Total Available	-873.24	-876.61
Transferred to General Reserve	-	-
Carried Forward	-873.24	-876.61

In view of accumulated loss no dividend is being recommended.

### 2. OPERATIONS:

The Company has registered a turnover of ₹ 288.64 Lakhs this year as against ₹ 421.43 Lakhs during the previous year. The significant decline of 46.01% is due to lower revenue through investment activities. The Total Income for the year ended March 31, 2019 was at ₹ 308.61 Lakhs as compared to ₹ 434.13 Lakhs in the last year. Consequently, profit after tax for the current year stood at Rs 11.98 lakhs as against ₹ 109.12 lakhs during the previous year.

The Company hopes to perform better in the future.

### 3. MANAGEMENT DISCUSSION AND ANALYSIS:

The Company's business activity currently consists of Industrial Chemicals, Investments and Leasing. During the year under review, revenue from industrial segment was ₹ 150.51 lakhs compared to ₹ 167.68 lakhs in the previous year, revenue from investments was ₹ 7.14 lakhs in comparison to ₹ 128.32 lakhs in the previous year, while leasing activity yielded a revenue of ₹ 130.99 lakhs as compared to ₹ 125.43 lakhs in the earlier year. Decrease in income from investment activity has affected overall performance of the Company.

The Company is focusing on increase in revenue and reduction in costs. Efforts are also continuously being made in looking out for other business opportunities.

The Company has in place internal financial control systems, commensurate with its size and the nature of its operations to ensure proper recording of financial and operational transactions / information and compliance of various internal controls and other regulatory and statutory compliances. The internal auditors monitor and evaluate the efficacy and adequacy of internal control systems in the Company. The observations arising out of the internal audits are periodically reviewed at appropriate level and summaries along with corrective actions plans, if any, are submitted to the management and Audit Committee for review, comments and directions. The concerned departments undertake corrective action in their respective areas and thereby strengthen the controls.

The Company did not enter into any transaction(s) with any person(s) or entity belonging to the promoter / promoter group who hold 10% or more shareholding in the Company. Information pertaining to financial performance forms part of this Report.

There were no material developments in the Company's Human Resource Capital except superannuation of the Chief Financial Officer effective 1st January, 2019. Industrial relations continue to be cordial.

### RATIOS

Key Financial Ratios

- Interest Coverage Ratio was 61 which indicates strong financial health and capability of meeting interest obligations. During the earlier year (2017-18) there was no interest outgo due to NIL borrowing.
- Similarly, Debt Equity Ratio was at 0.01 as compared to the previous year's 0.00. The extremely low debt to equity ratio is indicative of strong ability to repay debt obligations.
- Return on Net Worth decreased from 3.10% in 2017-18 to 0.09 during the current year due to decrease in profit after tax from ₹ 114 lakhs to ₹ 3 lakhs due to Fair Value measurements during the current year apart from fall in earnings from investment activity.

### 4. DIRECTORS AND KEY MANAGERIAL PERSONNEL:

- At the 72nd Annual General Meeting (AGM) held on 27.09.2018, Mr Om Prakash Adukia (DIN: 00017001) was re-appointed as a director of the Company.

## INDEPENDENT AUDITOR'S REPORT

To  
The Members of  
Hardcastle and Waud Manufacturing Company Limited

### Report on the Indian Accounting Standards ("Ind AS") Financial Statements Opinion

We have audited the accompanying Ind AS financial statements of Hardcastle and Waud Manufacturing Company Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2019, the Profit and total comprehensive income, changes in equity and its cash flow for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

#### Valuation of Investments

The Company's investment portfolio consists of Non Current investments.

Total investment portfolio of the Company represents 50.36 per cent of the Company's total assets (net of provision).

Current Investments are stated at lower of cost or market value, determined on an individual investment basis. Long term investments are stated at cost less provision for diminution other than temporary in the value of these investments.

