Shri Manubhai Shah
Chairman Emeritus, The Ruby Mills Limited
1934-2018

MCS inspires

The Ruby Values

Our respected Chairman Emeritus, Shri. Manharlal Chunilal Shah was an exceptional human being and an outstanding leader. A towering personality in the Indian Textile Industry was also the Chairman of the Bombay Mill-Owners Association and the Chairman of the Bombay Textile Research Association.

Shri Manubhai Shah was a true visionary. A man far ahead of his times, he epitomised the dauntless entrepreneurial spirit.

Shri Manubhai Shah valued his people the most. He scouted around for the best and the most talented professionals, nurtured them and continuously motivated them to aim for still higher goals. These highly motivated people comprise the core of what he named "The Ruby Family". Understanding the capabilities of his children, he carefully planned the transition, and groomed the next leaders for the Company, to keep the RUBY flag always flying high.

Apart from his business interest, he was deeply involved in philanthropic endeavours aimed at social upliftment through financial help, child care, health care, education, subsidized meals, housing and special care for seniors.

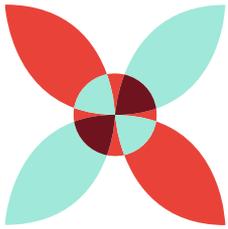

His sterling leadership qualities, remarkable foresight, uncompromising pursuit of excellence, humbleness, phenomenal capacity to motivate and trust people set him apart.

Here is an insight into his values and ethics that continue to inspire the way Ruby Mills does business today and in future.

1917.

The times when there were no televisions, no computers, no helicopters or nuclear reactors. Indian independence was still a distant dream, the looms at The Ruby Mills were ready to weave the future of the fabric business.

Based on the foundation of technical expertise, impeccable product quality and non-negotiable business ethics, The Ruby Mills Limited has been the hallmark of textile innovation in India since 1917. This success and respect is the result of the leadership of our Chairman Emeritus, **Shri Manubhai Shah** who spent 66 years to build these qualities in our DNA.

integrity is paramount

Integrity is where the thought and the action are perfectly aligned.

One such man of integrity was Shri Manubhai Shah. Principled and of uncompromising integrity, he chose the path less traveled and built Ruby with the same DNA.

Integrity is demanding and it does have its conflicts. It competes with alluring short term gains and quick fixes. But in long term it becomes the guiding compass that helps the organization make the right choices.

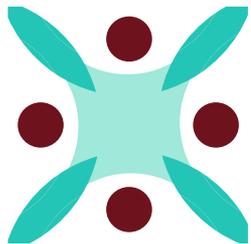

trust begets trust

An organization is built on trust. The trust that the consumer puts in us, becomes the bedrock of our business.

Trust we place in our abilities, the abilities of our partners and employees, and most importantly trust in the value of the product we create with pride.

Shri Manubhai Shah believed that trust begets trust. He opened his arms to new ideas, new people and new thinking and not just built a business but created a trust-based ecosystem, sound enough to sustain and grow for years to come.

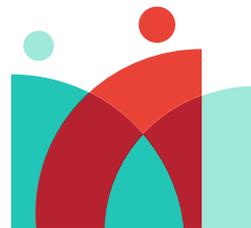

commitment delivers results

Commitment is an achiever's value. Commitment is making sure that things happen, undeterred by the challenges and obstacles.

At Ruby, commitment is our way of life. We prefer stayers over switches : people who are willing to roughen it up rather than quitting the work and make sure that delivery matches the promise.

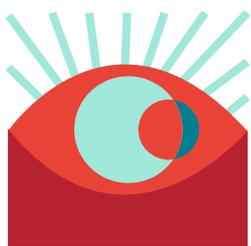

industry is a social responsibility

A business is an integral part of the society and hence it must give back to the society.

Shri Manubhai Shah was well known for his philanthropic endeavours. He was deeply involved in upliftment of the underprivileged through child care, health care, education, financial help to dependents, subsidized meals and senior citizen homes.

This value stays ingrained in us at Ruby and guides our CSR activities.

vision
seeing
the unseen

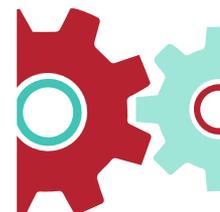

Vision is the rare ability to see opportunities that others can't. Shri Manubhai Shah was a true visionary. A person who could sense the advent of futuristic fibers, fabrics and trends and invest in building the capability to handle these fibers to match the best in the textile world.

passion
for fabrics
our real
differentiator

We don't like anything average. We want to innovate fabrics that are world class. And we apply every theory, every experience and experiment to make sure that we can achieve the impossible.

Passion for Fabrics is a part of our DNA, because of one man, Shri Manubhai Shah, who believed in the advantage that passion adds to the business. The hand-picked team of talented minds passionate about fabrics keeps inventing new fabrics at The Ruby Mills.

our
manufacturing
expertise is
the industry
benchmark

Expertise is command. Expertise is accuracy. Expertise is control. Expertise is consistency. Expertise helps us do things that others deem impossible. Shri Manubhai Shah thoroughly understood this edge and invested in seeding the same at Ruby Mills - one of the most respected names in the Industry when it comes to manufacturing expertise.

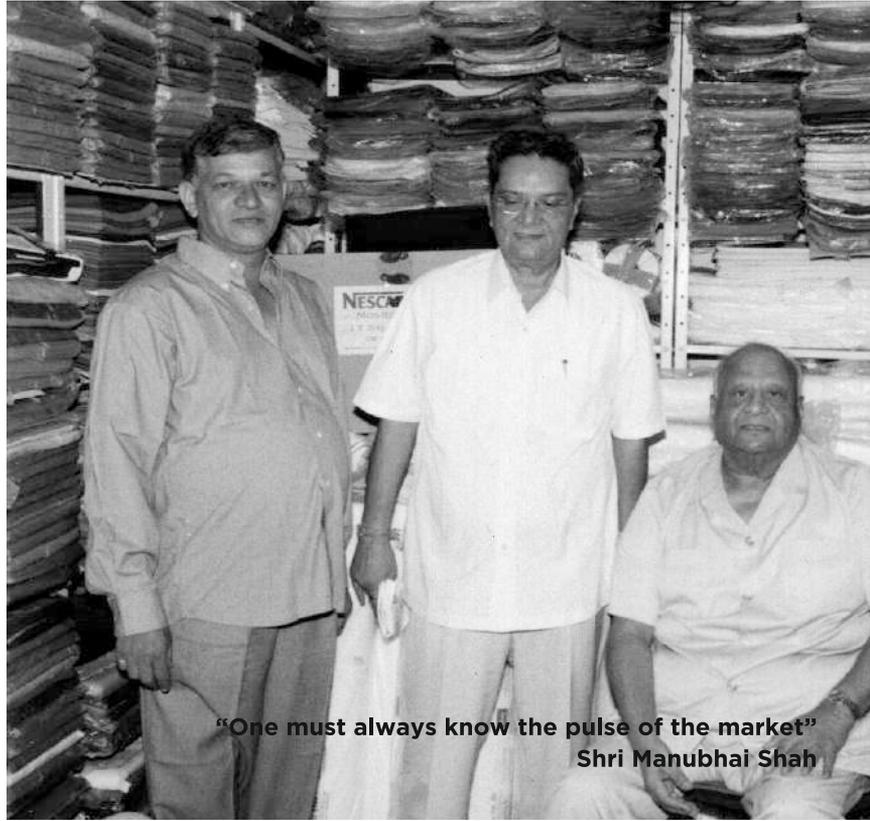

The Ruby Mills Limited has two state-of-the-art production facilities with a capacity of over 1,00,000 meters per day supported by a modern Research and Development Laboratory - that puts us at par with the best in the field of textile manufacturing.

