BUSINESS REVIEW & PROSPECTS

The period under review has been an exciting one. A key development was on oil prices, which saw a steep fall helping to ease inflationary pressures and the fiscal deficit and gave room for the RBI to reduce rates, a very welcome if much delayed step. The RBI and the Government drove banks to deal with the problem of NPAs, which helped create a number of new business opportunities for your company. Global economic activity remains subdued, but fortunately, given excellent economic performance here, global investor interest in Indian Capital Markets remains buoyant.

We have had unprecedented drought conditions in this past year and that has been a drag on the economy. Despite these headwinds, growth remains robust, driven by an increased focus on infrastructure and a determined push by the Government to remove hurdles. Power and road sectors have seen robust activity and that has slowly percolated down into the rest of the economy. We saw the end of Quantitative Easing by the Federal Reserve but the ECB and the Bank of Japan have picked up some of the slack. Unfortunately, global growth remains tepid. We see this as a silver lining with commodity prices remaining subdued and underpinning domestic economic growth.

Your Company was able to take advantage of the economic conditions and was mandated by a number of leading corporates to assist them in restructuring of debt and equity. There has been some turnaround in corporate plans and as a consequence, your company sees significant rise in deal flow in the recent quarters with a number of transactions closing in the period under review. We expect to see robust deal flow in the months ahead.

The business of Prime Broking Company (India) Limited remains suspended, as a consequence of the actions by the stock exchanges. Prime Broking Company (India) Limited has appealed against the order of Hon'ble Securities Appellate Tribunal in the Hon'ble Supreme Court, which has been admitted by the Hon'ble Supreme Court and is pending hearing.

Prime Broking Company (India) Limited ("PBCIL"), a wholly owned subsidiary of your Company, was, as we have communicated in the past, at the receiving end of a series of moves by the National Stock Exchange of India Limited ("NSE") in the previous year, where changes in collateral rules were implemented on an arbitrary, retrospective basis by the NSE (to begin with) and subsequently, the unwillingness to sell collateral held by them resulted in a sharp decline in the value of the collateral pledged by PBCIL (on behalf of its clients) to the NSE – the latter declared PBCIL a defaulter and expelled PBCIL as a member of the exchange, an action followed by the Bombay Stock Exchange Limited ("BSE") in terms of the cross default clause of SEBI.

The above actions of the exchanges had been challenged by PBCIL in the Securities Appellate Tribunal ("SAT"), which was dismissed by SAT in the month of June/July 2015. PBCIL has preferred an appeal in the Hon'ble Supreme Court against the order of SAT dismissing the appeals, which has been admitted by the Hon'ble Supreme Court and is pending hearing. As a consequence of this unwarranted action by the NSE, PBCIL has also filed a suit for damages in the Hon'ble High Court, which is pending hearing.

MANAGEMENT DISCUSSION & ANALYSIS

A. Industry Structure & Developments

The period under review (April 2015 to March 2016) has been a turbulent, but eventful period, with the government and the RBI pushing ahead with intensity to clean up banks and attract investors back to the Capital Markets. Fortunately, the economy got a boost and sustained tail-winds from lower prices of petroleum products. This helped keep the current account deficit within manageable limits. With the government keeping its promise on limiting the fiscal deficit, inflation moderated and allowed the RBI to reduce interest rates. This has helped growth rates recover and there is increasing evidence of Government policy gaining traction.

Global monetary policy, especially of the US Fed, the European Central Bank (ECB) and the Bank of Japan (BOJ) have been under intense scrutiny. While the Fed tapered its QE program, the ECB instituted a similar program as has the BOJ. These actions taken together have stabilized money flows and while there have been brief hiccups, capital flows into India have continued unabated. A significant feature has been the shift in composition of flows with FDI investments increasing substantially. Developed economies remain under stress. With sharpened focus on infrastructure and stabilizing prices of commodities, health of industrial India is steadily improving.

