Success is the result of consistent commitment combined with capability. At MetroGlobal, we value all three: capability, commitment and consistency.

This was showcased during a tumultuous year when we successfully generated value for our stakeholders. We pushed the edges of the envelope to fit in our agenda for growth, without compromising on our values. We faced every challenge head-on, driving our industry experience, brand value and business acumen to procure and deliver the best quality of products for our customers.

We kept pace in a constantly evolving business landscape, demonstrating the agility and adaptability of our business model. Despite the industrial headwinds, our diversified business strategy further facilitated our emergence as a stronger player in India's trading industry.

FROM THE CHAIRMAN'S DESK

Dear Stakeholders

I am delighted to present our Annual Report for FY 2020-21. The report is a testimony to our capability, commitment and consistency in generating stakeholder value.

A challenging year

FY 2020-21 was perhaps the most challenging year for India, post its independence, as the economy strived towards attaining its former glory in the aftermath of a pandemic, which already had disrupted the lives and livelihoods of millions. COVID-19 further burdened the country's public healthcare system, apart from condemning the economy to a negative growth rate of -8%. Besides, the lockdowns administered to save lives further crippled the supply chains, affecting manufacturing and retail alike.

In fact, during the year under review, private consumption contracted by 9.5% (e) due to reduced demand as a result of income loss, mobility restrictions and supply constraints. Simultaneously, investments declined by 14.5% owing to economic uncertainty and delays in the implementation of capital projects.

However, both the central government and different state governments supported the industries across the board with supportive policies. This led to Indians focusing on buying local. Consequently, experts predicted a V-shaped recovery for the economy, which materialised as 0.4% growth during Q3 and 3.7% during Q4.

Policy support towards Indian manufacturers include rationalised customs duty on key chemicals, metals and other manufacturing inputs on one hand and large-scale export of technical textiles (in the form of masks, PPE kits and overalls). The government also permitted

Foreign Portfolio Investors (FPIs) an entry into the debt financing of Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs). Moreover, these finance instruments are exempted from Tax Deducted at Source (TDS), alongside tax holidays announced for affordable housing projects.

Our performance

We ended another year on a positive note, despite the challenging circumstances we faced during FY 2020-21. During the period under review, we delivered a total consolidated income of ₹ 25,390.59 Lacs as compared to ₹ 24,690.62 Lacs in the previous year. Our EBITDA was ₹ 1,086.72 Lacs and our Profit After Tax (PAT) was ₹ 712.78 Lacs vis-à-vis ₹ 797.78 Lacs in the previous year.

During this phase, it was our capability and commitment which enabled us to consistently add value.

Our people, our pride

Our people are our assets and it was their capability, commitment and consistency which enabled us to tide over these trying times. Their firm belief in our values, vision and mission facilitated our value creation journey throughout the year, despite the impact of the pandemic.

Outlook

Our operations are dependent on India's manufacturing sector, which curtailed by ~9% during the year, thereby impacting our revenues as well. Several factors influenced this

contraction, including diminishing demand, disrupted supply chains, lack of investments/liquidity/revenues and non-availability of migrant labourers. These institutional challenges were common among sectors and impacted the real estate segment as well.

However, with the Government of India's focused efforts and the extensive vaccination drives across the country, we expect Indian economy and all its industry to recover lost ground soon, with a V-shaped revival.

Let me bid you adieu on that hopeful note of recovery while I thank our valued shareholders and stakeholders for continuing to repose their faith in us. A special thank you for our Board

members who guided us during this arduous journey of FY 2020-21 and most importantly our people who executed our strategies flawlessly to create value for all.

Warm regards

CORPORATE SNAPSHOT

A DIVERSE BUSINESS

METROGlobal Limited is a highly-recognised commercial intermediary. We engage in the trading of chemicals, textiles, minerals and ores, metals and precious metals. Over the years, we have diversified into realty development.

A well-diversified organisation, we primarily serve as a key intermediary, catering to different manufacturing companies—sourcing key raw materials for their use from across the globe and the country. We ensure to purchase high-quality materials in bulk quantities for our customers and distribute across India.

We have a strong business model that enables us to create value for our stakeholders. With a robust corporate governance framework in place, we focus on balancing our risks and opportunities to maximise value creation.

Our story of origin

METROGlobal Limited emerged as a result of an amalgamation in 2011 between Global Boards Limited (paper boards manufacturing company) and Metrochem Industries Limited (leading manufacturers and exporters of Textile Dyes and its intermediates). For the last decade, we have been importing chemicals, minerals and ores in bulk to distribute across India and trading in textiles, metals and precious metals within the country.

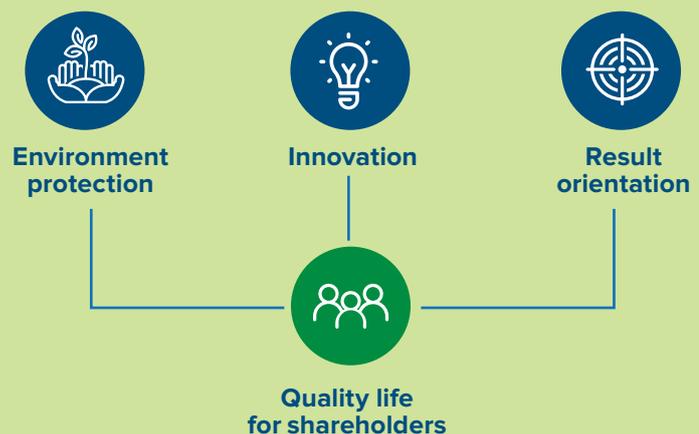

Vision

We envision ourselves as a strongly established and enhanced business leadership firm that is able to serve customers worldwide with quality products and services. And we continuously apply innovation and result-oriented methodologies to get one step closer to this vision.

Mission

Since the inception of MetroGlobal, improving the quality of life for shareholders has always been our core mission. We infuse result-oriented innovations in our culture that helps uplift society as a whole. And to spread a positive impact on our stakeholder's lives, directly or indirectly, we incorporate environmental protection at every level of our operations and management.

Core values

Value creation

We strongly believe that a business becomes an established organisation through its core values. And we consistently direct our Company efforts in creating & providing values that redefine the operational and management functionalities.

Integrity & ethical behaviour

Moral obligations are at the core of MetroGlobal Limited. We integrate the functionality of our Company with ethical behavioural practices at every level of management structure through transparent policies.

Quality through compliance and best practices

Even while being a trading company, we ensure the quality of materials that comply with our stakeholders' requirements and market demand. And to fulfil this demand at every point of time, we go beyond industry standards to deliver.

Mutual respect

Not limiting our concerns for people only, we, at MetroGlobal Limited respect environmental causes as well. And we strongly prohibit unethical practices, manipulation of facts, exploitation and disrespectful behaviours towards any individual, be it from the organisation or not.

