Dear Sirs,

Sub: Notice for the annual general meeting and Annual Report for the financial year 2018-2019.

We enclose herewith Notice convening the 44th annual general meeting and Annual report for the year ended March 31, 2019.

This information is being submitted pursuant to Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 as amended.

Kindly take the above information on record.

Yours faithfully

For E.I.D. - Parry (India) Limited

Biswa Mohan Rath
Company Secretary

Enc: a/a

The background is a vibrant collage of abstract shapes and patterns. It includes large overlapping circles in teal, orange, and yellow. Some of these shapes are filled with patterns of white dots, white vertical lines, or white oval shapes. There are also areas of solid color and patterns of small green dots. The overall aesthetic is modern and energetic.

Cautionary Statement

Certain statements in this annual report concerning our future growth prospects are forward-looking statements, which involve a number of the risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. We have tried wherever possible to identify such statements by using words such as anticipate, estimate, expect, project, intend, plan, believe and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievements of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, our actual result could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Two centuries and more, in a Nature-centered business, an abiding lesson we have learned is the need for renewal and regeneration, the need to surmount cyclicalities with new growth engines, the need to seed the new...

2018-19 - at E.I.D Parry, as we navigated through the ravages of drought, deluge, and the sectoral see-saw, we

- augmented existing capacities to address new growth areas
- enhanced efficiencies with newgen process systems
- added new command areas for sourcing cane
- explored adjacencies and sunrise opportunities
- enlarged our market and brand presence
- engaged more with our employees, customers and stakeholders and
- embedded an engaging and winning work culture.

Validating Nature's principle, we focused on
seeding the next...

seeding the next

Augmented
existing capacities,
enhanced efficiencies
and explored
revenue streams
in adjacencies to
address new growth
areas for seeding the
next...

E.I.D Parry pursued its 'seeding the next' strategies with capacity augmentation with new capabilities, enhancing operational efficiencies, focusing on lean manufacturing and product differentiation to address growth opportunities.

Capacity Investments

- Commissioned a 900 TPD back-end refinery at Haliyal to make a strategic expansion into the retail space.
- Added the Ion Exchange System (IEX) to the refinery at Haliyal Plant to gain the capability to produce sugar through a sulphur-free process. This would enable the company to cater to niche segments in the institutional space.
- Commissioned a facility to produce 40 TPD of Amrit brand of natural brown sugar at the Nellikuppam Plant to address the burgeoning demand for healthy sugar. Plans have been drawn to commission similar manufacturing facilities at Bagalkot, Haliyal and Sankili in the future, based on the increasing demand.
- Commenced retail packaging at Sankili, making it the 3rd Unit, after Nellikuppam and Haliyal, to commission this facility.

Process Efficiencies

- Treated and recycled distillery spent lee at Nellikuppam in the newly established Condensate Polishing Unit (CPU) to the extent of 15 lakh litres for the first time. This will reduce ground water withdrawal significantly and enhance sustainability in the manufacturing process.
- Conducted Decanter trial for sludge separation in the fermented wash. This will help in improving performance and efficiencies of distillation, bio digester and RO Plant.
- Achieved a benchmark in sustainable water utilisation with the water management systems at sugar factories calibrated to ensure 'zero' fresh water withdrawal and consumption from river, borewell, canal, and other water bodies.
- Recycled nearly 10 crore litres of waste water at Nellikuppam, in line with sustainable practices.
- Maintained near zero levels in emission and effluent generation with stringent on-line monitoring systems connected to the SPCB / CPCB monitoring systems.

Adjacencies and Additional Revenue Streams

Increased global awareness on Environment protection and the need for reducing emissions, has drawn the focus of Governments across the world to non polluting Bio-fuels as energy alternates.

The Government of India's Bio-fuels' programme has set a target of 10% ethanol blending by 2022 as against 3-4% blending rates at present. This would help to reduce crude import burden, lower emissions and promote the revenue growth of the agri-industry.

The International Energy Agency (IEA), has predicted that fuel ethanol would account for two-thirds of the worldwide growth in conventional bio-fuels between 2018 and 2023. In line with its strategies for growing the ethanol stream as an additional revenue earner, E.I.D Parry has mapped out expansion plans at the distilleries at Nellikuppam, Haliyal and Sankili, including the commissioning of a new distillery at Bagalkot. The Company has obtained in principle, approval from the Department of Food & Public Distribution, for its expansion projects, under the Central Government

Scheme, extending financial assistance to mills for enhancement and augmentation of Ethanol Production Capacity. These projects will be taken up for implementation based on the confirmation of sustained availability of molasses.

- Sankili and Sivaganga Plants began manufacturing ethanol for the first time during the year, adding to the total output.
- Explored the potential of bagasse as a revenue stream in addition to co-generation.
- Enhanced production of CO₂ at Nellikuppam distillery, the highest for any given year since inception.
- Expanded the 'Waste to Wealth' initiative with the conversion of the distillery effluent waste into potash-rich fertilizer, K-ash and K-boost, as an additional revenue earner, in addition to reducing carbon footprint.

In line with its strategies of seeding the next leap in growth, the Company is exploring step-outs in new adjacencies including sunrise opportunities in the non-sugar space.

seeding the next

At E.I.D Parry, our vision of enriching and energising lives in agriculture dictates our course for seeding the next...

Strengthening source capabilities

Sustainable growth and profitability of the sugar business is dependant on steady supply of high quality sugarcane.

E.I.D Parry is the first and among the few sugar manufacturers in India to have a dedicated Cane Research and Breeding Centre recognised by the Department of Scientific and Industrial Research (DSIR), Ministry of Science & Technology, Government of India. The Company is continuously engaged in developing new cane varieties that are robust, pest resistant and increase yield and recovery for the farmers.

- The Company's progressive cane management programmes and supportive farmer-centric initiatives enabled it to register more than 2000 acres of fresh cane crop during the year at Nellikuppam, despite the challenging situation.
- Added new cane command areas at Nellikuppam and at Pudukottai with

potential to source 15000 MT and 3000 MT of sugarcane in total from these villages.

- Increased productivity of land and labour by promoting cooperative farming and mechanisation of farm operations.
- Developed clean seed cane plots using 3 tier nursery systems to eliminate disease in cane and increase growth.
- Scaled up production of high sugar varieties in Karnataka and Andhra Pradesh leading to increase in revenue for farmer.
- Expanded Farmer Support Programmes for capability building of farmers in sustainable sugarcane production.
- Project 'Y60' launched to improve cane yield resulted in doubling of yield for farmers, selected for the trial planting in 3 districts. The success of the project has galvanized the company to further scale it up in 2019-20.

We believe, increasing farm yield, recovery ratios and productivity with environmentally responsible cultivation practices, is vital for seeding the next...

Scientific Cultivation Practices

- Collaborated with farmers to establish scientific and sustainable cultivation practices such as pro-tray and single bud seedling, inter-cropping, wider row spacing, ratoon management, bio-manuring and soil management to enhance yield.
- Global warming and climate change can pose a serious problem in agriculture due to depleting ground water levels. The Company collaborated with both International and Government of India agencies to reduce water and carbon footprints in sugarcane cultivation, deploying water probes to capture data on ground water levels and advise farmers on efficient management of water resources through drip and sprinkler irrigation.
- Pursued watershed development initiatives including catchment area treatment through de-silting, establishment of percolation tanks, digging and recharging of open wells and borewells and partnering with the Government in building check-dams. Around 30 borewell recharges were completed to mitigate the affect of drought in Pugalur, Pettavaithalai and Pudukottai.
- 'K-boost', the organic nutrient developed by the Company was issued to farmers covering an area of 3,000 acres. This contributed to an increase in sugarcane yield and recovery ratios at Nellikuppam.
- A novel trash decomposer product has been evaluated with excellent results from initial field trials. R&D is currently working to develop the formulation and commercialise the product.
- Pioneered the concept and developed a sustainable model for nurturing several farmer entrepreneurs as rural Agri Service Providers (ASP) in farm mechanisation.
- The Pest and Disease management initiative is based entirely on an integrated eco-friendly concept, with bio-control agents produced from in-house units located at respective factories and also through promotion of rural entrepreneurs, thus bringing in inclusiveness among the farming community in technology transfer.

seeding the next

Driving rural prosperity with scientific and sustainable farming methods is fundamental to our focus of seeding the next...

E.I.D Parry is the only sugar company in India involved in an elaborate and novel sugarcane breeding program for development of new varieties with a germplasm collection of over 1700.

- The Company introduced 10 new varieties of disease-free seed material for farmers, through the three tier 'Clean seed nursery program' from the Company's state-of-the-art, PCR certified, tissue culture lab for seedling production. Plant varieties that are robust, pest resistant and drought tolerant ensure higher revenue for farmers.
- The Company's centralised soil testing facility at Pugalur provides farmers with soil testing and need based fertiliser

prescriptions based on soil mapping. This service was further expanded during the year, by opening a soil testing lab at Haliyal to cater to the needs of farmers in Karnataka command areas.

- Promoted scientific practices among farmers such as green manuring, mulching, vermicomposting and the use of biofertilisers, biopesticides and fungicides to reduce dependence on inorganic nutrients and help in soil rejuvenation and moisture conservation.
- Continued to play the role of pioneer in the adoption of bio-control agents and bio-pesticides for promoting sustainable farming practices.

Sustainability Collaborative Projects

- Sustainability collaborative projects with renowned international agencies on water conservation and carbon footprinting are in progress facilitating easy implementation with novel decision support software and tools in the management of these resources.
- Good Agronomic Practices (GAP) like direct seedling planting, soil organic content improvement technologies, wider spaced cultivation and farm mechanisation are being constantly developed and extensively promoted amongst farmers to economise cost of cane cultivation and increase productivity.
- R&D farms are operational at all Plants to effectively demonstrate to farmers location-specific suitability of technologies like varietal improvement, crop agronomy and pest and disease management strategies.
- Our R&D initiative for pest management and crop protection with bio-control agents were validated in the field with two new in-house insect pheromone traps to control the pest infestation which affected more than 1500 acres of cane crops.
- Qualified and trained exclusive extension wing for effective transfer of technologies from 'Lab to Land' using innovative training modules and programs.
- The Company holds the distinction of being the first in India and in Asia to be certified for 'Bonsucro' international certification for responsible and sustainable cane cultivation and sugar production. This has transformed the rural livelihood of many farmers through the sustainability plank.

seeding the next

Adopting emerging trends in digital transformation in agriculture is integral to Parry's drive for seeding the next..

The future of Agriculture, is supposed to be linked inextricably to its ability to adopt new and emerging trends in digital technology. For farmers digital transformation would pave the way for greater control on farming environments, lead to better yielding crops and greater productivity, with prudent resource management.

E.I.D Parry is the first in India in the sugar industry to introduce Smart Farming, with digital capturing of data using IoT. The company has rolled out a series of initiatives to enable the migration to the digital platform:

- Launched autonomous farming as a pilot project at Nellikuppam with GPS enabled devices for yield mapping and harvest documentation.
- Introduced a novel soil moisture based harvest and irrigation scheduling system with an innovative, automatic, moisture recording device, with probes and meters to assess soil moisture and plan cane cutting schedules. This resulted in significant improvements in water conservation and yield and recovery improvement for farmers.

- Launched a new app-based aggregator model of Agri Mechanisation Service for farmers. Covering more than 2000 acres in its first phase, this 'on-call' service has enabled ease of technology access, speedier work execution and greater productivity for the farming community.
- Established the 'Farmer Connect App - a novel IT enabled crop management and advisory tool to engage with and intensify 'farmer connect'. The multi-lingual, mobile enabled App was rolled out across locations to more than 5,000 + farmers providing information on their planting schedules and farming operations.

Digital transformation

- A new version of the Crop Calendar was released with additional features to help the monitoring of the entire cane operations for both farmers and the cane officers to enhance productivity and ease of operations.
- E.I.D Parry is the first in the sugar industry to introduce a satellite based decision support system for cane operations. The company is working on a predictive analysis model of mapping out areas with optimum potential for cane planting based on the data on soil types, rainfall patterns and water availability.
- The Company is in the process of deploying a digital ecosystem to facilitate collaborative work platforms, enhance employee engagement, improve productivity and bring in greater dynamics in communication.
- E.I.D Parry is the first sugar company in India to adopt the High Performance Analytics Appliance, for greater business agility and speed of operations. The Company is in the process of implementing the next generation of SAP Hana with embedded analytics and high digitisation of the entire spectrum of business operations.

seeding the next

Value-added
new product
categories,
customer
co-partnering,
expanding
market presence-
the focus was on
seeding the next.

In line with its focus of de-risking the business, the Company re-segmented its sugar business to lessen the dependence on trade and increase focus on the value added institutional space and the consumer facing retail market.

Institutional Sales

Strong product customisation expertise, stringent quality systems, global certification standards makes E.I.D Parry the preferred supplier to major institutional customers. The Company's roster of institutional customers, comprise major pharmaceutical, soft drinks, beverage, food, confectionery, dairy, biscuit, ice cream manufacturers, accounting for almost 44% of its total sales. To propel its growth, the company focused on product differentiation and value addition for better price realization from the institutional segment.

Sale of value added sugar to institutional customers saw a significant rise during the year. The added capability to produce very fine sugar through a sulphur-free process, will enable the Company to address niche requirements in the institutional space.

Customer proximity and strategic locational advantage of the Company's mills provide a competitive edge in servicing multinational customers who seek large volumes.

The Company's Bonsucro certified sugar, produced from sustainable cultivation practices, has proven to be an advantage with large multinationals and discerning customers focusing on sustainable raw materials and practices.

During the year, Nellikuppam Plant was certified for Halal Assurance System Status. This is an important certification which enables greater penetration in the global market.

Retail Sales

The Company focused on its portfolio of branded sugar - Parrys White Label, Parrys Refined Pure and Amrit, for the retail market. 'Amrit' the Company's offering of 100% original cane sugar, with 10 times more nutrients than normal sugar expanded shelf space, addressing the consumer need for healthy sugar.

The Company focused on expanding its retail footprint and channel sales with customer

engagement initiatives and innovative marketing strategies.

Product and Quality Initiatives

- Production of 1kg retail sugar pack, white and pure sugar and 25 kg pack for S30 and M30 white and pure sugar.
- Sankili unit successfully migrated from OHSAS 18001 to ISO 45001:2018 and also the quality management system ISO 2001:2015.
- Nellikuppam and Haliyal Units upgraded to Food Safety System Certifications ISO 22000 Version 4.1
- Pudukottai, Nellikuppam and Haliyal Units upgraded to Quality Management System ISO 9001: 2015 Version.
- Nellikuppam and Haliyal qualified for SMETA 6.0 (Sedex Members Ethical Trade Audit).
- Continued the process of sustainable practices in sugar production, with the 'Bonsucro' International Certification for Pugalur, Nellikuppam and Haliyal Plants.

seeding the next

Building process capabilities, investing in research-led innovative product streams, expanding into new geographies- at Parry Nutraceuticals, seeding the next was the strategic priority.

A pioneer and global leader in Organic Spirulina, E.I.D Parry is the only Company in the world producing 3 micro algae at scale (Spirulina, Astaxanthin and Chlorella) with all major global certifications.

The Company is a leading supplier to several major global health supplement brands selling across North America, Europe and South East Asia.

In line with its strategies for seeding the next phase of growth, the Company rolled out new initiatives and strategies for enlarging its presence in niche and innovative products for the health and wellness space.

Expansions, infusion of new technologies, enhancing process efficiencies through rigorous Process Quality Assurance Systems - across Nutra Plants, the strategy was to build scale and capability for the future.

Building Capabilities

The Company scaled up the production of Chlorella to meet the growing global demand. Sales of Chlorella grew by 85% over the previous year, garnering customers in new geographies.

A new warehouse is slated to be opened in the EU, to offer last-mile-connectivity and speedier customer service.

Phycocyanin - Natural Blue Colour extract was launched by Algavista, a joint venture between E.I.D Parry and Synthite. In addition to strengthening the Company's product portfolio, it provides the business with the capability to address the opportunities of the growing global natural colour market for the food ingredient and Beverage space.

Certifications for Food, Safety and Quality Standards in various categories were completed to provide the business a competitive edge to expand its global presence and build the future.

Certifications

- ISO - QMS/EMS/FSMS - Upgraded to the new version of standards and successfully completed the audit and recertification process.
- Organic - Included new products such as Organic Spirulina Extract (Phycocyanin Powder) and Spirulina variants such as sticks/flakes/crunchies under the organic scope.
- Initiated India Organic program (NPOP) as per the new standard for microalgae.
- Initiated BRC Food Safety certificate for catering to customers in the UK and Europe and for the Phycocyanin colour segment.
- Expanded presence in value added products and adjacencies in Green Foods, Protein and Algal Omega.

- Implemented sustainable and environment friendly processes in Waste, Water and Energy with the 'less for more' work discipline, optimising energy efficiency through renewable energy and reducing water and carbon footprint.
- Strengthening the raw material sourcing at Valensa, with sourcing strategies for saw palmetto directly from farmers.
- Launch of the prostrate health product line, direct to consumer, is slated for 2019.

Building manufacturing and process capabilities, expanding portfolio of research based, value added products and adjacencies in Green Foods, Plant Protein and Algal Omega and foraying into new markets are the strategic priorities of the business for seeding the next trajectory of growth.

seeding the next

Building an empowered, engaged, excellence driven and happy people resource is central to Parry's plans of seeding the next.

E.I.D. Parry believes that people are its key assets and nurturing and developing them is vital to realising its HR vision of "Building Organizational Capability to deliver superior business performance."

Concerted thrust on policy deployment initiatives and contemporary HR practices focused on four key imperatives: Capability Development, Talent Management, Employee Engagement and Productivity & Cost.

Competency Development Framework was institutionalised to enable employees to achieve high standards of performance and take up challenging goals to realise their true potential. To enhance internal efficiencies,

the Company scaled up capabilities across divisions by creating a talent bank of specialists with domain expertise. Structured interventions were rolled out to build the leadership pipeline through Individual Development Plans and Leadership Coach Accreditation programmes.

E.I.D Parry is committed to build the 'Best Employer' brand for the organisation and most importantly, provide a happy, nurturing ecosystem for employees. An ecosystem, that is not only empowering, but also helps build capabilities to meet the challenges of a fast changing, dynamic, global environment. The company believes that 'happy employees make happier customers'

and a motivated people resource driven by a passion for innovation is vital to its plans of seeding the next.

The extensive Employee Engagement initiatives rolled out under 'Project Smile' with the goal of offering the best environment and working experience possible, gained momentum, spreading happiness and cascading a winning culture across the Company. E.I.D Parry earned the Highest Employee Engagement Score in the 'Aon Best Employer Study' conducted across the Murugappa Group.

Awards and Accolades

- 'The Dream Company To Work For' Award at the Asia HR Leadership Awards 2018.
- Award for 'Talent Management' at the 'Times Ascent' -Asia Pacific HRM Congress -2018.
- ET Now 'Best Corporate Social Responsibility Practices Award'-2019.
- Economic Times Best Brands Award 2019.
- Pudukottai Plant received the TPM Excellence Award - Category A from the Japan Institute of Plant Maintenance. The first sugar manufacturing plant in the world to receive the award.

NOTICE

Notice is hereby given that the Forty Fourth Annual General Meeting of the Members of E.I.D.- Parry (India) Limited will be held on **Monday, July 29, 2019 at 3.30 p.m. at The Music Academy, Madras, New No. 168 (Old No. 306), T.T.K. Road, Royapettah, Chennai - 600 014** to transact the following businesses:

ORDINARY BUSINESS:

1. Adoption of Standalone Financial Statements

To consider and, if deemed fit, to pass, the following resolution as an Ordinary Resolution:

“RESOLVED THAT the audited financial statements of the Company for the financial year ended March 31, 2019 and the reports of the Board of Directors and Auditors thereon be and are hereby received, considered and adopted.”

2. Adoption of Consolidated Financial Statements

To consider and, if deemed fit, to pass, the following resolution as an Ordinary Resolution:

“RESOLVED THAT the audited consolidated financial statements of the Company for the financial year ended March 31, 2019 and the report of the Auditors thereon be and are hereby received, considered and adopted.”

3. Confirmation of Dividend

To consider and if deemed fit, to pass, the following resolution as an Ordinary Resolution:

“RESOLVED THAT the interim dividends of ₹ 2/- and ₹1/- declared by the Board of Directors on 01/02/2019 and 22/03/2019 respectively on the outstanding equity shares of ₹1/- each for the Financial Year 2018-19 and paid to those equity shareholders whose name appeared in the register of members as on 13/02/2019 and 05/04/2019 being the record dates fixed for this purpose be and are hereby confirmed.”

4. Appointment of Director

To consider and if deemed fit, to pass, the following resolution as an Ordinary Resolution:

“RESOLVED THAT pursuant to the provisions of Section 152 and all other applicable provisions, if any, of the Companies Act, 2013, Mr. Ramesh K B Menon (DIN: 05275821) who retires by rotation and being eligible for re-appointment, be and is hereby re-appointed as a Director of the Company liable to retire by rotation.”

SPECIAL BUSINESS

5. Appointment of Independent Director

To consider and if deemed fit, to pass the following resolution as a Special Resolution:

“RESOLVED THAT pursuant to the provisions of Sections 149 and 152 read with Schedule IV and all other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Appointment

and Qualification of Directors) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force) and Regulations 17 & 25 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, Mr. V. Manickam (DIN: 00179715) who was appointed as an Independent Director of the Company by the Members with effect from July 30, 2014 and whose term of office expires on July 29, 2019, be and is hereby reappointed as an Independent Director of the Company not liable to retire by rotation for another term of three consecutive years from July 30, 2019 upto July 29, 2022.”

6. Payment of remuneration to Managing Director

To consider and if deemed fit, to pass the following resolution as a Special Resolution:

“RESOLVED THAT pursuant to the provisions of Sections 197, 198 and all other applicable provisions, if any, of the Companies Act, 2013 read with Schedule V of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (including any statutory modification(s) or re-enactment thereof for the time being in force) and in partial modification of the resolutions passed at the 42nd Annual General Meeting of the Company held on 4th August 2017, consent and approval of the Company be and is hereby accorded for the remuneration payable to Mr. S Suresh (DIN: 06999319) Managing Director for the period from 1st April, 2018 to 31st March 2021 on the terms and conditions as set out in the statement annexed to the Notice convening this meeting (including remuneration to be paid in the event of loss or inadequacy of profits in any financial year during the tenure of his appointment) with liberty to the Board of Directors (hereinafter referred to as “the Board” which term shall be deemed to include Nomination & Remuneration Committee of the Board constituted to exercise its powers, including the powers conferred by this Resolution) to alter, modify and vary the terms and conditions of appointment and/or remuneration, in such manner and to such extent as may be agreed to by the Board and Mr. S.Suresh.

RESOLVED FURTHER THAT the Board be and is hereby authorised to do all such acts and deeds and take all such steps as may be necessary, proper or expedient to give effect to this resolution.

RESOLVED FURTHER THAT the remuneration paid to Mr. S. Suresh Managing Director for the period from April 1, 2018 to March 31, 2019 in terms of this Resolution be and the same is hereby approved, confirmed and ratified.

7. Remuneration of Cost Auditors

To consider and if deemed fit, to pass the following resolution as an Ordinary Resolution:

"RESOLVED THAT pursuant to the provisions of Section 148 and all other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), the remuneration of ₹ 8,50,000/- (Rupees Eight lakh Fifty thousand only) plus applicable taxes and reimbursement of out of pocket expenses payable to M/s. Narasimha Murthy & Co., Cost Accountants (Firm Registration Number: 000042) for conduct of audit of the cost records of the Company for the financial year ending March 31, 2020 as approved by the Board of Directors of the Company, be and is hereby ratified.

RESOLVED FURTHER THAT the Board of Directors of the Company be and is hereby authorised to do all acts and take all such steps as may be necessary, proper or expedient to give effect to this resolution."

8. Issue of Non-Convertible Debentures

To consider and if deemed fit, to pass, the following resolution as a Special Resolution:

"RESOLVED THAT pursuant to the provisions of Sections 42, 71 and other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Prospectus and Allotment of Securities) Rules, 2014 and the Companies (Share Capital and Debentures) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) and subject to the provisions of the Articles of Association of the Company and such other rules/regulations, as may be applicable, consent be and is hereby accorded to the Board of Directors of the Company to offer, invite and issue secured / unsecured redeemable non-convertible debentures, aggregating up to ₹ 300 Crore (Rupees Three Hundred Crore), on private placement basis to Nationalised Banks / Indian Private Banks / Foreign Banks / Other Banks / Financial Institutions/Other eligible investors in one or more tranches during a period of one year from the date of passing of this resolution within the overall borrowings limits of the Company as approved by the members from time to time and on such terms and conditions as the Board

of Directors of the Company may determine and consider proper and most beneficial to the Company including, without limitation, as to when the said Debentures are to be issued, coupon rate, security, redemption period, utilization of the issue proceeds and all matters connected therewith or incidental thereto.

RESOLVED FURTHER THAT the Board of Directors of the Company (including any Committee thereof), be and is hereby authorised to do all such acts, deeds and things and give such directions as may be deemed necessary or expedient, to give effect to this resolution."

9. Payment of Commission to Non-Wholetime Directors of the Company

To consider and if deemed fit, to pass the following resolution as a Special Resolution:

"RESOLVED THAT pursuant to the provisions of Section 197 and other applicable provisions, if any, of the Companies Act, 2013 (hereinafter referred to as "the Act"), the Rules made there under and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, including any statutory modification(s) or re-enactment thereof for the time being in force, the Directors of the Company (including the alternate Directors), who are neither in the whole-time employment of the Company nor the Managing Director(s) of the Company, be paid in respect of each of the financial years of the Company, on and from the financial year commencing from April 1, 2019 upto the year ending March 31, 2024, remuneration by way of commission not exceeding an amount equal to one percent (1%) of the net profits of the Company for that year as computed under Section 198 of the Act.

RESOLVED FURTHER THAT the Board of Directors be and is hereby authorised to decide, from time to time, the quantum and manner of distribution of the amount of commission to one or more Directors within the limits prescribed and in terms of the Act.

RESOLVED FURTHER THAT the aforesaid commission shall be exclusive of the fees payable to such Directors for attending the meetings of the Board and the Committees thereof.

RESOLVED FURTHER THAT the Board of Directors be and is hereby authorised to take all such steps as may be necessary, desirable or expedient to give effect to this Resolution."

NOTES

1. **A Member entitled to attend and vote at the Annual General Meeting (AGM) is entitled to appoint a proxy to attend and vote instead of himself / herself and such proxy need not be a Member of the Company. The instrument appointing the proxy, in order to be effective, must be deposited at the Company's Registered Office, duly completed and signed in the format sent herewith, not less than FORTY-EIGHT HOURS before the commencement of the meeting. Proxies submitted on behalf of limited companies, societies, etc., must be supported by appropriate resolutions / authority, as applicable.**

A person can act as proxy on behalf of Members not exceeding fifty (50) or holding in the aggregate not more than 10% of the total share capital of the Company carrying voting rights. In case a proxy is proposed to be appointed by a Member holding more than 10% of the total share capital of the Company carrying voting rights, then such person shall not act as a proxy for any other person or shareholder.

2. Corporate Members intending to send their authorised representatives to attend the meeting are requested to send to the Company a certified copy of the Board Resolution authorising their representatives to attend and vote on their behalf at the meeting.
3. Statement pursuant to Section 102 of the Companies Act, 2013, in respect of the Item Nos. 5 to 9 to be transacted at the Annual General Meeting as set out in the Notice, is annexed hereto.
4. The Register of Members and Share Transfer Books of the Company will remain closed from July 15, 2019 to July 29, 2019 (both days inclusive).
5. The Company is providing facility for voting by electronic means (e-voting) through an electronic voting system which will include remote e-voting as prescribed by the Companies (Management and Administration) Rules, 2014 as presently in force and the business set out in the Notice will be transacted through such voting. Information and instructions including details of user id and password relating to e-voting are provided in the Notice.
6. Members holding shares in electronic mode are requested to keep their e-mail addresses updated and intimate immediately any change in their address, bank mandates to their Depository Participants. Members holding shares in physical mode are also requested to update their e-mail addresses, advise any change in their address, bank mandates by writing to Karvy Fintech Pvt. Ltd, (Karvy), Karvy Selenium Tower B, Plot number 31 & 32, Financial District, Gachibowli, Hyderabad-500 032 quoting their folio number(s).
7. In terms of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (SEBI (LODR) Regulations, 2015), securities of listed Companies can only be transferred in dematerialized form with effect from April 1, 2019. In the view of above, members are advised to dematerialize shares held by them in physical form.
8. The Company has transferred the unpaid or unclaimed dividends declared from time to time upto the financial year 2011-12 to the Investor Education and Protection Fund (IEPF) established by the Central Government. The Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on August 8, 2018 (date of last Annual General Meeting) on the website of the Company (www.eidparry.com). The said details have also been uploaded on the website of the IEPF Authority and same can be accessed through the link www.iepf.gov.in.
9. In terms of Section 152 of the Companies Act, 2013, Mr. Ramesh K.B. Menon, Director retires by rotation at the Meeting and being eligible, offers himself for reappointment. Details of Directors to be appointed at the ensuing meeting are provided in the "Annexure" to the Notice pursuant to the provisions of (i) SEBI (LODR) Regulations, 2015 and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.
10. The requirement to place the matter relating to appointment of Auditors for ratification by members at every AGM is done away with vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, no resolution is proposed for ratification of appointment of Statutory Auditors, who were appointed in the Annual General Meeting held on August 4, 2017.
11. As per the provisions of Section 72 of the Companies Act, 2013 and Rule 19(1) of the Companies (Share Capital and Debentures) Rules 2014, Shareholders holding shares in physical form may file nomination in the prescribed SH-13 with Karvy. In respect of shares held in demat form, the nomination form may be filed with the concerned Depository Participant.
12. The Securities Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore requested to submit the PAN to their Depository Participant with whom they are maintaining their dematerialised accounts. Members holding shares in physical form can submit their PAN details to Karvy.

The SEBI has also mandated that for registration of transfer of securities, the transferee(s) as well as transferor(s) shall furnish a copy of their PAN card to the Company for registration of transfer of securities.
13. Pursuant to Regulations 36 (1) & 44 of the SEBI (LODR) Regulations, 2015 and Sections 20, 101, 108 and 136 of the Companies Act, 2013, electronic copy of Annual Report and this Notice inter-alia indicating the process and manner of e-voting along with Attendance Slip and Proxy form are being sent by e-mail to those shareholders whose e-mail addresses have been made available to the Company/ Depository Participants, unless any member has requested for a hard copy of the same.
14. Relevant documents referred to in the proposed resolutions are available for inspection at the Registered Office of the Company

during business hours on all days except Saturdays, Sundays and Public holidays up to the date of the Annual General Meeting. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 and Register of Contracts or arrangements in which Directors are interested maintained under Section 189 of the Companies Act, 2013 will be available for inspection by the members at the Annual General Meeting.

15. Members are requested to hand over the Attendance Slip, duly signed in accordance with their specimen signature(s) registered with the Company for admission at the meeting hall. Members who hold shares in dematerialised form are requested to bring their Client ID and DP ID numbers for identification. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote, if not cast their vote through remote e-voting.
16. Members desirous of getting any information about the accounts and/or operations of the Company are requested to write to the Company at least seven days before the date of the Annual General Meeting to enable the Company to keep the information ready at the meeting.
17. Members, who have not registered their e-mail addresses so far, are requested to register their e-mail address for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company electronically.
18. The route map showing directions to reach the venue of the Annual General Meeting is annexed.
19. **Information on Remote e-voting & Insta-poll and other information :**

A. Remote e-voting: In compliance with the provisions of Section 108 of the Companies Act, 2013, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended and the provisions of Regulation 44 of the SEBI (LODR) Regulations, 2015, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by Karvy Fintech Private Limited (Karvy) on all resolutions set forth in this Notice, from a place other than the venue of the Meeting (Remote e-voting).

(a) In case a Member receives an email from Karvy [for Members whose email IDs are registered with the Company/Depository Participants (s)]:

- i. Launch internet browser by typing the URL: <https://evoting.karvy.com>.
- ii. Enter the login credentials (i.e. User ID and password). In case of physical folio, User ID will be EVEN (E-Voting Event Number) 4581 followed by folio number. In case of Demat account, User ID will be your DP ID and Client ID. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and password for casting your vote.

- iii. After entering these details appropriately, click on "LOGIN".
- iv. You will now reach password change Menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A- Z), one lower case (a-z), one numeric value (0-9) and a special character (@, #, \$, etc.). The system will prompt you to change your password and update your contact details like mobile number, email ID etc. on first login. You may also enter a secret question and answer of your choice to retrieve your password in case you forget it. It is strongly recommended that you do not share your password with any other person and that you take utmost care to keep your password confidential.
- v. You need to login again with the new credentials.
- vi. On successful login, the system will prompt you to select the "EVENT" i.e., 'Name of the Company'
- vii. On the voting page, enter the number of shares (which represents the number of votes) as on the Cut-off Date under "FOR/AGAINST" or alternatively, you may partially enter any number in "FOR" and partially "AGAINST" but the total number in "FOR/AGAINST" taken together shall not exceed your total shareholding as mentioned herein above. You may also choose the option ABSTAIN. If the Member does not indicate either "FOR" or "AGAINST" it will be treated as "ABSTAIN" and the shares held will not be counted under either head.
- viii. Members holding multiple folios/demat accounts shall choose the voting process separately for each folio/demat account.
- ix. Voting has to be done for each item of the notice separately. In case you do not desire to cast your vote on any specific item, it will be treated as abstained.
- x. You may then cast your vote by selecting an appropriate option and click on "Submit".
- xi. A confirmation box will be displayed. Click "OK" to confirm else "CANCEL" to modify. Once you have voted on the resolution (s), you will not be allowed to modify your vote. During the voting period, Members can login any number of times till they have voted on the Resolution(s).
- xii. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are also required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter etc., together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutinizer at email id rsaevoting@gmail.com with a copy marked to evoting@karvy.com. The scanned image of the above mentioned documents should be in the naming format "E.I.D.-Parry (India) Limited_ Event No."

(b) In case of Members receiving physical copy of Notice [for Members whose email IDs are not registered with the Company/Depository Participants (s)]:

- i. E-Voting Event Number 4581 (EVEN), User ID and Password is provided in the Attendance Slip.
- ii. Please follow all steps from Sl. No. (i) to (xii) above to cast your vote by electronic means.

B. Voting at AGM: Members, who have not cast their vote through Remote e-voting can exercise their voting rights at the AGM. The Company will make necessary arrangements in this regard at the AGM Venue. The facility for voting through electronic voting system ('Insta Poll') shall be made available at the Meeting. Members who have already cast their votes by Remote e-voting are eligible to attend the Meeting. However, these Members are not entitled to cast their vote again in the Meeting. A Member can opt for only single mode of voting i.e. through Remote e-voting or voting at the AGM. If a Member casts votes by both modes then voting done through Remote e-voting shall prevail and vote at the AGM shall be treated as invalid.

