- Board of Directors of a listed entity shall have an optimum combination of executive and Non-Executive Directors with at least 1 (one) woman Director and not less than 50 (fifty) percent of the Board of Directors shall comprise of Non-Executive Directors;
- Where the Chairperson of the Board of Directors is a Non-Executive Director, at least one-third of the Board of Directors shall comprise of Independent Directors and where the listed entity does not have a regular Non-Executive Chairperson, at least half of the Board of Directors shall comprise of Independent Directors;
- A person shall not serve as an Independent Director in more than 7 (seven) listed entities;

The maximum tenure of Independent Director, with proposed re-appointment, shall be in accordance with the Companies Act, 2013 and rules made thereunder, in this regard, from time to time.

Section III – Recommendations & Justifications

In the opinion of the Board, Mr. Gurbuxani fulfils the conditions for re-appointment as an Independent Director as prescribed in the Act, and the SEBI LODR.

Mr. Gurbuxani's wide ranging and extensive financial experience and expertise continues to be consistently relied upon by the Board and the Management to better guide the successful growth of the Company. His attention to detail, fiscal prudence and in-depth knowledge of the financial aspects of the Company's business make him an invaluable resource for the Company during its ongoing period of growth,

It is, therefore, proposed that is in the best interests of the Company to re-appoint Mr. Gurbuxani as an Independent Director under the Act, and the SEBI LODR to hold office for another term of eighteen (18) months effective from April 1, 2019 up to September 30, 2020 (not exceeding in aggregate 10 (ten) years consecutively from his appointment as Independent Director effective from April 1, 2014) as per the Act.

The Company has received an individual notice in writing along with the deposit of the requisite amount under section 160 of the Act, proposing the candidature of Mr. Gurbuxani for the office of a Director of the Company.

Brief resume of Mr. Gurbuxani containing the nature of expertise in specific functional areas, names of companies in which he holds Chairmanships, Directorships and Memberships of Board / Committees, Shareholding, and relationship with the other Directors as stipulated under the SEBI LODR, are provided in the Corporate Governance Report forming part of this 59th Annual Report.

Copy of draft letter for the appointment of Mr. Gurbuxani as an Independent Director, setting out the terms and conditions of his appointment, are available for inspection by any Member

of the Company.

This Statement may also be regarded as a disclosure under the Act and the SEBI LODR.

Mr. Gurbuxani is interested in the Resolution set out at Item No.6 of this Notice to the extent of his shareholding in the Company.

Name of Director	Date of Birth	Age	Age	Age
Mr. Arjan R. Gurbuxani	28-07-1934	(As on date of Notice i.e. August 6, 2018)	(As on April 1, 2019)	(As on September 30, 2020)
		84 years	84 years	86 years

Save and except to the above, none of the Directors / Key Managerial Personnel / their relatives is in any way concerned or interested, financially or otherwise, in the Resolution set out at **Item No.6** of the Notice.

The Board commends the Special Resolution for **Item No. 6** of this Notice for approval by Members under the Act, and as well as under the SEBI LODR, 2018.

Item no. 7

Mrs. Rajani M. Bhagat (DIN 00870716), aged 79 years, is a Promoter and has been occupying the office of Director since March 2003. She is liable to retire by rotation.

The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018 (**SEBI, LODR, 2018**), issued a notification No. SEBI / LAD-NRO / GN / 2018 / 10 issued on May 9, 2018 effective from April 1, 2019.

Under the said Notification, SEBI inserted a new sub-regulation 17 (1A):

“(1A) No listed entity shall appoint a person or continue the Directorship of any person as a Non-Executive Director who has attained the age of seventy five years unless a special resolution is passed to that effect, in which case the explanatory statement annexed to the notice for such motion shall indicate the justification for appointing such a person.”

Mrs. Bhagat has attained the age of 79 years (D.O.B. 01-10-1938), and hence, in order to continue to hold her Directorship, Members approval is required by way of a Special Resolution as required under the above sub-regulation of the SEBI LODR, 2018.

This statement may be regarded as a disclosure under the SEBI LODR.

None of the other Directors / key managerial personnel of the Company / their relatives is in anyway concerned or

interested, financially or otherwise, in the Resolution, save and except to the extent of her shareholding.

Her contributions as a Promoter Director are appreciated by the Company. Therefore, the Board commends the Special Resolution as set out at **Item No.7** of this Notice for approval by Members for continuation of Mrs. Bhagat as a Director under the SEBI LODR, 2018.

Item no. 8

The Board, on recommendation of the Audit Committee, has approved the appointment and remuneration of Mr. Vinay B. Mulay, the Practicing Cost Auditor (ICAI-CMA No. 8791 CP No. 101159) of Vinay Mulay & Co., Mumbai, to conduct the audit of the cost records of the Company for the financial year ending March 31, 2019.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor as recommended by the Audit Committee and approved by the Board of Directors, is required to be ratified by Members of the Company at their Meeting.

Accordingly, consent of Members is sought for passing an Ordinary Resolution as set out at **Item No. 8** of the Notice for ratification of the remuneration payable to the Cost Auditor for the financial year ending March 31, 2019.

None of the Directors / Key Managerial Personnel / their relatives is in any way, concerned or interested, financially or otherwise, in the resolution set out at **Item No.8** of the Notice.

The Board recommends the Resolution set out at **Item No.8** of the Notice for approval by Members of the Company by way of an Ordinary Resolution.

- Net Profit** for the Financial Year 2017-18 (after taxes) was **₹55.69 Crore** as against a profit of ₹51.08 Crore for the F.Y. 2016-17.

The Company is in the business of development and managing an Industrial Park, and during the Year under review, there is no change in the business activity of the Company.

3. Reserves

The Board does not propose to transfer any amount to the General Reserve account in the Balance Sheet for the Financial Year 2017-18.

4. Dividend

For the Year under review, the Board recommends a dividend of ₹0.75 per equity share of ₹10 / - each (@ 7.5%) amounting to ₹8.14 Crore (inclusive of tax of ₹1.38 Crore), subject to the approval of Members of the Company at their 59th Annual General Meeting.

Dividend will be paid to Members whose names appear in the Register of Members as on **Thursday, September 13, 2018**. In respect of shares held in Dematerialized Form, dividend will be paid to Members whose names are furnished by the National Securities Depository Limited and the Central Depository Services (India) Limited, as Beneficial Owners as on that date.

5. Industrial Park Operations at Goregaon (East), Mumbai, India & Future Outlook

Development and management of the Industrial Park / Information Technology (**IT**) Park, i.e. Nirlon Knowledge Park (**NKP**) - Goregaon (East), Mumbai.

