MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ANNEXURE 1

INDUSTRY STRUCTURE AND DEVELOPMENT

We are a global manufacturer and supplier of amines and amine-based chemicals. We have two manufacturing sites, one at Patalganga and the other at Kurkumbh. We have an R&D Centre located at Pune equipped with advanced equipments and analytical instruments. We have an excellent team of technical and commercial professionals with expertise in chemicals manufacture and marketing.

Our products have application in important industries like pharmaceuticals, agro-chemicals, water treatment chemicals, photography chemicals, rubber chemicals, etc. We cater to both domestic and international market. We have competition both from local producers and international producers.

For more details please refer to our web-site www.alkylamines.com.

PERFORMANCE

Total Income (net of taxes) amounted to ₹ 36720 lacs compared to ₹ 29031 lacs of the previous year.

OPPORTUNITIES AND THREATS

Your Company has the advantage of having a product range covering a broad spectrum of applications.

Your Company continues to invest in upgradation and expansion of its manufacturing capacities. The in-house R&D Department has been consistently developing quality products and is also striving for achieving cost efficiencies.

The industries in which our products have application, like pharmaceuticals, agrochemicals, rubber chemicals etc are growing at a reasonable pace and we have a fair chance of improving our position as a reliable supplier of good quality chemicals to these industries. Our Core Competence in chemical handling and manufacturing supported by an able technical team, should provide a lot of opportunities and scope to the company to improve its performance. We enjoy leadership position in some of the products in domestic market, driven by strong in-house technology, diversified product portfolio and customer base. Our R&D Centre is enabling us to add new products to our product portfolio which will add to our contribution.

The commodity nature of some of our products make them susceptible to fluctuations in raw material prices and exchange rates. The company is vulnerable to alcohol price volatility. Domestic alcohol prices are dependent on the cyclicity of the sugar industry and Government policy for its use in oil sector. Other petroleum based raw materials are subject to international gas/crude oil price fluctuation.

Being a global player, we are also exposed to competition not only from domestic players but also large international players. Cheap imports especially from countries like China could pose problems, which would have to be faced by consistency in quality of the products and improving production efficiencies.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The operating profit before tax amounted to ₹ 3593 lacs compared to ₹ 2368 lacs reported last year.

OUTLOOK

For the year 2013-14, our focus will continue on sustainable growth by taking measures for increasing our market share of existing products, launching new products and creating new business in untapped growth market segments in Export market.

Though there is sluggish demand in certain sectors and also increased competition from global and domestic players, we expect the trend shown in 2012-13 to continue in the year 2013-14. With the global growth of chemicals focused more on Asia, it is expected that there will be further growth in chemical industry.

During the year 2013-14, we expect the investments, which we made in our new product Acetonitrile, and also in debottlenecking capacities of other products, add to both our topline and bottomline.

We are continuing with our efforts on improvement in efficiencies, margins and profitability while re-looking at business strategies and models, wherever necessary and barring, unforeseen circumstances, we expect to achieve better results for the year 2013-14.

However, on the basis of the option available to the Company, the Company has decided to add or deduct exchange differences arising on Long-term Foreign Currency Monetary items at rates different from those at which they were initially recorded so far as they relate to the acquisition of a depreciable capital asset and adjust to the cost of such assets (Refer Note 28).

The associate of the Company had created Revaluation Reserve consequent to Revaluation of Land and Buildings in the year 1996-97, against same Revaluation Reserve in earlier years, accumulated losses were adjusted. Subsequent thereto, in absence of any balance in the Revaluation Reserve, every year additional depreciation on the increased amount due to revaluation was charged to the Statement of Profit and Loss.

In terms of the Guidance Note on Treatment of Reserve created on Revaluation of Fixed Assets issued by The Institute of Chartered Accountants of India, accumulated losses and depreciation (including arrears of depreciation) cannot be set off against the Revaluation Reserve. Therefore, to be in-line with the Guidance Note, the Associate Company has decided to restore its Revaluation Reserve (as set off in earlier years) and

accordingly as from April 01, 2010 after considering the effect of additional depreciation (had the same been adjusted against Revaluation Reserve) as also the amount that should not have been in the Revaluation Reserve in respect of the retirement or disposal of assets, the net amount of ₹ 336.47 lakhs is restored as Revaluation Reserve by correspondingly transferring the equivalent amount from the General Reserve. To the extent of the share of the Company in the said Revaluation Reserve of the Associate is accordingly shown under Note 4.

32. Foreign Currency Translation Reserve is created in respect of non-integral subsidiary of the Company.
33. The Company has called for balance confirmations from Trade Receivables and Trade Payables. It has received a few of the confirmations which have been reconciled with the records of the Company. The other balances have been taken as per the records of the Company.
34. The shares of the associate were acquired on March 14, 2001. The value of investment in the associate is valued at ₹ 1,050.32 lakhs (₹ 1,045.03 lakhs) as per AS – 23.
35. Capital Reserves include grant received by the subsidiary company from the erstwhile Co- promoter as per agreement dated June 17, 2003 to meet its obligations.
36. The Group has adopted Accounting Standard 15 (AS-15) on “Employee Benefits”. These CFS include the obligations as per the requirement of the Standard. Since subsidiary companies do not have any employee, disclosures as per AS-15 for the Group is the same as that of the Company.

Dear Shareholder,

Sub: Green initiative in Corporate Governance – Electronic Mode of service of documents

The Ministry of Corporate Affairs (“MCA”) has taken a “Green Initiative in the Corporate Governance” by allowing paperless compliances by companies and has issued Circulars on April 21, 2011 and April 29, 2011 allowing companies to send official documents to their Shareholders electronically.

Clause 32 of the Listing Agreement requires a company to send soft copies of the Annual Reports containing its Balance Sheet, Statement of Profit and Loss and Directors’ Report to all those Shareholder(s) who have registered their e-mail address(es) for the purpose.

Keeping in view the objective underlying the Circular issued by MCA, the Company proposes treating the e-mail addresses available in the records of the Company as the registered e-mail id for the purposes of Clause 32 of the Listing Agreement and accordingly the Company proposes to send as was done last year, the notice calling the Annual General Meeting and Annual Reports containing its Balance Sheet, Statement of Profit and Loss and Directors’ Report etc. for the year ended March 31, 2013 and other communication, in electronic form, to the e-mail addresses of those members which are available in the records of the Company. In case however, you desire to receive the documents in physical form, you are requested to send an e-mail to legal@alkylamines.com or sharexindia@vsnl.com

As and when there is a change in your e-mail address, you are requested to update the same with your Depository Participant/ Sharex Dynamic (India) Pvt. Ltd., Registrar and Transfer Agents of the company, as the case may be.

Please note that you will continue to be entitled to be furnished, free of cost, with a copy of the Annual Report of the Company and all other communication that may be sent to you electronically, upon receipt of a requisition from you, as a Member of the Company.

The Shareholders, who had opted to receive the Annual Report in physical form, are earnestly requested to reconsider their decision and join us in this noble initiative.

We are sure that as a responsible citizen, you would appreciate the “Green Initiative” taken by MCA and your company’s desire to participate in such initiatives and will whole-heartedly support the same.
