NOTES FOR MEMBERS' ATTENTION

1. The Explanatory Statement setting out the material facts pursuant to Section 102(1) of the Companies Act, 2013, relating to the Special Business to be transacted at the Annual General Meeting is annexed hereto.
2. A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING ("AGM") IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON A POLL INSTEAD OF HIMSELF OR HERSELF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY. The instrument appointing Proxies, in order to be effective, must be received in the annexed Proxy Form at the Registered Office of the Company not less than forty-eight (48) hours before the time fixed for commencement of the AGM, i.e. by 9.30 A.M. on 21st September, 2022.
A person shall not act as Proxy on behalf of the members for more than Fifty (50) in number and holding in the aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as proxy for any other person or member.
3. Members/Proxies are requested to deposit the Attendance Slip duly filled in and signed for attending the AGM. In case of joint holders attending the AGM, only one such joint holder whose name appears first in the joint holders list will be entitled to vote. Corporate members, Societies, etc. intending to attend the AGM through their authorised representatives are requested to send to the Company, a certified copy of the Board Resolution, Power of Attorney or such other valid authorisations, authorising them to attend and vote on their behalf at the AGM. Members who hold shares in dematerialised form are requested to bring their DP I.D. and Client I.D. No. for easier identification of attendance at the AGM.
4. During the period beginning twenty-four (24) hours before the time fixed for the commencement of the AGM and ending with the conclusion of the AGM, a Member would be entitled to inspect the proxies lodged at any time during the normal business hours of the Company. All relevant documents referred to in the accompanying Notice and the Explanatory Statement shall be open for inspection by the Members at the Registered Office of the Company during the normal business hours on all working days except Saturdays, upto and including the date of the AGM. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013 and the Register of Contracts or Arrangements in which Directors are interested, maintained under Section 189 of the Companies Act, 2013 will be available for inspection during the AGM at the Registered Office of the Company.
5. The Register of Members and Share Transfer Books of the Company shall remain closed from Saturday, the 17th September, 2022 to Friday, the 23rd September, 2022 (both days inclusive) for the purposes of the AGM and determining the names of members eligible for dividend on equity shares, if declared at the AGM.
6. If the dividend as recommended by the Board of Directors is declared at the AGM, payment of such dividend will be made on or before 22nd October, 2022 as under: -
 - A. To all Beneficial Owners in respect of shares held in dematerialised form as per the data as may be made available by the National Securities Depository Limited and the Central Depository Services (India) Limited as of the close of business hours on 16th September, 2022; and
 - B. To all Members in respect of shares held in physical form as per Register of Members as on 16th September, 2022, after giving effect to valid transmission/transposition or transfers, if any, in respect of transfer requests lodged with the Company on or before the close of business hours on 16th September, 2022.
7. As per the Income-Tax Act, 1961, as amended by the Finance Act, 2020, dividends paid or distributed by the Company after 1st April, 2020 shall be taxable in the hands of the Shareholders. Your Company shall, therefore, be required to deduct tax at source at the time of making the payment of the Dividend as recommended by the Board of Directors and declared by the members in the Annual General Meeting (AGM). The members are requested to refer the governing provisions of the Income Tax Act, 1961 and rules made thereunder for the prescribed rates of tax deduction at source for various categories. The relevant provisions to this effect under the Income Tax Act, 1961 are succinctly given herein :
 - (i) For Resident Shareholders, tax shall be deducted at source under Section 194 of the Income Tax Act, 1961 at 10% on the amount of dividend, if Permanent Account Number (PAN) is provided by the Shareholders to the Company/Depository Participant. If no PAN is provided, then the tax shall be deducted at source at 20% as per Section 206AA of the Income Tax Act, 1961. However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by such resident individual shareholders of the Company during the Financial Year 2022-23 does not exceed ₹ 5,000/-. In cases where the shareholder provides Form 15G (applicable to any person other than a company or a firm)/ Form 15H (applicable to an Individual above the age of 60 years) as notified under Income Tax Rules, 1962, provided that all the required eligibility conditions are met, no tax will be deducted at source.
 - (ii) For Foreign Portfolio Investor (FPI) category Shareholders, tax shall be deducted at source under Section 196D of the Income Tax Act, 1961 at 20% on the amount of dividend payable.
 - (iii) For other Non-resident Shareholders, tax is required to be deducted in accordance with the provisions of Section 195 of the Income Tax Act, 1961, at the rates in force. Accordingly, as per the relevant provisions of the Income Tax Act, 1961, the tax shall be deducted at the rate of 20% on the amount of dividend payable to them. However, as per Section 90(2) of the Income Tax Act, 1961, the non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement (tax treaty) between India and the country of tax residence of the concerned shareholder, if the

tax treaty provisions are more beneficial. For this purpose, i.e. to avail a lower rate of deduction of tax at source under an applicable tax treaty, such non-resident shareholders will have to provide the followings:

- (a) Self-attested copy of the PAN allotted by the Indian Income Tax authorities;
- (b) Self-attested copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the shareholder is resident. In case, the TRC is furnished in a language other than English, the said TRC shall have to be translated from such other language to English language and thereafter duly notarized and apostilled copy of the TRC shall have to be provided to the Registrar and Share Transfer Agents of the Company;
- (c) Self-declaration in Form 10F as notified under Income Tax Rules, 1962, if all the details required in this form are not mentioned in the TRC; and
- (d) Self-declaration by the non-resident shareholder as to:
 - Eligibility to claim tax treaty benefits based on the tax residential status of the shareholder, including having regard to the Principal Purpose Test (if any), introduced in the applicable tax treaty with India;
 - No Permanent Establishment/fixed base in India in accordance with the applicable tax treaty;
 - Shareholder being the beneficial owner of the dividend income to be received on the equity shares; and
 - Shareholder has no reason to believe that its claim for the benefits under the tax treaty is impaired in any manner.
- (iv) TDS to be deducted at higher rate in case of non-filers of return of income: Section 206AB of the Income Tax Act, 1961 has been made effective from 1st July, 2021, which provides that where tax is required to be deducted at source on any sum or income or amount paid, or payable or credited, by a person to a specified person, the tax shall be deducted at the higher of the following rates, namely:
 - (a) at twice the rate specified in the relevant provision of the Income Tax Act, 1961; or
 - (b) at twice the rate or rates in force; or
 - (c) at the rate of 5% as prescribed in the said section.

If the provisions of Section 206AA of the Income Tax Act, 1961 is applicable to a specified person, in addition to the provision of Section 206AB of the Income Tax Act, 1961, the tax shall be deducted at higher of the two rates provided in Section 206AB and Section 206AA of the Income Tax Act, 1961.

The “specified person” means a person who has not filed the returns of income for both of the two assessment years relevant to the two previous years immediately prior to the previous year in which tax is required to be deducted, for which the time limit of filing return of income under sub-section (1) of Section 139 of the Income Tax Act, 1961 has expired; and whose aggregate of tax deducted at source and tax collected at source in its case is ₹ 50,000 or more in each of these two previous years. The specified person shall not include a non-resident who does not have a permanent establishment in India.

In order to enable the Company to determine the appropriate tax rate at which tax has to be deducted at source under the respective provisions of the Income-Tax Act, 1961 and rules made thereunder, eligible shareholders are requested to provide the above-mentioned details and documents as applicable on or before 16th September, 2022. The dividend, if declared at the Annual General Meeting, will be paid after deduction of tax at source as determined on the basis of the aforementioned documents provided by the respective shareholders as applicable to them and being found to be satisfactory. The Company is not obligated to apply the beneficial tax treaty rates at the time of deduction of tax at source on the dividend amount, which shall depend upon the completeness and satisfactory review by the Company of the documents submitted by the Non-resident Shareholders.

The members holding equity shares of the Company under multiple accounts and/or different status/category and single PAN, may note that higher of tax as applicable to the status in which equity shares held under a PAN will be considered on their entire holding in different accounts.

Note : All the above referred tax rates shall be duly enhanced by the applicable surcharge and cess, wherever applicable.

It may be noted that the aforementioned documents are required to be submitted to Company's Registrar and Share Transfer Agents (RTA), Messrs Link Intime India Private Limited at its dedicated link mentioned below - <https://linkintime.co.in/formsreg/submission-of-form-15g-15h.html> on or before 16th September, 2022 at 17.00 Hrs. Indian Standard Time (IST) in order to enable the Company to determine and deduct appropriate TDS/withholding tax rate.

No communication on the tax determination/deduction in respect of the said dividend shall be entertained post 16th September, 2022 at 17.00 Hrs. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details/documents from an eligible shareholder, there would still be an option available with such shareholder to file the return of income and claim an appropriate refund, if eligible. All communications/queries in this respect should be addressed and sent to Company's RTA, Messrs Link Intime India Private Limited at its e-mail address ucldivtax@linkintime.co.in. The Company shall arrange to e-mail a soft copy of TDS certificate to the concerned shareholders at their registered e-mail addresses in due course.

Disclaimer: This Communication is not to be treated as an advise from the Company or its affiliates or Messrs Link Intime India Private Limited. Shareholders should obtain the tax advise related to their tax matters from a tax professional.

8. Members holding shares in dematerialised form may please note that their bank account details as furnished by the respective depositories to the Company will be considered for payment/remittance of dividend as per the applicable regulations of the Depositories. The Company or its Registrar and Share Transfer Agents will neither entertain nor act on any direct request from such members for change/deletion in such bank account details. Further, instructions, if any, already given by them in respect of shares held in physical form, will not be automatically applicable to the dividend to be paid on shares held in dematerialised form. Members may therefore, give instructions regarding bank account details in which they wish to receive dividend to the Depository Participants. Members holding shares in physical form are requested to advise any change in their address or bank mandates to the Company/Registrar and Share Transfer Agents. In the event the Company is unable to pay the dividend to certain Members directly in their bank account through Electronic Clearing Service (ECS) or any other means due to non-registration of the Electronic Bank Mandate, the Company shall despatch the Dividend Warrant/Bankers Cheque/Demand Draft to such Members as per prevailing law.
 9. Non-resident Indian Members are requested to inform Depositories/Registrar and Share Transfer Agents, as the case may be, immediately of:
 - A. the change in the residential status on return to India for permanent settlement; and
 - B. the particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
 10. The voting rights of the members shall be reckoned in proportion to their shareholding in the total paid-up equity share capital of the Company as on the cut-off date i.e. 16th September, 2022.

Any person who acquires shares of the Company and becomes member of the Company after dispatch of the Notice and holding shares at the cut-off date i.e. 16th September, 2022, may obtain login id and password by sending a request at helpdesk.evoting@cdslindia.com. However, if a person is already registered with CDSL for Remote e-Voting, then they can use their existing User ID and Password to cast the vote.

- (ii) Shareholders who have already voted prior to the AGM date would not be entitled to vote at the AGM venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/ 2020/242 dated 9th December, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide Remote e-Voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple Remote e-Voting service providers (ESPs) providing Remote e-Voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable Remote e-Voting to **all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in Remote e-Voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI Circular no. SEBI/HO/CFD/CMD/CIR/P/2020/ 242 dated 9th December, 2020 on Remote e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and e-mail Id in their demat accounts in order to access Remote e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for Remote e-Voting **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following Statement sets out all material facts relating to the relevant Ordinary/Special Business mentioned in the accompanying Notice dated 23rd May, 2022.

Item No. 4

In terms of Section 139 of the Companies Act, 2013 ("the Act") and the Companies (Audit and Auditors) Rules, 2014, made thereunder, the present Statutory Auditors of the Company, Messrs V. Sankar Aiyar & Co., Chartered Accountants (Registration No.109208W), will hold office as such until the conclusion of this Seventy-Seventh (77th) Annual General Meeting upon completion of their second term of five (5) consecutive years. The Company is required to appoint another Auditor for a period of five years to hold office from the conclusion of this Annual General Meeting till the conclusion of the Eighty-Second (82nd) Annual General Meeting of the Company.

The Board of Directors at its meeting held on 23rd May, 2022, after considering the recommendation of the Audit Committee, has recommended for approval of members the appointment of Messrs BGJC & Associates LLP, Chartered Accountants, (Registration No. 003304N/N500056), as the Statutory Auditors of the Company. The proposed Auditors shall hold office for a term of five consecutive years commencing from the conclusion of the Seventy-Seventh (77th) Annual General Meeting till the conclusion of Eighty-Second (82nd) Annual General Meeting of the Company. Before recommending appointment of Messrs BGJC & Associates LLP, Chartered Accountants as Statutory Auditors of the Company, the Audit Committee has duly assessed the capability of the proposed Statutory Auditors to serve Company's operating business besides considering various parameters including market standing, audit experience and peer review certification, technical knowledge, etc. and found Messrs BGJC & Associates LLP, to be best suited to handle the audit of financial statements of the Company.

The Board of Directors of the Company, based on the fees proposal received and on the recommendation of the Audit Committee, has proposed Audit Fees of ₹ 15.00 Lakhs (Rupees Fifteen Lakhs only) plus reimbursement of applicable Goods and Services Tax and actual out of pocket and travelling expenses incurred in connection with the audit and billed progressively to Messrs BGJC & Associates LLP, Chartered Accountants, (Firm Registration No. 003304N/N500056) for the Financial Year 2022-23. The Board may

revise the Audit Fees payable to the Statutory Auditors, as per the recommendation of the Audit Committee, as may be mutually agreed with the Statutory Auditors of the Company.

The Company had paid Audit Fees of Rupees 15.00 Lakhs (Rupees Fifteen Lakhs only) to the outgoing Statutory Auditors i.e. Messrs V. Sankar Aiyer & Co., Chartered Accountants, (Firm Registration No. 109208W) for the financial year 2021-22 besides reimbursement of applicable Goods and Services Tax and actual out of pocket expenses, etc. In the opinion of the Audit Committee and the Board of Directors of the Company, the Audit Fees payable to Messrs BGJC & Associates LLP, Chartered Accountants, is based on the proposal received at the time of selection of the Statutory Auditors by the Audit Committee. The other terms and conditions of appointment of the Statutory Auditors shall, inter-alia, include the conditions as mentioned in 6(A) and 6(B) of SEBI Circular No. CIR/CFD/CMD1/114/2019 dated 18th October, 2019 with respect to – “Resignation of Statutory Auditors from listed entities and their material subsidiaries” and fixation of remuneration for the periods subsequent to financial year 2022-23 during the remainder term of Statutory Auditors by the Board of Directors based on the recommendation of the Audit Committee.

Messrs BGJC & Associates LLP, Chartered Accountants, have consented to the aforesaid appointment and confirmed that their appointment, if made, will be within the limits specified under Section 141(3)(g) of the Companies Act, 2013. They have further confirmed that they are not disqualified to be appointed as the Statutory Auditors in terms of the Companies Act, 2013 and the rules made thereunder.

None of the Directors/Key Managerial Personnel of the Company and their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the accompanying Notice.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the accompanying Notice for approval of the Members of the Company.

Item No. 5

The Company is required under Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014, as amended from time to time, to have the audit of its cost records for products covered under the Companies (Cost Records and Audit) Rules, 2014 conducted by a Cost Accountant in practice. The Board of Directors of the Company in its Meeting held on 23rd May, 2022, has on the recommendation of the Audit Committee approved the appointment of Messrs D. Sabyasachi & Co., Cost Accountants (Registration Number - 000369) as the Cost Auditors of the Company for the Financial Year 2022-23 at a remuneration of ₹ 1.00 Lakh (₹ One Lakh only) plus reimbursement of applicable Goods and Services Tax and actual out of pocket and travelling expenses incurred in connection with cost audit work.

In accordance with the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board of Directors has to be ratified by the Members of the Company. Accordingly, the consent of the Members is sought by way of an Ordinary Resolution as set out at Item No. 5 of the Notice for ratification of the remuneration payable to the Cost Auditors of the Company for the Financial Year ending on 31st March, 2023.

None of the Directors/Key Managerial Personnel of the Company and their relatives is, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of the accompanying Notice.

The Board recommends the Ordinary Resolution set out at Item No. 5 of the accompanying Notice for approval of the Members of the Company.

The financial statements for the year ended 31st March, 2022 have been prepared in accordance with Ind AS in terms of the provisions of Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

STATE OF COMPANY'S AFFAIRS

The Company is predominantly engaged in the business of manufacturing a large range of Power Cables from 1.1kV to 400kV, Capacitors and Capacitor Banks, Turnkey Projects relating thereto and other types of wires and cables, conductors, etc. There has been no change in the business of the Company during the financial year ended 31st March, 2022.

