### FY'14 Financial Highlights

- Net Debt 9,827.56
- Interest and Financing cost decreased by ~ 18% compared to previous year.
- Capital Expenditure made during the year 5,681 higher than previous year by 1,528.

As a business, we viewed 2013/14 as a year of consolidation. We commenced production at our brand new state-of-the-art facility at Nagalwadi, Nagpur in the third quarter. We demerged our joint venture in the UK to form our wholly owned subsidiary, PIX Transmissions Europe Ltd.

We would like to thank all our investors for their continued support and encouragement, and our employees for committing their talent and tenacity to our success. We look forward to reporting continued strong performance going forward.

**Management Discussion and Analysis**  
**Overview of the Economy**

The year 2013-14 commenced with hopes of economic recovery however ended as a year of uncertainty. The deterioration in the Indian economic landscape created by lack of governance, policy and government spending impacted India's growth. While the Global Economy resumed on the recovery path initiated by advanced economies, activity in many emerging markets was disappointing due to less favourable internal and external financial environment. The renewed increase in the financial volatility highlights the challenges for emerging market economies posed by the changing external environment, higher inflation and wider current account deficits.

Retention of talent remains a big challenge especially in view of the growth momentum of the Indian economy and alternate avenues that may open up. We have rich talent pool of the technical manpower, skilled workers who have grown with the company.

**Review of operations**

Total Turnover (net of excise) for the year under review is ₹ 1,97,59.36 Lacs. The profit before interest and depreciation and tax is ₹ 3,503.84 Lacs

The profit before tax from operations is ₹ 667.41 Lacs after providing ₹ 1,531.67 Lacs for Interest and ₹. 1,304.75 Lacs for Depreciation.

With the rate of interest still high compared to the global standards, there is a further scope to reduce the interest rate and the growth of the corporate sector will depend much upon the availability of credit at the right time and right price. Though it is expected that softening commodity prices and stimulus packages would have a positive impact on the industrial production in the months ahead, the economic recovery on a sustainable basis requires a revival of the global economy.

**CORPORATE GOVERNANCE**

Corporate Governance sets forth guidelines for maintaining and sustaining a transparent, information oriented culture wherein authority and responsibilities are co-existent and co-extensive. It also provides guidelines on accountability of various positions within the organization. These values govern not only the Board of Directors, but also the management and the employees of the Company. This Governance protects and balances the interests of all stakeholders thereby enhancing shareholder value.

**To the Board of Directors of PIX TRANSMISSIONS LIMITED****Report on the Consolidated Financial Statements:**

I have audited the accompanying consolidated financial statements of PIX TRANSMISSIONS LIMITED ("the Company"), its subsidiaries and jointly controlled entity (collectively referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2014, and the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

**Management's Responsibility for the Consolidated Financial Statements:**

Management is responsible for the preparation of these financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility:**

My responsibility is to express an opinion on these consolidated financial statements based on my audit. I conducted my audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

These financial statements have been certified by the management and our opinion, in so far as it relates to the amounts included in respect of the subsidiary, is based solely on these certified financial statements.
