CHANGE IN FINANCIAL YEAR

The Company has obtained an approval of the Registrar of Companies, Maharashtra, under section 2 (41) of the Companies Act, 2013, vide their order dated November 17, 2014, to extend the Financial Year of the Company by a period of six months so as to end on March 31, 2015. Accordingly, the financial statements for the current period are for eighteen months.

BUSINESS REVIEW & PROSPECTS

The period under review saw new political dispensation at the centre and that, together with determined leadership at the Reserve Bank of India, saw renewed initiatives to deal with the NPAs in the banking sector through stricter controls and recapitalization. The new leadership at the Ministry of Finance also initiated measures to bring investors back to the capital market. Nonetheless, this period was tumultuous for the corporate sector with slowing growth and squeeze on liquidity due to banking sector problems inherited from the past. Fears of withdrawal of global liquidity through roll back of quantitative easing by western central banks helped create a feeling of uncertainty in the minds of domestic corporate leadership.

Your company was also affected by these factors playing out in the economy and the larger corporate finance area, as plans to raise long term capital through the Private Equity route were largely kept on the back burner. However, there was also an opportunity for your company's advisory team in handling stressed assets and consequent sell down of distressed portfolios. There has been some turn around in corporate plans and as a consequence, your company sees significant rise in deal flow in the recent quarters. However, successful closure may take some time.

As a consequence of this unwarranted action by the NSE, Prime Broking has filed a suit for damages in the Bombay High Court, along with the Appeal in the Hon'ble Supreme Court (in which SEBI, too, has been made one of the respondents).

The corporate finance and advisory business has seen improvement in activities in this period, especially in the advisory part of handling of stressed assets and sell down of distressed portfolios. While there are numerous deals in the pipeline, closures of such deals could take time.

Pursuant to clause 49 of the listing agreements with the stock exchanges, management discussion and analysis report giving a detailed account of the state of affairs of the Company is given as an annexure to this report.

DIVIDEND

The board of directors has not recommended any dividend on equity shares for the year under review.

the NSE – the latter declared PBCIL a defaulter and expelled PBCIL as a member of the exchange, an action followed by the Bombay Stock Exchange Limited (“BSE”) in terms of the cross default clause of SEBI.

MANAGEMENT DISCUSSION & ANALYSIS

A. Industry Structure & Developments

The period under review (October 2013 to March 2015) has been an extremely eventful period, with a new government and a resurgent RBI (under the stewardship of an iconic governor) leading a memorable effort to clean up banks and attract investors back to the Capital Markets. It was period when interest rates were kept elevated as inflation threatened to derail the fledgling recovery in the economy.

Central Banks across the world had been bracing themselves for the eventual tapering in the Quantitative Easing (QE) program of the Federal Reserve (Fed), an event expected to result in a huge withdrawal of easy money, as bond buying by the Fed would get progressively reduced. Despite the Fed's desire to end QE, other Central Banks, notably those in the European Zone, Japan and China, have been forced to maintain an accommodative stance, given the challenges facing their respective domestic economies. The impact of changes in monetary stance, on financial markets, especially the Emerging Markets, is expected to be quite substantial, as these markets have been at the receiving end of liquidity flows for the past several years.

Domestically, a number of retail and corporate brokers have shut shop, because costs to maintain a full infrastructure, in the face of declining brokerage rates, have been prohibitive. Those in business have been witnessing a climb back in volumes. Investors though, have been making a determined bid to re enter the equity markets, through mutual funds, which have witnessed their highest inflows ever. The Real Estate space and the bullion markets have experienced very high levels of apathy, borne out by sluggishness in volumes and prices. The rotation of interest into equity markets could be the first sign of activity pick up in our Corporate Finance business.

The banking system has been massively affected by the slowing economy, as NPAs have zoomed and the RBI has imposed extremely stringent norms for both, the recognition of non performing accounts in their books and for the handling of such borrowers. The resultant paralysis has meant that the banking system is staring at estimated Rs. 7-9 Lakh Crores as potential debt restructuring candidates. A sustainable rally in the equity markets needs a robust PSU banking network, which requires a recapitalization of an estimated Rs 3 Lakh Crores, at the very least, over the next three to four years.