Nirlon is the owner of NKP, an approx. 23 acre campus in Goregaon (East), Mumbai. NKP is an Industrial Park as per the Consolidated Foreign Direct Investment (**FDI**) Policy of the Government of India (**GOI**), and is an IT Park under the Government of Maharashtra's (**GOM**) Policy. The current FDI Policy of the GOI permits 100% FDI in Industrial Parks.

i. Construction, Delivery of Licensed Premises, and License Fee Commencement

The planning for the development of NKP in phases began in 2006, and construction in April / May 2007. Currently, four (4) phases of development have been completed.

Phases 1, 2, 3 and 4

A total of approx. 29.46 lakh sq. ft. area has been constructed in Phases 1, 2, 3 and 4 corresponding to approx. 18.78 lakh sq. ft. of licensable area. License

fees for Phases 1, 2, 3 and 4 continue to be received as contracted by the Company as on March 31, 2017.

Please Note: The total constructed area of approx. 29.46 lakh sq. ft. for Phases 1, 2, 3 and 4 includes two (2) levels of basements in Phases 1, 2 and 3 and one (1) level of basement, the ground floor (part), mezzanine and four (4) upper levels of parking in Phase 4, as well as a ten (10) floor multi-level car parking (**MLCP**) (which also has two (2) basements) housing utilities, i.e. generators, chillers, water tanks, electrical infrastructure etc. for Phases 1 and 2, in addition to visitor and occupant parking.

Phase 5 (Re-development of Phase 0):

After receiving the required approvals, the Company has begun development / construction of Phase 5 (re-development of Phase 0) in NKP, Goregaon from May 2017. Further particulars are provided in **Annexure 8** to this Report, i.e. Management Discussion Analysis.

ii. License Fees

During the year under review, gross license fees aggregated approx. ₹248.56 Crore including license fees from Nirlon House, Worli, Central Mumbai.

iii. Marketing

Phases 1, 2, 3 and 4 of NKP continue to be approx. 99% licensed (as on July 31, 2018) to reputed international and Indian corporates.

The Company has made a specific effort to license its development to well-regarded Corporates, and the campus is fully operational and functional in this regard.

iv. Financing

The Company's debt funding to date continues to be provided by HDFC Limited.

At the request of the Company, HDFC Limited has granted a moratorium on payment of their principal securitized loan amounts effective from May 15, 2017, whereby the Company is required to repay only the interest amount on these outstanding securitized loans till the construction of Phase 5 (re-development of Phase 0) is completed. This principal moratorium has resulted in incremental cash flows being available to the Company to finance a larger part of the Phase 5 (re-development of Phase 0) construction from its internal accruals.

This will result in lower borrowings for the construction of Phase 5 (re-development of Phase

0), and consequently an overall reduction in the total debt of the Company, when compared to the option of continuing to repay principal on a monthly basis.

The outstanding loan amounts as on July 31, 2018 aggregate ₹769.85 Crore (including loans used for the ongoing construction of Phase 5 (re-development of Phase 0)), on which the Company is presently paying a competitive rate of interest.

The Company's business plan continues to retain ownership of the NKP development, and offer office space on a leave and license basis only.

6. Nirlon House

The Company continues to co-own 75% undivided interest in approx. 45,475 sq.ft. of area in the Nirlon House building in a prime location on Dr. A. B. Road, Worli in Central Mumbai.

Annexure 8 to the Directors' Report **Management Discussion Analysis**

Please note: Beginning April 1, 2017, the Company has for the first time adopted Ind AS with a transition date of April 1, 2016, and hence the figures for the previous F.Y. 2016-17 are also re-grouped/ adjusted, wherever necessary. Please therefore note that the numbers in this Annual Report, i.e. F.Y. 2017-18, are not comparable to the numbers in the Annual Report for the previous year, i.e. F.Y. 2016-17.

Overview

During the year under review, the Company continued to successfully license and manage the four (4) completed phases of Nirlon Knowledge Park (NKP), comprising approx. 29.46 lakh sq. ft. of constructed area, which corresponds to approx. 18.78 lakh sq. ft. of licensable area. This licensable area is approx. 99% occupied.

As mentioned in the Company's previous Annual Reports, the Company has, after a comprehensive evaluation, decided to re-develop Phase 0 into the proposed Phase 5. The same will be developed under the 2015 IT Policy of the Government of Maharashtra (GOM) (which allows higher Floor Space Index (FSI) for IT Parks, subject to payment of premiums), and is estimated to comprise approx. 11.59 lakh sq. ft. of licensable area corresponding to approx. 17.83 lakh sq. ft. of constructed area.

As also mentioned in the last Annual Report, the various related party agreements between the Company and Nirlon Management Services Pvt. Ltd. (NMSPL) approved by Members in the 57th AGM held on September 20, 2016 were given effect to from October 1, 2016. In accordance with the relevant agreement, all employees of the Company (except the 3 Key Managerial Personnel as required under the Act) resigned from the Company effective September 30, 2016 upon payment of their dues. The Company is receiving the services under the relevant agreement/s executed with NMSPL (summarized in **Annexure 6 A** to the Directors' Report) since October 1, 2016.

Operations Summary: Industrial Park / Information Technology Park – Goregaon, Mumbai

a. Development of Phase 5 (re-development of Phase 0):

Construction of Phase 5 (re-development of Phase 0) commenced in May 2017 after approval of the required permissions. Completion of Phase 5 (re-development of Phase 0) is expected towards the end of the financial year 2020-21, with License Fees from this Phase beginning to accrue subsequently. As mentioned earlier in this section, the area of Phase 5 is estimated to be approx. 11.59 lakh sq. ft. of licensable area and approx. 17.83 lakh sq. ft. of constructed area.

The Budget for Phase 5 is approx. Rs. 1,198/- Crore.

In June 2018, on payment of the required Premiums/ Fees to the Municipal Corporation of Greater Mumbai (MCGM) and UD (Town Planning & Urban Development) for the increase in FSI from 2 to 2.63, the Company has received the Intimation of Disapproval (IOD), which effectively constitutes the 'In Principal' building approval, for the entire proposed construction area of 17.83 lakh sq. ft. It has also received other major required regulatory approvals, to construct the proposed area of 17.83 lakh sq. ft. The Commencement Certificate has also been received for approx. 75% of the proposed development. While, NKP is eligible for 3:1 FSI, the Company only plans to develop approx. 10.56 lakh sq. ft. FSI against a total potential of approx. 16.51 lakh sq. feet FSI at present. The balance potential of 5.95 lakh sq. ft FSI is available (on payment of the applicable premium) in the future.

b. Occupancy & License Fee Renewals/Escalations

During the year under review, the Company has been successful in ensuring that approx. 99% of licensable area in Phases 1, 2, 3 & 4 of NKP has remained licensed to corporate occupants. Accordingly, license fees for all four phases are regularly received by the Company. Approx 20,000 people work every day at NKP.