GENERAL & CORPORATE MATTERS

Your Company achieved the total Revenue from Operations of ₹ 181353.94 lakhs in the current fiscal year as compared to ₹ 128066.56 lakhs in the previous fiscal year registering an increase of 41.61%. The revenue from exports for your Company stood at ₹ 10444.33 lakhs during the year under review. Earnings before interest (finance costs), tax, depreciation and amortisation (EBITDA) during the current fiscal year is ₹ 14240.26 lakhs as compared to ₹ 10429.68 lakhs in the previous fiscal year. During the year under review, the Company earned Profit before Tax of ₹ 4031.13 lakhs as compared to ₹ 1511.75 lakhs in the previous fiscal year reflecting an increase of 166.65%. Profit after Tax stood at ₹ 3047.98 lakhs in the current fiscal year as compared to ₹ 1216.55 lakhs in the previous fiscal year showing an increase of 150.54%.

The Company demonstrated resilience, agility and adaptability which helped in significant increase in Revenue from Operations during the year under review despite continued uncertainties and adversities due to the competitive ecosystem, market volatility and the challenging economic environment in Covid-19 pandemic as the Company timely accelerated its business restructuring by way of better product mix. While there exist risks of high input costs, the growth of Indian power cable industry is likely to remain stable as domestic demand is expected to remain reasonably good and the geo-political supply-demand dynamics may present decent export opportunities.

The Covid-19 outbreak persisted in first half of the year under review causing a downturn in the overall economy and as a consequence it led to contraction in the demand. The pace of growth and the investments in the infrastructural segment, on which your Company largely depends upon, was severely impeded. The situation slightly improved in the second half of year. In spite of adverse situations, your Company has achieved success by recognising the imperatives for adaptive challenges and thereby aligning the strategic fundamentals. For improving the operational efficiencies, your Company laid thrust on delivering products of high quality at competitive price, gradual expansion and upgradation of plant and equipments, improving capacity utilisation, reducing scrap and over usage of input raw materials, strengthening the supply chain management for timely flow of major raw materials ensuring better inventory control and astute financial discipline. These initiatives translated to continuous incremental improvement in quality and cost competitiveness. Your Company's strategic principles of technology leadership, retention of customers, improving competitiveness, risk mitigation is generally reviewed, monitored and bench marked with peer Companies.

The ongoing geo-political conflicts, re-imposition of lockdown in China on account of revived Covid-19 cases, global inflation and continuing supply chain issues are expected to adversely impact global GDP growth in 2022. The war in Ukraine has triggered another crisis that has brought numerous challenges in the form of strained geo-political and trade relations. Consequently, the commodity and energy prices are expected to remain high in the wake of conflicts and sanctions thereby resulting in an increased inflation. Your

Company is ready for the adaptive challenges during the said new challenging environment of cost pressure due to steep increase in commodity prices and inflationary trend in the economies world over. Your Company is tiding over these issues giving preference to price variation contracts, commodity hedging and avoiding protracted delivery periods. Another hurdle, your Company is facing, is the unprecedented and temporary scarcity of polymeric compound which is a major raw material input. Having established long term association with suppliers, your Company has a preferential edge which is an enabling factor to mitigate these scarcities.

Your Company has a leading market share in the Extra High Voltage (EHV) segment in India which includes supply and installation of EHV Cables. Your Company has substantially increased its presence and has positioned itself as a front runner in turnkey business in EHV cable projects. Your Company has successfully completed the Type Test of very specialised 1 x 2500 Sq mm Enameled Copper Conductor 400kV EHV cable at world renowned Testing Laboratory-CESI/IPH, Germany as well as at renowned domestic test laboratory i.e. Central Power Research Institute. The above Type Tests were carried out in addition to the most rigorous long duration Pre-Qualification (PQ) test of 400kV system which was also successfully completed at KEMA Netherland during the financial year 2020-21. During the year under review, your Company has manufactured and supplied at commercial scale 400kV EHV cables which is the highest voltage segment for underground cables in India. Your Company, barring unforeseen circumstances beyond its control, expects to complete the ongoing 400kV Cable project during the financial year 2022-23 and hopeful of receiving further turnkey orders from Government utilities which will help in building reasonable strong credential in this niche segment. In line with expected demand growth in EHV Cable segment, the Company envisages further capacity augmentation and modernisation armed with the latest technologies of its manufacturing facility which is expected to be on stream by the first quarter of financial year 2023-24. The Company will continue to invest in new technologies in phases in tandem with demand growth for its overall business transformation.

In the HV and MV segment, your Company commands a sizeable market share with widest range of cables in HV and MV segment. The capacity expansion project accomplished in financial year 2020-21 further strengthened your Company's market share. However, in the LV segment, your Company has a relatively low market share compared to its peers despite gradual augmentation in production capacity over the years. Your Company has, therefore, accelerated further expansion in manufacturing capacity of LV segment in phased manner which is expected to pass through a rising growth curve to meet the need for infrastructural development. Your Company has the advantage of flexible manufacturing setup, enabling it to switch production between EHV and MV, the key products, at times when the demand is asymmetric in nature.

The state-of-the-art Capacitors manufacturing facility of the Company is now equipped with MV automatic power factor control Panel manufacturing and assembly set up which is likely to provide an edge in serving the growing demand for Capacitor Banks in cost effective manner as compared to peers in the industry.

Your Company foresees that growth in demand is imminent as the economic activities in India has rebounded strongly since second half of calendar year 2021 due to accelerated vaccination rollout to mitigate the challenges posed by Covid-19 pandemic breakout. The major thrust of the demand growth is expected to be driven by the DISCOMs which are under reformation and being infused with financial stimulus by the Government. The virtually stalled infrastructural development in other sectors has gradually gained momentum pushing further the overall demand growth. Your Company is geared to take advantage of the increased demand, especially in the segment of high-end products with gradual expansion of its manufacturing facilities in line with demand trends.

ASSOCIATE AND JOINT VENTURE

Your Company has an associate company viz. Vindhya Telelinks Limited and a joint venture company viz. Birla Furukawa Fibre Optics Private Limited. Vindhya Telelinks Limited, an associate company is engaged in the business of manufacturing and sales of telecommunication cables, other types of wires and cables, FRP rods/Glass rovings, etc. and Engineering, Procurement and Construction (EPC) business. Birla Furukawa Fibre Optics Private Limited, joint venture company, established in pursuance to a Joint Venture Agreement entered into between your Company and Furukawa Electric Co., Ltd., Japan and engaged in the business of manufacturing and sales of telecommunication grade Optical Fibres. During the year under review, the Cable business segment of Vindhya Telelinks Limited, an associate company has achieved satisfactory financial performance due to increased in volume of specialty cables and associated equipment/accessories. However, the financial performance of EPC business segment both in terms of revenue from operations and profitability was lower than previous year primarily on account of low order book and sluggish market conditions as the Covid-19 pandemic persisted in first half the financial year under review. The division has since won some prestigious large value orders in Water segment during the last quarter of the financial year. The financial performance of Birla Furukawa Fibre Optics Private Limited, a joint venture company, made a noteworthy turnaround despite challenging business conditions and widening geo-political risks, vulnerabilities in global supply chains, steep increase in commodity and polymer prices, etc.

A statement containing the salient features of the financial statements of an associate company and a joint venture company as prescribed under the first proviso to sub-section (3) of Section 129 of the Companies Act, 2013 read with Rule 5 of the Companies (Accounts) Rules, 2014 is attached and forms a part of the Annual Report.

A report on the performance of financial position of an associate company and a joint venture company as per the provisions of the Companies Act, 2013 is provided as part of the consolidated financial statements and hence not repeated herein for the sake of brevity.

FOREIGN COLLABORATION

The Company had entered into a Manufacturing Technical Collaboration Agreement with NKT GmbH & Co. KG, Germany on 9th August, 2018 for 400 kV Extra High Voltage XLPE Underground Cables, which continues to remain in force.

CONSOLIDATED FINANCIAL STATEMENTS

The Audited Consolidated Financial Statements of the Company as of and for the year ended 31st March, 2022, have also been prepared in the same form and manner, as that of the Company and are in accordance with the applicable provisions of the Companies Act, 2013, rules made thereunder and Listing Regulations read with Indian Accounting Standards specified under the Companies (Indian Accounting Standards), Rules, 2015, viz. SECRETARIAL AUDIT REPORT**FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Universal Cables Limited
P.O. Birla Vikas
Satna - 485 005 (M.P.)

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Universal Cables Limited (CIN: L31300MP1945PLC001114), (hereinafter called the "the Company"). The secretarial audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder including statutory amendment(s), modification(s) or re-enactment(s) thereof in force and also that the Company has proper Board processes and compliance mechanism in place to the extent and in the manner reported hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:-

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 as amended by the Securities Laws (Amendment) Act, 2014 and the Regulations and Bye-laws framed thereunder;
- (iv) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines, as amended from time to time, prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; (Not Applicable to the Company during the audit period)
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not Applicable to the Company during the audit period)
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 relating to the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not Applicable to the Company during the audit period); and
 - (h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; (Not Applicable to the Company during the audit period).
- (vi) The Factories Act, 1948;
- (vii) The Industrial Dispute Act, 1947;
- (viii) The Payment of Wages Act, 1936;
- (ix) The Minimum Wages Act, 1948;
- (x) The Employees State Insurance Act, 1948;
- (xi) The Employees Provident Fund and Miscellaneous Provisions Act, 1952;
- (xii) The Payment of Bonus Act, 1965 and Payment of Bonus (Amendment) Act, 2015;
- (xiii) The Payment of Gratuity Act, 1972;
- (xiv) The Contract Labour (Regulation and Abolition) Act, 1970;
- (xv) The Maternity Benefits Act, 1961;
- (xvi) The Child Labour Prohibition and Regulation Act, 1986;
- (xvii) The Apprentices Act, 1961;
- (xviii) The Equal Remuneration Act, 1976;
- (xix) The Employment Exchange (Vacancies) Act, 1976;
- (xx) The Environment (Protection) Act, 1986;

- (xxi) The Hazardous Wastes (Management and Handling) Rules, 1989 and Amendment Rules, 2008;
- (xxii) The Water (Prevention and Control of Pollution) Act, 1974;
- (xxiii) The Air (Prevention and Control of Pollution) Act, 1981;
- (xxiv) The Indian Contract Act, 1872;
- (xxv) The Income Tax Act, 1961 and Indirect Tax Laws including Goods and Services Tax Act, 2017 and relevant Rules made thereunder;
- (xxvi) The Indian Stamp Act, 1899;
- (xxvii) Other Labour Laws and Laws incidental thereto related to labour and employees appointed by the Company including Labour Welfare Act of respective States; and
- (xxviii) Acts as prescribed under Shop and Establishment Act of various local authorities.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India (ICSI); and
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

During the period under review, the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines, Standards, etc. mentioned above, save and except slight delay in compliance with Regulation 17(1) of Listing Regulations for which the National Stock Exchange of India Limited (NSE) and BSE Limited have levied fines on the Company in terms of Standard Operating Procedure (SOP) prescribed under SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/12 dated 22nd January, 2020. However, the Company has made a suitable representation to both the Stock Exchange(s) for favourable consideration of Waiver of fines in terms of Policy for exemption of fines levied as per the provisions of said SEBI SOP Circular, which are pending for consideration with the Stock Exchange(s).

We further report that Board of Directors of the Company is duly constituted with an optimum combination of Executive and Non-Executive Directors, Independent Directors and Woman Director. During the period under review, the change in the composition of the Board of Directors due to sudden and untimely sad demise of a Non-Executive Independent Director and subsequent appointment of another Non-Executive Independent Director on the Board of the Company, was carried out in compliance with the provisions of the Act and rules made thereunder.

Adequate notice is given to all the Directors to schedule the Board Meetings and Committee Meetings at least seven days before the date of the Meeting. The Agenda & Notes on Agenda were sent within the time prescribed therefor (including with respect to price sensitive information at a shorter period in certain exceptional cases with the unanimous general consent of all Directors including Independent Directors) in the Secretarial Standard issued by the Institute of Company Secretaries of India and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at the Board Meetings and Committee Meetings held during the audit period were carried out unanimously as recorded in the Minutes of the Meetings of the Board of Directors or Committee(s) of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, members of the Company accorded their approval by passing an Ordinary Resolution through Postal Ballot Notice dated 11th November, 2021 for the appointment of Shri Kishore Kumar Mehrotra (DIN: 02894045) as a Non-Executive Independent Director of the Company, not liable to retire by rotation, for a term of five (5) consecutive years with effect from 11th November, 2021 to 10th November, 2026. Further, the members have also accorded their approval through Postal Ballot Notice dated 10th February, 2022 by passing (a) an Ordinary Resolution for the Re-appointment of Shri Y.S.Lodha (DIN: 00052861) as Managing Director & Chief Executive Officer of the Company for a further period of consecutive three (3) years from 11th February, 2022 to 10th February, 2025; and (b) a Special Resolution for the payment of remuneration to Shri Y.S.Lodha as the Managing Director and Chief Executive Officer of the Company in excess of the limits as prescribed under Section 197 and Schedule V of the Companies Act, 2013 in the event of loss or inadequacy of profits in any financial year during the tenure of his said re-appointment.

We further report that during the audit period, there were no instances of:

- (i) Public/Rights/Preferential issue of shares/debentures/sweat equity;
- (ii) Redemption/buy-back of equity shares;
- (iii) Merger/amalgamation/reconstruction, etc.; and
- (iv) Foreign Technical Collaboration (except the existing Foreign Technical Collaboration with NKT GmbH & Co. KG, Germany, which continues to remain in force).

Notes:

- The remuneration paid/payable to Non-Executive Directors comprises of (i) Sitting Fees for attending meeting(s) of the Board of Directors or any Committee thereof during the financial year 2021-22; and (ii) Remuneration/compensation by way of profit related commission for the financial year 2021-22, to each of the Non-Executive Directors including Independent Directors, except Shri Harsh V Lodha, Chairman of the Company who has voluntarily decided not to take remuneration/compensation by way of profit related commission pertaining to the financial year 2021-22.
 - Shri Kishore Kumar Mehrotra appointed as a Non-Executive Independent Director of the Company w.e.f. 11th November, 2021 and as such the percentage increase/decrease in remuneration as compared to previous year remuneration is not stated.
 - Shri Mahesh Ladia, Chief Financial Officer was employed for a part of the year during the financial year 2021-22 and as such the percentage increase/decrease in remuneration as compared to previous year remuneration is not stated.
 - "Median" means the numerical value separating the higher half of employees of the Company from the lower half and the median of a finite list of number may be found by arranging all the observations from lowest value to highest value and picking the middle one.
- The percentage increase in the median remuneration of employees during the financial year 2021-22 was 8.89% as compared to the previous year.
 - There were 926 permanent employees on the rolls of the Company as on 31st March, 2022.

4. Average increase in the remuneration of employees other than the managerial personnel in the financial year 2021-22 was 11.70%, whereas the increase in the managerial remuneration for the same financial year was 39.52%. The increase in the remuneration of staff was an annual increment as per the Policy of the Company guided by various factors such as inflation, salary revision based on details performance evaluation, the overall financial performance of the Company, talent retention and reward for individual performance etc. and performance linked incentive being variable component in respect of select employees of the Company. The increase in the wages of workers was as per Wage Agreement. Remuneration of managerial personnel is adjusted periodically against the industry benchmark besides overall key indicators of financial performance of the Company.
5. It is hereby affirmed that the remuneration paid during the year ended 31st March, 2022 is as per the Remuneration Policy of the Company.

ANNEXURE - VI
PARTICULARS OF CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNING AND OUTGO AS PER SECTION 134(3)(m) OF THE COMPANIES ACT, 2013 AND THE RULE 8(3) OF THE COMPANIES (ACCOUNTS) RULES, 2014.
(A) CONSERVATION OF ENERGY

The Company regularly reviews measures to be taken for energy conservation, consumption and its effective utilisation. Additionally, due consideration is given for selection of energy efficient plant & machinery while undertaking manufacturing capacity expansion, modernisation & upgradation. The other identified key initiative taken for conservation of energy during the year were -

(i) The steps taken or impact on conservation of energy:

- Installed all new machines duly configured and equipped with state-of-the-art technology for ensuring optimised productivity and energy efficient performance.
- Minimised energy losses by arresting leakages in existing conventional type GI piping compressed air supply network by switching over to efficient aluminium piping distribution network of major machines.
- Continued phased replacement/upgradation of existing mechanical & electrical utility equipments i.e. compressor, cooling water chillers, water supply pumps etc. using automatic energy efficient units for reducing human dependency.
- Ensured higher level of natural light in various factory & office buildings during day time by making necessary aesthetic changes in windows and ventilators. This change has resulted in healthy working environment in the plant.
- Optimised operational efficiency of existing 2 MW Solar Power Plant installed last year thereby increasing the ratio of Solar Energy in total energy consumption from 29.8% to 30.5%.