Team work

In today's fast-paced world, an organisation does not thrive with internal support and efforts only. So, we continuously collaborate and cooperate with industry leaders to rise together above and beyond the targeted goals.

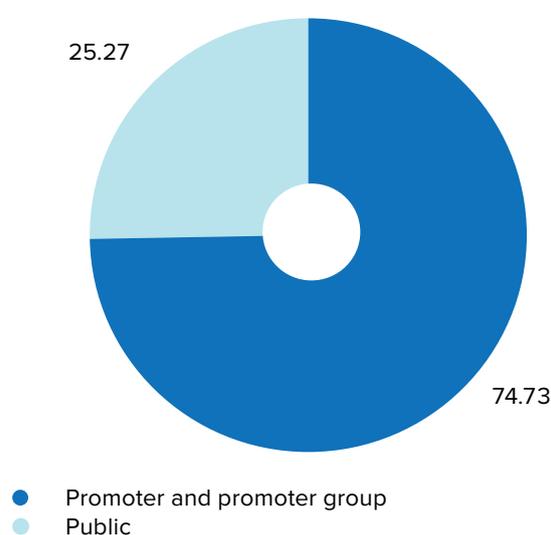

Commitment to quality

Our commitment to quality across the board enables us to serve India's manufacturing sector.

We have a highly skilled quality control and purchase team that ensures the quality of our products. Moreover, we have built long-term bonds with our sellers, which further enables us to ensure the quality of products.

Business snapshot

We have two main business segments — Trading and Real Estate Development. At MetroGlobal, we have always been on the lookout for new businesses and in 2011 forayed into urban real estate, after consolidating our presence as a commercial intermediary for decades.

Our Business Segments

Trading

Real estate development

Trading

Our trading business consists of chemicals, textiles, minerals & ores, metals and precious metals. We have built our trading business on the premise of 'best-in-class quality' and 'on-schedule delivery'.

This approach has enabled us to grow as a highly-recognised commercial intermediary that is trusted by other manufacturing companies. Our primary activity in this segment includes sourcing bulk materials from different international and local producers for our clients and distributing the same at highly competitive prices to our clients.

Chemicals

Textiles

Minerals & Ores

Metals

Precious Metals

Real estate development

We delved into realty development with small-scale residential projects; and in the last decade further forayed into commercial and industrial construction as well. Today, we have a significant footprint across Gujarat. Our focus on this segment too remains unwavering on 'best-in-class quality' and 'on-schedule delivery', both in case of independent and partner-driven projects.

Business enablers

Experience

We have been in the business for more than a decade and have gathered immense expertise in sourcing quality products.

Enduring relationships

Over the years, we have built long-term bonds with our suppliers and clients, who trust us to deliver them the best prices on one hand and the best materials on the other.

Trust

We are trusted by our customers to always procure the best-in-class products in the market for them and deliver on schedule.

Skilled team

We have a well-trained team that facilitates the buying and on-time delivery of quality raw materials for our customers.

MANAGEMENT DISCUSSION AND ANALYSIS

Economic and industry overview

Operating in a recovering business landscape

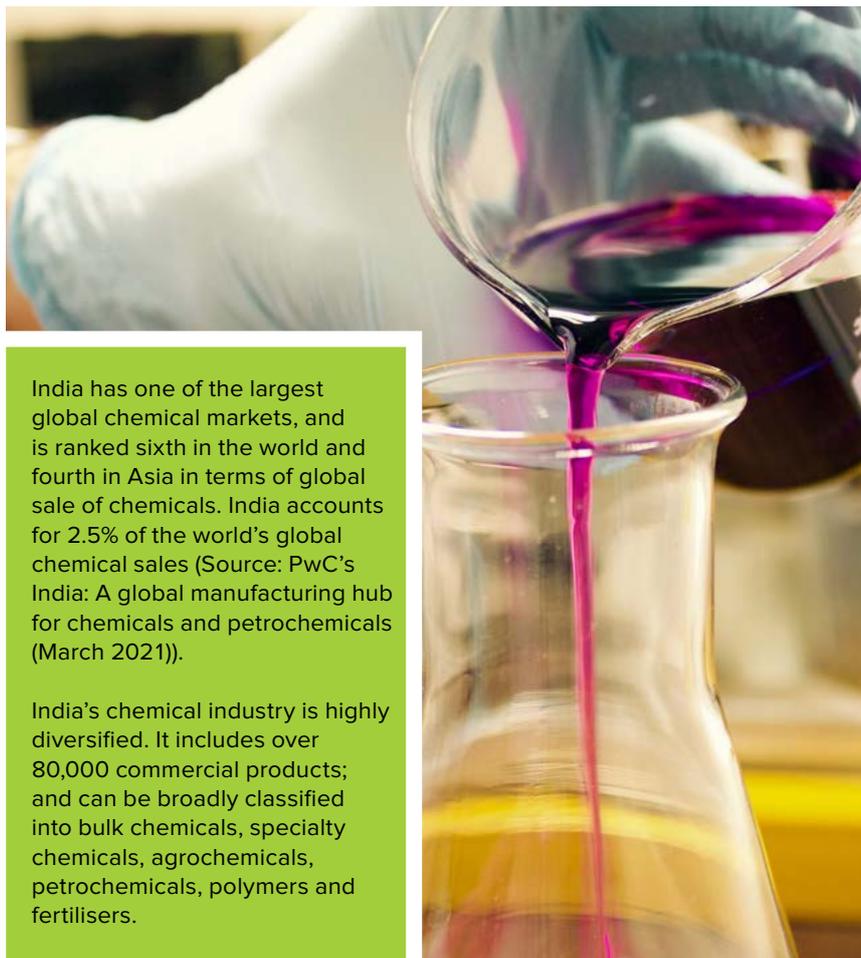

One year into the pandemic, the loss of lives and livelihoods continue to impact communities across the world as high uncertainty engulfs economic growth prospects globally. Besides, the period under the review witnessed a widespread, synchronised and accelerated contraction of economic activity across economies of every scale.

According to the International Monetary Fund (IMF), global output was -3.3% for CY2020 and the same is pegged at 6.6% for CY2021. The spur in economic activity is on the back of strong recovery forecasts for both advanced and emerging economies as a result of policy support and ongoing vaccination drives across the world.

India's economy fared better than the earlier predictions of the IMF, despite

constraints degrowing by only 8% in FY 2020-21. However, the IMF predicts over 12% growth for FY 2021-22 (Source: IMF's World Economic Outlook - April 2021).

Chemicals

India has one of the largest global chemical markets, and is ranked sixth in the world and fourth in Asia in terms of global sale of chemicals. India accounts for 2.5% of the world's global chemical sales (Source: PwC's India: A global manufacturing hub for chemicals and petrochemicals (March 2021)).