Escalations of license fees (approx. 15% every three years) took effect as contracted during the year under review. Renewals of expiring licenses with existing Licensees, as well as fresh licenses were also executed during the year on improved terms. These renewals / fresh licenses/ escalations contributed and ensured that despite the loss in revenue from the demolition of old buildings in Phase 0 to make way for the much larger Phase 5, the Company's financial performance was strong.

c. Loan Repayments

As mentioned in the Directors' Report, at the request of the Company, the Lender, HDFC Limited, has granted a moratorium on principal payment effective from May 15, 2017. Hence, the Company is required to repay only the interest amount on these outstanding securitized loans till the construction of Phase 5 (re-development of Phase 0) is completed. The principal moratorium will result in incremental cash flows being available to the Company to finance a larger part of the Phase 5 (re-development of Phase 0) construction from its internal accruals.

This will result in overall reduction in the total debt of the Company, when compared to the option of continuing to repay principal on a monthly basis. The outstanding loan amounts as on July 31, 2018 aggregate Rs. 769.85 Crore, on which the Company is presently paying a competitive rate of interest.

**d. Profitability and Cash Flow**

As a result of the almost full occupancy in NKP, renewals, fresh licenses and contracted escalations coming into effect on schedule, license fee income from Phases 1 - 4 continued to increase in the year under review. The Company's profitability after accounting for taxes and income from exceptional items during the year under review increased by approx. 9 % when compared to the previous year. This is due to a combination of the increased license fee income from Phases 1 - 4 substantially offsetting the reduced license fee income from Phase 0, and reduced interest and depreciation outgo.

The Company continued to generate strong and improved free cash flows during the year under review after accounting for all expenses including payment of interest to its lender.

In the context of the available free cash flows, and substantial construction expenses still to be incurred for Phase 5 going forward, after suitable deliberation, the Board of Directors have decided, in the interests of financial prudence, to recommend continuation of the dividend of Rs.0.75 per share (@ 7.5%) for the year under review.

e. Priorities

Key priorities for the Company during the Financial Year 2017 – 18 are as follows:

- i. To closely monitor the development of Phase 5 (re-development of Phase 0), such that it is on budget and on schedule;
- ii. To ensure the continued satisfaction of its licensees by maintaining and operating NKP to the highest possible standards, such that the existing four phases remain fully occupied;
- iii. To ensure the ongoing scheduled interest servicing of its loans; and
- iv. To proactively evaluate increasing competition and trends in the IT/Financial Services/Banking industries in so far as the same would have an impact on the Company's business and to implement mitigation strategies for the same.

Risks and Concerns**i. Macro-Economic Environment**

As mentioned during earlier years in this analysis, continued demand for commercial real estate in Mumbai remains directly linked to the city continuing to be an investment destination of choice for Indian as well as multinational corporates. Mumbai's pre-eminence has

been challenged over the past decade and a half by other destinations in India which have offered a more business/investment friendly climate, with lower salaries and real estate costs.

The present State Government's continuing efforts to simplify the regulatory frame work is a much needed and welcome development. A successful implementation of this initiative, combined with improving governance and the now increasingly visual evidence of improving transport infrastructure, should help Mumbai move toward re-establishing its pre-eminent position as a preferred business/investment destination in India. The traditional strengths of Mumbai, including its business ethos and a large, cosmopolitan, and educated work force remain very relevant should also continue to enhance the City's desirability as a dynamic and competitive international investment destination.

At the Central Government level too, investors and entrepreneurs are carefully evaluating the policies/reforms/legislation intended to accelerate growth, investment and entrepreneurship. The increasingly wider acceptance of GST, the new bankruptcy law and the interconnected resolution of the Public Sector banking NPA issue, all have the potential to appreciably accelerate the Country's growth. From a real estate perspective, constructive amendments to the FDI policy and to the Real Estate Investment Trust (REIT) legislation will be welcome, and should continue to lead to the broadening and deepening of the real estate capital markets in India

As always, the global economic scenario will also continue to increasingly have a bearing on real estate demand in India, and consequently Mumbai. The inflow of investments into India, and specifically Indian real estate will, inter alia, be driven by economic conditions in the developed world.

For the present, uncertainty is the dominant theme. In the United States, despite the continuing strength of the economy, the likelihood of an unforeseen and universally damaging trade war with its major trading partners looks increasingly likely. Also, in the United States, the extent and timing of the ongoing interest rate increases and tightening of money supply will have potential implications for the global economy in the coming months, and is likely to gradually lead to a similar trend in other developed economies. Coupled with a rise in oil prices, for a country that needs to import the majority of its oil, this has an impact on inflation and hence, can lead to further increases in interest rates. The European Union will need to deal sensitively with the negative consequences of Brexit, as well as make progress towards addressing the increasingly divergent views of its members. The economic performance of the major Asian economies and their response to the imposition of tariffs by the

United States, especially from China, Japan and South Korea will be of much consequence.

Finally, and perhaps most relevant in a world where the established rules based, post Second World War international order is falling apart, as the United States increasingly withdraws itself from the multilateral organisations it was instrumental in creating, geopolitics is likely to play an increasingly larger role in determining economic and social progress in an increasingly interdependent, yet fragmenting and complex world.

ii. **Demand for Commercial Real Estate in Suburban Mumbai**

Demand for commercial real estate in suburban Mumbai continues to be driven by the Information Technology (IT), Banking and Financial sectors. This trend is likely to continue for the foreseeable future. However, as is evident for some time now, these sectors globally, as well as in India, continue to go through significant transition. Innovative and Disruptive ideas and technologies are here to stay, and are spreading to almost every industry and business. Companies like Amazon, Uber, Airbnb, We Work and their myriad competitors are already global phenomenons, whose impact continues to swiftly transform their respective industries. As a result, the business paradigm for the IT/Banking/Financial Services industries in India are also at a crossroads. Existing business models are themselves under threat as never before, and will need to urgently evolve and transition if they are to remain relevant in the medium to long term. Your Company, as a provider of high quality office space to primarily the IT/ITES, Banking and Financial Services industries, continues to anticipate, prepare and take steps to mitigate the effects of these imminent and ongoing changes, and is also actively looking to take advantage of the same.

Additionally, though demand is strong, the business model for these sectors continues to require inexpensive commercial real estate, available in Mumbai beyond Borivali in the West and Mulund in the East. These micro markets could keep commercial rates under pressure in the Company's micro market.

However, as in earlier years, the supply of good quality and well planned commercial developments on par with NKP in your Company's micro market remains limited. The micro market, and specifically NKP itself, is well located on the Western Express Highway and is in close proximity to the commuter rail network, the proposed Mumbai Metro and the airport.

Material developments in Human Resources/Industrial Relations, including number of people employed by the Company

Effective from October 1, 2016, the Company appointed NMSPL as a provider of lease and property management, marketing related services, project management services and general management services to the Company.

As per statutory requirements, the Company has three (3) permanent employees, being the KMPs, as on March 31, 2018.