(ii) The steps taken by the company for utilising alternate sources of energy:

- In addition to 2 MW Capacity Roof Top Solar Power Plant installed in previous (2020-21), the Company has installed another Roof Top Solar Plant of 500 KW capacity at its Goa Unit during this year (2021-22).

(iii) The capital investment on energy conservation equipments:

- Capital expenditure has not been accounted for separately.

(B) TECHNOLOGY ABSORPTION:
(i) the efforts made towards technology absorption:

- Modernisation and technological upgradation of plant & equipments.
- Optimisation of raw material utilisation, process engineering and reduction of wastage.
- Identification and sourcing of new and alternate materials for ensuring quality improvement and cost competitiveness.

(ii) the benefits derived like product improvement, cost reduction, product development or import substitution:

- Diversified and wider product range to address emerging market opportunities.
- Consistent and reliable product quality.
- Enhanced productivity and overall operational efficiency.
- Improved cost competitiveness.
- Reduced impact on environment.

(iii) in case of imported technology (imported during the last three years reckoned from the beginning of the financial year):
(a) The details of technology imported:

The Company entered into Manufacturing Technical Collaboration Agreement with NKT GmbH & Co. KG, Germany for manufacturing 400kV Extra High Voltage XLPE Underground Cables and systems design conforming to domestic and international specifications.

(b) The Year of import:

Financial Year 2018-19.

(c) Whether the technology been fully absorbed:

Not yet.

(d) If not fully absorbed, areas where absorption has not taken place, and the reasons thereof:

The imported technology is being absorbed with emerging demand for 400 kV Extra High Voltage XLPE cables and systems in domestic market.

(iv) the expenditure incurred on Research and Development:**(a) Specific areas in which R&D carried out by the Company:**

- (1) Gas Chromatography of XLPE insulation.
- (2) Developed following new varieties of Cables & Capacitors –
 - Elastomer insulated turbine cables for wind energy applications.
 - E-beam cross linked elastomer insulated short loop cables for ABB drive panels.
 - Made three major improvements in capacitor design namely Fuse less Capacitor (645 KVAR/17.32 kV), IP 54 Enclosure for Capacitor banks and APFC Panel for temperature rise test.
- (3) In-house cost optimisation of regularly used insulation & sheathing materials.

(b) Benefits derived as a result of the above R&D:

- Launch of new products.
- Improved service delivery and customer satisfaction.

(c) Expenditure on R&D:

- R & D expenditure has not been accounted separately.

(C) FOREIGN EXCHANGE EARNINGS AND OUTGO:

During the year, the foreign exchange outgo in terms of actual outflows was ₹ 19569.79 lakhs while foreign exchange earned in terms of actual inflows was ₹ 9556.25 lakhs. The Company continues to make concerted efforts to improve its export turnover by exporting to neighbouring countries, Europe, MENA and other continents of the world.

Management Discussion and Analysis

INDUSTRY STRUCTURE AND DEVELOPMENTS

Power Cables are used for bulk transfer of electrical energy from generating power plants to sub-station and thereon for distribution to end consumers. Extra High Voltage/High Voltage Cables are used mainly in power stations, sub-transmission, large switch yards and major industrial, commercial and residential complexes. Medium Voltage Cables are used for power distribution. Low Voltage Cables have a variety of end-user applications in addition to being used in power distribution. The overall market-size of power cables is increasing steadily in India owing to the boost provided by the policies and government led schemes and other regulatory initiatives in power sector. Further, increasing electricity demand due to rapid industrialisation, rural electrification, railway electrification and smart city mission besides upgradation and expansion of electrical networks to meet growing renewable energy capacity addition and consequential requirement for upgradation and expansion of power sub-transmission and distribution networks has generated the need for the development of quality infrastructure. The government's initiatives and emphasis on preference to make in India and Aatm Nirbhar Bharat has put the focus back on minimizing imports and promoting domestic manufacturing of power cables. Capacitors and Capacitor Banks are predominantly used in a sub-station or industrial complexes to enhance the power factor reactive power compensation and mitigation of harmonics present in the system by providing balanced capacitance to every stage of the electrical system and keeping a balanced voltage thereby enabling accurate power factor correction.

The Company registered a noticeable 41.61% growth in Revenue from Operations during the financial year 2021-22. The growth was largely driven by the supply as well as turnkey projects for Extra High Voltage (EHV) underground power transmission system. The other product lines comprising Medium Voltage (MV) cables, Low Voltage (LV) cables, Specialty cables, Rubber and elastomer cables, Light Duty cables, Other types of wires and cables, Conductors & Capacitors also fared well under the given production capacity. The Company's brand "UNISTAR", emblematic of quality and safety, continues to enjoy its reputation. The coexistence of the "UNISTAR" brand and the M.P. Birla Group logo extends its manifestation to the long-standing corporate ideology and heritage.

Sectoral Review

Power is amongst the most critical components of infrastructure, crucial for economic growth and welfare of the nation. The existence and development of adequate power infrastructure is essential for sustained growth of the Indian economy. The demand for energy is rising across India and this expansion will need commensurate investments in transmission and distribution infrastructure by state governments. The incremental outlay, however, seems to be taking place only at the level of Central Government. India's power sector is one of the most diversified in the world. Sources of power generation range from conventional such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional/renewables such as wind, solar and agriculture and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in years to come. To meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required and in further chain a robust and modern transmission, sub-transmission and distribution infrastructure needs to be created for evacuation and smooth distribution of electricity to the end users. Historically, the emphasis has been more towards power generation capacity vis-à-vis transmission and distribution. The focus, however, needs to gradually shift towards transmission and distribution networks, including provision for metering capacity, installing sub-stations for renewable energy to feed into the grid. As such going ahead, India will need higher investment in transmission and distribution grid infrastructure, grid automation, distributed grids, storage systems, etc. in respect of all of which technologies exist today but need sharper focus which will eventually lead to higher demand in growth for power cable industry. The Ministry of Power has recently fast tracked the planning and approval processes for power transmission projects, in a step towards achieving the Government's energy transition goal which focusses on renewable power. This will help in expediting approval for inter-state transmission system (IS TS) paving for increased demand for power cables as well.

Industry Specific Raw Material Erraticity

The cable industry is besieged by the intense volatility of the metal and polymer prices. The copper prices has incessantly increased and the industry is skeptic on the softening of the copper price as this phenomenon is expected to continue in 2022-23. Though many customers have conceded to the request of the industry in accepting Price Variation of input raw materials, there are still a considerable number of customers operating on firm price contracts. To mitigate this risk, the cable industry has made exhortation to these customers for incorporation of Price Variation in contracts as a standard procurement policy. The Cable industry is optimistic in increasing the bandwidth of customers adopting to Price Variation contracts.

Though India is self-sufficient in aluminium resources, the domestic aluminium producing companies which follow the London Metal Exchange (LME) price, is of little advantage to the Indian industry. The aluminium price has witnessed a sharp spike in last one year and have started falling only since April, 2022 from the highly elevated levels but are likely to remain somewhat elevated through the current year, amid high volatility.

Steel, another bulk raw material, for the cable industry, is passing through a "super cycle" buoyed by the cyclical upturn in the global demand which is driving the international prices upwards and because of which the Indian steel manufacturers are enticed to export in high volumes. The domestic steel prices would remain elevated on the back of favourable international price trends despite temporary respite due to imposition of export duty by the Government of India. The abrupt increase in the steel prices have considerably increased the in-put cost and has placed the cable Industry on the backfoot with increased manufacturing cost and higher working capital requirements.

The cable industry is dependent on other critical raw materials, e.g., cross-linked polyethylene (XLPE) compound, primary polyethylene and a host of polymeric compounds, which are by-products of crude oil. The fluctuating crude oil demand have impacted the polymer producers causing a sudden global scarcity of these raw materials. The demand-supply imbalance has triggered an upward-spiral on the prices of these raw materials. Bulk of the raw materials, whether, indigenous or imported are linked to hard currencies, therefore, another major vulnerability is the devaluation of the Indian Rupee.

Under the given depth and extent of the geo-political and economic uncertainty coupled with rising inflation worldwide, realignment of international commodity prices remains unclear.

Game Changing Policies to Reboot Growth

The state of play of Nations in the international business is tending to lean on protectionism in trade policies. The Government of India has also taken several steps for the benefit of the Indian industries to foster a strong, sustainable and inclusive recovery. In May 2020, the Government announced a ₹ 20 lakh Crores Atmanirbhar Bharat Abhiyan (Self Reliant India Initiative acronymized as SRII) package. This opens-up major challenges for the industries in India to gear-up in terms of technology and capacity. The scheme also invites overseas manufacturers to set-up manufacturing bases in India with complimentary local partners considering the fact that competition is crucial in driving all sectors of the economy. In lieu of MEIS, RoDTEP scheme has been introduced, aimed at removing embedded input taxes, previously not recoverable, to incentivize manufacturers in exporting products.

To augment “Make in India, make for the World”, the Government has initiated another flagship Production Linked Incentive (PLI) Scheme which would upgrade and modernize technology, augment manufacturing capacities and would also attract foreign investments. The Government of India has selected 14 sectors uptil now as beneficiaries of PLI and more sectors are under consideration. Though the cable industry as of now does not fall under the scheme, it would stand to indirectly benefit from the industries entitled to the scheme by way of higher demand from new capital investments for scaling-up the capacities.

Reforms in Energy and other relevant Infrastructure Sector – Reflecting Opportunities

The reform measures announced by the Central Government on the infrastructural development which enthuses confidence to all manufacturing industries where cable industry is not an exception. The key highlights of the Budget 2022 and other reform measures announced by the Government which has direct bearing on power cable demand are succinctly given herein:

- Energy transition and climate action alongwith productivity enhancement and investment.
- States will be allowed a fiscal deficit of 4% of GSDP of which 0.50% will be linked to power sector reforms with the aim of improving operational and economic efficiency of state Discoms.
- Gati Shakti Plan involves a higher spend on infrastructure including Railways, Airports, Mass Transport and Logistics supported by the complementary roles of energy transmission and sub-transmission infrastructure. Innovative ways of financing the faster implementation will be encouraged for building metro systems of appropriate type and scale.
- The focus on infrastructure and logistics with highway additions and logistics parks being added will enable better connectivity and energy access and also energy demand enhancement.
- To enhance operation efficiency of Discoms by phased reduction of aggregate technical and commercial losses with target to bring down AT&C losses to 19.50% by the financial year 2022-23 through incentives for upgradation of infrastructure coupled with improved coverage of smart meters and advanced metering infrastructure.
- Sovereign green bonds to be issued in 2022-23 for mobilizing resources for green infrastructure. Expanded scope for the single-window portal for all green clearances and tracking of the process through Centralised Processing Centre – Green (CPC-Green).
- Target set to achieve 40% power from renewable energy by 2030.
- The Ministry of Power launched the Revamped Distribution Sector Scheme (RDSS) in August, 2021 with an outlay of ₹ 3.03 lakh Crores with and estimated budgetary support from Central Government of ₹ 98 thousand Crores and appointed REC and PFC, the state run lenders as nodal lending agencies. The RDSS scheme follows the Central Government’s ₹ 1.35 lakh Crores Liquidity Infusion Scheme where Discoms received funds under the respective State Government’s guarantees to pay off their pending dues to the power generating companies. The distribution under the RDSS would be contingent on states helping Discoms implement smart meters, reduce transmission and distribution losses, ensure reliable power supply and segregate feeders for agricultural purposes. The assistance will be reform linked and will be based as meeting pre-qualification criteria. Under the revised norms Discoms will be able to get fresh loans from REC-PFC only if they chart a trajectory of loss reduction which is approved by their respective state governments and also Union Power Ministry. The funding under the said revival scheme is contingent on them committing to undertake infrastructure creation such as feeder separation and replacement of old lines. This the new bailout scheme for Discoms hinges a lot on private investment in distribution infrastructure.
- The Ministry of Power, Government of India, is working on a scheme to mitigate the financial woes of Discoms by providing one time relaxation to all Discoms wherein the amount outstanding including principal and late payment surcharge will be frozen on the appointed date enabling Discoms to pay their dues in installments. The liquidation of outstanding dues on the cut-off date to generating companies in deferred manner without the imposition of surcharge will give Discoms time to shore up their finances.
- Extension and continuation of reduced amount of performance security (by way of Bank Guarantees) on Government tenders from existing 5-10% to 3% of the value in existing and future contract as well as replacement of bid security/earnest money deposit (EMD) with Bid Security Declaration in existing and future contracts.

The power sector comprising of Generation, Transmission and Distribution is the key demand driver for electrical cables. Within these sectors, the power distribution companies (Discoms) have the largest demand for electrical cables. In the present scenario, the power distribution is the weakest link in the entire value chain of the power sector. The ailing state-owned Discoms continued to impede the efficient functioning of the Generation and Transmission sectors. The dire health of the Discoms is also increasing the risk for the Renewable Energy domain where huge investments have been made and ambitious long-term targets have been set for future energy security. The central Government has extended financial packages to bail-out the beleaguered Discoms from their massive accumulated losses and debt burden several times in last decade. In addition to the liquidity infusion, policy changes and reforms are being implemented for sustained operational efficiency. It is expected that revamped scheme will be helpful in financing continued reforms focused on Discoms sustainability and may benefit consumers and industry alike.

The Indian energy sector landscape has transformed significantly over the past few years with reforms around encouraging clean-generation technologies, improving utility-level operational excellence programmes, enhancing consumer access, etc. It is on the threshold of next level of reforms through proposed amendments in the Electricity Act, 2003 that focus on providing consumer-choice, competition in supply segment and unleashing enormous potential spin-offs while driving convergence across adjacent sectors which augurs well for power cable industry. Poor financial health in distribution had impacted the sectoral value chain and impacted the ability to innovate and limiting technology infusion. The planned reforms in the last leg will support sectoral investments and efficiencies around digitalisation, decarbonisation and decentralisation. While the propositions of amendments in the Electricity Act, 2003 have massive potential for improving the current state of energy distribution, critical consideration for laying down the appropriate operational framework would be imperative to ensure smooth implementation.

In Search of Realistic Optimism

In the past, the Company has been buffeted by many cyclical economic downturns and disruptive risks, nevertheless, it has always shown its resilience by overcoming these volatilities. The Company is optimistic of a broad-based recovery considering the backlog and planned investments in the infrastructure which needs to be re-accelerated to clear the path for the Nations ambitious US \$5 Trillion economy by 2024. As regards to the ensuing financial year, the Company maintains a positive outlook considering the opening order bank, orders in the pipeline and anticipated reasonably good growth in demand under post Covid-19 scenario.

The Future is Here

Consequent to the knock-on effects of the pandemic and other unprecedented hazards and system inadequacies, Government, business communities and respective engagement circles are recognising the visceral need for considering alternatives to conventional systems for determined hope towards a better future. It is well understood that this would lead to profound transformation in society and business. This underscores that the Company would need realignment with the customer's newer needs and protocol. One of the palpable imperatives relates to the strengthening of digitization in manufacturing and service to dovetail with the customer's system. This would make the Company more competitive and resilient to external disruptions. The Company having a strong ERP platform has the means to build on this infrastructure to meet the future needs.

PRODUCT-WISE PERFORMANCE, OPPORTUNITIES, THREATS & BUSINESS OUTLOOK

Power Cables & Capacitors

Revenue from operations during the year was ₹ 1813.54 Crores as compared to ₹ 1280.67 Crores during the previous year registering a Growth of 41.61%.

EHV Power Cables

The Company has registered an impressive growth of 84% as compared to the previous financial year. The Company has two VCV lines armed with contemporary technologies dedicated for manufacturing of EHV cables and fully geared up to capitalise on an exponential increase in the demand of EHV cables. This infrastructure provides a competitive advantage to the Company in terms of better Quality & shorter deliveries. The Company is also continuously expanding its construction team with skilled manpower and associated infrastructure. The Company has achieved an another milestone in 400 kV class cable, thereby opening a new avenue in the Extra High Voltage business segment.

As a consequence to the country's economic growth and the demographic change with the increasing size of the middle-class society and its income level inducing a transformation in the lifestyle, the per capita consumption of power in the urban and sub-urban sector has significantly increased. To meet this insatiable demand of power by the urban and sub-urban consumers, the sub-transmission network is undergoing a rapid augmentation to facilitate in bringing power to the load centres. In all the states of the country, the sub-transmission power transmission network is inevitably being constructed, due to right-of-way constraints, ecological, environmental, safety and aesthetics issues, using underground Extra High Voltage power cable system. In addition, the rising cost of real estate is economically favouring underground power transmission as opposed to overhead power transmission lines which occupies expensive corridor of land. Under the given scenario, the demand for EHV power cables has a large potential for growth in the coming years.