OTHER INSTRUCTIONS

- a. In case of any query and/or grievance, in respect of voting by electronic means, Members may refer to the Help & Frequently Asked Questions (FAQs) and E-voting user manual available at the download section of <https://evoting.karvy.com> (Karvy Website) or contact Mr. I L Murthy, Manager (Unit: Name of the Company) of Karvy Fintech Private Limited, Karvy Selenium Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500 032 or at evoting@karvy.com or phone no. 040 – 6716 1500 or call Karvy's toll free No. 1800-3454-001 for any further clarifications.
- b. You can also update your mobile number and e-mail id in the user profile details of the folio which may be used for sending future communication(s).
- c. The remote e-voting period commences on Thursday, July 25, 2019 (9.00 A.M. IST) and ends on Sunday July 28, 2019 (5.00 P.M. IST). During this period, Members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of July 22, 2019, may cast their votes electronically. A person who is not a Member as on the cut-off date should treat this Notice for information purposes only. The remote e-voting module shall be disabled for voting thereafter.
- d. The voting rights of Members shall be in proportion to their share of the paid up equity share capital of the Company as on the cut-off date i.e. July 22, 2019.
- e. In case a person has become a Member of the Company after dispatch of AGM Notice but on or before the cut-off date for E-voting i.e., July 22, 2019, he/she may obtain the User ID and Password in the manner as mentioned below:
 - i. If the mobile number of the member is registered against Folio No./ DP ID Client ID, the member may send SMS: MYEPWD <space> E-Voting
Event Number+Folio No. or DP ID Client ID to 9212993399
Example for NSDL:
MYEPWD <SPACE> IN12345612345678
Example for CDSL:
MYEPWD <SPACE> 1402345612345678
Example for Physical:
MYEPWD <SPACE> XXXX1234567890
 - ii. If e-mail address or mobile number of the member is registered against Folio No. / DP ID Client ID, then on the home page of <https://evoting.karvy.com>, the member may click "Forgot Password" and enter Folio No. or DP ID Client ID and PAN to generate a password.
 - iii. Member may call Karvy's toll free number 1800-3454-001.
 - iv. Member may send an e-mail request to evoting@karvy.com. However, Karvy shall endeavour to send User ID and Password to those new Members whose mail ids are available.
- f. Mr. R. Sridharan, M/s. R. Sridharan & Associates, Company Secretaries, Chennai is appointed as scrutinizer to scrutinise the remote e-voting and voting at the AGM venue in a fair and transparent manner.
- g. The scrutinizer after scrutinizing the votes cast at the meeting and through remote e-voting, will not later than 48 hours of conclusion of the meeting, make a consolidated scrutinizer's report and submit the same to the Chairman. The results declared along with the consolidated scrutinizer's report shall be placed on the website of the company www.eidparry.com and on the website of Karvy <https://evoting.karvy.com>. The results shall simultaneously be communicated to the stock exchanges.
- h. Subject to the receipt of requisite number of votes, the resolutions shall be deemed to be passed on the date of the meeting, viz., July 29, 2019.

PROCEDURE AND INSTRUCTIONS FOR WEB CHECK-IN/ ATTENDANCE REGISTRATION

Web Check- in / Attendance Registration: Members are requested to tender their attendance slips at the registration counters at the venue of the AGM and seek registration before entering the meeting hall. Alternatively, to facilitate hassle free and quick registration/entry at the venue of the AGM, the Company has provided a Web-Check in facility through Karvy's website. Web Check-in on the Karvy's website enables the Members to register attendance online in advance and generate Attendance Slip without going through the registration formalities at the registration counters.

Procedure of Web Check-in is as under:

- a. Log on to <https://karisma.karvy.com> and click on "Web Check-in for General Meetings (AGM/EGM/CCM)".
- b. Select the name of the company: E.I.D.- Parry (India) Limited
- c. Pass through the security credentials viz., DP ID/Client ID/Folio no. entry, PAN & "CAPTCHA" as directed by the system and click on the "submit" button.
- d. The system will validate the credentials. Then click on the "Generate my attendance slip" button that appears on the screen.
- e. The attendance slip in PDF format will appear on the screen. Select the "PRINT" option for direct printing or download and save for the printing.
- f. A separate counter will be available for the online registered Members at the AGM Venue for faster and hassle free entry and to avoid standing in the queue.

- g. After registration, a copy will be returned to the Member.
- h. The Web Check-in (Online Registration facility) is available for AGM during e-voting Period only i.e., Thursday, July 25, 2019 (9.00 A.M. IST) to Sunday, July 28, 2019 (5.00 P.M. IST).
- i. The Members are requested to carry their valid photo identity along with the above attendance slip for verification purpose.

Statement pursuant to Section 102 of the Companies Act, 2013 ("Act")

Item No. 5

Mr. V Manickam (DIN: 00179715) was appointed as an Independent Director of the Company by the Members on July 30, 2014 to hold office up to July 29, 2019. Notice have been received from a member proposing Mr. V Manickam (DIN: 00179715) as a candidate for the office of Director of the Company.

Mr. V Manickam has given a declaration to the Board that he meets the criteria of independence as provided under section 149(6) of the Act. In the opinion of the Board, he fulfills the conditions specified in the Act and the Rules framed thereunder for appointment as Independent Director and is independent of the management.

The Board, based on the performance evaluation and recommendation of the Nomination and Remuneration Committee considers that given his background, experience and contribution, the continued association of Mr V. Manickam would be beneficial to the Company and it is desirable to continue to avail his services as Independent Director of the Company not liable to retire by rotation for a term of three consecutive years from the date of his appointment.

The terms and conditions of appointment of Mr. V Manickam as Independent Director would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours on any working day excluding Saturday. The disclosure under Regulation 36 of the SEBI (LODR) Regulations, 2015 is annexed to this Notice.

The Board recommends the Special resolutions at Item No.5 for approval by the Members.

Except Mr. V Manickam, being the appointee, none of the other Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise in the resolution set out at Item No. 5 of the Notice.

Brief Profile of Mr. V Manickam

Mr. V Manickam, is a Chartered Accountant. He has put in more than 29 years of service in Life Insurance Corporation of India in various notable capacities. He retired as Managing Director and CEO of LIC Pension Fund. He is presently the Secretary of Life Insurance Council.

Mr. V Manickam is not related to any other Director of the Company.

Item No. 6

The Board of Directors of the Company ('the Board') at their meeting held on May 18, 2017, on the recommendation of the Nomination & Remuneration Committee, approved the appointment of Mr. S.Suresh as the Managing Director of the Company for a period of five years with effect from August 1, 2017 and also approved payment of remuneration (including minimum remuneration in the event of loss or inadequacy of profits in any year) to him. The said appointment of Mr. S.Suresh as the Managing Director of the Company and the remuneration payable to him were approved by the shareholders at their meeting held on August 4, 2017.

Taking into consideration the size of the Company, the profile of Mr. S Suresh, the responsibilities shouldered by him and the industry benchmarks, yearly increment to which he is entitled and to ensure that the remuneration payable to him is commensurate with the remuneration paid to senior level appointees in other companies which are in the same industry as that of your company, the Nomination and Remuneration Committee and the Board, approved the remuneration of Mr. S Suresh as the Managing Director of the Company for the three year period from April 1, 2018 to March 31, 2021 as follows:

- (i) Basic Salary in the range of ₹ 2,50,000 - ₹ 12,00,000 per month.
The annual increments which will be effective from July 1 every year will be decided by the Nomination & Remuneration Committee and the Board.
- (ii) Allowances and Perquisites not exceeding 150% of the Salary
 - (a) Allowances shall include House Rent Allowance, Leave Travel Allowance, Special Allowance, Additional Special Allowance and/or any other allowance as determined by the Nomination & Remuneration Committee.
 - (b) Perquisites shall include provision of furnished/ unfurnished accommodation, personal accident insurance, reimbursement of medical expenses incurred for self and family, club subscription, provision of cars, leave encashment as per the rules of the Company in force from time to time and any other perquisites, benefits, amenities as may be decided from time to time and approved by the Nomination & Remuneration Committee and the Board.

Perquisites shall be valued in terms of actual expenditure incurred by the Company in providing benefit to the employees. However, in cases where the actual amount of expenditure cannot be ascertained with reasonable accuracy (including car provided for official and personal purposes and loans) the perquisites shall be valued as per income tax rules.
- (iii) Incentive

Based on the achievement of the performance parameters laid down, an amount not exceeding 25 % (at 100% achievement level) of the annual pay (annual pay includes salary, perquisites, allowances, incentives and retirement benefits) as may be determined by the Nomination & Remuneration Committee.

(iv) Retirement Benefits

(a) Contribution to Provident Fund, Superannuation Fund and Gratuity as per the approved scheme of the Company in force from time to time.

(b) Encashment of leave as per rules of the Company in force.

(v) ESOP

Grant of stock options under the Company's ESOP Scheme as may be determined by the Nomination & Remuneration Committee from time to time.

GENERAL

- (i) In the event of absence or inadequacy of profits in any financial year, the above remuneration by way of salary, allowances, perquisites, amenities, facilities, incentive and retirement benefits shall be payable to Mr. S. Suresh, Managing Director as may be determined by the Nomination and Remuneration Committee or Board, subject to the limits as prescribed under the Companies Act, 2013 and rules made there under.
- (ii) Mr. S. Suresh, Managing Director will not be entitled to any sitting fees for attending meetings of the Board or of any Committee thereof.
- (iii) Mr. S. Suresh, Managing Director, will be subject to all other service conditions as applicable to any other senior management employee of the Company.

As per the provisions of Part II, Section II of Schedule V of the Companies Act, 2013, where in any financial year during the currency of tenure of a managerial person, a company has no profits or its profits are inadequate, it may pay remuneration to the managerial person as specified under the said Schedule provided the payment of remuneration is approved by a resolution passed by the Board and in the case of companies covered under sub-section (1) of section 178 of the Companies Act, 2013, also by the Nomination and Remuneration Committee and an ordinary or special resolution, as the case may be, has been passed at the general meeting of the company for payment of remuneration for a period not exceeding three years and further subject to the company complying with the other conditions specified therein. The remuneration proposed to be paid to Mr S Suresh during the financial years 1st April 2018 to 31st March 2021 in the event of loss or inadequacy of profits in any year is in accordance with Part II of Schedule V of the Companies Act, 2013. Mr. S Suresh is a Professional Director and does not hold any share in the Company. The Company is in compliance with the conditions specified in that schedule for such payment.

During the year ended 31st March 2019, following remuneration was paid to Mr. S Suresh, Managing Director, which is also detailed in the Corporate Governance Report :

Particulars	Amount (in ₹)
Salary	133,32,889
Retiral Benefits	18,53,699
Total	151,86,588

The profit of the Company for the year ended March 31, 2019 computed in accordance with the provisions of Section 198 of the Act was inadequate.

Consent of the Members is being sought for payment of remuneration to Mr S Suresh, Managing Director for the period from 1st April 2018 to 31st March 2021 and for payment of minimum remuneration, in the event of loss or inadequacy of profit in any year during the above said period, including for the year ended March 31, 2019 as detailed above.

Accordingly, special resolution set out under item No 6 of the Notice is submitted to the meeting.

Information required to be disclosed pursuant to part II of Schedule V of the Companies Act, 2013 is annexed.

The Board recommends the Resolutions at Item No.6 for approval by the Members.

Except Mr. S.Suresh, none of the other Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise in the resolutions set out at Item No. 6 of the Notice.

Item No. 7

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. Narasimha Murthy & Co., Cost Accountants as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2020. In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No.7 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2020.

The Board recommends the Ordinary Resolution at Item No.7 for approval by the Members.

None of the Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of the Notice.

Item No. 8

The members of the Company, at the previous AGM held on August 8, 2018, had passed a special resolution authorising the Board of Directors of the Company to offer or invite subscription for redeemable non-convertible debentures for an amount not exceeding ₹ 300 Crore in one or more tranches, on private placement. The said resolution is

valid and effective for 1 (One) year till August 7, 2019. The members may note that the Company has issued 1000 Non-convertible debentures of ₹ 10,00,000 each aggregating to ₹ 100 crore during the year 2018-19.

Section 42 of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 deals with private placement of securities by a company. Sub-rule (2) of the said Rule 14 states that in case of an offer or invitation to subscribe for non-convertible debentures on private placement, the company shall obtain previous approval of its shareholders by means of a special resolution only once in a year for all the offers or invitations for such debentures during the year.

In order to augment long term resources for financing, inter alia, the capital expenditure and for general corporate purposes, the Board may, at an appropriate time, offer or invite subscription for secured redeemable non-convertible debentures, in one or more series / tranches for an amount not exceeding ₹ 300 Crore on private placement.

Accordingly, consent of the members is sought for passing the Special Resolution as set out at Item No. 8 of the Notice. This resolution is an enabling resolution and authorises the Board of Directors of the Company to offer or invite subscription for non-convertible debentures, as may be required by the Company, from time to time for a period of one year from the date of passing this resolution.

The Board recommends the Special Resolution set out at Item No.8 of the Notice for approval by the members.

None of the Directors / Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 8 of the Notice.

Item No. 9

The role of non-whole time Directors is significant in achieving good performance and establishment of good governance. The responsibility of the non-whole time Directors has increased considerably over the years. In view of the dynamic changes in Company law and the corporate governance norms, there is a

greater demand on the non-whole time Directors in terms of time and preparation for the Board and Committee meetings. Keeping in view the requirement in terms of time and quality on the part of the non-whole time Directors, it is necessary to remunerate them appropriately.

Taking into account the role and responsibilities of the Directors as stated above, it is proposed that, the Directors of the Company (including alternate Directors), who are neither in the whole-time employment of the Company nor the Managing Director(s) of the Company, be paid for each of the five financial years, commencing from April 1, 2019 up to the financial year ending March 31, 2024, a remuneration not exceeding one percent per annum of the net profits of the Company computed in accordance with the provisions of the Companies Act, 2013 and applicable Rules, if any, thereunder. This remuneration will be distributed amongst the Directors in accordance with the directions given by the Board of Directors and subject to any other applicable requirements under the Companies Act, 2013 and the Rules thereunder. This remuneration shall be in addition to fee payable to the Directors for attending the meetings of the Board or Committee thereof or for any other purpose whatsoever, as may be decided by the Board.

At the 39th Annual General Meeting held on July 30, 2014, the members had approved the payment of remuneration to the non-whole time Directors of the Company, by way of commission not exceeding 1% of the net profits of the Company for a period of five financial years with effect from April 1, 2014 till March 31, 2019, in such manner as the Board of Directors may from time to time determine. Fresh approval of the Members is sought by way of a Special Resolution under the applicable provisions of the Companies Act, 2013 and the Rules thereunder.

The Board recommends the Special Resolution at Item No.9 for approval by the Members.

All the directors and their relatives except Mr. S. Suresh, Managing Director are concerned or interested in the above resolution to the extent of the commission that they may receive. None of the Key Managerial Personnel or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 9 of the Notice.

By Order of the Board

II. Information about the appointee:

Mr. S. Suresh

- (i) Background details:
Mr. S. Suresh is a Mechanical Engineering Graduate with a Post Graduate Diploma in Industrial Engineering and an MBA with specialization in Finance. He has over 28 years of experience across different industries in the areas of Sales & Marketing, Manufacturing, Industrial Relations, Supply Chain, Management of Special Projects, Industrial Engineering and business turnarounds.
- (ii) Past Remuneration drawn: (In ₹)

Particulars	2016-17*	2017-18**	2018-19
Salary	52,42,388	1,17,28,169	1,33,32,889
Retiral Benefits	7,44,715	13,36,828	18,53,699
Total	59,87,103	130,64,997	151,86,588

* Appointed as Deputy Managing Director w.e.f July 1, 2016.

** Appointed as Managing Director w.e.f August 1, 2017.

- (iii) Recognition or Awards

Nil

- (iv) Job Profile and his suitability:

Mr. S. Suresh is the Managing Director of the Company. He will be responsible to perform such other duties as may from time to time be entrusted by the Board. Taking into consideration the qualifications and expertise, he is best suited for the responsibilities as a Managing Director.

- (v) Remuneration proposed:

The terms of remuneration proposed are detailed in the explanatory statement to the Resolution.

- (vi) Comparative remuneration profile with respect to industry, size of the Company, profile of the position and person (in case of expatriates the relevant details would be with respect to the country of his origin):

Taking into consideration the size of the Company, the profile of the appointee, the responsibilities shouldered by him and the industry benchmarks, the remuneration is commensurate with the remuneration paid to similar senior level appointees in other companies.

- (vii) Pecuniary relationship directly or indirectly with the Company or relationship with the managerial personnel, if any:

Besides the remuneration proposed, the appointee does not have any other pecuniary relationship with the Company.

III. Other Information :

- (i) Reasons for inadequate profits :

The profit of the Company for the year ended 31st March 2019 computed in accordance with the provisions of section 198 of the Companies Act, 2013 was inadequate for payment of managerial Remuneration as per the provisions of section 197 of the Companies Act, 2013.

The Company's primary revenue stream is from sugar and sugar related products. Sugarcane price which is determined by the Government has shown an increasing trend year after year. The year 2018-19 was a challenging year of the Company as the Sugar industry faced an unprecedented crisis due to an all-time surplus sugar which resulted in the sugar price to fall to unremunerative levels. The global surplus in sugar and high sugarcane price also aggravated the situation further. Though the Government came out with a slew of measures, those were not adequate to revive the beleaguered sugar industry where cane price arrears climbed to as high as ₹ 22,000 Crore. The Government's mandate of minimum sale price and imposition of quota affected the liquidity of Mills. Further, the crushing operations at the factories were affected due to stabilisation issues of new refinery at Haliyal,

loss in recovery and also inadequate cane availability caused by drought in Tamilnadu and competition in Karnataka. This coupled with the high sugarcane procurement cost adversely affected the financial performance of the Company. The future profitability of the Company depends upon the trend in sugar prices, the Government policies on the Sugarcane price, the estimated sugarcane production and availability.

(ii) Steps taken or proposed to be taken for improvement:

The Company has been focussing on a number of initiatives including Total Productivity Management, Cost Management especially fixed cost reduction and improvement in all around efficiency and effectiveness across all parameters. The Company has been working on its sales mix with increased focus on retail sales, sales to institutions and value added products. The Company's overall strategy is to make a differentiation in all aspects whether in products or in processes to sustain a competitive advantage in the face of the continuous risk of the cyclicity in sugar prices and rising cane cost.

(iii) Expected increase in productivity and profits in measurable terms:

The Initiatives taken have already borne results in improving the operational parameters in several areas such as power/

steam consumption, downtime, etc. The Government also has been taking steps to help the sugar industry in terms of various measures viz. compulsory export of sugar linked to the Cane Subsidy, minimum sugar selling price, hike in import duty of sugar, Interest Subvention scheme, subsidy for sugar exports, direct subsidy to farmers, remunerative prices for ethanol procurement. The foray into retail sales and value added products will bear fruit in the long run. However, the single most factor which would drive the performance of the Company is the volatility in sugar selling price and the uncertainty in sugarcane procurement cost.

III. Other Disclosures:

Disclosures relating to remuneration and other terms of appointment are available in the explanatory statement to the Resolution. Remuneration of Mr S Suresh with effect from April 1, 2018, forms part of the Corporate Governance report for the year ended March 31, 2019. The Company has not made any default in repayment of its debt or interest payable thereon during the previous financial year. Mr. S. Suresh satisfies the conditions laid down in Schedule V to the Companies Act, 2013. The terms of appointment of Mr. S Suresh, as required under Section 190 of the Companies Act, 2013 is available for the inspection of the members at the registered office in accordance with the Articles of Association of the Company.

ROUTE MAP TO AGM VENUE

BOARD'S REPORT AND MANAGEMENT DISCUSSION AND ANALYSIS**To the Members of E.I.D.- Parry (India) Limited**

Dividend and Reserves

During the year, the Company declared and paid two interim dividends, 1st interim dividend of ₹ 2/- (200%) in February, 2019 and 2nd interim dividend of ₹ 1/- (100%) in March, 2019 totalling to ₹3/- (300%) per equity share of ₹ 1/- each.

The Company has not transferred any amount to the reserves for the year ended March 31, 2019.

Share Capital

The Paid up Equity Share Capital of the Company as on March 31, 2019 was ₹ 17.70 Crore.

Consolidated Operations

Consolidated Revenue from operations for the year was ₹ 16,567 Crore, as against ₹ 15,438 Crore in the previous year. Overall expenses for the year was ₹ 15,657 Crore as against ₹ 14,656 Crore in the previous year. Operating Profit (EBITDA) was ₹ 1,534 Crore as against ₹1455 Crore in the previous year. Profit after Tax and minority interest for the year was ₹153 Crore, as against ₹256 Crore in the previous year.

Standalone Operations

Standalone Revenue from operations of your Company for the year was ₹1,855 Crore as against ₹ 2,080 Crore in the previous year. Operating Profit (EBITDA) was ₹ 414 Crore, as against ₹ 305 Crore in the previous year. Profit after Tax for the year was at ₹ 163 Crore as against ₹ 101 Crore in the previous year. One of the prime focus of the Company has been to reduce debt which is important to improve the Company's risk profile and increase sustained earnings. The Company's total long term borrowings, which was ₹ 586 Crore as of March 31, 2018 reduced to ₹ 457 Crore as of March 31, 2019.

The Company's improved profitability during the year is solely attributed to the profit earned from the disposal of Bio Pesticides business. The year was an exceptionally challenging year for the Company as the country was facing a sugar glut resulting in downward spiral of sugar prices. The financial year began with steep fall in sugar prices which went significantly below the cost of production affecting the top line and bottom-line of the Company. The Government came out with a slew of measures to bail out the beleaguered sugar industry and also for the first time fixed a Minimum Sale Price(MSP) of Sugar at ₹ 29 per Kg. in June 2018 and later at

₹ 31 per Kg. in Feb 2019. The Government interventions in fixing the sale price of sugar was indeed laudable and provided much succour to the sugar industry as it provided a datum level for the sugar selling price. Also, the Government came out with a quota system for sale which restricted the mills in terms of its sales volumes in order to ensure that the price did not go below the MSP levels. Hence, the mills could not take full advantage of the MSP. The Company was also benefitted by these measures to some extent, though it suffered losses in the first quarter. The Company's foray into retail sugar space which made a modest beginning few years back received the much needed thrust and accelerated momentum during the year with its retail sales volume growing almost by 67%. The Company has been aggressive in increasing its share in retail segment, while continuing to be leader in southern market in the institutional segment.

Despite several challenges, your Company's continuous thrust on strong farmer relationship, cost control, efficiency improvement, sales mix and product quality exhibits the resilience of your Company. The Company is well positioned to establish itself as one of the most trusted sugar producer to offer to the consumers a basket of products to cater to their needs. The Company is in the process of taking a host of initiatives to derive benefit from the entire sugar value chain including product differentiation, value maximisation of by-products in addition to monetisation of non-performing assets, to insulate itself from the vagaries of sugar and sugarcane price. As the pace of change accelerates, the Company is creating a stronger, simpler and more agile business. However, with volatility and uncertainty being the only certainty in the sugar business, the Company believes managing for the long-term is the best way to grow and the Company is well placed to deliver long-term value through its strategy. These are supported by a transformational change agenda, customer centric approach and value maximisation.

ECONOMY & INDUSTRY SCENARIO

Global Outlook

As per International Monetary Fund's World Economic Outlook, the broad-based upswing in global economic expansion witnessed for nearly two years, decelerated in the second half of 2018. Economic activity softened due to increase in trade tensions and tariff hikes between the United States and China, a decline in business confidence, a tightening of financial conditions, and higher policy uncertainty across many economies. Against this global backdrop, a combination of country and sector specific factors further reduced momentum.

Conditions eased in 2019 as the US Federal Reserve signalled a more accommodative monetary policy stance and markets became more optimistic about a US-China trade deal, but they remain slightly more restrictive than in the fall. As a result of these developments, global growth is now projected down from 3.6 percent in 2018 to 3.3 percent in 2019.

Indian Economy

The World Bank projects India as the fastest growing major economy in the world in 2018-19. India's Gross domestic Product (GDP) is expected to grow at 7.3 per cent during the 2018-19. The World Bank reasons that this is a result of increased consumption and investment. Besides, it states that the economy is regaining after a temporary slowdown due to demonetisation and the implementation of GST. However, changing interest rates and currency volatility are weighing on economic activity.

International Monetary Fund projects a growth rate of 7.5% for Indian economy in 2019-20. The economy is expected to benefit from lower inflation and slower pace of monetary tightening than previously expected. The growth is expected to be supported through further realisation of efficiency gains from GST implementation as well as policy impetus post general elections.

Global Sugar

According to Platts-Kingsman (International Sugar Analyst), global sugar production in sugar season (Oct-Sep) 2018-19 was estimated to be 189 MMT, whereas consumption was expected to be 183 MMT. Brazil produced only 29 MMT due to higher diversion of cane juice towards ethanol and a historical lower sugar mix of 36%. Indian sugar production was expected to be around 31 MMT due to better weather, acreage and recovery. Thus, India emerged as the largest producer of sugar in the world. Sugar production in Thailand also recorded a high of 14.5 MMT. Therefore, despite drop in sugar production in Brazil, record high sugar production in India and Thailand led to a global surplus of 6 MMT. This resulted in ICE New York No.11 Raw sugar contracts dropping to a multi-year low of 9.9 c/lb in 2018.

Two consecutive years of record sugar production in India led to announcement of Minimum Indicative Export Quota (MIEQ) by the Indian Government with substantial financial assistance to mills for export. An estimated quantity of 2.5 MMT was exported from India during 2018-19, at a discount to international prices. In certain markets, Indian low quality whites displaced refined sugar demand on account of lower prices. This further aggravated the white sugar balance sheet, which was already heavy on the production side. Consequently, the ICE London No.5 white sugar contract collapsed from a high of 560 USD/MT in February 2017 to 300USD/MT in Aug 2018,

According to Platts-Kingsman, early indications point towards a global deficit of around 2 MMT during 2019-20. This is expected to mainly arise from fall in production in India (due to weather and ethanol diversion) as well as in Thailand. Brazilian sugar mix will remain flexible during the year depending on developments in energy markets. This could fuel a break out in the ICE Raw Sugar futures prices.

Indian Sugar Market

India is the largest producer of sugar in the world displacing Brazil and is also the largest consumer. According to Investment Information

and Credit Rating Agency (ICRA), the domestic sugar production for SY 2018 would remain at 31 MMT instead of the earlier estimate of 31.5 MMT driven by the decline in the sugarcane availability in Uttar Pradesh and the likely diversion of 'B' heavy molasses and sugarcane juice into ethanol.

As per ISMA report, sugar mills across the country produced 3221.19 LMT of sugar between October 1, 2018 and April 30, 2019 about 9.36 LMT more than 311.83 LMT produced at the same time last year. Even though the quantum of sugarcane crushing is less than that in the last season, the sugar production in SY 2018-19 is expected to be around 330 LMT, about 5 LMT more than last year.

Despite growth in domestic sugar consumption by 2-3% translating to overall consumption of 25.8 MMT in SY 2019, the production would still be higher by around 4.5 - 5.0 MMT than the estimated consumption. Even after assuming 3-4 MMT of net sugar exports in SY 2019 on the back of the increase in production subsidy, the closing stock still would continue to remain high around 12 - 12.5 MMT given the high opening stock of around 10.8 MMT from the previous season.

India's exports of 4.64 LMT last year is a small portion of the global trade estimated at 450 LMT. In India, high cane price raises the cost of production, making the country's high sugar prices uncompetitive in the International market. Australia and Brazil dragged India to the WTO for its market-distorting policies on sugar and that subsidies given by it to its sugarcane farmers far exceeded the norms set by the WTO resulting in higher sugar production /exports which dampen the international prices and, consequently, hurt their domestic producers.

In 2018-19, the sugar industry is expected to have a surplus that will be as high as 48 per cent of the country's annual consumption. In spite of the woes of the sugar industry caused by the single most important factor of ever increasing sugarcane price, successive government announced high sugarcane prices which fetches nearly 60 per cent higher returns than any other competing crop.

Government of India Sugar Policies

Mounting cane arrears to farmers and debt burdened mills, made the Central Government come out with a slew of corrective measures and supportive policies, providing much needed succor to the sugar industry and also ushering in a greater degree of transparency, discipline and accountability. The Government continued to cap the quantity of sugar which mills in the country could sell. As part of the measures to stabilize sugar price in the country, the Central Government introduced monthly release mechanism with effect from June 2018.

FRP

The Central Government has fixed a Fair & Remunerative Price (FRP) of sugarcane for the sugar year 2018-19 as under:

- i. FRP of ₹ 275 per quintal for a basic recovery of 10% along with a premium of ₹ 2.75 per quintal for every 0.1% increase above 10% in the recovery

- ii. Where the recovery is below 10% and above 9.50, the FRP to be proportionately reduced by ₹ 2.75 per quintal of sugarcane for every 0.10 percent decrease.
- iii. FRP of ₹ 261.25 per quintal of sugarcane for mills having recovery of 9.50% or less.

Minimum Sugar Price

The Central Government on June 7, 2018, notified "Sugar Price Control Order 2018". Under Clause 3 of the above order, Central Government directed that no producer of sugar shall sell or agree to sell white/refined sugar in the domestic market at a rate below ₹29/kg till further orders. On February 14, 2019, the Government increased the minimum selling price of white/refined sugar in the domestic market to ₹ 31 per Kg from the earlier level of ₹ 29 per Kg.

Stockholding Limit

On June 15, 2018, the Central Government issued a notification for creation and maintenance of buffer stock of 30 LMT of sugar by the sugar mills in the country for a period of one year with effect from July 1, 2018. In addition, the Government also came out with a notification on June 25, 2018, mentioning quantity of buffer stock for each mill on provisional basis. As per this notification, the mills of the Company (other than Pugalur, Pettavaithalai & Puducherry) were to maintain buffer stocking 32870 MT. The Government would reimburse storage and insurance costs at 1.5% p.a on ₹ 29,000 per MT and interest at actuals not exceeding 12% p.a.

Global Ethanol

Increased global awareness on Environment protection and reducing polluting emissions, has drawn the focus of Governments to non-polluting, Bio-fuels as energy alternates. According to the International Energy Agency (IEA), ethanol production increased by 3 percent globally last year, reaching 104 billion liters of production and the increase in production was mainly in the U.S. European Union and China.

The IEA in its market analysis has predicted that fuel ethanol would account for two-thirds of the worldwide growth in conventional bio-fuels between 2018 and 2023.

Ethanol Programme in India

The Government of India is actively pursuing its Bio-fuels programme to reduce its crude import burden, lower emissions in its cities, and promote the revenue growth of the agri industry. Currently, 4-5 per cent of ethanol is mixed with petrol as against the federal target of 10 per cent blending with biofuel by 2022.

In order to incentivise sugar mills for producing Ethanol from B Heavy molasses or sugarcane juice, the Government is permitting sugar mills to sell additional quantity of sugar equivalent to total quantity of sugar diverted for production of ethanol. This is in addition to the quantity of sugar which each mill is allowed to sell every month over monthly release order mechanism.

The Central Government notified a scheme on July 19, 2018, for extending financial assistance to sugar mills for enhancement & augmentation of ethanol production capacity, to install new incineration boilers or for setting up new distilleries to produce ethanol. Grant of interest subvention, subject to various conditions, was also part of the Scheme.

The Central Government on July 26, 2018, amended the Sugarcane (Control) Order, 1966 vide Sugarcane (Control) Amendment Order, 2018. Following are the key amendments:

- Production of Ethanol directly from sugarcane juice to be allowed in case of sugar mills only.
- For Ethanol produced directly from sugarcane juice or B-Heavy molasses, the recovery rate to be determined by considering every 600 litres of Ethanol as equivalent to one MT of production of sugar.

Ethanol Price in India

The Cabinet Committee on Economic Affairs (CCEA) on 12th September, 2018 approved revision in Ethanol price for the Ethanol season 2018-19 (Dec to Nov) as below:

₹ 52.43 per litre when ethanol is produced from B Heavy Molasses

₹ 59.13 per litre when ethanol is produced from juice.

₹ 43.46 per litre when ethanol is produced from final molasses

The Central Government, vide its notification dated February 5, 2019, has directed Oil Marketing Companies (OMCs) to sell 10% ethanol blended petrol in 29 States & 5 Union Territories with effect from April 1, 2019, a move which has been greatly welcomed by the sugar industry

Exports

In order to achieve financial liquidity, the Government of India, on September 28, 2018, notified Minimum Indicative Export Quota (MIEQ) for sugar year 2018-19, mandating mills to export raw, plantation white and refined sugar to the tune of 50 LMT.

Central Government asked sugar mills to set their quarterly export targets and intimate the same to the Department of Food & Public Distribution (DFPD) for monitoring. It further said that in case a sugar mill fails to achieve its quarterly sugar export target, the equivalent quantity of un-exported sugar during the said quarter shall be deducted in three equal installments from the quantity of sugar to be allocated for each month in the subsequent quarter.

Scheme of Assistance for payment of cane price dues of farmers for the season 2018-19

The Central Government notified a scheme of assistance for sugar mills to offset the cost of cane and facilitate timely payment of cane price dues to farmers. The scheme provides for payment of an assistance of ₹13.88/quintal of sugarcane crushed during the 2018-19 sugar season or the quantity allocated by the Sugar directorate for the sugar season 2018-19, whichever is lower.

In addition to the above, the Central Government notified a scheme for defraying expenditure towards internal transport, freight handling & other charges on export as under

- For mills located within 100 KM from ports - ₹1000/Mt of sugar
- For distance more than 100 KM and mills located in coastal States- ₹2500/Mt of sugar
- For distance more than 100 KM and mills located in other than coastal States - ₹3500/Mt of sugar

Soft Loan

With a view to facilitate payment of cane dues of the farmers for the current sugar season 2018-19, the Central Government notified a scheme for extending soft loan to sugar mills. The quantum of soft loan has been determined at 85% of reported production of white sugar by mills in sugar season 2017-18, valued at ₹31000/Mt.

The financial assistance extended is interest subvention for the soft loan amount for a period of one year, calculated at 7% simple interest or actual rate of interest charged by the bank, whichever is lower. As per the scheme, only those mills which had cleared at least 25% of FRP dues of SY 2018-19 by 26.3.2019 were eligible for interest subvention.

Tamil Nadu State Sugarcane Policies

During the year, the Tamil Nadu (TN) Government paid a transitional production incentive of ₹ 200 per MT of sugarcane, directly to the bank account of farmers of Nellikuppam, Pudukottai, Pugalur and Pettavaithalai who had supplied sugarcane during 2017-2018 sugar season. As per the letter from the Government, this incentive is the difference between present SAP and price received under the new revenue sharing based price. With this, all farmers received ₹2750 per MT for sugarcane supplied in 2017-18 sugar season. [₹2550 per MT from the Company and ₹ 200 per MT from the Government excluding transportation cost].

BUSINESS OVERVIEW

Sugar

Sustained growth and profitability of sugar business depends upon continuous availability of high quality sugarcane. For the year 2018-19, the sugarcane availability in TN was low, due to widespread drought affecting a major section of the command area, however, the cane crushed was better than the previous year. Though crushing was better than the previous year, the Cane area in TN has seen a considerable decline during the last few years caused by deficit rain and farmers shifting to other competing crops. This has adversely affected the Company's TN operations, where most of its plant capacity continued to remain idle. The continuous non-availability of sugarcane forced the Company to close its Factory at Puducherry, which had remained idle during the last four years.

During the year, the cane crushed by the Units in TN was at 12.46 LMT @ 8097 TCD per day as against 12.30 LMT @ 8819 TCD per day in the previous year. Also, there was an improvement in the average recovery of 8.82% in the current year as against 8.26% in the previous year.

In Karnataka (KN), majority of the farmers depend on the canal water for irrigation. During the year, due to lower rains, the water levels in the dam reduced and finally the canal water stopped during December 2018 forcing the farmers to liquidate the cane at the earliest. This was effectively leveraged by the nearby large capacity mills. Though the cane availability was higher, the Company could crush only to the extent of its capacity available.

In KN, the cane crushed was lower at 19.68 LMT as compared to 19.80 LMT in the previous year. The average recovery was at 11.15 % as against 11.25% in the previous year. The threat of illegal cane poaching which affected the company's performance in the previous year continued this year. The availability of harvesting and transportation labour was also a major issue this year in KN as well as in TN and Andhra Pradesh (AP). The Company's efforts in employing mechanical harvesters paid dividends as farmers adapted themselves to the mechanised harvesting in an effective manner. The deployment of mechanical harvesters is proposed to be increased progressively to cover a large part of the area as shortage of harvesting labour is going to be the order of the day.

With respect to the AP unit, the cane crushed was at 5.05 LMT as compared to 4.62 LMT in the previous year. The average recovery was at 9.22% as against 9.55% in the previous year.

The overall cane crushed by the Company as a whole, was at 37.19 LMT as against 36.72 LMT in the previous year. The average sugar recovery went up from 10.04% in the previous year to 10.11% in the current year.

