Your company is not required to maintain cost records under sub- section (1) of section 148 of the Companies Act, 2013.

COVID-19

The rapid and diffused spread of the recent coronavirus (COVID-19) and global health concerns relating to this outbreak have had a negative impact on, among other things, financial markets, liquidity, economic conditions and trade and could continue to do so for an unknown period of time, that could in turn have an adverse impact on business. The second wave of Covid 19 outbreak triggered another spate of lockdowns in almost all states in the country.

Since there were no employees in the company and no major business operations, the impact of Covid on the company's operation was minimal. But the impact of COVID on the Indian economy and the infrastructure industry has been significant which will render it difficult for the company to procure new projects soon. However, the management is trying its best to get new projects and revive the financial position of the company.

Management Discussion and Analysis**(a) Overview of Indian Economy**

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

(b) Industry structure and developments

The Government, through a series of initiatives, is working on policies to attract significant investor interest. A total of 200,000 km of national highways is expected to be completed by 2022. In the next five years, National Highway Authority of India (NHAI) will be able to generate Rs. 1 lakh crore (US\$ 14.30 billion) annually from toll and other sources.

Highway construction in India increased at 17.00% CAGR between FY16-FY21. Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. Under the Union Budget 2022-23, the Government of India has allocated Rs. 199,107.71 crore (US\$ 26.04 billion) to the Ministry of Road Transport and Highways. In FY22 (until December), the Ministry of Road Transport and Highways constructed national highways extending 5,835 kms. In June 2021, the Ministry of Road Transport and Highways constructed 2,284 kms of national highways compared with 1,681 kms in June 2020.

DIAMANT INFRASTRUCTURE LIMITED

NHAI plans to construct 25,000 kilometres of national highways in 2022-23 at a pace of 50 km per day. In the Union Budget 2022-23, government has planned for an increase in allocation for the central road fund by 19%, the total fund was Rs. 2,95,150 crores (US\$ 38.86 million).

The Indian government launched Gati Shakti-National Master Plan, which will help lead a holistic and integrated development of infrastructure generating immense employment opportunities in the country.

In October 2021, the government announced a plan to install charging stations every 40 to 60 kilometres on national highways to strengthen wayside amenities; in line with this, ~700 e-vehicle charging stations are expected to be installed by 2023, covering 35,000 to 40,000 kms of national highways. The Minister for Road Transport & Highways and Micro, Small and Medium Enterprises, Mr. Nitin Gadkari, is targeting to construct 40 kms per day in FY22.

(c) Outlook

The Indian economy grew approximately 9% in 2022 and 8.2% in the 2021 calendar year, after a 6.7% contraction in 2020, the year of COVID outbreak. The economy witnessed global slowdown with the continuing COVID pandemic in 2021 as well. However with the pandemic much in control in the beginning of 2022, India's economy is now estimated to grow by more than 9% in the current fiscal year 2022-23. The economy has been on a recovery path after the impact of the world's strictest lockdown in the last fiscal. The spread of the Omicron variant in the third COVID wave prompted some states to impose curbs, which has hurt several sectors of the economy, particularly the contact intensive service sectors but overall it is felt that the impact of the third wave is muted.

According to Indian Infrastructure Sector in India Industry Report, India has budgeted to spend US\$ 1.4 trillion on infrastructure in between the period of 2019-23 to promote sustainable development in the country. This depicts the upward trajectory of the Indian infrastructure space which is on the rise. Also, with Covid-19 restrictions been now removed, the infrastructure work has progressed, and the economy boost is only possible with the infra development at the forefront.

The board feels that the initiatives and plans by the government for the infrastructure sector, will attract lot of capital for its development. The growth and development of India lies with the Infrastructure Development of the country. Considering the growth of the company in infrastructure business and taking into account the available opportunities in the Infrastructure Business, the Board has decided to focus on infrastructure projects.

The Board Strongly feels that by venturing into the infrastructure and realty business, in the days to come, the wealth of the shareholders will enhance.

(d) Risks and Concerns

Infrastructure projects are highly capital intensive and often suffer crippling time and cost overruns due to delays in the construction phase because of the following issues: land issues, rights of way, practical environmental challenges and other delays in securing consents. These challenges restrain the sector from yielding full benefits of the potential growth.

