to prevail all products of the company like Cotton Seed De-oiled cakes, Hulls, Oils and Linters prices at abnormally low level and no parity between cottonseed prices and its products from November 2016 till May ending. Further, failure of crop also resulted to fall in processing volumes of cotton seed from 64,957 MT to 38,580 MT during the year under review.

As the weather forecast given by the experts is very positive in cotton growing areas, which may yield better volumes and improve the availability of cottonseed, your Directors are optimistic in utilizing the full production capacities to ensure better working results in the ensuing years. Further Goods and Services Tax (G.S.T.) is also going to be implemented in our country from the coming month of July, 2017 onwards which will certainly ease the cost of interstate tax burden on purchase of raw material from other state and the cost of purchase will be the same as equal to intra state purchase and the company can enjoy the input tax credit except the logistics cost.

## **EXPORT AND FOREIGN EXCHANGE EARNINGS:**

Your Directors wish to inform that the Company has exported 2492.390 MT of Cotton Linters worth ₹ 1032.90 lakhs during the year under review as against 1,727.875 MT worth ₹ 425.78 lakhs in the previous year

## **EXTRACT OF ANNUAL RETURN:**

The details forming part of the extract of the Annual Return in form MGT-9 as required under Section 92 of the Companies Act, 2013 is included in this Report as Annexure - I and forms an integral part of this Report.

## MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis Report, as required under regulation 34 of the SEBI (LODR) Regulations 2015, forms part of the Annual Report as ANNEXURE NO:V

## ANNEXURE V TO THE DIRECTORS' REPORT

## MANAGEMENT DISCUSSION AND ANALYSIS:

1. This section shall include discussion on the following matters within the limits set by the listed entity's competitive position:

## (a) INDUSTRY STRUCTURE AND DEVELOPMENTS:

India plays an important role in the global edible oil market, accounting for 10-12% share of consumption; 6-8% share of oilseed production; 4-6% share of edible oil production, and 12-14% share of world edible oil imports. Furthermore, the industry is highly dependent on availability of raw material. Prices of most edible oils are forecast to increase between 3-5% on-year in oil year (OY) 2016-17, as global supply of most edible oils dips.. In an industry heavily reliant on imported oil for refining, bulk of the incremental investment will cater to working capital and profiles of most of the players in the industry is expected to remain stretched. Edible oil consumption in India is estimated to have risen in 2017-18

Government of India is promoting National Mission on Oilseeds and Oil Palm (NMOOP) during 2012-17 to achieve objectives such as increasing Seed Replacement Ratio (SRR) in oil crops with focus on Varietal Replacement, increasing irrigation coverage under oilseeds from 26% to 36%, diversification of area from low yielding cereals crops to oilseeds crops, inter-cropping of oilseeds with cereals/ pulses/ sugarcane, use of fallow land after paddy/potato cultivation, expansion of cultivation of Oil Palm and tree borne oilseeds in watersheds and wastelands, increasing availability of quality planting material enhancing procurement of oilseeds and collection, and processing of tree borne oilseeds.

Indian Edible oil Industry has witnessed financial stress due to droughts, rising production costs and cheaper imports thus forcing several small firms to shut shop. India imports nearly 67% of its edible oil requirements; the rest is being met from domestic production

The growth in production of domestic edible oil has not been able to keep pace with the growth of consumption. Thus, this gap is being met by the imports that account for almost 55-65% of the total oil consumption during past five years. Continuous increase in the gap between demand and supply of edible oil has forced India to do huge import from leading exporter countries of edible oil. The demand supply gap is becoming wider mainly due to limited availability of oil seeds, shifting of acreage to other crops and increase in demand of edible oil.

## (b) OPPORTUNITIES AND THREATS.

The growth in production of domestic edible oil has not been able to keep pace with the growth of consumption. The demand from domestic market is a greatest opportunity for the industry. The demand supply gap is becoming wider mainly due to limited availability of oil seeds, shifting of acreage to other crops and increase in demand of edible oil. Price volatility of raw material and finished products due to domestic and international market fluctuations is a greatest threat to the company. At this competent, unfavourable market conditions also new entrants are entered to the market, which is also a threat to the existing market players.