In respect of the portfolio of quoted investments we do not consider these investments to be at a high risk of significant misstatement, or to be subject to a significant level of judgement because they comprise liquid, quoted investments. However, due to their materiality in the context of the financial statements as a whole, they are considered to be one of the areas which had significant impact on our overall audit strategy.

The portfolio of unquoted investments which includes equity shares and preference shares is 50.27 per cent of the Company's Total Assets. Valuation of unquoted investments involves judgement depending on the observability of the inputs into the valuation and further judgement in determining the appropriate valuation methodology where external pricing sources are either not readily available or are unreliable. Refer Note no. 4 to the Financial Statements and Note no. 1.17(v) of the significant accounting policies.

Our audit procedures for this area included:

- We assessed appropriateness of the pricing methodologies with reference to Company's accounting and valuation policy;
- We have assessed the process and tested the operating effectiveness of the key controls, including the Company's review and approval of the estimates and assumptions used for the valuation including key authorization and data input controls;
- For quoted investments, recalculated the valuations of investments with independent pricing sources;
- For unquoted investments, we critically evaluated the valuation assessment and resulting conclusions in order to determine appropriateness of the valuations recorded with reference to the Company's valuation guidelines.

#### Investment Properties

The Company's investment properties consist of premises.

Total Investment properties of the Company represents 16.71 per cent of the Company's total assets.

Investment properties are valued at cost as per Ind AS 40 .Refer Note no. 1.05 of Significant Accounting Policies and Note no. 3 to the Financial Statements.

Our audit procedures for this area included:

- We have verified whether each of the properties are purchased to be held for capital appreciation or for earning rental income so as to classify it under investment properties.
- We assessed the method of verification and valuation of properties to ensure its reasonableness in the circumstances relating to each asset.

### Evaluation of uncertain Indirect Tax positions

<p>The company has pending litigation matters with various appellate authorities and at different forums</p> <p>The Company has material uncertain tax positions including matters under dispute which involve significant judgment to determine the possible outcome of these disputes..</p> <p>Refer Note 27.01 to the Financial Statements.</p>	<p>Our audit procedures for this area included:</p> <ul style="list-style-type: none"><li>• Obtained details of complete tax assessment and demands for the year ended March 31, 2019 from management.</li><li>• We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes.</li><li>• Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.</li><li>• Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2018 to evaluate whether any change was required to management's position on these uncertainties.</li></ul>

### Other Information

The Company's Board of Directors is responsible for the other information. Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures thereto, Corporate Governance and Shareholder's Information, but does not include the Ind AS financial statements and our auditor's report thereon. The other information as identified above is expected to be made available to us after the date of this auditors' report.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as identified above, if we conclude that there is a material misstatement therein, we are required to conclude the matter to those charged with governance.

### Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in Annexure "A" hereto a statement on the matters specified in paragraph 3 and 4 of the Order, to the extent applicable.

## Annexure – “B” to Auditors’ Report

### Report on Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Hardcastle and Waud Manufacturing Company Limited (“the Company”) as of 31st March, 2019 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

#### Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such control operated effectively in all material respects.

Our audit involved performing procedures to obtain audit evidence about adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind AS Financial Statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of inherent limitations of internal financial controls over financial reporting, including possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS

### 1. CORPORATE INFORMATION

Hardcastle And Waud Mfg Co Ltd is a Public limited company incorporated under the Companies Act 1913, having its registered office at Kalyan. Its shares are listed on BSE Limited. The company is engaged in Industrial Chemicals, Investment and Leasing activity.

### 1.A SIGNIFICANT ACCOUNTING POLICIES :

#### 1.01 Basis of accounting and preparation of financial statements

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act 2013 ("the Act") read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities which have been measured at fair value.

#### 1.02 Current & Non-current Classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in Schedule III to the Act.

#### 1.03 Use of Estimates

The estimates and judgments used in preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialized. The said estimates are based on facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

#### 1.04 Property, Plant and Equipment

Property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

##### Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using straight line method at useful lives specified in Schedule II of the Act, pro rata from date of acquisition.