The sustained availability of cane being a major concern, a number of initiatives are being taken up by the Company including, supply of clean seed, providing resources for drip and micro irrigation and facilitating the various agronomy services through agencies / agri service providers etc. As part of farmer centric and inclusive strategy, the Company operates soil testing labs which provide 'soil health cards' to farmer for improving soil health and fertility. These initiatives will help in increasing the yield per acre which in turn will increase the income per acre to the farmer. To have interaction with the farmers throughout the life cycle of cane crop, a Farmer Connect App has been launched in TN, AP & KN and a number of farmers have been registered by using the Farmers App. By this, the cane and extension team are in regular touch with the farmers during the life cycle of the crop and assisted the farmers immediately as and when the need arises. To improve mechanised farming, the Company has implemented Aggregator model for farm implement services in TN and AP factories and covered 2267 acres. To mitigate the impact of drought, around 30 bore well recharges are established around Pugalur, Pettavaithalai and Pudukottai factory areas.

The Company is also working closely with the Government on a number of subsidy schemes to promote drip irrigation, Sustainable Sugarcane Initiative (SSI), etc. The company has embarked on a program of ensuring clean seed for planting. In TN and AP, the 3-Tier Nursery programme has been strengthened and varietal purities are being improved through quality seed sourcing from Breeding Institutes and Company's own tissue culture seedling production centres. In TN, 168 shade nets which were installed during the year 2017 put in to operation and started producing seedlings. All these activities will pave the way for yield improvement and ensure sustained sugarcane availability.

Price - Sugarcane & Sugar

For the Sugar Season 2018-19, the Department of Food and Public Distribution, Ministry of Consumer Affairs, Food and Public Distribution, fixed the Fair & Remunerative Price (FRP) for sugarcane at ₹ 275 per quintal for a basic recovery of 10.00% and a premium of ₹ 2.75 for every 0.1% increase in the recovery rate, as recommended by the Commission of Agricultural Costs and Prices (CACP). Also for 9.5% and less recovery, the FRP was fixed at ₹ 261.25. The annual increase in FRP by the Government is more than the increase in the Minimum Support Price (MSP) of most other crops. The TN Government last year for the first time announced a Revenue Sharing Policy (RSP) for determination of sugarcane price. Pending implementation of RSP, the Government supported the farmers the price difference between SAP (State Advised Price) and RSP by way of Direct Benefit Transfers.

The sugar production during 2017-18 started at record opening stocks of 10.7 MMT. The production during the season broke all the previous year record with 32.1 MMT. This was around 58 per cent more than the production in previous season. The glut in production has led to a crash in sugar prices leading to a liquidity crisis for sugar mills which in turn resulted in the accumulation of cane dues of ₹ 22,000 Crore. In order to support the industry and cane farmers, various measures were taken both by the Central Government in the form of soft loans, cane production subsidy, transport subsidy on sugar exports, fixing of minimum sugar price (MSP) and interest subvention for setting up of ethanol capacities and the various State governments in the form of soft loans and cane subsidies which provided some respite to the sugar industry which was reeling under supply pressures. While the announcement of cane production subsidy towards the end of September 2018, along with sugar exports of 5MMT resulted in some improvement in sugar prices to around ₹ 32,500/ Mt in October 2018, however with the commencement of the cane crushing, price declined to around ₹ 31,000/ MT in November 2018 and to around ₹ 30,000/MT in December 2018. In January-February 2019, the prices were around ₹ 31,000/ MT

The Government in September 2018 announced Minimum Indicative Export Quota of 5 MMT for exports in order to move the surplus stocks out of the country and thereby improve prices. However, due to depressed world sugar market, the scheme did not achieve its intended objective. The lower realization from domestic sales as

Sugar Price - 18-19

well as depressed global sugar market, made it extremely difficult for the mills to generate sufficient funds for payment of cane price to the farmers in time. Further, due to the lower global prices, the export deals continued to be slow as the industry was facing several obstacles in export orders. Further, the mills would get production/transport subsidy amount only at the end of the season resulting in working capital being blocked for the year, on which mills pay interest to lenders. Accordingly, achievement of the targeted MIEQ of 5 MMT may be difficult. Despite the various policies and incentives by the Government, unless the surplus stock is cleared from the country, the scenario may not undergo any significant change. It is expected that the pressure on the sugar price would continue to remain given the over-supply scenario.

SUGAR DIVISION

Operational Performance

Particulars	2018-19	2017-18
Cane Crushed (LMT)	37.19	36.72
Recovery (%)	10.11	10.04
Sugar Produced (LMT)	3.80	4.94
Power Generated (Lakh Units)	3280	3,503
Alcohol Produced (Lakh Litres)	623	657
Sugar sold (LMT)	4.04	3.85

The sugar segment constituted the largest share of the Company's revenues. The segment contributed 72% of the Company's turnover

Financial Performance (Sugar Division)

Particulars	Sugar		Cogen		Distillery		Total	
	2018-19	2017-18	2018-19	2017-18	2018-19	2017-18	2018-19	2017-18
Revenue	1,390	1,491	125	111	318	305	1833	1,907
EBITDA**	(30)	28	(2)	27	44	55	12	110

** Earnings before interest, tax, depreciation and amortization.

during 2018-19 as against 72% in 2017-18. Revenues from the sugar segment during 2018-19 was at ₹ 1,390 Crore as against ₹ 1,491 Crore in 2017-18.

Distillery

The distillery segment contributed to 17 % of the Company's revenues during the year under as against 14 % in 2017-18. Revenues from the distillery segment during 2018-19 stood at ₹ 318 Crore as against ₹305 Crore in 2017-18. The Company's alcohol production from molasses, a by-product of sugar, saw a downward dip at 623 Lakh litres in 2018-19 as against 657 Lakh litres in 2017-18, a decrease of 3% over the previous year.

In April 2018, the business was forced to stop production of alcohol as TN IMFL units imported ENA from other States. Continued representations from sugar mills made the TN Government change its stand, mandating all IMFL units to source 50% of their need from TN distilleries every quarter.

Ethanol

In line with its growth strategies, the Company has chalked out expansion plans for Ethanol production at its integrated Units. The Company has obtained in-principle approval from the Department of Food & Public Distribution, for its expansion projects under the Central Government Scheme, extending financial assistance to mills for Enhancement & Augmentation of Ethanol Production Capacity.

The Oil Marketing Companies (OMCs) have released tender calling for the supply of 329 crore litres of Ethanol for the period 1.12.2018 to 30.11.2019. This includes 66 Crore litres planned for sourcing from B heavy molasses, sugarcane juice and damaged food grains.

The Company has secured permission from the TN Government to convert 6 Lakh litres of impure spirit to Ethanol at Nellikuppam and 3 lakh litres of impure alcohol to Ethanol at Sivaganga. Sankili Unit started the production of Ethanol from B Heavy molasses for the first time, during the year, with a total output of 91.95 LL of ethanol. Similarly, Sivaganga Unit manufactured Ethanol for the first time since inception, with an output of 7.40 LL.

Cogeneration

The cogeneration segment accounted for 7% of the Company's revenues during the year as against 5 % in 2017-18. Revenues from the segment during 2018-19 stood at ₹ 125 Crore as against ₹ 111 Crore in 2017-18.

The current agreements with TNPL to claim differential tariff in respect of Nellikuppam & Pudukottai were renewed for one more year from 1.10.2018. The Power tariff has seen a downward trend and decline over the year forcing the Company to explore better way to utilize and monetize its bagasse, an important by product.

Tamilnadu: The units in Tamilnadu exported 633 Lakh units of power during the year as against 708 Lakh units in the previous year. The shortfall was mainly on account of Pudukottai and Pugalur units which did not generate power.

Karnataka Units: The Units in Karnataka exported 891 Lakh units as against 1028 Lakh units in the previous year. The business did not run Cogen Units at Haliyal and Bagalkot as bagasse saved was being sold, in view of better economics.

Andhra Pradesh: The unit in Sankili unit exported 97 Lakh units as against 121 Lakh units last year, the drop was mainly due to lower cane crushing during the year.

MANUFACTURING OPERATIONS:

The Company's journey towards achieving manufacturing excellence and driving cost optimisation across the value chain has gained further momentum. The Company continues to explore ways and means to achieve better efficiencies on steam, energy and chemicals consumption besides reduction of total losses. Safety has been on top of the agenda across all the factories. Some of the areas covered under the Safety program include launch of TPM Safety Pillar, safety patrol walk by the Unit management team, safety review, display of signage, PPE usage, etc for ensuring safety and prevention of accident.

Nellikuppam sugar factory is the first sugar factory in TN to move in the direction of achieving Zero Liquid Discharge (ZLD) for the sugar units.

The Company also enhanced the refining capacity of the Unit from 170 MT per day to 190 MT per day.

During the year, the Company Commissioned and stabilised a backend refinery at Haliyal with a production capacity of 800 MT per day to meet the increasing demand of high quality refined sugar by customers.

Manufacturing Initiatives:

The Company continued to pursue the execution excellence initiatives to optimise efficiencies, reduce cost and eliminate wastage. TPM deployment has been aggressively pursued and initiatives on safety, environment and quality under TPM helped the Company to achieve manufacturing excellence, operational safety and higher level of quality awareness. During the year, the Pudukottai unit received an award for TPM Excellence – Category A from the Japan Institute of Plant Maintenance (JIPM). The award was given for achieving the most effective production system. This unit is the first in the world to receive this prestigious award with sugarcane as the raw material and could be achieved after 4 years of continuous effort.

In its continued effort towards sustainable water recycle reuse, the Company has installed and commissioned "Spiral RO Plant" to treat the distillery evaporator condensate and spent wash RO Plant permeate in Sankili Unit. Around 180 m³ per day clear water from spiral RO Plant is being used in Distillery Unit for molasses dilution ensuring reduction of ground water consumption in Distillery. The Zero Liquid Discharge project at Nellikuppam has been in continuous operation.

The Company has ensured compliance with stipulated parameters with respect to emission and effluent generation with stringent online monitoring systems which are hooked up to the SPCB/ CPCB monitoring systems.

The Company pursued its 'go beyond' strategies to optimise efficiencies, reduce cost, eliminate wastage and achieve stretch targets for growth. The following were some of the initiatives, which were undertaken during the year:

- Sankili Unit has been validated by NSI, Kanpur for B heavy molasses for the first time in the country. The unit being the first plant in AP to produce Ethanol from B-Heavy molasses.
- Cane diffuser was converted as a Bagasse diffuser at Haliyal by installing a Pre-Mill before diffuser.
- Haliyal Unit moved from double sulphitation sugar process to defecation process followed by multi bed filters and Ion exchange process and started the manufacture of refined sugar as a sulphur free process.
- Continuing the process of sustainable practices in Sugar Production, with the 'Bonsucro Certification' for Nellikuppam and Haliyal.
- Customer specific packaging and product specifications were resorted to ensure customer delight. Commenced retail packaging

at Sankili, making it the 3rd Unit, after Nellikuppam and Haliyal, to have this facility.

- Achieved a benchmark in sustainable water utilisation with the Water Management Systems at Sugar factories calibrated to ensure “zero fresh water withdrawal and consumption from river, bore well, canal, etc.
- Expanded the ‘Waste to Wealth’ initiative with the conversion of the distillery effluent waste into potash-rich fertilizer, K-ash and K-boost.
- Worked on continuous improvements in daily crush rate, better steam and power consumption and other critical operating parameters
- Plant specific safety project charters were rolled out with periodic review of progress.
- Safety Meet was conducted to set benchmark standards and cascade a safe work culture with Behaviour Based Safety Workshops across the Company. Leveraged OHSAS18001 safety management system to integrate continuous improvement in safe work practices to ensure zero accidents.
- Treated and recycled, distillery spent lee at Nellikuppam in the newly established Condensate Polishing Unit (CPU) to the extent of 15 LL for the first time to reduce ground water withdrawal.
- Conducted Decanter trial for sludge separation in the fermented wash. This is expected to help in improving performance of distillation, bio digester & RO Plant.

SALES AND MARKETING

Over the years, the Company has been thriving successfully under the vicious cycle of uncertainty. Our continuous effort to re-invent the organisation has made us to realise that in order to stay ahead of the curve, we need to meet the consumer needs and to increase our footprint in retail food and beverages space and drive higher volume growth and to get benefits from scale and efficiency. The Company will make significant investments in building capabilities to win in the channels of the future. The Company's strategy continues to de-risk the sugar business from the cyclicity of the industry by way of value addition and in the process the company has been tirelessly working towards several differentiation strategies to meet the changing needs and aspirations of the vibrant consumers and to have an edge over its competitors. The Company's brand “Parry's” has been a household name and always has been a trusted brand across the country. During the year, the Company won the prestigious Economic Times (ET) Best Brand Award, in recognition of its excellence in delivering quality, innovation and value as a brand. The Company has been successful in establishing a long term and fruitful relationship with its customers and has been selected as preferred supplier by

several multinational corporations due to the consistency in quality and adoption of best practices. The Company strongly believes that its commitment to quality and the power of its strong and trusted brand “Parry”, will bear fruit. The Company's retail brand of brown sugar, ‘Amrit’, has made significant strides and is well accepted by the consumers. The Company strives to own a clear and compelling strategy that focuses on winning with brands and innovation with a vision to increase the size of the business. While trade conditions remain volatile, we strive towards bringing stability to business model in this challenging business environment, by making the Company more agile, customer centric and responsive to the diverse and rapidly evolving marketplace

The Company sold 3.58 LMT of sugar during the year in the domestic market as against 3.85 LMT in the previous year 2017-18. The drop in sales quantity was mainly due to the release mechanism of the Government (Release Quota). The Company focused on achieving better price realisation through targeting select Institutional customers.

Institutional Sales

With its strong product customisation expertise, stringent quality systems, global certification standards and timely deliveries, the Company has been established as a benchmark brand across sugar industry. Due to the above factors and the strategic locations, the Company has gained the position of a major supplier of sugar to various institutional customers across country. The customer base includes institutions across sectors ranging from pharmaceutical, soft drinks, beverage, food, Juices, confectionery, modern trade, sweets, dairy, ice cream and biscuit manufacturers.

During the year, the company sold sugar directly to institutions, accounting for nearly 41% of its domestic sales. Like last year, the Company continued to sell Bonsucro certified sugar, produced from sustainable sugarcane both from TN and KN Units. With large multinationals focussing on sustainability and sustainable raw materials, the Company's Bonsucro certified sugar is gaining a competitive advantage and will continue to do so in the long run as well.

Retail Sales

In the retail segment, the Company sold sugar contributing nearly 9% of the annual domestic sales. Its strategy of expanding market presence and market penetration has worked positively in gaining the retail business. The retail channel sales has grown by 67% over the previous year.

QUALITY

During this financial year, the Company focussed on the retail and institutional segment with quality product and processes. In this financial year, the Sankili Unit got accredited with FSSC 22000 for

the first time and became the third unit of the Company to get this from the DNV GL Certification Body. In order to address Customer requirements, two of its Units in TN and KN obtained MUI Halal Indonesia certifications.

In addition to the above new certifications, the Company's units in Nellikuppam and Haliyal qualified in the recertification audits of FSSC 22000 and ISO 9001:2015. The Company's refinery Unit in Nellikuppam successfully qualified in sustaining its cGMP certifications to continue to supply Drug Manufacturing Customers and other Pharmacopeia accreditations of Indian Pharmacopeia, European, United States, Japanese and British.

The Company in its endeavour to provide quality products to customers, started producing refined sugar by adoption of sulphur free process during this financial year from its Unit in Haliyal, KN.

Quality Initiatives:

- Production of "1KG retail sugar pack – white and pure sugar" and 25Kg pack for S30 and M30 white and pure sugar.
- Sankili unit successfully migrated from OHSAS 18001 to ISO 45001:2018 and also the quality management system ISO 2001:2015.
- Nellikuppam and Haliyal Units upgraded to Food Safety System Certifications ISO 22000 Version 4.1.
- Pudukottai, Nellikuppam and Haliyal Units upgraded to Quality Management System ISO 9001: 2015 Version.
- Nellikuppam and Haliyal qualified for SMETA 6.0 (Sedex Members Ethical Trade Audit).

RESEARCH & EXTENSION SERVICES

The Company's R&D for the Sugar business was established 25 years ago with the core purpose of enriching and energising lives by creating value added products and services from agriculture. The Company is a pioneer and is one of the very few sugar companies in India to have an integrated R&D establishment and resources for its farmers which is recognized by the Department of Scientific and Industrial Research (DSIR), Ministry of Science & Technology, Government of India. Since sugarcane as a key raw material for the Company is cultivated across three states of the country spanning diverse agro-climatic conditions, research emphasis and approaches vary and are largely location oriented. The Company has established a strong research infrastructure with a pioneering vision to improve the yield and profitability to farmer, besides improving quality of sugarcane and thereby enhancing factory operational efficiencies. The R&D technologies are disseminated from "Lab to Land" to the farmers through an exclusive extension function and novel technology transfer tools like mobile village theatres and yield maximisation plots. The effort of R&D and Extension wings were primarily on three areas of sugarcane agriculture - crop improvement, crop production and crop protection.

The crop improvement program focuses on new varietal development and ensuring certified clean seed material supply to the farmers. The company is the only private sector Company in the country to have an exclusive breeding program to develop proprietary "Parry India (PI)" labelled high yielding and high sugar varieties. The facility in operation at Bangalore has one of the largest sugarcane germplasm repositories in the country. The Company is also a notified testing centre for the All India Co-Ordinated Research Program (AICRP) under the aegis of the Indian Council of Agricultural Research (ICAR), New Delhi.

The year commenced with the launch of robust crop production programs and services through induction of qualified and experienced agronomists and extension personnel. Precision farming approaches to enhance sugarcane yield, cost reduction and improve sugar recoveries were taken up on priority. As a first time initiative, In- house captive farms were developed in Sankili, Haliyal, Nellikuppam and Bagalkot to cover an area of over 100 acres to demonstrate new technologies and develop clean seed for farmers and the initiative evoked excellent reception from farmers.

The unique by-product "K-boost" rich in organic content and potash was launched and issued to farmers covering an area of 3000 acres at Nellikuppam for yield and recovery improvement. A novel soil moisture based harvest and irrigation scheduling system was adopted at Nellikuppam with an innovative automatic moisture recording device in 2018-19 season. A new model of app based aggregator mechanisation service provider was launched for the first time covering 2000 acres in the financial year with good response from farming fraternity due to ease of technology access and implementation.

The project "Y60" which was launched in 2017-18 at Pudukottai with a plan to improve yield of farmers resulted in doubling of cane yield of selected farmers.

The achievements of the crop protection wing of R&D were notable as two new eco-friendly products were validated in the field, developed and launched for pest management in cane cultivation. Regular field quarantine and proactive integrated pest and disease management measures taken up by R&D and Extension prevented the occurrence and spread of major pests and diseases.

Bonsucro Certification

The Company holds the distinction of being the first in Asia to be certified with the Bonsucro international certification for sustainable sugar production. Bonsucro is a global non-profit, multi-stakeholder organization fostering the sustainability of the sugarcane sector through its leading metric-based certification scheme and its support for continuous improvement for members.

NUTRACEUTICALS DIVISION

Industry Overview

The nutraceutical ingredients market estimated at US\$ 29.48 Bn in 2016, is projected to grow at a CAGR of 7.5%, to reach US\$ 45.58 Bn by 2022. This constitutes around 8% of the total Nutraceuticals market (US\$ 383 Bn). World demand for minerals and vitamins consumed in nutraceutical applications was US\$6 Bn in 2015, growing at an annual rate of 6%, fuelled by growth in food and beverage fortification, adult and paediatric nutritionals and dietary supplements. Widespread acceptance of health and wellness benefits will keep minerals and vitamins among the most widely used nutraceutical ingredients.

By Region, Asia-Pacific is projected to be the fastest-growing market for nutraceutical ingredients during this period. While USA and Europe are going to drive innovations, APAC will drive the volumes. Based on projected investment levels in these industries and rising consumer incomes, China is expected to evolve as the largest global producer and consumer of nutraceutical ingredients by 2020, surpassing the United States and Western Europe. Japan is the fastest-growing country market in the Asia-Pacific region. This is due to the rapidly aging population in Japan. Global micro-algae based nutraceutical ingredient market, currently valued at USD 0.6 bn, is expected to grow at a healthy CAGR 7.40% in the next 6 years.

Business Overview

The Company's Spirulina volumes was subject to more pressure due to commoditisation across markets. The business proposes to stick to its value proposition as a quality player and work on expanding markets in Europe and the US in selective niches. For more price sensitive markets in Asia, the business aims to adopt a more aggressive approach in the coming year.

Chlorella is gaining importance as an essential micro-algae supplement along with Spirulina. With the increase in popularity and adoption of vegan diets across evolved health oriented consumers, Chlorella is seen as a powerful detox agent with rich vitamin profile. In 2018-19, the Company started scaling up of commercial production of Chlorella and achieved reasonable success in stabilizing the cultivation and harvesting processes. 2019-20 is likely to see production capacity being scaled up further.

The launch of the Phycocyanin product will further strengthen the company's product portfolio and add another pillar of growth.

The business, in addition to the Organic and USFDA approval, has embarked on a journey to upgrade its overall Quality Management System, from supplier to end consumer. During the year, various projects such as laboratory control, batch traceability, facility and equipment qualification, QMS and training were implemented as part of the process and will be further extended to all cGMP procedures

and norms. In addition, as a part of clean label program, Organic Spirulina and Chlorella received the Non GMO verification.

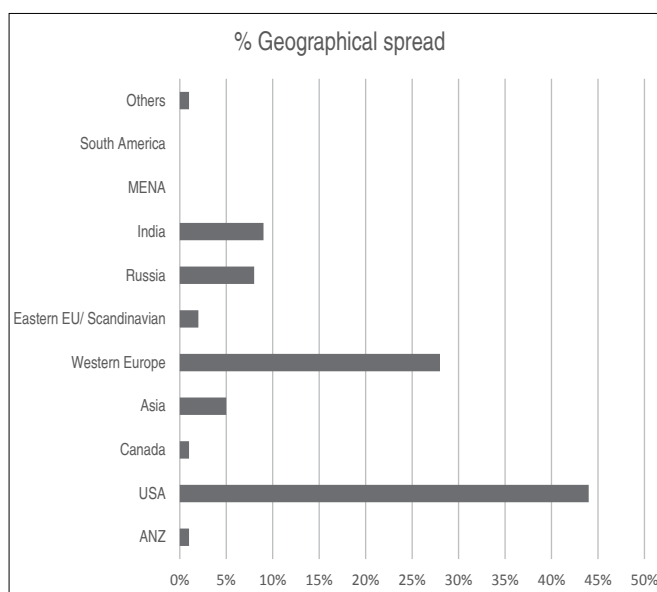

The Company continued its Compliance journey by putting in place cGMP processes across its Units. There is also a big focus on Sustainability from a Waste, Water and Energy perspective. The Company believes that this is its first responsibility towards society and the environment and will also strengthen its business operations and efficiencies over time.

During the financial year 2018-19, the US Nutraceuticals (Valensa) business was impacted by higher raw material prices for its Saw Palmetto extract product. This coupled with expenses related to the consumer product launch slated for 2019-20 impacted the profit. Alimtec had an excellent year and for the first time reported a positive operating profit.

Micro - Algae Market Share – Regions

The Company has a leading position in the EU markets for organic grade spirulina and over the last 3 years the business in this region has doubled.

Business Region	% Split
ANZ	1%
USA	44%
Canada	1%
Asia	5%
Western Europe	28%
Eastern EU/ Scandinavian	2%
Russia	8%
India	9%
MENA	0%
South America	0%
Others	1%
Total	100%

Operating Results

During the year, the Nutraceuticals Division of the Company achieved a revenue from operations of ₹ 71 Crore, about 88% of which represents exports, as against ₹ 68 Crore during the previous year representing 4 % of the Company's revenue. PBIT for the year was at ₹ 2 Crore as against ₹ 8 Crore during the previous year. The overseas wholly owned subsidiary, US Nutraceuticals Inc. achieved sales of US\$ 20.19 MN against US\$ 22.7 MN of previous year. On a consolidated basis, the division registered a revenue of ₹ 212 Crore in 2018-19 as compared to ₹ 216 Crore in the previous year.

Spirulina sales grew by 15% in North America region and decreased by 18% in rest of the world. This year, the business achieved growth of 20% in Lycopene Segment. Chlorella sales grew by 85% over the previous year. However, there has been a marginal drop in sales of Spirulina value added products and Traded Products.

Outlook

Global trends in nutraceutical ingredients will result in developing regions achieving much faster growth in both consumption and production than developed regions. The Company's Joint venture with Synthite Industries launched Natural Blue colour (Phycocyanin) in the global color market. This will propel growth for value-added products from Spirulina. The Company's R&D efforts would be focused on 3 broad areas – Green foods, Protein and Algal Omega 3. The Company expects to launch products under these categories in the coming years. Further, the business is embarking on a journey of sustainability in the areas of Water, Waste and Energy in the coming years. Water will be a big area of focus as the business aims to conserve and recycle as the two primary objectives.

In accordance with the SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, the Company is required to give details of significant changes (change of 25% and more as compared to the immediately previous financial year) in key financial ratios.

Ratios where there has been significant change from Financial Year 17-18 to Financial Year 18-19

Improvements in operating profit margin, net profit margin, return on networth, interest service coverage ratio (ISCR) and Earning Per Share

Though the sugar business was affected by low selling price coupled with Release order mechanism, the operating profit margin, net profit

margin, return on networth, interest service coverage ratio (ISCR) and earnings per share were improved on account of profit from the sale of Bio-Pesticides Business and sale of investments in Parry America Inc.

Increase in inventory turnover days:

Increase in inventory turnover days was mainly on account of the release order mechanism, whereby the Company was allowed to sell only limited quantity as fixed by the Government on month basis and creation and holding of buffer stock of sugar for each sugar factory based on the direction of the Government.

Decrease in Debt Service Coverage Ratio (DSCR):

During the year, the Company had net repayment of long term debt of ₹ 334 crores as compared to ₹ 187 crores in the year 2017-18. As a result debt service coverage ratio (DSCR) has reduced from 1.27 to 0.91.

P/E Multiple:

The PE ratio has decreased on account of decrease in the market price of share and increase in net profit (reason explained above)

CORPORATE DEVELOPMENTS

Sale of Bio Pesticides Division

As approved by the shareholders vide their resolution dated February 23, 2018, the Company transferred its Bio Pesticides Business together with all its employees as well as assets and liabilities including all concerned licences, permits, consents and approvals comprising of manufacturing, marketing and trading in Bio Pesticides Products ("Bio Pesticides Business), as a "going concern" and by way of a slump sale to its subsidiary Company Coromandel International Ltd (CIL), with effect from April 1, 2018. The shareholding in the wholly owned subsidiary, Parry America Inc was also transferred to CIL with effect from April 1, 2018.

RISK MANAGEMENT

The Company follows a well-defined Risk Management policy which requires the organisation to identify the risks, the businesses are exposed to and categorise them based on the impact and probability of occurrence. Mitigation plans are laid out for each risk along with identification of the risk owner thereof. The Company endeavours to continuously improve its systems, processes and controls to mitigate the risks.

The Company has a robust Risk Management framework to identify, evaluate business risks and opportunities. This framework seeks to create transparency, minimize adverse impact on the business objectives and enhance the Company's competitive advantage. The Company's Risk Management framework defines the risk management approach across the enterprise at various levels, including documentation and reporting.

Risk Category	Risk	Mitigation Plan
Economic Risk	Due to global macro factors such as inflation, interest rate and economic slowdown, there could be an adverse impact on business and profitability.	With the experience in the financial market, the Company is able to source funds at competitive rates in the diverse market conditions.
Sugar Price Risk	Due to domestic surplus, there could be a softening in the steady sugar prices affecting the profitability.	The Company is focusing on increasing Retail volumes by increasing retail outlet placements and expanding retail infrastructure. The company is putting efforts to increase the market share of Institutional business by retaining the existing customers and obtaining customer certifications. In case of Trade business, the company maintains little extra premium for the brand enquiries for end point conversion.
Raw Material Availability Risk	<p>Due to the adverse weather conditions and farmers switching to alternate crops for higher remuneration etc., availability of crucial inputs such as sugarcane may be impacted thereby diminishing profitability.</p> <p>Water availability is a critical requirement of Nutra Business.</p>	<p>The Company connects with farmers continuously by educating them on scientific and sustainable sugarcane cultivation methods besides providing them high yielding sugarcane seeds / saplings that give better yield and also the mechanised harvesting for timely harvesting and making sugarcane a profitable crop by yield improvement. Cane team is working on reducing the cost of cultivation, increasing the yield per acre and thereby the income per acre. The company launched "Farmers Connect" app for better interaction and to support the farmers instantly. The Company enjoys a good brand value and trust amongst the farmer community by ensuring timely payments and is thus a preferred partner for sugarcane supply.</p> <p>For the Nutra business, the Company is treating the water in lagoons for usage, implementing Zero Liquid Discharge (ZLD) to recycle water, installing Rain water harvesting stations and reusing the water as risk mitigation for Water availability.</p>
Raw Material Pricing	The Central and State Governments decide sugarcane prices in a manner that is not linked to sugar prices. Unviable sugarcane prices may impact the profitability of the Sugar division.	The Company is a member of Indian Sugar Mill Association (ISMA) and the South Indian Sugar Mills Association (SISMA) and works closely with it towards developing appropriate policy recommendations to represent the industry needs to the government.
Investment Risk	The company has invested in Parry Sugars Refinery India Private Limited and Valensa, all wholly owned subsidiaries. Any non- performance of the invested entities will have a risk of sub-optimal return on investment.	Periodical review mechanism is in place to monitor the investment risk of the portfolio of assets and to oversee the strategic decision.
Credit Risk	Due to fixed sugarcane pricing but floating sugar realization, the Company may face shortfall in availability of cash to pay to farmers.	The Company has been very prudent in managing its cash flows and has well placed short-term credit facilities from various banks. This helps to mitigate the short term credit mismatch.

Risk Category	Risk	Mitigation Plan
Foreign Exchange Risk	The Company exports / imports sugar based on government policies and exports in Nutraceuticals. Hence, it has exposure to adverse currency fluctuations.	The Company follows a comprehensive foreign exchange policy to hedge foreign currency fluctuation by taking cover through forward contract.
Cyber Security Risk	The company may encounter non-availability of service or failure of multiple systems which may lead to disruption in business operation due to lack of adequate processes, cyber security, backup and disaster recovery systems.	Information Systems, Backup and Disaster Recovery Policies and periodical review of the same are in place. Robust Firewall and Security Event Information Management Systems are in place to monitor all types of Security breaches and take corrective measures.
Non-compliance to changing statutory regulations	As a listed organization, the company has to comply with laws such as Companies Act, SEBI (Listing Obligations and Disclosure Requirements), Contract labour, Taxation, Foreign Exchange & Export Controls, Health Safety and Environment (HSE) regulations etc. Failure to comply with these regulations could result in penalties and reputational damage.	A comprehensive e-compliance management system has been deployed across the company to manage the compliance to all the applicable statutory regulations. Further, respective functional teams track the changes to applicable regulations across various jurisdictions and functional areas and update the e-compliance management system and also create awareness of the changes across the respective functions.

INTERNAL FINANCIAL CONTROLS

The Company has aligned its current systems of Internal Financial Control (IFC) with the requirement of the Companies Act 2013. The Company has established a robust framework of IFC which includes entity level policies, processes and operating level standard operating procedures. The Company has well-established processes and clearly- defined roles and responsibilities for people at various levels.

The Company's internal controls are adequate with its size and the nature of its operations. These have been designed to provide reasonable assurance with regard to recording and providing consistent financial and operational information, complying with the applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization, and ensuring compliance with policies. Processes for formulating and reviewing annual and long-term business plans have been laid down. The Company uses a state-of- the-art enterprise resource planning (ERP) system SAP as a business enabler to record data for accounting, consolidation and management information purposes.

To further strengthen, assess and report on the internal financial control, an in-house Management Audit Division has been established by the Company which is ISO 9001:2015 certified. The internal audit is conducted based on the Annual Audit Plan which is reviewed and approved by the Audit Committee. The Internal Audit reports are presented to the Audit Committee on a quarterly basis for review and deliberation. The Company Management has assessed the effectiveness of the Company's internal control over financial reporting as of March 31, 2019 and found the same to be adequate and effective.

SUBSIDIARY COMPANIES

There has been no change in the nature of business of the subsidiaries during the year under review. In accordance with Section 129(3) of the Companies Act, 2013, the Company has prepared a consolidated financial statement of the Company and all its Subsidiary Companies, which forms part of the Annual Report. A statement containing the salient features of the financial statements of the Subsidiary Companies, Joint ventures and Associates is given in **Annexure-A** to this Report.

In accordance with the provisions of Section 136(1) of the Companies Act, 2013, the Annual Report of the Company containing standalone and consolidated financial statements has been placed on the website of the Company, www.eidparry.com. Further, the audited accounts of the Subsidiary Companies and the related detailed information have also been placed on the website of the Company www.eidparry.com. The annual accounts of the Subsidiary Companies will also be available for inspection by any shareholder/debenture trustees at the Registered office of the Company and of the Subsidiary Companies concerned during working hours upto the date of the Annual General Meeting. A copy of annual accounts of subsidiaries will be made available to shareholders seeking such information at any point of time.

Parry Sugars Refinery India Pvt Ltd (PSRIPL)

PSRIPL has emerged as one of the globally reputed re-export refiner of sugar, offering a range of quality products for international trade and institutions.

Spread for refining was muted during the year 2018-19 due to low white sugar prices arising out of Indian exports and overall whites surplus whilst supply of raws remained balanced. Demand for refined sugar in some of company's target markets was lower, especially in the second half of the year, due to higher inventory at destinations.

During the year, due to tepid demand in target markets, the company's sugar export volume was 5.35 LMT compared to 6.71 LMT of the previous year. Compared to last year, International refined sugar prices fell sharply in 2018-19. Consequently, the turnover decreased from INR 2418 Crore in 2017-18 to INR 1434 Crore in 2018-19. During the year, the company successfully commissioned its graded sugar facility and commenced exports of graded sugar to prestigious institutional customers. It also increased its institutional sales and CIF sales to destination traders. The refinery operations successfully debottlenecked its melting capacity to 3000 TPD and also made significant improvement to its cost structure.

During the year, Parry International DMCC (a wholly owned subsidiary based out of Dubai) successfully commenced its trading operation and recorded a revenue of AED 14.37 Million.

Due to expected fall in sugar production in all major countries and a weather risk, global surplus is set to fall to less than 2 Million MT in 19-20. Sugar prices are expected to start recovering on account of tightening supply. Your company with well hedged spreads is better positioned to ride this recovery with increasing focus in value added sales and further improvements in refining costs during the year 2019-20.

US Nutraceuticals Inc

During the year, the Company's wholly owned subsidiary, US Nutraceuticals converted itself from a Florida "Limited Liability Company (LLC)" to a "C Corporation (INC)" due to strategic reasons. The Company achieved sales of USD 20.19 MN against USD 22.7 MN of previous year. The drop in sales was due to lower sales of prostrate and joint health products. This impact was partly offset by increased sales of tolling related segment products on account of healthy market demand. The business encountered lower margin in the year due to high berry price and the inability to completely pass on the higher costs to its customers. The Company expects that the efforts that are being taken to revive Saw Palmetto business through strategic sustainability program to counter the future risk of higher price and to ensure continuous supply in the coming financial year will bring the desired result. The company has been investing in clinical trials for developing new formulations which would improve in the next financial year.

Alimtec SA

Alimtec SA, Chile, the wholly owned subsidiary of the company has seen a significant year in terms of increased production volume with better quality product during the year. The investment in window dryer gave good result with higher yield and production than previous year.

Also, from the investments made in the previous year on water quality improvements and arsenic filtration system has resulted in higher productivity levels without any contamination in the product

Coromandel International Limited (CIL)

During the year, India received below normal South West monsoon (91 percent of long period average). Coromandel's key South Peninsular markets of Telangana, Coastal Andhra and South Interior Karnataka received normal rains that resulted in improved agri input consumption during Kharif season. However, deficit North East monsoon (56 percent of long period average) affected the Rabi season crop sowing.