HV & MV Power Cables

The HV & MV power cables made a positive revenue growth of 44% as compared to the previous financial year. The Company is equipped with two modern CCV lines with complete balancing equipments and machinery which provide a formidable manufacturing capacity and is vital to the Company for taking advantage of the opportunities as the demand stages a sharp growth in the new normal situation in consonance with the country's infrastructural development programme.

The growth and demand of High Voltage (HV) & Medium Voltage (MV) power cables is expected to remain bullish. However, the competition remains intensive with the excessive capacity built-up by the manufacturers. Considering the thrust given by the Government for improving the power distribution infrastructure and reduction of aggregate Technical & Commercial Losses, the growth in demand for HV & MV power cables is inevitable as it is a critical need for almost every infrastructural development.

LV Cables

The LV cables made a positive revenue growth of 20% as compared to the previous financial year. The Company considers it an imperative to expand its manufacturing capacity in this large market segment where economies of scale and low-cost production is the name of the game. The growth in real estate sector, metro railways, development of the smart cities would further catalyse the growth in demand. The Company is maintaining its dealer network in various parts of the country. The Company has modernized its plant with improved efficiency by blending the existing facilities with modern machinery and balancing equipments for scaling up the LV cable plant production capacity in phased manner.

The LV power cables has the widest application and therefore, constitutes the major quantum in the power cable segment. The Company which is considering augmentation in its capacity does not anticipate any marketing bottleneck having a strong brand equity. The Company also focuses on the genre of cables which involves special features on fire safety and environmental issues.

Rubber Cable for Original Equipment Manufacturers & Industries

Rubber specialty cables made a positive revenue growth of 26% as compared to the previous financial year. The Company has an impressive product portfolio for the specialty cables and is catering to the original equipment manufacturers (OEMs) and the infrastructural segment such as the railways, steel plants, petro-chemicals plants, cement plants, onshore and offshore oil rig manufacturers, ship building, heavy engineering and mining industries. The wind energy which used to generate major volume of business has slowed down which is a concern to the Company. However, there has been an improvement in demand from Infrastructural segment. The Company with its advanced manufacturing technology using Pressurized Liquid Salt Bath Curing (PLCV), the only of its kind in India, commands a leading position over its competitors. The Company has in-house compounding facilities for formulating a wide spectrum of polymers which are tailor-made to customer's specification. The size of the market continues to shrink for the conventional rubber cables manufactured by the Company as a substantial segment of this market has been cannibalized by Electron Beam Irradiated Cross-Linked Cables. Nevertheless, the Company has set-up a facility for manufacturing of Electron Beam Irradiated Cross-Linked Cables at one of its associate Company. Therefore, the opportunities lost by the Company would remain in the net as the same would be serviced by its associate Company. The decision of creating the infrastructure is based on the synergic infrastructure advantages available in the associate Group Company.

Light Duty Wires & Cables and Optical Fibre Cables

The Company has shown an encouraging growth of 17% as compared to the previous financial year. The Company manufactures light duty wires & cables for winding wires, flat cables and flexible cables and optical fibre cables at its plant in Goa. The demand for the PVC winding wires has somewhat plateaued, however, the Company has positioned itself as a dedicated supplier to major OEMs and have also created a new facility for the manufacturing of Polywrap winding wire. This would enable the company to increase its market share in the Winding wire segment.

Capacitors

The Capacitors suffered a negative growth of 19% as compared to the previous financial year. Power capacitor is an important component for power quality solutions. The demand outlook for Capacitors is optimistic considering the demand for quality power. Steep rise in the all the raw materials prices have adversely affected the business in the last quarter. The product portfolio comprises of LT & HT Capacitors upto 132 kV Class fixed type shunt capacitors and Automatic Switched Capacitors from 415 volts LV to 6.6 kV /11 kV Class systems. The demand in this segment is on an upward trend; however, the requirement is mostly generated through turnkey projects where the Company is an active player. In the LV segment, the Company is manufacturing All PP Capacitors. The LV Capacitor segment is intensely competitive with large number of players in the market. The Company has diversified its product base by including Active harmonic filters (AHF) and Static VAR generators (SVG).

The demand of reactive compensation is on an upward trend in industries, Discoms and transmission companies. The primary focus of the Company is on upcoming Supply, Installation, Testing and Commissioning (SITC) contracts for sub-stations from state utilities. In order to effectively compete in SITC projects, the Company has equipped itself with in-house manufacturing setup for MV automatic power factor control panels and has successfully obtained new type test reports for MV panels thereby ensuring compliances with the qualification criteria of tenders. Apart from this, company has focussed on 33 kV automatic power factor control systems required for Renewable Energy (Wind & Solar Farm), wherein competition is comparatively less. The manufacturing facility has also been upgraded with modern state-of-the-art and technologically advanced machinery and equipment's to produce higher quality products to stay ahead of competition. In the changing business environment, the Company has realigned business strategy as a solution provider, from concept-to-commissioning, for quality power system solutions, which additionally entails technical services, supply of associated equipment's and on-site commissioning and maintenance.

Exports

The Company has been focusing its attention to export business by directly participating in the international bids to the overseas customers. The business volume has significantly increased by 310% over the previous year. The company has also been successful in penetrating into European & South American Market in EHV cable segment besides the neighbouring countries such as Bangladesh,

Sri Lanka etc. The Company further expects growth due to its overseas order in-hand position for power and other cables and considering the opportunities which remains untapped. The overseas business enables the Company to somewhat de-risk itself from exchange rate fluctuations as the major raw-material prices are inextricably linked with the convertible foreign exchange. The Company has been accorded the status of “Star Export House” by DGFT.

Overseas Competition

In the power cable segment, foreign manufacturers do not pose a competitive threat to the Indian manufacturers for HV, MV and LV cables. However, for the EHV cables, the Company had been competing with the EPC contractors backed by overseas cable manufacturers. The intensity of competition in the EPC business has been weaned off with the Preference to Make in India public procurement order which provides margin of preference to the Indian manufacturers subject to meeting the local content norms. Hence, the competition would be more intrinsic giving opportunities to the manufacturers based in India.

FINANCIAL REVIEW

The financial performance of the Company during the year 2021-22 is stated as below:

- Revenue from Operations increased by 41.61% to ₹ 181353.94 lakhs in 2021-22 as compared to ₹ 128066.56 lakhs in the previous year.
- The aggregate other income during the year 2021-22 increased to ₹ 1949.87 lakhs as compared to ₹ 1347.06 lakhs in the previous year mainly due to write back of unspent liabilities and Interest on Income Tax Refund.
- The Company achieved profit before interest, depreciation/amortization and tax of ₹ 14240.26 lakhs as compared to ₹ 10429.68 lakhs in previous year. Profit before depreciation and tax increased to ₹ 6467.19 lakhs during the financial year 2021-22 as compared to ₹ 4146.30 lakhs in the previous year mainly because of higher Revenue from Operations and better product mix.
- During the year under review, the Company has earned a Profit after Tax of ₹ 3047.98 lakhs as compared to ₹ 1216.55 lakhs in the previous year.

RISK & CONCERNS:

Your Company embodies risk control measures for enhancing and protecting the values of the Company. Your Company acknowledges risks, not limited to operational, financial or compliance that could affect the future performance and market positioning of your Company. In view of the same your Company takes a qualitative risk assessment rather than a quantitative approach. Your Company embraces a risk management portfolio for forecasting and mitigating the impact of internal and external risk factors. The internal risks which are mainly associated with the operations of the Company and the external risks which are linked with the economic and market volatilities are stated below:

Internal Risks:

Strategic Risk

Considering the comprehensive picture of the challenges faced by your Company, risk mitigation policies have been put in place. The strategic risk alleviation is aimed at protecting the values of your Company. Strategic risk factors lurk in the Company's decision on various strategic objectives, e.g., organizational need to change roles and responsibilities, stronger governance, infusing of new skills, Capex portfolio, new competing requirements, degree of exposure in business risk-taking based on speculative gains, quantum of contingencies in different functions, timing decision on entering into new businesses, hiving off or vacating existing business activities, inclusive growth plan versus inorganic growth strategy. In pursuit of value against risk factors, your Company decides on balancing the growth, risk and return.

Policy Risk

Your Company integrates the risk control measures into the organization's overall governance by periodically assessing the risks of the policies for internal operations and the statutory issues. Based on the risk assessment, the policies are amended from time to time.

Employee Turnover Risk

Your Company retains a team of qualified and experienced personnel where the attrition rate is lower than the industry average. Poaching of personnel by other industries both domestic and overseas is a risk factor. The loss of key personnel to competition is a risk where your Company's technical information would be acquired by the competitors. Your Company is motivating and rewarding employees to retain talent. Your Company also maintains a policy to acquire talent as a succession plan to support the Company's growth strategy.

Working Capital Risk

Your Company caters to the infrastructural and industrial segments, which largely depends on the economic buoyancy. Therefore, any setback in the economy directly impinges on the demand emerging from the infrastructural and industrial segments. The risk of economic downturn could lead to fund scarcity and delayed realization of receivables which in turn would affect the working capital requirements of your Company. Your Company gives priority to the customers who have sound financial locus standi. Your Company closely monitors the working capital requirements by constant follow up on receivables and maintaining lean and symmetric inventories.

Liquidated Damage Risk

The Customers have become more demanding in terms of price and delivery period. Owing to intense competition, short delivery contracts have to be accepted by your Company. In case of failure to meet the delivery period, your Company is at a risk of being imposed with liquidated damage. Your Company is constantly mitigating its internal constraints to improve the efficiencies in an integrated manner in all the functional areas including execution of turnkey/works contracts to reduce the possibilities of such risk.

Operational Risk

Operational risks related to people, processes, systems and external factors have a potential risk on your Company's performance. To reduce such risk, your Company has a risk-review policy in all areas of operations.

Project Risk

Your Company is executing large turnkey projects. To implement such projects, statutory obligations from various authorities relating to right-of-way permissions are necessary. As these statutory obligations are neither in the control of the user nor within the control of your Company, this is a potential risk which may cause deferment of the projects resulting to blockage of receivables and cost over-run. Your Company constantly keeps the customer informed on such delays involving statutory requirements in order to avoid the imposition of liquidated damages. Your Company meticulously monitors the projects with constant coordination between the execution team at the respective sites with review at regular intervals. Prior to targeting project contracts, your Company carefully weighs the feasibility of timely implementing the projects.

Technology Risk

Your Company is agile on the technology frontier by constantly reviewing new technology in terms of product and process to avoid obsolescence. The Company has a background of constantly upgrading the technology to maintain its position at par with international players and remain ahead of its peers in the home-turf.

Growth Stagnation Risk

Your Company has a profitable growth plan and avoids the risk of “growth-trap”. Your Company believes in a “good growth plan” for sustainability rather than being over-zealous to get bigger and brasher for risky acquisition for attaining a higher market share on a low margin strategy. The strategy of your Company is to optimize its resources on high-end-high-margin products as opposed to high-volume- low-margin products. Hence, the top-line growth is compensated with a better bottom-line ensuring better returns on capital employed.

Product Development Risk

Your Company has been consistently developing new and higher range products. The products have to be validated by type testing and long-term accelerated ageing test from a recognized independent testing laboratory. As these tests have significant cost involvement, any failure in the product development results to financial and opportunity loss. The R&D and in-house testing laboratories of your Company have NABL Accreditation and is equipped with comprehensive testing facilities which can verify and assess the quality of the product during the process and final stage prior to conducting the certification tests at an independent laboratory.

Brand Attrition Risk

New brands of various players have entered into the market segments which are popularized through advertising media and may gradually eclipse your Company’s brand. The hallmark of your Company’s success in retaining the sheen of its brand is by way of maintaining a top-quality image. Your Company’s brand image is synonymous to the best-of-class in quality. The Company issues periodical advertisements in some of the prestigious technical journals, participates in seminars & industrial exhibitions, publish technical papers to retain the brand image and invites customers and consultants for exposition of its manufacturing facilities. These activities are aimed at brand building and promotional strategies.

External Risks:

Market Demand Risk

Historically, the demand of power cables has been cyclical in pattern. Your Company is dependent on the infrastructural sector, industries and original equipment manufacturers. The Government policies have a direct bearing on the demand from the various market segments. Your Company has a broad base clientele, wide product range and flexible manufacturing set-up, therefore, it can somewhat off-set the cyclical or depressed demand of affected segment with the other segments. From time-to-time, the Company makes changes in its product- mix to suit the order and demand pattern.

Customer Risk

Your Company is prone to risk of customer’s priority shift, increasing customer power and over-reliance on major customers. To mitigate these risks, your Company maintains constant touch with its clientele to understand and deliver products and services aligned to its changing priorities. Your Company maintains strong business relationship with large customers by providing technical guidance and information, support on urgent and crisis requirements to remain virtually indispensable to the client. Your Company has built a reputation as a preferred supplier with most of its customers by creating a quality trust in a bid to protect itself from competition and entry of new players.

Environmental, Social and Governance (ESG) factors gained global relevance as key indicators for long term value creations requiring organisations to demonstrate integration of sustainable development practices in their operations. The Company has initiated appropriate measures for ESG implementation with internal and external stakeholders engagement in line with established global practices.

Competition Risk

The nature of competitive risk is distinct for each product group. In the EHV segment, the competition is from both, the Indian and the overseas manufacturers. The risk involves entry barriers which are gradually being made more stringent by the customers to screen out several players. It is imperative for your Company to acquire performance record credentials from the user on supply and installation to qualify as an eligible bidder. It is also necessary to repeat test and revalidate test reports for specific type & design of the product. Your Company has to keep at par with the development and innovation introduced by the multinational companies to avoid the risk of obsolescence. In the HV & MV segment, new entrants pose a risk on the price competitiveness. The LV segment is intensely competitive with the proliferation of regional producers of low-quality-low-margin products which has been pernicious to health of the organized sector. Your Company is addressing to the quality conscious customers to retain its market share.

Raw Material Price Risk

The prices of international commodities e.g., copper, aluminium and polymers, which are the key raw material components, are subject to considerable price volatility. Since the market prices of cables are generally on firm price basis, the seesawing prices of these commodities can severely impact the cost of the product where the consequential risk must be borne by your Company. Your Company gives priority to customers who allow price variation on input raw materials. Firm price contracts with protracted deliveries

are given less preference to avoid such risk. Occasional scarcity of polymers in the global market is a risk in terms of meeting customer's delivery commitments. Over and above, these polymer prices are sensitive to the crude oil prices where the volatility in recent times has been unprecedented. Your Company is ameliorating such risk by procuring the materials in tranches to even-out price fluctuations. However, the relentless inflation trend in commodities which has been and will be a pain point in the near future as well. While price corrections have been undertaken, they lag raw materials inflation putting pressure in operating margins.

Exchange Rate Risk

Your Company is exposed to the risk of foreign exchange rate fluctuations. To cover this risk, all foreign currency exposures are closely monitored and forward covers are taken, wherever it is deemed appropriate.

Epidemic/Pandemic Risk

The Covid-19 pandemic risk while unprecedented in its pervasive impact on the global manufacturing eco-system, represents only the most recent disruptive event that manufacturers face. The disruptive events due to pandemic have exposed numerous vulnerabilities of the manufacturing enterprises, the supply chain has emerged as being amongst the most vulnerable. In order to mitigate the risk, the Company has implemented holistic supply chain management strategies by proactively leveraging planning and scheduling tools. In addition, control measures of social distancing, work from home, restriction on outsiders and hygiene requirements besides gradually enhancing compliance with ESG norms were instituted as a part of renewed corporate culture during the crisis.

INTERNAL CONTROL SYSTEMS

The Company has an adequate system of internal control in place, which assures of:

- Authorization, recording, analyzing and reporting of transactions.
- Recording and adequate safeguarding of assets.
- Upkeep of accounting records and trustworthiness of financial information.

Key elements are:

- Clear and well-defined organization structure and limits of financial authority.
- Corporate policies for financial reporting, accounting, information security, investment appraisal and corporate governance.
- Annual Operating Business Plan (AOP) including identifying key strengths, weaknesses, opportunities & threats.
- External firm of Chartered Accountants to carry out internal audit of all functions including physical verification of inventories.
- Risk Management Committee and Audit Committee of the Board which monitors and reviews all risks and control issues and financial matters.
- Computerized and integrated financial and accounting functions, information feedback system of process parameters and back tracing from finished products to raw material stage.
- Company is using higher version software SAP HANA for improved data management, integration of functional departments, and exercising better control.
- Routine evaluation of all financial operating and information technology system.
- Laying down risk assessment and minimization procedures and regular review of the same.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS

The Company do realize the importance of creating high performance organization with motivated work force rather than having a transactional relationship, by leveraging deeper bonds with the employees. The Company's policies are accordingly framed for organizational excellence by developing and inspiring the true potential of Company's human capital to fully channelize the people power and create inclusive workplace through effective leadership, meaningful values and a culture where employees experience high levels of trust, such that each employee is able to bring their best self to work. The Company is creating a workplace culture where leaders empower all individuals to reach their full potential and where every employee feels a sense of belonging regardless of their demography. During the year, various Human Resources processes have been initiated towards the growth of employee skills and knowledge.