INDEPENDENT AUDITORS' REPORT

To the Members of Nirlon Limited

Report on the Indian Accounting Standards (Ind AS) Financial Statements

1. We have audited the accompanying Financial Statements of Nirlon Limited ("**the Company**"), which comprise the Balance Sheet as at March 31, 2018 the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("**the Act**") with respect to the preparation of these Ind AS Financial Statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these Ind AS Financial Statements based on our audit.
4. We have taken into account the provisions of the Act and the Rules made thereunder including the accounting and auditing standards and matters, which are required to be included in the Audit Report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS Financial Statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS Financial Statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS Financial Statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS Financial Statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS Financial Statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its total comprehensive income (comprising of profit and other comprehensive income), its cash flows and the changes in equity for the Year ended on that date.

Other Matter

9. The comparative financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these Ind AS Financial Statements, are based on the previously issued

statutory Financial Statements for the years ended March 31, 2017 and March 31, 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by the predecessor auditor who expressed an unmodified opinion vide reports dated April 27, 2017 and April 28, 2016 respectively. The adjustments to those Financial Statements for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act ("**the Order**"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the **Annexure B** a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
 - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations as at March 31, 2018 on its financial position in its Ind AS Financial Statements – Refer Note 32;
 - ii. The Company has long-term contracts as at March 31, 2018 for which there were no material foreseeable losses. The Company did not have any derivative contracts as at March 31, 2018;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the Year ended March 31, 2018;
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the Year ended March 31, 2018.

Annexure A to Independent Auditors' Report

Referred to in paragraph 11 (f) of the Independent Auditors' Report of even date to the members of Nirlon Limited on the Ind AS Financial Statements for the year ended March 31, 2018

Report on the Internal Financial Controls with reference to Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to Financial Statements of Nirlon Limited ("**the Company**") as of March 31, 2018 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (**ICAI**). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (**the "Guidance Note"**) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Financial Statements included obtaining an understanding of internal financial controls with reference to Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

6. A company's internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Financial Statements.

**Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

7. Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

Referred to in paragraph 10 of the Independent Auditors' Report of even date to Members of Nirlon Limited on the Ind AS Financial Statements as of and for the Year ended March 31, 2018

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets of the Company have been physically verified by the Management during the Year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) The title deeds of immovable properties, as disclosed in Note 3 on Investment Property to the Ind AS Financial Statements, are held in the name of the Company.
- ii. The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii) of the said Order are not applicable to the Company.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the Company.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain Cost Records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of Service Tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, provident fund, employees' state insurance, income tax, sales tax, duty of customs, duty of excise, value added tax, cess, goods and service tax with effect from July 1, 2017 and other material statutory dues, as applicable, with the appropriate authorities.
- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income tax, goods and service tax, sales-tax, value added tax and duty of customs which have not been deposited on account of any dispute. The particulars of dues of service tax and duty of excise and as at March 31, 2018 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount under dispute not yet deposited * (INR in lakh)	Period to which the amount relates	Forum where the dispute is pending
Central Excise Act, 1994	Excise Duty and Penalty thereon	42.27	Excise duty liability for the Financial Years 1999-2000 and February 1995 to April 1999	High Court
		87.56	Excise duty liability for the period April 1998 to June 1999, May 2003 to August 2005	CESTAT
The Finance Act, 1994	Service Tax	821.88	Service tax liability for the Financial Years 2010 – 2012	CESTAT

* Net of amount paid under protest

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government. The Company has not issued any debentures.
- ix. The Company has not raised any moneys by way of initial public offer and further public offer (including debt instruments). In our opinion, and according to the information and explanations given to us, the moneys raised by way of term loans have been applied for the purposes for which they were obtained.
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS Financial Statements as required under Indian Accounting Standard (**Ind AS**) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the Year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

Notes to Financial Statements as at and for the Year ended March 31, 2018

Background of the Company

Nirlon Limited is a Company limited by shares, incorporated and domiciled in India. The Company is engaged in development and management of the industrial park/ information technology (IT) park. The Registered Office of the Company is located at Pahadi Village, off the Western Express Highway, Goregaon (East), Mumbai.

Note 1: Significant Accounting Policies followed by the Company

(a) Basis of preparation

(i) Compliance with Ind AS

These Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The Financial Statements up to year ended March 31, 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

These Financial Statements for the Year ended March 31, 2018 are the first Financial Statements, which have been prepared in accordance with Ind AS notified under the Companies (Indian Accounting Standard) Rules, 2015.

Refer note 42 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

The Financial Statements have been prepared on a historical cost basis, except for the following assets and liabilities:

- i) Certain financial assets and liabilities that are measured at fair value
- ii) Assets held for sale-measured at fair value less cost to sell.

The financial statements are presented in Indian Rupees ('INR') and all values are rounded to nearest lakh (INR 00,000), except when otherwise indicated.

(ii) Current versus Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
 - Held primarily for purpose of trading
 - Expected to be realized within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

(b) Property, plant & equipment

All items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Capital work- in- progress includes cost of property, plant and equipment under installation / under development as at the Balance Sheet date.

On transition to Ind AS

Under the previous GAAP (Indian GAAP), property plant and equipment was carried in the Balance Sheet at cost, less accumulated depreciation and accumulated impairment losses, if any. On the date of transition to Ind AS, the Company has elected to continue with the carrying value of property plant and equipment as deemed cost as at April 1, 2016.

Depreciation methods, estimated useful lives and residual value

Depreciation on property, plant & equipment has been provided on written down value method over the estimated useful lives of the assets, based on technical evaluation done by management's expert, which are lower than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Useful life considered for calculation of depreciation for various assets class are as follows :

Asset class	Useful Life
Office Equipment	3 / 5 / 15 years
Furniture & Fixture	15 years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(c) Investment properties

Property that is held for long-term rental yields or for capital appreciation or for both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction cost and where applicable borrowing costs. Subsequent expenditure is capitalised to assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance cost are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Depreciation methods, estimated useful lives and residual value

Investment property consists of Freehold Land, Building (including Other Assets such as Plant & Equipment, Office Equipment and Furniture & Fixture), which is depreciated using the written down value method over the estimated useful lives of the assets, based on technical evaluation done by management's expert, which are lower than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets.

Useful life considered for calculation of depreciation for assets class are as follows :

Asset class	Useful Life
Freehold Land	NA
Building (including other assets*)	3 / 5 / 15 / 20 / 30 / 40 / 60 years

* Other assets mainly comprise of Plant & Equipment, Office Equipment and Furniture & Fixture forming an integral part of Building.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

On transition to Ind AS

Under the previous GAAP (Indian GAAP), building and other assets (plant & equipment, furniture & fixtures, office equipment,) was carried in the balance sheet at cost, less accumulated depreciation and accumulated impairment losses, if any and freehold land was carried at revalued amount. For investment property, Ind AS 101 gives the option either to carry the previous GAAP carrying value or apply the provisions of Ind AS 40 retrospectively. The Company has opted to apply Ind AS 40 retrospectively as at the transition date.