Domestically, as an increasing number of investment banks and brokerages shut shop, the opportunity space for the corporate finance business has been growing. While the bullion and commodity markets have seen some rebound, the Real Estate markets remain under considerable stress, with continuing sluggishness in volumes and prices. The rotation of retail interest into equity markets continues and has underpinned the revival of our deal flow. The stress in the banking system continues to be at elevated levels as does its negative impact on the economy. There is a renewed focus not just by the banks but the Government, RBI as well, on finding a resolution to the NPA problem. Recalcitrant borrowers find themselves under extreme pressure to repay outstanding loans. The Government in the recent budget for FY 2017, has made provisions for recapitalizing banks and this coupled with other measures should help the banking sector return to its role of funding growth.

Tremendous progress has been made by the government on unlocking stuck, incomplete Infrastructure projects. Recent data points to robust growth in Infrastructure investments. The power sector has made rapid strides with power generation shortfalls having been reduced dramatically. All of this points to a robust level of industrial growth in the coming year.

We had forecast an increasing level of activity in the restructuring of corporate balance sheets. We have been able to participate in a number of these situations and this forms a good portion of our deal flow. Mid-cap names, our forte, continue to attract investment appetite.

B. Opportunities & Threats

We continue to add new mandates and see opportunities in advising firms with stressed assets. We have been seeing increasing activity in the debt markets and several opportunities for innovative solutions. In the context of a robust equity market, the corporate advisory services segment will see an increased deal flow, adding to the robust pipeline in place. New services, like advising on the handling of stressed assets, debt raising and restructuring, sell down of distressed portfolios, should continue to see growth in the coming years.

The revival in select, high quality mid-cap names will be a source of increasing deal flow, for fund-raising and M&A activity, as this segment has been our focus since inception.

Risk Management has become a major issue for institutions and organizations, as the underlying risks in the economy and sectors within, have risen quite dramatically in the last few years. It is now commonplace to see a vibrant company and one that is on the brink of default, both survive and subsist in the same industry. These are new, uncharted waters which both, lenders and investors, are coming to terms with.

C. Segment-wise or Product-wise Performance

The Company operates only in the advisory business. Its subsidiary has been in the business of brokerage for institutional and high net worth clients, an activity which has now been shut down.

D. Outlook

The company has concluded a number of transactions in corporate advisory, restructuring, as well as in the areas of Private Equity and Corporate Finance, and we look forward to taking on a number of transactions in the pipeline to completion. As select mid-caps continue to perform well and the focus of the international investor moves towards this segment, our deal flow should increase.

As banks look to improve recoveries on their NPAs and sell down their stressed assets and companies look to restructure their balance sheets, investment advisors, like ourselves, will play a major role. We believe that the rewards of a successfully handled mandate would be more than commensurate with the efforts required to handle them.

E. Risks & Concerns

As we had shared with you, the Company had decided to shut down its trading in the secondary markets. The existing portfolio would be exited at various opportune times, by attempting to optimize on the gains in the portfolio. The company will therefore, going forward, only focus on a business model that does not put any capital at risk.

Our new mantra is “Return on Time, Effort, Intellectual Property and Network”, with Capital being the aspirational output.

The various corporate advisory services will be beefed up, both in terms of people and the quality of services being offered. Given the lay-offs in the industry, the company believes that sourcing good quality talent, at affordable compensation, will be feasible and key to the execution of the plan laid out.

F. Internal Control Systems & Their Adequacy

Your Company’s Internal Control System and procedures were consciously reviewed during the year and systems and procedures were corrected wherever found to be inadequate to the Company’s size, the nature of its business and the endemic business environment. The internal control systems lay down the policies, authorization and approval procedures.

The adequacy of the internal control systems has been reported by the auditors under the Companies (Auditor’s Report) Order, 2003.

G. Discussion on Financial Performance

The total revenues of the Company were Rs. 1,983.97 lacs for the financial year under review as against previous year Rs. (295.86) lacs. The profit / (loss) after tax was at Rs. 1,404.20 lacs as against profit / (loss) after tax of Rs. (491.53) lacs.

The company has been able to restructure its debt substantially and has reached very advantageous settlements with its creditors. We have been able to reduce debt to very manageable levels and remain on track to be debt free in the next 12-18 months.