## (c) SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE.

Presently the company has dealing in segments of seed processing and Wind turbine generators.

**Seed Processing:** The Company passing through a critical phase during the year under review in view of recession in the country due to demonetization, which resulted to prevail all products of the company like Cotton Seed De-oiled cakes, Hulls, Oils and Linters prices at abnormally low level and no parity between cottonseed prices and its products from November 2016 till May ending. Further, failure of crop also resulted to fall in processing volumes of cotton seed from 64,957 MT to 38,580 MT during the year under review.

As the weather forecast given by the experts is very positive in cotton growing areas, which may yield better volumes and improve the availability of cottonseed, your Directors are optimistic in utilizing the full production capacities to ensure better working results in the ensuing years.

**Wind Turbine Generators:** Power generated during the year is better than the last year and both the units located in Tamilnadu and Gujarat running well during the year under review. Generated power has been sold to the concerned state governments at an agreed price as per the power purchase agreement being entered at the time of initiating the projects.

## (d) OUTLOOK:

The long-term outlook of edible oil demand in India is favourable on expectation of increasing population, increase in per capita consumption which in turn would be driven by changing lifestyles, growing urbanization, increasing proportion of middle-class population and steadily rising affluence levels. The near-term outlook for the edible oil companies is expected to be stable on steady edible oil domestic demand and improvement in operating margin due to increasing refining operation

In the coming season cotton growing is expected to be very higher because of the prices for cotton are ruled very higher and better than the Government Minimum Support Price. In addition to this, all the farmers of millets and chillies are going to sow only cotton because they incurred heavy losses due to sudden fall of all commodity prices at the time of harvesting season. Further Goods and Services Tax is also going to be implemented in our country from the coming month of July, 2017 onwards which will certainly ease the cost of interstate tax burden on purchase of raw material from other state and the cost of purchase will be the same as equal to intra state purchase and the company can enjoy the input tax credit except the logistics cost.

Demand for edible oil is mainly driven by increase in per capita consumption of edible oil, rising income levels and improvement of living standards. However, the Indian edible oil market continues to be under penetrated as current per capita consumption level of India (at 14.4 Kg/year for 2014-15) is much lower than global averages (24 kg/year). Further more, domestic consumption of edible oil is expected to increase with enhancement in income level and population

## (e) RISKS AND CONCERNS.

The company faced the several risks in areas of financial, operational, Marketing, supply and other areas. Key risks for the edible oils sector are, Changes in foreign policy and Export and import regulations, change in the minimum support price (MSP) on oilseeds offered by the government, Un favorable Weather conditions for formation of oil seeds, fluctuations in foreign exchange rates.

Focusing on Raw material Management, Supply chain management, Total Quality management, cost reduction and cost control are likely to be the key success determinants for players.

The policies announced by the Government have been progressive and are expected to remain likewise in future, and have generally taken an equitable view towards various stake holders, including domestic farmers, industry, consumers etc. Your Company continues to place a strong emphasis on the risk management and has successfully introduced and adopted various measures for hedging the price fluctuations in order to minimize its impact on profitability. Also, your Company has initiated setting-up of a framework to upgrade itself to a robust risk management system.

## (f) INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has well-established processes and defined the roles and responsibilities for people at various levels. The control mechanism also involves well documented policies, authorization guidelines commensurate with the level of responsibility specific to the respective businesses. Adherence to these processes is ensured through frequent internal audits. The internal audits conducted are reviewed by the Audit Committee and requisite guidelines and procedures augment the internal controls. The internal control system is designed to ensure that financial and other records are reliable for preparing financial statements and other information which ensures that all transactions are properly reported and classified in the financial records.

# (g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

Cotton Seed is being processed on scientific basis and producing Edible Oil, De-oiled cake, Hulls and Linters.

