21. In line with the measures of Green Initiative, Companies Act, 2013, provides for sending notice of the meeting along with annual report to the Members through electronic mode. Members holding shares in physical mode are requested to register their e-mail Id's with the Company/RTA. Members holding shares in dematerialised mode are requested to register their e-mail id's with their respective DPs. If there is any change in the e-mail id already registered with the Company/RTA, Members are requested to immediately notify such change to the Company/RTA in respect of shares held in physical form and to DPs in respect of shares held in electronic form.
 22. The notice of AGM along with the Annual report 2017-18 is being sent by electronic mode to those members whose e-mail addresses are registered with the Company/Depositories, unless any member has requested for a physical copy of the same. For members who have not registered their e-mail addresses, physical copies are being sent by the permitted mode.
 23. Members are requested to bring their copy of the Annual Report to the Annual General Meeting as an austerity measure.
 24. In compliance with the provisions of Section 108 of the Companies Act, 2013, and in accordance with Rule 20 of the Companies (Management and Administration) Amendment Rules, 2015, and Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015, the Company has fixed 31st July, 2018 as the "cut-off date" to determine the eligibility to vote by electronic means or in the general meeting. A person whose name is recorded in the register of "remote e-voting" (e-voting from a place other than venue of the AGM), to enable them to cast their votes at the 42nd Annual General Meeting (AGM) and the business at the 42nd AGM may be transacted through such voting. The Company has entered into an agreement with Central Depository Services (India) Ltd. (CDSL) for facilitating e-voting to enable all its Shareholders to cast their vote electronically. The facility for voting, either through electronic voting system or ballot/polling paper shall also be made available at the venue of the AGM, apart from the remote e-voting facility provided prior to the date of AGM. The members attending the meeting, who have not already cast their vote through remote e-voting shall be able to exercise their voting rights at the meeting. The members who have already cast their vote by remote e-voting prior to the meeting may also attend the meeting but shall not be entitled to cast their vote again at the AGM. The Company has appointed M/s. Sandip Sheth & Associates, Practicing Company Secretaries, as the Scrutinizer for conducting the remote e-voting and the voting process at the AGM in a fair and transparent manner. The Scrutinizer shall make a consolidated Scrutinizer's report of the total votes cast in favour or against, if any, during the remote e-voting and voting at the AGM, not later than 48 hours from the conclusion of the meeting, to the Chairman or a person, authorised by him in writing. The Chairman or a person, authorised by him in writing, shall declare the results of the AGM forthwith. The results declared along with the Scrutinizer's report shall be placed on the Company's website and on the website of CDSL and shall be communicated to the Stock Exchanges.

1. In compliance with the provisions of section 108 of the Act and the Rules framed thereunder, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by CDSL, on all resolutions set forth in this Notice.

SEGMENT-WISE PERFORMANCE

The Company has identified and working in two reportable primary segments. Thus, the disclosure particulars as per Ind AS-108 on Segment Reporting are made part of this Annual Report in Note 37 of Financial Statements.

STRENGTHS & OPPORTUNITIES:

Your company is the sole manufacturer of ethylene amines in India which is a growth market. This offers regular opportunities & helps company to cater to market needs very effectively. Over the years the company has developed robust Systems which help to maintain and sustain the operations despite severe challenges it faces & able to enjoy the market leadership position in one of the segments it operates. Its geographical position & the vicinity to customers also offer added advantage in servicing the customers.

Ethylene Amines are building blocks for many industries & hence your company believes that this fact will continue to offer potential to grow by exploring manufacturing possibilities of derivatives based on homologues of Ethylene Amines.

CONCERNS & THREATS:

Since company's core business is Ethylene amines, any negative Development or upheavals taking place in the market place may affect the performance of the company. Fluctuating prices of certain key raw materials also has potential to impact the performance in short term.

Company also has to compete with competitors who are either forward or backward integrated & has the advantage of scale of economies & thus can swamp the markets with excess & lower priced or even duty free products.

Your company recognizes & understands these challenges very well and always braces itself to compete effectively by providing superior, reliable and timely customer support to the end users.

OUTLOOK:

For the year 2018, the Company's focus will continue on sustaining and maintaining the market share in certain industry segment where company enjoys market leadership position. This will be achieved by forging stronger relationship with customers and by negotiating and entering in to beneficial contracts with the suppliers of raw materials.

