BUSINESS ACTIVITIES AND OPERATIONS:

The Company's operations resulted in a gross profit of Rs.313.98 lacs against Rs. 60.87 lacs in the previous year. After providing for depreciation of Rs.7.39 lacs (previous year Rs. 8.92 lacs) and making net provision for taxation of Rs.54.44 lacs, (previous year Rs. 14.23 lacs) the Company has earned a net profit of Rs.252.15 lacs as against net profit of Rs. 37.72 lacs in the previous year.

The last financial year has been a difficult one for our equity markets. The markets started to correct in January of 2011 and we saw a slide through the year till December. Although we witnessed a brief rally in January/February 2012, we have once again seen the resumption of the down trend. Mutual funds continue to witness redemption pressures, which has translated to a drop in overall volumes.

The main concern this year has been the sharp and sudden depreciation in the Indian Rupee. While part of this could be due to the problems in Europe, the main concern remains our own policy paralysis. The government needs to act swiftly and thus tough decisions need to be taken to avoid an economic catastrophe. We have a serious ballooning fiscal deficit and very high Inflation. Corporate India has seen a sharp drop in profits due to rising input costs and in addition, the currency loss is hurting companies that have borrowed funds overseas.

We expect the rest of the year to be challenging and we could face a bumpy road ahead. The sovereign debt crisis in the euro zone only appears to be getting deeper and it would take a while for them to solve the same. As far as India is concerned, the risk of early elections remain which would be an overhang for the markets. Although we expect a tough road ahead, we remain dedicated and committed to all our shareholders. We will continue with our sincere efforts to improve our performance going forward.

DIVIDEND:

Your Directors recommend a Dividend of 10% (previous year 5%) for the year ended March 31, 2012. The dividend will absorb Rs. 2,931,125/- tax free in the hands of shareholders. If approved, such dividend will be paid to those shareholders, whose names appear in the Register of Members as on September 27, 2012.

DIRECTORS:

In accordance with the Articles of Association of the Company Mr. Monish Shewakramani and Mrs. Roshan Advani Patheria retire by rotation and being eligible for re-appointment and have indicated their willingness to serve, if re-appointed.

NOTES OF ACCOUNT

Note 1. Significant Accounting Policies:

1. Basis of preparation of financial statements:

- a. The financial statements of the Company have been prepared in accordance with the generally accepted Accounting Principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2006, (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis and under historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous years, except for the change in accounting policy explained below.
- b. During the year ended 31st March 2012, the Revised Schedule VI notified under the Companies Act 1956, has become applicable to the Company, for preparation and presentation of its financial statements. The adoption of revised Schedule VI does not impact recognition and measurement principles of financial statements. However, it has significant impact on presentation and disclosures made in the financial statements. The Company has also reclassified the previous year figures in accordance with the requirements applicable in the current year.

2. Use of Estimates:

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of Contingent Liabilities, at the end of the reporting period. Although these estimates are based on the Management's best knowledge of current events and actions, uncertainty about these assumptions, and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

3. Revenue Recognition:

Brokerage on equities/derivative transactions are accounted on trade date basis. Interest on Fixed deposits with banks and other services income are accounted on accrual basis where as dividend income and brokerage on mutual fund and IPO syndication are accounted on receipt basis.

4. Fixed Assets & Depreciation:

Fixed Assets are stated at their original cost less accumulated depreciation till date. Depreciation is being charged on written down value basis at the rates and in the manner specified in Schedule XIV of the Companies Act, 1956. Assets costing individually Rs.5,000 or less are fully depreciated in the year of purchase.

5. Intangible Assets:

6. Impairment of Assets:

The carrying amount of assets are reviewed at each Balance Sheet date, if there is any indication of impairment based on internal or external factors. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

7. Investments:

Securities acquired with the intention of holding them for long term are classified as long-term investments. Long-term investments are recorded at the cost of acquisition. Provision is made for diminution in value other than temporary. Current investments are valued at lower of cost or market value.

Provision for leave encashment has been made on actual basis for accumulated leave balance of the employees as at year end.

10. Borrowing Costs:

Borrowing costs which are directly attributable to the acquisition/ construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recognized as an expense in the year in which they are incurred.

11. Foreign Currency Transactions:

Transactions in foreign currencies are recorded at the exchange rate prevailing at the time of occurrence of the transactions.

Monetary items denominated in foreign currency remaining unsettled at the end of the year are translated at the buying rates as at the last day of the year.

Any gains or losses on account of exchange difference either on settlement or translation are recognized in Profit and Loss Account except in case where it relates to the acquisition of fixed assets from a country outside India in which case it is adjusted to the carrying cost of such asset.

12. Taxes on Income:

Current tax is determined as the amount of tax payable in respect of taxable income for the period computed in accordance with the relevant tax regulation. Deferred tax assets and liabilities are recognized for the expected future tax consequences attributable to the differences between accounting income and taxable income for a period that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized and carried forward only if there is a reasonable/ virtual certainty of realization.

13. Derivatives:

In respect of futures contracts, the difference between the contract price and the settlement / square off price is accounted as profit/loss on trading. Provision is made in cases where the difference between the contract price and the market price on the date of the Balance Sheet is a loss.