The Operational revenue of the company for the period under review decreased to ₹ 10235.85 Lakhs as compared to ₹ 14117.79 Lakhs registering a fall off 27.00% on an annualized basis. The net profit after tax for the financial year under report was ₹ 10.67 Lakhs as against ₹ 55.87 Lakhs for the previous year

# (h) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED:

During the year there was no Material developments in Human Resources / Industrial Relations front, including number of people employed in your company. The management periodically reviews the risk management framework to identify the major business risks as applicable to the Company and works out their mitigation strategy

## (i) CAUTIONARY STATEMENT:

Statements in the Boards' Report and Management Discussion and Analysis describing the Companies objectives, projections, estimates, expectations may be "forward looking statements" within the meaning of applicable security laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make difference to the company's operations include, among others, economic conditions effecting demand / supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors

## 2. Disclosure of Accounting Treatment:

# ANNEXURE TO THE AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF M/s Coromandel Agro Products and Oils Limited [Re: Clause 2(f) of the independent auditors report]

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s Coromandel Agro Products and Oils Ltd, as on March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **NOTE 23:**

#### **ACCOUNTING POLICIES**

- 1. Basis of Preparation: The Financial Statements of Coromandel Agro Products & Oils Limited have been prepared and presented under the historical cost convention on the accrual basis of accounting in accordance with the accounting principles generally accepted in India (GAAP) and comply with the mandatory Accounting Standards (AS) issued by the Institute of Chartered Accountants of India to the extent applicable and with the relevant provisions of the Companies Act, 2013.
- 2. Use of Estimates: The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and reported amounts of revenues and expenses for the year. Actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods.
- **3. Fixed Assets:** Tangible assets i.e., Land, Buildings, Plant and Machinery are stated at revalued cost less depreciation. Other fixed assets are stated at cost less depreciation. Depreciation has been provided as per the amendment to Schedule II of the Companies Act, 2013 on straight line basis. Lease hold land is amortized over the period of lease. Depreciation on additions due to revaluation of fixed assets is provided based on the estimated residual life of the assets as per approved valuer report. This amount of depreciation for each year attributable to the revalued assets is transferred from Assets Revaluation Reserve to Credit of Profit and Loss Account.
- **4. Investments:** Investments are stated at cost.
- **5. Provision for Retirement Benefits:** Company has taken L.I.C. Group Gratuity and Superannuation Policies to cover the liability arising out of employees going to retire according to their retirement status. Liability under Gratuity is determined on actuarial valuation done by L.I.C. of India
- **Inventories:** The inventories comprising raw materials, stores & spares and finished goods are valued at cost or net realizable value, whichever is less. The term cost comprises of purchase price including duties and taxes, freight inwards and other expenditure directly attributable to the acquisition excluding refundable duties and taxes. The cost is computed on weighted average basis.
- **7. Foreign Currency Transactions:** Foreign Currency Transactions are recorded using the exchange rates prevailing on the dates of the respective transactions. Exchange differences arising on Foreign Currency Transactions settled during the year are recognized in the Profit & Loss Account.
- **Revenue recognition of income and expenditure:** All Income and Expenditure are accounted on accrual basis, except where stated otherwise.
- **Provisions and Contingencies:** Provision is made in the books of account when there is a present obligation as a result of past event that probably required an outflow of resources and a reasonable estimate can be made.
  - A disclosure for a contingent liability is made when there is a possible obligation or present obligation that arises from past events and the outflow of resources embedding economic benefit is not probable.
  - A contingent liability or a provision at the Balance Sheet date is not disclosed or recognized unless the possibility of any outflow of resources in settlement is remote.
- **10. Deferred Income-Tax:** Deferred Tax charge or credit reflects that tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liability or asset are recognized using the tax rates that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future, however, where there is unabsorbed depreciation or carry forward losses,

As at

As at

deferred tax assets are recognized only if there is virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonable/virtual certainty (as the case may be) to be realized.

11. Impairment of Assets: An Asset is treated as impaired when the carrying of cost of Assets exceeds its receivable value. An impairment loss is charged for when the asset is identified as impaired. The impairment loss received in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.