CIL showed a resilient performance during the year, gaining significant market share and improving its customer reach. CIL's Phosphatic fertiliser sales volumes grew by 10 percent to 30.3 lakh tons. The Business has registered growth across all its markets, improving its market share to 16.3 percent. It continued its focus on building differentiation through value-added, unique product offerings and market development through integrated nutrient and agronomist teams. Single Super Phosphate (SSP) sales for the year have gone up by 9 percent to 5.7 lakh tons, with the major increase coming from differentiated (fortified and granulated) product segments. Two new products launched during the year have generated significant interest from the farming community.

Crop Protection business registered a revenue growth of 8%, driven by higher exports and domestic formulation performance. The business introduced five new products during the year, including two in-house patented combination molecules. Recently acquired Bio pesticide business has enabled access to developed markets like USA, Canada and Europe and provided presence in complementary product segments. The Bio business has performed well during the year, improving its product offerings, sourcing capabilities and extraction efficiencies.

Specialty Nutrients business continued its focused product approach. Technologically superior unique products and crop-based solutions have helped the business in driving its sales during the year. Retail Business has progressed well towards leveraging technology solutions to improve its customer connect initiatives and product delivery mechanisms. It expanded its farm mechanization offerings through the Custom Hiring and Service Centres and introduced paddy harvester. Organic business focused on promoting differentiated variants segment and strengthened its sourcing capabilities and quality assurance systems. Its captive facility at Vishakhapatnam, which converts municipal waste into City Compost, has fully stabilized.

During the year, CIL has carried out pilot trials utilizing upcoming agri technologies for offering crop diagnostics and application services. CIL has strengthened its R&D, product development and registration capabilities, and during the year introduced ten new products in nutrient and crop protection businesses. The integrated marketing

structure has been further strengthened and have improved CIL's farm-level interventions and consumer connect initiatives, promoting sustainable agricultural practices and building key brands. On the people side, CIL has been focusing its interventions in the areas of competency development, recognition and communication. During the year, the employee engagement levels have improved across the functions and relevant actions have been initiated based on the survey findings. CIL's societal commitment remains firm and its activities have received national and international recognition.

CIL's Revenue from Operations for the year grew to 13,204 crores from ₹11,109 crores last year registering a growth of 19% year on year (YoY). The Profit before Interest, Depreciation and Taxation grew to ₹1,450 crores from ₹ 1,305 crores in the previous year.

HUMAN RESOURCES

The Company believes that the people are its key assets and focuses on nurturing and developing human talent that delivers quality products, manufacturing excellence, continued growth, customer delight and business leadership. Company's HR vision of "Building Organizational Capability to deliver superior business performance", is delivered by a high level of policy deployment initiatives and contemporary HR practices focusing on four key imperatives: Capability Development, Talent Management, Employee Engagement and Productivity & Cost.

The Company enables every employee to achieve high standards of performance and take up challenging goals to their true potential by institutionalizing Competency Development Framework. The Company scales up capabilities across by creating specialist knowledge / Subject Matter Experts in Sugar, Distillery, Cogeneration & Value Added Products to enhance the internal efficiencies. A lot of interventions have been rolled out in terms of enhancing the capabilities of executives, especially the leadership team through Individual Development Plans, Leadership coach accreditation program, etc.

The Company is committed to build the 'Best Employer' brand for the organisation and most importantly, provide a happy, nurturing ecosystem for our employees. An ecosystem, that is not only empowering, but also builds capabilities to help them to meet the challenges of a fast changing, dynamic, world environment. The company believes that a motivated employee with a passion for innovation in a given environment of learning & growth would engage and succeed in all initiatives.

What began as 'Project Smile' in August, 2017, really spread its positivity with a winning culture across the Company, bringing laurels, earning accolades and creating an environment of happiness. Smiles travelled across miles, across locations, as team members applauded excellence, expressed their appreciation and registered their satisfaction through a number of 'smileys'. The 'My SMILE App', tracked the smiles, culminating in the SMILE Awards, for members who had earned the largest number of 'Smiles' within a span of 18 months, have crossed 1 million SMILES across the organisation.

The number of permanent employees on the rolls of the Company as on March 31, 2019 was 2485. Industrial relations remained cordial at all the Company's units during the year under review.

The Company has in place a policy on prevention of sexual harassment in line with the requirements of the Sexual Harassment of women at the Workplace (Prevention, Prohibition and Redressal) Act, 2013. An Internal Complaints Committee (ICC) is in place to redress complaints received regarding sexual harassment. All employees are covered under this policy. No complaints were received and disposed of during the year under review.

AWARDS & ACCOLADES

During the year, the Company received the following Awards:

- The Dream Company To Work For in Asia HR Leadership Awards 2018.
- Talent Management in Asia Pacific HRM Congress Awards 2018 by "TIMES ascent".
- ET Now's Best Corporate Social Responsibilities Practices Award during 2019.
- Two awards for innovative project for implementing condensate polishing unit & Energy efficient unit (Nellikuppam) award for conserving steam and power in 19th National Energy Management 2018, CII Hyderabad.

- In the preparation of the annual accounts for the financial year ended March 31, 2019, the applicable accounting standards have been followed and there are no material departures from the same;
- they have selected such accounting policies and applied them consistently and made judgments and estimates that are

reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2019 and of the profit of the Company for the year ended on that date;

- they have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- they have prepared the annual accounts on a going concern basis;
- they have laid down proper internal financial controls to be followed by the Company and such controls are adequate and operating effectively and
- they have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

AUDITORS AND AUDITORS' REPORT

Statutory Auditors M/s. Price Waterhouse Chartered Accountants LLP, (FRNo.012754N/N500016) Chennai were appointed as Statutory Auditors of the Company by the shareholders at the 42nd Annual General Meeting held on August 4, 2017 to hold office up to the conclusion of the 47th Annual General Meeting.

Cost Auditors

As per the requirement of the Central Government and pursuant to Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014 as amended from time to time, your Company's cost records are subject to Cost Audit.

The Board of Directors, on the recommendation of the Audit Committee, have appointed M/s. Narasimha Murthy & Co, Cost Accountants, as the Cost Auditors to audit the cost accounting records maintained by the Company for the financial year 2019-20 on a remuneration of ₹ 8,50,000/- plus applicable tax and reimbursement of out of pocket expenses. A resolution seeking members' ratification for the remuneration payable to the Cost Auditor forms part of the notice convening the Annual General Meeting.

The cost audit report for the financial year 2017-18 was filed with the Ministry of Corporate Affairs on September 6, 2018. The cost audit report for the financial year 2018-19 would be filed with the Ministry of Corporate Affairs on or before September 30, 2019 as per the provisions of the Companies Act, 2013.

Secretarial Auditors

The Board appointed M/s. R Sridharan & Associates, Practicing Company Secretaries, Chennai as the Secretarial Auditors to undertake the Secretarial Audit of the Company for the year 2018-19. The Report of the Secretarial Auditors is provided in **Annexure-B** to this Report.

There are no qualifications, reservations or adverse remarks or disclaimers made by the Secretarial Auditors in their respective reports.

The Secretarial Auditors have not reported any incident of fraud during the year under review to the Audit Committee of the Company.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

The Company's CSR initiatives primarily focus on improving the quality of life of the communities where it operates, through socio welfare initiatives. The various CSR initiatives undertaken by the Company during the last financial year include the following:

• Healthcare

The Company pursues a well-managed Health Care programme across its units, providing medical amenities for people living in neighbouring villages. 'Hospital on Wheels', a well-equipped mobile unit with diagnostic and medical intervention amenities makes emergency care possible for people living in remote areas. In addition, mobile medical units cater to the needs of the elderly in the cane growing villages around the Units.

In addition to the comprehensive health and medical care programmes for employees, across the different Units, medical camps were conducted offering health check-ups and free medicines for cane growers, harvesting and transport labourers.

• Education

As an important part of its CSR programmes, the Company promotes education in the neighbouring villages near its units. Besides contributing to infrastructure building and facility upgradation at schools, the Company provides educational assistance to cane growers children and participates in their developmental needs. Baby care centres, mid-day meals for Balawadi school children of labourers, training programmes for employees' children are few of the ongoing initiatives.

• Community Welfare

The Company has always played a key role in extending relief support to villagers during natural calamities and helping the Government in its disaster management initiatives. Drought relief measures were extended to farmers in TN, KN and AP, to mitigate crop loss. Community development works were also undertaken in the villages in and around the units. As part of its community welfare programmes, the Company undertook the desilting of ponds and canals, to augment the water supply to villages and schools. Tree planting across schools and neighbourhoods were conducted as part of the green environment initiatives.

The Company has constituted a CSR Committee in accordance with Section 135 of the Companies Act, 2013. The CSR Committee has formulated and recommended to the Board, a CSR Policy indicating the activities to be undertaken by the Company, which has been

approved by the Board. The CSR Policy can be accessed on the Company's website at www.eidparry.com.

As per the provisions of the Companies Act, 2013, the Company was not required to spend any amount towards CSR activities for the year 2018-19. However, the Company has been actively involved in various CSR activities and an amount of ₹ 120.40 Lakh was spent during the year. The Annual Report on CSR activities is given in **Annexure-C** to this Report.

During the year, the Company has bagged the National CSR award under the category of "Best Corporate Social Responsibility Practices" in National CSR Leadership Awards 2019.

RELATED PARTY TRANSACTIONS

All contracts / arrangements / transactions entered into by the Company during the financial year with the related parties were on arm's length basis and were in the ordinary course of business. There were no materially significant related party transactions with Promoters, Directors, Key Managerial Personnel or other designated persons, which may have a potential conflict with the interest of the Company at large.

All Related Party Transactions are placed before the Audit Committee for approval. Prior omnibus approval of the Audit Committee is obtained on a quarterly basis for the transactions which are of a foreseen and repetitive nature. The transactions entered into pursuant to the omnibus approval so granted are placed before the Audit Committee for their review on a quarterly basis. The policy on Related Party Transactions as approved by the Board is available at the web link: www.eidparry.com/Policies-Codes.

EMPLOYEE STOCK OPTION SCHEME

The Company has introduced Employee Stock Options Scheme, 2016 during the year 2016-17 as approved by the shareholders. The details of the Options granted upto March 31, 2019 and other disclosures as required under SEBI (Share Based Employee Benefits) Regulations, 2014 is available on the Company's website at www.eidparry.com.

The Company has received a certificate from the Statutory Auditors of the Company that the above referred Scheme had been implemented in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the resolutions passed by the Members in this regard.

CORPORATE GOVERNANCE

The report on corporate governance along with certificates from a practicing Company Secretary as required under the SEBI (LODR) Regulations is annexed to this Report. The report also contains the details required to be provided on the board evaluation, remuneration policy, implementation of risk management policy, whistle-blower policy / vigil mechanism etc.

The Managing Director and the Chief Financial Officer have submitted a certificate to the Board regarding the financial statements and other matters as required under Regulation 17(8) read with Schedule II of Part B of the SEBI (LODR) Regulations.

TRANSFER TO THE INVESTOR EDUCATION AND PROTECTION FUND

Pursuant to the applicable provisions of the Companies Act, 2013, read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("the Rules") all unpaid or unclaimed dividends are required to be transferred by the Company to the IEPF established by the Central Government, after the completion of seven years. Further according to the Rules, the shares in respect of which dividend has not been encashed by the shareholders for seven consecutive years or more is also required to be transferred to the demat account created by the IEPF Authority. Accordingly, the Company has transferred the unclaimed and unpaid dividends as well as the corresponding shares as per the requirements of the IEPF rules, details of which are provided on our website, at www.eidparry.com/Unpaid-Unclaimed-Dividend.

During the year, the Company has transferred an amount of ₹ 23,28,852 being the unclaimed dividend for the year 2010-11 to the Investor Education and Protection Fund established by the Central Government. The Company has also transferred 73,197 shares in respect of which dividend has not been paid or claimed for seven consecutive years or more as enunciated under Section 124 (6) of the Companies Act, 2013.

ANNEXURE - B TO THE BOARD'S REPORT

FORM NO. MR-3 SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

The Members

E.I.D.- PARRY (INDIA) LIMITED

"Dare House",

Parrys Corner,

Chennai – 600001

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by E.I.D.-PARRY (INDIA) LIMITED [Corporate Identification Number: L24211TN1975PLC006989] (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board-process and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) The Company has complied with the applicable provisions of Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Overseas Direct Investment. There was no Foreign Direct Investment and External Commercial Borrowings during the year under review.

(v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 & Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- d) The Employee Stock Option Plan, 2016 approved under the Securities Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Employee Stock Option Scheme, 2007 approved under the Securities Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008,
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- g) The Company has not delisted its Securities from any of the Stock Exchanges in which it is listed during the period under review and hence the question of complying with the provisions of the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 does not arise; and
- h) The Company has not bought back any Securities during the period under review and hence the question of complying with the provisions of the Securities and Exchange Board of India

(Buyback of Securities) Regulations, 1998 & Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 does not arise;(vi)

(vi) The Management has identified and confirmed the following Laws as being applicable to the Company –

- The Factories Act, 1948;
- Acts and Rules relating to Sugar industries including The Sugarcane (Control) Order, 1966, Sugar(Control) Order, 1966, The Sugar (Packing and Marking) Order, 1970 and The Sugar Development Fund Act, 1982;
- The Insecticides Act, 1968;
- Labour Laws and other incidental laws related to labour and employees appointed by the Company including those on contractual basis as relating to wages, gratuity, prevention of sexual harassment, dispute resolution welfare, provident fund, insurance, compensation etc;
- Industries (Development and Regulation) Act, 1951;
- Acts relating to consumer protection including The Competition Act, 2002;
- Acts and Rules relating to prevention and control of pollution;
- Acts and Rules relating to Environmental protection and energy conservation;
- Acts and Rules relating to Electricity, motor vehicles, explosives, Boilers etc;
- Acts relating to protection of IPR;
- The Information Technology Act, 2000;
- The Legal Metrology Act, 2011;
- The Food Safety & Standards Act, 2006;
- Land revenue laws and
- Other local laws as applicable to various plants and offices.

We believe that the audit evidence which we have obtained is sufficient and appropriate to provide a basis for our audit opinion. In our opinion and to the best of our information and according to explanations given to us, we believe that the compliance management system of the Company is adequate to ensure compliance of laws as mentioned above.

With respect to the applicable financial laws such as direct and indirect tax laws, based on the information & explanations provided by the management and officers of the Company and certificates placed before the Board of Directors, we report that adequate systems are in place to monitor and ensure compliance.

We have also examined compliance with the applicable clauses / regulations of the following:

- (i) Secretarial Standards with respect to Meetings of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India.
- ii) The Uniform Listing Agreement entered with BSE Limited and National Stock Exchange of India Limited pursuant to the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Notes on agenda which are circulated less than the specified period, the necessary compliances under the Companies Act, 2013 and Secretarial Standards on Board Meeting are complied with. There are certain businesses that can be transacted through Video Conferencing / Audio Visual means as provided for under the Companies Act, 2013 and the relevant Rules made there under. The Company has properly convened & recorded in compliance with Rule 3 of Companies (Meetings of Board and its Powers) Rules, 2014 businesses that have been transacted through Video Conferencing / Audio Visual means.

Based on the verification of the records and minutes, the decisions were carried out with the consent of the Board of Directors / Committee Members and no Director / Member dissented on the decisions taken at such Board / Committee Meetings. Further, in the minutes of the General Meeting including Postal Ballot, the number of votes cast against the resolutions has been recorded.

We further report that based on review of compliance mechanism established by the Company, we are of the opinion that the management has adequate systems and processes commensurate with its size and operations, to monitor and ensure compliance with all applicable laws including labour laws, rules, regulations and guidelines.

We further report that the above mentioned Company being a Listed entity this report is also issued pursuant to Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended and circular No.CIR/CFD/CMD1/27/2019 dated 8th February, 2019 issued by Securities and Exchange Board of India.

We further report that as per the information and explanations provided by the Management, the Company has a Material Unlisted Subsidiary, viz. Parry Sugars Refinery India Private Limited, Incorporated in India as defined in Regulation 16(1)(c) and Regulation 24 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We further report that during the audit period, the Company has

1. Obtained the approval of the Board of Directors at their meeting held on 1st February, 2019.

- To borrow an amount not exceeding ₹.250 Crores through term loan from banks/issuance of Non-Convertible Redeemable Debentures in one or more tranches to various prospective investors..
- Sugar Unit at Puducherry which is not in operation due to continuous non-availability of adequate sugar cane will not be operated in future as the expectation of the revival of cane cultivation in the area is abysmally low due to a variety of factors. The Company proposed to transfer assets of the unit to its other units and also dispose other assets as may be deemed appropriate.

2. Obtained the approval of the Board of Directors at their meeting held on March 22, 2019 to make an investment upto ₹ 70 Crores in the equity share capital of Parry Sugars Refinery India Private Limited, the Company's wholly owned subsidiary at a price of ₹ 19 per equity share.

ANNEXURE - C TO THE BOARD'S REPORT

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY ACTIVITIES FOR THE FINANCIAL YEAR 2018-19

1. A brief outline of the company's CSR policy, including overview of projects or programs proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes

E.I.D.- Parry (India) Limited (EID Parry) believe that social responsibility is not just a corporate obligation that has to be carried out but it is one's dharma. EID Parry has been carrying out CSR activities for a long time through AMM Foundation (AMM) while also extending CSR activities to the local communities in and around its factories located in the States of Tamil Nadu, Andhra Pradesh and Karnataka. EID Parry had identified the following broad programme areas with focus on quality service delivery and empowerment:

Providing basic health care facilities to economically backward societies across geographical areas, Improving access to education, Provision of Skill Development/ Vocational Training, Rural Development, Environmental Sustainability, Promoting Sports, Arts & Culture and Sustainable livelihood.

EID Parry's CSR Policy has been hosted on its website at www.eidparry.com.

2. The Composition of the CSR Committee

Mr. V. Manickam, Independent Director is the Chairman and Mr. V. Ravichandran, Non-Executive, Non Independent Director and Mr. S. Suresh, Managing Director are its members.

3. Average net profit/ (loss) of the company for last three financial years (excluding dividend received from subsidiary Company) ₹ (2181.67) Lakhs.
4. Prescribed CSR Expenditure (two percent of the amount as in item 3 above) : Not Applicable
5. Details of CSR spent during the financial year:

Total amount spent for the financial year: The Company has voluntarily spent an amount of ₹ 120.40 Lakhs on CSR activities for the year.

Amount unspent, if any: Not Applicable

As per the provisions of Section 135(5) of the Companies Act, 2013, Company is not required to spend any amount on CSR activities for year 2018-19 since the average net profit made during the three immediately preceding financial years is negative.

ANNEXURE - D TO THE BOARD'S REPORT

PARTICULARS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS AND OUTGO REQUIRED UNDER THE COMPANIES (ACCOUNTS) RULES, 2014

A. CONSERVATION OF ENERGY

Energy Conservation Initiatives:

The Company's focus on energy and resource conservation has made its Co-gen and the sugar factories the best in its class with respect to efficiency and environment friendly operations.

The thrust on energy conservation has earned the Company various awards and recognitions, few of which are listed below:

- Energy Efficient Unit Award (Nellikuppam) for conserving steam and power in 19th National Energy Management 2018, CII Hyderabad.
- Pudukkottai received the CII National level Energy Efficient Unit Award

Thermal Energy Conservation:

- Lotus rollers in cane juice extraction mills reducing moisture % in bagasse and usage of B heavy Molasses for Ethanol reduced the steam consumption and helped in thermal energy conservation.

Electrical Energy Conservation:

- As the Market rates for electrical energy have dropped over the last year, Company has managed the Cogen plants to run for meeting heat requirement and saved on electrical energy excess generation and internal consumption.

B. TECHNOLOGY ABSORPTION

The details are as under:

- (1) The efforts made towards technology absorption and benefits derived:

In its continued effort towards sustainable water utilisation, the Company has embarked on a Zero Liquid Discharge project at Nellikuppam sugar factory. The condensate polishing system had enabled recycling of 15 Crore Litres of water. Based on the outcome, the Company is embarking to install similar units in Sankili and Bagalkot.

- (2) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

The Company procured continuous ION Exchange System Technology along with control valve from Puritech, Belgium and ION Exchange Resins from Lanxess ION Exchange Resins, Germany, through their collaborator M/s Chemical Systems, Delhi. This technology uses less quantity of resin and generates lesser liquid effluent compared to prevailing technology of batch IEX resin process.

C. FOREIGN EXCHANGE EARNINGS AND OUTGO

	₹ in Lakh	
	2018 – 19	2017 – 18
Foreign exchange earned	17,570	14,228
Foreign exchange outgo :		
(i) Towards expenditure	1,730	41,795
(ii) Towards dividend	11.13	-

ANNEXURE - E TO THE BOARDS REPORT

DETAILS OF INVESTMENTS

The details of investments made by the Company have been given in Note no. 5 & 6 of the Annual Accounts.

ANNEXURE - F TO THE BOARD'S REPORT

PARTICULARS OF EMPLOYEES

Disclosure of Remuneration Under Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

The details of remuneration during the financial year, 2018-19 as per Rule 5(1) of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014, as amended, are as follows:

1. The ratio of Remuneration of each Director to the median remuneration of the employees of the Company for the financial year:2018-19:

Name of Director	Designation	Ratio #
Mr. Ravichandran V	Chairman	1.31
Mr. Suresh S	Managing Director	57.67
Mr. Ajay B Baliga	Director	0.66
Mr. Manickam V	Director	1.50
Mr. Ramesh K B Menon	Director	0.97
Mr. Ranganathan C K	Director	0.44
Dr. (Ms) Rca Godbole	Director	1.22
Mr. Venkatachalam M M	Director	1.10

Note: Remuneration including sitting fees

- Number of times the median remuneration

(2). The percentage increase in remuneration of each Director, Chief Financial Officer and Company Secretary in the financial year:2018-19:

Name of Director	Designation	% increase in remuneration
Mr. Ravichandran V	Chairman	(68.49)
Mr. Suresh S	Managing Director	16.23
Mr. Ajay B Baliga	Director	NA @
Mr. Manickam V	Director	(64.41)
Mr. Ramesh K B Menon	Director	(37.94)
Mr. Ranganathan C K	Director	(72.68)
Dr. (Ms) Rca Godbole	Director	(71.81)
Mr. Venkatachalam M M	Director	82.50 *
Mr. S. Rameshkumar	Chief Financial Officer	NA #
Mr. Biswa Mohan Rath	Company Secretary	NA #

* Appointed on February 7, 2018

@ Appointed on May 9, 2018, hence not comparable

Ms.G. Jalaja ceased to be Company Secretary effective closing hours of December 31, 2018

Mr. V. Suri ceased to be Chief Financial Officer effective closing hours of December 31, 2018

Appointed on January 1, 2019, hence not comparable

The remuneration to the Non-Executive Directors comprises of sitting fees paid for attending the Board / Committee meeting. There was no increase in sitting fees during the year. The actual payment of sitting fee is based on the number of meetings attended by the Director.

During the year, the Company has not paid any commission to the Non-Executive Directors due to inadequate profit as per the provisions of Section 197 read with Section 198 of the Companies Act, 2013.

3. The percentage increase in the median remuneration of employees in the financial year: 4.17%
4. The number of permanent employees on the rolls of Company : 2485
5. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and comparison with the percentile increase in the managerial remuneration and justification thereof. Whether there are any exceptional circumstances for increase in the managerial remuneration.

Parameters	
Average % increase in the salaries of employees other than managerial personnel viz., Managing Directors in the financial year, 2018-19	10.18%
Average % increase in the managerial remuneration in the financial year, 2018-19 viz., Managing Director's remuneration	16.23%
Remarks	The Managing Directors' remuneration comprises of fixed and variable component. The annual increment in salary for the financial year, 2018-19 is determined by the Nomination & Remuneration Committee on the basis of Company financials, level of responsibility, experience and scales prevailing in the industry.

6. Affirmation:

The Company affirms that the remuneration paid to the employees during the financial year 2018-19 is as per the Remuneration Policy of the Company.

On behalf of the Board

Place : Chennai
Date : May 8, 2019

V. Ravichandran
Chairman

ANNEXURE - G TO THE BOARD'S REPORT

Form No. MGT-9

EXTRACT OF ANNUAL RETURN

* Ms. G.Jalaja ceased to be Company Secretary effective closing hours of December 31, 2018

** Mr. V.Suri ceased to be Chief Financial Officer effective closing hours of December 31, 2018

Appointed on January 1, 2019

VII. PENALTIES / PUNISHMENT/ COMPOUNDING OF OFFENCES:

There were no penalties, punishment or compounding of offences during the year ended March 31, 2019.

REPORT ON CORPORATE GOVERNANCE

Pursuant to Regulation 34 read with Schedule V of Securities Exchange Board of India (LODR) Regulations, 2015 ["SEBI (LODR) Regulations"].

1. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

E.I.D.-Parry, a member of the Murugappa Group of Companies, believes in high standards of governance and adheres to good corporate practices and is constantly striving to improve them and adopt the best practices. Adherence to business ethics, transparency in dealings with all stakeholders, adequate and timely disclosure of information and commitment to corporate social responsibility are the basic elements of the governance policy of the company. The board recognizes that governance expectations are constantly evolving and it is committed to its standards of transparency and dissemination of information to meet both letter and spirit of the law and its own demanding levels of business ethics. The Company is committed to the spirit of Murugappa Group by upholding the core values of integrity, passion, responsibility, quality and respect in dealing with all stakeholders of the Company.

2. BOARD OF DIRECTORS

2.1 Composition and Changes during the Year

Composition

The Board of Directors of the Company ("Board") consists of an optimum number of Executive, Non Executive, Independent Directors and Non Executive Independent Directors having expertise in the fields of business strategy, finance, marketing and business management. All the Independent Directors satisfy the criteria of Independence specified in the Companies Act, 2013 (Act), Regulation 16 (1) (b) of the SEBI (LODR) Regulations and meet the criteria for appointment formulated by the Nomination and Remuneration Committee ("NRC") as approved by the Board.

NRC has formulated a policy on criteria for Board Nominations. It ensures diversity of qualification, experience, expertise and gender in the composition of the Board. The board members are appointed through a transparent process and the Independent Directors are issued appointment letters. The format of terms and conditions of appointment of Independent Directors is displayed on the website of the Company www.eidparry.com/about-us/independent-directors/. Each independent director is familiarized with the Company, business, industry, roles and responsibilities, the details of which are available on the website of the Company. www.eidparry.com/about-us/independent-directors/.

Independent Directors are appointed for a specific term based on the recommendations of the NRC by the Board and the members at their respective meetings. Non independent Directors are appointed as per the provisions of the Act and SEBI (LODR) Regulations.

The strength of the Board as on March 31, 2019 was eight directors, consisting of one Non Executive Non Independent Chairman, a Managing Director, two Non Independent Directors, one of them being a promoter and four Independent Directors including a woman director. The composition of the Board is in conformity with the Act and SEBI (LODR) Regulations.

The Composition of the Board, the number of directorship, membership and chairmanship held by each Director on the Board/ Committees of the Board of other Companies as on March 31, 2019 are as under

S. No	Name of the Directors	DIN	Category	Position	No. of Directorships & Committee membership in Public Companies (excluding EID)				Directorship in other Listed Entity	Category of Directorship

None of the Directors on the Board is a member of more than 10 Committees or Chairman of more than 5 Committees across all the Companies in which he/she is a Director as required under Regulation 26 (1) of SEBI (LODR) Regulations.

None of the Independent Directors on the Board is an Independent Director in more than seven Listed Companies as required under Regulation 25 (1) of LODR Regulations.

None of the Directors are related to each other.

Changes in the Board during the year

Mr. Ajay B Baliga was appointed as an Independent Director at the Board Meeting held on May 09, 2018.

2.2 Board Process

The Board meets at least once in each quarter to review, the matters specifically reserved for its attention to ensure that it exercises full control over significant strategic, financial, operational and compliance matters. Additional board meetings are held to approve the Business Plan of the Company and other specific purposes. The board is regularly briefed and updated on the key activities of the business and is provided with presentations on operations, quarterly financial statements, subsidiary performance, and other specific matters concerning the company.

The maximum time gap between two meetings does not exceed 120 days. The dates of Board meetings for the financial year are generally decided in advance. Notice and detailed notes on agenda of each Board Meeting are given in writing to all the directors in advance of the meetings in compliance with Secretarial Standard on Meeting of the Board of Directors (SS-1) issued by The Institute of Company

Secretaries of India, Where it is not possible to enclose any document to the agenda, the same is tabled at the Meeting.

The Board periodically reviews compliance reports of all laws applicable to the Company, as prepared by the Company as well as steps taken by the Company to rectify instances of non-compliances. The Board is also free to recommend inclusion of any matter for discussion in consultation with Chairman. The Board has no restriction to access any information and employees of the Company.

All the discussions and decisions taking place in every meeting of the Board are entered in the Minute Book. The draft minutes are circulated within the specified time to the Board and suggestions or comments for changes, if any, are suitably incorporated in the minutes and the minutes are signed by the Chairman of the same meeting or by the Chairman of the succeeding meeting within the prescribed time period. The important decisions taken at the Board Meeting are communicated to the concerned department of the Company and an action taken report is placed at each Board Meeting.

The process specified for the Board meeting above are followed for the meetings of all the Committees constituted by the Board, to the

extent possible. The minutes of the meetings of the Committees of the Board are placed before the Board for noting. The minutes of the subsidiary Companies are placed before the Board on a quarterly basis.

Pursuant to the provisions of the Act and SEBI (LODR) Regulations, evaluation of the performance of the Board, Committees of the Board and individual directors was carried out by the Board for the year 2018-19. The questionnaires were prepared in a structured manner taking into consideration the guidance notes on Board Evaluation issued by the SEBI. The performance of each of the Individual Directors was evaluated on parameters such as attendance, level of participation in the meetings and contribution, Independence of judgement, safeguarding the interest of the Company and other stakeholders, etc.

The performance evaluation of all the independent directors was done by the entire Board excluding the concerned independent director based on the criteria of performance evaluation laid down by the NRC.

The performance evaluation of the Chairman and the Non Independent Directors were carried out by the Independent Directors.

2.3 Board meeting and attendance of directors

Six Board meetings were held during the year ended March 31, 2019 ("Year") i.e., April 27, 2018, May 09, 2018, August 08, 2018, November 09, 2018, February 01, 2019 and March 22, 2019 and the maximum gap between any two Board meetings did not exceed one hundred twenty days during the Year.

The attendance of Directors at Board Meeting ("BM") and last AGM are as under:

Mr. V Ravichandran	Member	NE,NI	3
Mr. S Suresh	Member	E,NI	3

Non Executive ("NE"), Executive ("E"), Non Independent ("NI") and Independent ("I")

4. Remuneration of Directors

4.1 Remuneration Policy

This Remuneration Policy provides the framework for remuneration of members of the Board of Directors, Key Managerial Personnel, Senior Management and other employees of E.I.D.-Parry (India) Limited (Company).

This Policy is guided by the principles and objectives as enumerated in Section 178 of the Companies Act, 2013 and Regulation 19 read with Part D of Schedule II of the SEBI (LODR) Regulations, to ensure reasonableness and sufficiency of remuneration to attract, retain and motivate competent resources, a clear relationship of remuneration to performance and a balance between rewarding short and long-term performance of the Company.

This policy reflects the remuneration, philosophy and principles of the Murugappa Group and considers the pay and employment conditions with peers / competitive market to ensure that pay structures are appropriately aligned.

4.2 Remuneration of Non-Executive Directors

Non-Executive Directors ("NEDs") are paid remuneration by way of Sitting Fees and Commission. The remuneration/ commission/ compensation to the NEDs will be decided by the Board in

accordance with this policy and subject to applicable conditions of SEBI (LODR) Regulations.

As approved by the shareholders at the shareholders meeting, commission is paid at a rate not exceeding 1% per annum of the profits of the Company computed in accordance with Section 198 of the Companies Act, 2013. The Commission paid is restricted to a fixed sum within the above limit annually on the basis of their tenor in office during the financial year.

The payment of the Commission to the NEDs is placed before the Board every year for its consideration and approval, subject to availability of profit as computed under Section 198 of the Act.

The sitting fee payable to the NEDs for attending the Board and committee meetings is fixed subject to the statutory ceiling. The fee is reviewed periodically and aligned to comparable best in class companies.

- Keeping with evolving trends in industries and considering the time and efforts spent by specific NEDs, the practice of paying differential commission is considered by the Board.
- Independent Directors are not eligible to receive stock options under the employee stock option scheme/plan ("ESOP") of the Company.
- Where the annual remuneration payable to a single Non-Executive Director exceeds 50% of the total annual remuneration payable to all Non-Executive Directors, the approval of the shareholders in the manner specified in applicable laws/ regulations is obtained.

4.3 Remuneration of Executive Director

The elements of the total compensation are approved by the Nomination and Remuneration Committee within the overall limits specified under the Act. The compensation paid to the Managing Director is within the scale approved by the Shareholders. However, in view of inadequacy of profit, as per Section 197 read with Section II, Part II, Schedule V of the Act, remuneration paid to the Managing Director requires approval of the shareholders by way of a special resolution at the ensuing AGM.

The fees or compensation payable to an Executive Director who is a Promoter or member of Promoter Group, shall be subject to the approval of shareholders in the manner as prescribed under the applicable regulations, if the annual remuneration payable to such Executive Director exceeds the threshold limits and the approval so granted shall be valid till the expiry of the term of such Director.

4.4 The sitting fees paid to the non-executive directors during the Year are given below.

₹ in Lakh

S. No	Name of the Directors	Category	Position	Sitting fees for attending meetings

OTHER INFORMATION FOR SHAREHOLDERS

DIVIDENDS

Pursuant to Section 124 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("IEPF Rules"), all unclaimed / unpaid dividend remaining unclaimed / unpaid for a period of seven years from the date they became due for payment, are required to be transferred to the Investor Education & Protection Fund (IEPF). Accordingly, dividends remaining unclaimed for a period of 7 years will be transferred by the Company to the IEPF. Shareholders who have not encashed their dividend warrants (for earlier periods) may approach our Registrar and Transfer Agent M/s. Karvy Fintech Private Limited, Hyderabad for issue of Cheques / demand drafts in lieu of dividend warrants quoting the Folio Number / Client ID.

During the year an amount of ₹ 23,28,852 was transferred to IEPF in accordance with the provisions of Section 124(5) of the Companies Act, 2013 in respect of which dividend amounts have remained unclaimed for seven years.

In line with Section 124(6) of the Companies Act, 2013, 73,197 Equity Shares in respect of which the dividend amounts have remained unclaimed for seven consecutive years were transferred to IEPF. The Company has published an advertisement with regard to transfer of equity shares to IEPF pertaining to unclaimed dividend which was due for transfer on April 25, 2018 in the newspapers viz., Business Standard and Makkal Kural. The Company has also sent communication to the concerned shareholder individually with regard to transfer of their shares along with the details of unclaimed dividend proceeds.

Due dates on which the unclaimed dividends would be transferred to IEPF are given below:

Year	Dividend Type	Amount of Dividend Per share (₹.)	Due for transfer to the Investor Education and Protection Fund
2012 – 13	Interim	6.00	08.03.2020
2014 –15	Interim	2.00	25.04.2022
2014 – 15	Final	1.00	10.09.2022
2016 – 17	Interim	4.00	30.03.2024
2017 – 18	Final	3.00	14.09.2025
2018 – 19	Interim	2.00	10.03.2026
2018 – 19	Interim	1.00	28.04.2026

NOMINATION FACILITY

Section 72 of the Companies Act, 2013 provides inter alia, the facility of nomination to shareholders. This facility is mainly useful for all holders holding the shares in single name.

In case where the securities are held in joint names, the nomination will be effective only in the event of the death of all the holders.

Shareholders are advised to avail of this facility.

BENEFITS OF DEMATERIALISATION

1.31% of the shares are still in physical form. Shareholders who are holding shares in physical form are advised to convert their holdings into demat form, since the Company's equity shares are under compulsory demat trading.

GENERAL

Members are requested to quote their Folio No./DP & Client ID Nos, Email ids, Telephone/Fax numbers for timely investor servicing by the Company/Registrar and Transfer Agent. Members holding shares in electronic form are requested to update with their depository participant their present address, e-mail ids and bank particulars (9 digit MICR code).