The new government has made substantial progress on addressing the unlocking of stuck, incomplete projects in the Infrastructure space. Capital formation in the economy had taken a beating, given the structural issues plaguing the country, including the political ambivalence on progressive policy making. One of the foremost areas crying out for attention has been the restructuring of large corporate debt / accounts.

The coming years will see significant activity in the restructuring of corporate balance sheets. This is where banks and institutions will need to take write-downs and corporates make sacrifices in terms of promoter holdings. This is where we see a huge opportunity emerging and finally, a space where the returns and effort equation will have some parity. Further, select mid-caps will be able to attract private equity investors, who typically may emerge as counter-trend investors, looking for bargains in a distress situation.

B. Opportunities & Threats

In the context of a rallying equity market, the corporate advisory services segment is likely to see new opportunities. New services, like advising on the handling of stressed assets and sell down of distressed portfolios, are likely to see robust growth in coming years.

The revival in mid-cap stocks, clearly noticed towards the end of the period under review, is a harbinger of good tidings, especially for fund-raising and M&A activity, as this segment has been our focus since inception. We see enhanced revenue potential in the coming years.

Risk Management has become a major issue for institutions and organizations, as the underlying risks in the economy and sectors within, have risen quite dramatically in the last few years. It is now commonplace to see a vibrant company and one that is on the brink of default, both survive and subsist in the same industry. These are new, uncharted waters which both, lenders and investors, are coming to terms with.

C. Segment-wise or Product-wise Performance

The Company operates only in the advisory business. Its subsidiary has been in the business of brokerage for institutional and high net worth clients, an activity which has now been shut down.

D. Outlook

The company will strive to consummate several deals in the areas of Private Equity and Corporate Finance in the coming months. As the focus of the international investor moves towards the mid-cap segment, our utility as an intermediary is expected to increase.

As banks look to sell down their stressed assets and companies look to restructure their balance sheets, intermediaries, like your company, will play a major role. We believe that the rewards of a successfully handled mandate would be more than commensurate with the efforts required to handle them.

E. Risks & Concerns

As a conscious strategy, the Company had decided to shut down its trading in the secondary markets. The existing portfolio would be exited at various opportune times, by attempting to optimize on the gains in the portfolio. The company would therefore, going forward, focus on a business model that does not put any capital at risk.

The various corporate advisory services will be beefed up, both in terms of people and the quality of services being offered. Given the lay-offs in the industry, the company believes that sourcing good quality talent, at affordable compensation, will be feasible and key to the execution of the plan laid out.

F. Internal Control Systems & Their Adequacy

Your Company's Internal Control System and procedures were consciously reviewed during the year and systems and procedures were corrected wherever found to be inadequate to the Company's size, the nature of its business and the endemic business environment. The internal control systems lay down the policies, authorization and approval procedures. The adequacy of the internal control systems has been reported by the auditors under the Companies (Auditor's Report) Order, 2003.

G. Discussion on Financial Performance

The total revenues of the Company were (Rs. 45.86) lacs for the financial year under review as against previous year Rs. (1,303.32) lacs. The loss after tax was at Rs. 491.53 lacs as against loss after tax of Rs. 5,149.63 lacs. The company and its subsidiary performance has been greatly affected as a result of the actions of the NSE in shutting down the broking business, as also the resultant legal processes that have been taken up since. In future, while the legal process is pursued vigorously, the business and revenues of the company will only stem from the advisory and capital markets intermediation activities.

H. Material Development in Human Resources / Industrial Relations Front, Including Number of People Employed

Our subsidiary, Prime Broking Ltd., has substantially reduced head-count, because of the termination of the Broking business. Further, the Portfolio Management Business of Prime Broking Ltd has been transferred to Religare, resulting in the shifting out of about ten people. The company's advisory business has not seen any major addition of personnel, but will see measured augmentation in the years ahead.

