Management Discussion and Analysis Report

Regulation 34 of the Securities and Exchange Board of India (Listing Obligation and Disclosures Requirements) Regulations, 2015 stipulates disclosure under specific heads which are given in the following paragraphs and which continue to be followed in the usual course of the Company's business over the years in discussion amongst the Directors and other Senior Management Personnel.

(a) Industry Structure and Developments

Tea being one of the most popular beverages of the world, still continues to enjoy preeminence. Tea crop has specific agro-climatic requirements which are available in tropical and sub-tropical climates and consequently tea production is geographically limited to a few areas in the world. The tea bush is highly sensitive to changes in growing conditions and the vagaries of weather continue to determine the volume and quality. The tea industry in India is in the latter half of its second century; India continues to be the second largest tea producer and also the largest consumer. The industry provides employment opportunities directly and indirectly to more than a million people. Tea is grown in India mainly in Assam, West Bengal, Tamil Nadu and Kerala offering Orthodox, CTC and Green teas. The industry continues to earn substantial foreign exchange and contributes to the country's economy.

(b) Opportunities and threats

Tea is a valuable global agricultural commodity, both commercially and culturally. Assam, an agrarian state in northeast India, is the largest single-tea growing region in the world and the productivity (both in terms of quantity and quality) requires a specific range of enviro-climatic condition. In the last decade, the region has been affected by heterogeneous spatio-temporal distribution of precipitation and rising temperatures. Climatic changes are occurring across the globe, effect of which is also felt in this country. Your Company continues to produce well made quality tea consistently. Indian tea exports are susceptible to the financial meltdown and to that extent slowdown was inevitable. Other threats are weather related which are not in control of the Industry. Nonetheless, good agricultural practices can minimize the effect of adverse climatic conditions to some extent. Your Company maintains the standards of its produce both in the domestic as well as overseas markets, mainly on account of its consistent thrust on quality. Your Company's estates are Rainforest Alliance and ISO 22000:2005 certified. In addition, Company's Integrated Pest Management Policy relating to agro inputs is in conformity with the Plant Protection Code (PPC) of Tea Board of India and also stringent conditions of the European Commission of the European Union (EU).

(c) Segment-wise or Product-wise Performance

The Company does not have any separate primary business segment as it sells only black tea in bulk. However, it continues to sell such teas both in the domestic and overseas markets.

Annexure 'G' to the Directors' Report (Continued)**(d) Outlook**

Tea continues to be the most popular beverage in the country and is growing in significance as a health drink also; the per capita consumption of tea in the country is increasing. Your Directors continue in their emphasis on the "Quality" of tea.

(e) Risks & Concerns

Tea being an agro-product is essentially dependent on favourable climatic conditions to generate both quality and quantity. The last few years have seen deviation from the usual climatic pattern, which necessarily has affected both the volume and the quality of the produce. Costs have steadily risen including significantly in labour and welfare expenses. In the face of fluctuating growing conditions coupled with increasing costs, suitable adaptations in the plantations as well as appropriate marketing efforts can improve the performance of the industry, of which your Company is a part.

(f) Internal Control Systems & their Adequacy

Your Company has in place tried and tested internal control systems including comprehensive internal audit by external firms of Chartered Accountants besides checks carried out by the Cost Auditors, the Secretarial Auditor and the Statutory Auditors during the course of their respective audits. These are periodically reviewed by the management as well as by the Audit Committee. Such systems are commensurate with the Company's size and nature of operations and provide reasonable assurance with regard to reliable data, compliances, securing its assets from unauthorized use or loss and ensuring that operations are carried out in consonance with the Company's policies. The different sets of auditors periodically visit the Company's various units, their reports are looked into by the management and by the Audit Committee for effecting corrective action/improvement as may be called for.

(g) Financial Discussion on Performance with respect to Operational Performances

The Company continues with its emphasis on quality which holds it in good stead in the market. However, steadily increasing costs coupled with lower than target crop as well as lower unit realizations have affected results, details whereof are available in the Accounts. The Company continues with its ongoing focus on good governance and practices across all its operations, including production and manufacture of tea.

(h) Material Developments in Human Resources/Industrial Relations Front including number of people employed

Your Company has always been concerned of its most valuable asset which is human resources. The industry is essentially labour intensive and the role of the employees is critical to the Company's operations. Efforts continue for training of employees at different levels as are considered necessary and appropriate. Employee relations continue to remain cordial during the year under review.

Auditors' Report (Continued)**'ANNEXURE - B' TO THE INDEPENDENT AUDITORS' REPORT****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Warren Tea Limited ("the Company") as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Auditors' Report (Continued)

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of the management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements

Note 27

(₹ in Lakhs)

1. Significant Accounting Policies

- (a) The financial statements have been prepared in accordance with the Companies Act, 2013 and the rules framed thereunder.

All assets and liabilities have been classified as Current or Non-current as per the Company's normal operating cycle and other criteria set out in the Schedule to the Companies Act, 2013.

- (b) Fixed Assets and Depreciation / Amortisation

Written down value of Fixed Assets (both Tangible and Intangible) represents cost of acquisition/valuation of such assets after deduction of depreciation (including amortisation) on Straight Line Method as per Schedule II to the Companies Act, 2013.

Although Tea Plantation is an item of wasting asset, no depreciation is charged on such assets as it is customary in the Tea Industry and also because the Infilling costs of Tea Bushes, Replanting of Tea and other long term developmental expenditure in the plantation areas are charged to Revenue Expenditure upon completion of the composite activities which are allowed by the Indian Taxation Authorities. Thus, no depreciation has been charged on New Planting.

For additions/disposals to Assets during the course of the year depreciation / amortisation is being charged on prorata basis.

Compensation received for acquisition of Assets of the Company is accounted for upon acceptance of the Company's claim by the appropriate authorities.

- (c) Impairment of Assets

Loss on account of Impairment of Assets is to be recognised if and when the carrying amount of the Fixed Assets exceeds the recoverable amount i.e. higher of net selling price and value in use.

- (d) Investments

Auditors' Report (Continued)

'ANNEXURE - A' TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Warren Tea Limited ("the Company") and its associate company as of March 31, 2016 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company and its associate company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Auditors' Report (Continued)

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company and its associate company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