Implementation of healthy practices of Human Resource Development activities for overall development of human assets and induction programme for professionally qualified and skilled manpower including internal and external training programmes, workshops & seminars are the constant feature of the Company. The Company fulfil its task of training and development of its employees to the maximum extent by sponsoring them to various programmes and courses, such as Quality Circles & SS initiatives. The Company is fully seized of the current pace of economic transformation due to adoption of newer technologies and taken initiatives to keep the workforce engaged with multiple programmes for ensuring adequate growth opportunities, training and development, flexibility and work life balance, technology for productivity and providing competitive benefits for retention of talent.

The Company is dedicated to do the welfare of its employees, their families and surrounding localities of the factory premises by providing social, culture and educational upliftment. The Company is increasingly focusing on holistic employee wellness owing to major changes in the working environment in a post Covid-19 pandemic world. The Company believes that employee well-being will be a crucial component in employees performance and retention and has a far reaching impact on the Company's growth journey in future with the motive to keep them engaged for the long term.

The Company is committed to establish Risk-free and Zero accident work environment. The Company is regularly doing various social activities related to rural development, healthcare and educational infrastructure and support to the ones who need it most, environmental awareness, women empowerment and skill development, etc. under CSR.

The Company is maintaining Residential Colony for its employees at Satna with Staff Recreation & Health Center together with Reading Room, Staff Club, Indoor/Outdoor Game facilities, Temple, Children Park, Dispensary, etc. The Company conducts business in environmentally conscious way by negating the damage with environmentally positive and socially responsive initiatives. To this end, it maintains adequate green belt areas around Plant and residential township besides increasing reliance on renewable energy resources gradually.

The Company continued to maintain healthy and cordial relationship with its employees throughout the year. A Committee, comprising of senior officials, regularly reviews the issues related to the employees with a view to ensure immediate redressal of grievances.

The Company employed 926 permanent employees as on 31st March 2022.

No complaint was filed during the financial year under the Sexual Harassment of workmen at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

SECTION - E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Integrity, Ethics, Transparency & Accountability

1.	Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/ NGOs /Others?	:	The Policy relating to Integrity, Ethics, Transparency and Accountability is the backbone of the Company and guides the business and operations of the Company. The Policy includes Code of Conduct which applies to the Directors and the Key Management/Senior Management Personnel of the Company. A Whistle Blower Policy/Vigil Mechanism is also in place, which provides opportunity to the stakeholders to report any concerns/issues/incidents about unethical behavior, actual or suspected fraud or violation of the code of conduct or policies.
2.	How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.	:	The Company received Eight (8) complaints from the shareholders and investors which were promptly attended to and resolved.

Principle 2: Sustainable and Safe Goods and Services

1.	List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.	:	<p>The operations of the Company comply with the approval norms accorded by the State/Central Pollution & Environmental Boards. The Company's endeavor has always been to develop products that are environment friendly and at the same time use raw materials which are Restriction of Hazardous Substances (RoHS) compliant and whose waste can be disposed off in an environmentally sound manner. The Company's major products/activities are:</p> <p>(a) Power (Electrical) and other Cables, Wires and Conductors;</p> <p>(b) Power Capacitors; and</p> <p>(c) Turnkey Projects predominantly relating to Electrical Cables and Power Capacitors.</p>
2.	For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):		
	(a) Reduction during sourcing/production/distribution achieved since the previous year throughout the value chain?	:	<p>The human resources are encouraged to identify areas of resource conservation to not only bring down the product/services cost but also to minimise environmental footprint by striving to minimise the wastages in the entire supply chain. 3R's i.e. Reduce, Reuse and Recycle is at the heart of our manufacturing and business activities. The business activities are aimed at conservation of precious natural resources to ensure that impact on the environment is minimal.</p> <p>The Company has also installed rooftop solar plant in its' Satna & Goa Units to partially reduce the dependence on conventional source of energy.</p>
	(b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?	:	<p>The manufacturing process is not water intensive. The Company has ensured significant reduction in the usage of energy and water by recycling the water used in the manufacturing process and residential township, following zero waste water discharge policy, treating waste water in treatment plant and using treated water in the Company's premise for horticulture and gardening. In addition, capturing rain water and recharging the ground water through rain water harvesting system installed at strategic location inside the company campus and also by undertaking modernisation and upgradation of its equipment and machinery with state of the art technologies available across the globe. During the above exercise, it is ensured that the new machinery/equipment is low on energy usage and has minimum environmental impact.</p>
3.	Does the company have procedures in place for sustainable sourcing (including transportation)?	:	Yes
	(a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.	:	<p>The Company discerns its suppliers/vendors/contractors and make them aware of the Company's sustainability goals. The suppliers/contractor selection process gives due importance to their environmental and safety performance. The contracts have appropriate clauses and checks to prevent the employment of child labour or forced labour in any form. The Company also provides transparent process where suppliers can voice their concerns and issues. The Company regularly reviews the restricted substances list and connects with the suppliers to make sure that the sourcing database is up to date.</p> <p>Almost all raw materials such as Aluminium, Copper, PVC, XLPE, Lead etc. are being sourced on sustainable basis.</p>

4.	Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?	: In line with Govt. of India's Atmanirbhar Bharat mission, the Company is closely working with indigenous manufacturers and contractors/labourers for delivery of material and services around its manufacturing locations and project/service sites. In fact, it is ensured that certain non-critical materials such as packaging, machine spares and job work are procured/performed locally to the extent feasible. Regular capacity building and assessments are conducted for key suppliers and contractors. This allows the Company to reduce its environmental footprint through lowered shipping time thereby minimising transport and related fuel consumption and emissions, lessening the risk from global disruptions as well as saving cost and time. The Company is procuring PVC filler, Process & Dispatch Reels and fabrication services from local & small producers including communities surrounding the Company's manufacturing plant and sites/workplaces.
(a)	If yes, what steps have been taken to improve their capacity and capability of local and small vendors?	: The Company is imparting training specific to the processes, projects safety, hygiene standards etc. to the workmen employed by it. The Company also educates local contractors/vendors on the process compliances and BR initiatives to improve their capacity and capability of services.
5.	Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.	: Yes, the Aluminum, Lead & PVC scrap generated during the processing of Electrical Cables are recycled in-house and retrieved to the extent possible. The Company recycles 100% of its Aluminum & Lead waste and more than 90% of its PVC waste. The Company is partially equipped in-house for recycling its product waste.

Report on Corporate Governance

Pursuant to Regulation 34(3) read with Para C of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time (hereinafter referred to as the “Listing Regulations”), the Company’s Report on Corporate Governance for the year ended 31st March, 2022 is set out below:

1. CORPORATE GOVERNANCE PHILOSOPHY

Good Corporate Governance is an integral part of the Company’s management and business philosophy. The Company operates within accepted standards of propriety and justice with transparency in all dealings, without compromising on integrity, corporate social responsibility and regulatory compliances concerning business and operations of the Company.

Corporate Governance is a necessary tool for achieving all round business excellence reflected in enhanced shareholder value, without compromising on the need and interest of other stakeholders.

Universal Cables Limited has been practicing the principles of good corporate governance over the years with a focus on transparency, professionalism, fairness, trusteeship and accountability.

Corporate Governance is not a destination but a continuous journey with an upward moving target. The Company will continue its efforts towards raising its standard in Corporate Governance and will also review its systems and procedures constantly in order to keep pace with the changing economic environment.

The Company has complied with the applicable requirements of Corporate Governance and the Disclosures as contained in this Report are in accordance with Regulation 34(3) read with Para C of Schedule V of Listing Regulations.

2. BOARD OF DIRECTORS

The Board of Directors of the Company has an optimum combination of Executive and Non-Executive Directors. As on 31st March, 2022, the strength of the Board of Directors (“the Board”) was Eight (8) members including one Independent Woman Director. The Company has a regular Non-Executive Chairman who is not related to the Managing Director & Chief Executive Officer of the Company as per definition of the term “relative” defined under the Companies Act, 2013. The number of Independent Directors on the Board was Four (4), which is half of the total number of Directors and the number of Non-Executive Directors was Seven (7), which is more than fifty percent of the total number of Directors, as laid down under Regulation 17 of the Listing Regulations. The composition of the Board of Directors is also in conformity with the provisions of Section 149 of the Companies Act, 2013.

None of the Directors on the Board is a member in more than Ten (10) Board level committees or acts as Chairman of more than Five (5) Board level committees across all the public limited companies (listed or unlisted) in which he/she is a Director. The necessary disclosures regarding Committee memberships/chairmanships have been made by the Directors. None of the Independent Directors serves as such on the Board of more than Seven (7) listed companies. Further, the Independent Directors do not serve as Whole-Time Director/Managing Director on the Board of any listed company. None of the Independent Directors has any material pecuniary relationship or transactions with the Company other than (i) the sitting fees payable and reimbursement of incidental expenses incurred by them for attending the Meeting(s) of Board of Directors and Committee thereof; and (ii) remuneration/compensation by way of profit related commission or otherwise as permissible for each financial year commencing on or after 1st April, 2019 of such sum or sums in such proportion/manner and upto such extent as the Board of Directors shall determine from time to time within the overall maximum limit of 1% (One percent) per annum of Net Profits of the Company for the relevant financial year computed in the manner as laid down in Section 198 and other governing provisions of the Companies Act, 2013 and rules made thereunder. The Non-Executive Independent Directors fulfil the conditions of independence specified in Section 149(6) of the Companies Act, 2013 and Regulation 16(1)(b) of the Listing Regulations and individually have submitted a declaration that they meet the criteria of independence and that they are not aware of any circumstance or situation, which exist or may be reasonably anticipated, that could impair or impact their ability to discharge their duties with an objective independent judgment and without any external influence. In the opinion of Board of Directors, the Independent Directors fulfill the conditions specified in the Companies Act, 2013, Listing Regulations and are independent of the management. No Independent Director of the Company has resigned before the expiry of his/her tenure. The terms and conditions of appointment of Independent Directors can be accessed on the Company’s weblink viz: [http://www.unistar.co.in/investor_relation/disclosure_regulation46\(2\)/t-c-appt-independent-directors.pdf](http://www.unistar.co.in/investor_relation/disclosure_regulation46(2)/t-c-appt-independent-directors.pdf)

4.1 Remuneration Policy

The Company's Remuneration Policy, inter-alia, provides a framework for remuneration to the members of the Board of Directors, Key Managerial Personnel (KMPs) and Senior Management Personnel (SMPs). The said Policy earmarks the principles of remuneration to enable the Company to provide a well-balanced and performance related compensation package to KMPs/SMPs, taking into account shareholders' interests, industry practices and relevant corporate regulations in India. The remuneration for the Senior Management including Managing Director & Chief Executive Officer and other KMPs mainly consists of salary, allowances, benefits, perquisites and retirement/post-retirement benefits which are fixed components and performance linked incentive/yearly special allowance being variable component to select cadre of employees. The overall performance of the individual is a key consideration while determining salary increase and determination of performance linked incentive. The competitive remuneration package for the Managing Director & Chief Executive Officer/Whole-time Director, if any, is recommended by the Nomination and Remuneration Committee to the Board for its consideration, based on criteria laid down in the Remuneration Policy. Independent Directors/Non-Executive Directors are paid remuneration by way of Sitting Fees and reimbursement of expenses for participation in the Meeting(s) of the Board of Directors of the Company or any duly constituted Committee thereof and/or such other payments/benefits (excluding stock options, if any), including remuneration/compensation by way of profit related commission or otherwise as permissible for each financial year commencing on or after 1st April, 2019 of such sum or sums in such proportion/manner and upto such extent as the Board of Directors shall determine from time to time within the overall maximum limit of 1% (One percent) per annum of Net Profits of the Company for the relevant financial year computed in the manner as laid down in Section 198 and other governing provisions of the Companies Act, 2013 and rules made thereunder. Further, the maximum remuneration payable to Managing Director & Chief Executive Officer or maximum overall remuneration payable to all Directors including Managing Director & Chief Executive Officer shall be within overall limits as defined in the Companies Act, 2013 and rules framed thereunder read with Circulars/Guidelines issued by the Central Government and other authorities from time to time, subject to approvals of shareholders, as and when required. The premium paid by the Company for the Directors and Officers Liability Insurance Policy taken by the Company on behalf of its Directors for indemnifying them against any liability in respect of any negligence, default, misfeasance, breach of duty or breach of trust is not treated as part of the remuneration.

The Remuneration Policy of the Company has been uploaded at Company's website i.e. [http://www.unistar.co.in/investor-relation/disclosure_regulation46\(2\)/company_policies/remuneration-policy-16-05-2019.pdf](http://www.unistar.co.in/investor-relation/disclosure_regulation46(2)/company_policies/remuneration-policy-16-05-2019.pdf)

Independent Auditor's Report

TO THE MEMBERS UNIVERSAL CABLES LIMITED

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Universal Cables Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including other comprehensive income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition for construction contracts:</p> <p>In respect of construction contracts, the management is required to make various accounting estimates and judgements for the purpose of revenue recognition over time like identification of performance obligation, determination of transaction price, the stage of completion, the timing of revenue recognition, estimated project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, recoverability of trade receivables. The Company periodically reviews the estimates involved and any cumulative effect of such changes are recognised in the period in which such changes are determined.</p> <p>Refer Note No. 1.4 and Note No. 1.5(k) of the standalone financial statements.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> ● Reviewing the terms and conditions of contracts on sample basis (including amendments/modifications/clarifications thereon, if any) for the purpose of identification of performance obligation, reviewing the estimated contract revenue and costs including consistent application, and adjustments thereon on account of potential liquidated damages and penalties, if any, change in scope, actual cost incurred till year end, etc. ● Testing the internal controls adopted by the Company relevant to ensuring the completeness and accuracy of revenue recognition. ● Reviewed the adequacy of the disclosures in the Notes to the standalone financial statements.
2	<p>Valuation of trade receivables in view of the risk of credit losses:</p> <p>Trade receivables is a significant item in the Company's financial statements as at March 31, 2022 and assumptions used for estimating the credit loss on receivables is an area which is determined by management's judgment.</p> <p>The Company makes an assessment of the estimated credit losses on trade receivables based on credit risk, project status, past history, latest discussion/correspondence with the customer. Given the significance of these receivables in the financial statements as at 31st March, 2022, we determined this to be a key audit matter.</p> <p>Refer Note No. 1.5 (i)(1)(b), Note No. 8, 11 & 47(a) of the standalone financial statements.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> ● Evaluated the accounting policy of the company. ● Inquired with senior management regarding status of collection of the receivable. ● Assessed the information/assumptions used by the Management to determine the expected credit losses by considering credit risk of the customer, cash collection, and the level of credit loss over time. <p>Based on our work as stated above, no significant deviations were observed in respect of management's assessment of valuation of trade receivables.</p>

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report 2021-22, but does not include the Standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Based on the work we have performed, if we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The standalone balance sheet, the standalone statement of profit and loss including other comprehensive income, the standalone statement of cash flow and the standalone statement of changes in equity dealt with by this report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of written representations received from the directors as on 31st March, 2022 and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid/provided by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact, if any, of pending litigations on its financial position in its standalone financial statements – Refer Note No. 39 to the standalone financial statements;
 - ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any on long term contracts including derivative contracts.
 - iii) There were no amounts, which were required to be transferred during the year to the Investor Education and Protection Fund by the Company.
 - iv)
 - (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in Note No. 50 (d) to the standalone financial statement, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in Note No. 50 (e) to the standalone financial statement, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - v) The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 38 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure B" a statement on the matters specified in the paragraphs 3 and 4 of the said Order.