UNCLAIMED SUSPENSE ACCOUNT

In accordance with Regulation 39(4) read with Schedule VI of SEBI (LODR) Regulations, the Company has dematted all physical shares which remained unclaimed by shareholders to an "Unclaimed Suspense Account" opened by the Company for this purpose. All corporate benefits that accrue on these shares such as bonus shares, split etc. shall also be credited to the Unclaimed Suspense Account and the voting rights on such shares shall remain frozen. Shareholders whose shares are lying in unclaimed suspense account are requested to write to the Registrar & Transfer Agent and provide the correct details to enable the Company to transfer the unclaimed share certificate directly to the Shareholders demat account.

The following disclosures are made in pursuance of Regulation 34(3) read with Clause F of Schedule V of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 .

Sl.No.	Particulars	No. of shareholders	No. of shares
(i)	Aggregate number of shareholders and the outstanding shares lying in the unclaimed suspense account at the beginning of the year	1682	1041823
	Less : Number of shares transfer to Investor Education Protection Fund	69	59340
		1613	982483
(ii)	Number of shareholders who approached the issuer for transfer of shares from the unclaimed suspense account during the year	8	988 #
(iii)	Number of shareholders to whom shares were transferred from the unclaimed suspense account during the year	8	988
(iv)	* Aggregate number of shareholders and the outstanding shares lying in the unclaimed suspense account at the end of the year	1605	981495

* In respect of a transmission case, claim of one of the Legal heirs of the deceased shareholder has been settled. Since balance shares still remains unclaimed, it continues to appear in both no. of shareholders and no. of shares.

One shareholder has claimed part shares during 2017-18. Balance shares he claimed during the financial year 2018-19. Hence, under Sl.No (ii) and (iii), only number of shares transferred to him during the year has been taken into account.

BUSINESS RESPONSIBILITY REPORT

About this report

Securities Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 [SEBI (LODR) Regulations] prescribe that top 500 companies based on market capitalisation as per NSE / BSE as on March 31 of every financial year, are required to have "Business Responsibility Report" (BRR) as part of their Annual Report. 3. Governance related to BR

- a) Indicate the frequency with which the Board of Directors, Committee of the Board or CEO to assess the BR performance of the Company. Within 3 months, 3-6 months, Annually, More than 1 year

The BR performance revolves around a number of policies which is assessed by the BR Head monthly, quarterly and annually based upon its importance and impact on the Company's operations and activities.

- b) Does the Company publish a BR or a Sustainability Report? What is the hyperlink for viewing this report? How frequently it is published?

This is the third Business Responsibility Report of the Company which forms part of the Company's Annual Report for FY 2018-19. The same can be accessed at: www.eidparry.com/Financials/.

SECTION E: PRINCIPLE-WISE PERFORMANCE

PRINCIPLE 1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH ETHICS, TRANSPARENCY AND ACCOUNTABILITY

The Company lays strong emphasis on ethics and establishment of good governance culture. The Company believes that since organisations employ societal and environmental resources, governance processes must ensure that they are utilised efficiently to meet the aspirations and expectations of all stake holders. The Company believes in high standards of governance and adheres to good corporate practices and is constantly striving for improvement and adoption of best practices. Adherence to business ethics, transparency in dealings with all stakeholders, adequate and timely disclosure of information and commitment to corporate social responsibility are the basic elements of the governance policy of the company. The Company has always given its best efforts to uphold and nurture these core values across all operational aspects. These values and the commitment to ethical business practices are reflected in the Spirit of the Murugappa Group

which is inspired by a set of enduring values and beliefs called the 'Five Lights' – a guide to everyday excellence. It clearly defines a way of life, and is demonstrated by these strong values we live by: Integrity, Passion, Quality, Respect and Responsibility. These five Core Principles of the Murugappa Group of which the Company is a part, inspire the Company to set standards which not only meet the requirements of applicable legislations but go beyond, in many areas of its functioning.

1. Does the policy relating to ethics, bribery and corruption cover only the company? Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/ NGOs / Others?

The Company has a Whistle blower Policy which aims to deter and detect actual or suspected misconduct. It has been established to ensure that genuine concerns of misconduct/ unlawful conduct, which an individual believes may be taking place within the organisation, are raised at an early stage in a responsible and confidential manner. This mechanism also provides for adequate safeguards against victimisation of employees who avail of the mechanism. Any employee can report such incident without fear to the ombudsman.

The Company, as part of the Murugappa Group, is guided by its five core principles governing the group to remain consistently vigilant and ensure ethical conduct of its operations. All internal and external stakeholders of the Company are expected to work within the framework of these principles. The Company ensures selection of vendors and contractors, who maintain and follow ethical standards. The Company endeavours to impart periodical training on ethics to its employees and relevant stakeholders are also made aware of the same from time to time.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the year 2018-19, one complaint received from a stakeholder of the Company. The complaint was resolved satisfactorily.

PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES THAT ARE SAFE AND CONTRIBUTE TO SUSTAINABILITY THROUGHOUT THEIR LIFE CYCLE

Sustainability is a part of the Company's DNA. The Company has two different business lines i.e. Sugar and Nutraceuticals and they are all governed by the same principle of Sustainability - Enshrined in the tenets of conserving, preserving, enhancing and creating each business in sync with nature. The Company has been a pioneer in promoting sustainable farming practices. Two Sugar Plants of the Company are

certified by BONSUCRO, a multi stake holder organisations which fosters sustainability of the sugarcane sector. The Company is the first Sugar Company in Asia and amongst a select few across the globe to be certified as adhering to the sustainability standards and also for the new standard for the small holder farmers (2019).

The Company has Environmental and Safety Accreditations of EMS 14001 across its Units and OHSAS 18001 across some of its Units, to drive business sustainability. In order to move towards world class manufacturing, few factories of the Units, started practicing the Total Productive Maintenance (TPM) Tools. Pudukottai Unit is the world's first unit to receive the prestigious "Award for TPM Excellence, Category-A" from the Japan Institute of Plant Maintenance (JIPM) in Kyoto for achieving the most effective production system with sugar cane as the raw material. In order to serve the Customers with better Quality and food safety, three of the factories of the Company are certified for FSSC 22000 System and QMS ISO 9001. These plants serve as benchmarks for Traceability, Quality and Reliability. In order to address Social and Ethical Standards, two factories of the Company have been qualified under the Sedex Members Ethical Trade Audit (SMETA) for its Customers. The SMETA programme lists parameters to assess Social and Ethical Standards. The Company undertakes multi-centre field/ clinical trials to ensure that its products do not have an untoward impact on users. The Company is the world leader in micro algae technology comprising organic spirulina and natural Beta Carotenoids-Dunaliella Salina and Haematococcus pluvialis (Astaxanthin). Nutraceuticals are food or part of food that provides medical or health benefits including the prevention and/or treatment of a disease and Nutraceutical has advantage over the medicine because they avoid side effects and are naturally dietary supplements. The Nutraceuticals division having its facility for organic microalgae cultivation and processing located in Onaiyur has received the U.S. Food and Drug Administration (US-FDA) approval. With a growing shift towards natural and organic products, the Company has positioned itself strongly in the field of human health and wellness.

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

- **Sugar-** Sugarcane is a water-intensive crop. To optimize and conserve water, the Company promotes drip irrigation system, intercropping and trash conservation measures. These measures entail water savings upto 50% as established by reputed studies. Sugarcane contains 30% of solids and 70% of water. The water generated from sugarcane is reused in sugar plants, which helps in conserving ground water. Several collaborative initiatives are in place along with leading organizations for measuring carbon and water foot print and optimize the use of water in the Company's

command area of operation. To retain soil moisture and to conserve flora and fauna, trash is not burnt in the fields and instead they are shredded and mulched to improve water holding capacity and increase organic content of the soil. The Company has eliminated the use of chemical pesticides by advocating use of Bio-control agents through Integrated Pest Management and disease management Programs. Pressmud, a by-product of sugarcane, is used as organic manure in sugarcane fields which contains essential nutrients and organic carbon to improve and sustain the soil quality.

- **Power-** Bagasse, a by-product of sugarcane, is used as bio- fuel to generate power and export to grid as a green product. The ash generated is used as a filler during manure production. Bagasse is a CO₂ neutral renewable energy source and it qualifies for Clean Development Mechanism certification.

- **Distillery Products-** Molasses, a by-product of sugarcane, is used to manufacture Ethanol and is being blended with gasoline by the Oil Marketing Companies for use in automobiles. This helps in reduction of greenhouse gases as against fossil fuels. In the process of manufacturing Ethanol, CO₂ is generated, which is being bottled and used for industrial & potable purpose. The effluent generated from molasses based process, is rich in NPK which is being extracted through advanced technology and reused as fertilizer thus helping to reduce the use of chemical fertilizer in fields.

2. For each such product, provide the following details in respect of resource use (Energy, water, raw material etc.) per unit of product (optional):

- **Sugar** – For crushing of sugarcane, the resources required are water, steam and power. As sugarcane contains 70% of water, most of the factories draw minimum ground water for sugar production. The Company is one of the few to work towards achieving ZLD for the sugar operations. The Company has commissioned a condensate polishing unit at Nellikuppam factory which has enabled recycling of 2400 Cubic meter of water every day for a cane crush rate of 7000 MT/Day. This water recycling facility is also proposed to be replicated across other units. The factories have installed advanced energy conservation systems like vapour conditioners, vacuum system and VFD, which conserve energy. The average Industry norm on steam required for sugar process is 45.0% / ton of cane whereas the Company's factories operate between 32 to 39% / ton of cane. The Industry norm on power required is 38 kw/ton of cane whereas all factories operate between 24 to 30 kw/ton of cane.
- **Power** – The Industry norm of steam to fuel ratio is 2.0 to 2.2 where as all factories operate between 2.4 to 2.7.

- **Distillery Products** – The best fermentation and distillation efficiencies are achieved with overall efficiency at 89% to 90% as against the norm of 86%. In case of Alcohol, water required is 25 ltr/ ltr of alcohol whereas all factories of the Company operate between 10 -13 ltr/ltr of alcohol.
- The Company's carbon footprints of sugar and ethanol are very negligible when compared with other foods and fuels. The carbon footprint of sugar is expected to be in the range of 200 to 500 kg Co₂equivalent per tonne of sugar.

3. Does the company have procedures in place for sustainable sourcing (including transportation)? If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company is the first Company in Asia to obtain Bonsucro Certification for sustainable sugar. In order to align its operations and supply to its customers on sustainable sourcing, the Company has adopted Bonsucro certification. Incidentally, its Unit in Pugalur is the first Company producing sugar from cane in Asia to obtain Bonsucro Certification. Presently, Three Units of the Company i.e. at, Pugalur, Nellikuppam and Haliyal have been certified for Bonsucro Standards thereby ensuring sustainable sourcing. The Company has taken initiatives to increase the farmer base substantially in three years to come. Also the Company has started supplying Bonsucro Certified sugar to its customers.

4. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company is predominantly engaged in the business of manufacture of sugar and sugarcane is the primary raw material for its operations. The Company procures sugarcane from farmers who are located within its local command area and whose livelihood is directly dependent upon the Company. The Company has taken a number of initiatives to improve the yield through adoption of sustainable cultivation practices. 2000 farmers are currently certified as adopting sustainable practices by conforming to the latest BONSUCRO small holder farmer standards. The farmers are engaged with the Company in a number of initiatives, like clean seed development programs, Sustainable Sugarcane Initiative (SSI) program promoted by the state government, integrated bio based crop protection programs, drip irrigation etc., which has direct benefits through improvement in economic wellbeing. The company also promotes many rural entrepreneur amongst its farmers for mechanised cultivation ,nursery seeding production

and production of biocontrol agents and this has brought about a significant economic transformation of the predominantly agrarian economy. Women farmer training programs and empowerment have brought women into the forefront of agriculture thus encompassing all genders in business chain management. The Company supports the communities around the place of work by seeking contractual arrangements for handling and transportation of its products and in-plant services.

5. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The production of Sugar from Sugarcane is indeed an eco-friendly virtuous cycle. All joint and by products generated during the process of sugar manufacture are productively utilised viz. bagasse is utilised for power generation, molasses is utilised to produce distillery products and other wastes generated like press mud are utilised for manufacture of organic manure. The Company has laid down comprehensive guidelines on waste management for all its units, which cover hazardous as well as non-hazardous waste and monitoring of performance for each unit, is carried out on a regular basis. The Company is one of the few sugar factories to work towards achieving ZLD for the sugar operations. The Company has commissioned a condensate polishing unit at its Nellikuppam factory which has enabled recycling of 2400 Cubic meter of water every day for a cane crush rate of 7000 MT/Day. This water recycling facility will be replicated across other units also. The Company has adopted management practices detailed under the international standards such as ISO 9001, ISO 14001, OHSAS. Some of the manufacturing units of the Company are already certified and are working towards improvement in energy efficiency.

PRINCIPLE 3: BUSINESSES SHOULD PROMOTE THE WELLBEING OF ALL EMPLOYEES

The Company ensures a work environment that promotes well-being of all its employees. Focusing on health, safety and preventing discrimination are part of the Company's guiding principles on Employees' well-being. The Company provides equal employment opportunities to all irrespective of their caste, creed, gender, race, religion, disability etc., The Company respects the right of employees to freedom of association, participation, and collective bargaining and provides access to appropriate grievance redressal mechanisms. The Company is committed to provide a work environment which ensures that every woman employee is treated

with dignity, respect and equality. The Company has instituted processes and mechanisms to ensure that issues relating to sexual harassment are effectively addressed. In terms of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, Internal Complaints Committees have been constituted in all units. These Committees are intended to facilitate open and structured discussions on sexual harassment complaints, and to ensure their resolution in a fair and just manner. The Company has strengthened its performance-driven orientation through robust competence mapping, gap identification, training and development. The Company contributes to the medical insurance of its employees and also organises health check-ups for employees. The Company also enhances employee engagement through various initiatives on an ongoing basis. The Company is deeply committed to safety of its Employees at workplace and regularly organises mock fire drills and Fire Safety training classes at all its locations.

1. Please indicate the total number of employees.

The total number of permanent Employees is 2485 as on March 31, 2019.

2. Please indicate the total number of employees hired on temporary / contractual / casual basis.

The total number of employees hired on temporary / contractual / casual basis is 2532 as on March 31, 2019.

3. Please indicate the number of permanent women employees

The total number of Women Employees is 54 as on March 31, 2019

4. Please indicate the Number of permanent employees with disabilities

The number of permanent employees with disabilities is 5.

5. Do you have an employee association that is recognized by management?

Yes. We have employees' associations for Non-Management Employees which are recognised by the Management.

6. What percentage of your permanent employees is members of this recognized employee association?:

Percentage of Permanent employees in recognised employees association 70%

7. Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No	Category	No of complaints filed during the financial year	No of complaints pending as on end of the financial year
1	Child labour/forced labour/involuntary labour	Nil	Nil
2	Sexual harassment	Nil	Nil
3	Discriminatory employment	Nil	Nil

8 What percentage of your under mentioned employees were given safety & skill up-gradation training in the previous year?

- Permanent Employees: 85%
- Permanent Women Employees : 86%
- Casual/Temporary/Contractual Employees : 100%
- Employees with Disabilities : 0.00%

PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TOWARDS ALL STAKEHOLDERS, ESPECIALLY THOSE WHO ARE DISADVANTAGED, VULNERABLE AND MARGINALIZED

The Company is responsive to the requirements of all its Stakeholders and this is enshrined in our Corporate Values & Beliefs of Integrity, Passion, Quality, Respect and Responsibility. These values require that the Company acts as a responsible corporate citizen and change lives for the better and this is to be done in a manner that reflects humility. These values require us to provide everyone equal opportunities to progress and grow. The Company considers its employees, business associates (network of farmers, suppliers, stockists and dealers), customers, shareholders/investors and communities surrounding its operations and regulatory authorities as its key stakeholders. The Company continues its engagement with them through various mechanisms such as consultations with local communities, small farmer training, women empowerment in agriculture, supplier/vendor meets, customer/employee satisfaction surveys, investor forums, etc. The Company's website, www.eidparry.com, contains comprehensive information for the stakeholders about the Company. The Company also has designated an exclusive email- id for investor services – investorservices@parry.murugappa.com. The Company also promptly intimates the Stock Exchanges about all price-sensitive information or such other matters which in its opinion are material and of relevance to the stakeholders of the Company.

1. Has the company mapped its internal and external stakeholders?

Yes. The Company has mapped its internal and external stakeholders. It uses both formal and informal mechanisms to engage with various stakeholders to understand their concerns and expectations.

2. Out of the above, has the company identified the disadvantaged, vulnerable & marginalized stakeholders.

The Company identifies underprivileged communities around its business locations as disadvantaged, vulnerable and marginalised stakeholders and continuously engages with all such stakeholders identifying their needs and priorities so as to serve these needs accordingly.

3. Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders. If so, provide details thereof, in about 50 words or so.

The Company has always engaged itself in special initiatives with the disadvantaged, vulnerable and marginalized stakeholders. Special targeted small farmer development collaborative projects with leading institutions are underway to entail inclusive growth and development of marginal and women farmers. The company has a dedicated state of the art and integrated R&D function with facilities recognised by the Department of Scientific & Industrial Research (DSIR), Ministry of Science & Technology, Govt. of India. The R&D facilities promote soil test based nutrient management, production of low cost eco-friendly bio-products and plant tissue culture facility for production of quality seed to farmers. Many rural entrepreneurs are nurtured to inclusively enable technology transfer among marginalised farming communities.

PRINCIPLE 5: BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

The Company respects the rights and dignity of all individuals and upholds the principles of human rights. The Company's commitment to human rights and fair treatment is set out in its code of conduct and the Five Principles governing the group. The policy provides conduct of operations with honesty, integrity and openness with respect for human rights and interests of employees. The Company believes that a sustainable organisation rests on a foundation of ethics and respect for human rights.

1. Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/ Suppliers/ Contractors/NGOs/Others?

The Company's Policy on Human Rights covers not only the Company but extends to its subsidiaries. The Company encourages its suppliers, contractors and others to follow the principles laid down in the five principles of its values and beliefs.

Respecting human rights is fundamental to the Company's policies and business dealings and the Company is equally focussed on building awareness around promotion of human rights with every associate and supply chain partners. All employees and contractors are required to respect the human rights of fellow workers and communities where the Company operates. The Company does not employ child labour and does not permit any occurrence of forced or compulsory labour, conducts proper checks and audits to ensure that its contractors follow the same. The Company's business relationship with its Vendors / contractors encourages its vendors to comply with relevant laws safeguarding labour rights and human rights.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

The Company has not received any Complaints pertaining to violation of Human rights during the financial year 2018-19.

PRINCIPLE 6: BUSINESS SHOULD RESPECT, PROTECT, AND MAKE EFFORTS TO RESTORE THE ENVIRONMENT

The Company places its highest priority in ensuring that best practices and procedures are followed relating to environment protection. To enrich soil, the Company ensures that its farmers carry out trash shredding or trash mulching post-harvest. The by-products after process are efficiently recycled as pressmud or enriched compost to implement the concept of waste to wealth creation. These value added by-products ensure soil health through increase in soil organic matter. The Company promotes water conservation and management measures by drip irrigation system. Further, the Company does not use ground water for process in any of the sugar units. Sugarcane contains 70% of water which is extracted and recycled in process as well as used back for irrigation in fields. Bagasse is used as fuel in boilers which does not emit any obnoxious gases like So₂. Bagasse is a CO₂ neutral fuel and is a source of renewable energy. All the factories of the Company have installed online effluent and air mission monitoring systems, which are connected to the websites of CPCB/ SPCB for online monitoring.

1. Does the policy related to Principle 6 cover only the company or extends to the Group/Joint Ventures/Suppliers/ Contractors/NGOs/others.

Sustainability is built into Company's business processes. As on date, the Company is encouraging all its external stakeholders to strictly adhere to safety and restoration of the environment.

2. Does the company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc? Y/N. If yes, please give hyperlink for webpage etc.

All factories of the Company have a green belt to an extent of 40% of plant area. The Company has promoted through training and demonstrations to all its farmers not to burn the trash post-harvest, but to shred and mulch to enrich the soil and balanced fertiliser application without use of pesticides is being promoted to mitigate the risk to environment on a larger scale. Carbon and water footprinting exercise has been carried out with National and International Institutions. Bagasse is the predominant fuel used in the factories and this is an environment friendly renewable energy source.

3. Does the company identify and assess potential environmental risks? Y/N

Yes, the Company has a mechanism to identify and assess potential environmental risks in its plants, projects and operations. Environmental risk identification and mitigation is ingrained in the Company's risk management system.

4. Does the company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

The Company uses Bagasse as the primary fuel to generate both thermal and electrical energy requirements of the plants. Bagasse is a CO₂ neutral fuel, qualifying for Clean Development Mechanism.

All major locations are certified for requirements under ISO 14001 (Environmental Management System) and OHSAS 18001 (Occupational Health and Safety System). The system requirements are broad based by incorporating internal standards. Layered audits are carried out to check the level of compliance. Deviation management system ensures that the corrective actions are close looped and issues are addressed within a reasonable time frame.

5. Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for web page etc.

The Company has undertaken clean technology to ensure Zero water drawl from ground/river/canals for the operation of the sugar factory. The distilleries of the Company are ZLD compliant and the solids recovered from the effluent, are recycled as a manure. The Company has undertaken a number of measures for energy efficiency as follows:

- Variable frequency drive installation to reduce power consumption
- Instrumentation for steam & condensate flow to minimize energy
- Automatic combustion control system in the boilers to optimize fuel usage.
- Recycle of unburnt carbon ash to minimize fuel consumption
- Energy audits and reviews to optimize the usage of thermal and electrical energy.

All factories of the Company have installed the advanced energy conservation systems like vapour conditioners, vacuum system and VFD, which conserve energy. The industry norm on steam required for sugar process is 45.0% per ton of cane whereas all factories operate between 32 to 39% per ton of cane. The industry norm on power required is 37 kw per ton of cane whereas all factories operate between 24 to 30 kw per ton of cane. The industry norm of steam fuel ratio is 2.0 to 2.2 where as our units operate between 2.4 to 2.7. Many of the factories of the Company have won the “Excellent energy efficient unit” awards from CII and from Bureau of Energy Efficiency, Government of India. In the area of Renewable energy, the bio-gas generation from effluent – reduce fossil fuel use. The Effluent used as fuel in incineration boiler generates steam and power.

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes, the emissions / waste generated by the Company are within the permissible limits given by CPCB/ SPCB. Besides the Company's manufacturing units are connected on line with the CPCB, which monitors on a regular basis the norms laid down under the applicable environment protection laws.

7. Number of show cause/ legal notices received from CPCB/ SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

There were no pending or unresolved show cause/legal notices from CPCB/SPCB as at the end of 2018-19.

PRINCIPLE 7: BUSINESSES, WHEN ENGAGED IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A RESPONSIBLE MANNER

The Company believes that being in an industry, which is one the most regulated sectors, significant improvement can be achieved, if the Company works together with the Government, legislators, trade bodies and regulators to create positive policies affecting the industry especially cane pricing and sustainable growth affecting millions of farmers. The Company has always been at the forefront and strived to create a positive impact in the business eco-system and communities by practicing proactive advocacy not for securing certain benefits for

industry, but also advocating certain best practices for the benefit of the community at large who are affected by its business. The Company engages with a number of industry bodies and associations to influence public and regulatory policy in a responsible manner.

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

The Company is a member of various trade and chamber associations. The Indian Sugar Mills Association (ISMA) and South Indian Sugar Mills Association (SISMA) are the prime bodies that represent the interests of the private sugar mills and is the interface between the industry and Government on policy matters relating to sugar industry. The Company actively participates in the functioning of ISMA and SISMA in the matter of advancing the cause of the Industry and policy matter concerning the industry as well as vital issues concerning the industry.

Besides, the Company is a member of the following Associations.

- a) CII (Confederation of Indian Industry)
- b) FICCI (Federation of Indian Chamber of Commerce and Industry)
- c) ASSOCHAM (Associated Chambers of Commerce and Industry of India)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes, specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

The Company through ISMA, SISMA and various other industry associations, participates in advocating matters for advancement of the industry's interest and public good. It supports various initiatives of the Government which include farmers welfare, environment, customer information and education.

PRINCIPLE 8: BUSINESSES SHOULD SUPPORT INCLUSIVE GROWTH AND EQUITABLE DEVELOPMENT

The Murugappa Group is known for its tradition of philanthropy and community service. The Group's philosophy is to reach out to the community by establishing service-oriented philanthropic institutions in the field of education and healthcare which has been identified as the core focus areas. The Company has been upholding the Group's tradition by earmarking a part of its income for carrying out its social responsibilities. The Company believes that social responsibility is not just a corporate obligation that has to be carried out but it is one's dharma. The Company has been carrying out Corporate Social Responsibility (CSR) activities for a long time through AMM Foundation, an autonomous charitable trust, in the field of education and healthcare, while also pursuing CSR activities for the benefit

of local communities around the factories in the States of Tamil Nadu, Andhra Pradesh and Karnataka.

The Company has always believed to ensure protection of interests of all its stakeholders in tandem with its growth. The Company believes not only in value-added business, but also in discharging its responsibilities to various sections of society and in providing opportunities to learn, contribute, advance, recognize and reward initiative, innovativeness and creativity. It believes in not only making customers delighted, but the community around also, by establishing service-oriented philanthropic institutions in the field of Education and Medicare. The Company has leveraged its 100 years old experience in cane procurement and sugar manufacturing in satisfying the needs of its principal stake holders, the farmers and the consumers. The most important stakeholder of the Company are farmers and rural communities with whom the Company has forged long and enduring partnerships through crop development and procurement activities. The Company has the distinction of being the only sugar Company in India in making prompt payment to farmers even in the most difficult times. Timely payment to farmers is not only one of the critical and most enduring practice practiced by the Company but it is the hallmark of its existence and operations. The stakeholder communities face the challenge of securing sustainable livelihoods, which is addressed through the Company's multi-pronged approach to address these issues at several levels and methods. Besides prompt payment, the Company helps the farmers in a number of ways to meet their crop protection needs, improvement of yield and recovery and adoption of best cultivation practices

1. Does the Company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

Inclusive growth is at the core of the Company's community development strategy. As mandated by the Companies Act, 2013 and based on recommendation of the CSR Committee, the Board of Directors have adopted a CSR Policy. The CSR policy, inter-alia, deals with the objectives of the Company's CSR initiatives, the guiding principles, the thrust areas of CSR, the responsibilities of the CSR Committee, the implementation plan and reporting framework:

The thrust areas of the Company's CSR activities are:

- Empowerment of the disadvantaged sections of the society through education, access to and awareness about financial services and the like;
- Provision of access to basic necessities like healthcare, drinking water & upliftment of underprivileged;
- Work towards eradicating hunger and poverty, through livelihood generation and skill development;

- Supporting environmental and ecological balance through afforestation, soil conservation, rain water harvesting, conservation of flora & fauna, and similar program;

2. Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/ any other organization?

The Company undertakes CSR project/programs identified by the CSR Committee and approved by the Board of Directors, in line with the CSR Policy.

Thereafter the Company implements its CSR programs/projects:

- a) Through an implementation partner that can be a public charitable trust or a society registered under applicable Acts or a Company registered under Section 8 of the Companies Act, 2013 or
- b) On its own

3. Have you done any impact assessment of your initiative?

Yes, the CSR committee internally performs a review and an impact assessment of its initiatives at the end of each year to understand the effectiveness of the programme in terms of delivery of desired benefits to the community and to gain insights for improving the design and delivery of future initiatives.

4. What is your Company's direct contribution to community development projects- Amount in INR and the details of the projects undertaken.

During the year 2018-19, the Company has spent an amount of ₹120.40 Lakh on CSR activities encompassing various community development projects. As per Section 135 of the Companies Act, 2013, the Company was not required to spend any amount on CSR Activities during the year 2018-19 considering its average net profits for the preceding three financial years. During the year, the Company won ET Now's Best Corporate Social Responsibilities Practices Award during Feb 2019 at Mumbai.

Details of the projects undertaken are given in Annual Report on CSR Activities enclosed as Annexure 'C' to the Board's Report.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

The CSR Committee of the Board of Directors identifies and implements all CSR projects/ programs and periodic reports are provided for review by the Committee.

The Company has a well-defined, transparent monitoring and review mechanism to ensure that each CSR projects/ program has:

- 1) Clear sustainable objectives developed out of the societal needs that may be determined through need assessment studies and research (secondary or primary);
- 2) Clear targets, time lines and measurable indicators, wherever possible;
- 3) A progress monitoring and reporting framework that is aligned with the requirements of Section 135 of the Companies Act 2013 and the Companies (Corporate Social Responsibility Policy) Rules, 2014.

PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CUSTOMERS AND CONSUMERS IN A RESPONSIBLE MANNER

The Company is committed to delivering Quantity products combined with Quality. This provides a value proposition to the customers and meet their expectations. The Company produces its products by working closely with the Customers and understanding their requirements. The company has derived a Food Safety and Quality Policy to drive its business. In order to provide the first time product to its customers, the plants follows either TPM or interventions such as FSSC 22000 and QMS ISO 9001:2015 system. Being involved in the business of providing food products, it is of paramount importance to align products with stringent qualitative and performance related parameters. The products of the Company undergo quality checks at different levels and well-defined SOPs and procedures have helped to identify and eliminate bottlenecks in the processes and systems. The Company's overall approach on this aspect is guided by its quality policy, food safety policy and TPM Policy. The Company's food safety management system is based on various practices and codes for food safety, including HACCP, good manufacturing practices, Codex, Alimentarius commission guidelines, ISO 22002-1:2009, norms laid down by Food Safety and Standards Authority of India and other similar food safety standards issued from time to time. Across Plants, surveillance audits and certifications are conducted for Quality, Environment, Food Safety and Occupational Health & Safety (OHSAS 18001). Focused quality enhancement initiatives are rolled out to enable the Company to benchmark with the best-in-class and be future ready. to meet the challenges of a globally competitive market. The major plants of the Company have Food Safety Systems Certification (FSSC 22000) and certification for Supplier's Guiding Principles (SGP) compliance. Some of its Units are regularly audited by Customers to verify and validate to qualify to their required standards.

1. What percentage of customer complaints / consumer cases are pending as on the end of financial year.

The Company has addressed all the customer complaints received during the FY 2018-19 and there were no customer complaints pending with the Company as on March 31, 2019. Each of the

received complaints was handled by respective Units and its expert teams meticulously. A robust system of handling customer complaint exists within the Company. The Company records all the complaints in SAP plant form. Each of the complaints immediately on receipt undergoes a thorough investigation. Root Cause Analysis is carried out to have correction or corrective or preventives actions taken. These actions are communicated back to the customer. In the FY 2018-19, a total of 60 customer complaints from institutional, trade and retail customers were registered in SAP system with the Company. All the complaints were resolved with appropriate corrections, counter measures/ corrective / preventive actions based on the root cause analysis / Why Why analysis carried out at the respective Units of the Company. Also proactively several Standard Operation Procedures (SOPs) were strengthened / revised / developed for the required Quality and Food Safety requirements across the Units and deployed horizontally.

2. Does the company display product information on the product label, over and above what is mandated as per local laws?

The Company displays all the requisite product information and safety guidance on the product label as required under the Food Safety and standards Act, 2006, Legal Metrology Act, 2011 and other applicable laws. Over and above the mandatory requirements, the Company also subscribes to various customer information requirements. Product Information about the physical dimensions and/or compositions/nutrient content is provided through the product labels/pack declaration and/or catalogues.

3. Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

There have been no cases relating to unfair trade practices, irresponsible advertising and/or anti-competitive behavior against the Company.

4. Did your company carry out any consumer survey/consumer satisfaction trends?

To understand its quality of product, process, packing and services, the company conducts periodical customer surveys/ feed backs at planned intervals. The core objective is to establish the level of satisfaction amongst customers of the Company and to identify areas of improvement in its services. In addition to these, the Company also carries out market research surveys to understand markets, customer trends and expectations.

INDEPENDENT AUDITOR'S REPORT

To The Members of E.I.D.- Parry (India) Limited

Report on the audit of the Standalone Indian Accounting Standards (Ind AS) Financial Statements

Opinion

1. We have audited the accompanying standalone Ind AS financial statements of E.I.D. - Parry (India) Limited ("the Company"), which comprise the balance sheet as at March 31, 2019, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the key audit matter
<p>Impairment assessment of carrying value of Investment in Parry Sugars Refinery India Private Limited (PSRIPL)</p> <p>(Refer Note 5 A to the standalone Ind AS financial statements)</p> <p>The Company's investment in PSRIPL, a wholly owned subsidiary of the Company, aggregates to ₹ 56,871 Lakh as at March 31, 2019.</p> <p>PSRIPL is engaged in the business of manufacture and sale of refined sugar. The carrying value of investment is greater than the net worth of the subsidiary as at March 31, 2019 which is an indicator of potential impairment of this investment and accordingly an impairment assessment has been performed by the Management.</p> <p>This is a key audit matter as the investment is significant to the financial statements and Management judgement is required in certain key areas such as discount and growth rates in estimating future cash flows prepared by the Company (the Model) along with the Management's valuer to support the carrying value of its investment.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding and evaluating the design and testing the operating effectiveness of key controls in relation to the impairment testing Model. • Assessing the Model and evaluating the independence, competence, capabilities and objectivity of the management's valuer. • Assessing the historical accuracy of the Company's forecasts by comparing the forecasts used in the prior year models with the actual performance in the current year. • Testing the mathematical accuracy of the underlying calculations and agreeing the forecasts for the ensuing year with the latest Board approved budgets. • Evaluating, along with the auditor's experts, the key assumptions such as discount rate and growth rate used in the Model. • Performing sensitivity tests on the Model for a range of certain assumptions, such as discount rate and growth rate. • Evaluating adequacy of the disclosures made in the financial statements. <p>Based on the procedure performed, we did not identify any material exceptions in the impairment assessment carried out by the management in respect of the carrying value of its investment in Parry Sugars Refinery India Private Limited.</p>

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report together with the annexure thereto, Report on Corporate Governance and Business Responsibility Report but does not include the standalone Ind AS financial statements and our auditor's report thereon. Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the Standalone Ind AS financial statements

6. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
7. In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Ind AS financial statements

8. Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the financial statements represent the

underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

13. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations on its financial position in its standalone Ind AS financial statements – Refer Note 53 to the standalone Ind AS financial statements.
 - ii. The Company has long-term contracts including derivative contracts as at March 31, 2019 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2019

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in paragraph 14(f) of the Independent Auditors’ Report of even date to the members of E.I.D. -Parry (India) Limited on the standalone Ind AS financial statements as of and for the year ended March 31, 2019.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of E.I.D. – Parry (India) Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference

to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company’s internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of E.I.D. -Parry (India) Limited on the standalone Ind AS financial statements as of and for the year ended March 31, 2019

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) According to the information and explanations given to us and based on the examination of the registered title deeds provided to us, we report that the title deeds of all the immovable properties of land and buildings as disclosed in Note 2, 3 and 10 to the standalone Ind AS financial statements are held in the name of the Company as at the Balance Sheet date other than those immovable properties which are yet to be registered in the name of the company consequent to the Scheme of Arrangement (Demerger) of Haliyal and Sankili units of Parry Sugar Industries Limited with the Company and Scheme of Amalgamation of Sadashiva Sugars Limited with the Company.
 Immovable properties of land and buildings whose title deeds have been pledged as security for loans, guarantees, etc. are held in the name of the Company as per the Memorandum of Entry executed by the Company and confirmed by the banker as on the balance sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the financial statement, the lease agreements are in the name of the Company where the Company is a lessee in the agreement.
- ii. The physical verification of inventory excluding stocks with third parties have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and securities provided by it.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of employees' state insurance, income tax, and professional tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including provident fund, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, goods and service tax and other material statutory dues, as applicable, with the appropriate authorities. Also refer Note 29 to the standalone Ind AS financial statements regarding management's assessment on certain matters relating to provident fund.
- (b) According to the information and explanations given to us and the records of the Company examined by us, the particulars of dues of income tax, sales tax, service tax, duty of excise duty and value added tax as at March 31, 2019 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (In Lakh)*	Period to which the amount relates	Forum where the dispute is pending
The Finance Act, 1994	Service Tax	180	2005-06 to 2016-17	Commissioner (Appeals)/ Central Excise and Service Tax Appellate Tribunal
The Central Excise Act, 1944	Excise duty	1,260	1997-2016	(Commissioner Appeals)/CESTAT/Honorable High Court/Honorable Supreme Court
Sales Tax Act of various states/ Central Sales Tax Act, 1956	Sales Tax	264	1978-2016	Assistant/ Deputy Commissioner/ Tribunal/ Honorable Supreme court
Income Tax Act, 1961	Income Tax dues	5,575	1984-85 to 2015-16	Income Tax Appellate Tribunal / CIT Appeals / Honorable High Court

*net of amount paid under protest

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government or dues to debenture holders as at the balance sheet date.
- ix. In our opinion, and according to the information and explanations given to us, the moneys raised by way of term loans have been applied for the purposes for which they were obtained. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments).
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. As more fully discussed in Note 40 to the Standalone Ind AS financial statements, managerial remuneration aggregating to ₹ 152 Lakh have been paid in excess of the limits prescribed under Section 197 read with Schedule V. The Company has proposed to obtain shareholders' approval in the ensuing Annual General Meeting to comply with the requirements of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Corporate Information

E.I.D. - Parry (India) Limited is a significant player in Sugar with interests in promising area of Nutraceuticals. The Company also has a significant presence in Farm Inputs business through its subsidiary, Coromandel International Limited.

