MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)**FINANCIAL REVIEW**

The total income for the year was Rs. 1071.88 Lacs as

compared to Rs.730.63 Lacs in the previous year. Depreciation was Rs. 36.11 Lacs (Previous Year Rs. 24.03 Lacs). The increase in depreciation is mainly on account of change in charging provisions under the Companies Act, 2013, based on useful life of asset instead of fixed percentage under the Companies Act, 1956. The Provision for Taxation: (i) for the year under report was Rs.112.16 Lacs and (ii) Short Provision in respect of earlier years (net) was Rs.107.14 Lacs. Whereas the amount of Contingent Liabilities not provided for in respect of disputed demands of Income-tax as at 31st March, 2015 stood reduced to Rs.4.99 Lacs as against Rs.153.11 Lacs as at 31st March, 2014. Profit after tax was Rs. 480.49 Lacs. The total income and the profit for the year are higher, mainly on account of higher booking of profit on sale of non-current investments by Rs.247.56 Lacs and increase in interest income on Inter Corporate Financing by Rs.93.14 Lacs.

An amount of Rs.96.50 Lacs was transferred to Statutory Reserve Fund pursuant to Section 45 IC of RBI Act, 1934, an amount of Rs.5.75 Lacs was transferred to General Reserve I and Rs.4.02 Lacs to General Reserve II, during the year under review.

The Net Worth of the Company as at 31st March, 2015 stood at Rs. 5001.20 Lacs as against Rs.4807.25 Lacs on 31st March, 2014.

NBFC INDUSTRY

The NBFC (Non-Banking Finance Company) sector has evolved considerably in terms of its size, operations, technological sophistication, and entry into newer areas of financial services and products. NBFCs are now deeply interconnected with the entities in the financial sector, on both sides of their balance sheets. Being financial entities, they are exposed to risks arising out of counterparty failures, funding and asset concentration, interest rate movement and risks pertaining to liquidity and solvency, as any other financial sector player.

Business Review

The Company's operations continue to be mainly focused in the areas of Inter- corporate Investments, Capital Market activities and Financing. Segment-wise brief outline of financial and operational performance during the year under report is as under:

(i) Investments

The Company's investment portfolio is reviewed from time to time to buy securities to add to the Portfolio or to sell in order to make Capital gains. Details of the Company's investments are given under Note No. 7 to Financial Statements of the Company for the year ended as at 31st March, 2015. The total worth of Company's Quoted and Unquoted Investments in Shares and Securities (Including Stock-in-trade) as at 31st March, 2015 is Rs.5404.98 Lacs (Previous Year Rs.4359.63 Lacs) which is

128.82% (Previous Year 55.16%) higher than related Book Value. The increase in appreciation of Book Value of portfolio from 55.16% to 128.82% is mainly on account of overall increase in market capitalization.

During the year under report the Company:

- (a) has made disinvestment of Rs.456.91 Lacs from its Non-current Quoted Equity Investments as against Rs.37.59 Lacs in the previous year.
- (b) booked a net profit of Rs.727.90 Lacs on sale of Non-Current investments as against Rs. 480.34 Lacs in the previous year.

During the year under report the Company earned interest income on Inter Corporate Deposits of Rs.119.56 Lacs as against Rs.105.76 Lacs in the previous year.

- (b) Interest on Real Estate Exposure:

Till last year no income was earned on the amount provided as loan to Stan Plaza Limited (SPL) for taking exposure in real estate business on behalf of the Company. During the year, SPL got credit on the amount it extended to a real estate business company on our behalf. Accordingly SPL gave credit of Rs.79.34 Lacs as interest to the Company as per mutual understanding.

During the year, the Company on taking additional exposure to the extent of balance 50% share of Standard Industries Ltd. (SIL), has become the sole beneficial owner of the stake held by SPL in a real estate business company besides SPL holding land at Pune for and on behalf of the Company and SIL equally.

Opportunities and Threats

As various factors are posing constant threats and high volatility in the Capital Markets, it appears beneficial to diversify the portfolio to reduce the risk and insulate from the vagaries of stock-market. Mutual Funds help to reduce risk through diversification and professional management and therefore, the Company invests its surplus funds in debt/equity oriented Mutual Funds. One of the biggest advantages of Mutual Fund investment is Liquidity. Open-end funds provide option to redeem on demand, which is beneficial during rising or falling markets. The management is exploring other avenues of business.

Outlook

The Company intends to continue focusing on capital market activities including trading in securities and emerging products in derivatives.

Risk and Concern

The Company is exposed to specific risks that are particular to its business and the environment within which it operates, including interest rate volatility, economic cycle, credit risk and market risk. The Company has quoted investments which are exposed to fluctuations in stock prices. These investments represent a material portion of the Company's business and are vulnerable to fluctuations in the stock markets. Any decline in prices of the Company's quoted investments may affect its financial position and the results of its operations. It continuously monitors its market exposure and tries to manage these risks by following prudent business and risk management practices.