(d) Intangible Assets

Intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Cost comprises the acquisition price and any attributable / allocable incidental cost of bringing the asset to its working condition for its intended use.

On transition to Ind AS

On the date of transition to Ind AS, the Company has elected to continue with the carrying value of intangible assets recognised as at April 1, 2016 measured as per previous GAAP and use that carrying value as the deemed cost of intangible assets.

Amortisation

Intangible assets are amortised on written down value method over the estimated useful life. The method of amortisation and useful life is reviewed at the end of each accounting year with the effect of any changes in the estimate being accounted for on a prospective basis.

Useful life considered for amortisation of intangible assets for various assets class are as follows :

Asset class	Useful Life
Software & Licenses	3 years

Gains and losses on disposals are determined by comparing net disposal proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Impairment of Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating units (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(f) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Assets

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

Initial Recognition & Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at

fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

For purposes of subsequent measurement financial assets are classified in following categories:

- Debt instruments at fair value through profit and loss (**FVTPL**)
- Debt instruments at fair value through other comprehensive income (**FVTOCI**)
- Debt instruments at amortised cost
- Equity instruments

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income). For investment in debt instruments, this will depend on the business model in which the investment is held. For investment in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for equity instruments at FVTOCI.

Debt instruments at amortised cost

A Debt instrument is measured at amortised cost if both the following conditions are met:

- Business Model Test:** The objective is to hold the debt instrument to collect the contractual cash flows (rather than to sell the instrument prior to its contractual maturity to realize its fair value changes).
- Cash flow characteristics test:** The contractual terms of the debt instrument give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (**EIR**) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of EIR. EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

**Debt instruments at fair value through OCI**

A Debt instrument is measured at fair value through other comprehensive income if following criteria are met:

- a) **Business Model Test:** The objective of financial instrument is achieved by both collecting contractual cash flows and for selling financial assets.
- b) **Cash flow characteristics test:** The contractual terms of the debt instrument give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

Debt instrument included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI), except for the recognition of interest income, impairment gains or losses and foreign exchange gains or losses which are recognised in Statement of Profit and Loss. On derecognition of asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI financial asset is reported as interest income using the EIR method.

Debt instruments at FVTPL

FVTPL is a residual category for financial instruments. Any financial instrument which does not meet the criteria for amortised cost or FVTOCI is classified as at FVTPL. A gain or loss on a Debt instrument that is subsequently measured at FVTPL and is not a part of a hedging relationship is recognised in statement of profit or loss and presented net in the Statement of Profit and Loss within other gains or losses in the period in which it arises. Interest income from these Debt instruments is included in other income.

Equity Instruments

For all equity instruments, the Company may make an irrevocable election to present in other comprehensive income all subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are

measured at fair value with all changes recognised in the Statement of Profit and loss.

Derecognition

A financial asset is derecognised only when:

- the rights to receive cash flows from the asset have expired, or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a “pass through” arrangement and either:
 - (a) The Company has transferred the rights to receive cash flows from the financial assets or
 - (b) The Company has retained the contractual right to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all the risks and rewards of the ownership of the financial assets. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all the risks and rewards of the ownership of the financial assets, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 40 details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

**(ii) Financial Liabilities**

The measurement of financial liabilities depends on their classification, as described below:

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 120 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using EIR method.

Borrowings

Borrowings are initially recognised at fair value, net of transaction cost incurred. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Lease Deposits

Lease deposits received are financial liability and need to be measured at fair value on initial recognition. The difference between the fair value and the nominal value of deposits is considered as rent in advance and recognised over the lease term on a straight line basis. Unwinding of discount is treated as interest expense (finance cost) for deposits received and is accrued as per the EIR method.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

(iii) Derivative financial instruments

Derivative financial instruments such as forward contracts are taken by the Company to hedge its foreign currency risks, are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(iv) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

(g) Fair Value Measurement

The Company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the Financial Statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

**(h) Taxes**

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The Company's liability for current tax is calculated using the Indian tax rates and laws that have been enacted at the end of the reporting period. The Company periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretations. It establishes provisions where appropriate on the basis of amount expected to be paid to tax authorities.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(i) Employee Benefits**(i) Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Other long-term employee benefit obligations

The liabilities for compensated absences that are not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, regardless of when the actual settlement is expected to occur.

(iii) Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plans such as gratuity and
- (b) defined contribution plans such as provident fund, Employee State Insurance Corporation (ESIC).

Gratuity Obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation

and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined Contribution plans

Defined Contribution Plans such as Provident Fund and ESIC are charged to the Statement of Profit and Loss as an expense, when an employee renders the related services. If the contribution payable to scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset.

(j) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(k) Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(l) Assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write down of the asset to fair value less cost to sell. A gain is recognised for any subsequent increase in fair value less cost to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date de-recognition.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

(m) Borrowing Cost

General and specific borrowing costs that are directly attributable to the acquisition/construction of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

(n) Foreign currency translation

Functional and presentation currency

Items included in the Financial Statements of the Company are measured using the currency of the primary economic environment in which the entity operates (i.e. functional currency). The Financial Statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses

resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year-end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing cost are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of profit and loss on a net basis within other income or other expenses.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

(o) Provisions & contingent liabilities

Provisions

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. The Company does not recognize a contingent liability but discloses its existence in the Financial Statements unless the probability of outflow of resources is remote.

(p) Leases

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. Finance leases are capitalised at the commencement of the lease at

the inception date at fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with Company's general policy on the borrowing cost.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the Statement of Profit or Loss account on straight-line basis over the lease term, unless the payments are structured to increase in line with the expected general inflation to compensate for the lessor in expected inflationary cost increase.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

(q) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Refer Note 35 for segment information presented.

(r) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. Revenue

is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Rental Income

License fee/Lease income and income incidental to it, arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms, unless there is another systematic basis which is more representative of the time pattern of the lease.

Revenue from common area maintenance service is recognised at value of service and is disclosed net of indirect taxes, if any.

Other operating revenue comprises of income from car parking charges and other recoveries from customers as per the terms and conditions agreed with them.

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

Insurance claims and scrap sales are accounted for in the books on an accrual basis.

(s) ESOP

The Company offers ESOP under which options to subscribe for the Company's share have been granted to certain employees and senior management. The shares have been issued at fair value as on the grant date. These shares are vested before the transition date.

Employee welfare trust financed through interest free loan by the Company and warehousing the shares which have not vested yet, for distribution to employees of the Company, has been consolidated on line by line basis by reducing from equity share capital of the Company the face value of such treasury shares held by the trust.

(t) Dividend distribution to equity shareholders

Dividend distributed to Equity shareholders is recognised as distribution to owners of capital in the Statement of Changes in Equity, in the period in which it is paid.

