SAHARA ONE

Sahara One is Sahara One Media and Entertainment Limited's flagship brand in the GEC space in India and is a 24-hour Hindi entertainment channel. It offers its viewers a colorful and vast spectrum of emotions through its wide range of programming. We believe, Sahara TV is dedicated to promoting 'Cohesive viewing', through programmes like 'Jai Jai Jai Bajrangbali', 'Jhilmil Sitaron Ka Aangan Hoga', 'Rishton Ke Bhanwar Mein Uljhi... Niyati- season 2', 'Ghar Aaja Pardesi', 'Haunted Nights', 'Piya Ka Ghar' & 'Tujh Sang Preet Lagayi Sajna', we launched 2 new shows 'Akhir Bahu Bhu Toh Beti Hi Hai' & 'Firangi Bahu'.

With a strong focus on quality content and innovative programming and promotions, Sahara One Television is poised for a position of strength amongst the mainstream Hindi General Entertainment Channels in India.

'Jai Jai Jai Bajrangbali' from the house of Sagars is one of the most popular shows of our channel. The growing popularity of this mythological show has shown an increasing trend with the show delivering good ratings. Revamped 'Rishton Ke Bhanwar Mein Uljhi... Niyati', 'Jhilmil Sitaron Ka Aangan Hoga' & 'Ghar Aaja Pardesi' continues to entice viewers with focus on family drama.

KISMAT CONNECTION - SUNDEEP KOACHAR KE SAATH

'Kismat Connection' is the first Indian astrological fiction show based on real life stories. This show will

not only educate people about astrology but also erase the superstitions related to Astrological norms that currently exist. Astrology in India has many versions varying according to different regions, being a diversified country. Hence, we bring you the very well known Astrologer 'Sundeeep Koachar' who will host this show as well as change the definition of Astrology which is more like a science than a superstition. He will orate the meaning of Astrology as a science which if read in the right way can depict the reasons for happenings in an individual's life and how it can be a way of life if accepted the way it actually is. The format of the show would be five episodes that would denote one story. And every week there would be new incidents and new dimensions of astrology that will be explored in the show.

NEW PACKAGING AND CONTENT REVISED:

Sahara One will be seeing a total revamp as far as the look is concerned from the 7th of July. The entire packaging and color combination has been revised except for the significant logo. Shows are going through a dramatic content change to keep the viewers hooked and in future new improved good quality shows are planned.

FILMY

The group is committed towards family entertainment in Bollywood cinema space. Filmy continues to fascinate the film buffs of India with variety of films library ranging from comedy, romance, action, and thrillers, romantic and patriotic films.

The coming year will see some changes in the packaging of the channel. Besides this we also plan to launch new interstitials to help our viewers relish the taste of world class entertainment content in films genre. Our library includes famous films like Ragini MMS, Gair, Devdas, Indra-The Tiger, Darna Jaruri Hai, Mangal Pandey, Kabhi Haan Kabhi Na, Dum Maro Dum, Shadi Number1, Tum Mile and many more ...way forward

Wake up Sid, Musafir, Ek Duje Ke Liye, Kaminey, Jodha Akbar, Delhi 6, Dil Chata Hai, and many more.

'Mere Bhains Ko Anda kyo Mara' is an iconic humorous show which makes the audiences laugh and brings them back to the channel again and again. Filmy, besides adding value to the entire bouquet of TV channels is also a force which backs up the sales team adding to the Gross revenue.

FIRANGI

The channel was launched on DD Direct (Doordarshan DTH Service) and select private DTH services, making it available to newer viewers on an all India basis. The channel offers dubbed international shows and dubbed world movies at present. The channel is in the process of transformation- it will be a free to air channel in the GEC genre available on analog cable.