The Ethylene amines business is going through demand-supply imbalance on global level and excess supply is expected to be a reality in the year 2018-19 also. Your company is well aware of the challenging scenario lying ahead and taking necessary steps by planning activities properly at operational stages.

HUMAN RESOURCE:

Human Resources Development, in all its aspects like training in safety and social values is under constant focus of the management. Relations between the management & the employees at all levels remained healthy & cordial throughout the year. The Management and the Employees are dedicated to achieve the corporate objectives and the targets set before the Company. The Company has been regularly monitoring its policy for enhancement in the skills of its employees by providing need-based training.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has a proper and adequate system of internal controls to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition. The internal control systems are supplemented by an extensive program of internal audits, review by management, guidelines & procedures.

Company's control systems are time tested, documented and recognized under ISO Certification. On the financial side, periodic audits by Internal Auditors and External Auditors provide a means whereby weaknesses are exposed and rectified.

The Company has an independent internal audit system, covering on a continuous basis, the entire gamut of operations and services spanning major business functions. The internal audit functions include evaluation of all financial & major operating system controls. The internal audit findings and recommendations are reviewed by the Audit Committee and are then reported to the Board.

WHISTLE BLOWER POLICY

The Company has a Whistle Blower policy in place to deal with instances of fraud and mismanagement, if any. The details of the policy are explained in the Corporate Governance Report and the said whistle blower policy is posted on the website of the Company.

CAUTIONARY STATEMENT:

INDEPENDENT AUDITOR'S REPORT

To the Members of
Diamines and Chemicals Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS Financial Statements of **Diamines and Chemicals Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information. (herein after referred to as "Ind AS Financial Statements")

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the Accounting and Auditing Standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid

Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the state of affairs of the Company as at March 31, 2018, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income) the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with relevant rules issued thereunder;
 - e. On the basis of the written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act;
 - f. With respect to the adequacy of internal financial controls over financials reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A; and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations on the financial position in its Ind AS financial statements. Refer Note 34 of the Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as required under the applicable law or accounting standards; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2018.
 - h. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we enclose in Annexure B, a statement on the matters specified in the paragraphs 3 and 4 of the Order.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 1(f) under the heading of "Report on Other Legal and Regulatory Requirements" of our Independent Auditors' Report of even date to the members of the Company on the Ind AS financial statements for the year ended March 31, 2018.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **DIAMINES AND CHEMICALS LIMITED** ("the Company") as at March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of the internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of

Management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of the changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal financial controls over Financial Reporting issued by the ICAI.

ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 2 under the heading of "Report on Other Legal and Regulatory Requirements" of our Independent Auditors' Report of even date on the Ind AS financial statements for the year ended March 31, 2018.

Report on the Companies (Auditor's Report) Order, 2016, issued in terms of Section 143(11) of the Companies Act, 2013 ("the Act") of DIAMINES AND CHEMICALS LIMITED ("the Company")

- i.
 - a. The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment ("PPE").
 - b. The PPEs have been physically verified by the management according to a phased programme designed to cover all the PPEs over a period of three years, which, in our opinion, provides for physical verification of all the PPEs at reasonable intervals. Pursuant to the programme, all the PPEs have been verified by the management in the financial year 2015-16, and no material discrepancies were noticed on such verification.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties, as included in Note 3A on Property, Plant and Equipment to the Ind AS financial statements, are held in the name of the Company, except in the case of a building, located at Ahmedabad, title deed of which is not available with the Company. Details of the aforesaid building are as follows: (₹ in Lakhs)