INDEPENDENT AUDITORS' REPORT

To,
The Members of PRIME SECURITIES LIMITED
Report on the Financial Statements

We have audited the accompanying financial statements of **PRIME SECURITIES LIMITED** ("the Company"), which comprises the Balance Sheet as at March 31, 2015, the statement of Profit & Loss and the Cash Flow Statement for the period then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (which are deemed to be applicable as per section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014) and other accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

1. *As referred in Note 23.8 the Company has not provided for interest of Rs. 1,324.15 Lacs on certain secured loans as in the opinion of the management the same is under renegotiations with the lenders. Had the Company made such provision the loss for the period would have been higher by the said amount and the secured loans would have been higher by Rs. 1,704.82 Lacs (including non-provision of interest in earlier year).*
2. *Reference is invited to Note 23.9 according to which the Company has written back an unsecured loan of Rs. 250 Lacs as in the opinion of the management the same was no longer payable. Accordingly, the loss for the period and the unsecured loans are lower by the said amount.*
3. *Reference is invited to Note 23.10 according to which unsecured loan of Rs. 1,400.00 Lacs is categorized as interest-free Short-term Borrowing. We have not been able to validate this assertion in absence of confirmation of balance and terms of repayment/interest. Accordingly, we are unable to ascertain the impact on the financial statements of the categorization of the loan and non-provision of interest thereon.*
4. *Reference is invited to Note 23.11 according to which the management is hopeful of recovery of a capital advance of Rs. 327.50 Lacs in respect of which we are unable to ascertain the impact, if any, that may arise in case if the same, or part thereof, is subsequently determined to be doubtful of recovery.*

Qualified Opinion

In our opinion and to the best of our knowledge and according to the information and explanations given to us, *except for the effects of the matters described in paragraph 1 to 4 of the Basis for Qualified Opinion paragraph*, the said financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2015;
- b) In the case of the Profit and Loss Account, of the loss for the period ended on that date; and,
- c) In the case of the Cash Flow Statement, of the cash flow for the period ended on that date.

Emphasis of Matter:

Our opinion is not modified in respect of the following:

1. The accompanying financial statements are prepared on a going concern basis, notwithstanding the circumstances referred in Note 23.3 which casts significant doubt about Company's ability to meet its financial obligations as and when they fall due. The appropriateness of the said basis is inter alia dependent on the Company's ability to generate cash from disposing-off investments and from new revenue streams to meet its liabilities in normal course of business. Relying on the above, no adjustments have been made to the carrying value of the assets and liabilities in the accompanying financial statements.

PRIME SECURITIES LIMITED

2. As referred to in Note 23.4 the Company's subsidiary Primesec Investments Limited's network has been eroded but having regard to receipt of share application monies from the Company, for which shares are proposed to be allotted, Primesec Investments Limited has prepared its accounts on a going concern basis. Relying on the above, the Company has not considered making any adjustments to its financial exposure in the subsidiary.
3. As referred to in Note 23.7 in absence of receipt of demand for interest, the Company has not provided for interest on bank liability in respect of which a one-time settlement proposal is submitted by the Company and the same is pending with the bank for disposal.
4. As referred to in Note 23.12 there is a diminution of Rs. 939.47 Lacs in value of non-current investments (other than in subsidiary companies). The Company has not provided for such diminution on the basis that the same is temporary in nature.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Companies Act, 1956 we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by section 227(3) of the Companies Act, 1956, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the company so far as appears from our examination of the books;
 - c) The Balance Sheet, Statement of Profit & Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, *except for the effects of matters described in Basis for Qualified Opinion paragraph*, the Balance Sheet, Statement of Profit & Loss and Cash Flow Statement comply with the dealt with by this report, comply with the Accounting Standards notified under the Companies Act, 1956 [which are deemed to be applicable as per section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014].
 - e) On the basis of written representation received from the directors as on March 31, 2015 under section 164(2) of the Companies Act, 2013 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of section 164(2) of the Companies Act, 2013 which corresponds to clause (g) of sub-section (1) of section 274 of the Companies Act, 1956.

The financial statements have been prepared on going concern basis under the historical cost convention on accrual basis. The accounting policies have been consistently applied by the Company unless otherwise stated.

b) **Fixed Assets**

Fixed Assets are stated at historical cost less accumulated depreciation and impairment loss, if any.

c) **Depreciation**

Depreciation on assets is provided on straight-line method on pro-rata basis at the rates and in the manner prescribed in Schedule XIV to the Companies Act, 1956.