Bollywood music content has formidable impact on its consumers. India has gathered recent success stories in the form of television and radio content around retro music this is going to be India's first scientifically designed retro music channel that is true to its format. The channel intends to cater to retro music lovers their favorite Bollywood music 24 x 7... Sahara Motion Pictures (SMP) has been known for producing big budget movies from commercially acclaimed directors like Ram Gopal Verma, Anees Bazmee and Priyadarshan, and at the same time supporting the cause of good cinema with films directed by critically acclaimed directors like Shyam Benegal, Madhur Bhandarkar and Nagesh Kukunoor. While the first has lead to box office hits like 'No Entry', 'Wanted' and 'Malamaal Weekly', the second has lead to the movies receiving the highest recognition in Indian Cinema with 5 national Awards for Shyam Benegal's 'Bose - The Forgotten hero' and Madhur Bhandarkar's 'Page 3'.

The year was focused on sourcing and developing new scripts and building a better creative bank. Pre-production work started on the sequel of "No Entry" as Salman Khan's has allotted dates from mid 2014.

Films slated to release in 2015- 2016 are:

- The Loving Doll: Directed by Pavan Kaul. Starring: Diana Hayden, Karan Singh Grover, Kitu Gidwani.
- It's My Life: Directed by Anees Bazmi. Starring: Harman Baweja, Genelia D'Souza.
- Mumbai Cutting: 11 esteemed Directors like Anurag Kashyap, Kundan Shah and Sudhir Mishra come together to present a collection of 11 short films. Starring Raima Sen, Soha Ali Khan, Jimmy Shergil and others
- Coffee Shop: A romantic film with a story showing that a lot can happen over a cup of coffee.
- Bhopal

As of July 2013 SMP has finished shoot of their first in-house production and currently the post production work is on and is tentatively titled 'The Loving Doll' -a horror film based on a strong relationship bond.

The way forward being stories with 'wholesome entertainment', SMP aims towards sustaining the title of a trustworthy and bankable banner in the field of movie entertainment.

The slate of films being worked upon in 2014- 2015 are:

Movie	Cast	Director	Production

ADEQUACY OF INTERNAL FINANCIAL CONTROL

Your Company Internal Financial Control System are Commensurate with the nature, size and complexity of the Business and Operations. They are routinely tested and certified by Internal Auditors. Significant Audit Observation and the Follow up actions are reported to the Audit Committee.

STATUTORY AUDITORS:

M/s D. S. Shukla & Co., Chartered Accountants, Mumbai, were appointed as the Statutory Auditors of the Company for a period of five years since end of the Annual General Meeting of the Company held on 26th September, 2014, subject to ratification by Shareholders at each Annual General Meeting to be held hereafter.

In view of this, the matter is being placed before the members to consider the ratification of appointment of M/s D. S. Shukla & Co., as Statutory Auditors of the Company as per recommendation of the Board of Directors of the Company.

AUDITORS' REPORT:

M/s D. S. Shukla & Co., Statutory Auditors, submitted their Audit Report for the Financial Year 2015-2016. The auditor has qualified the following points, the reply of management to which is as under:

- 1. An Amount of Rupees 70,42,72,243/- is outstanding as recoverable from debtors and continuing beyond stipulated period of recovery. The management, based on internal assessments and**

evaluations, have represented that these debtors amount are fully recoverable and no provision is necessary as at balance sheet date. However, in absence of any convincing evidence, we are of the opinion that this amount should be considered as doubtful and requires appropriate provisioning.

Our Reply

The Company has extended credit from time to time as per the market practice and regular follow up is being done to recover the same and the management is confident to recover the same. Hence no provision made by the management.