(e) Opportunities and Threats

Over the last decade, India has built some world class infrastructure facilities. Road development is recognized as essential to sustain India's economic growth. A large component of highways is to be developed through public private partnership. Factors like large demand and supply gap in affordable housing, low housing loan interest rates, tax incentives and growing middle class with higher savings are expected to contribute to the rapid growth in real estate sector. The major threat in this industry is that the burden is on developer because of execution delay. Several announced projects are yet to be completed.

(f) Operational, Segment wise and Financial Performance of Business

The Company could not get any new infrastructure project during the year and there was no operations in the company hence segment wise performance comparison is not possible. The outbreak of COVID-19 pandemic has significantly impacted businesses around the world. The Management is trying its best for procuring and developing this segment.

The company has registered a total income of Rs. 47.71 lakhs during the year. The loss before Interest Tax and Depreciation was Rs.2.28 Lakhs. The net loss for the year is Rs.10.66 Lakhs

(g) Internal control systems

The Company has in place a well-established internal control procedure covering various areas such as procurement of raw materials for projects infrastructure planning, quality control, maintenance planning, marketing, cost management and debt servicing. Necessary checks and balances have been instituted for timely correction.

(h) Development in Human Resources / Industrial Relations

Since there were no employees during the year the above meetings have not been conducted.

(i) Details of Significant Changes in Key Financial Ratios and Return on Network

Since there were no business in the Company, above details are not required

Change in the Nature of Business

Extract of Annual Return

The extract of annual return in Form MGT – 9 has been annexed with this report and forms part of this report.

Statutory Auditor

The statutory auditor of the company is M/s. R A Gupta & Associates who will be continuing as per the terms of their appointment.

Independent Auditors' Report:

Independent Auditor has pointed out that there were no major business transactions and no employees in the company affecting its going concern. The borrowing of the company had been classified as NPA and for which companies premises has been given as collateral security, the possession of that property has been taken by bank and the company has vacated that property and shifted to a new place.

Remark by Board of Directors:

For the observation regarding the going concern your directors wish to state that this situation is temporary in nature and in the near future business will be carried on effectively. Further the company is trying to procure new business and contracts.

The classification of the borrowing of the company as NPA, the management wish to state that we are hopeful of revival and will be cleared soon.

Secretarial Auditors

The Company had appointed M/s. Manoj Agrawal & Associates and Company, Company Secretary in Practice to undertake the Secretarial Audit of the Company for the financial year 2021-22.

Secretarial Standards

The Company has complied with applicable Secretarial Standard.

Secretarial Auditors' Report

Company appointed M/s Manoj Agrawal & Associates, Practicing Company Secretaries as Secretarial Auditors to conduct Secretarial Audit of the Company for the financial year 2021-22. The report of the Secretarial Audit for the financial year 2021-22 in FORM MR-3 is annexed to this report and forms part of this report.

There is an observation regarding non filing of form DIR-12 towards change of directors as the company has not filed form INC-22A (Active). The company also couldn't file Balance Sheet & Annual Return for FY 20-21 as as DIR 12 for the change of director couldn't be filed and so the MCA site did not accept the form. There is also non appointment of Company Secretary under provisions of the Companies Act, 2013 for FY 2021-22 and that the company has defaulted to pay Listing fees AMC.

Secretarial Auditor Qualification Analysis

The observation for non-filing of Form DIR-12 and INC-22A is due to the fact that there is no Company Secretary appointed in the company. Since the change of director's is not reflecting on MCA website the company couldn't file Balance Sheet & Annual Returns for FY 20-21 as the site did not accept the form.

The observation for non-appointment of Company Secretary was mentioned in the secretarial audit report. The company is in search of whole-time company secretary however due to heavy losses, poor financial and other legal matters, the company secretary are reluctant to join the company.

In regards to the default in payment of listing fees we wish to state that the account of the company is NPA and there were not sufficient funds available to pay the listing fees. The company is trying its best to pay it at the earliest.