The Company has eight sugar factories having a capacity to crush 43,800 Tonnes of Cane per day, generate 160 MW of power and four distilleries having a capacity of 234 KLPD. In the Nutraceuticals business, it holds a strong position in the growing wellness segment mainly catering to the world markets with its organic products.

SIGNIFICANT ACCOUNTING POLICIES

1 Statement of Compliance

The financial statements have been prepared in accordance with Ind ASs notified under Sec 133 of the Companies Act, 2013[Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Standards issued but not yet effective

The Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, 2019 (the 'Rules') on March 30, 2019. The rules notify the new lease standard Ind AS 116, Leases and also brings in amendments to existing Ind AS. The rules shall be effective from reporting periods beginning on or after April 1, 2019 and cannot be early adopted.

a) New Standard issued :

Ind AS 116 , Leases

Ind AS 116 requires the lessee to recognise a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements.

The lessee will no longer be required to classify a lease as an operating lease or finance lease. The new standard requires entities to make more judgements and estimates in determining when a customer has the right to direct the use of an identified asset and the incremental rate of borrowing and make more disclosures (e.g., discount rate, weighted average lease term, other qualitative and quantitative information). In the capacity of a lessee, most companies will have a significant impact on their balance sheets along with ancillary impacts on their financial metrics. The new standard is mandatory for financial years commencing on or after April 1, 2019 and early application is not permitted. The standard permits either a full retrospective or a modified retrospective approach for the adoption.

Impact: The Company is in the process of assessing the impact of adoption of Ind AS 116.

b) Amendments to existing standards

Amendments to Ind AS 12, Income Taxes

- (i) Appendix C to Ind AS 12, Income Taxes has been inserted. The appendix provides accounting for uncertainty over income tax treatments. The appendix corresponds to IFRIC 23, Uncertainty over Income Tax Treatments issued by the IFRS Interpretations Committee.
- (ii) New paragraph 57A has been added to Ind AS 12 to clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognised.

Impact: The Company is in the process of assessing the detailed impact of above amendment.

Amendment to Ind AS 19, Employee Benefits

Amendment to Ind AS 19, Employee Benefits requires an entity to:

- (i) use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- (ii) recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Company.

Amendment to Ind AS 23, Borrowing Costs

Amendment to Ind AS 23, Borrowing Costs clarifies that if a specific borrowing remains outstanding after a qualifying asset is ready for its intended use or sale, it becomes part of general borrowings.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Company.

Amendment to Ind AS 28, Investments in Associates and Joint Venture

Amendment to Ind AS 28, Investments in Associates and Joint Ventures states that Investors could have long-term interests (for example, preference shares or long-term loans) in an associate or

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

joint venture that form part of the net investment in the associate or joint venture. The amendment clarifies that these long-term interests in an associate or joint venture to which the equity method is not applied should be accounted for using Ind AS 109, Financial Instruments. The requirements of Ind AS 109 are applied to long-term interests before applying the loss allocation and impairment requirements of Ind AS 28.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Company.

Amendments to Ind AS 103, Business Combinations and Ind AS 111, Joint Arrangements

This amendment clarifies measurement of previously held interest in obtaining control/joint control over a joint operation as follows:

- (i) On obtaining control of a business that is a joint operation, previously held interest in joint operation is remeasured at fair value at the acquisition date;
- (ii) A party obtaining joint control of a business that is joint operation should not remeasure its previously held interest in the joint operation.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Company.

Amendment Ind AS 109, Financial Instruments

Amendment to Ind AS 109 to enable an entity to measure at amortised cost some prepayable financial assets with negative compensation. Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Company.

1.1 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, defined benefit plan - plan assets measured at fair value, assets held for sale which is measured at lower of cost and fair value less cost to sell and share based payments as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation

technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

The principal accounting policies are set out below.

1.2 Revenue Recognition

The Company has adopted Ind AS 115 from April 1, 2018 and had opted for retrospective application with the cumulative effect of initially applying this standard recognised as an adjustment to the opening balance of retained earnings at the date of initial application. The standard has been applied to all open contracts as on April 1, 2018 and subsequent contracts with customers from that date.

i. Sale of goods

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Certain products of the Company carry a right of return. The Company based on accumulated experience estimates the right of return and revenue is recognised only to the extent that it is highly probable that a significant reversal in the cumulative revenue recognised will not occur. The validity of this assumption and estimated amount of return are reassessed at each reporting period.

ii. Rendering of services

The performance obligation under service contract are provision of handling service, business support service and other ancillary services set forth in the contracts. Revenue from rendering of services are recognised over a period of time by reference to the stage of completion as the customer simultaneously receives and consumes the benefit provided by the Company's performance as the Company performs.

Payment for the service rendered is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

iii. Dividend and interest income

- a). Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).
- b). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

iv. Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

v. Export Incentives

Export incentive under Duty Entitlement Pass Book Scheme are treated as income in the year of export at the estimated realisable value.

1.3 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Company as Lessee

The Company's significant leasing arrangements are in respect of operating leases for premises that are cancelable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease or based on the time pattern of user benefit basis. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

Company as Lessor

The Company's significant leasing arrangements are in respect of operating leases for premises that are cancelable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

1.4 Functional and Presentation Currency and Foreign Currency Transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (i.e. the "functional currency"). The

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for :

- Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- Exchange differences on transactions entered into in order to hedge certain foreign currency risks (see note 1.20 below for hedging accounting policies); and
- Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

1.5 Borrowings and related costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the

consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ (losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.6 Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the company with no future related costs are recognised in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

In respect of government loans at below-market rate of interest existing on the date of transition, the Company has availed the

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

optional exemption under Ind AS 101 - First Time Adoption and has not recognised the corresponding benefit of the government loan at below-market interest rate as Government grant.

1.7 Employee Benefits

(a) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Remeasurement

The company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Past service cost is recognised in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Contributions paid/payable to defined contribution plans comprising of Superannuation (under a scheme of Life Insurance Corporation of India) and Provident Funds for certain employees covered under the respective Schemes are recognised in the Statement of Profit and Loss each year.

The Company makes contributions to Provident Fund Trusts for certain employees, at a specified percentage of the employees' salary. The Company has an obligation to make good the shortfall, if any, between the return from the investments of trust and the notified interest rates.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs.

(b) Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

Gratuity for certain employees is covered under a Scheme of Life Insurance Corporation of India (LIC) and contributions in respect of such scheme are recognized in the Statement of Profit and Loss. The liability as at the Balance Sheet date is provided for based on the actuarial valuation carried out as at the end of the year.

1.8 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 50.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

Under the previous GAAP, share based payment costs were accrued on an intrinsic value method. Upon transition to Ind AS, the Company has availed the exemption to apply the fair value to only unvested options.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

1.9 Earnings per Share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

1.10 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

a. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and unused tax losses. Deferred tax assets are generally recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and unused tax losses can be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that

there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

c. Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

1.11 Property, Plant and Equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Company's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Estimated useful lives of the assets as per technical evaluation performed by the Company are as follows:

Asset	Useful lives (in years)
Buildings	3 - 60 years
Plant and equipment (Continuous Process)	2-18 years
Plant and equipment (General)	2 - 8 years
Vehicles	4 - 8 years
Office equipment, furniture and fixtures	3 - 10 years

Assets on leased premises are depreciated over the remaining period of lease or as per the useful life tabulated above whichever is less.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

Assets costing ₹ 5,000 and below are depreciated over a period of one year.

1.12 Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost including transactions costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirement for cost model. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful lives of the assets are as follows:

Asset	Useful lives (in years)
Buildings	10 - 60 years

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

1.13 Intangible Assets

a. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

b. Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

c. Derecognition of intangible assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognized.

d. Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Asset	Useful lives (in years)
Software & Licenses	3 to 10 years

1.14 Impairment of Tangible & Intangible Assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives, goodwill and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash

flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

1.15 Inventories

Inventories other than by products are stated at the lower of cost and net realizable value. Inventories of by-products are valued at net realizable value. Cost of raw materials and traded goods comprises cost of purchases after deducting rebates and discounts. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Net realizable value represents the estimated selling price in the ordinary course of business, less all estimated costs of completion and costs necessary to make the sale. Cost of inventories are determined on weighted average basis.

1.16 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

1.17 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.18 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

a. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The debt instruments carried at amortised cost include Deposits, Debtors, Loans and advances recoverable in cash.

For the impairment policy on financial assets measured at amortized cost, refer Note 1.18e

Investment in subsidiaries are accounted under cost basis.

For the impairment policy on investment in subsidiaries, refer Note 1.18e

All other financial assets are subsequently measured at fair value.

b. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

c. Investments in equity instruments at FVTOCI

The Company has elected to carry investment in equity instruments at Fair value through other comprehensive income. On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

The Company has equity investments which are not held for trading. The Company has elected the FVTOCI irrevocable option for these investments (see note 6). Fair value is determined in the manner described in note 49.8.

Dividends on these investments in equity instruments are recognised in profit or loss when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

d. Financial assets at fair value through profit or loss (FVTPL)

The Company carries derivative contracts not designated in a hedge relationship at FVTPL. Financial assets at FVTPL also includes assets held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

e. Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information on case to case basis.

f. Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

g. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

1.19 Financial liabilities and equity instruments

a. Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

c. Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

c.1. Financial liabilities at FVTPL

Financial liabilities at FVTPL includes derivative liabilities. Non-derivative financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL. There are no non-derivative financial liabilities carried at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Fair value is determined in the manner described in note 49.8.

c.2. Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial

liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

c.3. Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109;
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

c.4. Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

c.5. Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognised in profit or loss.

1.20 Derivative financial instruments & Hedge Accounting

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps. Further details of derivative financial instruments are disclosed in note 49.8

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

The Company designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Cash Flow Hedge

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recorded in other comprehensive income and are grouped under head of cashflow hedge reserve. The gain or loss relating to the ineffective portion is recognized immediately in the profit or loss, and is included in the 'Other income' line item. The cumulative gain or loss previously recognized in other comprehensive income remains there until the forecast transaction occurs. When the hedged item is a non-financial asset, the amount recognized in other comprehensive income is transferred to the carrying amount of the asset when it is recognized.

In other cases the amount recognized in other comprehensive income is transferred to profit or loss in the same period that the hedged item affects profit or loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised, or no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in the other comprehensive income is transferred to profit or loss, and is included in Other income.

1.21 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet, where there is a legally enforceable right to offset the recognised amounts and there is intention to settle on net basis or realise the assets and liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

1.22 Cash flow statement

Cash flows are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash & cash equivalents includes balances in current accounts, cash on hand, cheques, drafts on hand. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.23 Key sources of estimation uncertainty

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key assumption concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year is as given below.

a. Fair value measurement and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in notes 3 and 49.8.

b. Useful life of Property, Plant and Equipments

The Company reviews the estimated useful lives of Property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.

c. Impairment of Tangible Assets, Intangible Asset and Financial Assets

The recoverable amounts have been determined based on value in use calculations which uses cash flow projections or net realisable value. For further details, refer note 1.14, 1.18e, 3A and 5A. Based on the impairment assessment carried out by the Management, it has been determined that no impairment is required.

1.24 Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.25 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

1.26 Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period

1.27 Goodwill

Goodwill on business combinations is included under non current assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of the business include the carrying amount of goodwill relating to the business sold. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-

generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes.

1.28 Non current assets (or disposal groups) held for sale & discontinued operations

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised.

A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit and loss.

1.29 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule III, unless otherwise stated.

1. Includes Building on leasehold land : Cost : ₹ 612 Lakh (2018 - ₹ 612 Lakh) and Accumulated Depreciation : ₹ 55 Lakh (2018 - ₹ 42 Lakh).

All of the Company's investment properties are held under freehold interests except as mentioned above.

3.1 Fair value of the Company's investment properties

The following table gives details of the fair value of the Company's investment properties as at March 31, 2019 and March 31, 2018:

₹ in Lakh

Particulars	Level 3	
	March 31, 2019	March 31, 2018
i. Land and Buildings in Tamilnadu	31,051	31,051

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

The fair value of the Company's investment properties as at March 31, 2019 and March 31, 2018 have been arrived at on the basis of a valuation carried out by M/s.Value Assessors & Surveyors Private Limited, independent valuers not related to the Company. M/s.Value Assessors & Surveyors Private Limited are registered with the authority which governs the valuers in India, and they have appropriate qualifications and relevant experience in the valuation of properties in the relevant locations. Fair value was derived using the market comparable approach based on recent market/government guideline prices without any significant adjustments being made to the market observable data.

In estimating the fair value of the properties, the highest and best use of the properties is their current use.

For rental income earned and direct operation expenses incurred in connection with investment property refer note. 25 and note 38.

NOTE 3A

(i) Impairment tests for goodwill :

Goodwill of ₹ 1,452 Lakh (March 31, 2018 ₹ 1,452 Lakh) represents the goodwill accounted on the date of acquisition of erstwhile subsidiary Parys Sugar Industries Limited as reflected in the Consolidated Financial Statements of the Company for the year ended March 31, 2015 which was subsequently merged with the Company (which was a common control entity). The Company has assessed the goodwill for impairment and based on the assessment no impairment has been considered. The entire goodwill as mentioned above is attributable to the Company's factory located at Ramdurg.

(ii) Significant estimate: key assumptions used for value-in-use calculations :

The Company tests whether goodwill has suffered any impairment on an annual basis. For the current and previous financial year, the recoverable amount of the CGUs was determined based on value-in-use calculations which require the use of assumptions. The factory at Ramdurg is operated on a leased property. The lease period expires in September 2032 and the arrangement does not contain a renewal clause. Therefore, cash flow projections based on financial budgets approved by management cover a thirteen-year and six months period upto the end of lease term.

The following table sets out the key assumptions for the Ramdurg CGU to which entire goodwill is allocated are as follows:

Description	Assumption	Approach used to determining values
Sales volume (% annual growth rate)	1.5% growth rate over the period of 7 years. Thereafter, stable volume assumed over the projection period	Based on management's expectations of market development and past performance
Sales price (% annual growth rate)	3.8% growth rate over the projection period	Based on current industry trends, minimum support price announced by government and including long-term inflation forecasts
Post-tax discount rate	12.24%	Reflect specific risks relating to the business and geography in which they operate.

(iii) Significant estimate: Impact of possible changes in key assumptions

The recoverable amount of the Ramdurg CGU is estimated to exceed the carrying amount of the CGU as at March 31, 2019 by ₹ 2,217 Lakh. If the post-tax discount rate applied to the cash flow projections of this CGU had been higher than management's estimates (15.24% instead of 12.24%), the Company's headroom will reduce to ₹ 452 Lakh.

The Directors and management have considered and assessed reasonably possible changes for other key assumptions and have not identified any instances that could cause the carrying amount of the Ramdurg CGU to exceed its recoverable amount.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

The trade receivables of the Company do not contain a significant financing component and accordingly, the Company has adopted the simplified approach under Ind AS 109 for recognition of impairment losses on trade receivables. Consequently, the disclosure of trade receivables into "Trade receivables which have significant increase in credit risk" and "Trade receivables which are credit impaired" has not been given since it is not relevant to the Company.

The Company uses other publicly available financial information and its own trading records before accepting any customer. The Company's exposure is continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Refer Note No 51.5 for receivable from related parties.

Of the trade receivables balance, customer balances which represent more than 5% of the total balance of trade receivable are given below.

(ii) Asset associated with factory held for sale (refer note b below)	3,686	-
(iii) Investment in Parry America (refer note a below)	-	24
Total	3,686	11,051
Liabilities associated with asset held for sale	-	2,293

- a. The Board of Directors of the Company in their meeting held on December 22, 2017 had approved the sale of Bio-pesticides division of the Company and its Investment in Parry America Inc (a wholly owned subsidiary of the Company), to the company's subsidiary, Coromandel International Limited, with effective date as April 01, 2018 for a consideration of ₹ 33,801 Lakh adjusted for subsequent working capital movements. The shareholders through the postal ballot had approved the same on February 22, 2018. The Proceeds of sale substantially exceeded the carrying amount of the related net assets and, accordingly, no impairment losses were recognised on the reclassification of these divisions as held for sale. The major classes of assets and liabilities of the Bio business at the end of the previous reporting period are as follows.

RESERVES AND SURPLUS:

₹ in Lakh

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
(a) Share Capital Suspense		
Opening balance (Arising Pursuant to Scheme of Amalgamation with Parrys Sugar Industries Limited)	-	11
Less : Utilised for Allotment of Shares	-	(11)
Closing balance	-	-
(b) Capital Redemption Reserve	4,288	4,288
Closing balance	4,288	4,288

The capital redemption reserve is created out of the statutory requirement to create such reserve on buyback of shares. These are not available for distribution of dividend and will not be reclassified subsequently to profit or loss.

(c) Capital reserve on amalgamation		
Opening balance (Arising Pursuant to Scheme of Amalgamation with Parrys Sugar Industries Limited)	688	688
Less : Utilised during the period	-	-
Closing balance	688	688

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

₹ in Lakh

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
(d) Securities Premium Account		
Opening balance	6,174	6,103
Add : Addition during the period	-	71
Closing balance	6,174	6,174

Securities premium is used to record premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

(e) Debenture Redemption Reserve		
Opening balance	2,500	1,667
Add : Addition during the period	833	833
Less : Utilised during the period	2,500	-
Closing balance	833	2,500

Debenture redemption reserve is created as per the statutory requirements to maintain funds to repay the debenture liability. These will be subsequently transferred to Retained Earnings on payment of the debenture liability.

(f) Capital Reserve (as per Scheme of Arrangement of Demerger)	5,718	5,718
---	--------------	--------------

(g) General Reserve		
Opening balance	88,680	88,669
Add : Transfer from Share Option Outstanding Reserve in Pursuant of Lapses of ESOP	-	11
Closing balance	88,680	88,680

The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss except to the extent permitted as per Companies Act, 2013 and rules made thereunder.

(h) Cash Flow Hedging Reserve		
Opening balance	10	143
Add : Deferred taxes recognised	5	70
Less : Utilised /reversed during the year	(15)	(203)
Closing balance	-	10

The cash flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. The cumulative gains or loss arising on changes in fair value of the designated portion of the hedging instruments that are recognised and accumulated under the heading of cash flow hedging reserve will be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item.

(i) Share Options Outstanding Reserve		
Opening balance	183	53
Add : Addition during the year	162	146
Less : Utilised for Issuing ESOP	-	(5)
Less: Transfer to General Reserve on Lapse of Option	-	(11)
Closing balance	345	183

The above reserve relates to share options granted by the Company to its employees under its employee share option plan. Further information about share based payments to employees is set out in note 50.

24.1 There are no critical judgements involved in the determination of the amount and timing of revenue. For details of disaggregated revenue refer Note. 46.

24.2 The Company recognises income based on the export obligation fulfilled. The obligation to export is lower of the allocated quantity and 16.7 kg per MT of cane crushed for the sugar season 2018-19. The unfulfilled obligation as at March 31, 2019 based on the allocated quantity amounts to MT 27,830. However the obligation might change based on the actual quantity of cane crushed for sugar season 2018-19. The Company has time till September 30, 2019 to fulfill the above mentioned obligation.

24.3 Goods and service tax (GST) has been effective from 1 July 2017. Consequently excise duty, Value Added Tax (VAT), service tax. etc has been replaced with GST. Until 30 June 2017, 'Sale of Products' included amount excise duty recovered on sales. With effective from 1 July 2017, 'Sale of Products' excludes the amount of GST recovered. Accordingly revenue from sale of products for the year ended March 31, 2019 are not comparable with that of the previous year.

24.4 Reconciliation of revenue recognised with contract price

₹ in Lakh

Particulars	Year ended March 31, 2019
Contract price	1,85,909
Adjustments for:	
Rebates and discounts	406
Revenue from operations	1,85,503

24.5 Refer note 54 for impact on account of transition to Ind AS 115.

NOTE 46

SEGMENT INFORMATION

Information reported to the chief operating decision maker (CODM) for the purposes of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided, and in respect of the following segments tabulated below. The directors of the Company have chosen to organise the Company around differences in products and services. No operating segments have been aggregated in arriving at the reportable segments of the Company. Specifically the Company's reportable segments under Ind AS 108 are as follows.

Operating Segment :

Sugar	Cogeneration	Distillery	Nutraceuticals
Sugar	Power	Spirits	Nutraceuticals

Geographical information:

The Company operates in the following principal geographical areas -

North America	Europe	Rest of the world	India (Country of domicile)
---------------	--------	-------------------	-----------------------------

Revenue and expenses directly attributable to segments are reported under each reportable segment. Other expenses and income which are not attributable or allocable to segments have been disclosed as net unallocable expenses/income.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Property, plant and equipment that are used interchangeably among segments are not allocated to reportable segments.

Operating segments represent the products also and therefore separate disclosure of revenue from major products is not made.

Inter segment Transfer Pricing:

Inter Segment prices are normally negotiated amongst the segments with reference to cost, market prices and business risks, within an overall optimisation objective for the enterprise.

NOTE 47

EMPLOYEE BENEFIT PLANS

A. Defined contribution plans

The Company makes Provident Fund, Superannuation Fund and Employee State Insurance Scheme contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised ₹ 605 Lakh (Year ended March 31, 2018 - ₹ 463 Lakh) for Provident Fund contributions, ₹ 301 Lakh (Year ended March 31, 2018 - ₹ 503 Lakh) for Superannuation Fund contributions and ₹ 1 Lakh (Year ended March 31, 2018 - ₹ 4 Lakh) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

B. Defined benefit plans :

Gratuity :

In respect of Gratuity plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as March 31, 2019 by Mr. Khushwant Pahwa, Fellow member of the Institute of Actuaries of India. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit cost method. The following table sets forth the status of the Gratuity Plan of the Company and the amount recognized in the Balance Sheet and Statement of Profit and Loss. The Company provides the gratuity benefit through annual contributions to a fund managed by the Life Insurance Corporation of India (LIC).

The Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate Risk : The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Investment Risk : The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Escalation Risk : The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk : The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Mortality (IALM (2006-2008) Ultimate)	100%	100%

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

The Company has invested the plan assets with the insurer managed funds. The insurance company has invested the plan assets in Government Securities, Debt Funds, Equity shares, Mutual Funds, Money Market Instruments and Time Deposits. The expected rate of return on plan asset is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Attrition rate		
- increase of 50% of attrition rate	(36)	(36)
- decrease of 50% of attrition rate	48	47
Mortality rate		
- increase of 10% of mortality rate	-	(1)
- decrease of 10% of mortality rate	1	1

Please note that the sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

Negative represents increase and positive represents decrease in obligation.

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The Insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in an increase in liability without corresponding increase in the asset).

The Company's best estimate of the contribution expected to be paid to the plan during the next year is ₹ 1,196 Lakh (2018: ₹ 300 Lakh).

C. Note on Provident Fund:

With respect to employees, who are covered under Provident Fund Trust administered by the Company, the Company shall make good deficiency, if any in the interest rate declared by Trust over statutory Limit. Having regards to the assets of the Fund and the return on the investments, the Company does not expect any deficiency in the foreseeable future.

The actuary has assessed the calculations of the Interest Rate Guarantees based on the guidance note issued by the Institute of Actuaries of India. The disclosures required under Ind AS 19 is as set out below:

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Fund and plan asset position are as follows:

₹ in Lakh

Particulars	As at March 31, 2019	As at March 31, 2018
Accumulated Account Value of Employee's Fund	4,399	4,034
Interest Rate Guarantee Liability	87	79
Present value of benefit obligation at the end of the year	4,486	4,113
Plan asset at the end of the year	4,857	4,527
Surplus available	(371)	(414)
Asset recognised in the Balance Sheet	-	-

The plan assets are primarily invested in government securities, corporate bonds and special deposit schemes.

Assumptions for present value of interest rate guarantee are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Discount rate (%)	7.50%	7.60%
Expected guaranteed rate (%)	8.55%	8.65%
Attrition rate (%)	5.00%	5.00%

Note 48

Earnings per Share:

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Basic Earnings per share (In ₹)		
From Continuing Operations	1.54	4.60
From Discontinued Operations	7.67	1.10
From Continuing and discontinued operations	9.21	5.70
Diluted Earnings per share (In ₹)		
From Continuing Operations	1.54	4.60
From Discontinued Operations	7.67	1.10
From Continuing and discontinued operations	9.21	5.70

48.1 Basic Earnings per share

The earnings and weighted average number of equity shares used in the calculation of basic earnings per share are as follows.

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Earnings used in the calculation of basic earnings per share		
Profit after Taxation (₹ in Lakh)		
From Continuing Operations	2,732	8,148
From Discontinued Operations	13,581	1,953
From Continuing and discontinued operations	16,313	10,101
Number of equity shares of ₹ 1 each outstanding at the beginning of the year	17,69,94,981	17,69,45,759
Add : Number of shares issued pursuant exercise of Employees Stock option	-	49,222
(a) Number of equity Shares of ₹ 1 each outstanding at the end of the year	17,69,94,981	17,69,94,981
(b) Weighted Average number of Equity Shares	17,69,94,981	17,69,75,759

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

48.2 Diluted Earnings per share

The earnings and weighted average number of equity shares used in the calculation of diluted earnings per share are as follows : ₹ in Lakh

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Earnings used in the calculation of diluted earnings per share		
From Continuing Operations	2,732	8,148
From Discontinued Operations	13,581	1,953
From Continuing and discontinued operations	16,313	10,101

The weighted average number of equity shares for the purposes of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Weighted average number of equity shares used in the calculation of basic earnings per share	17,69,94,981	17,69,75,759
Shares deemed to be issued for no consideration in respect of - employee options	-	1,29,376
Weighted average number of equity shares used in the calculation of diluted earnings per share	17,69,94,981	17,71,05,135

NOTE 49

FINANCIAL INSTRUMENTS

49.1 Capital management

The Company's capital management is intended to maximise the return to shareholders for meeting the long-term and short-term goals of the Company through the optimization of the debt and equity balance.

The Company determines the amount of capital required on the basis of annual and long-term operating plans and strategic investment plans. The funding requirements are met through equity and long-term/short-term borrowings. The Company monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

For the purpose of capital management, capital includes issued equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Net debt includes all long and short-term borrowings (including current maturities of long term debt) as reduced by cash and cash equivalents.

The following table summarises the capital of the Company:

(₹ in Lakh, unless otherwise stated)

Particulars	As at March 31, 2019	As at March 31, 2018
Equity	1,71,350	1,63,813
Debt	83,229	1,01,800
Cash and cash equivalents	(70)	(70)
Net debt	83,159	1,01,730
Total capital (equity + net debt)	2,54,510	2,65,543
Net debt to capital ratio	0.33	0.38

49.3 Financial risk management objectives

The Company has adequate internal processes to assess, monitor and manage financial risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using financial instruments such as foreign currency forward contracts, interest and currency swaps to hedge risk exposures and appropriate risk management policies as detailed below. The use of these financial instruments is governed by the Company's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk and the investment of excess liquidity. The Company does not enter into trade financial instruments, including derivative financial instruments, for speculative purposes.

Item	Primarily affected by	Risk management policies	Refer
Market risk - currency risk	USD balances and exposure towards trade payables, trade receivables, and long-term borrowings	Mitigating foreign currency risk using foreign currency forward contracts, option contracts and currency swaps	Note 49.4.1
Market risk - interest rate risk	Change in market interest rates	Maintaining a combination of fixed and floating rate debt; interest rate swaps for long-term borrowings; cash management policies	Note 49.4.2
Market risk - other price risk	Decline in value of equity instruments	Monitoring forecasts of cash flows; diversification of portfolio	Note 49.4.3
Credit risk	Ability of customers or counterparties to financial instruments to meet contractual obligations	Credit approval and monitoring practices; counterparty credit policies and limits; arrangements with financial institutions	Note 49.5
Liquidity risk	Fluctuations in cash flows	Preparing and monitoring forecasts of cashflows; cash management policies; multiple-year credit and banking facilities	Note 49.6

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

49.4 Market risk

The Company's financial instruments are exposed to market rate changes. The Company is exposed to the following significant market risks:

- Foreign currency risk
- Interest rate risk
- Other price risk

Market risk exposures are measured using sensitivity analysis. There has been no change to the Company's exposure to market risks or the manner in which these risks are being managed and measured.

49.4.1 Foreign currency risk management

The Company is exposed to foreign exchange risk on account of following:

1. Exports and imports
2. Foreign currency borrowings in the form of Foreign Currency Non-Repatriable (B) loans (FCNRB), packing credit etc. availed for meeting its funding requirements

The Company has a forex policy in place whose objective is to reduce foreign exchange risk by deploying the appropriate hedging strategies (forward covers and options) and also by maintaining reasonable open exposures within approved parameters depending on the future outlook on currencies.

a. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities based on gross exposure at the end of the reporting period is as under:

Currency	Liabilities		Assets	
	As at March 31, 2019	As at March 31, 2018	As at March 31, 2019	As at March 31, 2018
USD/INR (in FCY Lakh)	0.95	0.36	34.75	13.38
USD/INR (in INR Lakh)	66	23	2,403	870
EURO/INR (in FCY Lakh)	-	-	5.86	4.29
EURO/INR (in INR Lakh)	-	-	455	346
GBP/INR (in FCY Lakh)	-	-	0.39	0.41
GBP/INR (in INR Lakh)	-	-	35	38

The foreign currency risk on above exposure is mitigated by derivative contracts. The outstanding contracts as at the Balance Sheet date are as follows:

b. Foreign currency forward and current and interest rate swaps outstanding as at the Balance Sheet date:

Currency	As at March 31, 2019		As at March 31, 2018	
	Buy	Sell	Buy	Sell
Forward contracts				
i Cash flow hedges				
USD/INR (in FCY Lakh)	-	-	-	1.21
USD/INR (in INR Lakh)	-	-	-	79
EURO/INR (in FCY Lakh)	-	-	-	1.06
EURO/INR (in INR Lakh)	-	-	-	86

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Currency	As at March 31, 2019		As at March 31, 2018	
	Buy	Sell	Buy	Sell
ii. Others				
USD/INR (in FCY Lakh)	-	90.85	-	118.52
USD/INR (in INR Lakh)	-	6,282	-	7,973
EURO/INR (in FCY Lakh)	-	33.28	-	45.78
EURO/INR (in INR Lakh)	-	2,582	-	3,944
AED/INR (in FCY Lakh)	-	45.24	-	-
AED/INR (in INR Lakh)	-	852	-	-
Number of contracts		146		184

At March 31, 2019, the aggregate amount of gains under forward foreign exchange contracts recognised in other comprehensive income and accumulated in the cash flow hedging reserve relating to the exposure on these anticipated future transactions is Nil (March 31, 2018: ₹ 10 Lakh).

c. Foreign currency sensitivity analysis

The Company is mainly exposed to fluctuations in US Dollar. The following table details the Company's sensitivity to a 10% increase and decrease against the US Dollar on the outstanding balances. 10% is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens by 10% against the US Dollar. For a 10% weakening against the US Dollar, there would be a comparable impact on the profit or equity.

₹ in Lakh

Currency USD impact on:	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Profit or loss	395	713
Other comprehensive income	-	8
Equity	395	721

In management's opinion the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of reporting period does not reflect the exposure during the year.

49.4.2 Interest rate risk management

The Company issues commercial papers, draws working capital demand Loans, cash credit, foreign currency borrowings, Packing Credit etc. for meeting its funding requirements.

Interest rates on these borrowings are exposed to change in respective benchmark rates. The Company manages the interest rate risk by maintaining appropriate mix/portfolio of the borrowings.

Interest rate sensitivity analysis

The sensitivity analysis below has been determined for borrowings assuming the amount of borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis points increase or decrease in case of rupee borrowings is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rate were to increase by 50 basis from March 31, 2019, in case of rupee borrowings and all other variables were held constant, additional net annual interest expense on floating rate borrowing would amount to approximately ₹ 143 Lakh (March 31, 2018 - ₹182 Lakh).

49.4.3 Other price risks

The Company is exposed to equity price risks arising from equity investments. Certain of the Company's equity investments are held for strategic rather than trading purposes. The Company also holds certain other equity investments for trading purposes.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Equity price sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 1% higher/lower other comprehensive income/ equity for the year ended March 31, 2019 would increase/ decrease by ₹ 171 Lakh (₹ 146 Lakh for the year ended March 31, 2018) as a result of the changes in fair value of equity investments measured at FVTOCI. The impact of change in equity price on profit or loss is not significant.

49.5 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to the customer credit risk management. The Company uses financial information and past experience to evaluate credit quality of majority of its customers and individual credit limits are defined in accordance with this assessment. Outstanding receivables and the credit worthiness of its counterparties are periodically monitored and taken up on case to case basis. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions representing large number of minor receivables operating in independent markets. There is no material expected credit loss based on the past experience. However, the Company assesses the impairment by specific items of trade receivable and has accordingly created loss allowance on trade receivables.

The Company has issued financial guarantee to its wholly owned subsidiary, Parry Sugars Refinery India Private Limited of ₹ 25,840 Lakh (March 31, 2018: ₹30,000 Lakh). Further the Company has issued Letter of Credit to its subsidiaries US Nutraceuticals Inc & Alimtec SA to the tune of ₹ 3,735 Lakh (March 31, 2018: ₹ 2,215 Lakh) during the year. Based on the financial performance of subsidiaries, the Company does not expect the guarantee liability to devolve on the Company.

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

49.6 Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities including estimated interest payments as at March 31, 2019:

₹ in Lakh

Particulars	Carrying amount	upto 1 year	1-3 year	More than 3 year	Total contracted cash flows
Non interest bearing	45,314	43,468	79	2,662	46,209

Total	2,32,782	2,06,599	24,493	11,182	2,42,274

The table below provides details of non-derivative financial assets as at March 31, 2018:

₹ in Lakh

Particulars	Carrying amount
Trade receivables	13,446
Other financial assets	97,659
Total	1,11,105

The following table details the Company's maturity analysis for its derivative financial instruments. The table has been drawn up based on the undiscounted estimated cash flows determined by reference to the projected market rates at the end of the reporting period. A positive amount represents an anticipated cash inflow and a negative amount represents an anticipated cash outflow.

March 31, 2019

₹ in Lakh

Particulars	Less than 1 year	1-3 year	above 3 years
Net settled			
- foreign exchange forward contracts	374	41	-

March 31, 2018

Particulars	Less than 1 year	1-3 year	above 3 years
Net settled			
- foreign exchange forward contracts	354	10	-

49.7 Financing facilities

The Company has access to financing facilities of which ₹ 99,801 Lakh (as at 31 March 2018: ₹ 93,988 Lakh) were unused at the end of the reporting period. The Company expects to meet its other obligations from operating cash flows and proceeds of maturing financial assets.

