ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shree Krishna Paper Mills & Industries Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2016****1) SIGNIFICANT ACCOUNTING POLICIES****a) Basis of preparation**

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis except for certain fixed assets which are stated at revalued amounts. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). All the assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of activities, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

b) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognised in the period in which the results are known/materialised.

c) Fixed assets**Tangible assets****(i) Recognition**

Tangible fixed assets are stated at cost (net of duties and taxes) less accumulated depreciation, amortization and impairment loss, if any, except in case of certain class of fixed assets which have been revalued and thus are stated at revalued amount less accumulated depreciation. All costs that are directly attributable to the acquisition and installation of fixed assets, including borrowing costs in case of qualifying fixed assets, are capitalized. Gains or losses arising from disposal of tangible assets which are carried at cost are recognized in the Statement of Profit and Loss.

(ii) Capital work-in-progress

Tangible assets not ready for the intended use on the date of balance sheet are disclosed as "Capital work-in-progress". Capital work-in-progress is stated at cost including borrowing costs in case of qualifying fixed assets and expenditure incurred in connection with the fixed assets.

(iii) Depreciation and amortization

Depreciation on tangible fixed assets is charged on straight line method over the useful life of the asset as prescribed in Schedule II of the Companies Act, 2013. Depreciation on assets purchased / acquired during the year is charged from the date of addition / purchase of the assets. Similarly, depreciation on assets sold / discarded during the year is charged up to the date of sale / discard of the assets. Depreciation on addition on account of revaluation is recouped from revaluation reserve. Leasehold land is amortized over a period of lease.

d) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value. An investment normally qualifies as a cash equivalent only when it has a short maturity of three months or less from the date of acquisition.

e) Cash flow statement

The cash flow statement reports cash flows during the period classified by operating, investing and financing activities. Cash flows from operating activities are reported using the indirect method, whereby profit/(loss) before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows.

f) Investment

Non-current investments are stated at cost. Provision is made for diminution in the value of the investments, if, in the opinion of the management, the same is considered to be other than temporary in nature.

g) Inventories

Inventories except scrap are valued at lower of cost and net realizable value. Scrap is valued at estimated realizable value. Cost is determined on FIFO basis. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and

condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost necessary to make the sale.

h) Transactions in foreign currency

Foreign currency transactions are recorded at exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currency at the balance sheet date are translated at the year end exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction.

The Company uses forward exchange contracts to hedge its exposure to the extent considered appropriate and premium or discount arising of such forward exchange contract is amortised as expense or income over the life of the contract. The unhedged forward contracts remaining unsettled at the year end, are translated at the exchange rates prevailing on that date and the resulting gains or losses are recognized in the Statement of Profit and Loss.

i) Revenue recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection:

- i. Sale of goods is recognized on transfer of significant risk and reward of ownership which is generally on the dispatch of goods. Sales are disclosed net of returns and applicable sales taxes.
- ii. Interest income from parties, insurance claim, excise and other claims/refunds are recognized when there is a reasonable certainty of ultimate collection on the ground of prudence.
- iii. Other items of income are recognized on accrual basis.

j) Employee benefits

i) Short term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short term employee benefits, which include benefits like salaries, short term compensated absences and bonus that are recognized as expenses in the period in which the employee renders the related service.

ii) Post-employment benefits

a) Defined contribution plans

The Company has a defined contribution plan for post employment benefits in the form of provident/family pension fund for all employees which is administered by Regional Provident Fund Commissioner. Provident fund and family pension fund are classified as defined contribution plans as the Company has no further obligation beyond making the contributions. The Company's contributions to defined contribution plans are charged to the Statement of Profit and Loss as and when incurred.

b) Defined benefit plans

Funded plan: The Company has a defined benefit plan for post employment benefit in the form of gratuity, which is administered through Life Insurance Corporation of India(LIC), liability for which is provided on the basis of valuation, as at the balance sheet date, carried out by an independent actuary. The actuarial method used for measuring the liability is the projected unit credit (PUC) method.

iii) Other long term employee benefits

Liability for compensated absences is provided on the basis of valuation as at the balance sheet date carried out by an independent actuary. The actuarial valuation method used for measuring the liability is the projected unit credit (PUC) method.

iv) Termination benefits are recognized as an expense as and when incurred.

v) The actuarial gains and losses arising during the year are recognized in the Statement of Profit and Loss.

k) Borrowing cost

Borrowing costs directly attributable to acquisition or construction of qualifying assets are capitalized as a part of the cost of the assets, upto the date the asset is ready for its intended use. Other borrowing costs are recognized as an expense in the period in which they are incurred.

l) Income taxes

Tax expense for the year comprising current tax and deferred tax are considered in determining the net profit/(loss) for the year. A provision is made for current tax based on tax liability computed in accordance with relevant tax rates and tax laws applicable to the Company. A provision is made for deferred tax for all timing difference arising between

taxable income and accounting income at currently enacted or substantively enacted tax rates. Deferred tax assets are recognized only if there is reasonable/virtual, as the case may be, certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each balance sheet date.

m) Earnings per share

The basic earnings per share ('EPS') is computed by dividing the net profit/(loss) after tax less dividend on preference shares including dividend distribution tax attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period.

Diluted EPS is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges attributable to the equity shareholders for the year by the weighted average number of equity and equivalent dilutive equity shares outstanding during the year.

n) Impairment of assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable value is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. An impairment loss is charged to the Profit and Loss Statement in the year in which an asset is identified as impaired.

o) Provisions, contingent liabilities and contingent assets

(i) Provisions

Provisions are recognised in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made.

(ii) Contingent liabilities

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

(iii) Contingent assets

Contingent assets are neither recognized nor disclosed in the financial statements.

p) Leased assets

For assets acquired under operating lease, rental payable are charged to Statement of Profit and Loss on a straight line basis over the lease term.

For assets acquired under finance lease, the assets are capitalized at lower of their respective fair value and the present value of minimum lease payment. Amortization of capitalized leased asset is computed on straight line method over the useful life of the asset.