(u) Critical estimates and judgements

The preparation of Financial Statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together

with information about the basis of calculation for each affected line item in the Financial Statements.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 37)
- Estimation of Useful life of Property, plant and equipment, Investment property and intangibles (Note 2, 3 and 4)
- Estimation of taxes (Note 7, 18 and 30)
- Estimation of provision and contingent liabilities (Note 17 and 32)
- Estimation of fair value measurement of financial assets and liabilities (Note 39)

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the group and that are believed to be reasonable under the circumstances.

(v) Standard issued but not effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's Financial Statements are disclosed below.

Ind AS 115 – Revenue from Contracts with Customers

Ind AS 115, is effective for periods beginning on or after April 01, 2018. Ind AS 115 sets out the requirements for recognising revenue that apply to all contracts with customers (except for contracts that are within the scope of the Standards on leases, insurance contracts and financial instruments). Ind AS 115 replaces the previous revenue Standards: Ind AS 18 Revenue and Ind AS 11 Construction Contracts, and the related appendices.

The standard establishes a comprehensive framework for determining when to recognise revenue and how much revenue to recognise. Under Ind AS 115, an entity recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer. The core principle in that framework is that a Company should recognise revenue to depict the transfer of promised goods or services to the customer in an amount that reflects the fair value of consideration to which the Company expects to be entitled in exchange for those goods or services.

Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price

NIRLON

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation

The Company is evaluating the impact of the standard on the financial position and results of operations. As per the transitional provision of the standard, the Company shall apply this Standard using one of the following two methods:

- (i) Retrospectively to each prior reporting period presented in accordance with Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors. The standard is applied retrospectively only to contracts that are not completed contracts at the date of initial application;
- (ii) Retrospectively with the cumulative effect of initially applying this Standard recognised at the date of initial application.

Ind AS 21 – The effect of changes in Foreign Exchange rates

The amendment clarifies on the accounting of transactions that include the receipt or payment of advance consideration in a foreign currency. The appendix explains that the date of the transaction, for the purpose of determining the exchange rate, is the date of initial recognition of the non-monetary prepayment asset or deferred income liability. If there are multiple payments or receipts in advance, a date of transaction is established for each payment or receipt. Company is evaluating the impact of this amendment on its Financial Statements.

There are no other standards, changes in standards and interpretations that are not in force up to reporting period that the Company expects to have a material impact arising from its application in its Financial Statements.

Discount rate	7.33%	6.69%	7.51%
Salary growth rate	8.00%	8.00%	7.50%

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

(INR in lakh)

Particulars	Impact on defined benefit obligation					
	Change in assumptions		Increase in assumptions		Decrease in assumptions	
	March 31, 2018	March 31, 2017	March 31, 2018	March 31, 2017	March 31, 2018	March 31, 2017
Discount rate	1%	1%	30.08	14.90	34.92	17.59
Salary growth rate	1%	1%	32.37	16.17	32.37	16.17

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

Interest Rate Risk	A decrease in the bond interest rate will increase the plan liability.
Longevity Risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary Risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

NIRLON

Defined benefit liability and employer contributions

B. Measurement of fair value

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
2. The fair values of the Company's interest-bearing borrowings and loans are determined by using Discounted cash flow method using discount rate that reflects the borrowing rate as at the end of the reporting period. The own non-performance risk as at March 31, 2017 was assessed to be insignificant.
3. The fair values of security deposit were calculated based on cash flows discounted using a current lending rate.

C. Fair Value Hierarchy

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

40. FINANCIAL RISK MANAGEMENT

The Company's board of directors have overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have established the Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities. The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk and
- Market risk

(A) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables.

The carrying amounts of financial assets represent the maximum credit risk exposure.

i. Trade and Other receivables

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However credit risk with regards to trade receivable is almost negligible for the company as the company keeps 3 to 12 months rental as deposit from the occupants.

Therefore no impairment is observed on the carrying value of trade receivable.

ii. Cash and bank balances

The Company held cash and cash equivalent and other bank balance of INR 3,779.55 lakh at March 31, 2018 (March 31, 2017: INR 1736.84 lakh; April 1, 2016: INR 357.38 lakh). The same are held with bank and financial institution counterparties with good credit rating. Also, company invests its short term surplus funds in bank fixed deposit which carry no mark to market risks for short duration, therefore does not expose the Company to credit risk.

iii. Derivatives

The forward cover has been entered into with banks and financial institution counterparties with good credit rating.

iv. Others

Other than trade receivables reported above, the Company has no other financial assets which carries any significant credit risk.

(B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

**(i) Maturities of financial liabilities**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include contractual interest payments.

(ii) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(INR in lakh)

Contractual maturities of financial liabilities March 31, 2018	March 31, 2018	March 31, 2017	April 1, 2016
Expiring beyond one year (loan from HDFC Limited)	9,912.81	11,425.11	12,690.90

Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

(C) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates (currency risk) and interest rates (interest rate risk), will affect the Company's income.

The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the buyer's credit.

The Company closely tracks and observes the movement of foreign currency with regards to INR and also forward cover rate. The Company decides to cover or keep the foreign currency exposure open based on the above.

Foreign currency risk exposure:

The Company exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows -

(INR in lakh)

Particulars	Currency	March 31, 2018	March 31, 2017	April 1, 2016

Particulars	2017-18		2016-17	
	5 % Increase	5 % Decrease	5 % Increase	5 % Decrease
USD	-	-	34.21	-34.21

(ii) Cash flow and fair value interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligation at floating interest rates. The Company's fixed rate borrowings

are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

(INR in lakh)

Particulars	March 31, 2018	March 31, 2017	April 1, 2016

41. CAPITAL MANAGEMENT

a. Risk Management

For the purpose of Company's capital management, capital includes issued equity share capital, securities premium all other equity reserves attributable to the equity shareholders of the Company and borrowings. The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximises shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans and long term and other strategic investment plans. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the year ended March 31, 2018, March 31, 2017 and as at April 1, 2016.

The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity share holders.

The Company's adjusted net debt to equity ratio at March 31, 2018 is as follows.

(INR in lakh)

42. FIRST TIME ADOPTION OF IND AS

These are the Company's first Financial Statements prepared in accordance with Ind AS. The accounting policies set out in note 1 have been applied in preparing the Financial Statements for the Year ended March 31, 2018, the comparative information presented in these Financial Statements for the year ended March 31, 2017 and in the preparation of an opening Ind AS balance sheet at April 1, 2016 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in Financial Statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

i. Deemed cost

Ind AS 101 permits a first time adopter to elect to fair value of its property, plant and equipment as recognised in Financial Statements as at the date of transition to Ind AS, measured as per previous GAAP and use that as its deemed cost as at the date of transition or apply principles of Ind AS retrospectively. Ind AS 101 also permits the first time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the Financial Statements as at the date of transition to Ind AS. This exemption can be also used for intangible assets covered by Ind-AS 38.