innovation
is in
our
DNA

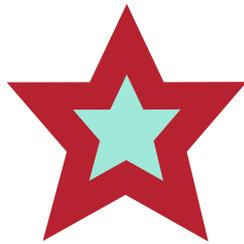

Shri Manubhai Shah made a fundamental choice about how Ruby Mills would operate. He chose innovation over a run-of-the-mill product line.

Innovation requires focus, time, dedication and experiment-driven attitude. Exploration and innovation work on new blends refined with state-of-the-art processing and finishing technology has put us at the forefront of Fabric Engineering, thus making innovation a value that drives us.

"One must always know the pulse of the market"
Shri Manubhai Shah

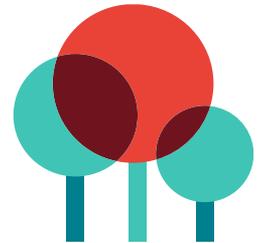

At Ruby,
great
quality
is a given

Quality is world-class shrinkage control. Quality is the finish that lasts, wash after wash. Quality is perfectly distributed adhesive on interlining. Quality is the flow, the bounce in the fabric. Quality is pushing the whiteness index to up there and making the fabrics stay as white for years to come. Quality is the brilliance shining through thousands of colours. Quality is what keeps pilling at bay, while the world wonders how we do it.

Shri Manubhai Shah's mandate was that quality must be pursued relentlessly, and at any cost. For him, quality was the brand. Truly, it remains our reason to be.

no
longevity
without
sustainability

Right from best practices in effluent treatments to enabling far-flung villages with water accessibility for agricultural development, everything we do is sustainable, ethical and responsible.

Our sustainability efforts are also a part of our product design. As we know cotton, which has been the most popular fiber in India consumes huge amounts of water. In 1973, Ruby Mills, under the leadership of Shri Manubhai Shah introduced blends - including one of the most popular fabric brands - Busy Lizzie, using eco-friendly regenerated cellulose fiber.

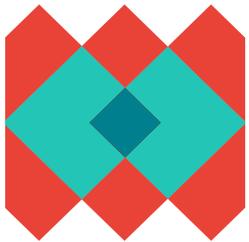

At Ruby, we see it as our duty to care for the environment, and leave a better planet for our future generations.

customer service is an everyday priority

The Ruby Mills Limited reaches every corner of India, through a network covering the width of fabric retail nationwide through a network powered by hundreds of dealers and dedicated agents.

This network helps us make our fabric available at the place of consumer demand. We have in-house experts to service the buyer's technical needs. Everything we do is aimed at delivering better service, better experience and a better Ruby.

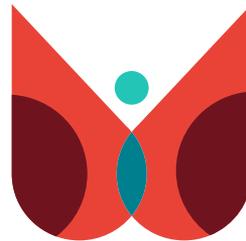

unity fuels the organization

An organization is a bunch of fertile independent minds, bursting with ferocious energy of creation.

The secret glue that bonds them is unity. Shri Manubhai Shah believed that unity is not something that can be demanded. Unity needs to be inspired. When driven by a common purpose, each individual becomes aligned and the bunch of individuals becomes a team.

Unity is a crucial ingredient in every outstanding performance - which is why at Ruby, we truly value it.

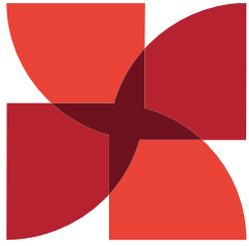

aspiration to excel expectations

How high is high? We reach high only when we aim higher. That's how we keep pushing ourselves at Ruby.

Uncompromised quality, absolutely innovative products, newer fibers, blends, finishes new to the industry - each of it is an outcome of unending aspiration to do better, to grow larger and become the industry benchmark.

Aspiration is the value that has earned us respect, and keeps motivating us further ahead.

embrace
transformation
fearlessly

We call ourselves a 101 year young company. At the core of this youth is our constant hunger to transform ourselves, stay updated and create the future in a new way.

Change is demanding. It calls for new learnings, taking risks fearlessly.

Shri Manubhai Shah, even in his 80s remained curious, learnt new things and was interested in how we were going about constructing the future for Ruby. He remains our inspiration to transform for better.

grow
wider
deeper
stronger

Growth should be the organic outcome of our efforts. We intend to dream, build and execute our concerted work to take growth - personally and professionally with Ruby.

Every decision we make, however difficult it may be, must be in interest of growth. This is the legacy Shri Manubhai Shah has left for us.

The values that Shri Manubhai Shah religiously practised in his day to day life and business, are the values that drive everyone at The Ruby Mills and provide inspiration for the future. These values, are what make us Ruby.

India's Textile and Apparel Sector contribute around 10% to the manufacturing production, 2% to the GDP and 15% to the total exports earnings of the country. Being one of the oldest industries in the country, India's Textile Industry is one of the largest employers and a major industry for the economic growth of the country. The Indian Textile Industry is currently worth \$150 billion (approx. \$110 billion domestic market and \$40 billion export market). Holding tremendous growth potential, the industry is expected to touch \$250 billion in the next two years. The government is actively promoting the Textile Industry to generate employment, ramp up manufacturing and boost exports.

India's textiles industry offers a vast variety of investment options. The country is an attractive hub for textile production due to the presence of the entire value chain for textile production from raw materials like cotton, silk, jute, wool and synthetic fibre to spinning, weaving, knitting and apparel manufacturing capacities to skilled and lost cost labor. Along with the aim of increasing employment and exports, the government is working towards modernising machines and adding state-of-the-art facilities, which invites foreign investments with innovative technologies. The government's focused and favorable policies and schemes support the steady growth of the sector.

The Company's incomes derives from the business of manufacturing of textiles and the real estate segments. The Company had achieved an overall turnover of Rs.20,797 lacs.

2 SEGMENT REVIEW

2.1 Business Review:

Cottons, Synthetics, Yarn and Fabrics

a) Industry Structure and Development:

India has a long history in the textile industry and has a strong impact on the economy of the country. The country is known for its indigenous production and has a widespread textile portfolio. The portfolio ranges from products that are hand-woven to those manufactured by modern machines. The industry is the second largest direct employment provider in India for nearly 51 million people.