The company and its subsidiary performance has been greatly affected as a result of the actions of the NSE in shutting down the broking business, as also the resultant legal processes that have been taken up since. Prime Broking has appealed the decision of the Honorable SAT to dismiss our appeal against the actions of the NSE in the Supreme Court, which has admitted our appeal. In future, while the legal process is pursued vigorously, the business and revenues of the company will only stem from the advisory and capital markets intermediation activities.

H. Material Development in Human Resources / Industrial Relations Front, Including Number of People Employed

We continue to grow our pipeline of transactions in the corporate advisory business and will add people as needed. Fortunately, with several firms closing shop, there is talent in the market available to be hired as the business volumes grow.

INDEPENDENT AUDITORS' REPORT

To,
The Members of PRIME SECURITIES LIMITED
Report on the Financial Statements

We have audited the accompanying financial statements of **PRIME SECURITIES LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2016 the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Basis for Qualified Opinion

1. As referred in Note 23.10(a), the Company has written-back a loan of Rs. 875.00 Lacs as in the opinion of the management the same was no longer payable. Accordingly, the profit for the year is higher by the said amount and the unsecured loans are lower by the said amount.
2. Reference is invited to Note 23.10(b) according to which unsecured loan of Rs. 525.00 Lacs is categorized as interest-free Short-term Borrowing. We have not been able to validate this assertion in absence of confirmation of balance and terms of repayment/interest. Accordingly, we are unable to ascertain the impact on the financial statements of the categorization of the loan and non-provision of interest thereon.
3. As referred in Note 23.7 the Company has not provided for interest of Rs. 1,016.10 Lacs on certain secured loans as in the opinion of the management the same is under renegotiations with the lenders. Had the Company made such provision the loss for the period would have been higher by the said amount and the secured loans would have been higher by Rs. 2,720.92 Lacs (including non-provision of interest in earlier year).

Qualified Opinion

In our opinion and to the best of our knowledge and according to the information and explanations given to us, *except for the effects of the matters described in point nos. 1 to 3 of the Basis for Qualified Opinion paragraph*, the said financial statements give the information required

by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2016 and its profit and its cash flows for the year ended on that date.

Emphasis of Matter:

Our opinion is not modified in respect of the following:

1. The accompanying financial statements are prepared on a going concern basis, notwithstanding the circumstances referred in Note 23.3 which cast doubts about Company's ability to meet its financial obligations as and when they fall due. The appropriateness of the said basis is interalia dependent on the Company's ability to generate cash from revenue streams and disposing-off investments to meet its liabilities in normal course of business. Relying on the above, no adjustments have been made to the carrying value of the assets and liabilities in the accompanying financial statements.
2. As referred to in Note 23.4 the Company's subsidiary Primesec Investments Limited's networth has been eroded but having regard to the circumstances specified in the said Note, Primesec Investments Limited has prepared its accounts on a going concern basis. Relying on the above, the Company has not considered making any adjustments to its financial exposure in the subsidiary.
3. As referred to in Note 23.8 the financial outcome of a complaint filed by a lender is not ascertainable.
4. As referred to in Note 23.9 the loan of Rs. 2,318.39 Lacs is assigned to a subsidiary company subject to consent of the lender.
5. As referred to in Note 23.12 there is a diminution of Rs. 1,194.64 Lacs in value of non-current investments (other than in subsidiary companies). The Company has not provided for such diminution on the basis that the same is temporary in nature.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, *except for the effects of the matters described in point nos. 1 to 3 of the Basis for Qualified Opinion paragraph*, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note No. 23.2 to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

ANNEXURE - B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **PRIME SECURITIES LIMITED** ("the Company") as of 31st March, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; and
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

23. NOTES FORMING PARTS OF ACCOUNTS FOR THE PERIOD ENDED MARCH 31, 2016

23.1 Significant Accounting Policies

a) Basis of Presentation of Financial Statements

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under section 133 of the Companies Act 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing counting standard requires a change in the accounting policy hitherto in use.

b) Fixed Assets

Fixed Assets are stated at historical cost less accumulated depreciation and impairment loss, if any.

c) Depreciation

Depreciation on tangible assets is provided on straight-line method over the useful life of the assets as prescribed in Schedule II to the Companies Act 2013. Depreciation on Intangible assets are amortised over their respective individual estimated useful lives on straight-line basis, commencing from the date the asset is available to the Company for its use.

d) **Investments**

Investments intended, at the time of acquisition, to be held for a period exceeding twelve months are classified as “Non-Current Investments”. All other Investments are classified as “Current Investments”.

