MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Kothari Industrial Corporation Limited is engaged in the core business of manufacturing and trading of Fertilizers and trading of Micro Nutrients including Straight Fertilizers. The key issues relating to this line of activity are discussed below:-

Indian Economy which is primarily dependent on agriculture besides industrial sector, records a substantial growth in the economy's performance. The growth of the agricultural sector is based on many factors including onset of the monsoon over the Indian Sub-continent. A good monsoon raises the hopes of the farmers and in turn the prospects of our business. We in turn continue to deliver fertilizers for increased output of the agricultural sector.

Our Company's products being branded ones enjoy a market especially in the southern states of India. The Company recorded a turn over of Rs.10576.02 lakhs against the previous year turn over of Rs.11162.32 lakhs, thereby registering a reduction of 5.25% during the year under review.

A team of Internal Auditors continue to visit all the branches of the Company on regular basis to ensure adherence to the established systems and procedures. The audit reports are reviewed by the Senior Management Committee at the head office and reviewed by the Audit Committee.

INDUSTRY OUTLOOK

Our country is experiencing a good monsoon due to copious rains received as a result of the onset of southwest monsoon. Most of the reservoirs have got filled up and the farmers expect a bountiful agricultural output. As a result, the consumption of fertilizer is also anticipated to reach a higher level when compared to the previous year. The demand for NPK Mixtures is also likely to pick up with the Government implementing the Nutrient Based Subsidy Scheme. As a result, all fertilizer companies are likely to get benefited since a level playing field has been created by the Government.

Your company is planning to improve its sales with better distribution facilities available and by leveraging the "Horse Brand".

The company is making arrangements to set up the granulation facility of Single Super Phosphate and NPK Mixtures in its unit at Ennore very shortly as the Government of India, has extended the validity of powdered Single Super Phosphate only till end April 2014.