(Referred to in Paragraph 1(f) under 'Report on Other Legal and Regulatory requirements' of our report on even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

We have audited the internal financial controls over financial reporting of the Company as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and

procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Annexure "B" to the Independent Auditors' Report

(Referred to in Paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our Report on even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i
 - a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B) The Company is maintaining proper records showing full particulars of intangible assets.
 - b) Major items of Property, Plant and Equipment were physically verified during the year by the management in accordance with regular programme of verification which, in our opinion, provides for physical verification of all the Property, Plant and Equipment at reasonable intervals. No material discrepancies were noticed on such verification.
 - c) The title deeds of all the immovable properties (other than properties where the company is a lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
 - d) The Company has not revalued its property, plant and equipment (including right of use assets) and intangible assets during the year ended March 31, 2022.
 - e) No proceedings have been initiated during the year or are pending against the company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules thereunder.
- ii
 - a) The inventories have been physically verified by the management at reasonable intervals during the year except goods-in-transit. For goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion the coverage and procedure of such verification by the management is appropriate. No discrepancies were noticed on verification between physical stocks and the book records that were more than 10% in aggregate for each class of inventories.
 - b) The company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. The quarterly return or statement filed with them are in agreement with the books of account of the Company.
- iii The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) during the year. However, the Company has issued Corporate Guarantee to a Joint Venture entity in an earlier year and is outstanding as at 31st March, 2022 (refer note no. 45 of the standalone financial statement). The Company has given interest free loans to its employees as per Company's established policy during the year.

- a) The Company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or any other entity during the year. Accordingly, reporting under clause 3(iii) (a) of the Order is not applicable to the Company.
- b) The terms and conditions of the loans given to employees are not, prima facie, prejudicial to the interest of the Company.
- c) In respect of loans given by the Company to its employees, the schedule of repayment of principal has been stipulated and the repayments of principal have generally been regular as per stipulation.
- d) In respect of loans granted to employees by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- iv In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans, investments, guarantees and security, as applicable.
- v The Company has not accepted any deposits or amounts which are deemed to be deposit within the provisions of sections 73 to 76 of the Act and the Rules framed there under. Hence reporting under clause 3(v) of the Order is not applicable.
- vi We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been maintained. We have not, however, made a detailed examination of the records for the year with a view to determine whether they are accurate and complete.
- vii a) The Company does not have liability in respect of Service tax, Duty of excise, Sales Tax and Value added Tax during the year. These statutory dues have been subsumed into Goods and Services Tax effective 1st July, 2017.
- According to the records of the Company, the Company has generally been regular in depositing undisputed statutory dues including goods and services tax (GST), provident fund, employees' state insurance, income tax, duty of custom, cess and other material statutory dues, as applicable to it with the appropriate authorities. There were no arrears of undisputed statutory dues applicable to the Company as at 31st March, 2022, which were outstanding for a period of more than six months from the date they became payable.
- b) According to the information and explanation given to us, there are no statutory dues referred to in (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

Name of the Statute	Nature of dues	Period to which amount relates	Amount (₹ in lakhs)	Forum where pending
Goods and Services Tax Act, 2017	Goods and Services Tax	FY 2020-21	44.75	Department/1 st Appellate Authority
Income Tax Act. 1961	Income Tax	AY 2018-19	232.21	CIT (Appeals)
Madhya Pradesh Municipal Corporation Act, 1956	Terminal Tax	FY 2002-03 to 2012-13	227.37	Hon'ble High Court of Madhya Pradesh, Jabalpur

- viii There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- ix a) On the basis of the verification of records and information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- c) In our opinion and according to the information and explanations given to us, term loans were applied for the purposes for which the loans were obtained.
- d) In our opinion and according to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not utilized the funds raised on short term basis for long term purposes.
- e) In our opinion and according to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its associates or joint ventures. The Company does not have any subsidiary. Therefore, the provisions of clause 3(ix)(e) of the Order are not applicable.

- f) In our opinion and according to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its associates or joint ventures. The Company does not have any subsidiary. Therefore, the provisions of clause 3(ix)(f) of the Order are not applicable.
- x a) The Company did not raise any money by way of initial/further public offer (including debt instruments) Therefore, the provisions of clause 3(x)(a) of the Order are not applicable.
- b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partly or optionally convertible). Therefore, the provisions of clause 3(x)(b) of the Order are not applicable.
- xi a) Based on the audit procedure performed and the representation obtained from the management, no material fraud by the Company or on the Company by its officers and employees has been noticed or reported during the year.
- b) We report that, no report under sub-section (12) of section 143 of the Companies Act has been filed by us in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii The Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable.
- xiii According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- b) We have considered, the internal audit reports issued till date for the period under audit.
- xv According to the information and explanations given to us and the representation obtained from the management, the Company has not entered into any non-cash transactions with directors or persons connected with them under section 192 of the Act. Therefore, the provisions of clause 3(xv) of the Order are not applicable.
- xvi In our opinion and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- In our opinion, there is no core investment Company within the Group and accordingly reporting under clause 3(xvi) (d) of the Order is not applicable.
- xvii The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- xviii There has been no resignation of the statutory auditors of the Company during the year.
- xix On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx a) On the basis of the verification of records and information and explanations given to us, there are no unspent amounts towards corporate social responsibility (CSR) under section 135 of the Companies Act pursuant to any project other than ongoing projects. Hence reporting under clause 3(xx)(a) of the Order is not applicable.
- b) In respect of ongoing project, the Company has transferred the remaining unspent Corporate Social Responsibility (CSR) amount, in respect of the ongoing project, to a special account within a period of 30 days from the end of the financial year in compliance with the provision of sub-section (6) of section 135 of the Act.

Nature and purpose of Reserves
(a) Securities Premium

Securities premium represents the amount received by the Company in excess of face value of the equity shares. The reserve is utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013.

(b) General Reserve

The general reserve represent free reserve created through appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the general reserve is created by way of appropriation from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the Statement of Profit and Loss.

(c) Cash Flow Hedge Reserve

The Company uses hedging instruments as part of its management of commodity price risk and related foreign currency risk associated with its highly probable forecasted purchases. For hedging commodity price risk and related foreign currency risk, the Company uses future contracts and foreign currency forward contracts respectively which are designated as cash flow hedges. To the extent these hedges are effective, the change in fair value of the hedging instrument is recognised in the cash flow hedging reserve. Amounts recognised in the cash flow hedging reserve is reclassified to profit or loss when the hedged item affects profit or loss. When the forecasted transaction results in the recognition of a non-financial asset (e.g. inventory), the amount recognized in the cash flow hedging reserve is adjusted against the carrying amount of the non financial asset.

1. NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1.1 Company Overview

Universal Cables Limited (UCL) ("the Company") is a public limited listed company incorporated under the Companies Act, 1956 (now replaced by the Companies Act, 2013). The Company is engaged in manufacturing and sale of Electrical and other Cables, Capacitors, Wires and Conductors, etc. and Turnkey Projects predominantly relating to Electrical Cables/Capacitors, etc. The Registered Office of the Company is located at P.O. Birla Vikas, Satna (M.P.) - 485005, India and its CIN No. is L31300MP1945PLC001114.

1.2 Basis of Preparation and Presentation

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as applicable. On March 24, 2021, the Ministry of Corporate Affairs (MCA) through a notification, amended Schedule III of the Companies Act, 2013 and the amendments are applicable for financial periods commencing from April 1, 2021. The Company has evaluated the effect of the amendments on its financial statements and complied with the same.

The financial statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Company's financial statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in lakhs Indian Rupees and have been rounded-off to two decimal place in accordance with the provisions of Schedule III, unless stated otherwise.

1.3 Basis of classification of Current and Non-Current

Assets and Liabilities are classified as either current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III to the Companies Act, 2013. Operating cycle for the business activities of the Company covers the duration of the specific project/contract/product line/service including the defect liability period, wherever applicable, and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective business verticles/segments.

1.4 Use of estimates & Critical Judgements

The preparation of financial statements in conformity with generally accepted accounting principles in India requires management to make judgements, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting year end. Although these estimates and associated assumptions are based upon historical experiences and various other factors besides management's best knowledge of current events and actions, actual results could differ from these estimates. The estimates and underlying assumptions are reviewed on a periodic basis. Any revision in the accounting estimates is recognised in the period in which the results are known/materialise. Estimation of contract revenue is a critical accounting judgement [Refer Note 1.5(k)].

1.5 Summary of Significant Accounting policies

(a) Property, Plant and Equipment (PPE)

PPE are stated at cost, net of recoverable taxes, discount and rebates, etc. less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced.

Spare parts in the nature of PPE are capitalised and depreciated over their remaining useful lives.

Gains or losses arising from de-recognition of PPE is measured as the difference between the net disposable proceeds and the carrying amount of the asset and are recognised in the statement of Profit and Loss when the asset is derecognised.

(b) Investment Property

The Company has certain investments in Land & Buildings which are classified as Investment Property as per the requirement of Ind AS 40. The same is held generally to earn rental income or for capital appreciation or both. The Investment Property has been recognised at cost less accumulated depreciation and impairment, if any. The same has been disclosed separately in the financial statements alongwith requisite disclosure about fair valuation of such Investment Property at year end.

(c) Intangible Assets

Intangible assets (mainly comprise of license fees and associated implementation costs incurred for Computer Software) are measured initially at cost only when it is probable that future economic benefits associated with the item will flow to

the Company and the cost can be measured reliably. After initial recognition, an intangible asset is carried at its cost, less accumulated amortisation and accumulated impairment losses, if any.

(d) Depreciation/Amortisation

Depreciation on PPE is provided on straight line method at the rates determined based on the useful lives of respective assets as prescribed in the Schedule II of the Act, and/or useful life reviewed and assessed by the Company based on technical evaluation of relevant class of assets, as detailed below:

Buildings (as per schedule II)	30/60 years
Plant and Equipments (as per technical evaluation)	3 to 15 years
Furniture and Fixtures (as per schedule II)	10 years
Vehicles (as per schedule II)	8 to 10 years
Computer (as per technical evaluation)	3 years

Depreciation on fixed assets added/disposed-off/discarded during the year is provided on pro-rata basis with respect to the month of addition/disposal/discarding.

Leasehold land is amortised on a straight line basis over the period of the lease (30 to 99 years).

Intangible Asset is measured at cost and amortised so as to reflect the pattern in which the assets economic benefits are consumed. The useful life of Intangible Asset has been estimated as five years.

Depreciation method, useful lives and residual values are reviewed at each financial year end and adjusted, if considered appropriate.

(e) Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset (PPE and Intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit (CGU) is made. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. The smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit (CGU). An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. Assessment is also done at each reporting date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

(f) Government Grants and Subsidies

Grants and subsidies from the Government(s) are recognised when there is reasonable assurance that the conditions attached to them will be complied and grants/subsidy will be received. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to a fixed asset, it is accounted for by deducting the grant from the carrying amount of the fixed assets.

Export benefits availed as per prevalent schemes are accrued each year in which the goods are exported and when no significant uncertainty exists regarding their ultimate collection.

(g) Inventories

Inventories are valued as follows:

Raw Materials, Stores and Spare Parts	Lower of cost and net realisable value. Cost is determined on a transaction moving weighted average basis. However, raw materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.
Traded Goods	Lower of cost and net realisable value. Cost is determined on transaction moving weighted average basis.
Work-in-Progress and Finished Goods	Lower of cost and net realisable value. Cost includes direct materials (determined on a transaction moving weighted average basis), labour and a proportion of manufacturing overheads based on normal operating capacity of relevant production facilities.
Scrap Materials	Estimated Net Realisable value.

Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost includes the reclassification from equity of any gains or losses on qualifying cash flow hedges relating to purchases of raw material but excludes borrowing costs. Net realisable value is the estimated selling price in the ordinary course of business, less estimated cost of completion and estimated cost necessary to make the sale.

(h) Fair Value Measurement

The Company measures financial instruments such as investments (other than equity investments in subsidiaries, joint venture and associates) and derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability to which the Company has access at that date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1- Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of Fair value disclosure, the Company has determined classes of assets and liabilities on the basis of nature, characteristics and risks of the assets or liabilities and the level of the fair value hierarchy as explained above.

Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets and for non-recurring measurement, such as assets held for disposal.

(i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(1) Financial assets

(a) Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities, which are not fair valued through profit and loss, are adjusted to the fair value on initial recognition.

(b) Subsequent measurement

Financial Assets other than Equity Instruments

- Financial assets carried at Amortised cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. Interest income from such financial asset is included in other income using the effective interest rate ("EIR") method.

- Financial assets at Fair value through other comprehensive income (FVOCI):

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on principal outstanding. They are subsequently measured at each reporting date at fair value, with all fair value movements recognised in Other Comprehensive Income (OCI). On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the OCI to Statement of Profit and Loss.

- Financial asset at Fair value through profit or loss (FVTPL):

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit and loss.

Equity Instruments

- Investment in subsidiaries, Joint Ventures and Associates

The Company has accounted for its Investments in Subsidiaries, Joint venture and Associates at cost.

- Other Equity Investments

All other equity investments are measured at fair value. Equity Investments, which are held for trading are classified as Fair value through Profit and Loss. For equity investments other than held for trading, the Company has exercised irrevocable option to recognise in 'Other Comprehensive Income' ("OCI"). The Company makes such election on an instrument-by-instrument basis for those investments which are strategic and are not intended for sale. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. Gain/losses on disposal of such investments are transferred from OCI to Retained Earnings.

Derecognition of financial instruments

The Company derecognises financial assets when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

Impairment of Financial Assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company determines expected credit losses after taking into account the past history of recovery, risk of default of the counterparty, existing market conditions, etc. The impairment methodology is applied on individual customer basis and depends on whether there has been a significant increase in the credit risk since initial recognition.

(2) Financial Liabilities

Recognition and Initial Measurement:

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement:

Financial liabilities are measured subsequently at amortised cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Derivative Financial Instruments:

Derivatives and hedging activities

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVPL. They are presented as current assets or liabilities to the extent they are expected to be settled within 12 months after the end of the reporting period.

Derivatives are initially recognized at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Company designates their derivatives as hedges of commodity price risk and related foreign exchange risk associated with the cash flows of assets and liabilities and highly probable forecast transactions (cash flow hedges). The Company documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship. The full fair value of a hedging derivative is classified as a non-current asset or liability when the remaining maturity of the hedged item is more than 12 months; it is classified as a current asset or liability when the remaining maturity of the hedged item is less than 12 months.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in cash flow hedging reserve within equity. The gain or loss relating to the ineffective portion is recognized immediately in profit or loss, within other gains/(losses).

When forward contracts are used to hedge forecast transactions, the Company designate the full change in fair value of the forward contract as the hedging instrument. The gains and losses relating to the effective portion of the change in fair value of the entire forward contract are recognized in the cash flow hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss (for example, when the forecast purchase that is hedged takes place).

When the hedged forecast transaction results in the recognition of a non-financial asset (for example inventory), the amounts accumulated in equity are transferred to profit or loss as follows:

With respect to gain or loss relating to the effective portion of the forward contracts, the deferred hedging gains and losses are included within the initial cost of the asset. The deferred amounts are ultimately recognized in profit or loss as the hedged item affects profit or loss (for example, through cost of sales).

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to profit or loss within other gains/(losses).

If the hedge ratio for risk management purposes is no longer optimal but the risk management objective remains unchanged and the hedge continues to qualify for hedge accounting, the hedge relationship will be rebalanced by adjusting either the volume of the hedging instrument or the volume of the hedged item so that the hedge ratio aligns with the ratio used for risk management purposes. Any hedge ineffectiveness is calculated and accounted for in profit or loss at the time of the hedge relationship rebalancing.

Derivatives that are not designated as hedges

The Company enters certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss and are included in statement of profit and loss.

Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

(j) Income taxes

Tax expense comprises current income tax and deferred tax. Current income tax expense is measured at the amount expected to be paid to the taxation authorities in accordance with the governing provisions of the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided using the balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilised.

Income tax (Current and Deferred) is recognised in the Statement of Profit and Loss except to the extent it relates to the items recognised directly in equity or other comprehensive income.

Current tax assets and Current tax liabilities are offset, if a legally enforceable right exists to set off the recognised amounts and where it intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(k) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods or services.

The Company satisfies a performance obligation and recognizes revenue over time, if one of the following criteria is met:

- (i) The Company's performance does not create an asset with an alternate use to the Company and the Company has as an enforceable right to payment for performance completed to date.

- (ii) The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- (iii) The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs.

For performance obligations where one of the above conditions are not met, revenue is recognized at the point in time at which the performance obligation is satisfied.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractual terms and conditions. Taxes (GST) collected on behalf of the government are excluded from revenue. Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue and costs, if applicable, can be measured reliably. Revenue is disclosed inclusive of, inter-alia, incentives but net of returns, liquidated damages, customer claims, discounts and rebates, etc.

Variable consideration includes volume discounts, price concessions, incentives, etc. The Company estimates the variable consideration with respect to above based on an analysis of accumulated historical experience. The variable consideration is adjusted as and when the expectation regarding the same changes.