Gross Block as at March 31, 2018	Net Block as at March 31, 2018
9.49	5.00

- ii. Inventories, other than stock-in-transit, have been physically verified by the management during the year and at the year end. For stock-in-transit at the year end, the necessary documentary evidences have been obtained. In our opinion, the frequency of such verification is reasonable and no material discrepancies were noticed on such physical verification.
- iii. The Company has not granted any Loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 186 of the Act in respect of investments made. Further, the Company has not given any loan or guarantee or provided any security in connection with a loan to any person or other body corporate and accordingly, the question of commenting on compliance with the provisions in respect thereof does not arise.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public. Accordingly, paragraph 3(v) of the Order to comment on whether the Company has complied with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and rules framed thereunder, is not applicable.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014 as specified by the Central Government under section 148(1) of the Act in respect of its products and are of opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of said accounts and records with a view to determine whether they are accurate or complete.
- vii.
 - a. According to the information and explanations given to us and on the basis of the books and records examined by us, the Company has been regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Goods and Service Tax, Cess and other statutory dues as applicable to it with the appropriate authorities and there are no arrears of outstanding statutory dues on the last day of the financial year, for a period of more than six months from the date they become payable.
 - b. According to the information and explanations given to us and on the basis of the books and records examined by us, as may be applicable, given herein below are the details of dues of

Income-tax, Sales-tax, Service Tax, Duty of Customs, Duty of Excise, Value Added Tax, Goods and Service Tax, Cess which have not been deposited on account of disputes and the forum where the dispute is pending:

- viii. According to the information and explanations given to us, as also on the basis of the books and records examined by us, the Company has not defaulted in the repayment of dues to banks. The Company has not taken any loan or borrowing from financial institutions or Government and has not issued any debenture during the year.
- ix. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, paragraph 3(ix) of the Order in respect thereof is not applicable.
- x. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year in the course of our audit.
- xi. According to the information and explanations given to us and on the basis of books and records examined by us, the Company has paid / provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. The Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with the provisions of Sections 177 and 188 of the Act, wherever applicable, and the details of such transactions have been disclosed in the Ind AS financial statements as required by the applicable accounting standards.
- xiv. The Company has not made a preferential allotment or private placement of shares fully paid or fully or partly convertible debentures during the year under review. Accordingly, reporting under paragraph 3(xiv) of the Order is not applicable.
- xv. According to the information and explanations given to us and on the basis of books and records examined by us, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

NOTES FORMING PART OF FINANCIAL STATEMENTS**1. Corporate Information**

Diamines and Chemicals Limited ("the Company") is engaged in business of manufacturing and marketing of organic chemicals compounds.

The Company is a public limited company incorporated and domiciled in India and has registered office in Vadodara. Equity shares of the Company are listed on Bombay Stock Exchange Limited (BSE)

The financial statements for the year ended March 31, 2018 are approved for issue by the Company's Board of Directors May 4, 2018.

2. Significant Accounting Policies**2.1 Basis of Preparation**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under Section 133 of the Companies Act 2013 (the 'Act') and other relevant provisions of the Act.

For all period's up to and including the financial year ended March 31, 2017, the Company prepared its financial statements in accordance with Accounting Standards specified under Section 133 of the Act read with applicable rules and the relevant provisions of the Act ("Previous GAAP"). The figures for the year ended March 31, 2017 have now been restated as per Ind AS to provide comparability.

The financial statements for the year ended March 31, 2018 are the Company's first Ind AS standalone financial statements. The Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101, "First-Time Adoption of Indian Accounting Standards, the date of transition to Ind AS being April 1, 2016. Refer to Note 43 for details of adoption of Ind AS.

These financial Statements are prepared on an accrual basis under the historical cost convention or amortised cost, except for the following assets and liabilities, which have been measured at fair value :

- i. Certain financial assets and liabilities (including derivative instruments) that are measured at fair value.
- ii. Defined benefits plans-plan assets measured at fair value.

The financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency and all amounts are rounded off to the nearest lakhs (INR ₹ '00,000') up to two decimals, except when otherwise indicated.

2.2 Property, Plant and Equipment (PPE)

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. PPE (other than Freehold land and Capital Work-in-progress) are stated at cost less accumulated depreciation and impairment losses, if any. The initial cost of an asset comprises its purchase price, non-refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. Cost includes for qualifying assets, borrowing costs capitalised in accordance with the company's accounting policy.

If significant parts of an item of PPE have different useful lives, then those are accounted as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as and when they meet the definition of PPE, as specified in Ind AS 16 on "Property, Plant and Equipment".

Freehold land is carried at historical cost less impairment loss, if any

The carrying amount of an item of PPE is derecognised upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the derecognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in Statement of Profit and Loss.

