DIVIDEND

Considering the financial results of the Company for the year under review, the Board of Directors could not consider payment of any dividend to the shareholders.

MATERIAL CHANGES AND COMMITMENT IF ANY AFFECTING THE FINANCIAL POSITION OF THE COMPANY OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR TO WHICH THIS FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT

Subsequent to the end of the financial year under review, the hotel has been closed for demolition and putting up of commercial / residential blocks. Hence there will not be any generation of revenue during this year.

It has also been decided to revalue the block assets of the Company during the current financial year 2014 – 15, since the historical value does not reflect the intrinsic value of these assets. It has also been decided provide for balance of arrears of remuneration due to the Executive Directors (Managing Director and Executive Director) and some of the senior executives who have put in long service, statutory dues, etc., which could not be provided fully in the past.

REVIEW OF OPERATIONS

HOTEL DIVISION

During the year under review, the Hotel was operational with 79 rooms. The gross sales shown above consisted mainly of room revenue and Food & Beverage revenue. The Other Income consisted of rent received from the floors in the annexe building leased out to restaurants. The performance of the Hotel has not been satisfactory.

BLEAK PROSPECTS OF HOTEL BUSINESS

The availability of hotel rooms within Chennai city is much more than the current demand, which is affecting the performance of almost all the hotels in the City. Many hotels have already closed down and are putting up residential/commercial apartments. Even some of the new hotel projects, where construction was in progress, have decided to demolish the construction and convert into real estate projects. The existing mismatch of demand and supply would continue for some more years and the Company would continue to be incurring losses. As the Company cannot afford to incur further losses, the Board of Directors took a decision to close down the existing hotel, demolish the building and in its place put up commercial/residential apartments.

Therefore, offers were invited from reputed builders and out of them, the offer made by M/s. Kgeyes Residency Pvt. Ltd., Chennai was found to be the most beneficial and accepted by the Management, and a preliminary agreement has been entered into with them. As per the terms agreed, in due course, we have to hand over vacant possession of the property to them to enable them to proceed with the various formalities for demolishing the existing hotel and annexe buildings and constructing new commercial / residential building(s) on the same site.

Accordingly, the hotel business was closed effective from 1st April 2014.

The Company will not totally exit from hotel business. As per the studies undertaken, there is a scope for putting up a hotel near the Airport and therefore, out of the surplus anticipated from the above proposed property redevelopment, the Company would consider putting up a hotel with lesser number of rooms in a new location.

ARUNA HOTELS LIMITED

Meanwhile, some of the shareholders have approached the Company Law Board and obtained an interim Order, which prevents alienation, encumbrance and creation of third party interest on the property, due to which the property redevelopment proposal has come to a standstill.

The Management is exploring the possibilities of removing the deadlock.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND OUTLOOK

The Hotel Industry in India had been witnessing a boom for the last few years, thanks to the thriving economy and increased commercial and political importance of the Country. The various steps taken by the Government to give a boost to the Tourism industry and the opening of aviation industry have given added fillip to the Hotel Industry. One unique feature of this development is the appreciable increase in the number of domestic travelers driven by rising middle class with increased disposable incomes.

The share of India in International tourist arrivals is progressively increasing. Domestic Tourism too is growing. The number of Domestic tourists in India is rising.

However, in certain cities like Chennai, the availability of hotel rooms is in far excess of the demand, forcing even luxury hotels to reduce their tariff, which has led to the other hotels also reducing their tariff, and some of the hotels are not able to make both ends meet.

2. SWOT ANALYSIS OF THE INDUSTRY.

The strong point for the development of the Hotel Industry as a whole is the support being extended by both Central and State Governments. Another strong point has been the increase in the share of India in international tourism and hospitality sector, and this is expected to continue for quite some time.

As tourism has become the largest service industry in India, with a contribution of 9 per cent to the national GDP and 8.78 per cent of the total employment in India, its importance has been fully recognized by the Government which is extending all possible support for its development.

The major weakness for the industry is Lack of good infrastructure such as good roads, continuous power supply, comfortable modes of transport, etc. The Government is taking steps to remove these weaknesses.

The development of various sectors of the economy and the increase in the number of both domestic and international tourists offer tremendous opportunities for the Hotel Industry. India has got enormous potential to be tapped.

Increase in terrorist activities, which could have an impact on the international tourist inflow and increasing cost of travel, which could have an impact on the domestic tourist traffic, are among the major threats. The economy is under inflationary pressures with steep increase in the prices of food and oil, which has resulted in rise in the operational costs; this trend will also have a negative impact on the travel prospects of the tourists, and this poses a threat to the otherwise favourable trends.

3. SWOT ANALYSIS OF OUR HOTEL

Location of our hotel, availability of ample space for parking a good number of cars and the large size of our rooms are our strengths.

ARUNA HOTELS LIMITED

Closure of the Hotel for nearly two years for renovation was a major weakness, and has eroded the client base of the Hotel. The steps taken by the Company to re-present the hotel as an attractive place for stay have not met with success.

Added to the competition from a large number of new hotels, which have sprung up and from increasing number of serviced apartments and posh guest- houses, the increasing surplus of supply of rooms over demands is posing a major threat to our Hotel.

Therefore, the Company has decided to construct commercial building / residential apartments taking advantage of the prime location, and also consider the possibility of establishing a smaller hotel (in a better location like near Airport), which will have better business prospects.