The company has disclosed in its board report all the information as required under The Companies Act, 2013 and rules made there under.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st March 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Diamant Infrastructure Limited
(CIN: L26994MH2003PLC143264)
Plot No 3, 89, Hindustan Colony,
Wardha Road, Nagpur-440 015

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **DIAMANT INFRASTRUCTURE LIMITED** (hereinafter called the company). Secretarial Audit was conducted in a manner that provided to me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Management's Responsibility for Secretarial Compliances

The Company's management is responsible for preparation and maintenance of secretarial records and for devising systems to ensure compliances with the provisions of applicable laws and regulations.

Auditors Responsibility

Our responsibility is to express an opinion on the secretarial records, standard and procedures followed by the Company with respect to secretarial compliances.

We believe that audit evidence and information obtained from the Company's management is adequate and appropriate to provide a basis for our opinion.

Based on my verification of books, papers, minute books, forms and returns filed and other records maintained by **DIAMANT INFRASTRUCTURE LIMITED** and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I am hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31st March, 2022** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Byelaws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011- **Not applicable as there was no Substantial Acquisition of Shares & Takeover made during the year.**
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009- **No incidence during the Audit Period , hence not applicable**
 - d. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.- **The Company was in Default to Pay Annual Listing Fee with BSE Ltd.**

DIAMANT INFRASTRUCTURE LIMITED

- e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 - **No incidence during the Audit Period , hence not applicable**
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client - **Not applicable as the Company is not registered as Registrar to an Issue and Share Transfer Agent during the financial year under review.**
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 - **No incidence during the Audit Period , hence not applicable**
- h. The Securities and Exchange Board of India (Buy Back of Securities) Regulations, 2009- **No incidence during the Audit Period , hence not applicable**

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. ***The Company couldn't File Form DIR- 12 towards Change of Directors as the Company had not file Form INC -22A (ACTIVE) with MCA under provisions of the Companies Act, 2013.***
2. ***The Company has not appointed Key Managerial Persons i.e Company Secretary under provisions of the Companies Act, 2013.***
3. ***The Company has default to pay Listing fees AMC.***
4. ***The Company has not filed Balance Sheet & Annual Returns for FY 20-21 as DIR 12 for the change of director couldn't be filed and so the MCA site did not accept the form.***

The Company has received notice from the Office of Regional Director, Mumbai for violating various provisions of the Companies Act.

I further report that The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

The members are requested to read this report along with my letter of even date annexed to this report.

DIAMANT INFRASTRUCTURE LIMITED

INDEPENDENT AUDITOR'S REPORT **TO THE MEMBERS OF DIAMANT INFRASTRUCTURE LIMITED**

Report on the Audit of Standalone Financial Statement

Opinion

We have audited the accompanying Ind-AS financial statements of '**DIAMANT INFRASTRUCTURE LIMITED** (the Company'), (**PAN : AAACD2168B**) which comprise the Balance Sheet as at 31st March 2022, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, its profit and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act (SA's). Our responsibilities, under those standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide the basis for our audit opinion on the standalone financial statements.

Material Uncertainty Related to Going Concern

There is no major business transaction in the company and there is no employee employed for the operation of the same, on the basis of this information, in our opinion this might affect the going concern concept of the company in the near future. But on the basis of written representation received from the management we have been informed that the situation is temporary in nature and in the near future they will carry on the business effectively. The above factors cast a significant uncertainty on the company's ability to continue as a going concern. Pending the resolution of the above uncertainties, the Company has prepared the aforesaid statement on a going concern basis.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming an opinion thereon, and we do not provide a separate opinion on these matters.

We have not determined any key audit matters to be communicated in our report of the current period except the fact that the loan which has been classified as NPA for which companies premises has been given as collateral security, the possession of that premises has been taken by the bank, and the company has vacated that property and shifted to the new place.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

DIAMANT INFRASTRUCTURE LIMITED

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the audit of the Standalone Financial Statements

a) Audit of the Financial Results for the year ended March 31, 2022

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the standalone financial statements.