Capital Work-in-progress

Property, plant and equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, less any recognised impairment loss. Such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

2.3 Depreciation/Amortisation

Depreciation on Property, Plant and Equipment (other than Freehold Land, Leasehold Land and Capital Work-in-progress) is provided on the Straight-Line Method in accordance with requirements prescribed under Schedule II to the Companies Act, 2013. The Company has assessed the estimated useful lives of its PPE and has adopted the useful lives and residual value as prescribed therein except for Leasehold Land which is amortised over the period of lease.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

Freehold land is not depreciated.

The Company depreciates significant components of the main asset (which have different useful lives as compared to the main asset) based on the individual useful life of those components. Useful life for such components of Property, Plant and Equipment is assessed based on the historical experience and internal technical inputs.

Depreciation on assets purchased/sold during the period is proportionately charged.

Leasehold Land is amortised on "Straight Line Method" over its remaining lease period of 72 years commencing from the year 2002-03

2.4 Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets may have impaired. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment loss is recognised immediately in the Statement of Profit and Loss. When an impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but up to the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

2.5 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials, fuels, stores and spares are valued at lower of cost and net realisable value. Cost is determined on the basis of the first-in-first out basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Work-in-progress and finished goods are valued at lower of cost and net realisable value. Cost includes direct materials, labour, other direct cost and a proportion of manufacturing overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.6 Financial Instruments

Financial assets and Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial assets.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through OCI:

A financial asset shall be classified and measured at FVOCI, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at FVTPL unless it is measured at amortised cost or at FVOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities:

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets:

The Company recognises loss allowance using expected credit loss model for financial assets which are not measured at Fair Value through Profit or Loss. Expected credit losses are weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at original effective rate of interest.

For Trade Receivables, the Company measures loss allowance at an amount equal to expected credit losses. The Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

Derecognition of financial assets:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that

continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

Financial liabilities and equity instruments:

- Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by a Company are recognised at the proceeds received.

Derecognition of financial liabilities:

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

Offsetting:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

2.7 Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts to manage its exposure to foreign currency exchange rate risks.

Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are measured at fair value at the end of each reporting period and changes are recognised in Statement of Profit and Loss.

2.8 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash and which are subject to an insignificant risk of changes in value, as reduced by bank overdrafts.

2.9 Segment Reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.

Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue/expenses/ assets/liabilities” respectively.

2.10 Non-current Assets held for Sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell. The determination of fair value less costs to sell includes use of management estimates and assumptions. The fair value of the asset held for sale has been estimated using valuation techniques (mainly income and market approach), which include unobservable inputs.

2.11 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognised for future operating losses.

Provisions are made at the management’s best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent Assets are not recognised but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

2.13 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits of a transaction will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from sale of goods is recognised upon transfer of significant risks and rewards of ownership of the goods to the customer, while neither continuing managerial involvement nor effective control over the goods sold is retained. Sales include excise duty but exclude Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

Sales Returns

The Company accounts for sales returns by recording an allowance for sales returns. This allowance is based on the Company's historical experience of expected sales returns towards expiry, breakages and damages. The Company considers its historical experience of sales return to account for such provision. Accordingly, short-term provisions have been increased with a corresponding adjustment to Retained Earnings/ Profit and Loss.

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Dividends

Dividend income from investments is recognised when the Company's right to receive dividend is established, which is generally when shareholders approve the dividend.

2.14 Foreign Currency Transactions

On initial recognition, transactions in foreign currencies are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items that are measured at historical cost denominated in a foreign currency are translated using the exchange rate as at the date of initial transaction. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

2.15 Employee Benefits:

Short-term employee benefits:

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus and ex-gratia falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

Long-term employee benefits:

- **Defined Contribution Plan:**

The Company's contribution to Provident Fund and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

- **Defined Benefit Plan:**

- a. **Gratuity**

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ("Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary and the years of employment with the Company. Liability with regard to Gratuity Plan is accrued based on actuarial valuation at the Balance Sheet date, carried out by an independent actuary.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive

income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

b. Compensated Absences

The Company provides for the encashment of absence or absence with pay based on policy of the Company in this regard. The employees are entitled to accumulate such absences subject to certain limits, for the future encashment or absence. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the Balance Sheet date on the basis of an independent actuarial valuation.

2.16 Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when deferred income tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.17 Earnings Per Share

The basic earnings per share are computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period.

Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

Research and Development

Revenue expenditure on research and development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on research and development is considered as an addition to Property, Plant and Equipment/ Intangible Assets.

2.18 First-time adoption-mandatory exceptions, optional exemptions

Overall Principle

The Company has prepared the opening balance sheet as per Ind AS as of 1st April, 2016 (the transition date) by recognising all assets and liabilities whose recognition is required by Ind AS, not recognising items of assets or liabilities which are not permitted by Ind AS, by reclassifying items from previous GAAP to Ind AS as required under Ind AS, and applying Ind AS in measurement of recognised assets and liabilities. However, this principle is subject to certain exceptions and certain optional exemptions availed by the Company detailed below:

Significant items are as discussed below:

i) Deemed cost for Property, Plant and Equipment and Intangible assets

The Company has elected to continue with the carrying value of all of its Property, Plant and Equipment and Intangible assets recognised as of the transition date measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

ii) Investments

The Company has elected to measure investments in Equity shares of subsidiary company at deemed cost, which is previous GAAP carrying amount at the entity's date of transition to Ind ASs in its separate financial statements. Accordingly, under Ind AS, the Company has recognised investments as follows:

- Equity shares of subsidiary company – At deemed cost
- Equity shares of other companies- At fair value through Other Comprehensive Income (FVTOCI)

2.19 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements requires the management to make judgements, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, incomes and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Key estimates, assumptions and judgements

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected

to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. Also, Refer Note 36.

Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

Employee Benefit Plans

The cost of the defined benefit gratuity plan and other-post employment benefits and the present value of gratuity obligations and compensated absences are determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Fair Value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of Assets

The Company has used certain judgements and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

Provisions

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

2.20 Ind AS issued but not yet effective

Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs :

Ind AS 21 : The Effects of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign Currency Transactions and Advance Consideration is inserted to clarify the accounting of transactions that include the receipt or payment of advance consideration in a foreign currency. The Appendix explains that the date of the transaction, for the purpose of determining the exchange rate, to use on the initial recognition of the related asset, expense or income (or part of it) is the date on which the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

If there are multiple payments or receipts in advance, the date of the transaction is determined for each payment or receipt of advance consideration.

The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on its financial statements and the impact is not material.

Ind AS 115 : Revenue from Contracts with Customers

Ind AS 115 establishes a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. Ind AS 115 will supersede the current revenue recognition standard Ind AS 18 on "Revenue" and Ind AS 11 on "Construction Contracts".

The core principle of Ind AS 115 is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

Further, Ind AS 115, requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

Ind AS 115 permits two possible methods of transition:

- Retrospective approach - Under this approach the standard is applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors.
- Retrospectively with cumulative effect of initially applying the standard recognised at the date of initial application (Cumulative catch - up approach) only to contracts that are not completed contracts on that date. Under this method, cumulative effect is recognised as an adjustment to the opening balance of retained earnings of the annual reporting period.

The effective date for adoption of Ind AS 115 is accounting period beginning on or after April 1, 2018.

The Company will adopt Ind AS on April 1, 2018 by using the cumulative catch-up transition method and accordingly, comparatives for the year ending or ended March 31, 2018 will not be retrospectively adjusted. The effect on adoption of Ind AS 115 is expected to be insignificant.

B. Financial Risk Management and Policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations in select instances. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations and investments. The company is exposed to market risk, credit risk, liquidity risk etc. The objective of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital. The Company's capital structure is managed using equity and debt ratios as part of the Company's financial planning.

a. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include investments and derivative financial instruments. The Company has designed risk management frame work to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.

The above mentioned risks may affect the Company's income and expenses, or the value of its financial instruments. The Company's exposure to and management of these risks are explained below:

i. Foreign Currency Risk:

The company is subject to the risk that changes in foreign currency values impact the company export, imports and other payables.

Foreign currency exposure as at March 31, 2018 are hedged as per the policy of the company

Total	255.32	133.92	152.09	255.18	132.53	150.61

b. Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables. Wherever necessary, depending on the credit worthiness of the customer, credit risk in respect of export shipments is covered by letter of credit. The credit risk on liquid funds such as balance in current and deposits account with banks is limited as the counterparties are banks with reasonably high credit ratings.