PRIME SECURITIES LIMITED

- e) **Revenue Recognition**
Merchant Banking and Advisory Fees are accrued as per the terms of contract except where there is uncertainty as to their realisation.
Interest is accounted on accrual basis.
Dividend is accounted when the right to receive is established.
Gains or losses on sale of Investments are recognised on trade dates by comparing the sales realisation with the weighted average cost of such investment.
- f) **Employee Benefits**
- i) **Defined Contribution Plan**
Contribution to defined contribution plan (being Provident Fund) is charged to the Profit and Loss Account.
- ii) **Defined Benefit Plan**
The present value of the obligation under defined benefit plan (being Gratuity and Leave Encashment) is determined based on actuarial valuation using the projected unit credit method. Actuarial gains and losses arising on such valuation are recognized immediately in the Profit and Loss Account. In case of funded benefit plans the fair value of the plan assets is compared with the gross obligation under the benefit plan to recognize the obligation on net basis.
- iii) **Other Benefits**
Short term and long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method.
- g) **Taxation**
Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.
Deferred tax is recognized, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.
Deferred tax assets are recognised only if there is a reasonable certainty of their realization.
- h) **Earnings Per Share**
In determining basic earnings per share, the Company considers the net profit after tax and includes the post-tax effect of any extra-ordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.
- i) **Impairment of Assets**
The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.
- j) **Operating Leases**
Leases of Assets under which all the risk and benefits of the ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Profit and Loss account.
- k) **Derivative Transactions**
Gains are recognized only on settlement/expiry of derivative instruments.
All open positions are marked to market and unrealized losses are provided for. Unrealized gains, if any, on marked to market are not recognized.
Debit/Credit balance on open interest as on the balance sheet dates are shown as current assets/liabilities, as the case may be.
- l) **Foreign Currency Transactions**
Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction.

Exchange differences, if any arising out of transactions settled during the year are recognized in the profit and loss account.

There are no monetary assets or liabilities outstanding as at the year end.

m) **Provisions and contingencies**

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. A contingent liability is disclosed when the Company has a possible or present obligation where it is not probable that an outflow of resources will be required to settle it. Contingent assets are neither recognized nor disclosed.

23.2 **Contingent Liabilities**

- 23.3 The Company has made significant financial investments which are non-current in nature; while, on the other hand, the Company has substantial dues which are current in nature. In view thereof, the analysis of the Company's assets and liabilities casts significant doubt about the Company's ability to meet its obligations as and when they fall due and therefore its ability to continue as a going concern. Based on evaluation of the current situation and plans formulated to dispose-off investments and to create new revenue streams, the management holds the view that the Company will be able to discharge its liabilities in the normal course of business. Accordingly, the financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities.
- 23.4 One of the Company's subsidiary Primesec Investments Limited ("PIL") has a negative networth of Rs. 7,219.67 Lacs. The Company has advanced Rs. 7,500.00 Lacs to PIL as share application monies which is pending for allotment. PIL's management has undertaken to allot the shares. Pursuant to the proposed allotment of shares PIL's networth will turn positive. In view thereof PIL has prepared its financial statements on the basis that it is a going-concern. Considering that the Company's investment in PIL is of strategic and long term in nature and having regard to proposed capitalization, no provision is presently considered necessary by the management for diminution in the value of the Company's financial exposure in PIL.
- 23.5 The Company had given corporate guarantee to Bank of India for overdraft facility enjoyed by one of its subsidiary viz. Prime Broking Company (India) Limited. The corporate guarantee was invoked by the bank claiming a sum of Rs. 878.50 lacs. Being a guarantor, the Company has assumed the liability from its subsidiary company and passed necessary entries in the books of account. The bank filed a case for recovery in the Debt Recovery Tribunal (DRT) against the subsidiary and the Company. Later, the bank under a 'one-time settlement' crystallized the loan at Rs. 900.00 lacs and has waived past and future interest, provided the Company adheres to the repayment schedule and in case of any default, the Company would be liable to pay interest and the bank would pursue the matter in DRT. The Company has given effect to the one-time settlement in the books of account by re-stating the liability as accepted under the scheme and until the end of the financial year, the Company has made payments as per the repayment schedule.
- 23.6 The Company's subsidiary had pledged 108,704 equity shares of Dr. Datson's Lab Limited belonging to a third party as a security to avail credit facility from Bank of India. The said security continues even after the loan is assumed by the Company. The Company is in the process of obtaining confirmation of the said party.
- 23.7 The Company had given a corporate guarantee to ICICI Bank for financial facilities enjoyed by one of its subsidiary viz. Prime Broking Company (India) Limited. The guarantee was invoked by the bank claiming a sum of Rs. 1,168.74 lacs. Being a guarantor, the Company has assumed the liability from its subsidiary company and passed necessary entries in the books of account. The Company has submitted a proposal to the bank for a 'one-time settlement' for repayment of principal over a period of 4 years and waiver of past and future interest. Pending acceptance of the proposal by the bank, the Company has not accounted for interest on the amount outstanding. The amount of interest is unascertained in view of no communication received from the bank.
- 23.8 The Company has not accounted for interest expense of Rs. 1,324.15 lacs (Rs. 380.67 lacs) on secured loans