Revenue from Sale of Goods

Performance obligation in case of Revenue from sale of goods is satisfied at a point in time and is recognized when control of goods is transferred to the customers. Generally, control is transferred upon shipment of goods to the customer or when the goods are made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue from Turnkey Projects/Contracts

Performance Obligation in case of revenue from Turnkey Projects/Contracts is satisfied over the period of time, since the customer controls the assets as they are created and the Company has enforceable right to payment for performance completed to date. Revenue from Turnkey Projects/Contracts, where the outcome can be estimated reliably is recognised under the percentage of completion method by reference to the stage of completion of contract activity. The stage of completion is measured by input method i.e. the proportion that the cost incurred to date bear to the estimated total cost of a contract. The estimates of contract costs and the revenue thereon are reviewed periodically by the management and the cumulative effect of any changes in the estimates is recognised in the period in which such changes are determined. Where it is probable that contract expenses will exceed total revenue from a contract, the expected loss is recognised immediately as an expense in the Statement of Profit and Loss.

If contract revenue recognised is in excess of interim billing, the same is recognised as "contract asset" (unbilled revenue). Similarly, if interim billing exceeds contract revenue, the same is recognised as "contract liabilities" (excess billed over revenue). Retention money receivable from project customers does not contain any significant financing element as these are retained by the customers for satisfactory performance of the underline contracts.

Export benefits availed as per the prevalent schemes are accrued each year in which the goods are exported and when no significant uncertainty exist regarding the ultimate collection.

Interest income is recognised on time proportion basis. Dividend income is recognised when the right to receive payment is established.

(l) Interest in Joint Arrangements

As per Ind AS 111 - Joint Arrangements, investment in Joint Arrangement is classified as either Joint Operation or Joint Venture. The classification depends on the contractual rights and obligations of each investor rather than legal structure of the Joint Arrangement.

(m) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction, production or development of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred. Transaction cost in respect of long term borrowing are amortised over the tenure of respective loans using Effective Interest Rate (EIR) method.

(n) Provisions, Contingent liabilities and Contingent Assets

The Company recognises a provision when there is a present obligation as a result of past event that probably requires an outflow of resources and reliable estimates can be made of the amount of obligation. A disclosure of contingent liability is made when there is possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of the obligation cannot be made. Where there is a possible obligation or a present obligation and likelihood of outflow of resources is remote, no provision or disclosure is made.

Provision for warranty related costs are recognised when the terms and conditions attached to and forming part of the executed portion of the contract of sale of products and/or providing of services or both are assessed to have underlying obligations to be met during the warranty period. The estimate of such warranty costs is revised annually.

Contingent assets are not recognised but disclosed in the financial statements, where economic inflow is probable.

(o) Employee Benefits

Defined Contribution Plan

Contribution to approved Superannuation Fund as per Company's scheme and Employee's Regional Provident Fund is recognised as an expense in the Statement of Profit and Loss for the year when the employee renders the related service.

Defined Benefit Plan

Gratuity, Pension and Compensated Absences benefits, payable as per Company's schemes are considered as defined benefit schemes and are charged to Statement of Profit and Loss on the basis of actuarial valuation carried out at the end of each financial year by independent actuaries using Projected Unit Credit Method. For the purpose of presentation of defined benefit plans, the allocation between short term and long term provisions is made as determined by the independent actuaries. Actuarial gains and losses are recognised in the Other Comprehensive Income.

The Provident fund Contribution, other than Contribution to Employee's Regional Provident Fund is made to an approved trust administered by the trustees. The Company has representation on the board of trust. The Company is liable for shortfall, if any, in the fund assets based on the government specified minimum rates of return and the same is recognised as an expense in the Statement of Profit and Loss.

Ex-gratia or other amount disbursed on account of selective employees separation scheme or otherwise are charged to Statement of Profit and Loss as and when incurred/determined.

(p) Operating Leases

Where the Company is the Lessee:

The Company's lease asset classes primarily consist of leases for building. The Company, at the inception of a contract, assesses whether the contract is a lease or not a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. The Company has elected not to recognize Right-of-use Assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense over the lease term.

Where the Company is the Lessor:

Lease under which the Company does not transfer substantially all the risks and benefits of ownership of the asset is classified as operating lease. Assets subject to operating lease are included in Investment Property. Lease income from operating lease is recognised in the Statement of Profit and Loss on a straight line basis over the lease term except where the lease payments are structured to increase in line with expected general inflation. Costs including depreciation are recognised as an expense in the Statement of Profit and Loss.

(q) Foreign Currency Transactions

Transactions in foreign currencies are initially recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit and Loss.

(r) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders of the Company by the weighted average number of the equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, net profit or loss for the year attributable to equity shareholders of the Company and the weighted average number of shares outstanding during the year is adjusted for the effect of all dilutive potential equity shares.

(s) Cash and Cash Equivalents

Cash and Cash equivalent in the cash flow statement comprises cash on hand, demand deposits with banks and short-term investments with an original maturity of three months or less from the date of acquisition.

1.6 On March 23, 2022, the Ministry of Corporate Affairs (MCA) has notified Companies (Indian Accounting Standards) Amendment Rules, 2022. This notification has resulted into amendments in the following existing accounting standards which are applicable to company from April 1, 2022.

- i) Ind AS 109 – Financial Instrument
- ii) Ind AS 16 – Property, Plant and Equipment
- iii) Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets

Application of above standards are not expected to have any significant impact on the company's financial statements.

Notes:

- (a) The Company makes annual contribution to the employee group gratuity scheme of the Life Insurance Corporation of India, a funded defined benefits plan for qualified employees. The Scheme provides for lumpsum payments to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days basic salary for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Company has provided for gratuity based on the actuarial valuation done as per Projected Unit Credit Method. A separate Trust Fund is created to manage the Gratuity Plan and the contributions towards the Trust Fund is done as guided by Rule 103 of the Income Tax Rules, 1962. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall expected date of return on plan assets is determined based on the market prices prevailing as on balance sheet date, applicable to the period over which the obligation is to be settled. The Company expects to contribute ₹ 120.00 lakhs (Previous year ₹ 110.00 lakhs) to the approved Gratuity Fund during the year 2022-23.

The management assessed that the fair values of cash and cash equivalents, other bank balances, trade receivables, loans, other financial assets, borrowings, trade payables, and other financial liabilities approximates their carrying amounts largely due to the short-term maturities of these instruments. For Financial assets and liabilities that are measured at fair value, the carrying amounts are equal to their fair values.

The following methods and assumptions were used to estimate the fair values:

- The Equity Investments which are Quoted, the fair value has been taken at the market prices/NAV of the same as on the reporting dates. They are classified as Level 1 fair values in fair value hierarchy.
- The derivative financial instruments which are unquoted, the fair value has been taken at based on value certificate given by respective Banks. They are classified as Level 2 fair values in fair value hierarchy.

- (c) The Equity Investments which are Unquoted, the fair value has been taken as per the valuation report certified by Chartered Accountant as on the reporting dates. They are classified as Level 3 fair values in fair value hierarchy.
- (d) The derivative financial instruments which are quoted, the fair value has been taken at the market-price of the same as on the reporting dates. They are classified as Level 1 fair values in fair value hierarchy.

Fair Value Hierarchy

The following are the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognized and measured at fair value and (b) measured at amortized cost and for which fair value are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels of fair value measurement as prescribed under the Ind AS 113 "Fair Value Measurement".

47. Financial Risk Management:

The Company's activities are exposed to a variety of Financial Risks from its Operations. The key financial risks include Credit Risk, Market Risk and Liquidity Risk.

(a) Credit Risk:

Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables). Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. The Company assesses the credit quality of the counterparties taking into account their financial position, on the age of specific receivable balance and the current and expected collection trends, age of its contracts in progress, historically observed default over the expected life of trade receivables and is adjusted for forward-looking estimates and other factors. Company's EPC business segment customers profile include Government owned utilities/entities and both public and private players. Credit risk on receivables is limited due to the Company's large and diverse customer base which includes public sector enterprises, state owned companies and private corporates. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Government and achieving project completion milestone within the contracted delivery schedule. Outstanding customer receivables are regularly monitored and assessed. Impairment allowance for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

(b) Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign exchange risk, Interest rate risk and other price risk.

(i) Foreign Exchange Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions of imports and borrowing primarily with respect to USD and Euro. The Company's exports are denominated generally in USD, providing a natural hedge to some extent against foreign currency payments on account of imports of raw materials and/or the payment

of borrowings. The foreign currency transaction risk are managed through selective hedging programmes by way of forward contracts, currency swaps and interest rate swaps for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Company has entered into certain derivative contracts hedging the borrowings in foreign currency and has recognised a gain/loss in the Statement of Profit & Loss on measurement of said contracts at fair value on the reporting date. The fair value of derivative instrument is measured based upon valuation received from the authorised dealer (Bank).

EUR Sensitivity	5.00%	30.82	(30.82)	5.00%	12.02	(12.02)

(ii) Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. The Company mitigates this risk by regularly assessing the market scenario and finding appropriate financial instruments like Interest Rate Swap.

Market rate Decrease	5.00%	(878.56)	5.00%	(611.60)

(iv) Commodity Price Risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables, Capacitors, etc. and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & brought out components such as copper, aluminum, polymers, steel, jointing kits etc. The prices of international commodities e.g. copper, aluminium and polymers are subject to considerable volatility. Since the market prices of cables are generally on firm price basis, the fluctuation in prices of these commodities can severely impact the cost of the product. The Company gives priority to customers who allow price variation on major commodity input raw materials to avoid such risks. Further, to mitigate the risk arising out of commodity price fluctuations, the Company has setup a Hedge Desk during the year. The Commodity price risk is managed through hedging by way of future contracts on London Metal Exchange (LME) and also through forward booking with the suppliers. Occasionally scarcity of polymers in the global market is a risk in terms of meeting customer's delivery commitments. Also, the polymer prices is sensitive to the crude oil prices where the volatility in the recent time has been unprecedented. To mitigate such risks, the Company procures materials in tranches to even out price fluctuation. Also the Company has an approved supplier base to get the best competitive prices for the commodities and to manage the cost without any compromise on quality.

(c) Liquidity Risk:

Liquidity risk is the risk where the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments:

(d) Risk due to outbreak of COVID-19 pandemic

The management has considered the possible effects that may arise due to Covid-19 pandemic and as per the current assessment, the Company expects to recover the carrying value of its assets. The Company will continue to evaluate the prevailing pandemic related uncertainty and update its assessment.

(e) Derivative financial instruments

The Company uses derivative instruments as part of its management of exposure to fluctuations in foreign currency exchange rates and commodity prices. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes. The fair values of all derivatives are separately recorded in the balance sheet within current and non-current assets and liabilities. Derivatives that are designated as hedges are classified as current or non-current depending on the maturity of the derivative. The use of derivatives can give rise to credit and market risk. The Company tries to control credit risk as far as possible by only entering into contracts with reputable banks and financial institutions. The

use of derivative instruments is subject to limits, authorities and regular monitoring by appropriate levels of management. The limits, authorities and monitoring systems are periodically reviewed by management and the Board. The market risk on derivatives is mitigated by changes in the valuation of the underlying assets, liabilities or transactions, as derivatives are used only for risk management purposes.

(i) Cash flow hedges

The Company enters into forward exchange and commodity price contracts for hedging highly probable forecast transaction and account for them as cash flow hedges and states them at fair value. Subsequent changes in fair value are recognized in equity through OCI until the hedged transaction occurs, at which time, the respective gain or losses are reclassified to profit or loss when the hedged item affects profit or loss. When the forecasted transaction results in the recognition of a non-financial asset (e.g., inventory), the amount recognized in the cash flow hedging reserve is adjusted against the carrying amount of the non-financial asset. These hedges have been effective for the year ended 31st March 2022. The Company uses foreign exchange contracts from time to time to optimize commodity related exchange rate risk. Fair value changes on such forward contracts are recognized in other comprehensive income. The majority of cash flow hedges taken relates to hedging the foreign exchange rate of highly probable forecast transactions and commodity price contracts for hedging the commodity price risk of highly probable forecast transactions. The cash flows related to above are expected to occur during the year ended 31st March 2023 and consequently may impact profit or loss for that year depending upon the change in the commodity prices and foreign exchange rates movements.

(ii) Fair value hedge

The fair value hedges relate to forward covers taken to hedge currency exposure. The Company uses foreign exchange contracts from time to time to optimize currency risk exposure on its foreign currency transactions. Fair value changes on such forward contracts are recognized in the statement of profit and loss.

The fair value of the company's derivative positions recorded under derivative financial assets and derivative financial liabilities are as follows.

48. Capital Management:

The Company's objective with respect to capital management is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt (total borrowings less investments and cash and cash equivalents) to equity ratio is used to monitor capital.

Independent Auditor's Report

TO THE MEMBERS UNIVERSAL CABLES LIMITED

Report on the Audit of Consolidated financial statements

Opinion

We have audited the accompanying consolidated financial statements of Universal Cables Limited ("the Company") and its joint venture and an associate, which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the consolidated state of affairs of the Company, its joint venture and an associate, as at 31st March, 2022 and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated financial statements section of our report. We are independent of its joint venture and associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 52 of the accompanying consolidated financial statement for the year ended 31st March 2022 and the following paragraph included in the independent auditor's report on consolidated financial statement for the year ended 31st March 2022 of an associate Company viz. Vindhya Telelinks Ltd., issued by the auditors of that associate and is relevant to our conclusion of the accompanying audited consolidated financial statements, which is reproduced below:

"We draw attention to Note No.53 of the consolidated financial statements in respect of the financial statements of three wholly owned subsidiaries of the Holding Company not being considered for consolidation from 1st April 2021 due to the reason explained therein."

Our opinion on the Consolidated Financial Statements is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgments, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No.	Key Audit Matter	Auditor's Response
1	Revenue recognition for construction contracts (including an associate Company): In respect of construction contracts, the management is required to make various accounting estimates and judgements for the purpose of revenue recognition over time like identification of performance obligation, determination of transaction price, the stage of completion, the timing of revenue recognition, estimated project costs and revenue. The process among others, take into consideration contract risks, price variation claims, liquidated damages & penalties, recoverability of trade receivables. The Company periodically reviews the estimates involved and any cumulative effect of such changes are recognised in the period in which such changes are determined.	Audit procedure included, among others: <ul style="list-style-type: none"> Reviewing the terms and conditions of contracts on sample basis (including amendments/ modifications/ clarifications thereon, if any) for the purpose of identification of performance obligation, reviewing the estimated contract revenue and costs including consistent application, and adjustments thereon on account of potential liquidated damages and penalties, if any, change in scope, actual cost incurred till year end, etc. Testing the internal controls adopted by the Company relevant to ensuring the completeness and accuracy of revenue recognition. Reviewed the adequacy of the disclosures in the Notes to the financial statements.

2	<p>Cost estimation for Lease arrangements (IRU): Relating to an associate Company:</p> <p>The Company as a lessor enters into certain non-cancellable long-term lease arrangements for passive optical fibre cable networks under IP-1 on Indefeasible Right to Use (IRU) basis. As per the accounting policy, these transactions are treated as an Outright-sales. Profit or loss resulting from outright sales is recognised in the statement of profit and loss immediately. The cost of sales and carrying amount of unsold passive optical fibre network under IP-1 are required to be determined.</p> <p>This determination involves making estimates and judgement with respect to allocation of materials, subcontracting cost and other costs on the basis of total estimated fibre pairs/duct to be sold under a specific route. The estimates and underlying assumptions are reviewed on a periodic basis.</p> <p>As a result, its consequent impact (Company's share in Associate) on the Net Assets and Profit of the Consolidated Financial Statements has been considered significant.</p>	<p>As reported by the associate auditor, the following procedures have been performed by them:</p> <ul style="list-style-type: none"> obtained an understanding of the accounting treatment followed for revenue recognition <i>vis-à-vis</i> IRU contracts entered into by the Company. tested the terms and conditions of the contracts and evaluating the point of transfer of control. tested the estimates involved in allocation of cost of sales of IRU network and that of unsold portion of the network and basis of estimating the net realisable value. tested the adequacy of the disclosures in the Notes to the financial statements.
3	<p>Valuation of trade receivables in view of the risk of credit losses (including an associate Company):</p> <p>Trade receivables is a significant item in the Company's financial statements as at March 31, 2022 and assumptions used for estimating the credit loss on receivables is an area which is determined by management's judgment.</p> <p>The Company makes an assessment of the estimated credit losses on trade receivables based on credit risk, project status, past history, latest discussion/correspondence with the customer.</p> <p>Given the significance of these receivables in the financial statements as at 31st March, 2022, we determined this to be a key audit matter.</p>	<p>Our audit procedure included, among others:</p> <ul style="list-style-type: none"> Evaluated the accounting policy of the company. Inquired with senior management regarding status of collection of the receivable. Assessed the information/assumptions used by the Management to determine the expected credit losses by considering credit risk of the customer, cash collection, and the level of credit loss over time; <p>Based on our work as stated above, no significant deviations were observed in respect of management's assessment of valuation of trade receivables.</p>
4	<p>Recoverability of MAT credit entitlement in future—Relating to an associate Company:</p> <p>An associate has recognised deferred tax assets mainly on account of tax credit available for set off (Minimum Alternate Tax) under the Income Tax Act, 1961. Under Ind AS 12 – Income Taxes, deferred tax assets shall be recognised to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.</p> <p>The assessment of valuation of deferred tax assets requires significant management judgement and estimation. This include, amongst others, making estimation of long-term future profitability, future revenue from proposed projects and tax regulations and developments.</p> <p>As a result, its consequent impact (Company's share in Associate) on the Net Assets and Profit of the Consolidated Financial Statements has been considered significant.</p>	<p>As reported by the associate auditor, the following procedures have been performed by them:</p> <ul style="list-style-type: none"> the appropriateness of the methodology applied by the associate Company with applicable Indian accounting standards and applicable taxation laws along with the future business forecast of taxable profits. the likelihood of the associate Company to utilize the available MAT credit entitlements in the future with underlying projections and assumptions relating to future estimated profits, future capitalisations and depreciation allowance thereon and future estimates of taxable income. the adequacy of the company's disclosures on deferred tax assets and assumptions used.