The Indian Government launched export promotion policies to make Indian Textiles even more attractive internationally. Many companies have seen the potential of India as a destination for manufacturing or import for Textiles. The industry is set to grow more as the per capita incomes are rising, many and changing lifestyles demand quality products.

The future for the Indian Textile industry is promising for foreign companies wanting to enter India, as domestic demand doesn't seem to slow down any time soon, and the Government is rising focus and favourable policies to further support the sector.

b) Opportunities and Threats:

The textile industry is witnessing a growth of 6-8%. With more number of malls and retail industries emerging the opportunities for textile industries are only increasing. Withdrawal of quota restrictions is contributing immensely to market developments.

Competition from China, unorganized labour, high power costs, strict environment laws and fluctuating raw material prices will affect the bottomlines.

c) Review and Analysis:

The financial performance of the company's textile is expected to stabilise after the downs of demonetization and implementation of Goods and Service Taxes. With the introduction of GST, a more or less level playing field with the unorganized sector.

With the strengthening of the company's market development and research departments and expected investments in the Company's Research and Development Department which is recognized by Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India, the company is working continuously for product development catering to the changing consumer demand, constant endeavor of cost control and cost

reduction. Additionally, several new fabric blends are being developed with unique finishing processes to cater to the ever changing consumer demand. The company has revisited its branding and marketing strategy in a quest to increase its visibility and reach in this competitive business environment. It has refreshed its brand image by adopting a new logo, which embodies the 100 years plus equity of the company in a contemporary form. Further, the company is also looking to strengthen its market presence by increasing its sales network, expanding its geographical reach and growing its consumer base. As a part of the market expansion strategy, the company has introduced three sub-ranges that allow multiple price-value-applications to co-exist, leading to a consumer and trade friendly structure. This exercise is powered by an intuitive IT system to facilitate a seamless supply chain.

d) Outlook :

The future for the Indian textile industry looks promising, buoyed by both strong domestic consumption as well as export demand. With consumerism and disposable income on the rise, the retail sector has experienced a rapid growth in the past decade with the entry of several international players like Marks & Spencer, Guess and Next into the Indian market.

High economic growth has resulted in higher disposable income. This has led to rise in demand for products creating a huge domestic market. The domestic market for apparel and lifestyle products, currently estimated at US\$ 85 billion, is expected to reach US\$ 160 billion by 2025. The Indian cotton textile industry is expected to showcase a stable growth, supported by stable input prices, healthy capacity utilisation and steady domestic demand.

e) Risks and Concerns:

The Indian textile industry is highly fragmented and is being dominated by the unorganized sector and small and medium industries. The changing government policies at the state and central government levels are posing major challenges to the textile industry. The

tax structure GST (Goods and Service Tax) make the garments expensive. Another important threat is rising interest rates and labour wages and workers' salaries.. Although central government is wooing the foreign investors the investment is coming in trickle in the textile industry. The Indian textile industry has its own limitations such as accesses to latest technology and failures to meet global standards in the highly competitive export market. There is fierce competition from China, Bangladesh and Sri Lanka in the low price garment market. In the global market tariff and non-tariff barriers coupled with quota is posing major challenge to the Indian textile Industry. The environmental and social issues like child labour and personal safety norms are also some of the challenges for the textile industry in India. Further, considering the size and opportunity of the textile sector in India, there are very few institutes who provide formal education and training in textile manufacturing. Currently there are only about 30 graduate and post graduate programs churning a mere 1000 new students each year. Thus, there is an immense shortage of human resources across the sector, from qualified professionals to skilled labor and this a growing cause of concern in the field.

2.2 Business Segment – Real Estate

a) Industry Structure and Development:

Indian real estate is going through a major transformation in the recent years. Some of the big decisions and new policies of the Indian Government have affected the real estate sector in big way, albeit in positive or negative manner. Few of the policy changes introduced by the government, such as demonetization, RERA, and REITs in 2016, followed by GST and FDI in 2017, have made huge impacts on Indian real estate sector.

b) Opportunities and Threats:

One of the major signs of revival for Indian property market, investments by global investors has increased recently, with various international property funds and investors acquiring strong positions in Indian realty

space. As per Economic Survey of India, Indian Real Estate sector witnessed significant improvement attracting a total Foreign Direct Investment of USD 257 million in the second half of 2017 only. Looking at this trend, the expectations from private equity is high in the coming years and it is projected that 2018 and 2019 will be even bigger years for FDI investments in India.

As industry is gearing to create awareness about bringing more professionalism and transparency in the market, there is an urgent need to create a single window clearance mechanism for projects within the built environment. This would need equal participation from all – government, government agencies, industry (developers, construction and allied firms) and consumers.

c) Risks and Concerns:

Real estate has gone through some unrelated challenges since 2008 – political instability, constantly changing regulations, unequal application of rules, and the burgeoning RTI industry of blackmailers. These practices combined with the entry of unscrupulous operators in the industry led to a loss of confidence in the public mindset. Real estate which was one of the most sought after investment avenue among India has seen a dip in its popularity off late because of the stagnation or dip in prices. Real estate market is going through a transitional phase. Things are going to get better over time and the reforms will help in shaping up the industry to a more consumer friendly market.

(PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013)

As required by the provisions of Section 102 of the Companies Act, 2013, the following Explanatory Statements set out all material facts relating to the business mentioned under Item Nos. 4 to Item Nos. 14 of the accompanying Notice.

Item No.4

Continuation of term of Smt. Aruna Manharlal Shah as Non-Executive Director due to attainment of age of 75 years

Pursuant to the amendment dated 9th May, 2018 to the Regulation 17 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which shall be effective from 1st April, 2019, no listed Company shall appoint a person or continue the directorship of any person as a Non-Executive Director who has attained the age of seventy five years unless a Special Resolution is passed.

Since, Smt. Aruna Manharlal Shah has attained the age of Seventy-five years, the Board of Directors and Nomination and Remuneration Committee at their meeting held on 30th May, 2018 have recommended continuation of her term as Non-Executive Director beyond the age of Seventy Five (75) years considering her long-term association and wide experience.

The Board of Directors recommends the Resolution set out at Item No. 4 of the accompanying Notice for approval of the Members of the Company as a Special Resolution.

Further, none of the other Directors/ key managerial personnel of the Company/their relatives are, in anyway, concerned or interested, financially or otherwise except, Shri. Hiren Shah (Son) Shri. Bharat Shah (Son), Shri. Viraj Shah (Son), Shri. Purav Shah (Grandson), in the said Resolution.