#### 1.05 Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, carrying amount of the replaced part is derecognised.

##### Depreciation methods, estimated useful lives and residual value

Investment properties are depreciated using straight-line method so as to write off cost of the investment property less their residual values over their useful lives specified in Schedule II of the Act, pro rata from the respective date of acquisition.

#### 1.06 Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

#### 1.07 Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in Statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Borrowing costs attributable to acquisition or construction of a qualifying asset are capitalized as part of cost of that asset. Other borrowing costs are recognized as expense in the period in which these are incurred.

#### 1.08 Impairment of Assets

At each balance sheet date, management reviews the carrying amounts of assets included in each cash generating unit to determine whether there is any indication that the assets were impaired. If any such indication exists, recoverable amount of the asset is estimated in order to determine the extent of impairment. Recoverable amount is higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects current market assessment of time value of money and the risks specific to the asset. Reversal of impairment loss is recognized as income in the Statement of Profit and Loss.

#### 1.09 Inventories

Raw materials, finished goods, stores, components and other consumables are valued at cost or net realisable value whichever is lower.

#### 1.10 Foreign Currency Transactions

Income and expenses in foreign currencies are converted at exchange rates prevailing on the date of transaction. Foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the balance sheet date. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

#### 1.11 Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

The Company has adopted Ind AS 115 using the cumulative catch-up transition method. The adoption of the new standard did not have impact on the Company.

##### Sale of Goods

Revenue from sale of Goods is recognized when the control on the goods have been transferred to the customer. Sales are shown net of Tax, returns and trade discounts.

## NOTES ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS

### Rendering of services

Revenue from services is recognized over time by measuring progress towards satisfaction of performance obligation for the services rendered.

### 1.12 Employee Benefits

Short-term employee benefits based on actuarial valuation made at end of the year are recognised as expense at the undiscounted amount in the year in which the related service is rendered.

Post-employment employee benefits are recognised as expense in the year in which the employee has rendered services. The expense is recognised at present value of the amount payable determined using actuarial valuation techniques at end of the year. Actuarial gains and losses in respect of post employment benefits are charged to Statement of Profit and Loss. Re-measurement arising because of change in effect of asset ceiling is recognised in the period in which they occur directly in Other Comprehensive Income. Re-measurement is not reclassified to profit or loss in subsequent periods.

### 1.13 Taxation on Income

Tax on income for the current period is determined on the basis of taxable income and tax rates computed in accordance with the provisions of the Income Tax Act, 1961, and based on the expected outcome of assessments/appeals.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in computation of taxable profit and quantified using tax rates and laws enacted or substantively enacted as on the Balance Sheet date.

Deferred tax assets are generally recognized for all taxable temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets relating to unabsorbed depreciation / business losses / losses under the head "capital gains" are recognised and carried forward to the extent of available taxable temporary differences or where there is convincing other evidence that sufficient future taxable income will be available.

Measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

Transaction or event which is recognised outside profit or loss, either in other comprehensive income or in equity, is recorded along with the tax as applicable.

### 1.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

### 1.15 Segment Reporting

The Company's chief operating decision making (CODM), examines the Company's performance from business perspective and has identified three reportable business segments viz. Industrial Chemicals, Leasing and Investing. Segment disclosures are consistent with the information provided to CODM which primarily uses operating profit/loss of the respective segments to assess their performance. CODM also periodically receives information about segment revenues and assets. The Company has disclosed Business Segments as the primary segment. Segments have been identified taking into account nature of the products & services, the differing risks and returns, the organisation structure and internal reporting system.

Segment policies:

The Company prepares its segment information in conformity with accounting policies adopted for preparing and presenting the financial statements for the Company as a whole.

### 1.16 Earnings per share

Basic Earnings per share is calculated by dividing net profit or loss for the period attributable to equity shareholders by weighted average number of equity shares outstanding during the period.