Investments are accounted on trade date at cost of acquisition which includes brokerage and other charges.

Current Investments are valued at cost or market value, whichever is lower, whereby the cost of each script is compared with its market value and the resultant shortfall, if any, is charged to revenue.

Non-Current Investments are stated at cost less provision, if any, for diminution which is considered other than temporary in nature.

e) **Revenue Recognition**

Merchant Banking and Advisory Fees are accrued as per the terms of contract except where there is uncertainty as to their realisation.

Interest is accounted on accrual basis.

Dividend is accounted when the right to receive is established.

Gains or losses on sale of Investments are recognised on trade dates by comparing the sales realisation with the weighted average cost of such investment.

f) **Employee Benefits**

i) **Defined Contribution Plan**

Contribution to defined contribution plan (being Provident Fund) is charged to the Profit and Loss Account.

ii) **Defined Benefit Plan**

The present value of the obligation under defined benefit plan (being Gratuity and Leave Encashment) is determined based on actuarial valuation using the projected unit credit method. Actuarial gains and losses arising on such valuation are recognized immediately in the Profit and Loss Account. In case of funded benefit plans the fair value of the plan assets is compared with the gross obligation under the benefit plan to recognize the obligation on net basis.

iii) **Other Benefits**

Short term and long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method.

g) **Taxation**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is recognized, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax assets are recognised only if there is a reasonable certainty of their realization.

h) **Earnings Per Share**

In determining basic earnings per share, the Company considers the net profit after tax and includes the post-tax effect of any extra-ordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

i) **Impairment of Assets**

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Profit and Loss Account in the year

in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

j) Operating Leases

Leases of Assets under which all the risk and benefits of the ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Profit and Loss account.

k) Derivative Transactions

Gains are recognized only on settlement/expiry of derivative instruments.

All open positions are marked to market and unrealized losses are provided for. Unrealized gains, if any, on marked to market are not recognized.

Debit/Credit balance on open interest as on the balance sheet dates are shown as current assets/liabilities, as the case may be.

l) Foreign Currency Transactions

Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any arising out of transactions settled during the year are recognized in the profit and loss account.

There are no monetary assets or liabilities outstanding as at the year end.

m) Provisions and contingencies

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. A contingent liability is disclosed when the Company has a possible or present obligation where it is not probable that an outflow of resources will be required to settle it. Contingent assets are neither recognized nor disclosed.

23.2 Contingent Liabilities

(Rs. in Lacs)

Particulars	Year ended March 31, 2016	Period ended March 31, 2015
Demands raised by Income Tax departments against which the Company has preferred appeals	13.18	13.18
Corporate guarantee given for financial facilities for a subsidiary (Amount outstanding at the close of the year)	15.00	81.77
Claim made against the Company not acknowledged as debt (Interest liability on the same cannot be ascertained)	2,593.34	1,704.82

23.3 The analysis of the Company's assets and liabilities casts doubt about the Company's ability to meet its obligations as and when they fall due and therefore its ability to continue as a going concern. Based on evaluation of the current situation backed by established revenue streams and advanced negotiations plans formulated to dispose-off investments, the management holds the view that the Company will be able to discharge its liabilities in the normal course of business. Accordingly, the financial statements have been prepared on the basis that the Company is a going concern and that no adjustments are required to the carrying value of assets and liabilities.

23.4 The Company has a financial exposure of Rs. 6,519.20 lacs in its wholly-owned subsidiary viz. Primesec Investments Limited ('PIL') - investment in equity shares of Rs. 798.00 lacs and loans & advances of Rs. 5,721.20 lacs. PIL has a negative net worth of Rs. 7,240.12 lacs. However, having regard to efforts undertaken by the Board of PIL, among other things to negotiate re-statement of loans and realize value of its investments, the financial statements of PIL have been prepared on the basis that it is a going-concern and that no adjustments are required to the carrying value of assets and liabilities. Considering that the Company's investment in PIL is of strategic and long term nature and having regard to the efforts undertaken by the Board of PIL, no provision is considered necessary by the management for diminution in the value of the Company's financial exposure in PIL.