5	<p>Litigations and Claims-Relating to an associate Company:</p> <p>An associate is exposed to different laws, regulations and interpretations thereof which encompasses direct/indirect taxation and legal matters. In the normal course of its business, provisions and contingent liabilities may arise from legal and tax proceedings, including regulatory and other Governmental proceedings, constructive obligations as well as investigations by authorities and commercial claims.</p> <p>Based on the nature of regulatory and legal cases its management applies significant judgement when considering whether, and how much, to provide for the potential exposure of each matter.</p> <p>These estimates could change significantly over time as new facts emerge and each legal case progresses.</p> <p>Given the inherent complexity and magnitude of potential exposures and the judgement necessary to estimate the amount of provisions required or to determine required disclosures, this is a key audit matter.</p>	<p>As reported by the associate auditor, the following procedures have been performed by them:</p> <ul style="list-style-type: none"> Assessment of the process and relevant controls implemented to identify legal and tax litigations, and pending administrative proceedings of the associate company. Assessment of assumptions used in the evaluation of possible legal and tax risks by the legal and tax department of the associate company considering the legal precedence and other rulings in similar cases. Inquiry with the legal and tax divisions of the associate company regarding the status of the most significant disputes and perusal of the relevant documentation. Taking note of opinion received from the experts, where available. <p>Review of the adequacy of the disclosures in the notes to the consolidated financial statements.</p>

Other Matters:

We did not audit the financial statements and other financial information of an associate, which reflect total net profit after tax of ₹ 4103.65 lacs and total other comprehensive income of ₹ 8073.76 lacs for the year ended March 31, 2022, has been considered in the financial statements. These financial statements have been audited by the other auditors whose financial statements, other financial information and Auditor's report have been furnished to us by the Management. Our opinion on the Consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of an associate, is based solely on the reports of such other auditors.

Our conclusion on the Statement is not modified in respect of these matters.

Information Other than the consolidated financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Consolidated Financial Statements, the standalone financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the consolidated financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Company, its joint venture and an associate in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company, its joint venture and associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are

reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included are responsible for assessing the ability of the Company, its joint venture and associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included are also responsible for overseeing the financial reporting process of the Company, its joint venture and associate.

Auditor's responsibility for the audit of consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company, its joint venture and associate has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company, its joint venture and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company, its joint venture and its associate of which we are the independent auditors and whose financial information we have audited, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Company of which we are the independent auditors, regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the paragraph 3(xxi) of Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we report that there are no qualifications or adverse remarks by the respective auditors in the Companies (Auditors Report) Order 2020 reports of the companies included in the consolidated financial statements as mentioned in other matters paragraph above.

Annexure "A" to the Independent Auditors' Report

(Referred to in Paragraph 1(f) under 'Report on Other Legal and Regulatory requirements' of our report on even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

Opinion

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statement of Universal Cables Limited (hereinafter referred to as "Company"), a joint venture and an associate company, which are Companies covered under the Act, as of that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company, its joint venture and an associate company, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Company, its joint venture and an associate company, which are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Company, its joint venture and its associate company, which are, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company, its joint venture and an associate company.

Meaning of Internal Financial Controls with reference to financial statement

A Company's internal financial control with reference to financial statement is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statement includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statement

Because of the inherent limitations of internal financial controls with reference to financial statement, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statement to future periods are subject to the risk that the internal financial control with reference to financial statement may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Nature and purpose of Reserves
(a) Securities Premium

Securities premium represents the amount received by the Company in excess of face value of the equity shares. The reserve is utilised in accordance with the provisions of Section 52 and other applicable provisions of the Companies Act, 2013.

(b) General Reserve

The general reserve represent free reserve created through appropriation of profit/retained earnings and kept aside to meet the future requirements as and when they arise. Mandatory transfer to general reserve is not required under the Companies Act, 2013. As the general reserve is created by way of appropriation from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to the Statement of Profit and Loss.

(c) Cash Flow Hedge Reserve

The Company uses hedging instruments as part of its management of commodity price risk and related foreign currency risk associated with its highly probable forecasted purchases. For hedging commodity price risk and related foreign currency risk, the Company uses future contracts and foreign currency forward contracts respectively which are designated as cash flow hedges. To the extent these hedges are effective, the change in fair value of the hedging instrument is recognised in the cash flow hedging reserve. Amounts recognised in the cash flow hedging reserve is reclassified to profit or loss when the hedged item affects profit or loss. When the forecasted transaction results in the recognition of a non-financial asset (e.g. inventory), the amount recognized in the cash flow hedging reserve is adjusted against the carrying amount of the non financial asset.

1. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022

1.1 Company Overview

Universal Cables Limited (UCL) ("the Company") is a public limited listed company incorporated under the Companies Act, 1956 (now replaced by the Companies Act, 2013). The Company is engaged in manufacturing and sale of Electrical and other Cables, Capacitors, Wires and Conductors, etc. and Turnkey Projects predominantly relating to Electrical Cables/Capacitors, etc. The Registered Office of the Company is located at P.O. Birla Vikas, Satna (M.P.) - 485005, India and its CIN No. is L31300MP1945PLC001114.

The consolidated financial statements as at 31st March, 2022 present the financial position of the following Associate and Joint Venture.

Particulars	Country of Incorporation	Percentage of Ownership
Associate:		
Vindhya Telelinks Limited	India	29.15%
Joint Venture:		
Birla Furukawa Fibre Optics Pvt. Limited	India	26.14%

1.2 Basis of Preparation and Presentation

The financial statements of the Company have been prepared in accordance with and to comply in all material aspects with Indian Accounting Standards (Ind AS) as notified under the relevant provisions of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as applicable.

The financial statements have been prepared on accrual and going concern basis under historical cost convention, except for the items that have been measured at fair value as required by relevant Ind AS.

Company's financial statements are presented in Indian Rupees, which is also its functional currency. All amounts in the financial statements and accompanying notes are presented in lakhs Indian Rupees and have been rounded-off to two decimal place in accordance with the provisions of Schedule III, unless stated otherwise.

1.3 Basis of Consolidation

- In case of associates, where Company holds 20% or more equity or/and exercises significant influence, and Joint Venture, investments are accounted for by using equity method in accordance with Ind AS 28 – "Investments in Associates and Joint Ventures".
- Post acquisition, the company accounts for its share in the change in net assets of the associates and Joint Venture (after eliminating unrealised profits and losses resulting from transactions between the Company and its associates to the extent of its share) through its statement of profit and loss and other comprehensive income. The difference between the cost of investment and the share of net assets at the time of acquisition of shares in the associates is identified in the financial statements as Goodwill or Capital Reserve as the case may be. However, Goodwill is not separately recognised but included in the value of investments.

1.4 Summary of Significant Accounting policies

The Accounting Policies of the Company, its Joint venture and Associate are largely similar. Other significant Accounting Policies of the Consolidated Financial Statements are as given in the Standalone Financial Statements.

- (i) The Company is contesting the demand for Terminal Tax Liability raised by the Municipal Corporation of Satna (M.P.) pertaining to financial years from 2002-03 to 2012-13, by challenging, inter-alia, the constitutional validity of alleged provisions of the Madhya Pradesh Municipal Corporation Act, 1956 and the matter is pending the decision of the Hon'ble High Court of Madhya Pradesh, Jabalpur. Based on the legal evaluation, the likelihood of any liability arising on the Company from the outcome of the suit is remote.
- (ii) Demand Notice(s) concerning cenvat credit under the erstwhile Central Excise Laws and Goods and Services Tax for an aggregate amount of ₹ 48.75 Lakhs received by the Company and are pending adjudication with the concerned adjudicating authorities. The Company has submitted appropriate reply there against and/or filed appeal with the concerned Appellate Authority. As per the opinion of external consultants/subject matter experts, the Company holds good grounds on merit in both the pending cases.
- (iii) The Company does not expect the outcome of matters stated above to have a material adverse effect on Company's financial conditions, result of operations or cash flows.

Notes:

- (a) The Company makes annual contribution to the employee group gratuity scheme of the Life Insurance Corporation of India, a funded defined benefits plan for qualified employees. The Scheme provides for lumpsum payments to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days basic salary for each completed year of service or part thereof in excess of six months. Vesting occurs upon completion of five years of service. The Company has provided for gratuity based on the actuarial valuation done as per Projected Unit Credit Method. A separate Trust Fund is created to manage the Gratuity Plan and the contributions towards the Trust Fund is done as guided by Rule 103 of the Income Tax Rules, 1962. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market. The overall expected date of return on plan assets is determined based on the market prices prevailing as on balance sheet date, applicable to the period over which the obligation is to be settled. The Company expects to contribute ₹ 120.00 lakhs (Previous year ₹ 110.00 lakhs) to the approved Gratuity Fund during the year 2022-23.

46. Financial Risk Management:

The Company's activities are exposed to a variety of Financial Risks from its Operations. The key financial risks include Credit Risk, Market Risk and Liquidity Risk.

(a) Credit Risk:

Credit risk is the risk that counterparty might not honor its obligations under a financial instrument or customer contract leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables).

Customer credit risk is managed as per the Company's established policy, procedures and control relating to customer credit risk management. The Company assesses the credit quality of the counterparties taking into account their financial position, on the age of specific receivable balance and the current and expected collection trends, age of its contracts in progress, historically observed default over the expected life of trade receivables and is adjusted for forward-looking estimates and other factors. Company's EPC business segment customers profile include Government owned utilities/entities and both public and private players. Credit risk on receivables is limited due to the Company's large and diverse customer base which includes public sector enterprises, state owned companies and private corporates. Credit risk is reduced to a significant extent if the projects(s) are funded by the Central and State Government and achieving project completion milestone within the contracted delivery schedule. Outstanding customer receivables are regularly monitored and assessed. Impairment allowance for trade receivables if any, is provided on the basis of respective credit risk of individual customer as on the reporting date.

(b) Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign exchange risk, Interest rate risk and other price risk.

(i) Foreign Exchange Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions of imports and borrowing primarily with respect to USD and Euro. The Company's exports are denominated generally in USD, providing a natural hedge to some extent against foreign currency payments on account of imports of raw materials and/or the payment of borrowings. The foreign currency transaction risk are managed through selective hedging programmes by way of forward contracts, currency swaps and interest rate swaps for underlying transactions having firm commitments or highly probable forecast of crystallisation.

The Company has entered into certain derivative contracts hedging the borrowings in foreign currency and has recognised a gain/loss in the Statement of Profit & Loss on measurement of said contracts at fair value on the reporting date. The fair value of derivative instrument is measured based upon valuation received from the authorised dealer (Bank).

(ii) Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. The Company mitigates this risk by regularly assessing the market scenario and finding appropriate financial instruments like Interest Rate Swap.

Market rate Decrease	5.00%	(878.56)	5.00%	(611.60)

(iv) Commodity Price Risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the purchase of raw materials and bought out components for manufacturing of Cables, Capacitors, etc. and Turnkey Contract & Services respectively. It requires a continuous supply of certain raw materials & brought out components such as copper, aluminum, polymers, steel, jointing kits etc. The prices of international commodities e.g. copper, aluminium and polymers are subject to considerable volatility. Since the market prices of cables are generally on firm price basis, the fluctuation in prices of these commodities can severely impact the cost of the product. The Company gives priority to customers who allow price variation on major commodity input raw materials to avoid such risks. Further, to mitigate the risk arising out of commodity price fluctuations, the Company has setup a Hedge Desk during the year. The Commodity price risk is managed through hedging by way of future contracts on London Metal Exchange (LME) and also through forward booking with the suppliers. Occasionally scarcity of polymers in the global market is a risk in terms of meeting customer's delivery commitments. Also, the polymer prices is sensitive to the crude oil prices where the volatility in the recent time has been unprecedented. To mitigate such risks, the Company procures materials in tranches to even out price fluctuation. Also the Company has an approved supplier base to get the best competitive prices for the commodities and to manage the cost without any compromise on quality.

(c) Liquidity Risk:

Liquidity risk is the risk where the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach is to ensure as far as possible that it will have sufficient liquidity to meet its liabilities when due.

The table below summarises the maturity profile of Company's financial liabilities based on contractual undiscounted payments:

(d) Risk due to outbreak of COVID-19 pandemic

The management has considered the possible effects that may arise due to Covid-19 pandemic and as per the current assessment, the Company expects to recover the carrying value of its assets. The Company will continue to evaluate the prevailing pandemic related uncertainty and update its assessment.

(e) Derivative financial instruments

The Company uses derivative instruments as part of its management of exposure to fluctuations in foreign currency exchange rates and commodity prices. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes. The fair values of all derivatives are separately recorded in the balance sheet within current and non-current assets and liabilities. Derivatives that are designated as hedges are classified as current or non-current depending on the maturity of the derivative. The use of derivatives can give rise to credit and market risk. The Company

tries to control credit risk as far as possible by only entering into contracts with reputable banks and financial institutions. The use of derivative instruments is subject to limits, authorities and regular monitoring by appropriate levels of management. The limits, authorities and monitoring systems are periodically reviewed by management and the Board. The market risk on derivatives is mitigated by changes in the valuation of the underlying assets, liabilities or transactions, as derivatives are used only for risk management purposes.

(i) Cash flow hedges

The Company enters into forward exchange and commodity price contracts for hedging highly probable forecast transaction and account for them as cash flow hedges and states them at fair value. Subsequent changes in fair value are recognized in equity through OCI until the hedged transaction occurs, at which time, the respective gain or losses are reclassified to profit or loss when the hedged item affects profit or loss. When the forecasted transaction results in the recognition of a non-financial asset (*e.g.* inventory), the amount recognized in the cash flow hedging reserve is adjusted against the carrying amount of the non-financial asset. These hedges have been effective for the year ended 31st March 2022. The Company uses foreign exchange contracts from time to time to optimize commodity related exchange rate risk. Fair value changes on such forward contracts are recognized in other comprehensive income. The majority of cash flow hedges taken relates to hedging the foreign exchange rate of highly probable forecast transactions and commodity price contracts for hedging the commodity price risk of highly probable forecast transactions. The cash flows related to above are expected to occur during the year ended 31st March 2023 and consequently may impact profit or loss for that year depending upon the change in the commodity prices and foreign exchange rates movements.

(ii) Fair value hedge

The fair value hedges relate to forward covers taken to hedge currency exposure. The Company uses foreign exchange contracts from time to time to optimize currency risk exposure on its foreign currency transactions. Fair value changes on such forward contracts are recognized in the statement of profit and loss.

The fair value of the company's derivative positions recorded under derivative financial assets and derivative financial liabilities are as follows.

47. Capital Management:

The Company's objective with respect to capital management is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt (total borrowings less investments and cash and cash equivalents) to equity ratio is used to monitor capital.

52. The Consolidated Financial Statements for the financial year ended 31st March, 2022 have been prepared without considering the financial statements of three wholly owned subsidiaries (Unquoted Non-Banking Financial Companies) viz. August Agents Ltd., Insilco Agents Ltd. and Laneseda Agents Ltd. ('the Subsidiaries') of its Associate Company. The valid and duly approved financial statements of the Subsidiaries have not been made available to the Associate Company. Certain delinquent and ex-directors of the Subsidiaries of an Associate are having unauthorized and illegal possession of the books of account, statutory and other records of the Subsidiaries. Legal proceedings are also pending before different Courts. Thus, the Consolidated Financial Statements for the financial year ended 31st March, 2022 are not comparable with the previous year.