2. **Amount of Rupees 57,88,82,469/- is outstanding which comprises of advances towards purchase/production of films. The management has explained that such advances have been given in the normal course of business and are fully recoverable. However, in our opinion amount is doubtful of recovery as these are outstanding/ remained unadjusted for long period of time. Further, balance confirmations from these parties have also not been provided to us.**

Our Reply

For Amount of Rupees 57,88,82,469/- which comprises of advances towards purchase/production of films given to S.K. Enterprises a legal notice has been issued for the same on 30th May, 2016 and regular follow up of the same is being done by the Management officials and Company is confident of recovering the same amount with interest, hence no provisioning required

3. **Reference is invited to Note 30 to the financial statements regarding deposit of Rupees. 69,40,27,883/- to Sahara-SEBI Refund account in the matter of dispute in respect of repayment of Optionally Fully Convertible Debentures (OFCDs) by two group companies, namely M/s Sahara India Real Corporation Limited & Sahara Housing Investment Corporation Limited, the Hon'ble Supreme Court of India vide its order dated 21-11-2013 had directed that Sahara Group of Companies shall not part with movable and immovable properties and accordingly Security and Exchange Board of India (SEBI) has seized the company's Fixed Deposit and Non Current Investment. Subsequent to this, Hon'ble Supreme Court vide it's order dated 4th June, 2014 has directed to defreeze the Fixed Deposit account of the company subject to condition that total proceeds would be transferred to special account opened by the SEBI. However, we are unable to ascertain whether this amount is fully recoverable or not and its further impact, if any, that may arise in case if this amount is subsequently determined to be doubtful of recovery.**

Our Reply

Pursuant to the order of Hon;ble Supreme Court of India Rupees. 69,40,27,883/- has been transferred to Sahara-SEBI Refund account, though the Company is not related in any way with the dispute. The matter is subjudice in Supreme Court and Management is fully confident that amount is fully recoverable hence no provisioning required. As the Company is not in any way involved in litigations the management is fully confident that amount transferred by order of Hon;ble Supreme Court of India will be refunded back once the final order is being passed by Hon'ble Supreme Court of India

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

AN OVERVIEW

Sahara One Media and Entertainment Limited (BSE Code: 503691) is engaged in sale of television programmes and motion pictures production and distribution. The Television business operates in three television channels namely: SAHARA ONE which is a General Entertainment Channel (GEC), FILMY which is a Hindi movie channel and FIRANGI which offers dubbed international shows and movies is proposed to be changed to a new channel named 'Hitz Music' which will be a retro music channel.

INDUSTRY STRUCTURE, DEVELOPMENT AND FUTURE OUTLOOK:

The Media and Entertainment Industry in India is a big part of sparking this ambition, widening horizons, and helping transform lives. The more we, as industry players, can enable the growth of this industry, the more people across the country can be made aware of issues, be educated and entertained, see how other parts of the country and world are and connect with others. The year 2015 saw macro economic upheavals at the global level which slowed down the pace of economic reforms in India. Global GDP growth fell – from 2.6% in 2014 to 2.4% in 2015. This was due to the Chinese economy slowing down and the substantial drop in oil and commodity prices. The Indian economy also went through its own upheavals; a weak monsoon, rising bank NPAs and constant disruptions in Parliament affected investment sentiment. Despite these factors the Indian economy remained the second fastest growing economy at a GDP growth rate of 7.3% in 2015. The media and entertainment (M&E) industry in this period grew by 12.8%.

KEY TRENDS AND THEMES FOR GROWTH

DIGITISATION:

Media And Entertainment Industry

The Media and Entertainment Industry is a key growth driver for the Indian economy. According to the FICCI-KPMG Report 2016, the sector witnessed 12.8% growth in 2015 growing from INR 1,026 billion in 2014 to INR 1,157 billion in 2015. The industry is expected to grow to INR 2,260 billion by 2020 at a CAGR of 14.3% during 2015-2020, which is more than double the rate of growth of global M&E Industry. Total advertising spend across different media verticals was INR 475 billion in 2015 contributing to 41% of the total Media & Entertainment industry revenues. Fueled by the continued economic growth, advertising revenues saw a growth of 14.7% in 2015. Currently, advertising revenue in India contributes less than 0.5% of the GDP, compared to the average 1% contribution across most developed economies. It is expected that advertising will increasingly contribute a higher share to the GDP in the coming years and is projected to double to INR 994 billion by 2020 growing at a CAGR of 16% during 2015-2020.