For purpose of calculating diluted earnings per share, net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### 1.17 Financial instruments

#### Financial assets

#### (i) Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

#### (ii) Subsequent measurement

Financial assets are subsequently classified and measured at

- amortised cost,
- fair value through profit and loss (FVTPL), and
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

#### (iii) Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through expected life of a financial instrument.

#### (iv) Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing financial assets and (ii) contractual cash flow characteristics of the financial asset.

- (a) Measurement of amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. Amortisation of EIR and loss arising from impairment, if any, is recognised in the Statement of Profit and Loss.

## NOTES ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS

- (b) Measurement of fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any, are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'Other Income' in the Statement of Profit and Loss.
- (c) Measurement at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income, if any, recognised as 'Other Income' in the Statement of Profit and Loss.
- (v) Equity Instruments  
All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes election at FVOCI basis. Fair value changes excluding dividends, on equity instruments measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on investments in equity instruments are recognised as 'other income' in Statement of Profit and Loss.
- (vi) Derecognition  
The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.
- (vii) Impairment of Financial Asset  
Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall. The impairment losses and reversals are recognised in Statement of Profit and Loss.

### Financial Liabilities

- (i) Initial recognition and measurement  
Financial liabilities are recognised when the Company becomes a party to contractual provisions of an instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.
- (ii) Subsequent measurement  
Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.
- (iii) Derecognition  
A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

### 1.18 Provisions

A provision is recognised for a present obligation as a result of past event; if it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimated amount required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

### 1.19 Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

### 1.20 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### As a lessee

A lease is classified at the inception date as a finance lease or an operating lease. Leases of property, plant and equipment where the company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### As a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

### 1.21 Changes in Accounting Standards and other recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") has notified the following new amendments to Ind AS which the Company has not applied as they are effective from periods beginning on or after April 1, 2019.

## NOTES ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS

### Ind AS 116 – “Leases”

Ind AS 116 ‘Leases’ eliminates the classification of leases as either finance leases or operating leases. All leases with a term of more than twelve months, unless the underlying asset is of low value are required to be reported on an entity’s balance sheet as assets and liabilities.

### Amendment to Ind AS 12, Income taxes:

The amendment Ind AS 12, Income taxes clarifies that an entity shall recognize the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognized those past transactions or events.

The Company is currently evaluating the effect of this amendment on the financial statements.

### Appendix C, ‘Uncertainty over Income Tax Treatments’, to Ind AS 12, ‘Income Taxes’

According to the Appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit or loss, tax bases, unused tax losses, unused tax credits and tax rates. The Company is in the process of evaluating the impact of adoption of the above pronouncements on its financial statements.

The Fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables approximated their carrying value largely due to short term maturities of these instruments.

**2. Measurement of fair values**

The Company uses the following hierarchy for determining and disclosing fair values of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair values that are not based on observable market data.

**The following table shows the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.**

Type	Valuation technique
Preference Shares	Discounted cash flows: The valuation model considers the present value of expected receipt/payment discounted using appropriate discounting rates.
Unquoted Equity Investments	As the fair value in respect of unquoted equity investment in some unquoted investment investee Company could not be reliably estimated, the Company has valued such investment at net asset value as per the latest audited financial statements available

**3. Reconciliation of fair value measurement of financial assets classified as FVTOCI : (Level 3)**

**27.11 FINANCIAL RISK MANAGEMENT**

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk
- Market risk

**Risk management framework**

The Company's board of directors has overall responsibility for the Company's risk management, if any.

**(a) Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's Receivables from customers and investment securities.

**Trade Receivables**

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business. In respect of trade receivables, the Company is not exposed to any significant credit risk exposure to any single counter party or any group of counterparties having similar characteristics. Based on historical information about customer default rates management considers credit quality of trade receivables.

**(b) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet

## NOTES ANNEXED TO AND FORMING PART OF THE FINANCIAL STATEMENTS

its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has not obtained any fund and non-fund based working capital limits from banks.