Item No. 5

Ratification of Cost Auditor Remuneration

The Board of Directors of the Company on the recommendation of the Audit Committee approved the appointment and remuneration of Shri Dakshesh H. Zaveri of M/s. D.H. Zaveri, Cost Accountants, to conduct the audit of the Cost records of the Company's Textile manufacturing units at Dhamni and Kharsundi for the financial year ending 31st March, 2019.

Pursuant to the provisions of Section 148 and other applicable provisions, if any, of the Companies Act, 2013 and the relevant rules framed thereunder, as amended from time to time (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force), the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company. Accordingly, the Members are requested to ratify the remuneration payable to the Cost Auditor for the financial year 2018-19, as set out in the Resolution for the aforesaid services to be rendered by them.

The Board of Directors recommends the Resolution set out at Item No. 5 of the accompanying Notice for approval of the Members of the Company as an Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company or their relatives are in any way, financially or otherwise concerned or interested in the said Resolution except to the extent of their shareholding in the company, if any.

Item No. 6

Appointment of Shri Mehernosh Rusi Currawalla as Independent Director of the company

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company, pursuant to provisions of Section 161 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Article of Association of the Company, appointed Shri Mehernosh Rusi Currawalla (holding DIN: 01089742), aged 62 years, as an Additional Director (Independent, Non- Executive) of the Company with effect from 28th November, 2017 upto the date of this Annual General Meeting .

The Company has received a notice in writing under the provisions of Section 160 of the Act for the office of Independent Director to be appointed as such under the provisions of Sections 149, 152 of the Companies Act, 2013 and other applicable provisions, if any, of the Act read with The Companies (Appointment and qualification of

Directors) Rules, 2014 along with Schedule V of the Act (including any statutory modification(s) or re-enactment thereof for the time being in force) and any other applicable regulations, if any.

The Company has received the following from Shri Mehernosh Rusi Currawalla:

- i. Consent in writing to act as director in Form DIR-2 pursuant to Section 152(5) and Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014.
- ii. Intimation in Form DIR 8 in terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under section 164(2) of the Act confirming his eligibility for such appointment, and;
- iii. Declaration to the effect that he meet the criteria of Independence as provided in sub section (6) of Section 149 of the Act and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board of Directors, Shri Mehernosh Rusi Currawalla, the Independent Director proposed to be appointed, fulfills the conditions specified in the Act and the Rules made there under and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and he is independent of the Management.

His appointment as an independent director is justified and would immensely benefit the Company as he also has administrative experience in his profile. A copy of the draft letter of the appointment of Independent Director setting out the terms and conditions is available for inspection by the members at the Company's registered office during normal business hours on all working days upto the date of Annual General Meeting.

Pursuant to Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and details as required under SS-2 (Secretarial Standard-2 on "General Meetings") of Shri Mehernosh Rusi Currawalla seeking appointment as an Independent Director is furnished and forms part of Notice.

The Board of Directors recommends the Resolution set out at Item No. 6 of the accompanying Notice for approval of the Members of the Company as an Ordinary Resolution.

Except Shri Mehernosh Rusi Currawalla, none of the Directors or Key Managerial Personnel of the Company or their relatives are in any way, financially or otherwise concerned or interested in the said Resolution except to the extent of their shareholding in the Company, if any.

Item No. 7

Appointment of Shri Pradip Narottamdas Kapasi as Independent Director of the Company

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company, pursuant to provisions of Section 161 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Article of Association of the Company, appointed Shri Pradip Narottamdas Kapasi (holding DIN: 01275033), aged 62 years, as an Additional Director (Independent, Non- Executive) of the Company with effect from 13th December, 2017 upto the date of ensuing Annual General Meeting.

The Company has received a notice in writing under the provisions of Section 160 of the Companies Act, 2013 for the office of Independent Director to be appointed as such under the provisions of Sections 149, 152 of the Companies Act, 2013 and other applicable provisions, if any, of the Act read with The Companies (Appointment and qualification of Directors) Rules, 2014 along with Schedule V of the Act (including any statutory modification(s) or re-enactment thereof for the time being in force) and any other applicable regulations, if any.

The Company has received the following from Shri Pradip Narottamdas Kapasi:

- i. Consent in writing to act as director in Form DIR-2 pursuant to Section 152(5) and Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014.
- ii. Intimation in Form DIR 8 in terms of the Companies (Appointment & Qualification of Directors) Rules, 2014, to the effect that he is not disqualified under section 164(2) of the Act confirming his eligibility for such appointment, and;
- iii. Declaration to the effect that he meet the criteria of Independence as provided in sub section (6) of Section 149 of the Act and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board of Directors, Shri Pradip Narottamdas Kapasi, the Independent Director proposed to be appointed, fulfills the conditions specified in the Act and the Rules made there under and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and he is independent of the Management.

His appointment as an independent director is justified and would immensely benefit the Company as he also has administrative experience in his profile.

A copy of the draft letter of the appointment of Independent Director setting out the terms and conditions is available for inspection by the members at the Company's registered office during normal business hours on all working days upto the date of Annual General Meeting.

Form No. MR-3
FOR THE FINANCIAL YEAR ENDED 31.03.2018

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
THE RUBY MILLS LIMITED
Ruby House, J. K. Sawant Marg,
Dadar West, Mumbai - 400 028.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **The Ruby Mills Limited** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by The Ruby Mills Limited ("the Company") for the financial year ended on 31st March, 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings **(Not Applicable to the Company during the Audit period);**

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF The RUBY MILLS LIMITED

Report on the Indian Accounting Standards (Ind AS) Financial Statements

We have audited the accompanying Ind AS financial statements of The Ruby Mills Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS specified under section 133 of the Act, of the state of affairs (financial position) of the Company as at 31st March, 2018 and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

The comparative financial information of the Company for the year ended 31st March, 2017 and the transition date opening Balance Sheet as at 1st April, 2016 included in these Ind AS financial statements, are based on the previously

issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) audited by the predecessor auditor whose report for the year ended 31st March, 2017 and 31st March, 2016 dated 17th May, 2017 and 30th May, 2016, respectively expressed an unmodified opinion on those financial statements, as adjusted for the differences in accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, issued by the Central Government of India in terms of Sub Section 11 of section 143 of the Act ("the Order") and on the basis of such checks of the books and records of the Company as we consider appropriate and according to the information and explanation given to us, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representation received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors are disqualified as on 31st March, 2018 from being appointed as director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B";
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact, if any, of pending litigations on its financial position in its Ind AS financial statements. Refer Note 49(a) of the Ind AS financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as required under the applicable law or accounting standards; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE B TO INDEPENDENT AUDITOR'S REPORT

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the members of The Ruby Mills Limited on the Ind AS financial statements for the year ended 31st March, 2018]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of The Ruby Mills Limited ("the Company") as of 31st March, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2018, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

1. CORPORATE INFORMATION

The Ruby Mills limited ('RML' or 'the Company') is a public limited company domiciled in India incorporated on 9th January 1917. Registered office of the Company is located at Mumbai. The Company is listed on the Bombay Stock Exchange Limited and the National Stock Exchange of India Limited. The Company is an integrated textile mill. The Company has two plants. The spinning and weaving plant is located at Dhamni and the process house at Kharsundi both at Khopoli close to Bombay - Pune Highway. The Company had entered into a Development Agreement ("the DA") to develop part of its vacant mill land at Dadar. In terms of the DA, any cost of construction incurred by the Company incurred for the development of the above is to be reimbursed by the Developer. The consideration for the Grant of the Development Rights is based on the specified percentage of the revenue received by the Developer.