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

49.8 Fair value measurements

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of the reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation techniques and inputs used):

(₹ in Lakh, unless otherwise stated)

Financial assets/financial liabilities	Fair Value as at*		Fair value hierarchy	Valuation techniques & key inputs used
	As at March 31, 2019	As at March 31, 2018		
1) Foreign currency forward contracts designated in hedge accounting relationships				
Financial asset	477	462	Level 2	Refer Note 3
Financial liabilities	(62)	(98)	Level 2	Refer Note 3
2) Investments in quoted equity instruments at FVTPL	-	-	Level 1	Refer Note 2
3) Investments in quoted equity instruments at FVTOCI	293	246	Level 1	Refer Note 2
4) Investments in unquoted equity instruments at FVTOCI	16,766	14,453	Level 3	Refer Note 4(a)

*positive value denotes financial asset and negative value denotes financial liability

Notes:

1. There were no transfers between Level 1 and 2 in the period.
2. The Level 1 financial instruments are measured using quotes in active market
3. The following table shows the valuation technique and key input used for Level 2:

Financial Instrument	Valuation Technique	Key Inputs used
Foreign currency forward contracts	Discounted Cash Flow	Forward exchange rates, contract forward and interest rates, observable yield curves.

4. The following table shows the valuation technique and key input used for Level 3:

Financial Instrument	Valuation Technique	Key Inputs used	Sensitivity
(a) Investments in unquoted equity instruments at FVTOCI	Market Multiple Approach	Discount for lack of marketability, determined by reference to the share price of listed entities in similar industries, ranging from 30% to 50% (as at March 31, 2018: 30% to 50%)	A 5% increase in the discount for lack of marketability used in isolation would decrease the carrying amount by ₹ 589 Lakh (as at March 31, 2018: ₹ 753 Lakh) and decrease in the discount for lack of marketability would increase the carrying amount by ₹ 589 Lakh (as at March 31, 2018: ₹ 753 Lakh)

NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS

Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required) ₹ in Lakh

Particulars	Fair value hierarchy	As at March 31, 2019		As at March 31, 2018	
		Carrying amount	Fair value	Carrying amount	Fair value
Financial Assets:					
Financial Assets at amortised cost :					
- Trade receivables	Level 2	16,175	16,175	13,446	13,446
- Cash and cash equivalents	Level 2	70	70	70	70
- Bank balances other than cash and cash equivalents	Level 2	2,388	2,388	941	941
- Loans	Level 2	1,651	1,610	2,048	1,944
- Other financial assets	Level 2	6,484	6,484	6,769	6,769

Particulars	Fair value hierarchy	As at March 31, 2019		As at March 31, 2018	
		Carrying amount	Fair value	Carrying amount	Fair value
Financial liabilities					
Financial liabilities at amortised cost:					
Borrowings	Level 2	89,883	88,472	1,07,566	1,07,373
Trade payables	Level 2	40,807	40,807	56,802	56,802
Other financial liabilities	Level 2	81,605	81,605	68,414	68,414

1. In case of trade receivables, cash and cash equivalents, trade payables, short term borrowings and other financial assets and liabilities it is assessed that the fair values approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. The fair values of the financial assets and financial liabilities included above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties.

Reconciliation of Level 3 fair value measurements for the year ended March 31, 2019: ₹ in Lakh

Particulars	Investments in unquoted equity instruments at FVTOCI	Total
Opening balance	14,453	14,453

NOTE 50

SHARE BASED PAYMENTS:

50. 1 Employee share option plan of the Company

50.1.1 Details of the employee share option plans of the Company

The Company has share option scheme for executives and senior employees of the Company. As approved by the shareholders at previous annual general meetings, ESOP schemes will be administered by the Nomination and Remuneration committee of the Board of Directors.

Each employee share option converts into one equity share of the Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of their expiry.

The following share-based payment arrangement were in existence during the current and prior years

S.No	Description	Date of grant	Number of Options granted	Expiry date	Fair value on the date of grant as per Black Scholes option pricing model	Exercise price

(e) Certain Industrial Disputes are pending before Tribunal / High Courts. The liability of the Company in respect of these disputes depends upon the final outcome of such cases and the quantum of which is not currently ascertainable.		
(f) Corporate Guarantee/ Letter of Credit given in favour of Subsidiaries	29,575	32,215
53.1 The Tamilnadu Government declared State Advisory Price (SAP) for the sugar year 2013-14, 2014-15 and 2015-16. The Company has challenged the right of State Government to declare the SAP in the Hon'ble High Court of Madras. The matter is subjudice.		
53.2 Future cash outflows in respect of the above referred matters are determinable only on receipt of judgements / decisions pending at various forums / authorities.		
53.3 The Income Tax Department/Commercial Tax Department/Central Excise and Service Tax and GST Authority has filed appeal against the favorable order passed by lower forum in favor of the Company in appropriate appellate forum to the extent of ₹ 6,468 lakh. It is expected that there will not be any outflow of economic resources embodying economic benefits. Hence, no provision is considered necessary against the same.		

54 Changes in accounting policies - Impact on the financial statements

The Company applied Ind AS 115 for the first time by using the modified retrospective method of adoption with the date of initial application of April 1, 2018. Under this method, the Company recognised the cumulative effect of initially applying Ind AS 115 as an adjustment to the opening balance of retained earnings as at April 1, 2018. Comparative period has not been adjusted.

Entities applying the modified retrospective method can elect to apply the revenue standard only to contracts that are not completed as at the date of initial application (that is, they would ignore the effects of applying the revenue standard to contracts that were completed prior to the date of initial application). However, the Company elected to apply the standard to all contracts as at April 1, 2018.

There was no impact on the Company's retained earnings as at April 1, 2018 on account of transition to Ind AS 115.

55 The figures for the previous year have been reclassified / regrouped wherever necessary for better understanding and comparability.

56 Approval of financial statements

The financial statements were reviewed and recommended by the Audit Committee and has been approved by the Board of Directors in their meeting held on May 07, 2019 and May 08, 2019 respectively.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF E.I.D. PARRY (INDIA) LIMITED

Report on the audit of the Consolidated Indian Accounting Standards (Ind AS) Financial Statements

Opinion

1. We have audited the accompanying consolidated Ind AS financial statements of E.I.D. - Parry (India) Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and joint ventures (refer Note 53 to the attached consolidated Ind AS financial statements), which comprise the consolidated balance sheet as at March 31, 2019, and the consolidated statement of profit and loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated Ind AS financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the consolidated Ind AS financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and joint ventures as at March 31, 2019, of consolidated total comprehensive income (comprising of

profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group, its associates and joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated Ind AS financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 17 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters	How our audit addressed the key audit matters
<p>Accounting for commodity derivative contracts as cash flow hedges of highly probable forecast purchase and sale of raw and white sugar respectively.</p> <p>(Refer Note 1.25 to the consolidated Ind AS financial statements)</p> <p>Parry Sugars Refinery India Private Limited (PSRIPL), a wholly owned subsidiary of the Holding Company, enters into derivative contracts to hedge its price risk arising from purchase and sale of raw and white sugar respectively. Certain derivative contracts are classified as cash flow hedges of highly probable forecast purchase and sale of raw and white sugar respectively and accounted for using the cash flow hedge model detailed in Ind AS 109.</p> <p>This is a key audit matter because of its significance to the financial statements, and the requirement of Management judgement in respect of certain matters, such as:</p> <ul style="list-style-type: none"> • Determination of whether the forecast transaction are highly probable to occur • Determination of the economic relationship between the hedged item and hedging instrument. 	<p>Our audit procedures included the following :</p> <ul style="list-style-type: none"> • Understanding and evaluating the design and testing the operating effectiveness of key controls in relation to accounting for commodity derivative contracts. • Verified that the transactions are executed in accordance with the Board approved risk management policy. • Assessing the historical accuracy of the subsidiaries forecasts by comparing the forecasts used in the prior period with the actual purchases and sales. • Tracing sample of transactions to the broker statements. • Comparing the nature of hedged item and the hedging instrument to ensure they have an economic relationship and the appropriateness of the hedge ratio. • Evaluation of adequacy of disclosures. <p>Based on the above procedures performed, we did not find any significant exceptions in respect of the accounting for commodity derivative contracts as cash flow hedges of highly probable forecast purchase and sale of raw and white sugar respectively in the subsidiary.</p>

Key Audit Matters	How our audit addressed the key audit matters
<p>Impairment of carrying value of property, plant and equipment (PPE) of Parry Sugars Refinery India Private Limited, a subsidiary of the Holding Company</p> <p>(Refer Note 1.28 to the consolidated Ind AS financial statements)</p> <p>As detailed in the aforesaid Note, Parry Sugars Refinery India Private Limited (PSRIPL), a subsidiary of the Holding Company has been incurring losses during the past 2 years.</p> <p>The fact that the subsidiary is incurring losses is an indicator of potential impairment of the carrying value of PPE of the subsidiary.</p> <p>This is a key audit matter because PPE is significant to the financial statements, and Management judgement is required in certain areas such as discount and growth rates in estimating future cash flows prepared by the subsidiary (the Model) along with the Management's valuer to support the carrying value of PPE.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • Understanding and evaluating the design and testing the operating effectiveness of key controls in relation to the impairment testing Model. • Assessing the Model and evaluating the independence, competence, capabilities and objectivity of the management's valuer. • Assessing the historical accuracy of the Company's forecasts by comparing the forecasts used in the prior year models with the actual performance in the current year. • Testing the mathematical accuracy of the underlying calculations and agreeing the forecasts for the ensuing year with the latest Board-approved budgets. • Evaluating, along with the auditor's experts, the key assumptions such as discount rate and growth rate used in the Model. • Performing sensitivity tests on the Model for a range of certain assumptions, such as discount rate and growth rate. • Evaluating adequacy of the disclosures made in the financial statements. <p>Based on the procedures performed, we did not identify any material exceptions in the impairment assessment carried out by the management in respect of the carrying value of PPE of the subsidiary.</p>

5. The following Key Audit Matters were included in the audit report dated April 23, 2019, containing an unmodified audit opinion on the consolidated Ind AS financial statements of Coromandel International Limited, a subsidiary of the Holding Company issued by an independent firm of Chartered Accountants reproduced by us as under:

Key Audit Matters	How our audit addressed the key audit matters
<p>Revenue Recognition – Sale of goods Refer to note 3.6 'Revenue recognition', note 3.28.1 'Critical judgements in applying accounting policies' and note 3.28.2 'Key sources of estimation uncertainty' to the consolidated financial statements.</p> <p>Revenue from sale of goods is recognised when the control of goods is transferred to the customers. In terms of the application of the new revenue accounting standard Ind AS 115 (Revenue from Contracts with Customers), for some contracts, control is transferred either when the product is delivered to the customer's site or when the product is shipped, depending on the terms of the contract (including delivery and shipping terms). The Management has exercised judgement in applying the revenue accounting policy while recognising revenue.</p>	<p>We have performed the following principal audit procedures in relation to revenue recognised by the Parent:</p> <ul style="list-style-type: none"> • Understood the revenue recognition process, evaluated the design and implementation, and operating effectiveness of internal controls relating to revenue recognised. • Selected samples and tested the operating effectiveness of internal controls, relating to transfer of control. We carried out a combination of procedures involving enquiry, observation and inspection of evidence in respect of operation of these controls. • Tested the relevant information technology general controls, automated controls, and the related information used in recording and disclosing revenue. • In respect of the selected sample of transactions: <ul style="list-style-type: none"> * Tested whether the revenue is recognised upon transfer of control to customer. * We have evaluated the delivery and shipping terms of the contracts for revenue recognised during the period. * We have also tested the location stock reports from Company warehouses, where applicable, for confirmation on sales quantity made during the year. * Tested that the revenue recorded is after considering the applicable rebates and discounts. * For samples near to period end, tested the acknowledgments of customers.

Subsidy income / Government subsidies and related receivables	The following principal audit procedures have been performed by us in relation to subsidy income recognition by the Parent:
Refer to note 3.6 'Revenue recognition', and note 3.28.2 'Key sources of estimation uncertainty' to the consolidated financial statements.	<ul style="list-style-type: none"> • We have read the relevant circulars and notifications issued by GOI from time to time with regard to the subsidy policies. • We have had robust interactions with the relevant personnel in the Company with regard to updates of GOI Policy, their interpretations of the relevant circulars and notifications. • Tested the relevant information technology general controls, automated controls, and the related information used in recording and disclosing subsidy income. • We have tested the NBS rates considered by the Company for the products with the applicable circulars and notifications. • We have correlated the sales quantity considered for subsidy income with the actual sales made by the Company. • We have also agreed the quantities sold as per the Company books with the customer acknowledgements as per the iFMS portal of the Department of Fertilisers and tested the DBT claims made by the Company. • We have enquired from the Management and discussed with the Board of Directors, the appropriateness of the subsidy rates applied to recognise subsidy income.
Product and freight subsidy income pertaining to the Nutrient and other allied business is recognised on the basis of the rates notified from time to time by the Department of Fertilisers, Government of India (GOI) in accordance with the Nutrient Based Subsidy (NBS) policy on the quantity of fertilisers sold by the Company for the period for which notification has been issued and for the remaining period, based on estimates, when there is a reasonable assurance that the company will comply with all necessary conditions attached to the Subsidy including Direct Benefit Transfer ('DBT' system which was introduced by Government of India.	Valuation of subsidy receivables:
For the year ended March 31, 2019, subsidy income of ₹ 310,641 Lakh is recognised.	Following are the principal audit procedures performed on testing of valuation on subsidy receivables:
Recognition and realisability of subsidy income is dependent on GOI Policy and its various initiatives/schemes.	<ul style="list-style-type: none"> • We have analysed and discussed the status of outstanding subsidy receivables and its realisability with the Management. • We have tested the sanction notes received from the GOI for receipts. • We have tested the credits in the bank statements for the receipts. • We have verified whether the deductions made by the GOI have been adjusted in the books of accounts."

The note 3.6 'Revenue recognition' and note 3.28.1 'Critical judgements in applying accounting policies' and note 3.28.2 'Key sources of estimation uncertainty as referred above have been reproduced in note 1.6 and 1.28 to the consolidated Ind As financial statements.

Other Information

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Boards Report together with the annexure thereto, Report on Corporate Governance and Business Responsibility report but does not include the consolidated Ind AS financial statements and our auditor's report thereon.
7. Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
8. In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer

paragraph 17 below), we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Ind AS Financial Statements

9. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including its Associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group, its associates and joint ventures respectively

and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

10. In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the Group and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
11. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group and its associate companies and joint ventures has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
14. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

17. We did not audit the financial statements/financial information of Eight subsidiaries (and their relevant subsidiaries/ joint ventures/ associates), whose financial statements/ financial information reflect total assets of ₹ 1,078,492 Lakh and net assets of ₹ 3,49,961 Lakh as at March 31, 2019, total revenue of ₹ 1,341,547 Lakh total comprehensive income (comprising of profit and other comprehensive loss) of ₹ 68,964 Lakh and net cash outflow amounting to ₹ 30,061 Lakh for the year ended on that date, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of total comprehensive loss (comprising of loss and other comprehensive income) of ₹ 58.63 Lakh for the year ended March 31, 2019 as considered in the consolidated Ind AS financial statements, in respect of a joint venture whose financial statement/ financial information have not been audited by us. These financial statements/ financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries and joint venture, is based solely on the reports of the other auditors.
18. Of the above, the financial statements of three subsidiaries located outside India, included in the consolidated Ind AS financial statements, which constitute total assets of ₹ 17,522 Lakh and net assets of ₹ 11,680 Lakh as at March 31, 2019, total revenue of ₹ 18,947 Lakh, total comprehensive income (comprising of profit and other comprehensive income) of ₹ 1,327 Lakh and net cash inflow amounting to ₹ 1,378 Lakh for the year then ended, have been prepared in accordance with accounting principles generally accepted in their respective countries and have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from the accounting principles generally accepted in their respective countries to the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it

relates to the balances and affairs of such subsidiaries located outside India, including other information, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

19. Further, the auditors report on the Consolidated Financial Statements of Coromandel International Limited, a subsidiary of the Holding company which is audited by other auditor include the following comments:

- a) "We did not audit the financial statements / financial information of nine subsidiaries, whose financial statements / financial information reflect total assets of ₹ 7,485 Lakh as at March 31, 2019, total revenues of ₹ 7,308 Lakh and net cash inflows amounting to ₹ 1,364 Lakh for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 72 Lakh for the year ended March 31, 2019, as considered in the consolidated financial statements, in respect of an associate and one joint venture, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint venture and an associate, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, joint venture and an associate is based solely on the reports of the other auditors.

Six of these subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Parent's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Parent's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Parent and audited by us.

- b) We did not audit the financial statements / financial information of three subsidiaries, whose financial statements / financial information reflect total assets of ₹ 15 Lakh as at March

31, 2019, total revenues of ₹ 35 Lakh and net cash inflows amounting to ₹ 1 Lakh for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.”

Our opinion is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

20. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated Ind AS financial statements.
- (d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Accounting Standards specified

under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, associate companies and joint ventures incorporated in India, none of the directors of the Group companies, its associate companies and joint venture incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls with reference to financial statements of the Group, its associates and joint ventures and the operating effectiveness of such controls, refer to our separate report in Annexure A.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group, its associates and joint ventures— Refer Note 52 and to the consolidated Ind AS financial statements.
 - ii. The Group, its associates and joint ventures had long-term contracts including derivative contracts as at March 31, 2019 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, associate companies and joint ventures incorporated in India.
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Group its associate companies and joint ventures incorporated in India for the year ended March 31, 2019.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

Referred to in paragraph 20(f) of the Independent Auditors’ Report of even date to the members of E.I.D. -Parry (India) Limited on the consolidated Ind As financial statements as of and for the year ended March 31, 2019

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to the financial statements of E.I.D.-Parry (India) Limited (hereinafter referred to as “the Holding Company”) and its subsidiary companies, and its joint venture, which are companies incorporated in India, as of that date. Reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is not applicable to one joint venture company incorporated in India namely Algavista Green Tech Private Limited, pursuant to MCA notification GSR 583(E) dated June 13, 2017.

Management’s Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company, its subsidiary companies and its joint venture, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing deemed to be

prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to the financial statements.

Meaning of Internal Financial Controls with reference to the financial statements

6. A company’s internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the financial statements

7. Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial control with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company, its subsidiary companies and its joint ventures, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal

control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Further, the auditor's report on internal financial controls with reference to financial statements under Section 143(3)(i) of the Companies Act, 2013, of Coromandel International Limited a subsidiary of the Holding company which is audited by other auditors include the following comments:

"Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to three subsidiary companies and one joint venture, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of the above matters."

Our opinion is not modified in respect of the above matter.

10. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to five subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not modified in respect of this matter.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Corporate Information

E.I.D.-Parry (India) Limited (EID Parry or the "Holding Company") is a significant player in Sugar with interests in promising areas of Nutraceuticals. The Group also has a significant presence in Farm Inputs business including Bio-pesticides through its subsidiary, Coromandel International Limited.

E.I.D.-Parry (India) Limited has eight sugar factories having a capacity to crush 43,800 Tonnes of Cane per day, generate 160 MW of power and four distilleries having a capacity of 234 KLPD. In the Bio Pesticides business, the Group offers a unique neem extract, Azadirachtin, having a good demand in the developed countries bio pesticide markets. In the Nutraceuticals business, it holds a strong position in the growing wellness segment mainly catering to the world markets with its organic products.

SIGNIFICANT ACCOUNTING POLICIES

1 Statement of Compliance

The financial statements have been prepared in accordance with Ind ASs notified under Sec 133 of the Companies Act, 2013[Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

Standards issued but not yet effective

The Ministry of Corporate Affairs (MCA) notified the Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, 2019 (the 'Rules') on March 30, 2019. The rules notify the new lease standard Ind AS 116 ,Leases and also brings in amendments to existing Ind AS. The rules shall be effective from reporting periods beginning on or after April 1, 2019 and cannot be early adopted.

a) New Standard issued :

Ind AS 116 , Leases

Ind AS 116 requires the lessee to recognise a 'right-of-use asset' and a 'lease liability' for almost all leasing arrangements. The lessee will no longer be required to classify a lease as operating lease or finance lease.

The new standard requires entities to make more judgements and estimates in determining when a customer has the right to direct the use of an identified asset and the incremental rate of borrowing and make more disclosures (e.g., discount rate, weighted average lease term, other qualitative and quantitative information). In the capacity of a lessee, most companies will have a significant impact on their balance sheets along with ancillary impacts on their financial metrics.

The new standard is mandatory for financial years commencing on or after April 1, 2019 and early application is not permitted. The standard permits either a full retrospective or a modified retrospective approach for the adoption.

Impact: The Group is in the process of assessing the impact of adoption of Ind AS 116.

b) Amendments to existing standards

Amendments to Ind AS 12, Income Taxes

- (i) Appendix C to Ind AS 12, Income Taxes has been inserted. The appendix provides accounting for uncertainty over income tax treatments. The appendix corresponds to IFRIC 23, Uncertainty over Income Tax Treatments issued by the IFRS Interpretations Committee.
- (ii) New paragraph 57A has been added to Ind AS 12 to clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognised.

Impact: The Group is in the process of assessing the detailed impact above amendment.

Amendment to Ind AS 19, Employee Benefits

Amendment to Ind AS 19, Employee Benefits requires an entity to:

- (i) use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- (ii) recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no material impact on the Group.

Amendment to Ind AS 23, Borrowing Costs

Amendment to Ind AS 23, Borrowing Costs clarifies that if a specific borrowing remains outstanding after a qualifying asset is ready for its intended use or sale, it becomes part of general borrowings.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Group.

Amendment to Ind AS 28, Investments in Associates and Joint Venture

Amendment to Ind AS 28, Investments in Associates and Joint Ventures states that Investors could have long-term interests (for example, preference shares or long-term loans) in an associate or joint venture that form part of the net investment in the associate or joint venture. The amendment clarifies that these long-term interests in an associate or joint venture to which the equity method is not applied should be accounted for using Ind AS 109, Financial Instruments. The requirements of Ind AS 109 are applied to long-term interests before applying the loss allocation and impairment

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

requirements of Ind AS 28.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Group.

Amendments to Ind AS 103, Business Combinations and Ind AS 111, Joint Arrangements

This amendment clarifies measurement of previously held interest in obtaining control/joint control over a joint operation as follows:

- (i) On obtaining control of a business that is a joint operation, previously held interest in joint operation is remeasured at fair value at the acquisition date;
- (ii) A party obtaining joint control of a business that is joint operation should not remeasure its previously held interest in the joint operation.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no impact on the Group.

Amendment to Ind AS 109, Financial Instruments

Amendment to Ind AS 109 to enable an entity to measure at amortised cost some prepayable financial assets with negative compensation.

Impact: Management has assessed the effects of the above amendment and concluded that the same has no material impact on the Group.

SIGNIFICANT ACCOUNTING POLICIES

1.1 Statement of Compliance

The financial statements have been prepared in accordance with Ind ASs notified under Sec 133 of the Companies Act, 2013 [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

1.2 Basis of preparation and presentation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, defined benefit plan - plan assets measured at fair value, asset held for sale which is measured at lower of cost or fair value less cost to sell and share based payments as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair

value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below:

1.3 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Holding Company and entities controlled by the Holding Company and its subsidiaries (together referred to as Group). Control is achieved when the Group:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Group has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Group considers all relevant facts and circumstances in assessing whether or not the Group's voting rights in an investee are sufficient to give it power, including:

- the size of the Group's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Group, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Group has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholder's meetings.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

1.3.1 Changes in the Group's ownership interests in existing subsidiaries

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable Ind AS). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under Ind AS 109, or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

1.4 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

1.5 Investments in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale.

1.6 Revenue Recognition

The Group has adopted Ind AS 115 from April 1, 2018 and had opted for modified retrospective application with the cumulative effect of initially applying this standard recognised as an adjustment to the opening balance of retained earnings at the date of initial application. The standard has been applied to all open contracts as on April 01, 2018, and subsequent contracts with customers from that date.

i. Sale of goods

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Group has a right to payment for the asset, customer has legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Group has objective evidence that all criteria for acceptance have been satisfied. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

Certain products of the Group carry a right of return. The Group also provides customers uncertainties such as rebates based on quantity purchased, timing of collection etc., Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions. The Group based on accumulated experience estimates the right of return and rebates and revenue is recognised only to the extent that it is highly probable that a significant reversal in cumulative revenue recognised will not occur. The validity of this assumption and estimated amount of return are reassessed at each reporting period.

ii. Subsidy Income

The Group recognizes subsidy income as per Ind AS 20 'Accounting for Government Grants' on the basis of the rates notified from time to time by the Government of India in accordance with the Nutrient Based Subsidy (NBS) policy on the quantity of fertilisers sold by the Company for the period for which notification has been issued and for the remaining period, based on estimates, when there is a reasonable assurance that the Group will comply with all necessary conditions attached to Subsidy.

iii. Rendering of services

The performance obligation under service contract are provision of handling services, business support services and other ancillary services set forth in the contracts. Revenue from rendering of services are recognised over a period of time by reference to the stage of completion as the customer simultaneously receives and consumes the benefit provided by the Group's performance as the Group performs.

Payment for the service rendered is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

iv. Dividend and interest income

- a). Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).
- b). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

v. Insurance Claims

Insurance claims are accounted for on the basis of claims admitted/ expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

vi. Export Incentives

Export incentive under Duty Entitlement Pass Book Scheme are treated as income in the year of export at the estimated realisable value.

1.7 Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Group as Lessee

The Group's significant leasing arrangements are in respect of operating leases for premises that are cancelable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

Rental expense from operating leases is generally recognised on a straight-line basis over the term of the relevant lease and based on the time pattern of user benefit basis. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred.

In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Group as Lessor

The Group's significant leasing arrangements are in respect of operating leases for premises that are cancelable in nature. The lease rentals under such agreements are recognised in the Statement of Profit and Loss as per the terms of the lease.

Rental income from operating leases is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

1.8 Functional and presentation currency

Items included in the financial statements of the Group are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The financial statements are presented in Indian Rupee (₹), the national currency of India, which is the functional currency and presentation currency of the Holding Company.

1.9 Foreign Currency Transactions

In preparing the financial statements of the Group, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at

the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for :

- Exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- Exchange differences on transactions entered into in order to hedge certain foreign currency risks (see note 1.25 below for hedging accounting policies); and
- Exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.
- Effective April 01, 2018 the Group has adopted Appendix B to Ind AS 21- Foreign Currency Transactions and Advance Consideration which clarifies the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income when an entity has received or paid advance consideration in a foreign currency. The effect on account of adoption of this amendment was insignificant.

1.10 Borrowings and related costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains/ (losses).

Borrowings are classified as current liabilities unless the group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Group does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.11 Government grants other than NBS subsidy income

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the balance sheet and transferred to profit or loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

In respect of government loans at below-market rate of interest existing on the date of transition, the Group has availed the optional exemption under Ind AS 101 - First Time Adoption and has not recognised the corresponding benefit of the Government loan at below-market interest rate as Government grant.

1.12 Employee Benefits

(a) Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Remeasurement

The Group presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

Past service cost is recognised in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognised in the balance sheet represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Contributions paid/payable to defined contribution plans comprising of Superannuation (under a scheme of Life Insurance Corporation of India) and Provident Funds for certain employees covered under the respective Schemes are recognised in the Statement of Profit and Loss each year.

Gratuity for certain employees is covered under a Scheme of Life Insurance Corporation of India (LIC) and contributions in respect of such scheme are recognized in the Statement of Profit and Loss. The liability as at the Balance Sheet date is provided for based on the actuarial valuation carried out as at the end of the year.

The Group makes contributions to Provident Fund Trusts for certain employees, at a specified percentage of the employees' salary. The Group has an obligation to make good the shortfall, if any, between the return from the investments of trust and the notified interest rates.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

(b) Short-term and other long-term employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

1.13 Share-based payment arrangements

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based transactions are set out in note 44.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

Under the previous GAAP, share based payment costs were accrued on an intrinsic value method. Upon transition to Ind AS, the Group has availed the exemption to apply the fair value to only unvested options.

1.14 Earnings per Share

The Group presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

1.15 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

a. Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profits will be available against which those deductible temporary differences and unused tax losses can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

c. Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

the deferred tax balances relates to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

1.16 Property, Plant and Equipment

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes professional fees and, for qualifying assets, borrowing costs capitalized in accordance with the Group's accounting policy. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

Estimated useful lives of the assets are as per the technical evaluation performed by the Group which is as follows:

Asset	Useful lives (in years)
Buildings	3 - 80 years
Plant and equipment (Continuous Process)	2- 25 years
Vehicles	4 - 8 years
Office equipment, furniture and fixtures	3 - 10 years

Assets on leased premises are depreciated on the remaining period of lease or as per the useful life set above whichever is earlier. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets costing ₹ 5,000 and below are depreciated over a period of one year.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise

from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

1.17 Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost including transactions costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16's requirement for cost model. Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Estimated useful lives of the assets are as follows:

Asset	Useful lives (in years)
Buildings	10 - 60 years

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

1.18 Intangible Assets

a. Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

b. Internally-generated intangible assets - research and development expenditure

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally-generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all of the following have been demonstrated:

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and to use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits;
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally-generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally-generated intangible asset can be recognised, development expenditure is recognised in profit or loss in the period in which it is incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortization and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

c. Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

d. Useful lives of intangible assets

Estimated useful lives of the intangible assets are as follows:

Asset	Useful lives (in years)
Patents, Trademarks, Product registration, Technical know how, Software, Licenses and Clinical Trial cost	3 to 20 years

e. Biological assets

The Company recognises neem plantation as Biological assets and are carried at historical cost of acquisition less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure on biological assets are added to its book value only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Cost incurred for new plantations are capitalised and depreciated over their estimated useful life which has been ascribed to be 20 years.

1.19 Impairment of Tangible and Intangible Assets

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

1.20 Inventories

Inventories other than by products are stated at the lower of cost and net realisable value. Inventories of by-products are valued at net realisable value. Cost of raw materials and traded goods comprises cost of purchases after deducting rebates and discounts. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Cost of inventories are determined on weighted average basis except in case of raw materials of subsidiary company Coromandel

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

International Limited relating to Nutrient and allied business and Crop protection determined in FIFO basis and in case of subsidiary Parry Sugars Refinery India Private Limited, cost of raw material, cost of work in progress and finished goods of white sugar are determined on the basis of "specific identification method".

1.21 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as an interest expense.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

1.22 Financial instruments

Financial assets and financial liabilities are recognised when a Group entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.23 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

a. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost (except for debt instruments that are designated as at fair value through profit or loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- the debt instruments carried at amortised cost include Deposits, Trade receivable, Loans and advances recoverable in cash.

For the impairment policy on financial assets measured at amortized cost, refer Note 1.23e

Investment in joint ventures and associates are accounted under equity method.

For the impairment policy on investment in associates and joint ventures, refer Note 1.23e

All other financial assets are subsequently measured at fair value.

b. Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

c. Investments in equity instruments at FVTOCI

The Group has elected to carry investment in equity instruments as Fair value through other comprehensive income. On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

The Group has equity investments which are not held for trading. The Group has elected the FVTOCI irrevocable option for both of these

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

investments (see note 8). Fair value is determined in the manner described in note 50.9.

Dividends on these investments in equity instruments are recognised in profit or loss when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably. Dividends recognised in profit or loss are included in the 'Other income' line item.

d. Financial assets at fair value through profit or loss (FVTPL)

The Group carries derivative contracts not designated in a hedge relationship at FVTPL. Financial assets at FVTPL also includes assets held for trading.

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Group's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

e. Impairment of financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the

scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information on case to case basis.

f. Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

g. Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

- For foreign currency denominated financial assets measured at amortized cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.
- Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.
- For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognised in profit or loss and other changes in the fair value of FVTOCI financial assets are recognised in other comprehensive income.

1.24 Financial liabilities and equity instruments

a. Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group entity are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

c. Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Group, and commitments issued by the Group to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

c.1. Financial liabilities at FVTPL

Financial liabilities at FVTPL includes derivative liabilities. Non-derivative financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL. There are no non-derivative financial liabilities carried at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Fair value is determined in the manner described in note 50.9.

c.2. Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

c.3. Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Group entity are initially measured at their fair values and, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109;
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

c.4. Foreign exchange gains and losses

For financial liabilities that are denominated in a foreign currency and are measured at amortized cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortized cost of the instruments and are recognised in 'Other income'.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

c.5. Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

1.25 Derivative financial instruments and Hedge Accounting

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate and foreign exchange rate risks, including foreign exchange forward contracts, interest rate swaps and cross currency swaps. Further details of derivative financial instruments are disclosed in note 50.9

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedging relationship and the nature of the hedged item.

a. Commodity Derivatives

Some of the Group's commodity derivatives are treated as hedges of price risk associated with the cash flow of highly probable forecast purchase and sale of raw and white sugar respectively (cash flow hedges).

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Group documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Group documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months. Trading derivatives are classified as a current asset or liability.

Commodity derivatives not designated as hedge are accounted for at fair value through profit or loss and are included in other income.

b. Other financial derivatives :

The Group designates certain hedging instruments, which include derivatives and non-derivatives in respect of foreign currency risk, as either fair value hedges, cash flow hedges, or hedges of net investments in foreign operations. Hedges of foreign exchange risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

Cash Flow Hedge

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges are recorded in other comprehensive income and are grouped under head of cashflow hedge reserve. The gain or loss relating to the ineffective portion is recognized immediately in the profit or loss, and is included in the 'Other income' line item. The cumulative gain or loss previously recognized in other comprehensive income remains there until the forecast transaction occurs. When the hedged item is a non-financial asset, the amount recognized in other comprehensive income is transferred to the carrying amount of the asset when it is recognized. In other cases the amount recognized in other comprehensive income is transferred to profit or loss in the same period that the hedged item affects profit or loss. Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated or exercised, or no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in profit or loss. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognized in the other comprehensive income is transferred to profit or loss, and is included in Other income.

1.26 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information. Cash & cash equivalents includes balances in current accounts, cash on hand, cheques and drafts on hand.

1.27 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount in reported in the balance sheet, where there is a legally enforceable right to offset the recognised amounts and there is intention to settle on net basis or realise the assets and liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counter party.

1.28 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies the directors of the Group are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

a. Critical accounting judgements

The following are the critical judgments, apart from those involving estimations, that the directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

i. Revenue recognition

In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and, in particular, whether the Group had transferred control over the goods to the buyer.

ii. Determination of functional currency

Parry Sugars Refinery India Private Limited (PSRIPL), a subsidiary of the Holding company is domiciled in India. In making their judgement of functional currency, the directors of PSRIPL considered the detailed scenario for the determination of USD as functional currency on the basis of criteria laid down in Ind AS 21 and, in particular in which currency major purchases and sales are made.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

iii. Hedge Accounting

Accounting for commodity derivative contracts as cash flow hedges of highly probable forecast purchase and sale of raw and white sugar respectively. Judgement in this regard are involved in respect of whether the forecast transaction are highly probable to occur.

b. Key sources of estimation uncertainty

Key assumption concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as given below.

i. Fair value measurement and valuation processes

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Group uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in notes 3 and 50.9.

ii. Useful life of Property, Plant and Equipments

The Group reviews the estimated useful lives of Property, plant and equipment at the end of each reporting period. During the current year, there has been no material change in life considered for the assets.

iii. Revenue recognition

The Group provides customer incentives, such as rebates, based on quantity purchased, timing of collections etc. Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions.

iv. Subsidy income

Subsidy income is recognised on the basis of the rates notified from time to time by the Government of India in accordance with the Nutrient Based Subsidy (NBS) policy on the quantity of fertilisers sold by the Coromandel International Limited, a subsidiary, for the period for which notification has been issued and for the remaining period, based on estimates.

v. Estimation of net realisable value of inventories

Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Group makes an estimate of future selling prices and costs necessary to make the sale.

vi. Provision for employee benefits

The Group uses actuarial assumptions to determine the obligations for employee benefits at each reporting period. These assumptions include the discount rate, expected long-term rate of return on plan assets, rate of increase in compensation levels and mortality rates.

vii. Provision for taxes

Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/recovered for uncertain tax positions.

viii. Impairment of property, plant and equipment

Parry Sugars Refinery India Private Limited, a subsidiary of the Holding Company has been incurring losses during the past 2 years. This is an indicator of potential impairment of carrying amount of property, plant and equipment of the subsidiary. Management has performed a detailed impairment assessment of the property, plant and equipment of the subsidiary and based on the assessment performed no impairment has been deemed necessary. The recoverable amounts have been determined based on value in use calculations which uses cash flow projections. The carrying amount of property, plant and equipment are stated in Note 2.

ix. Provisions for doubtful receivables

The Group makes provision for doubtful receivables based on a provision matrix which takes into account historical credit loss experience and adjusted for current estimates.