Adequacy of Internal Control

The Company has a proper and adequate system of internal control in all spheres of its activities to ensure that all its assets are safeguarded and protected against loss from unauthorized use or disposition and that the transactions are authorized, recorded and reported diligently. The Internal control is supplemented by an effective internal audit being carried out by an external firm of Chartered Accountants.

The Company ensures adherence to all internal control policies and procedures as well as compliances with all regulatory guidelines.

The Audit Committee of the Board of Directors reviews the adequacy of internal controls.

- [D] Number of permanent Employees on the rolls of Company -17
- [E] The performance of the Company increased by 31.15% as compared to last year against the average increase in remuneration by 6.72%. A substantial part of Directors' Remuneration viz. Commission is based on the performance viz. Net Profits of the Company, as provided under the Companies Act. The nature of Company's business activities are as such that it is very difficult to establish direct nexus to evaluate the performance of the Company with that of the remuneration of its Employee. Hence they are paid fixed remuneration as per their respective terms of employment.
- [F] The Net Profit of the Company as at 31st March, 2015 was Rs.480.49 Lacs as against the total Remuneration of Key Managerial Personnel for F.Y. 2014-15 of Rs. 26.40 Lacs.
- [G] The Market Capitalisation of the Company as at 31st March, 2015 was Rs. 4761.50 Lacs against Rs. 2791.43 Lacs as at 31st March, 2014. There was variation of Rs. 1970.07 Lacs.

- [J] Average percentage increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentage increase in the managerial remuneration and justification thereof - The Company is a Board Managed Company. The Managerial positions viz. Managing Director, Whole-time Director or Manager under the Companies Act are not created in the organisation. Here by the term Managerial Personnel we considered the Non-Executive Directors (NEDs) and KMP and by the term managerial Remuneration, we considered Remuneration of NEDs and KMP. The average percentage increase in salaries of employees other than NEDs and KMP made in the year 2014-15 is 2.71% against 13.66% increase in Managerial Remuneration. Remuneration of all Employees including KMP are structured on the basis of their role and responsibilities in the Organisation. KMP are shouldering much more responsibilities than others, hence their percentage increase in Remuneration is higher.
- [K] Comparison of the each KMP Remuneration vis-a-vis the performance of the Company - The remuneration of Shri Bharat N. Dave, CEO, Shri Girish R. Shah, CS and Shri Harshad V. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS for the year ended 31st March, 2015

1. SIGNIFICANT ACCOUNTING POLICIES

a. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS:

The consolidated financial statements have been prepared by consolidating financial statements of the subsidiary Stan Plaza Limited with Stanrose Mafatlal Investments and Finance Limited (together referred to as 'the Group'), in accordance with generally accepted accounting principles and in consonance with Accounting Standard 21 (Consolidated Financial Statements). The consolidated financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act") / Companies Act, 1956 ("the 1956 Act"), as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

b. PRINCIPAL OF CONSOLIDATION:

- (i) The consolidated financial statements comprise the financial statements of Stanrose Mafatlal Investments and Finance Limited and its subsidiary.

The consolidated financial statements have been combined on a line-by-line basis by adding the book values of items like assets, liabilities, income and expenses after eliminating intra-group balances/transactions.

These consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar

circumstances. The consolidated financial statements are presented, in the same format as that adopted by holding company for its separate financial statements. The difference between the cost to the Company of its investments in subsidiaries and its proportionate share in the equity of the subsidiaries is recognized in the consolidated financial statements as Goodwill or Capital reserve, as the case may be.

Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the Company in the subsidiary companies and further movements in their share in equity, subsequent to the date of investment.

- (ii) The financial statements of following subsidiary have been consolidated as per Accounting Standard 21 on 'Consolidated Financial Statements' as notified under the Companies (Accounts) Rules, 2014.

Name of the Subsidiary Proportion of effective ownership interest

Stan Plaza Limited 100% Effective from 13th March, 2015

- (iii) Stanrose Mafatlal Lubechem Limited (SMLL) - In Liquidation, a substantially owned subsidiary of Stanrose Mafatlal Investment and Finance Limited has been ordered to be wound-up by the High Court of Mumbai vide its order dated 10th June, 2011 and has appointed official liquidator to take charge of its assets, bank accounts, books of account, affairs, business and properties with all the powers under the provisions of the then prevailing Companies Act, 1956. Accordingly, financial statements of SMLL have not been consolidated as per Accounting Standard 21 on 'Consolidated Financial Statements' as notified under the Companies (Accounts) Rules, 2014.
- (iv) Since there was not a single Operational Subsidiary during the previous year, there is nothing to disclose as previous years figures in Consolidated Financial Statements.

c. USE OF ESTIMATES:

The presentation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions considered in the reported amount of assets and liabilities (including Contingent Liabilities) and the reported income and expense during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the period in which the results are known/materialize.

d. REVENUE RECOGNITION:
