2. Dividend

Due to losses incurred during the year by the Company, the Board regrets its inability to recommend any dividend to strengthen the financial resources of the Company.

3. Operations and Future Prospects

During the year under review, the Management are looking forward for better business avenues and hence, have not carried on any trading activities. Hence, it has suffered losses due to statutory compliance expenses & administrative expenses incurred by the Company. The net loss suffered by the Company is of Rs. 15,22,282/-.

The 61,42,847 equity Shares of Rs. 10/- each were issued as part consideration other than cash to Primus Retail Pvt. Ltd. pursuant to Business Transfer Agreement (BTA) dated 04/02/2011 for transfer of its Brand & Business.

However, Karnataka High Court has declined Primus Retail Pvt. Ltd. to transfer the Brand & Business. Hence, due to non performance by Primus Retail Pvt. Ltd. of their obligation, BTA Agreement stands cancelled. Therefore, equity shares issued in lieu of BTA stands null and void by the Board of Directors and consequently the said shares has been revoked / forfeited (to be reissued) by the Company pending statutory approvals from the appropriate authorities.

Further the face values of such shares of Rs. 10/- are accounted as Forfeited Shares (to be reissued) through Scheme of arrangement under the Companies Act, in due course for further re-allotment.

In view of the above, the securities premium charged to 61,42,847 equity shares at the time of allotment has been reversed from the premium account to give effect of such forfeited equity shares by the Board for fair presentation of the financial statements.

The 61,42,847 Equity Shares considered as forfeited by the Company are yet to be repossessed from the Primus Retail Pvt. Ltd. and are to be allotted / reissued as per requisite statutory approvals from the authorities and Stock Exchange for trade purposes. Therefore, the effective capital of the company is reduced to Rs. 2,55,26,400.

The Company had paid Rs. 12 Crores to Primus Retail (P) Ltd. pursuant to the BTA and Shares were issued for consideration other than cash prior to transfer of Brand & Business assets. However, the Primus Retail Pvt. Ltd. could not honour the Agreement due to Court order. Therefore, amount of Rs. 12 Crores paid for the contract stands recoverable which is treated as Advance to be recovered in cash or kind and the shares are revoked & forfeited.

Primus Retail Pvt. Ltd. has been declared to be liquidated, hence, the advance of Rs. 12 Crores has become doubtful in nature and Equity shares are revoked & forfeited. No provision of doubtful advances is made in the books of accounts since Management is putting efforts for recovery or settlement with the concerned people on account of liquidation of Primus Retail Pvt. Ltd.

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF
MADHUSUDAN SECURITIES LIMITED****Independent Auditors Report on Internal Financial Control over Financial Reporting****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **MADHUSUDAN SECURITIES LTD** ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control

over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The reconciliation of effects of the transition from Indian GAAP on the equity as at 1st April 2016 and 31st March 2017 and on the net profit and cash flows for the year ended 31st March 2018 is disclosed in notes to these financial statements.

1.2. Going concern

These financials are prepared on going concern basis on following basis:

- i) Company has incurred loss during the year and in the preceding previous year;
- ii) The Management is looking forward for better business avenues.

1.3. Functional and presentation of currency

The financial statements are prepared in Indian Rupees which is also the Company’s functional currency. All amounts are rounded to the nearest rupees.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

1.5. Use of significant accounting estimates, judgement and assumptions

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires management to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosure of contingent liabilities as on the date of financial statements and reported amounts of income and expenses for the periods presented. The estimates used in the preparation of the financial statements are prudent and reasonable. Difference between the actual results and estimates are recognised in the period in which the results are known/ materialized.

C. Significant Accounting Policies

1.6. Presentation and disclosure of financial statement

All assets and liabilities have been classified as current and non-current as per Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013 for a company whose financial statements are made in compliance with the Companies (India Accounting Standards) Rules, 2015.

Based on the nature of products / services and time between acquisition of assets for processing / rendering of services and their realization in cash and cash equivalents, operating cycle is less than 12 months, however for the purpose of current/ non-current classification of assets and liabilities, period of 12 months have been considered as its normal operating cycle.

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

1.7. Property, Plant and Equipment and Depreciation

Recognition and measurement

Under the previous GAAP, property, plant and equipment were carried at historical cost less depreciation and impairment losses, if any. On transition to Ind AS, the Company has availed the optional exemption under Ind AS 101 and accordingly it has used the carrying value as at the date of transition i.e. 1st April 2016 as the deemed cost of the property, plant & equipment under Ind AS.

Properties plant and equipment are stated at their cost of acquisition. Cost of an item of property, plant and equipment includes purchase price including non-refundable taxes and duties, borrowing cost directly attributable to the qualifying asset, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Capital work-in-progress comprises of cost incurred on property, plant and equipment under construction / acquisition that are not yet ready for their intended use at the Balance Sheet Date.

Depreciation and useful lives

Depreciation on the property, plant and equipment (other than freehold land and capital work in progress) is provided on a straight-line method (SLM) over their useful lives which is in consonance of useful life mentioned in Schedule II to the Companies Act, 2013. Depreciation in respect of fixed assets put to use during the year is provided on a pro-rata basis with reference to the date of installation of assets.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is de-recognised.

1.8. Inventories

Raw Material, packing material, stock in trade, work in progress and finished goods are valued at lower of cost and net realizable value as per Ind AS - 2.

Costs of finished goods, and work in progress are determined by taking material cost (net of Cenvat) and relevant appropriate overheads, but excluding borrowing costs.

1.9. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and discounts given to the customers. The Company has applied the guidelines mentioned in Ind AS 18 for Revenue Recognition.

Interest income is recognized on a time proportionate basis taking into account the amount outstanding and the rate as applicable.

Dividend is recognized on actual receipt basis.

1.10. Employee benefits

The Provisions of Provident Fund Act, 1952 and the payment of Gratuity Act, 1972 are not applicable to the Company at present as the number of employees does not exceed the permissible limit.

1.11. Taxes on income

Provision for current tax is made after taking into consideration benefits admissible under the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

1.12. Investments in equity instruments at FVTOCI

The quoted and unquoted Equity investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and

accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

There are no equity investments which are held for trading.

1.13. Cash and cash equivalent

Cash and cash equivalents include cash in hand, bank balances, deposits with banks (other than on lien) and all short term and highly liquid investments that are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

For the purpose of cash flow statement, cash and cash equivalent as calculated above also includes outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

1.14. Cash flow statement

Cash flows are reported using the indirect method, where by net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

1.15. Provisions, contingent liabilities, contingent assets

A provision is recognised when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognize a contingent asset but discloses its existence in the financial statements if the inflow of economic benefits is probable. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

1.16. Earnings per share

Basic & Diluted earnings per share are computed using the net profit for the year attributable to the shareholders' and weighted average number of shares outstanding during the year..

1.17. Financial instruments