PRIME SECURITIES LIMITED

(from other than banks) since in the opinion of the management the same would not be payable pursuant to a proposed restructuring/settlement of the loan. The aggregate interest (including interest for earlier periods) not provided as on March 31, 2015 is Rs. 1,704.82 lacs (Rs. 380.67 lacs).

- 23.9 The Company has written back an unsecured loan of Rs. 250.00 lacs as in the opinion of the management the same was no longer payable. However, the Company is in the process of executing necessary documentation in respect of the same.
- 23.10 The Company has not obtained documentations like confirmation of balance and terms of interest / repayment in respect of an unsecured loan of Rs. 1,400 lacs (refer Note 5). The Company has not accounted for interest on the said loan on the basis that it is interest-free. Further it has been categorized as short-term borrowings on the basis of the management's representation in that regard.
- 23.11 The Company had advanced Rs. 327.50 Lacs to a party and secured a right to acquire an office premises in Mumbai within a specified period. The Company could not complete the acquisition within the specified period and the right has lapsed. - 23.12 There has been a decline of Rs. 939.47 Lacs as on March 31, 2015 in the carrying value of Non-current Investments. No provision for diminution in the value of such investments has been considered necessary since, in the opinion of the management, such diminution is only temporary in nature.
- 23.13 One of the Company's subsidiary had given 401,674 shares of Roop Automotive Limited as a security for a loan taken by the Company. During the period, the Company has purchased the said shares from its subsidiary company. As the shares are under pledge with the lender, they have not yet been transferred in the Company's name.
- 23.14 The Company's main business is to provide corporate advisory services. All other activities are incidental to the main business. As such, there are no separate reportable segments, as per Accounting Standard on 'Segment Reporting' (AS 17) issued by the Institute of Chartered Accountants of India.

PRIME SECURITIES LIMITED

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To,
The Board of Directors of PRIME SECURITIES LIMITED
Report on the Financial Statements

We have audited the accompanying consolidated financial statements of PRIME SECURITIES LIMITED ("the Company"), and its subsidiary companies (collectively referred as 'the Group') which comprise the Consolidated Balance Sheet as at March 31, 2015 and the statement of Consolidated Profit & Loss and the Consolidated Cash Flow statement for the period then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Group's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (which are deemed to be applicable as per section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014) and other accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

1. As referred in Note 22.10 the Group has not provided for interest of Rs. 1,969.11 Lacs on certain secured loans as in the opinion of the management the same is under renegotiations with the lenders. Had the Group made such provision the loss for the period would have been higher by the said amount and the secured loans would have been higher by Rs. 2,612.48 Lacs (including non-provision of interest in earlier period).
2. Reference is invited to Note 22.11 according to which the Group has written back an unsecured loan of Rs. 250 Lacs as in the opinion of the management the same was no longer payable. Accordingly, the loss for the period and the unsecured loans are lower by the said amount.
3. Reference is invited to Note 22.12 according to which unsecured loan of Rs. 1,400.00 Lacs is categorized as interest-free Short-term Borrowing. We have not been able to validate this assertion in absence of confirmation of balance and terms of repayment/interest. Accordingly, we are unable to ascertain the impact on the financial statements of the categorization of the loan and non-provision of interest thereon.
4. Reference is invited to Note 22.13 according to which the management is hopeful of recovery of a capital advance of Rs. 327.50 Lacs in respect of which we are unable to ascertain the impact, if any, that may arise in case if the same, or part thereof, is subsequently determined to be doubtful of recovery.
5. Reference is invited to Note 22.15 regarding outstanding debtors amounting to Rs. 12,354.08 Lacs which are due and outstanding over a year. We are informed that the management is in the process of continuously following it up with the respective parties. Pending recovery we are unable to ascertain the impact, if any, that may arise, if the same or part thereof is subsequently determined to be doubtful of recovery.