For investment property, Ind AS 101 gives the option either to carry the previous GAAP carrying value or apply the provisions of Ind AS 40 retrospectively.

The Company has opted to consider the previous GAAP carrying value of property, plant and equipments and Intangible assets as deemed cost as at the transition date.

In case of investment property, the Company has opted to apply Ind AS 40 retrospectively as at the transition date.

ii. Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error. Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

**iii. Classification and measurement of financial assets**

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

iv. Derecognition of financial assets and liabilities

The Company has applied the derecognition requirement of financial assets and financial liabilities prospectively for transaction occurring on or after the transition date.

B. Reconciliations between previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from previous GAAP to Ind AS.

i. Reconciliation of total equity as at March 31, 2017 and April 1, 2016

Cash and cash equivalents as on 31 March 2017		1,729.72	(66.83)	1,662.89

Notes:

1. Lease straight lining

Under previous GAAP, operating lease rentals were straight lined over the lease period. Under Ind AS, if the payments by the lessee are not in line with expected general inflation to compensate for the lessor's expected inflationary cost, then in such a case lease reserve should be booked. Consequent to this change, the amount of retained earnings has been increased. Also under Ind AS, rent free period is straight-lined over the lease term as the same is considered as incentive.

2. Proposed Dividend

Under previous GAAP till March 31, 2016, dividends proposed by the board of directors after balance sheet date but before the approval of the Financial Statements were considered as adjusting events. However under IND AS, such dividends are recognized when the same is approved by the shareholders in the general meeting. Accordingly the liability for proposed dividend recognized as on transition date has been reversed with corresponding adjustment to opening retained earnings.

3. Security Deposits

Under the previous Indian GAAP, the interest free security deposits received were carried at nominal amount. Under Ind AS, lease / Security deposits received, are measured at fair value on initial recognition.

Unwinding of discount is treated as interest expense and is accrued as per the effective interest rate method. The difference between the fair value and the nominal value of deposits is considered as rent in advance and recognised over the lease term on a straight line basis.

4. Look through approach for employee welfare trust

Employee welfare trust, financed through interest free loan by the Company and warehousing the shares which have not vested yet, for distribution to employees of the Company, has been consolidated on line by line basis by reducing from equity share capital of the Company the face value of such treasury shares held by the trust and adjusting the difference, if any, into retained earnings.

5. Derivative Contracts

Under previous GAAP, premium/discount on forward exchange contracts are amortised over the period of the contracts. Under Ind AS, forward contracts are to be recognised at fair value and the changes are recognised in the Statement of Profit and Loss.

6. Initial Direct cost incurred by lessor in case of operating leases

Under the previous Indian GAAP, initial direct cost is amortized over the lock in period and presented as other non current asset & other current asset.

Initial direct costs incurred by lessors in negotiating and arranging an operating lease shall be added to the carrying amount of the leased asset and recognised as an expense over the lease term on the same basis as the lease income. Accordingly this has been added to the carrying amount of investment property.

**7. Deferred tax**

Retained Earnings and Statement of Profit and Loss has been adjusted consequent to the Ind AS transition adjustments with corresponding impact to deferred tax, wherever applicable. Under Ind AS, MAT credit is also presented with deferred tax.

8. Other comprehensive income

Under previous GAAP, actuarial gains and losses on employees defined benefit obligations were recognised in profit or loss. Under Ind AS, the actuarial gains and losses on re-measurement of net defined benefit obligations are recognised in other comprehensive income. This resulted in a reclassification between profit or loss and other comprehensive income.

9. Investment property

Under the previous GAAP, investment properties were presented as part of property, plant and equipment. Freehold land was carried at revalued amount.

Under Ind AS, investment properties are required to be separately presented on the face of the balance sheet. Revaluation reserve created in respect of freehold land is adjusted with the said asset, consequent to application of Ind AS 40 retrospectively.

10. Capital Work in Progress

Income from Scrap sale of demolished building during the year 2016-17 is recognised in Statement of profit or loss. Capital work in progress principally is investment property construction in progress. Since Ind AS 40 is applied retrospectively, cost that are not eligible for capitalization are charged to retained earnings as at the transition date.

11. Others

Others comprise of (i) Dividend proposed by Board of Directors subsequent to April 1, 2016 and recognised under previous GAAP now reversed; and (ii) Recognition of liability at fair value (net of tax) which under previous GAAP was recognised as and when incurred.

- 43.** There are no financial instruments which are offset, or subject to enforceable master netting arrangements and other similar agreements but not offset, as at each reporting date.

LIST/COMP/15/2018-19

July 05, 2018

To
All the Listed Companies,

Dear Sir / Madam,

Subject: **Amendment to Regulation 40 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 with respect to mandatory dematerialization for transfer of securities**

The amendment to Regulation 40 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 vide Gazette notification dated June 8, 2018 has mandated that transfer of securities would be carried out in dematerialized form only.

Accordingly, Listed Companies and their Registrars and Transfer Agents (RTAs) are hereby advised that, with effect from December 5, 2018, it should be ensured that shares which are lodged for transfer shall be in dematerialized form only.

In order to implement the aforementioned Amendment in the Regulation and as advised by SEBI, all the Listed Companies are hereby directed to carry out the following actions:

- 1) To take special efforts through their RTAs to send letter under Registered/Speed post to the holders of physical certificates appraising them about the amendment and sensitise them about the impact of the regulation on the transfer of shares held by them in physical form w.e.f December 5, 2018.
- 2) RTAs may also be advised to send two reminders, preferably at a gap of 30 days, to such shareholders who continue to hold their shares in physical form, advising them to get the same dematerialized
- 3) Listed Companies shall prominently place information on their website intimating the investors about the proposed change and provide appropriate guidance on how to dematerialize their shares.
- 4) Listed companies should ensure that the signature cards of all the holders of physical securities are handed over to its RTA at the earliest.

All listed companies are requested to take note of above and comply accordingly. Companies may also report compliance with these requirements by end September 2018 to the Exchange, in a specified format that will be sent out shortly.

**MOST IMPORTANT NOTICE TO MEMBERS OF NIRLON LIMITED
WHO ARE HOLDING SECURITIES IN PHYSICAL FORM**

I. Background & Regulation 40 of SEBI, LODR, 2015

- a. BSE Ltd. has issued a Circular to Listed Companies on July 05, 2018 informing about amendment to Regulation 40 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 vide Gazette notification dated June 8, 2018 has mandated that transfer of securities would be carried out in dematerialized form only.
- b. **Gist of the BSE Circular w.r.t. the amendment to Regulation 40 of SEBI, LODR, 2015 to all listed company**

The amendment to Regulation 40 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 vide Gazette notification dated June 8, 2018 has mandated that transfer of securities would be carried out in dematerialized form only.