India's chemical industry is highly diversified. It includes over 80,000 commercial products; and can be broadly classified into bulk chemicals, specialty chemicals, agrochemicals, petrochemicals, polymers and fertilisers.

Market dynamics

India's chemical industry was estimated to be worth US\$178 billion in FY 2019-20 and has a significant potential to reach US\$300 billion by FY 2024-25. COVID-19 impacted the industry severely, disrupting supply chains and the demand. Consequently, it is expected to show a downturn in FY 2020-21. However, policy support and India's growth trend are enabling the industry to reach its pre-COVID growth rates, and the segment is expected to witness a V-shaped recovery in FY 2021-22 by adapting to India's GDP growth trend. The industry is expected to grow at a CAGR of 9.2% by FY 2024-25, reaching up to US\$276 billion in the next five years (Source: PwC's India: A global manufacturing hub for chemicals and petrochemicals (March 2021)).

India accounts
2.5%
 of Global chemical sales

Textiles

India's textile sector is among its oldest industries dating back to centuries with skilled artisans and the latest manufacturing techniques, making India a formidable player on a global scale. The country's textile industry remains varied with hand-spun and hand-woven textiles on one hand and capital-intensive sophisticated mills on the other. Decentralised power looms and hosiery, alongside knitting together form the largest component of India's textile sector.

The industry enjoys a capacity to produce a wide variety of products suitable for different global and domestic markets and their various segments. And its technical textile segment is expected to witness significant growth going forward.

Market dynamics

India's textile market is valued at US\$14 billion for CY2020. It is predicted to reach US\$23.3 billion by 2027, growing at a CAGR of 7.6%. It is among the fastest growing textile industries in the Asia-Pacific region. The industry is projected to grow at CAGR 10-12%, to reach US\$220 billion by FY 2025-26.

During FY 2019-20, the industry shrank as demand shriveled as a result of COVID-19. The workforce and small and medium industries were hit hard – while millions of skilled and unskilled labourers lost their livelihoods, several manufacturers went down.

However, the textile industry was active with the production of medical and technical textiles amidst the pandemic. India became the second largest manufacturer of PPE kits producing 4 Lacs PPE kits and 1.5 crore masks every day (Source: KPMG's Technical textiles: Emerging opportunities and investments (March 2021) and www.onlineclothingstudy.com/2021/03/impact-of-covid-19-on-indian-textile).

Metals

Ferrous

Ferrous metals demand is driven primarily by the steel industry, which in turn depends on the infrastructure and automobile markets. During FY 2019-20, crude steel production and finished steel production in India was 108.5 million tonne and 101.03 million tonne, respectively, despite a flagging demand on account of dwindling demand from the automobile and infrastructure segments (Source: IBEF). However, steel demand is likely to grow in the long term both in the domestic and international markets, as government expenditure accelerates and new ways

of mobility emerge in the aftermath of the pandemic.

Non-ferrous

Non-ferrous metals like copper, zinc and aluminium are mostly used by the construction and transportation industries. During FY 2020-21, both these sectors witnessed setbacks due to COVID-induced lockdowns and other issues, thereby causing contraction in the non-ferrous metals industry. Besides, disruptions in mining activities and supply chain also impacted the segment.

Precious

The precious metals industry deals with naturally occurring rare metals with high economic value. Gold, silver and platinum command the lion's share of the industry across global markets. India, alongside Singapore and China remain the major markets and key consumers for precious metals.

The pandemic triggered stockpiling by investors looking to protect their wealth. This, alongside supply deficits, pushed gold and palladium prices up by more than 20%, while silver rose 47% and platinum 10% during FY 2020-21 (Source: India Today report).

Despite of COVID-induced mild performance of India's economy during the year under review demand for gold in the country is likely to recover in 2021 on the back of the lower import duty (Source: World Gold Council (WGC) report).

Real estate

FY 2020-21 witnessed staggered lockdowns across the country which halted construction projects. Moreover, issues with supply chains and mobility of labourers further reduced the pace of the ongoing projects.

The factors which hampered the progress of the real estate sector during the previous financial year continued during the period under review as well leading to an uncertain future for the industry in the short to medium term.

Currently, our projects are being executed through the SPV route at the following locations, are under various stages of implementation:

DK Metro Procon Private Limited

- Development of an Industrial Estate at a prime location in Chattral, Gujarat
- Selling industrial plots and sheds, warehouses and offices and shops

Dual Metals Private Limited

- Developing a commercial building in Ahmedabad, 'Kalpvruksh'

Myspace Infracon LLP

- Selling plots to other industries in the industrial belt of Ankleshwar, Gujarat, through a partnership model

Ganesh Infrastructure, Keshavji Developers and PMZ Developers

- Multiple projects developed across 200,000 square meters of land in Ankleshwar, Gujarat
- Projects covering residential buildings, row houses, commercial complexes and shopping malls

SWOT Analysis of MetroGlobal Limited

Despatch of Annual Reports for FY 2020-21

In view of the COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') vide circular no. 20/2020 dated May 5, 2020 read with General Circular No. 14 / 2020 dated April 8, 2020 and General Circular No. 17 / 2020 dated April 13, 2020 and General Circular No. 02/2021 dated January 13, 2021 (the 'MCA Circulars'), provided certain relaxations for companies, including conducting Annual General Meeting (AGM) through Video Conferencing (VC) or through other audio-visual means (OAVM) ('electronic mode'), if AGMs of such companies are conducted during the calendar year 2020. The said MCA Circulars have also dispensed with the printing and despatch of annual reports to shareholders.

In line with the above MCA Circulars, SEBI vide its circular no. SEBI / HO / CFD / CMD1 / CIR / P / 2020 / 79 dated May 12, 2020, and SEBI / HO / CFD / CMD1 / CIR / P / 2021 / 11 dated January 15, 2021, dispensed with the requirement of Regulation 36 (1)(b) and (c) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ('SEBI LODR') for listed entities. This refers to the entities who conduct their AGMs during the calendar year 2020, which otherwise prescribes that a listed entity shall send a hard copy of the statement containing salient features of all the documents, as prescribed in Section 136 of the Companies Act, 2013 to the shareholders who have not registered their email addresses and hard copies of full annual reports to those shareholders, who request for the same, respectively.

Accordingly, this year, in view of spread of COVID-19 pandemic and also to support the 'Green Initiative in Corporate Governance', an initiative taken by the MCA, the Company has decided to send soft copies of Annual Report 2020-21 (including AGM Notice) to those

shareholders whose email IDs are registered with the Depository Participants and / or with the Company's Registrars and Transfer Agents.

In terms of above-stated MCA Circulars and in view of the current extraordinary circumstances due to COVID-19 pandemic that require social distancing, the Company is taking measures to allow Members to vote through the e-voting mechanism or using other electronic modes. This will be in accordance with the provisions of the Companies Act, 2013 and rules made there under, without holding AGM that requires physical presence of Members at a common venue.