Qualified Opinion

In our opinion and to the best of our knowledge and according to the information and explanations given to us, *except for the effects of the matters described in paragraph 1 to 5 of Basis for Qualified Opinion*, the said consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at March 31, 2015;
- b) In the case of the Consolidated Statement of Profit and Loss, of the loss of the Group for the period ended on that date; and
- c) In the case of the Consolidated Cash Flow Statement, of the cash flow of the Group for the period ended on that date.

Emphasis of Matter:

Our opinion is not modified in respect of the following:

1. The accompanying financial statements are prepared on a going concern basis, notwithstanding the circumstances referred in Note 22.3 which casts significant doubt about Company's ability to meet its financial obligations as and when they fall due. The appropriateness of the said basis is inter alia dependent on the Company's ability to generate cash from disposing-off investments and from new revenue streams to meet its liabilities in normal course of business. Relying on the above, no adjustments have been made to the carrying value of the assets and liabilities in the accompanying financial statements.
2. As referred to in Note 22.9 in absence of receipt of demand for interest, the Group has not provided for interest on bank liability in respect of which a one-time settlement proposal is submitted by the Company and the same is pending with the bank for disposal.
3. As referred to in Note 22.14 there is a diminution of Rs. 1,399.50 Lacs in the value of non-current investments. The diminution is not provided on the basis that the same is temporary in nature.

Other Matters

1. We did not audit the financial statements of the subsidiaries, whose audited financial statements reflect total assets of Rs. 18,894.34 Lacs as at March 31, 2015 and total revenue of Rs. 374.38 Lacs and net cash flows amounting to Rs. (104.22) Lacs for the period then ended. These audited financial statements and other financial information for these subsidiaries has been audited by other auditors whose reports have been furnished to us, and our opinion on the accompanying consolidated financial statements is based solely on the reports of the other auditors.
2. We did not audit the financial statements of an associate, whose unaudited financial statements reflect the Group's share of loss of Rs. Nil Lacs for the period ended March 31, 2015. These financial statements and other financial information for the associate have been prepared by the management and our opinion on the accompanying consolidated financial statements is based solely on such management certified financial statements/information.

- 22.3 The Group has a negative net worth which casts significant doubt about the ability of the Group (and each of its constituent) to meet its obligations as and when they fall due and therefore its ability to continue as a going concern. Based on evaluation of the current situation and plans formulated to dispose-off investments and to create new revenue streams, the management holds the view that the Group (and each of its constituents) will be able to discharge its liabilities in the normal course of business. Accordingly, the financial statements have been prepared on the basis that the Group is a going concern and that no adjustments are required to the carrying value of assets and liabilities.
- 22.4 During the period, the Group did not carry out the broking activity due to the ongoing dispute with the National Stock Exchange of India Limited (NSE) / National Securities Clearing Corporation Limited (NSCCL). In the earlier year, the Group (through one of its constituent) had entered into certain transactions in the Futures & Options segments of the NSE, on behalf of its clients, against which various collaterals were provided to the exchange towards margin for these transactions. The value of the collateral given was well in excess of the contract value in the F & O segment. However, the constituent company of the Group was declared a defaulter by NSE/NSCCL and also was expelled as a Member of NSE, which has been challenged by it in the Securities Appellate Tribunal ("SAT") and further, the constituent company of the Group has also filed a suit for damages against NSE/NSCCL in the Hon'ble High Court. The value of these claims far exceeds the contract values. Bombay Stock Exchange Limited ("BSE") has also triggered the cross default clause and declared the constituent company of the Group a defaulter, which has also been challenged by it in SAT. NSCCL has subsequently initiated the winding-up proceeding in the Hon'ble High Court and the constituent company of the Group has been instructed to maintain status quo, which has been contested by it. All the matters are pending for hearing. In view of the above and pending outcome of the SAT/Hon'ble High Court hearings, the constituent company of the Group has not made any adjustments in the security deposits given to NSE/NSCCL.
- 22.5 During the period, the Group sold its Wealth Management business along with its assets for a net consideration of Rs. 591.92 lacs.
- 22.6 The Group has an investment of Rs. 36.12 Lacs in equity shares of Primary Cuisine Private Limited ('PCPL'), an associate company, and has also given an unsecured loan of Rs. 113.84 Lacs. The audited financial statements of PCPL for the year ended 31st March 2015 are not available. Based on the latest available unaudited financial statements i.e. for the year ended 31st March 2013, PCPL has a negative net worth of Rs. 110.65 Lacs. However, having regard to the expected capital infusion and improved business conditions, the financial statements of PCPL have been prepared on the basis that it is a going-concern and that no adjustments are required to the carrying value of assets and liabilities. Considering that its investment in PCPL is of strategic and long term nature no provision is considered necessary by the management for diminution in the value of the Group's financial exposure in PCPL.
- 22.7 In the earlier year, the Group (through one of its constituent) had entered into loan agreements with two parties for funding the purchase of shares by them. As agreed with the said parties and pursuant to the explicit authority in terms of the loan agreement, the shares so purchased on behalf of the said parties were given for further pledging with the stock exchange as collateral in the derivatives segment. The funding for the shares so purchased was raised by way of selling long dated call and put options. In view of the various breaches and defaults committed by the said parties in fulfilling the terms and conditions of the loan agreement, the said constituent company of the Group had terminated the loan agreement and it is in the process of taking appropriate legal proceedings against the said parties for recovery of dues.
- 22.8 One of Group's lending bank under a 'one-time settlement' has crystallized its loan at Rs. 900.00 lacs and has waived past and future interest, provided the specified repayment schedule is adhered to and in case of any default, the Group would be liable to pay interest and the