As part of an audit in accordance with SA's, we exercise professional judgement and maintain professional scepticism throughout the audit. We also :

Identify and assess the risks of material mis-statement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

b) Review of Financial Results for the quarter ended March 31, 2022

We conducted our review of the financial results for the quarter ended March 31, 2022 in accordance with the Standards on Review Engagements ("SRE") 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the ICAI. A review of interim financial information consists of making enquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with SA's specified under Section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

(e) The Company has not raised any loans during the year and hence reporting on clause 3(ix)(f) of the Order is not applicable.

10. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

11. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.

DIAMANT INFRASTRUCTURE LIMITED

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.

(c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.

12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
13. The Company's transaction with related parties are in compliance with section 188 and 177 of Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements etc. as required by the accounting standards and Companies Act, 2013.
14. The Company is required to appoint internal auditor
15. According to the information and explanations given to us and based on our examination of the records of the company, the company has not entered into any non-cash transaction with directors or persons connected with him and the provisions of Section 192 of Companies Act, 2013 have been complied with.
16. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable

(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
17. The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
18. There has been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20. In our opinion, the provisions of Corporate Social Responsibility are not applicable to the company. Hence, reporting under Clause 20 of the Order is not applicable.

ANNEXURE 'B' TO THE AUDITOR'S REPORT OF 'DIAMANT INFRASTRUCTURE LIMITED, NAGPUR' FOR THE YEAR ENDED ON 31ST MARCH, 2022

=====

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of "DIAMANT INFRASTRUCTURE LIMITED" NAGPUR' ("the Company") as of 31 March 2022 in conjunction with our audit of the Statement of Profit and Loss of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Ind-AS financial statements for the year ended March 31, 2022

1. COMPANY OVERVIEW

Diamant Infrastructure Limited (hereinafter referred to as "the Company") was incorporated in 1980 as a public limited company. The Registered office of company is at 3, Hindustan Colony, Wardha Road, Nagpur - 440 015, Maharashtra, India. The company executed various contracts of road projects SFRC Rain Water Drains and Civil Contracts which include Contracts from Ashoka Buildcon Ltd., IRB infrastructure ltd., ATR Infraproject Pvt. Ltd., IVRCL, Vishwa Infraways Pvt. Ltd., Sadbhav Engineering Ltd., Oriental Structural Engineers Pvt. Ltd., Chetak Enterprises Ltd., Refex Energy Ltd., Jindal Power Limited, Ginger Infrastructure Pvt Ltd.,etc.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

a) Basis of preparation and compliance with Ind AS

- (i) For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India and complied with the accounting standards (Previous GAAP) as notified under Section 133 of the Companies Act, 2013 read together with Rule 7 of the Companies (Accounts) Rules, 2014, as amended, to the extent applicable, and the presentation requirements of the Companies Act, 2013.

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (Ind AS) notified under Section 133 read with Rule 4A of Companies (Indian Accounting Standards) Rules, 2015, as amended, and the relevant provisions of the Companies Act, 2013 (collectively, "Ind ASs") with effect from April 1, 2017 and the Company is required to prepare its financial statements in accordance with Ind ASs for the year ended March 31, 2022.

b) Basis of measurement

The Ind AS Financial Statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and liabilities which have been measured at fair value as required by relevant Ind As.

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability The principal or the most advantageous market must be accessible by the

DIAMANT INFRASTRUCTURE LIMITED

Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Fair value for measurement and /or disclosure purpose in these financial statements is determined on such a basis, except for measurements that have some similarities to fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

c) Functional and presentation currency

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional currency.

All financial information presented in Rupees has been rounded to the nearest Rupee.

3. SIGNIFICANT ACCOUNTING POLICIES

The Company has applied following accounting policies to all periods presented in the Ind AS Financial Statement.

a) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

Contract Revenue (Construction Contracts)

Contract revenue and contract cost associated with the construction of road are recognised as revenue and expenses respectively by reference to the stage of completion of the projects at the balance sheet date. The stage of completion of project is determined by the proportion that contract cost incurred for work performed upto the balance sheet date bear to the estimated total contract costs. Where the outcome of the construction cannot be estimated reliably, revenue is recognised to the extent of the construction costs incurred if it is probable that they will be recoverable. If total cost is estimated to exceed total contract revenue, the Company provides for foreseeable loss. Contract revenue earned in excess of billing has been reflected as unbilled revenue and billing in excess of contract revenue has been reflected as unearned revenue.