In 2015, subscription revenues grew at annualized growth rate 11.4%, from INR 612 billion in 2014 to INR 682 billion in 2015. With the effects of cable digitization yet to show impact, the subscription revenue is expected to grow to INR 1,266 billion by 2020 at a CAGR of 13.2% during 2015-2020

Post the ruling from The Telecom Disputes Settlement and Appellate Tribunal's (TDSAT) that Reference Interconnect Offer (RIO) has to be the starting point for all content deals between broadcasters and distribution lat forms commencing April 1 ,2016, the Telecom Regulatory Authority of India (TRAI) has initiated a consultation process to decide on issues related to pricing of channels between broadcasters, distributors and subscribers. It remains to be seen what impact this consultation process is likely to have on subscription arrangements in the industry. Apart from the regulatory impact, key things to watch for in 2016 include the Multi System Operators' (MSOs) ability to drive the subscription of tiered channel packages in Phase I & II cities, completion of set-top-box (STB) rollout in Phase III areas and STB seeding in Phase IV areas.

Increase in FDI limit in TV distribution and news channels

The end of 2015 saw a positive turn towards the Foreign Direct Policy, with the increase in the limit in TV broadcasting and distribution.

In Digital cable, DTH services and HITS, 100 per cent ownership (49 per cent via direct route and 100 per cent via FIPB approval) was permitted for foreign investors, an increase from 74 per cent previously DTH players have managed to receive significant foreign investment due to the higher transparency in

operations. However, in the Cable TV distribution business, the earlier FDI limits also remain under-utilised largely due to structural issues resulting in low foreign investor interest. Global cable industry majors such as Comcast and Liberty Global have stayed away from making investments in the Indian cable industry largely due to lack of clarity on ownership of last mile infrastructure and lack of addressability.

In broadcasting, the FDI limit was increased from 26 per cent to 49 per cent in news channels via the FIPB approval route .

Broadcasting

As television advertising in India is expected to grow at a CAGR of 15 per cent between 2015-20, to reach INR365 billion, Subscription revenue for broadcasters is expected to grow at a CAGR of 19 percent between 2015-20 to INR 203 billion due to increase in the declared subscriber base in Phase III and IV, increase in subscription revenues collected on the ground due to channel packaging and increasing HD penetration, and increase in revenue share of broadcasters in the subscription pie.

An increase of 28 per cent from 24 per cent in 2020 can be seen by in subscription revenue of Broadcaster share. Subscription revenue growth for broadcasters continued to underwhelm, growing at an estimated 15 per cent to INR85 billion, lower than our expectations of 20 per cent in the previous year's report.

Television Advertising

Television Advertising managed a growth of 17 per cent which is far more better than the expectation of 13 per cent .with many factors in its favour such as election in Bihar and Delhi, contribution of cricket events, and involvement of E- commerce industry .

As per industry discussions, the TV advertising spend by e-commerce companies is expected to have grown at 80 per cent in 2015, as they continue to invest heavily in customer acquisition and brand building. As a share of total TV ad spends, e-tailing category spends in TV advertising increased from approximately 3 per cent in 2014 to approximately 5 per cent in 2015, while total e-commerce spend on TV contributed to approximately 7 per cent in 2015.

Sports events IPL 2015 was expected to suffer from cricket viewership fatigue post the Cricket World Cup, both viewership and ad revenues were better than expected, with IPL estimated to have earned approximately INR8.5 billion in 2015.³⁸ In 2016, as well, cricket events are expected to contribute significantly to ad revenue growth with IPL expected to see growth of ad revenues to INR10 billion and ICC T20 world cup expected to earn INR3 billion in ad revenues

KEY ELEMENTS FOR GROWTH

(i) New shows to sustain in competitive Industry:

The launch of new shows across network channels and current series rights of programs has helped the channel to sustain in the competitive industry and grew its dominance. The Company aims to further enhance the market share through a planned content line up and launch of new shows.