1.29 Operating Cycle

Based on the nature of products / activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.30 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

1.31 Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period

1.32 Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakh as per the requirement of Schedule III, unless otherwise stated.

All of the Holding Company's investment properties are held under freehold interests except as mentioned above.

3.1 Fair value of the Group's investment properties

The following table gives details of the fair value of the Group's investment properties as at March 31, 2019 and March 31, 2018:

₹ in Lakh

Particulars	Level 3	
	March 31, 2019	March 31, 2018
i. Land and Buildings in Tamilnadu	31,051	31,051

The fair value of the Group's investment properties as at March 31, 2019 and March 31, 2018 have been arrived at on the basis of a valuation carried out by M/s. Value Assessors & Surveyors Private Limited, independent valuers not related to the Group. M/s. Value Assessors & Surveyors Private Limited are registered with the authority which governs the valuers in India, and they have appropriate qualifications and relevant experience in the valuation of properties in the relevant locations. Fair value was derived using the market comparable approach based on recent market/government guideline prices without any significant adjustments being made to the market observable data.

In estimating the fair value of the properties, current use is considered as the highest and best use.

For rental income earned and direct operation expenses incurred in connection with investment property refer note. 28 and note 38

NOTE 4

GOODWILL

₹ in Lakh

Particulars	As at March 31, 2019	As at March 31, 2018
Carrying amounts of:		
Goodwill	2,570	2,502
Total	2,570	2,502

Particulars	Year ended March 31, 2019	Year ended March 31, 2018
Cost		
Balance at beginning of the year	2,502	2,502
Effect of foreign currency exchange differences	68	-
Balance at end of the year	2,570	2,502

As at March 31, 2019 goodwill of ₹ 1,452 Lakh (March 31, 2018 : ₹ 1,452 Lakh), ₹ 1,086 Lakh (March 31, 2018 : ₹ 1,018 Lakh) and ₹ 32 Lakh (March 31, 2018 : ₹ 32 Lakh) relates to the Sugar, Nutraceuticals and Fertiliser segments respectively. Goodwill on each of the segment arose when the businesses were acquired and has been assessed for impairment and based on the assessment no impairment has been considered.

(i) Impairment tests for goodwill :

Goodwill of ₹ 1,452 Lakh represents the goodwill accounted on the of acquisition of erstwhile Subsidiary Parrys Sugar Industries Limited (Which was a Common control entity) as reflected in the Consolidated Financial Statements of the Company for the year ended March 31, 2015.

The Group has determined each factory location as a cash generating unit (CGU). The entire goodwill is attributable to the Holding Company's factory located at Ramdurg.

(ii) Significant estimate: key assumptions used for value-in-use calculations :

The Group tests whether goodwill has suffered any impairment on an annual basis. For the current and previous financial year, the recoverable amount of the CGUs was determined based on value-in-use calculations which require the use of assumptions. The factory at Ramdurg is operated on a leased property. The lease period expires in September 2032 and the arrangement does not contain a renewal clause Therefore, cash flow projections based on financial budgets approved by management cover a thirteen-year and six months period upto the end of lease term.

The following table sets out the key assumptions for the Ramdurg CGU to which entire goodwill is allocated are as follows:

Description	Assumption	Approach used to determining values
Sales volume (% annual growth rate)	1.5% growth rate over the period of 7 years. Thereafter, stable volume assumed over the projection period	Based on management's expectations of market development and past performance
Sales price (% annual growth rate)	3.8% growth rate over the projection period	Based on current industry trends, minimum support price announced by government and including long-term inflation forecasts
Post-tax discount rate	12.24%	Reflect specific risks relating to the business and geography in which they operate.

(iii) Significant estimate: Impact of possible changes in key assumptions

The recoverable amount of the Ramdurg CGU is estimated to exceed the carrying amount of the CGU as at March 31, 2019 by ₹ 2,217 Lakh. If the post-tax discount rate applied to the cash flow projections of this CGU had been higher than management's estimates (15.24% instead of 12.24%), the Group's headroom will reduce to ₹ 452 Lakh.

The Directors and management have considered and assessed reasonably possible changes for other key assumptions and have not identified any instances that could cause the carrying amount of Ramdurg CGU to exceed its recoverable amount.

NOTE 41

SEGMENT INFORMATION

Information reported to the chief operating decision maker (CODM) for the purposes of resource allocation and assessment of segment performance focuses on the types of goods or services delivered or provided, and in respect of the following segments tabulated below. The directors of the Holding Company have chosen to organise the Group around differences in products and services. No operating segments have been aggregated in arriving at the reportable segments of the Group. Specifically the Group's reportable segments under Ind AS 108 are as follows.

Operating Segment :

Nutrient and allied business	Crop protection	Sugar	Co-generation	Distillery	Nutraceuticals	Others
------------------------------	-----------------	-------	---------------	------------	----------------	--------

Geographical information:

The Group operates in the following principal geographical areas -

North America	Europe	Rest of the world	India (Country of domicile)
---------------	--------	-------------------	-----------------------------

Revenue and expenses directly attributable to segments are reported under each reportable segment. Other expenses and income which are not attributable or allocable to segments have been disclosed as net unallocable expenses/income.

Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment. All other assets and liabilities are disclosed as unallocable. Property, plant and equipment that are used interchangeably among segments are not allocated to reportable segments.

Inter Segment Transfer Pricing:

Inter Segment prices are normally negotiated amongst the segments with reference to cost, market prices and business risks, within an overall optimisation objective for the enterprise.

Revenue from operations	16,56,539	15,43,758

NOTE 42

EMPLOYEE BENEFIT PLANS

A. Defined contribution plans

The Group has recognised ₹ 3,225 Lakh (March 31, 2018: ₹ 2,961 Lakh) as expense in Statement of Profit or Loss towards defined contribution plans. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

B. Defined benefit plans :

i. Gratuity -

In respect of Gratuity plan, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2019. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method. The following table sets forth the status of the Gratuity Plan of the Company and the amount recognized in the Balance Sheet and Statement of Profit and Loss. The Company provides the gratuity benefit through annual contributions to a fund managed by the Life Insurance Corporation of India (LIC).

The Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk : The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Investment Risk : The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Escalation Risk : The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk : The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

₹ in Lakh

Particulars	Gratuity (Funded)	
	2018-19	2017-18
Present Value of obligations at the beginning of the year	7,533	6,793

Discount rate	7.50% - 7.54%	7.70% - 7.82%
Expected rate of salary increases	5% - 7%	5% - 7%
Expected rate of attrition	5% - 8%	5%
Mortality (IALM (2006-2008) Ultimate)	100%	100%

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Group has generally invested the plan assets with the insurer managed funds. The insurance company has invested the plan assets in Government Securities, Debt Funds, Equity shares, Mutual Funds, Money Market Instruments and Time Deposits. The expected rate of return on plan asset is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

₹ in Lakh

Particulars	March 31,2019	March 31,2018
Discount rate		
- 1% increase	465	424
- 1% decrease	(523)	(494)
Salary growth rate		
- 1% increase	(484)	(440)
- 1% decrease	439	403
Attrition rate		
- 1% increase	(56)	(59)
- 1% decrease	73	77

Note: Negative represents increase in obligation and positive represent decrease in obligation.

Please note that the sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods of assumptions used in preparing the sensitivity analysis from prior years.

The Group generally purchases insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Group is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

The Group's best estimate of the contribution expected to be paid to the plan during the next year is ₹ 2,319 Lakh (2018: ₹ 2,269 Lakh).

ii. Note on Provident Fund:

With respect to employees, who are covered under Provident Fund Trust administered by the companies in the Group, the respective companies shall make good deficiency, if any in the interest rate declared by Trust over statutory Limit. Having regards to the assets of the Fund and the return on the investments, the Group does not expect any deficiency in the foreseeable future.

The actuary has used the Deterministic Approach for the calculations of the Interest Rate Guarantees based on the guidance note issued by the Institute of Actuaries of India. The disclosures required under Ind AS 19 is as set out below:

Fund and plan asset position are as follows:

₹ in Lakh

Particulars	As at March 31, 2019	As at March 31, 2018
Accumulated Account Value of Employee's Fund	4,399	4,034
Interest Rate Guarantee Liability	87	79
Present value of benefit obligation at the end of the year	4,486	4,113
Plan asset at the end of the year	4,857	4,527
Surplus available	(371)	(414)
Asset recognised in the Balance Sheet	-	-

The plan assets are primarily invested in government securities, corporate bonds & special deposit schemes.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Assumptions for present value of interest rate guarantee are as follows:

Particulars	As at March 31, 2019	As at March 31, 2018
Discount rate	7.50%	7.60%
Expected guaranteed rate(%)	8.55%	8.65%
Attrition rate	5%	5%

Note 43 Earnings per Share:

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Basic Earnings per share (₹)	8.67	14.46
Diluted Earnings per share (₹)	8.63	14.36

43.1 Basic Earnings per share

The earnings and weighted average number of equity shares used in the calculation of basic earnings per share are as follows.

Profit after Taxation (₹ in Lakh)	15,349	25,582
Earnings used in the calculation of basic earnings per share	15,349	25,582
Number of equity shares of ₹ 1 each outstanding at the beginning of the year	17,69,94,981	17,69,45,759
Add : Number of shares issued pursuant to exercise of Employees Stock Option	-	49,222
(a) Number of equity Shares of ₹ 1 each outstanding at the end of the year	17,69,94,981	17,69,94,981
(b) Weighted Average number of Equity Shares	17,69,94,981	17,69,75,759

43.2 Diluted Earnings per share

The earnings and weighted average number of equity shares used in the calculation of diluted earnings per share are as follows.

Earnings used in the calculation of basic earnings per share	15,349	25,582
Adjustments	(71)	(142)
Earnings used in the calculation of diluted earnings per share	15,278	25,440

The weighted average number of equity shares for the purposes of diluted earnings per share reconciles to the weighted average number of equity shares used in the calculation of basic earnings per share as follows:

Weighted average number of equity shares used in the calculation of basic earnings per share	17,69,94,981	17,69,75,759
Shares deemed to be issued for no consideration in respect of - employee options	-	1,29,376
Weighted average number of equity shares used in the calculation of diluted earnings per share	17,69,94,981	17,71,05,135

44. Share based payments

44.1 Employee share option plan of the Holding Company

44.1.1 Details of the employee share option plans of the Holding Company

The Holding Company has share option scheme for executives and senior employees of the Company. As approved by the shareholders at previous annual general meetings, ESOP schemes will be administered by the Nomination and Remuneration committee of the Board of Directors.

Each employee share option converts into one equity share of the Holding Company on exercise. No amounts are paid or payable by the recipient on receipt of the option. The options carry neither rights to dividends nor voting rights. Options may be exercised at any time from the date of vesting to the date of their expiry.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The following share-based payment arrangement were in existence during the current and prior years

Lapsed	-	-	-	-
At the end of the year	28,400	287.5	52,100	287.5

- b) The above outstanding options have been granted in various tranches and have a weighted average remaining life of 0.01 years (2018: 0.02 years). The exercise price of the outstanding options is ₹ 287.5 (2018 - ₹ 44.58 to ₹ 334.35). The weighted average share price during the year is ₹ 436 (2018 - ₹ 460).
- c) Number of options exercisable at the end of the year is 28,400 (2018 - 52,100).

The fair values of the option with modified terms were determined using a Black Scholes’ model. Where relevant, the expected life used in the model has been adjusted based on management’s best estimate for the effects of non-transferability, exercise restrictions, and behavioral considerations. Expected volatility is based on the historical share price volatility over the past 3-4 years.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Following assumptions were used for calculation of fair value of grants:

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Dividend yield (%)	700	700
Expected volatility (%)	0.39-0.47	0.39-0.47
Risk free interest rate (%)	8	8
Expected term (in years)	4 to 6	4 to 6

Employee Stock Option Scheme 2016 ('ESOP 2016 Scheme'):

- a) Pursuant to the ESOP 2016 Scheme, the Company granted options which vest over a period of four years commencing from the respective dates of grant. Following are the number of options outstanding during the year:

Particulars	For the year ended March 31, 2019		For the year ended March 31, 2018	
	No. of Options	Weighted average exercise price (₹)	No. of Options	Weighted average exercise price (₹)
At the beginning of the year	21,28,400	334.32	21,74,500	319.65
Granted*	2,43,620	439.25	1,48,900	529.40
Exercised	1,20,220	319.65	1,05,200	319.65
Cancelled	97,680	319.65	89,800	319.65
Lapsed	-	-	-	-
At the end of the year	21,54,120	347.68	21,28,400	334.32

*the weighted average fair value of options granted during the year is ₹ 173.25 (2018: ₹ 207.85)

- b) The above outstanding options have been granted in various tranches and have a weighted average remaining life of 3.25 years (2018: 4.09 years). The exercise price of the outstanding options range from ₹ 319.65 to ₹ 529.40 (2018: ₹ 319.65 to ₹ 529.40). The weighted average share price during the year is ₹ 436 (2018: ₹ 460)
- c) Number of options exercisable at the end of the year 6,13,820 (2018: 3,11,740).
- d) The fair values of the option were determined using a Black Scholes' model. Where relevant, the expected life used in the model has been adjusted based on management's best estimate for the effects of non-transferability, exercise restrictions, and behavioural considerations. Expected volatility is based on the historical share price volatility over the past 5-6 years.

Following assumptions were used for calculation of fair value of grants:

Particulars	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Dividend yield (%)	350 - 650	400 - 500
Expected volatility (%)	0.32 - 0.34	0.32 - 0.34
Risk free interest rate (%)	7.0 - 8.0	7.0 - 7.6

NOTE 47**ACQUISITION IN SUBSIDIARIES**

During the year, Coromandel International Limited has formed a new 100% subsidiary, Coromandel International (Nigeria) Limited, by investing ₹ 23 Lakh.

NOTE 48**Conversion of US NUTRACEUTICALS LLC**

During the year, US Nutraceuticals LLC, a 100% subsidiary, was converted into a US Nutraceuticals Inc with 1000 shares of face value \$1 each.

NOTE 49**EXCEPTIONAL ITEMS**

- During the year ended March 31, 2019, Coromandel International Limited (CIL) has settled a customer claim for damages arising under an international supply agreement in respect of one of its products, and costs related thereto, including incidental legal costs estimated at ₹ 1,990 Lakh has been disclosed as an Exceptional item. CIL is pursuing with its insurers for reimbursement of this claim.
- On January 28, 2019 a fire accident occurred at the crop protection product godown in one of the CIL's manufacturing unit at Sarigam, Gujarat. The damaged caused to the inventories and other assets on account of this fire accident together with costs related thereto estimated at ₹ 395 Lakh has been disclosed as an Exceptional item. CIL is pursuing with its insurers for reimbursement of this claim.
- Exceptional item for the year ended March 31, 2018, represents one-time settlement of additional cane price for sugar season 2013-14 to 2016-17 which was agreed with farmers registered with the Holding Company in Tamilnadu.

NOTE 50**FINANCIAL INSTRUMENTS****50.1 Capital management**

The Group's capital management is intended to maximise the return to shareholders for meeting the long-term and short-term goals of the Group through the optimization of the debt and equity balance.

The Group determines the amount of capital required on the basis of annual and long-term operating plans and strategic investment plans. The funding requirements are met through equity and long-term/short-term borrowings. The Group monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Group.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The following table summarises the capital of the Company:

₹ in Lakh

Particulars	As at March 31, 2019	As at March 31, 2018
Equity	4,45,246	4,23,642
Debt *	5,12,462	4,46,994
Cash and cash equivalents	(17,060)	(54,538)
Net debt	4,95,402	3,92,456
Total capital (equity + net debt)	9,40,648	8,16,098
Net debt to capital ratio	0.53	0.48

*Debt = Long term borrowing+short term borrowing+current maturities of long term debt

Financial liabilities		
Measured at amortised cost	6,30,423	5,39,225
Measured at FVTPL	5,648	1,623

50.3 Financial risk management objectives

The Group has adequate internal processes to assess, monitor and manage financial risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Group seeks to minimise the effects of these risks by using financial instruments such as foreign currency forward contracts, commodity contracts, interest and currency swaps to hedge risk exposures and appropriate risk management policies as detailed below. The use of these financial instruments is governed by the Group's policies approved by the Board of Directors, which provide written principles on foreign exchange risk, interest rate risk, credit risk and the investment of excess liquidity. The Group does not enter into trade financial instruments, including derivative financial instruments, for speculative purposes. .

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Item	Primarily affected by	Risk management policies	Refer
Market risk - currency risk	USD balances and exposure towards trade payables, trade receivables, and long-term borrowings	Mitigating foreign currency risk using foreign currency forward contracts, option contracts and swap contracts.	Note 50.4.1
Market risk - interest rate risk	Change in market interest rates	Maintaining a combination of fixed and floating rate debt; interest rate swaps for long-term borrowings; cash management policies	Note 50.4.2
Market risk - Price risk	Change in prices of commodity and value of equity instruments	Monitoring forecasts of cash flows; diversification of portfolio and commodity futures	Note 50.4.3
Credit risk	Ability of customers or counterparties to financial instruments to meet contractual obligations	Credit approval and monitoring practices; counterparty credit policies and limits; arrangements with financial institutions	Note 50.5
Liquidity risk	Fluctuations in cash flows	Preparing and monitoring forecasts of cashflows; cash management policies; multiple-year credit and banking facilities	Note 50.6

50.4 Market risk

The Group's financial instruments are exposed to market rate changes. The Group is exposed to the following significant market risks:

- Foreign currency risk
- Interest rate risk
- Price risk

Market risk exposures are measured using sensitivity analysis. There has been no change to the Group's exposure to market risks or the manner in which these risks are being managed and measured.

50.4.1 Foreign currency risk management

The Group is exposed to foreign exchange risk on account of following:

1. Exports and imports.
2. Foreign currency borrowings in the form of Foreign Currency Non-Repatriable (B) loans (FCNRB), packing credit etc. availed for meeting its funding requirements

The fluctuation in foreign currency exchange rates may have potential impact on the income statement and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the respective consolidated entities.

The Group has a forex policy in place whose objective is to reduce foreign exchange risk by deploying the appropriate hedging strategies (forward covers and options) and also by maintaining reasonable open exposures within approved parameters depending on the future outlook on currencies.

a. The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities based on gross exposure at the end of the reporting period is as under:

Currency	Liabilities		Assets	
	As at March 31, 2019	As at March 31, 2018	As at March 31, 2019	As at March 31, 2018
USD (₹ in Lakh)	5,43,045	4,10,300	45,678	52,695
EURO (₹ in Lakh)	269	44	2,110	416
GBP (₹ in Lakh)	-	-	35	38
INR (₹ In Lakh) *	28,554	31,591	10,357	14,055
AED (₹ In Lakh)	156	-	1,990	-
CLP (₹ in Lakh)	302	313	123	59

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

* Indian Rupee (INR) liabilities and assets relates to Parry Sugars Refinery India Private Limited, whose functional currency is determined as US Dollars and accordingly INR is disclosed as foreign currency

The foreign currency risk on above exposure is mitigated by derivative contracts. The outstanding contracts as at the Balance Sheet date are as follows.

b. Foreign currency forwards and currency and interest rate swaps outstanding as at the Balance Sheet date:

Currency	As at March 31, 2019		As at March 31, 2018	
	Buy	Sell	Buy	Sell
Forward contracts				
i. Cash flow hedges				
USD/INR (₹ in Lakh)	-	12,240	-	79
EURO/INR (₹ in Lakh)	-	-	-	86
ii. Others				
USD/INR (₹ in Lakh)	2,62,035	53,119	1,81,085	85,757
EURO/INR (₹ in Lakh)	-	2,582	-	3,944
AED/INR (₹ in Lakh)	-	852	-	-
Option contracts				
USD/INR (₹ in Lakh)	-	-	43,214	-
Currency and interest rate swaps				
USD/INR (₹ in Lakh)	-	12,920	-	6,275

The forward and option contracts have been entered into to hedge highly probable forecast sale transactions and trade receivables. The swap contracts have been entered into to hedge the currency and interest rate risks on the external commercial borrowings of the Company.

At March 31, 2019, the aggregate amount of gains under forward foreign exchange contracts recognised in other comprehensive income and accumulated in the cash flow hedging reserve relating to the exposure on these anticipated future transactions is Nil (March 31, 2018: ₹ 10 Lakh).

c. Foreign currency sensitivity analysis

The Group is mainly exposed to fluctuations in US Dollar. The following table details the Group's sensitivity to a 10% increase and decrease against the US Dollar on the outstanding balances. 10% is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 10% change in foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens by 10% against the US Dollar. For a 10% weakening against the US Dollar, there would be a comparable impact on the profit or equity.

₹ in Lakh

Currency USD impact on:	For the Year ended March 31, 2019	For the Year ended March 31, 2018
Profit or loss	(14,405)	(10,639)
Other Comprehensive income	(16,957)	(9,257)
Equity	(31,362)	(19,896)

In management's opinion the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of reporting period does not reflect the exposure during the year.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

50.4.2 Interest rate risk management

The Group issues commercial papers, draws working capital demand loans, cash credit, foreign currency borrowings, Packing Credit etc. for meeting its funding requirements.

Interest rates on these borrowings are exposed to change in respective benchmark rates. The Group manages the interest rate risk by maintaining appropriate mix/portfolio of the borrowings..

a. Interest rate swap contract

PSRIPL had entered into a Swap contracts to exchange fixed interest rate in INR to USD fixed rate on agreed notional principal amounts. Such contracts enable the Group to reduce the interest cost. Details of the fixed to fixed interest rate swap is given below.

Particulars	Weighted average interest rate		As at March 31, 2019	As at March 31, 2018
	As at March 31, 2019	As at March 31, 2018	₹ Lakh	₹ Lakh
Fixed Interest Rate Swap carried at FVTPL (Fair value)	3.93%	3.46%	(98.00)	(95.00)

b. Interest rate sensitivity analysis

The sensitivity analysis below has been determined for borrowings assuming the amount of borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 10 basis points increase or decrease in case of foreign currency borrowings and 50 basis points increase or decrease in case of rupee borrowings is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rate had been 10 basis points higher/ lower in case of foreign currency borrowings and 50 basis points higher/ lower in case of rupee borrowings and all other variables were held constant, the Group's profit for the year ended March 31, 2019 would decrease/ increase by ₹ 953 Lakh (March 31, 2018 - ₹ 944 Lakh).

50.4.3 Price risks

a. Commodity price risk

Commodity Price Risk arises from procurement of raw sugar and sale of white sugar by PSRIPL and the consequent exposure to changes in market prices. Exposure to the market prices of the raw sugar procured and white sugar sold is managed through the use of commodity futures and other hedging instruments, including options primarily to convert floating or indexed prices to fixed prices. The use of such contracts to hedge commodity exposures is governed by the Group's risk management policies and continuously monitored by the Trade desk team. Commodity derivatives also provides a way to meet customer's pricing requirements whilst achieving a price structure consistent with the Group's over all pricing strategy.

Some of the PSRIPL's commodity derivatives are treated as hedge of highly probable forecast purchase and sale of raw and white sugar respectively. All other commodity contracts are marked to market through income statement. The impact of hedging activities is set out below:

The table below illustrates the sensitivity of the Group's commodity pricing contracts to the price movement of commodities in respect of trading contracts:

Particulars	Impact in ₹ Lakh (-10% change)		Impact in ₹ Lakh (+10% change)	
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018
Impact on Profit or loss for the year	(452)	993	452	(993)
Impact on Other comprehensive income for the year	7,296	-	(7,296)	-
Impact on Total equity as at end of reporting period	6,844	993	(6,844)	(993)

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

b. Equity price sensitivity analysis

The Group is exposed to equity price risks arising from equity investments. Certain of the Group's equity investments are held for strategic rather than trading purposes. The Group also holds certain other equity investments for trading purposes. The sensitivity analyses below have been determined based on the exposure to equity price risks at the end of the reporting period.

If equity prices had been 1% higher/lower other comprehensive income/ equity for the year ended March 31, 2019 would increase/ decrease by ₹ 359 Lakh (₹ 361 Lakh for the year ended March 31, 2018) as a result of the changes in fair value of equity investments measured at FVTOCI. The impact of change in equity price on profit or loss is not significant.

50.5 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to the customer credit risk management. The Group uses financial information and past experience to evaluate credit quality of majority of its customers and individual credit limits are defined in accordance with this assessment. Outstanding receivables and the credit worthiness of its counterparties are periodically monitored and taken up on case to case basis. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions representing large number of minor receivables operating in independent markets. There is no material expected credit loss based on the past experience. However, the Group assesses the impairment by specific items of trade receivable and creates loss allowance except in Coromandel International Limited provision is created for past due receivables beyond 180 days ranging between 25%-100% after reckoning the underlying collaterals and provides upto 0.50% for receivables less than 180 days on expected credit loss model.

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

50.6 Liquidity risk management

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities including estimated interest payments as at March 31, 2019:

₹ in Lakh

Particulars	Carrying amount	upto 1 year	1-3 year	More than 3 year	Total contracted cash flows
Accounts payable and acceptances	4,85,905	4,89,938	-	-	4,89,938
Borrowings including interest	5,19,894	4,75,048	44,435	9,722	5,29,205
Other financial liabilities	1,09,268	1,09,268	-	-	1,09,268
Total	11,15,067	10,74,254	44,435	9,722	11,28,411

The table below provides details of non-derivative financial assets as at March 31, 2019:

Particulars	Carrying amount
Trade and Subsidy receivables	4,51,435
Other financial assets	1,20,686
Total	5,72,121

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

The table below provides details regarding the contractual maturities of non-derivative financial liabilities including estimated interest payments as at March 31, 2018:

₹ in Lakh

Particulars	Carrying amount	upto 1 year	1-3 year	More than 3 year	Total contracted cash flows
Accounts payable and acceptances	4,64,198	4,65,720	-	-	4,65,720
Borrowings including interest	4,56,074	4,18,394	39,241	8,441	4,79,578
Other financial liabilities	82,500	82,500	-	-	82,500
Total	10,02,772	9,66,614	39,241	8,441	10,27,798

The table below provides details of non-derivative financial assets as at March 31, 2018.

Particulars	Carrying amount
Trade and Subsidy receivables	4,45,569
Other financial assets	1,63,169
Total	6,08,738

The following table details the Company's maturity analysis for its derivative financial instruments. The table has been drawn up based on the undiscounted estimated cash flows determined by reference to the projected market rates at the end of the reporting period. A positive amount represents an anticipated cash inflow and a negative amount represents an anticipated cash outflow.

50.7 Financial guarantee contract

Coromandel International Limited (CIL), a subsidiary, has provided a sponsor guarantee for USD 41.1 million (proportionate to the shareholding of 15%) towards the borrowings of Tunisian Indian Fertilisers S.A. (TIFERT), a company based in Tunisia, manufacturing phosphoric acid. In March 2017, TIFERT has requested reschedulement of installment due to the lenders and delayed the payment. The same was not agreed to by the Lenders and the acceleration notice was served on TIFERT by lenders on 28 March 2017. The loan installment was immediately paid on 30 March 2017 by TIFERT however, on 4 April 2017 the lenders followed up with call notice on shareholders towards guaranteed amount (CIL's share USD 35.25 million outstanding as on March 31, 2017). CIL along with other shareholders of TIFERT are in discussion with the Lenders to resolve the matter with regard to liquidity situation and operational improvements of TIFERT and also to find a solution for meeting the future debt obligations of TIFERT.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Based on communication exchanged with Lenders and operational improvement initiatives taken by TIFERT, CIL reasonably considers that TIFERT would be in a position to meet the debt obligations and it is unlikely that such an event of payment under guarantee amount will arise. TIFERT has paid the subsequent half-yearly installments that were due in September 2017 and March 2018 as per the payment schedule. The sponsor guarantee was valid upto March 31, 2018. CIL's obligation under this financial guarantee if that amount is claimed by the counterparty to the guarantee is subject to a maximum of ₹ 15,538 Lakh (March 31, 2018: ₹ 17,777 Lakh). Carrying amount of the financial guarantee contract in the books is as under:.

Particulars	As at March 31, 2019	As at March 31, 2018
Financial guarantee contract	-	-

50.8 Financing facilities

The Group has access to financing facilities of which ₹ 3,39,941 Lakh (as at March 31, 2018: ₹ 3,00,757 Lakh) were unused at the end of the reporting period. The Group expects to meet its other obligations from operating cash flows and proceeds of maturing financial assets.

50.9 Fair value measurements

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of the reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation techniques and inputs used):

(₹ in Lakh, unless otherwise stated)

Financial assets / financial liabilities	Fair Value as at*		Fair value hierarchy	Valuation techniques & key inputs used
	As at March 31, 2019	As at March 31, 2018		
1) Foreign currency forward contracts	(3,581)	483	Level 2	Refer Note 3(a)
2) Currency and Interest rate swap contracts	(98)	(95)	Level 2	Refer Note 3(a)
3) Commodity future contracts	2,778	(880)	Level 1	Refer Note 2
4) Option contracts	-	378	Level 2	Refer Note 3(b)
5) Investments in quoted equity instruments at FVTOCI	1,723	2,627	Level 1	Refer Note 2
6) Investments in quoted equity instruments at FVTPL	12	4,087	Level 1	Refer Note 2
7) Investments in unquoted equity instruments at FVTOCI	36,637	33,456	Level 3	Refer Note 4(a) & 4(c)
8) Investments in unquoted equity instruments at FVTPL	324	361	Level 3	Refer Note 4(b)

* Positive value denotes financial asset (net) and negative value denotes financial liability (net).

Notes:

1. There were no transfers between Level 1 and 2 in the period.
2. The Level 1 financial instruments are measured using quotes in active market
3. The following table shows the valuation technique and key input used for Level 2:

Financial Instrument	Valuation Technique	Key Inputs used
(a) Foreign currency forward contracts, currency and interest rate swaps	Discounted Cash Flow	Forward exchange rates, contract forward and interest rates, observable yield curves.
(b) Option contracts.	Black Scholes model	The significant valuation inputs considered are the option exercise price, currency spot rates, tenure, risk-free interest rates and the anticipated volatility in the underlying currency

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

4. The following table shows the valuation technique and key input used for Level 3:

Financial Instrument	Valuation Technique	Key Inputs used	Sensitivity
(a) Investments in unquoted equity instruments at FVTOCI	Market Multiple Approach	Discount for lack of marketability, determined by reference to the share price of listed entities in similar industries, ranging from 30% to 50% (as at March 31, 2018 : 30% to 50%)	A 5% increase/ decrease in the discount for lack of marketability used in isolation would decrease/increase the carrying amount by ₹ 672 Lakh (as at March 31, 2018: ₹ 771 Lakh)
(b) Investments in unquoted venture capital fund at FVTPL	Net Asset Value (NAV) method	The Group uses net asset value (NAV) as reported by the venture capital fund for its valuation purpose.	A 10% increase/ decrease in the value of unquoted investments of the fund would increase/ decrease the carrying amount of investment by ₹ 17 Lakh (March 31, 2018: ₹ 21 Lakh)
(c) Investments in unquoted equity instruments at FVTOCI	Discounted Cash Flow Method	Long-term growth rates, taking into account management's experience and knowledge of market conditions of the specific industries, ranging from 2% (as at March 31, 2018: 2%)	If the long-term growth rates used were 100 basis points higher/lower while all the other variables were held constant, the carrying amount would increase/decrease by ₹ 1,888 Lakh (as at March 31, 2018: ₹ 4,758 Lakh)
		Weighted average cost of capital (WACC) as determined ranging from 12% to 15% (as at March 31, 2018: 12% to 15%)	A 100 basis points increase/decrease in the WACC or discount rate used while holding all other variables constant would decrease/ increase the carrying amount by ₹ 3,049 Lakh (as at March 31, 2018: ₹ 5,508 Lakh)

Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

Particulars	Fair value hierarchy	As at March 31, 2019		As at March 31, 2018	
		Carrying amount	Fair value	Carrying amount	Fair value
Financial assets					
Financial assets at amortised cost:					
- Trade receivables	Level 2	2,07,187	2,07,187	1,82,883	1,82,883
- Cash and cash equivalents	Level 2	17,060	17,060	54,538	54,538
- Bank balances other than cash and cash equivalents	Level 2	11,070	11,070	11,831	11,831
- Loans	Level 2	44,405	44,364	42,777	42,673
- Government subsidies receivable	Level 2	2,44,248	2,44,248	2,62,686	2,62,686
- Other financial assets	Level 2	6,367	6,367	10,999	10,999
Particulars	Fair value hierarchy	As at March 31, 2019		As at March 31, 2018	
		Carrying amount	Fair value	Carrying amount	Fair value
Financial liabilities					
Financial liabilities at amortised cost:					
Borrowings	Level 2	5,22,962	5,21,518	4,56,074	4,56,522
Trade payables	Level 2	4,85,905	4,85,905	4,64,198	4,64,198
Other financial liabilities	Level 2	1,06,200	1,06,200	82,500	82,500

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

1. In case of trade receivables, cash and cash equivalents, trade payables, short term borrowings and other financial assets and liabilities it is assessed that the fair values approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. The fair values of the financial assets and financial liabilities included above have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparties. .

Reconciliation of Level 3 fair value measurements for the year ended March 31, 2019:

Particulars	Investments in unquoted equity instruments at FVTOCI	Investments in unquoted venture capital fund at FVTPL	Total
Opening balance	33,456	361	33,817

- in other comprehensive income	(10,510)	-	(10,510)
Exchange differences	(56)	-	(56)
Purchases	1,609	16	1,625
Sold	-	(140)	(140)
Closing balance	33,456	361	33,817

NOTE 51

CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS

₹ in Lakh

Particulars	As at March 31, 2019	As at March 31, 2018
a. Commitments		
i. Capital expenditure commitment	14,053	6,039
ii. Commitment towards investment	316	338
iii. Maximum obligation on long term lease of land	2,785	2,742
b. Other monies for which the Group is contingently liable		
i. Letters of Credit and Bank Guarantees established for Purchases of Raw Materials, Spares and Capital Goods / Supply of Goods	10,499	74,265
ii. Income tax demands which are under various stages of appeal. (refer note 51.3)	8,725	7,785
iii. Claims against the Group for Sales tax, Excise Duty and others including Industrial Disputes (refer note 51.3)	5,799	10,245
iv. Cane price (Refer Note 51.1)	309	2,613

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS

Particulars	As at March 31, 2019	As at March 31, 2018
v. Certain Industrial Disputes are pending before Tribunal / High Courts. The liability of the Group in respect of these disputes depends upon the final outcome of such cases and the quantum of which is not currently ascertainable.		
vi. Other claims against the Group not acknowledged as debts	6,010	1,943

51.1 The Tamilnadu Government declared State Advisory Price (SAP) for the sugar year 2013-14, 2014-15 and 2015-16. The Company has challenged the right of State Government to declare the SAP in the Hon'ble High Court of Madras. The matter is subjudice.

51.2 Future cash outflows in respect of the above referred matters are determinable only on receipt of judgements / decisions pending at various forums / authorities.

51.3 The Income Tax Department/Commercial Tax Department/Central Excise and Service Tax and GST Authority has filed appeal against the favorable order passed by lower forum in favor of the Company in appropriate appellate forum to the extent of ₹ 6,468 Lakh. It is expected that there will not be any outflow of economic resources embodying economic benefits. Hence, no provision is considered necessary against the same.

51.4 Coromandel International Limited (CIL), a subsidiary of the Company, has received a Product Liability claim from a customer in respect of contamination in the product exported during the year. The amount of the claim is not mentioned in the claim document. Discussions have been initiated with the customer to determine the amount and consequently no provision towards the said claim has been made as at the Balance Sheet date. CIL carries product liability insurance and has intimated the insurance company of receipt of such claim.