With respect to the detailed procedure for remote e-voting or voting through an electronic mode and attending the AGM through VC/OAVM, please refer the Notes and instructions annexed to Notice of 29th AGM.

Green Initiative for Paperless Communications:

To support the 'Green Initiative in the Corporate Governance', an initiative has been taken by the Ministry of Corporate Affairs (MCA). The Company has sent the soft Copies of Annual Report 2020-21 to those members whose email IDs were registered with the Depository Participants (DPs).

The Corporate Governance Report prepared by Metroglobal Limited ("the Company"), contains details as stipulated in regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and para C, D and E of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (collectively referred to as 'SEBI Listing Regulations, 2015') ('applicable criteria') with respect to Corporate Governance for the year ended March 31, 2021. This report is required by the Company for annual submission to the Stock exchange and to be sent to the Shareholders of the Company.

Management Responsibility

The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.

The Management along with the Board of Directors are also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations, issued by the Securities and Exchange Board of India.

Auditor's Responsibility

Our responsibility is to provide a reasonable assurance in the form of an opinion whether the Company has complied with the condition of Corporate Governance, as stipulated in the SEBI Listing Regulations.

We conducted our examination of the Corporate Governance Report in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) and the Guidance Note on Certification of Corporate Governance, both issued by the Institute of Chartered Accountants of India ("ICAI"). The Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) requires that we comply with the ethical requirements of the Code of Ethics issued by ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

The procedures selected depend on the auditor's judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. The procedures include but are not limited to verification of secretarial records and financial information of the Company and obtained necessary representations and declarations from directors including independent directors of the Company.

ANNEXURE "C" (CONTD.)

The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

Opinion

Based on the procedures performed by us as referred above and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations, as applicable for the year ended March 31, 2021.

Other Matters and Restriction on use

This report is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

This report is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the SEBI Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

Executive Director			
Mr. Gautam M. Jain	Executive Chairman & Managing Director	22.92 : 1	NA
Mr. Rahul G. Jain	Executive Director	22.83 : 1	NA
Other KMPs			
Mr. Nitin S. Shah	Company Secretary & Compliance Officer	4.98 : 1	NA

Note:

- The ratio of remuneration of each Director and KMP to the median remuneration is based on the remuneration paid during the year 2020-21 in their respective capacity as such Director or KMP.

- ii. **Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year. In addition to this, its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:**

On an average an employee receives an annual increase (excluding on account of promotions) of 5%, which also includes wage increments for unionised employees due to wage settlements. The wage revision for staff cadre employees is done annually as per the Company's HR Policy. In order to ensure that the remuneration reflects Company performance, the performance pay & annual increment are also linked to organisation's performance, apart from an individual's performance. The individual increments for staff cadre employees are based on Cost to Company (CTC) consisting of Annual Base Salary and the performance / variable pay.

Average increase in the remuneration of the employees other than the Managerial Personnel and that of the Key Managerial Personnel is in the line with the industry practice and industry trends. The average increase in the remuneration is also guided by factors like economic growth, inflation, mandatory increases, external competitiveness and talent retention. The Company endeavours on cost effective initiatives including employee cost, being one of the key areas of cost monitoring and control, the results of any structural initiatives needs to be measured over a long term horizon and cannot be strictly compared only with annual performance indicators.

- iii. **The key parameters for any variable component of remuneration availed by the Directors**

Performance assessment is based on the Company performance and individual performance. Based on the performance assessment, the variable remuneration is approved by the Nomination & Remuneration Committee and recommended to the Board for their approval within the overall limits as permitted under the law and as approved by the Members. Other than the CEO & Managing Director, no other Director is in receipt of any variable components of remuneration.

- iv. **The remuneration is as per the Remuneration Policy of the Company.**

INDEPENDENT AUDITOR'S REPORT

To the Members of
METROGLOBAL LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **MetroGlobal Limited** ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs of the Company as at March 31, 2021, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those standards are

further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In our opinion and based on the information and explanations given to us, matters related to COVID-19 are fully described in the Emphasis of Matters paragraph of our report which implicates the uncertainties and the impact of COVID-19 pandemic on the Company's operations and results as assessed by the management. For details refer to Note 36 forming part of standalone financial statements as at March 31, 2021.

We have determined the other Key matters described below to be the key audit matters to be communicated in our report.

Key Audit matter	How our audit addressed key Audit matter

INDEPENDENT AUDITOR'S REPORT (CONTD.)

Emphasis of Matter

As more specifically explained in Note 36 to the financial statements, the Company has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables as at the balance sheet date and has concluded that there are no material adjustments required in the Financial Statements. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

Our opinion is not modified in respect of this matter.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the

Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error,

INDEPENDENT AUDITOR'S REPORT (CONTD.)

design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) Planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including

any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India inters of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The balance sheet, the statement of profit and loss, the statement of changes in equity and the cash flow statement dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014;
- (e) On the basis of the written representations received from the directors as on March 31, 2021, taken on record by the board of directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act;

INDEPENDENT AUDITOR'S REPORT (CONTD.)

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our
- opinion and to the best of our information and according to the explanations given to us;
- (a) Except disputed tax liabilities mentioned in paragraph 7 CARO 2016, the Company does not have any pending litigations which would impact its financial position;
- (b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- (c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT (CONTD.)

ANNEXURE B

(Referred to in paragraph 2 (f) under ‘Report on other legal and regulatory requirements’ section of our report to the Members of MetroGlobal Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of subsection 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **MetroGlobal Limited** (“the Company”) as at March 31, 2021, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for internal financial controls

The board of directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ responsibility

Our responsibility is to express an opinion on the internal financial controls over the financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations are given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

1.1 Corporate Information

Metroglobal Limited is a public limited company domiciled in India and earlier incorporated under the provisions of Companies Act, 1956 now governed by Companies Act, 2013, having its registered office at 101, 1st Floor, Mangal Disha, Nr. Guruganeshwar Temple, 6th Road Khar (West), Mumbai-400052 (Maharashtra). Its Shares are listed and traded on BSE Limited.

The company is in the business of trading of chemicals, textiles, minerals and ores, metals and precious metals as well as realty development & investment.

1.2 Summary of significant accounting policies

1.2.1 Basis of preparation

a) Statement of Compliance with Ind AS

The Standalone Financial Statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

b) Historical cost convention

The standalone financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

These Standalone Financial Statements of the Company as at and for the year ended March 31, 2021 (including comparatives) were approved and authorized for issue by the Board of Directors of the Company on June 21, 2021.

The financial statements are presented in INR and all amounts have been rounded-off to the nearest thousand and indicated in lacs of rupees, unless otherwise indicated.