2. BASIS OF COMPLIANCE, BASIS OF PREPARATION, CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

2.1. Basis of Compliance:

The financial statements comply in all material aspects with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Until the adoption of Ind AS, for all periods up to and including the year ended 31st March, 2017, the Company prepared its financial statements in accordance with Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP'). The financial statements for the year ended 31st March, 2017 and the opening Balance Sheet as at 1st April, 2016 have been restated in accordance with Ind AS for comparative information.

Reconciliation and description of the effects of the transition to Ind AS has been summarised in Note 39

2.2. Basis for preparation and presentation:

The financial statements have been prepared under the historical cost convention using the accrual method of accounting basis, except for certain financial instruments that are measured at fair values at the end of each reporting period as explained in the significant accounting policies below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

All amounts disclosed in the Financial Statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

The Financial Statements of the Company for the year ended 31st March, 2018 were approved for issue in accordance with a resolution of the Board of Directors in its meeting held on 30th May, 2018

2.3. Use of Judgement and Estimates

The preparation of the Financial Statements requires management to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the Financial Statements and the reported amounts of income and expense for the periods presented.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates considering different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Impact on account of revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying values of assets and liabilities within the next financial year are discussed below.

- Estimates of useful lives and residual value of Property, Plant and Equipment and intangible assets;
- Measurement of Defined Benefit Obligations;
- Measurement and likelihood of occurrence of Provisions and contingencies;
- Recognition of deferred tax assets; and
- Measurement of recoverable amounts of cash-generating units;

2.4. Property, plant and equipment

- 2.4.1.** Property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any.
- 2.4.2.** The initial cost of an asset comprises its purchase price (including import duties and non-refundable taxes), any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, borrowing cost for qualifying assets (i.e. assets that necessarily take a substantial period of time to get ready for their intended use).
- 2.4.3.** Machinery spares that meet the definition of property, plant and equipment are capitalised.
- 2.4.4.** Property, plant and equipment which are not ready for intended use as on date of Balance Sheet are disclosed as “Capital work – in – progress”.
- 2.4.5.** Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.
- 2.4.6.** An item of property, plant and equipment and any significant part initially recognised separately as part of property, plant and equipment is derecognised upon disposal; or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the Statement of Profit and Loss when the asset is derecognised.
- 2.4.7.** Depreciation is provided on a pro-rata basis on the straight line method for plant and machinery and for all other assets on written down value method based on estimated useful life prescribed under Schedule II to the Act.
- 2.4.8.** Components of the main asset that are significant in value and have different useful lives as compared to the main asset are depreciated over their estimated useful life. Useful life of such components has been assessed based on historical experience and internal technical assessment.
- 2.4.9.** Depreciation on spare parts specific to an item of property, plant and equipment is based on life of the related property, plant and equipment. In other cases, the spare parts are depreciated over their estimated useful life based on the technical assessment.
- 2.4.10.** Other assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and useful lives.
- 2.4.11.** Freehold land is not depreciated.
- 2.4.12.** The residual values and useful lives of property, plant and equipment are reviewed at each financial year end and changes, if any, are accounted in the line with revisions to accounting estimates.
- 2.4.13.** The Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for all of its Property, Plant and Equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (1st April 2016).

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

2.5. Biological Assets

- 2.5.1.** Biological assets i.e. living animals or plants (other than bearer plants which are included in property, plant and equipment) are measured at fair value less cost to sell, with any change therein recognised in profit or loss.

2.6. Intangible Assets

- 2.6.1.** Intangible assets are recognised only if it is probable that the future economic benefits that are attributable to the assets will flow to the enterprise and the cost of the assets can be measured reliably.
- 2.6.2.** Intangible assets are carried at cost net of accumulated amortization and accumulated impairment losses, if any.
- 2.6.3.** The intangible assets with a finite useful life are amortised using Written Down Value Method over their estimated useful lives.
- 2.6.4.** An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).
- 2.6.5.** The estimated useful life is reviewed at each financial year end and changes, if any, are accounted in the line with revisions to accounting estimates.
- 2.6.6.** The Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for all of its intangible assets as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (1st April 2016).

2.7. Investment Property

- 2.7.1.** Investment property is property (land or a building — or part of a building — or both) held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in production or supply of goods or services or for administrative purposes. Investment properties are stated at cost net of accumulated depreciation and accumulated impairment losses, if any.
- 2.7.2.** Any gain or loss on disposal of investment property calculated as the difference between the net proceeds from disposal and the carrying amount of the Investment Property is recognised in Statement of Profit and Loss.
- 2.7.3.** Depreciation on building is provided over its useful life using written down value method. These useful life determined are in line with the useful lives as prescribed in the Schedule II of the Act
- 2.7.4.** On transition to Ind AS (1st April 2016), the Company has re-classified certain items from Property, Plant and Equipment to investment property. For the same, the Company has elected to use the exemption available under Ind AS 101 to continue the carrying value for such assets as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

2.8. Non-currents assets held for sale

- 2.8.1.** Non-current assets are classified as held for sale if their carrying amounts will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such assets.
- 2.8.2.** Non-current assets classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.
- 2.8.3.** Non-current assets classified as held for sale are not depreciated or amortized from the date when they are classified as held for sale.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

2.9. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

2.9.1. Company as a lessee

Finance lease

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating Lease

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight line basis unless payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.

2.9.2. Company as a lessor

Finance lease

Finance leases are recognised at an amount equal to the net investment in the lease. The recognition of finance income is based on a pattern reflecting a constant periodic rate of return on the net investment in the finance lease.

Operating Lease

Rental income from operating lease is recognised on a straight line basis over the lease term unless payments to the Company are structured to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increase. Contingent rents are recognised as revenue in the period in which they are earned.

2.10. Impairment of Non-financial Assets

2.10.1. Non-financial assets other than inventories, deferred tax assets and non-current assets classified as held for sale are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any indication of such impairment exists, the recoverable amount of such assets / cash generating unit is estimated and in case the carrying amount of these assets exceeds their recoverable amount, an impairment is recognised.

The recoverable amount is the higher of the fair value less cost to sell and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. Assessment is also done at each Balance Sheet date as to whether there is indication that an impairment loss recognised for an asset in prior accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss.

2.11. Inventories

2.11.1. Inventories are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. The cost of inventories, in case of inventories of raw material with specific identification is arrived on first in first out basis and for inventories of other items on weighted average basis.