Revenue from sales is recognised when all significant risks and rewards of ownership of the commodity sold are transferred to the customer which generally coincides with delivery.

Interest & Dividend Income

Interest income is recorded using effective rate of interest method (EIR).

EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial asset or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss

Dividend is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

b) Property, Plant and Equipment**(i) Property, plant and equipment**

The Company has applied Ind AS 16 with retrospective effect for all of its property, plant and equipment as at the transition date, viz., 1 April 2016.

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, attributable borrowing cost and any other directly

DIAMANT INFRASTRUCTURE LIMITED

attributable costs of bringing an asset to working condition and location for its intended use. It also includes the present value of the expected cost for the decommissioning and removing of an asset and restoring the site after its use, if the recognition criteria for a provision are met.

Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are normally charged to the statements of profit and loss in the period in which the costs are incurred. Major inspection and overhaul expenditure is capitalized if the recognition criteria are met

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized net as Exceptional item in statement of profit and loss.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss, when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(ii) Depreciation

Assets in the course of development or construction and freehold land are not depreciated. Other property, plant and equipment are stated at cost less accumulated depreciation and any provision for impairment. Depreciation commences when the assets are ready for their intended use.

Depreciation is calculated on the depreciable amount, which is the cost of an asset less its residual value. Depreciation is provided at rates calculated to write off the cost, less estimated residual value, of each asset on a written down value basis over its expected useful life (determined by the management based on technical estimates), as follows:

The estimated useful lives of assets are as follows:

• Buildings	30-60	years
• Plant and equipments	15-40	years
• Furniture and fixtures	5-10	years
• Vehicles	8-10	years
• Office equipments	5	years
• Railway sidings	15	years

- Individual items of assets costing upto Rs. 5,000 are fully depreciated in the year of acquisition.

Major inspection and overhaul costs are depreciated over the estimated life of the economic benefit derived from such costs. The carrying amount of the remaining previous overhaul cost is charged to the statement of profit and loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

When significant spare parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Depreciation methods, useful lives and residual values are reviewed at each financial year end and changes in estimates, if any, are accounted for prospectively.

c) Intangible assets

Intangible assets acquired are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

The useful lives of intangible assets are assessed as either finite or indefinite. The Company currently does not have any intangible assets with indefinite useful life. Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

d) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

e) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

f) Impairment of Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the

Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a post-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been

determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

g) Government Grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is treated as deferred income and released to the statement of profit and loss over the expected useful lives of the assets concerned. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to statement of profit and loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset. When loans or similar assistance are provided by governments or related institutions, with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

h) Inventories

Inventories are valued at the lower of cost and net realisable value except scrap and by products which are valued at net realisable value.

Costs incurred in bringing the inventory to its present location and condition are accounted for as follows:

Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Stock-in-Trade: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Obsolete inventories are identified and written down to net realisable value.

Slow moving and defective inventories are identified and provided to net realisable value.

i) Taxation

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

DIAMANT INFRASTRUCTURE LIMITED

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognised for all taxable temporary differences, except when it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Sales/ value added taxes/ Goods & Service tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of sales/ value added taxes/ Goods & Service tax paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of

acquisition of the asset or as part of the expense item, as applicable.

- When receivables and payables are stated with the amount of tax included, the net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

j) Employee benefit schemes

The Company does not have any employee on payroll from the mid of 2016 and on the basis of Actuarial Certificate of Rs. Nil amount regarding employee benefit expense we have not provided any provisions for gratuity, leave encashment etc. For this purpose we have relied on the certificate of actuarial calculation.

k) Provision for liabilities and charges, Contingent liabilities and contingent assets

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS.