1.2.2 Use of Estimates and Judgments

The preparation of financial statements in conformity with Ind AS requires management to make certain judgments, estimates and assumptions that affects the reported amounts of revenues, expenses assets and liabilities (including contingent liabilities) and the accompanying disclosures. Future results could differ due to these estimates and differences between the actual results and the estimates are recognized in the period in which the results are known / materialized. Estimates and underlying assumptions are reviewed on an ongoing basis.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Significant Estimates and assumptions are required in particular for:

(i) Useful life of property, plant and equipment

This involves determination of the estimated useful life of property, plant and equipment and the assessment as to which components of the cost may be capitalized. Useful life of these assets is based on the life prescribed in Schedule II to the Companies Act, 2013. Management reviews its estimate of the useful lives of depreciable / amortizable assets at each reporting date, based on the expected utility of the assets.

(ii) Taxes

The Company's tax jurisdiction is India. Significant judgement are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income tax, including amount expected to be paid / recovered for uncertain tax position. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profit together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

(iii) Defined benefit plans (Gratuity Benefits)

The cost of the defined benefits gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

1.2.3 Current & Non-Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- (i) The asset/liability is expected to be realized/ settled in the Company's normal operating cycle;

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

- (ii) The asset is intended for sale or consumption;
- (iii) The asset/liability is held primarily for the purpose of trading;
- (iv) The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- (v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- (vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.

1.3 Property, Plant and Equipment

Recognition and Measurement

Property, Plant and Equipment, including Capital Work in Progress, are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of tax credits, wherever applicable), import duty and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Borrowing cost relating to acquisition/construction of Property, Plant and Equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation/amortization:

Depreciation on fixed assets is provided on straight line method over the useful life of assets specified in Schedule II of the Companies Act, 2013.

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The Company reviews the useful life and residual value at each reporting date.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognized in Statement of Profit and Loss.

Derecognition:

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognized in Statement of Profit and Loss.

1.4 Cash and Cash Equivalent

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value.

1.5 Impairment of Non-Financial Assets

At the end of each reporting period, the company reviews the carrying amounts of non-financial assets, other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

1.6 Investment in Subsidiary, Jointly Controlled Entities, Associates and Unincorporated Entities

Investment in Subsidiary, Joint Controlled Entities and Associates are measured at cost less impairment in accordance with Ind AS 27 "Separate Financial Statements".

In case of unincorporated entities in the nature of a Joint Operation, the Company recognizes its direct right and its share of jointly held or incurred assets, liabilities, contingent liabilities, revenues and expenses of joint operations. These have been incorporated in these financial statements under the appropriate headings.

1.7 Revenue Recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products or services.

Sale of goods:

Revenue from the sale of goods is recognized when the control of the goods has been passed to the customer as per the terms of agreement and there is no continuing effective control or managerial involvement with the goods.

Dividend:

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholder approve the dividend.

Interest Income:

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest.

Profit or Loss on Sale of Investment:

Profit or loss on sale of investment is recognized on the contract date.

1.8 Inventories

- (i) Inventories are valued at lower of cost and net realizable value.
- (ii) Cost of inventories have been computed to include all costs of purchases, all non-refundable duties & taxes and other costs incurred in bringing the inventories to their present location and condition.
- (iii) Inventory of stores and spares, being not material, are charged to consumption on procurement.

1.9 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.9.1 Financial assets

(a) Initial recognition

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

(b) Subsequent measurement

The measurement of financial assets depends on their classification, as described below:

Measured at amortized cost:

A financial asset is measured at amortized cost, if both the following conditions are met:

- i) the asset is held within a business model whose objective if of holding the assets to collect contractual cash flows and
- ii) The contractual cash flows are solely payments of principal and interest on the principal outstanding.

Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, gain or loss, if any, is recognized to Statement of Profit and Loss.

Measured at fair value through other comprehensive income:

A financial asset is measured at FVOCI, if both the following conditions are met:

- i) The asset is held with an objective to collect contractual cash flows and selling such financial asset and

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

- ii) The contractual cash flows are solely payments of principal and interest on the principal outstanding.

It is subsequently measured at fair value with fair value movements recognized in the OCI, except for interest income which recognized using EIR method. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, cumulative gain or loss previously recognized in the OCI is reclassified from the equity to Statement of Profit and Loss.

Measured at fair value through profit or loss:

Investment in financial asset other than equity instrument, not measured at either amortized cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized in the Statement of Profit and Loss.

1.9.2 Financial Liabilities

Initial Recognition

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognized at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortized cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value, with changes in fair value recognized in Statement of Profit and Loss.

1.10 Income Taxes

The tax expense for the period comprises current tax expense and the net changes in the deferred tax asset or liability during the year. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity

i. Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, Current income tax (including Minimum Alternate Tax (MAT)) is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

ii. Deferred Tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

1.11 Fair Value Measurement:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or settle a liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2 — other techniques for which all input which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3 — Inputs which are not based on observable market data

1.12 Employee Benefit:

The Company has provides following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund & ESIC

a) Defined-benefit plan:

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations are calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognized in the period in which they occur directly in Other comprehensive income. Re-measurement is not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the period when the employee renders the related services.

1.13 Leases

The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract convey the right to control the use of an identified asset, the Company assesses whether

- (i) the contract involves the use of identified asset
- (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and
- (iii) the Company has right to direct the use of the asset.

1.14 Foreign Currency Transactions

The financial statements are presented in Indian Rupee (INR), which is entity's functional and presentation currency.

a) Initial Recognition

Foreign currency transactions are transacted into the functional currency, for initial recognition, using the exchange rate at the dates of the transactions.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

All foreign currency denominated monetary assets and liabilities are transacted at the exchange rates on the reporting date. Exchange differences arising on settlement or translated of monetary items are recognized in Statement of Profit and Loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

1.15 Provision and Contingent Liabilities

Provision

A provision is recognized if, as a result of a past event, the group has a present, legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

Contingent liabilities

Contingent liabilities being a possible obligation as a result of past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more future events not wholly in control of the company are not recognized in the accounts. The nature of such liabilities and an estimate of its financial effect are disclosed in notes to the financial statements.

Contingent Assets

Contingent assets are not recognized in the financial statements, the nature of such assets and an estimate of its financial effect are disclosed in notes to the financial statements.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS (CONTD.)

1.16 Cash Flow Statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

1.17 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

1.18 Earnings per Share

Basic EPS is arrived at based on total comprehensive income available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

Since investing into marketable securities is one of the major business activity of the company, the EPS & Diluted EPS disclosed on the financial statements is after considering the other comprehensive income to disclose true & fair view of the financial statements. This approach has been historically adopted by the company.

Note 25: Financial Instruments

Financial Assets and Liabilities:

The Company's principal financial assets include investments, trade receivables, cash and cash equivalents, other bank balances, loans, derivative assets and other financial assets. The Company's principal financial liabilities comprise of borrowings, trade payables, derivative liabilities and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations and projects.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

Fair Value Hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Inputs which are not based on observable market data

The following tables summarize carrying amounts of financial instruments by their categories and their levels in fair value hierarchy for each year end presented.

Note 26: Financial Risk Management

Objective and policies:

The company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include mutual funds, trade and other receivable and cash and cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purpose.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(i) Market Risk – Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from the long term borrowings with fixed rates. The Company's fixed rates borrowings are carried at amortized cost. The Company invests the surplus fund generated from operations in mutual funds. Considering these mutual funds are short term in nature, there is no significant interest rate risk. The Company has laid policies and guidelines including tenure of investment made to minimize impact of interest rate risk.

(Rs. in Lacs)

Particulars	As at March 31, 2021	As at March 31, 2020
Borrowings bearing variable rate of interest	1.62	193.51
Borrowings bearing Fixed rate of interest	478.21	837.04

(ii) Market Risk – Foreign Currency Risk:

The Company does not have material foreign currency exposure as at balance sheet date. Hence, it does not have any significant foreign currency risk.

(iii) Credit Risk:

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the company periodically assess financial reliability of customer, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse changes in business,
- (ii) Actual or expected significant changes in the operating results of the counterparty,
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- (iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- (v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

(iv) Liquidity Risk:

Liquidity risk is defined as the risk that the company will not be able to settle or meet its financial obligations on time, or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The company had access to following undrawn borrowing facilities at end of reporting period:

Note 29:

- i) In the Opinion of the Management, any of the assets other than fixed assets and non-current investments have value on realization in the ordinary course of business at least equal to the amount as stated. The accounts of certain Trade Receivables, Trade Payables, Loans and Advances are however, subject to formal confirmations / reconciliations and consequent adjustments, if any. The management does not expect any material difference affecting the current year's financial statements on such reconciliation/adjustments.
- ii) No provision for interest has been made for loans and advances given to some of the parties as counter parties not able to make repayment of due amount and company will make provision for such interest in the year of realization as prudent practice by the company in respect of such parties.
- iii) During the year, the Company has recalculated its income tax receivable / demand payable for prior years with respect to the intimations & demand notices raised by the department from time to time. After detailed analysis of all the relevant provisions of Income Tax Act, 1961 along with Ind AS 12 "Income Taxes", management has decided to write off the overstated amount reflecting in "Other Current Assets" against the General Reserve of the company. Hence, an amount of Rs. 96.69 Lacs have been reduced from General Reserve.
- iv) Previous year's figures have been regrouped/ reclassified wherever necessary to correspond with the current year's classification/ disclosure.
- v) The amounts in the Balance sheet and Statement of Profit and Loss are rounded off to the nearest thousand and indicated in Lacs of rupees.

Note 36: Impact of COVID-19

The spread of COVID-19 has severely impacted business around the globe. In many countries including India, there has been severe disruption to regular business operations due to lock-down, disruption in transportation, supply-chain, travel bans, quarantines, social distancing and other emergency measures.

The Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets comprising Property, Plant & Equipment, Trade receivables and Inventory as at the balance sheet date and has concluded that there are no material adjustments required in the Financial Statements.

Note 37: Event occurring after Balance Sheet date

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements.

During the period subsequent to the balance sheet date but prior to approval of the financial statements, the Company has received certain notices under section 148 of the Income Tax Act, 1961 against which petition has been filled before the Hon'ble High Court of Bombay. Based on the facts of the case, in our lawyer's opinion, there is a good chance of succeeding before the Hon'ble High Court.

Additionally, the Company has initiated legal proceeding against Corporate Debtor for recovery of dues and such legal proceeding is pending at National Company Law Tribunal (NCLT), Mumbai Bench and are expected to materialize in recovering the dues in future. In the opinion of the management, adequate balance is lying in General reserve / Retained earnings to meet the eventuality of the account being irrecoverable. Based on the facts of the case, in our lawyer's opinion, there is a good chance of succeeding before the NCLT, Mumbai Bench.

In either case, this will not have any adverse impact on the Company as a going concern.

The company's pending litigation comprises mainly claims against the Company, proceedings pending with tax & other Authorities. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material impact on its financial statements. Future cash outflow in respect of the above are determinable only on receipts of judgments/decisions pending with various forums/authorities.

The notes are an integral part of these standalone financial statements.

Responsibilities of management and those charged with governance for the consolidated financial statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

INDEPENDENT AUDITOR'S REPORT (CONTD.)

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint ventures / Associated Concerns to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation, and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group, and its joint venture, to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or

INDEPENDENT AUDITOR'S REPORT (CONTD.)

when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Emphasis of Matter

As more specifically explained in Note 36 to the consolidated financial statements, the Holding Company together with its subsidiary and its associates and jointly controlled entities has made a detailed assessment of its liquidity position for the next year and the recoverability and carrying value of its assets comprising property, plant and equipment, investments, inventory and trade receivables as at the balance sheet date and has concluded that there are no material adjustments required in the Financial Statements.

The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 pandemic which may be different from that estimated as at the date of approval of the financial results. The Holding Company together with its subsidiary and its associates and jointly controlled entities will continue to closely monitor any material changes arising of future economic conditions and impact on its business.

Our opinion is not modified in respect of this matter.

Other Matter

We did not audit the financial statements / financial information / financial results of one subsidiary included in the consolidated financial results, whose financial statements reflects total assets of Rs. 296.38 lacs as at March 31, 2021 and total revenues of Rs. 6.74 Lacs for the year ended March 31, 2021 respectively, total net profit after tax of Rs. 8.66 Lacs year ended March 31, 2021 respectively and total comprehensive income of Rs. 8.66 Lacs year ended March 31, 2021 respectively, as considered in the consolidated financial results. ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-Section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of METROGLOBAL LIMITED ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), and its associates and jointly controlled entities as at and for the year ended March 31, 2021, we have audited the internal financial controls with reference to financial statements of the Holding Company, its subsidiary company, and its associates and jointly controlled entities, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary company, and its associates and jointly controlled entities, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Holding Company, its subsidiary company, and its associates and jointly controlled entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary company, and its Associates / joint venture as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we Holding Company, its subsidiary company, and its Associates / joint venture comply with

ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary company, and its Associates / joint venture as aforesaid. Meaning of Internal Financial Controls with Reference to Financial Statements A Holding Company, its subsidiary company, and its associates and jointly controlled entities Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding there liability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding Company, its subsidiary company, and its associates and jointly controlled entities internal financial controls with reference to financial statements include those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and Directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT (CONTD.)

a material effect on the financial statements. Inherent Limitations of Internal Financial Controls with Reference to Financial Statements Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary company, and its associates and jointly controlled entities its Associates / joint venture, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

We did not audit the internal financial controls in so far as it relates to its associates and jointly controlled entities company, which is company covered under the Act, in respect

of which, the Group's share of net profit of Rs. 4.36 Lacs for the year ended March 31, 2021, has been considered in the consolidated financial statements. The internal financial controls with reference to the financial statements of this Associates / joint venture company, which is a company covered under the Act, are unaudited and our opinion under section 143(3)(i) of the Act in so far as it relates to the aforesaid joint venture company, corresponding internal financial controls with reference to financial statements report certified by the management of such company. In our opinion and according to the information and explanations given to us by the management, these financial statements are not material to the Group and its associates and jointly controlled entities. Our report on adequacy and operating effectiveness of the internal financial controls with reference to financial statements of the Group and its associates and jointly controlled entities does not include the internal financial controls with reference to financial statements assessment in respect of its associates and jointly controlled entities. Our opinion is not modified in respect of the above matter with respect to our reliance on the internal financial controls with reference to financial statements report certified by the Management.