bank would pursue the matter in DRT. The Group has given effect to the one-time settlement in the books of account by re-stating the liability as accepted under the scheme and until the end of the financial year, it has made payments as per the repayment schedule.

- 22.9 The Group has submitted a proposal to one of its lending bank for a 'one-time settlement' for repayment of principal (Rs. 1168.74 lacs) over a period of 4 years and waiver of past and future interest. Pending acceptance of the proposal by the bank, the Company has not accounted for interest on the amount outstanding. The amount of interest is unascertained in view of no communication received from the bank.
- 22.10 The Group has not accounted for interest expense of Rs. 1,969.11 (Rs. 643.36 Lacs) on secured loans (from other than banks), since in the opinion of the management the same would not be payable pursuant to a proposed restructuring/settlement of the loan. The aggregate interest (including interest for earlier periods) not provided as on March 31, 2015 is Rs. 2,612.48 lacs (Rs. 643.36 lacs).
- 22.11 The Group has written back an unsecured loan of Rs. 250.00 lacs as in the opinion of the management the same was no longer payable. However, it is in the process of executing necessary documentation in respect of the same.
- 22.12 The Group has not obtained documentations like confirmation of balance and terms of interest / repayment in respect of an unsecured loan of Rs. 1,400 lacs (refer Note 5). The Company has not accounted for interest on the said loan on the basis that it is interest-free. Further it has been categorized as short-term borrowings on the basis of the management's representation in that regard.
- 22.13 The Group had advanced Rs. 327.50 Lacs to a party and secured a right to acquire an office premises in Mumbai within a specified period. It could not complete the acquisition within the specified period and the right has lapsed. The management is in discussion with the party for refund of the said advance and is hopeful of recovery and accordingly, no provision is considered necessary.
- 22.14 There has been a decline of Rs. 1,399.50 Lacs as on March 31, 2015 in the carrying value of Non-current Investments. No provision for diminution in the value of such investments has been considered necessary since, in the opinion of the management, such diminution is only temporary in nature considering depressed market conditions prevailing at the year-end.
- 22.15 Out of the total debtors due and outstanding, debts amounting to Rs. 12,354.08 Lacs (Previous Year Rs. 588.40 Lacs) pertain to parties which are due and outstanding for over a year. Despite the Group's several initiatives to recover the debts the process of recovery is slow, the management is certain about its recovery and therefore have considered the same as good and recoverable.
- 22.16 In the opinion of the management, sundry debtors and loans and advances being subject to confirmation, have a value at least equal to the amount shown in the balance sheet and the provisions made thereof are sufficient and adequate.
- 22.17 In the earlier years, One of the constituent company of the Group had advanced a deposit to secure an option, exercisable within a specified period, to acquire development rights in respect of an immovable property in Mumbai and subsequently, the said constituent company of the Group had rescinded its right to exercise the option and had renegotiated with the concerned parties for recovery of the deposit. During the year, it has written-off the said deposit of Rs. 607.48, as the same is no longer recoverable.