(ii) Concentrate on additional revenues from digital pay platforms:

India is a fast digitising market and the consumer shift towards digital services is exhibited through the rampant expansion of digital homes. Digital homes now account for almost half of the total Pay TV homes in the Country.

(iii) Rationalize on costs across different heads:

The company has always believed that higher spends will not necessarily result in sustained incremental viewership. Even in the wake of competition, the network maintained its cost structures, though with increased competition our costs also moved up. Better negotiations with suppliers and stricter control on distribution spends will help in further keeping costs under check.

(iv) Corporate Governance:

Sahara one media and entertainment firmly believes that good governance is critical to sustaining corporate development, increasing productivity and competitiveness and creating shareholder wealth. The governance process should ensure that the available resources are utilised in a manner that meets

the aspirations of all its stakeholders. Your Company's essential charter is shaped by the objectives of transparency, professionalism and accountability. The Company continuously endeavours to improve on these aspects on an ongoing basis. While the increasing emphasis on transparency and accountability, standards have been set by various governing bodies on disclosure as well as judiciousness in conduct. Our Company has always tried to go a step further in this direction.

KEY AREAS TO BE FOCUSED ON FOR GROWTH

Development in terms of quality and quantity:

The demand drivers clearly point toward a requirement for substantial manpower both in terms of quantity and quality. For a sector that is still evolving, the challenge to get a skilled workforce commensurate with growth is immense. Industry players are yet to fully recognize the importance of training, skill development or education in media. The students trained in a media course industry continues to hire general stream graduate students at the entry level who are expected to learn on the job. There is clearly a gap in the number of quality institutions, given India's size and the concentration of education institutions in tier-I cities. A lot of production houses in television, films, animation and news, in both print and broadcast, have in-house training schools but they lead to creation of a captive talent pool and do not benefit the industry at large.

Content Management:

The Internet has forced M&E content creators to reengineer content-related processes. New content types require newer content management capabilities. Designing the 'next best product' can be done through implementing analytics solutions on past data. Search and browse requirements need metadata tagging and SEO.

Distribution Channel:

The emerging digital world requires new methods of distributing content. Identifying the optimum distribution channel mix is expected to reduce a lot of operational expenditure for the media and entertainment organisation. With the advent of kindle and smart phones, 'any content on any device at any time' becomes the expectation. Providing an active role for the readers in defining their products could decide the success rate of the distribution channel.

KEY CHALLENGES AND RISKS:

- (i) Lack of fresh talent pool. Creative profiles like actors and writers are mostly in short supply. This can impact not only costs but quality and differentiation as well, since most of the available talent pool is used across a range of productions. Few media schools imparting courses in creative writing or ideation leading to paucity of content creation in the television industry, where number of channels have grown exponentially.
- (ii) Most courses in media marketing and sales are not very popular with media schools and the industry often has to look to other sectors to hire manpower for these job roles. FMCG tends to be a key poaching ground for the media industry
- (iii) Budget constraints which tend to limit creativity and often hamper the possibility of exploring innovative concepts or formats.

Increasing digitization across sub-sectors of M&E industry, rate increases in TV, channel packaging by MSOs, innovative strategies to monetize digital content, rapid growth of new media powered by increasing smartphone penetration. A well thought out, consistent and long term outlook on regulation is also the key to create an M&E industry that is world class in scale and plays its part in transforming India.