1.2 Summary of significant accounting policies

1.2.1 Basis of preparation

a) Statement of Compliance with Ind AS

The Standalone Financial Statements of the Company have been prepared in accordance with

Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and other accounting principles generally accepted in India.

b) Historical cost convention

The standalone financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS.

These Consolidated Financial Statements of the Company as at and for the year ended March 31, 2021 (including comparatives) were approved and authorized for issue by the Board of Directors of the Company on June 21, 2021.

The financial statements are presented in INR and all amounts have been rounded-off to the nearest thousand and indicated in lacs of rupees, unless otherwise indicated.

1.2.2 Use of Estimates and Judgments

The preparation of financial statements in conformity with Ind AS requires management to make certain judgments, estimates and assumptions that affects the reported amounts of revenues, expenses assets and liabilities (including contingent liabilities) and the accompanying disclosures. Future results could differ due to these estimates and differences between the actual results and the estimates are recognized in the period in which the results are known / materialized. Estimates and underlying assumptions are reviewed on an ongoing basis.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Significant Estimates and assumptions are required in particular for:

(i) Useful life of property, plant and equipment

This involves determination of the estimated useful life of property, plant and equipment and the assessment as to which components of the cost may be capitalized. Useful life of these assets is based on the life prescribed in Schedule II to the Companies Act, 2013. Management reviews its estimate of the useful lives of depreciable /

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

amortizable assets at each reporting date, based on the expected utility of the assets.

(ii) Taxes

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income tax, including amount expected to be paid / recovered for uncertain tax position. Significant management judgement is also required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profit together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

(iii) Defined benefit plans (Gratuity Benefits)

The cost of the defined benefits gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

1.2.3 Current & Non-Current Classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- (i) The asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- (ii) The asset is intended for sale or consumption;
- (iii) The asset/liability is held primarily for the purpose of trading;
- (iv) The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- (v) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;

- (vi) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.

1.3 Property, Plant and Equipment

Recognition and Measurement

Property, Plant and Equipment, including Capital Work in Progress, are stated at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price (net of tax credits, wherever applicable), import duty and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Borrowing cost relating to acquisition/construction of Property, Plant and Equipment which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Depreciation/amortization:

Depreciation on fixed assets is provided on straight line method over the useful life of assets specified in Schedule II of the Companies Act, 2013.

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The Company reviews the useful life and residual value at each reporting date.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognized in Statement of Profit and Loss.

Derecognition:

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the assets and is recognized in Statement of Profit and Loss.

1.4 Cash and Cash Equivalent

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value.

1.5 Impairment of Non-Financial Assets

At the end of each reporting period, the company reviews the carrying amounts of non-financial assets, other than inventories and deferred tax assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in profit or loss. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss

1.6 Investment in Subsidiary, Jointly Controlled Entities, Associates and Unincorporated Entities

Investment in Subsidiary, Joint Controlled Entities and Associates are measured at cost less impairment in accordance with Ind AS 27 "Separate Financial Statements".

In case of unincorporated entities in the nature of a Joint Operation, the Company recognizes its direct right and its share of jointly held or incurred assets, liabilities,

contingent liabilities, revenues and expenses of joint operations. These have been incorporated in these financial statements under the appropriate headings.

1.7 Revenue Recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products or services.

Sale of goods:

Revenue from the sale of goods is recognized when the control of the goods has been passed to the customer as per the terms of agreement and there is no continuing effective control or managerial involvement with the goods.

Dividend:

Revenue is recognized when the Company's right to receive the payment is established, which is generally when shareholder approve the dividend.

Interest Income:

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest.

Profit or Loss on Sale of Investment:

Profit or loss on sale of investment is recognized on the contract date.

1.8 Inventories

- (i) Inventories are valued at lower of cost and net realizable value.
- (ii) Cost of inventories have been computed to include all costs of purchases, all non-refundable duties & taxes and other costs incurred in bringing the inventories to their present location and condition.
- (iii) Inventory of stores and spares, being not material, are charged to consumption on procurement.

1.9 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.9.1 Financial assets

a. Initial recognition

Financial assets are recognized when the Company becomes a party to the contractual provisions of

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

the instruments. Financial assets other than trade receivables are initially recognized at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognized at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

b. Subsequent measurement

The measurement of financial assets depends on their classification, as described below:

Measured at amortized cost:

A financial asset is measured at amortized cost, if both the following conditions are met:

- i. the asset is held within a business model whose objective is of holding the assets to collect contractual cash flows and
- ii. The contractual cash flows are solely payments of principal and interest on the principal outstanding.

Amortized cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, gain or loss, if any, is recognized to Statement of Profit and Loss.

Measured at fair value through other comprehensive income:

A financial asset is measured at FVOCI, if both the following conditions are met:

- a. The asset is held with an objective to collect contractual cash flows and selling such financial asset and
- b. The contractual cash flows are solely payments of principal and interest on the principal outstanding.

It is subsequently measured at fair value with fair value movements recognized in the OCI, except for interest income which recognized using EIR method. The losses arising from impairment are recognized in the Statement of Profit and Loss. On de-recognition, cumulative gain or loss previously

recognized in the OCI is reclassified from the equity to Statement of Profit and Loss.

Measured at fair value through profit or loss:

Investment in financial asset other than equity instrument, not measured at either amortized cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognized in the Statement of Profit and Loss.

1.9.2 Financial Liabilities

Initial Recognition

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognized at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortized cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

Derivative financial instruments

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

are subsequently measured at fair value, with changes in fair value recognized in Statement of Profit and Loss.