2.11.2. Cost includes all charges incurred in bringing the goods to their present location and condition. Work-in-progress and finished goods include appropriate proportion of overheads.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

- 2.11.3.** Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.12. Fair Value measurement

- 2.12.1.** The Company measures certain financial instruments at fair value at each reporting date.
- 2.12.2.** Certain accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.
- 2.12.3.** Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability also reflects its non-performance risk.
- 2.12.4.** The best estimate of the fair value of a financial instrument on initial recognition is normally the transaction price – i.e. the fair value of the consideration given or received. If the Company determines that the fair value on initial recognition differs from the transaction price and the fair value is evidenced neither by a quoted price in an active market for an identical asset or liability nor based on a valuation technique that uses only data from observable markets, then the financial instrument is initially measured at fair value, adjusted to defer the difference between the fair value on initial recognition and the transaction price. Subsequently that difference is recognised in Statement of Profit and Loss on an appropriate basis over the life of the instrument but no later than when the valuation is wholly supported by observable market data or the transaction is closed out.
- 2.12.5.** While measuring the fair value of an asset or liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation technique as follows:
- Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.
 - Level 2:** inputs other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
 - Level 3:** inputs for the assets or liability that are not based on observable market data (unobservable inputs)
- 2.12.6.** When quoted price in active market for an instrument is available, the Company measures the fair value of the instrument using that price. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.
- 2.12.7.** If there is no quoted prices in an active market, then the Company uses a valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.
- 2.12.8.** The Company regularly reviews significant unobservable inputs and valuation adjustments. If the third party information, such as broker quotes or pricing services, is used to measure fair values, then the Company assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

2.13. Financial Instruments

2.13.1. Financial Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

Financial assets are subsequently classified as measured at

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt instruments

Debt instruments are subsequently measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Measured at amortised cost

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss.

Measured at fair value through profit or loss

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

2.13.2. Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.13.3. Financial guarantees

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of the debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the fair value initially recognised less cumulative amortisation.

2.13.4. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

2.14. Revenue Recognition

2.14.1. Sale of goods

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract, there is no continuing managerial involvement with the goods and the amount of revenue can be measured reliably. The Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as sales tax, value added tax and goods and service tax, etc.

2.14.2. Income from processing charges is accounted on the despatch of processed goods to customers.

2.14.3. Lease license fees are recognised on straight line basis over the terms of the lease except where the license fees are structured to increase in line with expected general inflation.

2.14.4. Income from services rendered is recognised based on agreements/ arrangements with the customers as the service is performed in proportion to the stage of completion of the transaction at the reporting date and the amount of revenue can be measured reliably.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

- 2.14.5.** Income from export incentives such as duty drawback are recognised on accrual basis.
- 2.14.6.** Revenue from the sale of Development rights is recognised in terms of agreement entered into by the Company with the Developer.
- 2.14.7.** Income from sale of scrap is accounted for on realisation.
- 2.14.8.** Interest income is recognized using the effective interest rate (EIR) method.
- 2.14.9.** Dividend income on investments is recognised when the right to receive dividend is established.

2.15. Employee Benefits

2.15.1. Short-term employee benefits

Short-term employee benefits are recognized as an expense at an undiscounted amount in the Statement of Profit and Loss of the year in which the related services are rendered.

2.15.2. Post-employment benefits

The Company operates the following post - employment schemes:

- Defined contribution plans such as provident fund and Family pension fund; and
- Defined benefit plans such as gratuity

Defined Contribution Plans:

Obligations for contributions to defined contribution plans such as provident fund are recognised as an expense in the Statement of Profit and Loss as the related service is provided.

Defined Benefit Plans:

The Company's net obligation in respect of defined benefit plans such as gratuity is calculated by estimating the amount of future benefit that the employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed at each reporting period end by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of the economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan.

The current service cost of the defined benefit plan, recognized in the Statement of Profit and Loss as part of employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in the Statement of Profit and Loss. The net interest is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This net interest is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

2.15.3. Other long-term employee benefits

Liability towards other long term employee benefits - leave encashment are determined on actuarial valuation by qualified actuary by using Projected Unit Credit method.

The current service cost of other long terms employee benefits, recognized in the Statement of Profit and Loss as part of employee benefit expense, reflects the increase in the obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in the Statement of Profit and Loss. The interest cost is calculated by applying the discount rate to the balance of the obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss. Re-measurements are recognised in the Statement of Profit and Loss.

(All amounts in ₹ lakhs, unless otherwise stated)

2.16. Borrowing costs

2.16.1. Borrowing costs consist of interest and other costs incurred in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.16.2. Borrowing costs that are attributable to the acquisition or construction of qualifying assets (i.e. an asset that necessarily takes a substantial period of time to get ready for its intended use) are capitalized as a part of the cost of such assets. All other borrowing costs are charged to the Statement of Profit and Loss. Investment Income earned on the temporary investment of funds of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

2.17. Foreign Currency Transactions

2.17.1. The financial statements are presented in INR, the functional currency of the Company (i.e. the currency of the primary economic environment in which the Company operates).

2.17.2. Monetary items:

Transactions in foreign currencies are initially recorded at their respective exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at exchange rates prevailing on the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss either as profit or loss on foreign currency transaction and translation or as borrowing costs to the extent regarded as an adjustment to borrowing costs.

2.17.3. Non – Monetary items:

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

2.18. Government Grants

2.18.1. Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

2.18.2. When the grant relates to an expense item, it is recognized in Statement of Profit and Loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

2.18.3. Government grants relating to Property, Plant and Equipment are presented as deferred income and are credited to the Statement of Profit and Loss on a systematic and rational basis over the useful life of the asset.

2.19. Provisions and Contingent Liabilities

2.19.1. Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

2.19.2. The expenses relating to a provision is presented in the Statement of Profit and Loss net of reimbursements, if any.

2.19.3. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.19.4. Contingent liabilities are possible obligations whose existence will only be confirmed by future events not wholly within the control of the Company, or present obligations where it is not probable that an

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

outflow of resources will be required or the amount of the obligation cannot be measured with sufficient reliability.

- 2.19.5.** Contingent liabilities are not recognized in the financial statements but are disclosed unless the possibility of an outflow of economic resources is considered remote.

2.20. Taxes on Income

2.20.1. Current Tax

Income-tax Assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, by the end of reporting period.

Current Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.

2.20.2. Deferred tax

Deferred tax is provided using the Balance Sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred Tax items are recognised in correlation to the underlying transaction either in the Statement of Profit and Loss, other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.21. Segment reporting

- 2.21.1.** The Company identifies operating segments based on the dominant source, nature of risks and returns and the internal organisation. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the Managing Director (who is the Company's chief operating decision maker) in deciding how to allocate resources and in assessing performance

- 2.21.2.** The accounting policies adopted for segment reporting are in conformity with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on a reasonable basis have been included under 'unallocated revenue / expenses / assets / liabilities'.