Music

Music industry grew by 10% % to INR 10.8 billion in 2015 compared to INR 9.8 billion in 2014. More than 55% of the music industry revenue comes from the digital platforms with music streaming services catching the imagination of Indian consumer. The music industry is projected to grow to INR 20.6 billion by the end of 2020 at a CAGR of 13.8% from 2015-2020

Films

The Film sector grew by 9.3% to INR 138 billion in 2015 from INR 126 billion in 2014, mainly driven by Regional and Hollywood cinema. Growth of Regional and Hollywood content points to the trend of audience appreciating the quality of the content irrespective of the language.

India is still under penetrated in terms of screens which means there is a huge scope of growth for the film industry. With the proliferation of multiplex screens coupled with technology to conveniently book tickets the footfalls are expected to increase. Growing popularity of VOD services has opened up a new revenue stream for films. The Film sector is projected to grow to INR 227 billion by the end of 2020 at a CAGR of 10.5% for 2015-2020.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has in place adequate Internal Control systems & procedures commensurate with the size and the nature of its business for the purchase of goods, TV programmes, films / programme rights, equipment and other assets and for the sale of goods. The Management also keeps close watch on the Internal Control system and consistently takes necessary corrective steps, wherever necessary, to further strengthen the Internal Control systems and procedures of the Company

HUMAN RESOURCES

The Company strongly believes in manpower being superior to money power and therefore, recognizes and respects the individual capacities and capabilities of its employees. The Company's Human Resource processes ensure building a competent team of motivated employees. It is the Company's first priority to enrich its employees by promoting learning and enhancing their knowledge with special emphasis on internal and external training. The proper synchronization between the goals of the individual and that of the organization is a critical aspect and is delicately managed by the HR department. The Company has stressed strongly on performance management linked to compensation. To recognize and reward good performance, the Company has been successfully practicing the concept of performance-based variable compensation. The reward and recognition system is duly followed through a performance appraisal system on an annual basis.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:

Corporate Governance is a set of systems and practices to ensure that the affairs of the company are being managed in a way which ensures accountability, transparency, fairness in all its transactions in the widest sense and meet its stakeholders aspirations and societal expectations. Good governance practices stem from the culture and mindset of the organization and the commitment to meet the aspirations of all the stakeholders. This is demonstrated in shareholder returns, high credit ratings, governance processes and an entrepreneurial, performance focused work environment.

Traditional views of Governance as a Regulatory and compliance requirement have given way to adoption of governance tailored to the specific needs of the company. Regulation 27 has set the benchmark compliance rules for a listed company and the baseline for governance standards. Sahara One not only adheres to the prescribed corporate practices as per Regulation 27 but is constantly striving to adopt emerging best practices worldwide. It is our endeavor to achieve higher standards and provide oversight and guidance to management in strategy implementation and risk management and fulfillment of stated goals and objectives.

Corporate Governance is the manifestation of personal benefits and values, which configures the organizational values, benefits and actions of employees of the Company. Company is committed to be open and transparent as much as possible with respect to its internal financial reporting, control systems and decision making processes.

Corporate Governance is an integral part of the philosophy of the Company in its pursuit of excellence, growth and value creation. In addition to complying with the statutory requirements, effective governance systems and practices towards improving transparency, disclosures, internal control and promotion of ethics at work place have been institutionalized. The Company recognizes that good governance is a continuing exercise and reiterates its commitment to pursue highest standards of Corporate Governance in the overall interest of all its stakeholders.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SAHARA ONE MEDIA AND ENTERTAINMENT LIMITED

We have audited the accompanying financial statements of SAHARA ONE MEDIA AND ENTERTAINMENT LIMITED ("the Company"), which comprise the Balance Sheet as at 31 March, 2016, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Basis for Qualified Opinion