The Company makes provision for expected credit loss on certain Trade Receivables in respect of which there is a delay in realisation. The provision is calculated based on the difference between the book value of such outstanding trade receivables as at the balance sheet date and the present value of the expected realisation over a period of 12 months from the balance sheet date. The Company considers discount rate of 8 percent per annum for calculating the present value.

c. Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The company manages its liquidity risk by maintaining positive cash and bank balance and availability of fund through adequate cash credit facility. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

The table below provides details regarding the remaining contractual maturities of Company's financial liabilities:

40. Employee Benefits

The Company has classified various employee benefits as under:

A. Defined Contribution Plans

- i. Provident Fund
- ii. Superannuation Fund

The Provident Fund is operated by the Regional Provident Fund Commissioner and the Superannuation Fund is administered by the LIC of India as applicable for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll costs to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities.

The Company has recognised the following amounts in the Statement of Profit and Loss:

Particulars	(₹ in Lakhs)	
	For the year ended March 31, 2018	For the year ended March 31, 2017
Contribution to Provident Fund	21.49	20.63
Superannuation Fund	4.40	4.54
Total	<u>25.88</u>	<u>25.16</u>

B. Defined Benefit Plans

The Company operates a gratuity plan covering qualifying employees. Under the gratuity plan, the eligible employees are entitled to post retirement benefit at the rate of 15 days salary for each year of service until the retirement age of 58, subject to a payment ceiling of ₹ 20 lakhs. The benefit vests upon completion of five years of continuous service as per "The Payment of Gratuity Act" and once vested it is payable to the employee on retirement or on termination of employment. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

Under the compensated absences plan, leave encashment is payable to all eligible employees on separation from the Company due to death, retirement, superannuation or resignation. At the rate of daily salary, as per current accumulation of leave days.

Gratuity is defined benefit plan and Company is exposed to following Risks:

Interest Risk :

A fall in the discount rate which is linked to the Government Securities Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk :

The present value of the defined benefit plan liability is calculated by reference to the future salaries of

members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk :

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Mortality Risk :

Since the benefits under the plan is not payable for the life time and payable till retirement age only, plan does not have any longevity risk.

C. The Company offers the following employee benefits scheme to its employees

- a. Gratuity(Funded through annual payment to Life insurance corporation of India)
- b. Privilege Leave encashment (Unfunded)

a. Gratuity

Valuations in respect of above have been carried out by independent actuary, as at the balance sheet date, based on the following assumptions:

Particulars	Valuation as at		
	March 31, 2018	March 31, 2017	April 1, 2016
i Discount Rate (per annum)	7.73%	7.51%	7.81%

42. Financial Instruments

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Valuation

- The fair values of investment in quoted investment in equity shares is based on the current bid price of respective investment as at the Balance Sheet date.
- The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates at the Balance Sheet date
- The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Fair Value measurement hierarchy

The fair value of financial instruments as referred below have been classified into three categories depending on the inputs used in the valuation technique.

The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

F. Notes to the Reconciliation

a. Property, Plant and Equipment

As on March 31, 2016, the carrying amount of Leasehold Land and Building under Property, Plant and Equipment (PPE) included ₹ 278.74 lacs on account of revaluation thereof. Under the previous GAAP, as specified by Accounting Standard 10, as revised, on "Property, Plant and Equipment", in the financial year 2016-17, with effect from April 1, 2016, the said revaluation amount in the carrying amount of Leasehold Land and Building was adjusted against outstanding amount of Revaluation Reserve and the excess amount in the Revaluation Reserve of ₹ 1.84 lacs was adjusted in General Reserve. Under Ind AS, in terms of Para D7AA of Ind AS 101 on "First-time Adoption of Indian Accounting Standards", the Company has adopted the carrying value of its PPE as on the transition date as its

deemed cost; in other words, the carrying value on the transition date, as on April 1, 2016, is nothing but the carrying value of PPE as on March 31, 2016, which would include the revaluation amount for Leasehold Land and Building. Therefore, to arrive at the deemed cost under Ind AS as on April 1, 2016, the adjustment of revaluation done under the previous GAAP (that is, under AS 10 (Revised)) is restored to its revalued amount and Revaluation Reserve is accordingly restored and General Reserve is reversed. Also, depreciation in respect of such revalued amounts under Ind AS for the year ended March 31, 2017 and thereafter is accordingly reflected. Further, the effect of Deferred Tax for such adjustment for revaluation is also given.

