ANNEXURE NO. 7
REPORT ON CORPORATE GOVERNANCE

The Directors present their Report on Corporate Governance as required by SEBI guidelines and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015:

Company's Philosophy on Code of Governance:

The Company's philosophy on Corporate Governance envisages transparency with integrity in all its dealings with its stakeholders including shareholders, employees, lenders and others.

Code of Conduct :

In tune with the corporate philosophy stated in the preceding para, the Board of Directors of the Company in its meeting held on 29th October, 2005 laid down a Code of Conduct for all the Board Members and Senior Management personnel of the Company in terms of the requirement of clause 49 of the Listing Agreement and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as 'Listing Regulations'). The Code of Conduct is displayed at the Company's website www.pudumjeepulp.com. Affirmation regarding compliance with the Code of Conduct had been obtained from all Board members and senior management personnel of the Company. As required, a declaration duly signed by the Managing Director to the effect is appended.

BOARD PROCEDURE :

Board Meetings are held about four-five times a year. Detailed Agenda is sent to each Director well in advance of the meetings. The Directors are briefed at each Board Meeting regarding performance and working by the functional heads. In addition to matters statutorily requiring Board's approval, all major decisions of policy, strategic formulations, capital expenditure, new investments, major accounting policies are considered by the committees and/ Board. Board periodically reviews all the compliances of applicable laws affecting the Company.

MANAGEMENT DISCUSSION AND ANALYSIS :

The Company operates mainly in the business of Real Estate development and Wind Power generation. The 12 acre land which is being developed for residential apartments in partnership arrangement with G.Corp Properties Pvt. Ltd. has completed construction of five 12 storey buildings of 94 flats each and the flats therein have been handed over to the customers.

The sixth building which is a 16 storey building is under construction including construction for 4 additional floors, approval to which has been just received. The project is well received in the market, however, due to prevailing slow down of economy in general and real estate in particular, the sales have slowed down as the choices available to the prospective customers' in the building are somewhat restricted due to lesser number of available unsold apartments.

The new TDR policy announced by the Government of Maharashtra would enable the firm to construct and sell 124 flats in the 7th building, the construction of which may be taken up in the next financial year depending upon the business scenario. Thus a long standing impediment of slum TDR not being available in the Municipal area where the site is also located is addressed. Consequently it is estimated that the firm would be able to construct in all 718 apartments as against 658 apartments planned earlier.

A Memorandum of Understanding has been signed for development of about 13 acres of land at Thergaon, Pune for construction of a residential apartment in Partnership arrangement subject to requisite approvals. The potential for such development is expected to be 9,00,000 sq.ft. The current slowdown in the real estate is perceived to be short lived and the market would see the revival by the time the firm is ready to launch the project.

The new and emerging regulatory environment is conducive to growth of development of real estate market and the Company would be ideally placed to reap the dividend arising out of it.

The three Wind Power Plants located at Satara and Sangli generated in aggregate 58.29 KWH Lacs of energy during the financial year. The Company expects that continuous emphasis of the regulatory authorities mandating industries to meet part of their requirement of energy from renewable sources would continually increase demand for wind power energy.

Segment wise financial performance is stated in the accompanying Accounts.

The existing internal controls of the Company are periodically reviewed by the audit Committee and are considered quite adequate.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in Paragraph 2(f) under the heading of "report on other legal and regulatory requirements" of our report of even date of the financial statements for the year ended 31st March 2016.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Pudumjee Pulp and Paper Mills Ltd ('the Company') as of 31st March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation

of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