1. An Amount of Rupees 70,42,72,243/- is outstanding as recoverable from debtors and continuing beyond stipulated period of recovery. The management, based on internal assessments and evaluations, have represented that these debtors amount are fully recoverable and no provision is necessary as at balance sheet date. However, in absence of any convincing evidence, we are of the opinion that this amount should be considered as doubtful and requires appropriate provisioning.
2. Amount of Rupees 57,88,82,469/- is outstanding which comprises of advances towards purchase/production of films. The management has explained that such advances have been given in the normal course of business and are fully recoverable. However, in our opinion amount is doubtful of recovery as these are outstanding/remained unadjusted for long period of time. Further, balance confirmations from these parties have also not been provided to us.
3. Reference is invited to Note 30 to the financial statements regarding deposit of Rupees. 69,40,27,883/-

to Sahara-SEBI Refund account in the matter of dispute in respect of repayment of Optionally Fully Convertible Debentures (OFCDs) by two group companies, namely M/s Sahara India Real Corporation Limited & Sahara Housing Investment Corporation Limited, the Hon'ble Supreme Court of India vide its order dated 21-11-2013 had directed that Sahara Group of Companies shall not part with movable and immovable properties and accordingly Security and Exchange Board of India (SEBI) has seized the company's Fixed Deposit and Non Current Investment. Subsequent to this, Hon'ble Supreme Court vide its order dated 4th June, 2014 has directed to defreeze the Fixed Deposit account of the company subject to condition that total proceeds would be transferred to special account opened by the SEBI. However, we are unable to ascertain whether this amount is fully recoverable or not and its further impact, if any, that may arise in case if this amount is subsequently determined to be doubtful of recovery.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in paragraphs 1 to 3 of the Basis for Qualified Opinion paragraph, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2016, and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

1. The company has prepared financial statements on a going concern basis, notwithstanding the fact that the major customer of the company has terminated the program purchase agreement which was main source of income of the Company, the company does not have sufficient fund to pay its creditors, salary to employees and statutory dues, revenue from operation has reduced by 81% as compared to previous year. These events cast significant doubt on the ability of the Company to continue as a going concern. The appropriateness of the said basis is inter alia dependent on the Company's ability to make new customers, infuse requisite funds for meeting its obligations and resuming normal operations. Our opinion is not qualified in respect of this matter.
2. The Gratuity Trust in which company was making gratuity contribution was dissolved and Trust has refunded the amount pertains to the company but company has neither created any recognized gratuity fund Trust nor made any other arrangement to deposit this amount to any other recognized Gratuity Fund Trust. Our opinion is not qualified in respect of this matter.
3. During the year, the company has assigned several Movies rights against very low consideration compared to their purchase cost. However, in absence of any comparable prices and valuation report, we are unable to comment whether the transaction was made at prevailing market prices or not. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure- A' a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, subject to the effects of the matters described in paragraphs 1 to 3 of the Basis for Qualified Opinion paragraph, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- e. On the basis of the written representations received from the directors as on 31 March, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2016 from being appointed as a director in terms of Section 164(2) of the Act.
- f. With respect to the adequacy of internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in 'Annexure-B'; and
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements- Refer note 28 to the financial statement.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE 'B' TO AUDITORS' REPORT

Report on Internal Financial Control under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Sahara One Media And Entertainment Limited ("the Company"), as of 31st March 2016 in conjunction of our audit of the financial statement of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the company considering the essential components of the internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for insuring the orderly and efficient conduct of business, including adherence to the Company's policies, the safeguards of its assets, the prevention and detection of fraud and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') and the Standard on Auditing

issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and evaluating the design and operating effectiveness of internal control based on assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statement for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) Pertains to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and the receipts and expenditures of the company are being made only in accordance with the authorization of the management and directors of the company; and
- c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over internal financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that of degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2016, based on the internal control over financial reporting criteria established by the company considering the essential components of the internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Notes to financial statements for the year ended 31 March 2016

1. Corporate information

Sahara One Media And Entertainment Limited is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is a television content provider and also produces and distributes films.