2.22. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

2.23. Cash and Cash equivalents

Cash and cash equivalents in the Balance Sheet include cash at bank, cash, cheque, draft on hand and demand deposits with an original maturity of less than three months, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, Cash and cash equivalents include cash at bank, cash, cheque and draft on hand. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

2.24. Cash Flows

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

2.25. Dividend

Final dividend on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

2A RECENT ACCOUNTING PRONOUNCEMENTS

On 28th March 2018, The Ministry of Corporate affairs notified Ind AS 115 "Revenue From contracts with customers as a part of companies (India accounting standards) Amendment Rules, 2018.

The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The effective date for adoption of Ind AS 115 is financial periods beginning on or after 1st April, 2018. The effect on adoption of Ind AS 115 needs to be assessed.

9.1

- a. In an earlier year, the Company entered into a Development Agreement ("the DA") with a Developer whereby the Company granted the development rights to develop approximately 36,000 square metres of constructed area ("the Development Rights") on 12,204 square metres out of its Freehold Land at Dadar ("the said property").

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

- b. In terms of the DA and further agreements / understandings between the Company and the Developer, any cost of construction incurred by the Company and such further costs (including interest on borrowings for the said construction) that may be incurred by the Company for the development of the above referred to area is to be reimbursed by the Developer. Accordingly, the cost incurred by the Company upto 31st March, 2018 for the construction (net of amounts received from the developer in terms of the DA) amounting to ₹. 52,946.29 lakhs (31st March, 2017 ₹. 53,030.68 lakhs and 1st April, 2016 ₹. 39,670.35 lakhs) is shown as "Due from developer" under Note 9 and ₹. 9,958.13 lakhs (31st March, 2017 ₹. 9,958.37 lakhs and 1st April, 2016 ₹. 22,456.63 lakhs) is shown as "Due from developer" under Note 17.
- c. The Company has Subsequently received from the Government of Maharashtra, the approval for the development of additional constructed area of approximately 5,000 square metres over and above the area covered under the DA ; the Developer and the Company have agreed that such additional area is to be owned by the Company. The related cost of such area to be owned by the Company is mutually agreed upon with the Developer on an appropriate basis. The Company has also carried forward the amount of ₹. 2,825.16lakhs (31st March, 2017 ₹. 2,746.14 lakhs and 1st April, 2016 ₹. 2,647.15 lakhs) in Capital Work-in-progress. The said cost may be adjusted / increased when the Developer completes the construction of the total area including the construction of the common areas.
- d. The proportionate carrying cost of 12,204 square meters of land of ₹. 0.93 lakhs (31st March, 2017 ₹. 0.93 lakhs and 1st April, 2016 ₹. 0.93 lakhs), in respect of which the Development Rights are granted, is shown as "Freehold Land (under development)" under "Property, plant and equipments" in Note 3.
- e. Further, the consideration for the Grant of the Development Rights is based on the specified percentage of the revenue received by the Developer (in terms of the DA in force), irrespective of the completion of construction / handing over the possession of the said constructed area to the Purchasers / Licensees and reflected as "Grant of Development Rights" in the Statement of Profit and Loss. The DA does not contemplate a transfer or an intention to transfer the ownership or possession of the said property at present and the same continues to remain with the Company.

39 Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS. The Company has adopted all the Ind AS and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards. The transition was carried out from Generally Accepted Accounting Principles in India (Indian GAAP) as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, which was the "Previous GAAP".

The Significant Accounting Policies set out in Note No. 2 have been applied in preparing the financial statements for the year ended 31st March 2018, 31st March 2017 and the opening Ind AS balance sheet on the date of transition i.e. 1st April 2016.

In preparing its Ind AS Balance Sheet as at 1st April 2016 and in presenting the comparative information for the year ended 31st March 2017, the Company has adjusted amounts previously reported in the financial statements prepared in accordance with Previous GAAP. This note explains the principal adjustments made by the Company in restating its financial statements prepared in accordance with Previous GAAP, and how the transition from Previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

I Explanation of transition to Ind AS

In preparing the financial statements, the Company has applied the below mentioned optional exemptions and mandatory exceptions.

A Optional Exemptions availed

i Deemed cost for property, plant and equipment, investment property and intangible assets:

The Company has elected to measure all its property, plant and equipment and intangible assets at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS.

B Applicable Mandatory exceptions

i Estimates

On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However, estimates that were required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

ii Derecognition of financial assets and financial liabilities

Derecognition of financial assets and liabilities as required by Ind AS 109 is applied prospectively i.e. after the transition date.

iii Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortised cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

VIII Notes to reconciliations:

A Fair valuation of investments

All Investments have been fair valued in accordance with Ind AS 109. Investments are fair valued through profit or loss. Under Previous GAAP the current investments were carried at cost net of diminution in their value as at the Balance Sheet date. The long term investments were carried at cost net of permanent diminution, if any.

B Trade receivables

Under Previous GAAP, the Company had recognised provision on trade receivables based on the expectation of the Company. Under Ind AS, the Company provides loss allowance on receivables based on the Expected Credit Loss (ECL) model which is measured following the "simplified approach" at an amount equal to the lifetime ECL at each reporting date.

C Borrowings

Under Previous GAAP, transaction costs in relation to borrowings were charged to Statement of Profit and Loss in the year when incurred. Under Ind AS, borrowings are recognised at fair value at the inception and subsequently at amortised cost with interest recognised based on effective interest rate method.

D Spares parts

Under Previous GAAP, machinery spares that were specific to the a particular property, plant and equipment (PPE) were capitalised to the cost of the PPE. Replacement of such spares were charged to the Statement of Profit and Loss. Spares other than above, were inventorised on procurement and were charged to Statement of Profit and Loss on consumption. Under Ind AS, all significant spare parts which meet the definition of property, plant and equipment are capitalised as property, plant and equipment and in other cases, the spare part is inventorised on procurement and charged to Statement of Profit and Loss on consumption.

E Land Leases

Under Previous GAAP, agreements in respect of land leases were not part of scope of Accounting Standard 19 – "Leases". Agreement in respect of land leases were classified as lease hold land with reference to the lease period. However, under Ind AS, agreements in respect of land leases are to be classified either as finance lease or operating lease. Accordingly, the Company has classified land leases as finance lease.

F Capital Grant

Under Previous GAAP, Government Grants in respect of Property, Plant and Equipment was reduced from cost of Property, Plant and Equipment. Under Ind AS, Government Grants in respect of Property, Plant and Equipment needs to be presented as deferred income as part of liabilities.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

(All amounts in ₹ lakhs, unless otherwise stated)

G Excise Duty

Under previous GAAP, revenue from sale of goods was presented net of the Excise Duty. Under Ind AS, revenue from sale of goods is presented inclusive of Excise Duty. Accordingly, Excise Duty has been presented in the Statement of Profit and Loss as an expense.