1.10 Income Taxes

The tax expense for the period comprises current tax expense and the net changes in the deferred tax asset or liability during the year. Tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity

i. Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, Current income tax (including Minimum Alternate Tax (MAT)) is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

ii. Deferred Tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

1.11 Fair Value Measurement:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value measurement is based on the presumption

that the transaction to sell the asset or settle a liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2 — other techniques for which all input which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3 — Inputs which are not based on observable market data

1.12 Employee Benefit:

The Company has provides following post-employment plans:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund & ESIC

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

a) Defined-benefit plan:

The liability or asset recognized in the balance sheet in respect of defined benefit plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations are calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognized in the period in which they occur directly in Other comprehensive income. Re-measurement is not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income

and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized during the period when the employee renders the related services.

1.13 Leases

The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract convey the right to control the use of an identified asset, the Company assesses whether

- (i) the contract involves the use of identified asset
- (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and
- (iii) the Company has right to direct the use of the asset.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

1.14 Foreign Currency Transactions

The financial statements are presented in Indian Rupee (INR), which is entity's functional and presentation currency.

a) Initial Recognition

Foreign currency transactions are transacted into the functional currency, for initial recognition, using the exchange rate at the dates of the transactions.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

All foreign currency denominated monetary assets and liabilities are transacted at the exchange rates on the reporting date. Exchange differences arising on settlement or translated of monetary items are recognized in Statement of Profit and Loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

1.15 Provision and Contingent Liabilities

Provision

A provision is recognized if, as a result of a past event, the group has a present, legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

Contingent liabilities

Contingent liabilities being a possible obligation as a result of past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more future events not wholly in control of the company are not recognized in the accounts. The nature of such liabilities and an estimate of its financial effect are disclosed in notes to the financial statements.

Contingent Assets

Contingent assets are not recognized in the financial statements, the nature of such assets and an estimate of

its financial effect are disclosed in notes to the financial statements.

1.16 Cash Flow Statement

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

1.17 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

1.18 Earnings per Share

Basic EPS is arrived at based on total comprehensive income available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

Since investing into marketable securities is one of the major business activity of the company, the EPS & Diluted EPS disclosed on the financial statements is after considering the other comprehensive income to disclose true & fair view of the financial statements. This approach has been historically adopted by the company.

Note 25: Financial Instruments

Financial Assets and Liabilities:

The Company's principal financial assets include investments, trade receivables, cash and cash equivalents, other bank balances, loans, derivative assets and other financial assets. The Company's principal financial liabilities comprise of borrowings, trade payables, derivative liabilities and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations and projects.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

Fair Value Hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Inputs which are not based on observable market data

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

The following tables summarize carrying amounts of financial instruments by their categories and their levels in fair value hierarchy for each year end presented.

Note 26: Financial Risk Management

Objective and policies:

The company's principal financial liabilities comprise of loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include mutual funds, trade and other receivable and cash and cash equivalents that derive directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purpose.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below:

(i) Market Risk – Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from the long term borrowings with fixed rates. The Company's fixed rates borrowings are carried at amortized cost. The Company invests the surplus fund generated from operations in mutual funds. Considering these mutual funds are short term in nature, there is no significant interest rate risk. The Company has laid policies and guidelines including tenure of investment made to minimize impact of interest rate risk.

Borrowings bearing variable rate of interest	1.62	193.51
Borrowings bearing Fixed rate of interest	478.21	565.73

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS (CONTD.)

(ii) Market Risk – Foreign Currency Risk:

The Company does not have material foreign currency exposure as at balance sheet date. Hence, it does not have any significant foreign currency risk.

(iii) Credit Risk:

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the company periodically assess financial reliability of customer, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- (i) Actual or expected significant adverse changes in business,
- (ii) Actual or expected significant changes in the operating results of the counterparty,
- (iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- (iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- (v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

(iv) Liquidity Risk:

Liquidity risk is defined as the risk that the company will not be able to settle or meet its financial obligations on time, or at a reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The company had access to following undrawn borrowing facilities at end of reporting period:

Note 29:

- i) In the Opinion of the Management, any of the assets other than fixed assets and non-current investments have value on realization in the ordinary course of business at least equal to the amount as stated. The accounts of certain Trade Receivables, Trade Payables, Loans and Advances are however, subject to formal confirmations / reconciliations and consequent adjustments, if any. The management does not expect any material difference affecting the current year's financial statements on such reconciliation/adjustments.
- ii) No provision for interest has been made for loans and advances given to some of the parties as counter parties not able to make repayment of due amount and company will make provision for such interest in the year of realization as prudent practice by the company in respect of such parties.
- iii) During the year, the Company has recalculated its income tax receivable / demand payable for prior years with respect to the intimations & demand notices raised by the department from time to time. After detailed analysis of all the relevant provisions of Income Tax Act, 1961 along with Ind AS 12 "Income Taxes", management has decided to write off the overstated amount reflecting in "Other Current Assets" against the General Reserve of the company. Hence, an amount of Rs. 96.69 lakhs have been reduced from General Reserve.
- iv) Previous year's figures have been regrouped/ reclassified wherever necessary to correspond with the current year's classification/ disclosure.
- v) The amounts in the Balance sheet and Statement of Profit and Loss are rounded off to the nearest thousand and indicated in Lacs of rupees.

Note 36: Impact of COVID-19

The spread of COVID-19 has severely impacted business around the globe. In many countries including India, there has been severe disruption to regular business operations due to lock-down, disruption in transportation, supply-chain, travel bans, quarantines, social distancing and other emergency measures.

The Company has made detailed assessment of its liquidity position for the next one year and of the recoverability and carrying values of its assets comprising Property, Plant & Equipment, Trade receivables and Inventory as at the balance sheet date and has concluded that there are no material adjustments required in the Financial Statements.

Note 37: Event occurring after Balance Sheet date

The Company evaluates events and transactions that occur subsequent to the balance sheet date but prior to approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements.

During the period subsequent to the balance sheet date but prior to approval of the financial statements, the Company has received certain notices under section 148 of the Income Tax Act, 1961 against which petition has been filled before the Hon'ble High Court of Bombay. Based on the facts of the case, in our lawyer's opinion, there is a good chance of succeeding before the Hon'ble High Court.

Additionally, the Company has initiated legal proceeding against Corporate Debtor for recovery of dues and such legal proceeding is pending at National Company Law Tribunal (NCLT), Mumbai Bench and are expected to materialize in recovering the dues in future. In the opinion of the management, adequate balance is lying in General reserve / Retained earnings to meet the eventuality of the account being irrecoverable. Based on the facts of the case, in our lawyer's opinion, there is a good chance of succeeding before the NCLT, Mumbai Bench.

In either case, this will not have any adverse impact on the Company as a going concern.

The company's pending litigation comprises mainly claims against the Company, proceedings pending with tax & other Authorities. The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material impact on its financial statements. Future cash outflow in respect of the above are determinable only on receipts of judgments/decisions pending with various forums/authorities.

The notes are an integral part of these Consolidated financial statements.
