influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Annexure to the Independent Auditor's Report of even date on the standalone financial statements of Ishwarshakti Holdings & Traders Limited on the Internal Financial Controls under clause (i) of Sub- Section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Ishwarshakti Holdings & Traders Limited** as of 31st March, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed u/s 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls system over financial reporting included obtaining an understanding of internal financial controls system over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedure selected depends upon the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transaction and dispositions of the assets of the Company; (2)

provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Management has followed the going concern as it is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

(c) Fair Value Measurement

Fair value is the price that would be received against sale of an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The financial assets and liabilities are measured at fair value based on quoted market prices in active markets, or in its absence thereof, using various valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) Use of Estimates

The preparation of financial statements in conformity with Ind AS requires management to makes judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes and expenses at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Such estimates have inherent uncertainties and a level of subjectivity involved in measurement of items, it is possible that the outcomes in the subsequent financial years could differ from those based on Management's estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Key sources of estimation uncertainty at the date of financial statements, which may cause a material adjustments to the carrying amounts of assets and liabilities within the next financial year, is in respect of useful lives of property, plant and equipment, fair value of financial assets/liabilities and impairment of investments, etc.

(e) Financial Instruments

A Financial Instruments (assets and liabilities) is defined as any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Instruments are recognised when the Company becomes a party to the contractual provisions of the instruments. For tradable securities, the company recognizes the financial instruments on settlement date.

Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Financial Assets:

Financial assets include cash, or an equity instrument of another entity, or a contractual right to receive cash or another financial asset from another entity. Few examples of financial assets are loan receivables, investment in equity and debt instruments, trade receivable and cash and cash equivalents.

Financial assets are classified into various measurement categories as per Ind AS 109 "Financial Instruments" and Ind AS 32 "Financial Instruments: Presentation" as follows.

i) Financial Assets measured at Amortized Cost:

A financial asset is subsequently measured at Amortized Cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the Financial Asset give rise on specified dated to cash flows thar are solely payments of principal and interest on the principal amount outstanding.

ii) Debt instruments at Fair Value Through Other Comprehensive Income (FVTOCI):

A debt instrument is subsequently measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured at each reporting date at fair value with such changes being recognized in Other Comprehensive Income (OCI).

The interest income on these assets is recognized in the Statement of Profit and Loss.

iii) Equity instruments at Fair Value Through Other Comprehensive Income (FVTOCI):

An unquoted equity asset, not held for trading, is subsequently measured at FVTOCI at each reporting date at fair value with such changes being recognized in the Statement of Profit and Loss.

The dividend income on these assets is recognized in the Statement of Profit and Loss.

iv) Equity instruments through Fair Value Through Profit and Loss Account (FVTPL):

Equity investments that are not classified to be measured through FVTOCI are measured through FVTPL. Subsequent changes in fair value are recognized in the Statement of Profit and Loss.

v) Investments in associate companies:

Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

On derecognition of the asset, cumulative gain or loss previously recognized in OCI or gains and loss on sale is reclassified from OCI to the Statement of Profit and Loss.

vi) Financial Liabilities and Equity Instruments:

An equity instruments is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by the company is recognized at the proceeds received, net of directly attributable transaction cost.

Financial liabilities are liabilities that represent a contractual obligation to deliver cash or another financial assets to another entity, or a contract that may or will be settled in the entity's own quity instruments. Trade payables, debt securities and other borrowings and subordinated debts are various types of financial liabilities.

After initial recognition, all financial liabilities are subsequently measured at amortized cost. Any gains or losses arising on derecognition of liabilities are recognized in the Statement of Profit and Loss.

A Financial liability is derecognized when the obligation under the liability is discharged, cancelled or expired.

f Impairment of Financial Assets:

The carrying values of Financial Assets are reviewed for any possible impairment at each balance sheet date. The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have asset or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognized in the Statement of Profit and Loss.

n Direct Taxes
Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax law used to compute the amounts are those that are enacted or substantively enacted, at the reporting date.

Minimum Alternate Tax (MAT)

MAT paid in accordance with the tax laws, which gives future economics benefits in the form of adjustment to future income tax liability, is considered as an asset if it is probable that the Company will pay normal income tax against which the MAT paid will be adjusted.

Deferred Tax

Deferred income tax is provided, using the liability method, on all temporary difference at the balance sheet date between the tax bases of asset and the carrying amount liabilities used in the computation of taxable profit and their carrying amounts in the financial statements for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets, if any, are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax asset and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in OCI or in Other Equity.

Deferred tax asset and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

o Provision for Doubtful Debts and Written-off of bad debts

Provision are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present value of these cash flows (when the effect of the time value of money is material).

Debts specifically considered fully or partially irrecoverable are written-off and provision against sub-standard and doubtful asset is made in accordance with the guidelines issued by RBI under the Non-Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2015. Sums recovered against debts earlier written off and provision no longer considered necessary in the context of the current status of the borrower are written back.

p Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A Contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. The Company does not have any contingent assets in the financial statements.

q Earning per share (EPS)

The Company report basic and diluted earnings per share in accordance with Ind AS 33 "Earning per Share". The Basic EPS is computed by dividing the profit after taxes by the weighted number of equity shares outstanding during the accounting period. The diluted EPS is computed using the weighted average number of the aggregate of equity shares outstanding at the end of the year and those that may be possible issued in the near future.

3 Use of Judgment's, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Difference between actual results and estimates are recognised in the periods in which the results are known / materialize. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances existing when the financial statements were prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognised in the year in which the estimates are revised .

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a net asset value or in part using a net asset value or valuation model based on assumptions that are neither supported by prices from observable current market transaction in the same instrument nor are they based on available market data.

As at 31 March 2021	Note	Level 1	Level 2	Level 3
Financial assets				
(i) Investments	7	189,435,145	-	-
Total Financial assets		189,435,145	-	-

Fair value of financial assets & liabilities measured at amortised cost

The fair values of loans are not materially different from the amortised cost thereof. Further, the management assessed that fair values of cash and cash equivalents, Loans and other current financial liabilities approximate their respective carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

38.3 Financial Risk Management - Objectives And Policies

Due to insignificant business operations the company does not posses any credit risk, liquidity risk and market risk.