23.5 Under a one-time settlement scheme, a bank has re-stated the loan amount and waived past and future interest provided the Company adheres to the repayment schedule. In case of any default, the Company would be liable to pay interest and the bank would pursue the matter in DRT. The Company has given effect to the one-time settlement in the books of account by re-stating the liability as accepted under the scheme and, until the end of the financial year, has adhered to the terms and conditions of the scheme.

- 23.6 The Company had given a corporate guarantee to a bank for financial facilities enjoyed by one of its subsidiary. The said guarantee was invoked by the bank claiming a sum of Rs. 1,168.74 lacs. Being a guarantor, the Company has assumed the liability from its subsidiary company and passed necessary entries in the books of account. During the year, the bank, under the one-time settlement scheme, re-stated the loan at Rs. 600.00 lacs and waived past and future interest provided the Company adheres to the repayment schedule. In case of any default, the Company would be liable to pay original loan amount with interest. The Company has given effect to the one-time settlement in the books of account by re-stating the liability as accepted under the scheme and until the end of the financial year has adhered to the terms and conditions of the scheme.
- 23.7 The Company has not accounted for interest expense of Rs. 1,016.10 lacs (Rs. 1,324.15 lacs) on secured loans (from other than banks) since in the opinion of the management the same would not be payable pursuant to a proposed restructuring/settlement of loans. The aggregate interest (including interest for earlier periods) not provided as on March 31, 2016 is Rs. 2,720.92 lacs (Rs. 1,704.82 lacs).
- 23.8 The Company has received a summons from Metropolitan Magistrate in pursuance to a criminal complaint filed by a lender against the Company and one of its directors in view of dishonor of a cheque issued by the Company. The matter is sub-judice and in the meantime, the Company's management is in negotiations with the lender to amicably settle the matter.
- 23.9 The Company has on 31st March 2016 assigned a liability of Rs. 2,318.39 lacs to its wholly owned subsidiary by adjusting the advance given to the said subsidiary subject to the lender's consent for such assignment.
- 23.10 (a) The Company had taken a loan of Rs. 1,400.00 lacs from a party. Based on the negotiations with the party, the Company's management is of the opinion that the loan will be re-stated at Rs. 525.00 lacs and accordingly, during the year, the Company has written-back Rs. 875.00 lacs by crediting the statement of profit & loss. However, confirmation of re-statement of loan is awaited from the party. The profit for the year would have been lower by Rs. 875.00 lacs had the Company not accounted the write-back of loan in absence of confirmation of the party for re-statement of loan.
- (b) The Company has not obtained documentations relating to interest and terms of repayment of the balance outstanding loan of Rs. 525.00 lacs. The Company has not accounted for interest on the said loan on the basis that it is interest-free. Further it has been categorized as short-term borrowings on the basis of the management's representation in that regard.
- 23.11 In the earlier years, the Company had made provision of doubtful debts and loans & advances of Rs. 1,047.24 lacs. As in opinion of the management, the debt and advances were not recoverable, the Company has, during the year, written-off Rs. 1,047.24 lacs by debiting the statement of profit & loss and simultaneously reversed the provision for doubtful debts and advances by crediting the statement of profit & loss. The treatment in accounts has no impact on the profit for the year.
- 23.12 There has been a decline of Rs. 1,194.64 Lacs as on March 31, 2016 in the carrying value of Non-current Investments. No provision for diminution in the value of such investments has been considered necessary since, in the opinion of the management, such diminution is only temporary in nature.
- 23.13 One of the Company's subsidiary had given shares as a security for a loan taken by the Company. Later, the Company purchased the said shares from its subsidiary company. As the shares are under pledge with the lender, they have not yet been transferred in the Company's name.
- 23.14 The Company's main business is to provide corporate advisory services. All other activities are incidental to the main business. As such, there are no separate reportable segments, as per Accounting Standard on 'Segment Reporting' (AS 17) issued by the Institute of Chartered Accountants of India.

23.15 Retirement Benefits

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

The Members of PRIME SECURITIES LIMITED

Report on Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Prime Securities Limited ("the Holding Company") and its subsidiaries and associate (collectively referred to as "the Company" or "the Group"), comprising of the consolidated balance sheet as at 31 March 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Basis for Qualified Opinion

1. As referred in Note 22.7 the Group has not provided for interest of Rs. 1,583.73 Lacs charged by lenders and other parties as in the opinion of the management the same is under renegotiations with the parties. Had the Group made such provision the profit for the period would have been lower by the said amount and the loans would have been higher by Rs. 4,078.17 Lacs (including non-provision of interest in earlier period).
2. Reference is invited to Note 22.9(a) regarding loan of Rs. 875 Lacs which the Group has written back as in the opinion of the management the same was no longer payable. Accordingly, the profit for the period is higher, and the unsecured loans are lower, by the said amount.
3. Reference is invited to Note 22.9(b) regarding unsecured loan of Rs. 525 Lacs which is categorized as interest-free Short-term Borrowing. We have not been able to validate this assertion in absence of confirmation of balance and terms of repayment/interest. Accordingly, we are unable to ascertain the impact on the financial statements of the categorization of the loan and non-provision of interest thereon.
4. Reference is invited to Note 22.12 regarding outstanding debtors amounting to Rs. 12,306.03 Lacs which are due and outstanding over a year and in the opinion of the management, no provision for the same is considered necessary as the same are outstanding on account of dispute and ongoing litigation with the stock exchange.

Basis for Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in point nos. 1 to 4 of the Basis for Qualified Opinion paragraph* the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company, as at 31 March 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matter:

Our opinion is not modified in respect of the following:

1. The accompanying financial statements are prepared on a going concern basis, notwithstanding the circumstances referred in Note 22.3 which cast doubts about the Group's ability to meet its financial obligations as and when they fall due. The appropriateness of the said position is based on the management's evaluation of current situation backed by established revenue streams and plans formulated to dispose-off investments to meet its liabilities in normal course of business. Relying on the above, no adjustments have been made to the carrying value of the assets and liabilities in the accompanying financial statements.
2. As referred to in Note 22.11 there is a diminution of Rs. 1,748.41 Lacs in value of non-current investments (other than in subsidiary companies). The Company has not provided for such diminution on the basis that the same is temporary in nature.

Report on Other Legal and Regulatory Requirements

1. As required by section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
 - (c) The consolidated balance sheet, the consolidated statement of profit and loss, and the consolidated cash flow statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, *except for the effects of the matters described in point nos. 1 to 4 of the Basis for Qualified Opinion paragraph*, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2016 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its subsidiary companies incorporated in India, none of the Directors of the Group companies incorporated in India is disqualified as on 31 March 2016 from being appointed as a Director of that company in terms of section 164(2) of the Act.

ANNEXURE - A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2016, we have audited the internal financial controls over financial reporting of Prime Securities Limited ("the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

In view of the restraining orders, the society has kept in abeyance the admission of membership of the Company. In the earlier year, pursuant to the order of the Hon'ble High Court, the possession of the flat was handed over to the Official Assignee. An appeal was filed by the Company against the said order whereby the said order was set aside. Pursuant to the fresh chamber summons filed by the Company for removing attachment, the Official Assignee has been directed not to sell or dispose-off the flat. The Company has been legally advised that the said developments will not have a bearing on the Company's title to the flat and consequently there is no impairment in the value of the asset and the Company is not likely to have any further claim or liability against the said flat.

The present value of the obligation under defined benefit plan (being Gratuity and Leave Encashment) is determined based on actuarial valuation using the projected unit credit method. Actuarial gains and losses arising on such valuation are recognized immediately in the Profit and Loss Account. In case of funded benefit plans the fair value of the plan assets is compared with the gross obligation under the benefit plan to recognize the obligation on net basis.

- Other Benefits:

Short term and long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method.

vi) Taxation

- Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

- Deferred tax is recognized, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

- Deferred tax assets are recognised only if there is a reasonable certainty of their realization.

vii) Foreign Currency Transactions

- Foreign currency transactions are recorded at the rates of exchange prevailing on the date of the transaction. Exchange differences, if any arising out of transactions settled during the year are recognized in the profit and loss account.
- Monetary assets and liabilities denominated in foreign currency as at the balance sheet date are translated at the closing exchange rate on that date. The exchange differences, if any, are recognized in the profit and loss account and the related assets and liabilities are accordingly restated in the balance sheet.

viii) Earnings Per Share

In determining basic earnings per share, the Company considers the net profit after tax and includes the post-tax effect of any extra-ordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share, and also the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

ix) Impairment of Assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An asset is impaired when the carrying amount of the asset exceeds the recoverable amount. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

x) Operating Leases

Leases of Assets under which all the risk and benefits of the ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Profit and Loss account.

xi) Derivative Transactions

Debit/Credit balance on open interest as on the balance sheet dates are shown as current assets/liabilities, as the case may be.

xii) Provisions and contingencies

A provision is recognized when the Company has a legal and constructive obligation as a result of a past event, for which it is probable that cash outflow will be required and a reliable estimate can be made of the amount of the obligation. A contingent liability is disclosed when the Company has a possible or present obligation where it is not probable that an outflow of resources will be required to settle it. Contingent assets are neither recognized nor disclosed.

xiii) Miscellaneous Expenditure

Preliminary Expenses are amortised over a period of five years.

22.2 Contingent Liabilities

(Rs. in lacs)

Particulars	Year ended March 31, 2016	Period ended March 31, 2015
Demands raised by Income Tax and Sales Tax departments against which the Company has preferred appeals	276.29	210.31
Corporate guarantee given for financial facilities (Amount outstanding at the close of the year)	15.00	81.77
Claim made against the Company not acknowledged as debt (Interest liability on the above cannot be ascertained)	4,004.56	3,116.04

22.3 The analysis of the Group's assets and liabilities casts doubt about the ability of the Group (and each of its constituent) to meet its obligations as and when they fall due and therefore its ability to continue as a

going concern. Based on evaluation of the current situation backed by established revenue streams and advanced negotiations plans formulated to dispose-off investments, the management holds the view that the Group will be able to discharge its liabilities in the normal course of business. Accordingly, the financial statements have been prepared on the basis that the Group is a going concern and that no adjustments are required to the carrying value of assets and liabilities.

22.4 During the year, there was no broking activity carried on by the Group in view of the ongoing dispute with the National Stock Exchange of India Limited (NSE) / National Securities Clearing Corporation Limited (NSCCL). In the earlier year, the Group (through one of its constituent) had entered into certain transactions in the Futures & Options segments of the NSE, on behalf of its clients, against which various collateral were provided to the exchange towards margin for these transactions. The value of the collateral given was well in excess of the contract value in the F & O segment. However, the constituent company of the Group was declared a defaulter by NSE / NSCCL and also was expelled as a Member of NSE, which was challenged by it in the Securities Appellate Tribunal ("SAT"). During the year, the appeal was dismissed by SAT, against which an appeal has been preferred by the constituent company of the Group in the Hon'ble Supreme Court, which has been admitted by the Hon'ble Supreme Court. Further, it had also filed a suit for damages against NSE / NSCCL in the Hon'ble High Court. The value of these claims far exceeds the contract values. NSCCL has subsequently initiated the winding-up proceeding in the Hon'ble High Court which has been contested by the Company and Hon'ble High Court has ordered to maintain status quo. All the matters are pending for hearing. In view of the above and pending outcome of the Hon'ble Supreme Court / Hon'ble High Court hearings, the constituent company of the Group has not made any adjustments in the security deposits given to NSE / NSCCL. Further, during the year, pledges relating to shares with the NSE valued at Rs. 618.53 lacs were invoked by the exchange, but no communication was provided. The constituent company of the Group has adjusted in its books of accounts the dues payable to the NSE, to the extent of the value of the pledges invoked. Since the exact quantum of funds realised is unknown, any adjustment to this amount will be made subsequently.