b. Provision for Sales return

Revenue is recognised net of such provision for Sales Returns and consequently, related costs of such goods are reflected in Inventories.

c. Non-current Investments

Under previous GAAP, Investments in Equity Instruments were measured at Cost. Provision for diminution in value of Investments, if any, was provided for, against cost of investments. On the date of transition to Ind AS, such financial assets are classified as Fair Value through Other Comprehensive Income. Changes in fair value of such investments are recognised in Other Comprehensive Income. On the date of transition, these financial assets are measured at their fair values which are higher than cost as per previous GAAP, resulting in net increase in carrying amounts as at April 1, 2016 by ₹ 62.66 Lakhs and as at March 31, 2017 by ₹ 22.52 Lakhs.

d. Fair Valuation of Forward Contracts

Under previous GAAP, the Company applied the requirements of AS 11 "*The effects of changes in foreign exchange rates*" to account for forward contracts entered for hedging foreign exchange risk. Under Ind AS, derivatives which are not designated as hedging instruments are fair valued with resulting changes being recognised in profit or loss. The fair valuation of forward contracts resulted in profit of ₹ 2.19 Lakhs as at April 1, 2016 and of ₹ 2.46 Lakhs as at March 31, 2017.

e. Defined Benefit Plans

Under previous GAAP, actuarial gains and losses were recognised in profit and loss. Under Ind AS, the actuarial gains and losses forming part of remeasurement of the net defined benefit liability/ asset, are recognised in the Other Comprehensive Income instead of profit or loss. The actuarial loss for the year ended March 31, 2017 was ₹ 1.18 Lakhs, with tax ₹ 0.39 Lakhs. This change does not affect Total Equity, but there is an increase in Profit before Tax of ₹ 1.18 Lakhs and in total Profit of ₹ 0.79 Lakhs for the year ended March 31, 2017.

f. Deferred Tax

The previous GAAP required deferred tax accounting using the income statement approach, which focused on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using balance sheet approach which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Various transitional adjustments has resulted in recognition of temporary differences.

- 44.** The Board of Directors of the Company at its meeting held on September 29, 2015 approved the Scheme of Arrangement under sections 391 to 394 of the Companies Act, 1956 for amalgamation of Diamines Speciality Chemicals Limited ('DSCL'), its wholly owned subsidiary, into the Company with effect from April 1, 2015, the appointed date ("the Scheme"). The Scheme was heard and approved by the Hon'ble High Court of Gujarat, vide its order dated September 16, 2016. The Scheme came into effect on September 30, 2016, the day on which the Order was filed with the Registrar of the Companies, Gujarat and pursuant thereto the entire business and all the assets and liabilities, duties and obligations of the DSCL have been transferred to and vested in the Company with effect from the appointed date. DSCL was formed with the object of manufacturing of fine chemicals. Till the time of amalgamation, it engaged itself to acquire a plot of land from Gujarat Industrial Development Corporation (GIDC). This amalgamation is a non-cash transaction.

Further, no consideration is payable or receivable and shares were not exchanged on implementation of the amalgamation as the Scheme involves a wholly owned subsidiary.

45. Capital Work-in-progress and Capital Advances for acquiring a plot of land from Gujarat Industrial Development Corporation ('GIDC') on the Scheme of Arrangement which was then reflected as Fixed Assets - Leasehold Land under Non-Current Assets. However, subsequent thereto, the said plot of land rendered unusable for construction/ activities involving hazardous chemicals and therefore, the Company by its letter of January 11, 2017, requested GIDC to take back the possession of the said plot of land and refund the amounts paid in respect thereof. GIDC by its letter of April 6, 2017, intimated to the Company about its approval as of March 23, 2017 to surrender the said plot of land. The Board of Directors in its meeting held on April 11, 2017 took the decision to handover the possession of the said plot of land and accordingly, the possession was handed over to GIDC on April 19, 2017. However, pending determination of refund amount by GIDC for the surrendered plot of land, the same is reflected as Assets held for disposal under "Current Assets" at its carrying amount