2. Basis of preparation

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under the relevant provisions of the Companies Act, 2013. The financial statement has been prepared on an accrual basis and under the historical cost convention.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

2.1 Summary of significant accounting policies

(a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods

(b) Tangible fixed assets

Fixed assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of fixed asset is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(c) Depreciation on tangible fixed assets

Depreciation on fixed assets is calculated on a straight-line basis using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule II to the Companies Act, 2013, whichever is higher. The company has used the following rates to provide depreciation on its fixed

Fixed assets	Estimated Life
Buildings	60 years
Office equipment	15 Years
Computers	3 Years
Shooting Equipment	13 Years
Furniture and Fittings	10 Years
Vehicles	8 Years

(d) Leases:

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

(e) Borrowing costs

Notes to financial statements for the year ended 31 March 2016

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

(f) Impairment of assets

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

(g) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(h) Inventories

Inventories comprise television programmes and films held for sale. Inventories are valued at lower of cost or net realisable value.

Cost of Satellite rights of motion picture films, television programmes and events are amortised over a period of four years based on their pattern of utilisation.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

(i) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

i. Sale of Rights

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer i.e. when the television programme and film are delivered to the customers. The company collects service tax and value added tax (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue.

Revenue from sale of satellite/television broadcasting rights, music and home video rights in respect of films and programmes are recognized in accordance with the contract/arrangement upon delivery of content to the customers.

Theatrical revenue for films is recognized on sale of tickets in accordance with the terms of the contract.

ii. Interest

Notes to financial statements for the year ended 31 March 2016

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

iii. Dividend

Revenue is recognized when the shareholders' right to receive payment is established by the balance sheet date.

(j) Foreign currency transactions

i. Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii. Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences

Exchange differences arising on the settlement of monetary items or on reporting such monetary items of the company at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

(k) Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The Company has no obligation, other than the contribution payable to the Trust set up by Sahara Group.

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation projected unit credit (PUC) method made at the end of each financial year. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit and is provided on the basis of estimates. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

(l) Income taxes

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date. Deferred income tax relating to items recognized directly in equity is recognized in equity and not in the

Notes to financial statements for the year ended 31 March 2016

statement of profit and loss.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each reporting date, the company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(m) Segmental Reporting Policies

Identification of segments

The company's operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the company operate.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the company as a whole.

(n) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

(o) Provisions

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

(p) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will

Notes to financial statements for the year ended 31 March 2016

be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

(q) Cash and Cash equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

	Rs.	Rs.
a) Income Tax in respect of Assessment Years 2000-01 to 2013-14 in respect of which the Company has gone on appeal. Based on judicial pronouncements, the Company's claim is likely to be accepted by the appellate authorities.	493,460,294	488,927,640
b) Custom case pending at appellate authorities in respect of financial year 2008-09.	445,000	445,000

The Company is contesting the demands and the management, including its tax advisors, believe that its position will likely be upheld in the appellate process. No tax expense has been accrued in the financial statements for the tax demand raised. The management believes that the ultimate outcome of this proceeding will not have a material adverse effect on the company's financial position and results of operations.

29. In the matter of dispute in respect of repayment of Optionally Fully Convertible Debentures (OFCDs) by two group companies, namely M/s Sahara India Real Corporation Limited & Sahara Housing Investment Corporation Limited, the Hon'ble Supreme Court of India vide its order dated 21-11-2013 had directed that Sahara Group of Companies shall not part with movable and immovable properties and accordingly Security and Exchange Board of India (SEBI) has seized the company's Fixed Deposit and Non Current Investment. Subsequent to this, Hon'ble Supreme Court vide its order dated 4th June, 2014 has directed to defreeze the Fixed Deposit account of the company subject to condition that total proceeds would be transferred to special account opened by the SEBI. Accordingly, the company has transferred an amount of Rs 694,027,883 to Sahara-SEBI Refund account. However, the company's management strongly believes that the money deposited is recoverable and will be received back alongwith interest, as the amount in Sahara - SEBI Refund Account is in the shape of Fixed Deposit. However, the Company has not accrued any interest on this amount.