22.5 The Group has an investment of Rs. 36.12 lacs in equity shares of Primary Cuisine Private Limited ('PCPL'), an associate company, and has also given an unsecured loan of Rs. 162.84 Lacs. The audited financial statements of PCPL for the year ended March 31, 2016 are not available. Based on the latest available unaudited financial statements i.e. for the year ended March 31, 2014, PCPL has a negative net worth of Rs. 155.20 lacs. However, having regard to the expected capital infusion and improved business conditions, the financial statements of PCPL have been prepared on the basis that it is a going-concern and that no adjustments are required to the carrying value of assets and liabilities. Considering that its investment in PCPL is of strategic and long term nature no provision is considered necessary by the management for diminution in the value of the Group's financial exposure in PCPL.

22.6 During the year, one of Group's lending bank, under the one-time settlement scheme, re-stated the loan at Rs. 600.00 lacs and waived past and future interest provided the Group adheres to the repayment schedule. In case of any default, the Group would be liable to pay original loan amount with interest. The Group has given effect to the one-time settlement in the books of account by re-stating the liability as accepted under the scheme and until the end of the financial year has adhered to the terms and conditions of the scheme.

22.7 The Group has not accounted for interest expense of Rs. 1,583.73 lacs (Rs. 1,969.11 lacs) charged by lenders and other parties, since in the opinion of the management the same would not be payable pursuant to a proposed restructuring/settlement of the loan and other dues. The aggregate interest (including interest for earlier periods) not provided as on March 31, 2016 is Rs. 4,078.17 lacs (Rs. 2,612.48 lacs).

22.8 A criminal complaint is filed before Metropolitan Magistrate by a lender against a constituent company of the Group and one of its directors in view of dishonor of a cheque issued by the constituent company. The matter is sub-judice and in the meantime, the Company's management is in negotiations with the lender to amicably settle the matter.

22.9 (a) The Group had taken a loan of Rs. 1,400.00 lacs from a party. Based on the negotiations with the party, the Group's management is of the opinion that the loan will be re-stated at Rs. 525.00 lacs and accordingly, during the year, the Group has written-back Rs. 875.00 lacs by crediting the statement of profit & loss. However, confirmation of re-statement of loan is awaited from the party. The profit for the year would have been lower by Rs. 875.00 lacs had the Group not accounted the write-back of loan in absence of confirmation of the party for re-statement of loan.

(b) The Group has not obtained documentations relating to interest and terms of repayment of the balance outstanding loan of Rs. 525.00 lacs. The Group has not accounted for interest on the said loan on the basis that it is interest-free. Further it has been categorized as short-term borrowings on the basis of the management's representation in that regard.

22.10 In the earlier years, the Group had made provision of doubtful debts and loans & advances of Rs. 1,047.24 lacs. As in opinion of the management, the debt and advances were not recoverable, the Group has, during the year, written-off Rs. 1,047.24 lacs by debiting the statement of profit & loss and simultaneously reversed the provision for doubtful debts and advances by crediting the statement of profit & loss. The treatment in accounts has no impact on the profit for the year.

22.11 There has been a decline of Rs. 1,748.41 lacs as on March 31, 2016 in the carrying value of Non-current Investments. No provision for diminution in the value of such investments has been considered necessary since, in the opinion of the management, such diminution is only temporary in nature considering depressed market conditions prevailing at the year-end.

22.12 Out of the total debtors due and outstanding, debts amounting to Rs. 12,306.03 lacs (Rs. 12,354.08 lacs) pertain to parties which are due and outstanding for over a year. In the opinion of the management no provision for the same is considered necessary as the same are outstanding on account of dispute and ongoing litigation with the stock exchange.

22.13 In the opinion of the management, sundry debtors and loans and advances being subject to confirmation, have a value at least equal to the amount shown in the balance sheet and the provisions made thereof are sufficient and adequate.

22.14 Retirement Benefits

(Disclosure as required by AS 15 (Revised), "Accounting for Retirement Benefits" issued by Institute of Chartered Accountants of India)
