We have audited the accompanying financial statements of Singer India Limited ("the Company"), which comprise the Balance Sheet as at June 30, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. The Company is engaged in the business of trading / manufacturing in sewing machines and also conducts limited trading in small appliances, household / consumer durables. The Company has also undertaken contract manufacturing of sewing machines.

2. Significant Accounting Policies

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these Financial Statements to comply in all material aspects with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The Financial Statements have been prepared on accrual basis and under the historical cost convention. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

(b) Use of Estimates

The preparation of the Financial Statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reporting balances of assets and liabilities and disclosures relating to contingent liabilities as at the date of the financial statements and reporting amounts of income and expenditure during the year. Contingencies are recorded when it is probable that a liability will be incurred, and the amount can be reasonably estimated. Actual results could differ from such estimates. Any revision to accounting estimates is recognised in the period the same is determined.

(c) Tangible Fixed Assets

Fixed Assets are stated at cost (or revalued amount as the case may be), less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price / cost of acquisition including taxes, duties, freight and other incidental expenses related to acquisition, construction and installation to bring the asset to its working

condition for its intended use. Wherever assets are revalued, amount added on revaluation based on approved valuer's report is disclosed separately as required by the Companies Act, 1956. If any indication exists, an assets recoverable amount is estimated based on internal / external factors. An impairment loss is recognized if the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