H Remeasurement of defined benefit liabilities

Under previous GAAP, the Company recognised remeasurement of defined benefit plans under Statement of Profit or Loss. Under Ind AS, remeasurement of defined benefit plans are recognised in Other Comprehensive Income.

I Investment Property

Pursuant to Ind AS requirements, investment property is presented separately. Under Previous GAAP the same was presented as part of tangible assets. Tangible assets have been now divided into two categories under Ind AS viz. Property, plant and equipment and Investment property.

J Fair valuation of security deposits

Under previous GAAP, interest free security deposit was accounted at cost. Under Ind AS security deposit is recognised at fair value at the inception and subsequently measured at amortised cost.

k Prior period item

Prior period excess provision of ₹ 94.96 lakhs is adjusted in the opening retained earnings as at 1st April, 2016 with corresponding effect in 'Trade Payables'.

L Deferred Tax

Under Previous GAAP, deferred tax accounting was done using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Under Ind AS, accounting of deferred taxes is done using the Balance Sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. Pursuant to Ind AS requirements, credit for Minimum Alternate Tax (MAT) is reclassified as deferred tax assets. Under previous GAAP the same was presented as part of taxes paid.

M The previous year GAAP figures have been reclassified/regrouped to make them comparable with Ind AS presentation.

(All amounts in ₹ lakhs, unless otherwise stated)

A Calculation of fair values

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following methods and assumptions were used to estimate the fair values of financial instruments:

- The fair value of the long-term borrowings carrying floating-rate of interest is not impacted due to interest rate changes and will not be significantly different from their carrying amounts as there is no significant change in the underlying credit risk of the Company (since the date of inception of the loans).
- Cash and cash equivalents, trade receivables, investments in term deposits, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

B Fair value measurement hierarchy:

The fair value of financial instruments as referred to in note (B) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market;
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

C Financial risk management

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

"The key risks and mitigating actions are also placed before the Audit Committee of the Company."

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk;
- Market risk; and
- Interest rate risk

a Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables, cash and cash equivalents and other bank balances. The maximum exposure to credit risk in case of all the financial instruments covered below is restricted to their respective carrying amount.

i Trade and other receivables

Customer credit is managed by each business unit subject to the Company's established policies, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally on 21 days credit term for Textile division and for Garment division its range from 60 to 120 days credit term. Credit limits are established for all customers based on internal rating criteria. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The Company does not hold collateral as security. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically.

The Company measures the expected credit loss of trade receivables based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2018

ii Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks, investments in Government securities, inter corporate deposit and due from developer. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Management of the Company. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets.

b Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is managed by Company through effective fund management. The Company's principal sources of liquidity are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, liquidity risk is perceived to be low.

The following are the remaining contractual maturities of financial liabilities at the reporting date. Amounts disclosed are the contractual undiscounted cash flows.

c Market risk

Market Risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and price risk.

i Currency risk

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee. Company's exposure is mainly denominated in U.S. dollars (USD). The USD exchange rate has changed substantially in recent periods and may continue to fluctuate substantially in the future. The Company has put in place a Financial Risk Management Policy to Identify the most effective and efficient ways of managing the currency risks.

Exposure to currency risk

The currency profile of financial assets and financial liabilities are as below:

Particulars	As at 31 st March, 2018			As at 31 st March, 2018			As at 31 st March, 2018		
	USD	EURO	JPY	USD	EURO	JPY	USD	EURO	JPY
Financial liabilities									
Trade and other payables	-	-	5.31	-	-	-	-	-	-
Net exposure	-	-	5.31	-	-	-	-	-	-

Sensitivity analysis

The following table details the Company's sensitivity to a 25 basis points increase and decrease in the Rupee against the relevant foreign currencies is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the net exposure outstanding on receivables or payables in the Company at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 0.25% change in foreign currency rate. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. In cases where the related foreign exchange fluctuation is capitalised to fixed assets or recognised directly in reserves, the impact indicated below may affect the Company's income statement over the remaining life of the related fixed assets or the remaining tenure of the borrowing respectively.

c Market risk

ii Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market rates. The Company's exposure to the risk of changes in market rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's approach to managing interest rate risk is to have a judicious mix of borrowed funds with fixed and floating interest rate obligation.

Moreover, the short-term borrowings of the Company do not have a significant fair value or cash flow interest rate risk due to their short tenure.

The Company is also exposed to interest rate risk on its financial assets that includes fixed deposits, since the same are generally for short duration, the Company believes it has manageable risk and achieving satisfactory returns. The Company also has long - term fixed interest bearing assets. However the Company has in place an effective system to manage risk and maximise return.

Exposure to interest rate risk

The Interest rate profile of the Company's interest bearing financial instruments is as follows

Interest rate sensitivity

A reasonably possible change of 25 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant. In cases where the related interest rate risk is capitalised to fixed assets, the impact indicated below may affect the Company's income statement over the remaining life of the related fixed assets. The said calculation is done excluding loans which are taken and utilised for development of property and charged to due from developers which will never impact the income statement of the Company.

46 Segment information

A Basis for segmentation

Management has identified three reportable business segments, namely:

- i Textiles
- ii Real estate

Segments have been identified taking into account the nature of activities and its risks and returns.

The Company's Managing Director, the Chief Operating Decision Maker (CODM) for the Company, periodically reviews the internal management reports and evaluates performance/allocates resources based on the analysis of various performance indicators relating to the segments referred to above.

B Information about reportable segments

Information related to each reportable segment is set out below. Segment profit (loss) after tax is used to measure performance because management believes that this information is the most relevant in evaluating the results of the respective segments relative to other entities that operate in the same industry.

The ICD was given as at the time, the Company temporarily had surplus funds. Presently, the said ICD is reflected as non-current as not expected to be received within a period of twelve months from the date of the Balance Sheet.

51 In accordance with Ind AS 18 on "Revenue" and Schedule III to the Companies Act, 2013, Sales for the previous year ended 31st March 2017 and for the period 1st April to 30th June 2017 were reported gross of Excise Duty and net of Value Added Tax (VAT)/Sales Tax. Excise Duty was reported as a separate expenses line item. Consequent to the introduction of Goods and Services Tax (GST) with effect from 1st July 2017, VAT/Sales Tax, Excise Duty etc. have been subsumed into GST and accordingly the same is not recognised as part of Sales as per the requirements of Ind AS 18. This has resulted in lower reported sales in the current year in comparison to the sales reported under the pre-GST structure of indirect taxes. With the change in structure of indirect taxes, expenses are also being reported net of taxes. Accordingly, Financial Statements for the year ended 31st March 2018 and in particular, Sales, absolute expenses, elements of Working Capital (Inventories, Trade payable, other current assets/current liabilities etc.) and ratios in percentage of sales, are not comparable with the figures of the previous year.