Accordingly, Listed Companies and their Registrars and Transfer Agents (RTAs) are hereby advised that, with effect from December 5, 2018, it should be ensured that shares which are lodged for transfer shall be in dematerialized form only.

In order to implement the aforementioned Amendment in the Regulation and as advised by SEBI, the Company is in process to carry out the following actions:

1. Sending letter through our Share Transfer Agent (STA), Link Intime India Pvt. Ltd. , under Registered/Speed post to the holders of physical certificates appraising them about the amendment and sensitise them about the impact of the regulation on the transfer of shares held by them in physical form **w.e.f. December 5, 2018.**
2. STA will send two reminders, preferably at a gap of 30 days, to such shareholders who continue to hold their shares in physical form, advising them to get the same dematerialized.
3. We are prominently place information on our website intimating the investors about the proposed change, and also guidance on how to dematerialize their shares.

II. Demat Familiarisation & Concepts

- a. **Dematerialization** in short called as '**demat**' is the process by which an investor can get **physical certificates** converted into **electronic form** maintained in an account with the **Depository Participant**.
- b. **Depository**: The organization responsible to maintain investor's securities in the electronic form is called the depository. In other words, a depository can therefore be conceived of as a "Bank" for securities. In India there are two such organizations viz. NSDL and CDSL. The depository concept is similar to the Banking system with the exception that banks handle funds whereas a depository handles securities of the investors. An investor wishing to utilize the services offered by a depository has to open an account with the depository through a Depository Participant.
- c. **Depository Participant**: The market intermediary through whom the depository services can be availed by the investors is called a Depository Participant (DP). As per SEBI regulations, DP could be organizations involved in the business of providing financial services like banks, brokers, custodians and financial institutions. This system of using the existing distribution channel (mainly constituting DPs) helps the depository to reach a wide cross section of investors spread across a large geographical area at a minimum cost. The admission of the DPs involve a detailed evaluation by the depository of their capability to meet with the strict service standards and a further evaluation and approval from SEBI. Realizing the potential, all the custodians in India and a number of banks, financial institutions and major brokers have already joined as DPs to provide services in a number of cities.

III. Important points on Demat

1. Is dematerialization of securities compulsory? According to the Depositories Act, 1996, an investor has the option to hold securities either in physical or electronic form in a Listed Company. Part of holding can be in physical form and part in demat form.
However, SEBI has notified that settlement of market trades in listed securities should take place only in the demat mode.

2. The investors can dematerialize only those share certificates that are already registered in their name and belong to the list of securities admitted for dematerialization at the depositories.
3. Following steps are involved in dematerialization of physical securities:
 - a. Beneficiary Account (BO) to open a demat account with a Depository Participant (DP), if not opened/ existing.
 - b. BO Fill in a Demat Request Form (DRF) and submit the same with the physical Certificate/s to the DP for dematerialization.
 - c. For each ISIN, a separate DRF has to be used.
 - d. If the BO has free as well as lock-in shares of the same ISIN, separate demat request has to be setup for free shares and lock-in shares.
 - e. DP to verify that the DRF has been filled correctly.
 - f. DP to Setup a demat request on the CDSL system.
 - g. DP to deface and mutilate the physical certificates and Send the certificates to the Issuer/Share transfer Agent (STA).
 - h. Issuer/STA verifies genuineness of the certificates and confirms the demat request.
 - i. On receiving confirmation from Issuer/STA, /NSDL / CDSL credits an equivalent number of securities in the demat account of the BO maintained with NSDL/ CDSL.
- Approach the depository participant, and fill up a demat account opening form. You have to sign an agreement with the depository participant. Submit proof of identity such as PAN card and an identity proof/address proof, such as Passport copy. (Your demat account, should be in the same name as the ownership in physical form).
- Once your demat account is opened, your shares can be demated, by filling a Dematerialisation Request Form (DRF). You then submit/surrender the certificates of the shares which you want dematerialized, along with the dematerialisation Request Form (DRF), to the depository participant.
- The depository participant then sends a request, through an electronic system, to the Registrar and Transfer agent. (R&T agents maintain your /investor's records, for convenience).

- The electronic system generates a Dematerialisation Request Number (DRN). This DRN number, is entered on the Dematerialisation Request Form (DRF) and is sent along with physical documents (identity and address proof / share certificates), to the Registrar and Transfer agent, along with a standard covering letter.
- Your share certificates are received by the Registrar and Transfer agent. These share certificates will be mutilated and the words “Surrendered for Dematerialisation”, will be written on it.
- The Registrar and Transfer agent will verify the physical documents, along with the details in the covering letter and the Dematerialisation Request Form.
- The Company where you own shares, has your name in the Register of Members (RoM), of the Company. Your name is replaced by the depository’s name in the Register of Members (RoM), of the Company, to the extent of shares, which have been dematerialized.
- Once the Register of Members (RoM), of the Company where you have shares, has been amended, a confirmation is sent to the depository.
- Your demat account with the depository participant (DP), is credited with the dematerialized shares.
- It is not possible to add any name while dematerialization of a share certificate. If the shares held in single name are intended to be held in any joint account, they have to be transferred to such names before they are dematerialized. Alternatively, such shares can be dematerialized first in the demat account in the single name and then transferred to the demat account in the joint names, or vice-versa, through an off-market transaction.
- Transfer of Electronic balances in a BOs account to successors / nominees in case of sole holder account and to the account of surviving joint holders in case of a joint account.

IV. The benefits of demat are as follows:

- Easy and convenient way to hold securities
- Immediate transfer of securities
- No stamp duty on transfer of securities
- Safer than paper-shares (earlier risks associated with physical certificates such as bad delivery, fake securities, delays, thefts etc. are mostly eliminated)
- Reduced paperwork for transfer of securities
- Reduced transaction cost
- No "odd lot" problem: even one share can be sold
- Change in address recorded with a Depository participant (DP) gets registered with all companies in which investor holds securities eliminating the need to correspond with each of them separately.
- Transmission of securities is done by DP, eliminating the need for notifying companies.
- Automatic credit into demat account for shares arising out of bonus/split, consolidation/merger, etc.
- A single demat account can hold investments in both equity and debt instruments.

There are a few distinct advantages of having a bank as a DP. Having a Demat account with a bank DP, usually provides quick processing, accessibility, convenience, and online transaction capability to the investor. Generally, banks credit the Demat account with shares in case of purchase, or credit a savings account with the proceeds of a sale, on the third day. Banks are also advantageous because of the number of branches they have. Some banks give the option of opening a demat account in any branch, while others restrict themselves to a select set of branches. Some private banks also provide online access to the demat account. Hence, the investors can conveniently check online details of their holdings, transactions and status of requests through their bank's net-banking facility. A broker who acts as a DP may not be able to provide these services.