Provisions represent liabilities to the Company for which the amount or timing is uncertain. Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

l) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit and loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit and loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

DIAMANT INFRASTRUCTURE LIMITED

m) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. Revenue and expenses are identified to segments on the basis of their relationship to the operating activities of the segment. Inter segment revenue are accounted for based on the cost price. Revenue, expenses, assets and liabilities which are not allocable to segments on a reasonable basis, are included under "Unallocated revenue/ expenses/ assets/ liabilities".

n) Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

o) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

For arrangements entered into prior to 1 April 2017, the Company has determined whether the arrangement contains lease on the basis of facts and circumstances existing on the date of transition.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

Operating lease payments are recognised as an expense in the statement of profit and loss on

a straight-line basis over the lease term.

p) Use of Estimates and Judgments

The preparation of the financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are elaborated in note no **34** .

31 The balances appearing under unsecured loans, sundry creditors, sundry debtors, loans and advances, and certain banks are subject to confirmation and reconciliation and consequential adjustment, if any, will be accounted for in the year of confirmation and/or reconciliation

31.1 In the opinion of the Board, assets other than fixed assets do have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated.

31.2 The Company does not have any employee on payroll from the mid of 2016 and hence we have not provided any provisions for gratuity, leave encashment etc.

31.3 The sales tax department in the financial year 2013-14, raised a demand on the company for 74,64,088/-, against which the Company has preferred an appeal against the department with the Deputy Commissioner of Sales Tax (Appeals). The DCST Appeals has decided the appeal on 28-02-2022 and raised a final demand of Rs. 12,50,722/- on the company. The company had already deposited 4,14,473/- as pre deposit. Thus, there is a final demand outstanding of Rs. 8,36,249/- The company has been legally advised that this disputed outstanding demand of Rs. 8,36,249/- is likely to be settled at a much lower amount under Maharashtra Settlement of Arrears of Tax, Interest, Penalty or Late Fees Act, 2022. The demand of Rs. 12,50,722/-

31.4 The LBT (Local Body Tax Department) of the Nagpur has raised a demand order against payment of tax liability with interest and penalty for which company has filed an appeal in front of Commissioner Appeal by depositing the only duty demanded but the same has been paid under protest, the order has been passed by the commissioner against the company and the company has been directed to pay 75,20,319/- includes Interest and Penalty. But the company has filed a Petition against the order of the Commissioner in the High Court, and till the date of audit no judgement has been passed on the same.

31.5 During the current year there were no employees on the payroll. All the above facts cause significant doubt as to going concern principle. However the management believes that the event & facts are temporary in nature & they will continue as a Going Concern.

31.6 For the purpose of valuation of Investments in Ginger Infrastructure Pvt Ltd, book value as per last year balance sheet is considered as the value of the investments due to non availability of latest Audited balance sheet of ginger infrastructure Pvt Ltd for calculating the book value per share of the investments.

31.7 The company has some long outstanding debt which have not been materialise from that time. On enquiring regarding the same we have been informed that the following debtors namely M/s. A N Traders & Contractors, Enstee Engineering Ltd, Artefact Infrastructure Ltd., Sudhir Constructions have disputed the matter from very long and they are not ready to pay any dues stating that company had supplied lower quality material and due to lower quality supply they are asking for some compensation from the company, due to this ongoing matter the balances appearing the this debtor account has been written off during the year by the management.

31.8 The company has some long Security Deposits with contractors which have not materialised since long. On enquiring regarding the same we have been informed that due to long ongoing disputed with these contractors the Security Deposits are not likely to be realized and hence the balances appearing as Security Deposits with these contractors namely - a) Ginger Infrastructure Pvt. Ltd. b) IVRCL Ltd. c) ATR Infraprojects Pvt. Ltd. have been written off during the year by the management.

31.7 The company has some long long outstanding advances which have not been materialise since a long time. On enquiring regarding the same we have been informed that one of the party named M/s. Hanswahini Construction Company has disputed the refund of advance since long and the amount is unlikely to be realized. Hence the balance appearing against this party been written off during the year by the management.

Note-34 Critical estimates and judgements in applying accounting policies

The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Information about estimates and judgements made in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are as follows:

i) Property, plant and equipment and useful life of property, plant and equipment and intangible assets

The carrying value of property, plant and equipment is arrived at by depreciating the assets over the useful life of assets. The estimate of useful life is reviewed at the end of each financial year and changes are accounted for prospectively.

ii) Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset.

iii) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS.

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability
